GERMAN PLANES MAKE AIR RAID ON LONDON

FRENCH AIRMEN MAKE AN EXTENSIVE SERIES OF AIR RAIDS ON GERMAN TOWNS

ANOTHER GERMAN AIR RAID OVER THE CITY OF LONDON

TWENTY HUN PLANES APPEAR OVER LONDON ON SATURDAY MORNING AND DROP BOMBS—THIRTY-SEVEN KILLED AND ONE HUNDRED AND FORTY-ONE INJURED—FOUR ENEMY MACHINES DOWN

(Special to The Daily News.)
London, July 9.—The greatest number of German aeroplanes, which ever yet has attacked London, appeared over the city on Saturday morning at 9:30 a. m. The attacking squadron flew very low, at about one thousand feet over the houses, and held their bombs until they were over the heart of the city. The anti-aircraft guns immediately got into action, and the British machines immediately rose to the attack. The enemy squadron did not lose any time after dropping their

bombs, but made straight off for home, closely pursued by the British machines. Four of the enemy machines were brought down by the British airmen. Considerable damage was done to the central part of the city, and thirty-seven people were killed and one hundred and forty-one were injured. This is a smaller number of casualties than on the previous raid, on account of the people taking shelter immediately the first Hun machine was sighted and the gunfire was heard.

THESE RUMORS RE COALITION

Ottawa, June 29.—All last week coalition rumors filled the air. They were received in various moods by the persons chiefly concerned. The great opposition to the movement came from the ranks of the Conservatives themselves.

A coalition, of course, lets a certain number of Cabinet ministers out and it is conceivable that they were not warm toward the project. For instance the Hon. Bob Rogers could hardly be expected to take it lying down. The Minister of Elections couldn't see anything in a coalition for him. More than that he couldn't see himself in any coalition that would be acceptable to the Liberal party. So his powerful influence was against it.

Coalition, by the way, is another of Premier Borden's well kept secrets. It is common talk now that he hid selective conscription in his bosom until he got home—didn't even confide it to Messrs. Rogers and Hazen on the boat coming over—and then sprang it on a flabbergasted public without an hour's notice. It was real news to his colleagues when they heard it fall from his lips at the end of a speech on the Imperial Conference in which he dittoed everything that Sir Wilfrid had said years ago.

Similarly he kept coalition to himself. He did not tell, as Foxy Quiller would say, his humble but inferior associates where the axe was going to fall and this naturally drew those who expected to get it in the neck into an alliance of self-preservation which had its influence on events.

In fact Premier Borden's attitude toward his shuddering colleagues and his shuddering colleagues' attitude toward Premier Borden remind one of the old fable of the farmer and the chickens. Having decided to slay a few of them he called them together in the backyard and asked "Which of you wants to be killed?" "None of us want to be killed."

replied one firm old Plymouth Rock, who acted as spokesman.

"You wander from the point," said the farmer.

That was what Premier Borden's threatened colleagues kept doing. They kept wandering from the point of danger. The wandered so often and so vigorously that it had a decided effect on Premier Borden's plastic purpose.

It is said that Premier Borden has strange ideas about a coalition. One idea is that the leader of the Opposition should have little choice in the matter beyond assenting to the Liberal members Premier Borden selects as acceptable material for his cabinet. Another idea is that the Liberals chosen should be as near like Tories as possible. And still another idea is that a coalition, instead of being fifty-fifty, should be more like sixty-forty. These are naturally hard ideas to get over.

Another element in the Conservative ranks which was hostile to coalition was that dark force Henri Bourassa. Bourassa's paper Devoir could not live six months without government pap. It is inconceivable that a coalition government would go on handing out nourishment to this seditious spreader. The present situation suits Bourassa and Lavergne only too well. They thrive on the agitation which a party manoeuvre—such as selective conscription—creates in Quebec. They preach Quebec for Quebec and not Quebec for Canada and Canada for Quebec, so that any movement which tends to line Quebec up

WESTHOLME THEATRE

At the Westholme Theatre tonight there will be shown a photo comedy-drama of great interest. It is entitled "A Girl Like That." But to find out just what that that the title carries really means, it will be necessary to see the play. It is a good one and well worth seeing. A girl like "that" is always worth looking at, even twice. A comedy-drama of this nature always appeals to the greatest number, and the stars tonight, Irene Fenwick and Owen Moore, are of the first class. A Topical Budget will also be shown displaying views of the most recent events.

A sale of home-cooking will be held next Wednesday, July 11th, at Mr. Hannan's store near the boarding house at Seal Cove. Mrs. J. M. Brown and Mrs. T. H. Johnson will be in charge. Any gifts of home cooking or articles to raffle will be welcomed. Proceeds in aid of the French Red Cross.

AMENDMENT TO COMPULSORY SERVICE BILL

Youthful Married Men to be Called in the First Classes, As Youth is Necessary to Efficiency.

(Special to The Daily News.)
Ottawa, July 9.—Youthful married men will be called in the first classes of conscripts, if an amendment to the Military Service Bill goes through. This amendment makes all young married men subject to the call before the older single men. The grounds for this amendment are that youth is necessary to efficient soldiers; it is expected that sufficient recruits will be obtained from the first two classes to make up the number required. The proposed amendment is opposed by Pardee.

RETALIATION

(Special to The Daily News.)
Washington, July 9.—Retaliation on Germany is being considered by the Allies. Steps may be taken to mete out punishment on the Huns for the barbarous treatment of the Belgian captives. **Bone Dry.**

The Senate has adopted the Bone Dry Clause. The United States Government will now take over all spirits in bonded warehouses. The beer and wine industries are undisturbed.

Fishing boat arrivals were light this morning. The Bring Gold is in with 3,000 lbs. halibut; Mayflower, 9,000; Agnes B., 8,000; Minnie V., 4,000. The price realized was around 14 1/2 cents.

The raffle for J. N. McPhee's ranch on the Naas river, arranged for Tuesday night at the Auditorium, has to be postponed for a week.

FOLKSTONE CHILDREN PAY TRIBUTE TO CANADA'S DEAD

About one hundred Canadian soldiers now lie in the military burial ground at Shorncliffe camp. A simple and touching ceremony took place when several hundred school children of Folkstone, Hythe and Sandgate assembled to place flowers on the graves. Many private individuals and public bodies sent wreaths.

CHINESE EMPEROR ABDICATES AGAIN

(Special to The Daily News.)
London, July 9.—The boy Emperor Hsun Tung, son of Prince Chun, for the second time has abdicated the throne of China.

Those who purchased a "Rose of Sharon" recently and who have been disappointed because it did not bloom may take comfort in a recent report from Vancouver which stated that a man had been in the police court there charged with selling flowers on false pretences. By the way, did yours bloom?

State age and experience in each case, and enclose letter from last Inspector. W. D. VANCE, Secretary, Box 1556, Prince Rupert.

THIRTY-MILE BATTLE FRONT IN GALICIA

The Russians are Pushing Their Offensive on With Great Force—Much Activity in Air on West.

(Special to The Daily News.)
Petrograd, July 9.—A battle is raging with great force on a front extending to thirty miles in Galicia. General Brusiloff is forcing the pace, and is driving his way towards Lemberg.

British Front.

London, July 9.—After a heavy bombardment, the enemy attempted a raid on our trenches to the east of Loos, which was repulsed with loss. There was much aerial fighting yesterday, chiefly on the front between Lens and Ypres. Eight hostile machines were brought down and five were driven away. Five of our machines are missing.

French Front.

Paris, July 9.—Our artillery was particularly active in the Cerny Aillers region, Hill 304, L'Homme Mort, and south of Moronvilliers near the Rhone-Rhin Canal and Carpach wood. Yesterday in the course of bombarding an aeroplane attack in the Nancy region, several bombs fell on a hospital, killing three persons.

Berlin Report.

Berlin, July 9.—Increased activity of artillery has been noticed on the Franco-Belgian front in Arlois and Champagne sectors. Attacks have been made by the Russians in East Galicia as far north as the Zlochhoff tar-nopol railway between Batkow and Zwyzyn, and at Brzezyn and in the Stanislaw region.

Women's Battalion.

Petrograd, July 9.—Under the command of Mademoiselle Vera Butchareff, the women's battalion fully armed and equipped for war as infantry, left today for the front.

Greece at War.

London, July 9.—Turkey is now at war with Greece. The Turkish Government has deported all Greeks and confiscated their property.

FRENCH MAKE REPRISALS ON GERMANY

Eighty-four French Aeroplanes Raid Far Into Interior of Germany—Cause Great Destruction.

(Special to The Daily News.)
Paris, July 9.—On the night of July 6, eighty-four of our machines took the air, on an excursion over the enemy's lines and into Germany, on a series of raids. Several of these raids had as their object towns situated very far into the interior of the enemy territory and were in reprisal for the bombardments against our open towns. Eleven of our aeroplanes flew over Treves and showered on that town 2,650 kilos of bombs. Seven fires broke out, one being of great violence in the central station. Six other machines bombarded Ludwigs-hafen, doing considerable damage. Among other important buildings, Badische Aniline was devoured by flames.

Another of our aeroplanes pushed as far as Essen and dropped projectiles on the buildings of the Krupp factory. Military installations in the environs of Coblenz, Hirson Station, the railroad west of Pfalzburg, and Thionville were likewise bombarded. Another series of operations over the enemy lines gave excellent results. Fire was seen to have broken out at the station at Dund sur Meuse. The municipal depot exploded at Bantheville. The railroad station at Machault and establishments at Cauroy were also burned. 30,455 kilos of explosives were used. Two of our aeroplanes have not returned.

HAZELTON MINING NOTES

Things are looking brighter at the Rocher de Boule mine now than they have for a long time. It looks now very promising for the fond hopes of the company and of all interested in the district being realized.

Last week we reported that the company had started to drift in the long tunnel on a couple of stringers that appeared at about the point Supt. Williams had estimated the vein would be cut. A few rounds of holes demonstrated that there was very much more ore than the stringers contained and each day the vein is looking better. Next week it is hoped that sufficient progress will have been made to prove beyond a doubt the existence of the vein with the same high grade contents at the depth of 1200 feet.

While to the layman the tunnel on the lower level did not appear to offer much encouragement the superintendent never lost faith in the property, but kept going ahead as if driving on ore.

M. J. Sutherland came up from the Golden Wonder group the first of the week with samples to be assayed. The Golden Wonder consists of three claims on the Rocher de Boule mountain, situated between the Comeau property and Tramville. The surface (Continued on Page four.)

MONARCHY OR REPUBLIC

The restoration of the Manchu dynasty is not going to be permitted to pass unchallenged in China. Already the armies of the populous southern provinces are converging upon Peking. They are prepared and organized for the coming fray. A reversion to the rule of reaction involved in the reestablishment of the emperor will not be tolerated by them. It is important to note that the leaders in the southern provinces of China, which are by far the richest, and the most populous, are young men who have received and assimilated a Western education. They have been educated in European and American universities, and instructed in the forms of Occidental government. Doubtless they will finally be successful. Modern methods, ability and knowledge of the West hand in hand with the wisdom of the East will count for success in China as everywhere else.

Yuan Shi Kai, the first president of the republic, established by Dr. Sun Yat Sen, just a little before his departure from this world, aspired to the throne himself. He publicly had it announced that he was going to ascend onto the Imperial Throne, and from President of the Republic of China, he intended only changing his name to that of Emperor. But the call from the beyond, from his ancestors, came before this consummation. Some of his erstwhile republican friends are said to have brought the message to him.

The first edict of the new Emperor is frankly reactionary. Such modern innovations as representative government, and the criminal and the civil codes are to be abolished. Queues are to be legalized, which, from a Chinese point of view, means that they are to become compulsory. All China is to revert back to its original state of exclusiveness. But the younger and more educated generation of the southern provinces will not have it so. Their armies to the number of fifty thousand are marching on Peking, just to see how much truth there is in this edict, and whether the Emperor has suf-

ficient force behind him to enforce his edict. The latest dispatch stated that he had only three thousand soldiers to oppose the fifty thousand from the south, so at that rate, it would seem as if the republican form of government would come back. But China is a land of surprises to the Westerner.

This sudden interruption of the republic is only one incident in the age-long struggle between the forces of democratic progress and those of reaction which in varying forms is going on all over the world.

The sudden change in recent years from an age-long form of government extending back thousands and thousands of years, to that of a full-blown republic must have caused a jar and a disorganization throughout the Empire. No nation unaccustomed to a representative form of government can enter all at once into the full enjoyment of its privileges. The democratic republicanism of France and the United States is the outcome of hundreds of years of political education, but in spite of the lack of this, real and substantial progress was being made in China.

If the other powers will keep outside and let the Chinese settle their affairs for themselves, the situation will become stable all the sooner.

NOTES AND COMMENTS

A German dispatch to Amsterdam says that the authorities at Berlin are convinced that there is no truth in the reports of the landing of large forces of United States troops in France. "Seeing is believing," is an old saying, and it is safe to say that the Germans will see them soon enough to convince them that there is no doubt about it. The German people must not be allowed to learn of this great accession of strength to the Entente nations' armies. They must not be allowed to become discouraged too much. They are hungry enough as it is.

In the greatest offensive put on since the abortive attack on Verdun more than a year ago, the Germans have once more been thrown back. This attack was in-

the Champagne country in the Chemin des Dames. The same watchword had the French on this occasion as at Verdun. "They shall not pass." Neither did they pass and the ground from which they retreated was "thickly strewn with dead." The Hun has found that "The Ladies' Walk" is evidently no place for him.

MINERAL ACT

NOTICE TO DELINQUENT PARTNER

To C. W. Calhoun:
Take notice, whereas I have done and caused to be done assessment work on the Midnight Fraction mineral claim, situated on the Illiance river, about fourteen miles from the head of Alice Arm, in the Skeena mining division of Skeena district, assessment work for 1914, 1915, and 1916, and have paid for said work and recording same the sum of \$307.50. Unless you pay me the sum of \$102.50, for your share of the said assessment work, together with the cost of this advertisement, I shall, at the expiration of ninety (90) days from the date hereof apply to the mining recorder at Prince Rupert, B. C., to have your interests in the Midnight Fraction mineral claim vested in me, in pursuance of the provisions of the mineral act.

BEFORE THE BOARD OF INVESTIGATION

In the Matter of all Streams in the Hazelton and Fort Fraser Water Districts.
A MEETING of the Board of Investigation will be held at the Court-house at Hazelton on Monday, the 23rd day of July, 1917, at 10 o'clock in the forenoon.

In the Matter of all Streams in the Prince Rupert Water District.
A meeting of the Board of Investigation will be held at the Court-house at Prince Rupert on Wednesday, the 25th day of July, 1917, at 10 o'clock in the forenoon.

At these meetings all statements of claim to water privileges under Acts passed before the 12th day of March, 1909, on any of these streams, all objections thereto, and the plans prepared for the use of the said Board, will then be open for inspection.

All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit. Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.

The Board at the said meetings will hear the claimants, will determine the quantity of water which may be used under each record and the further works which are necessary for such use, and will set dates for the filing of plans of such works and for the commencement and completion of such works.

And whereas there may be persons who, before the 12th day of March, 1909, were holders of water records on the said streams and yet have not filed statements of their claims with the Board of Investigation, such persons are required to file, on or before the 15th day of July, 1917, a statement, as required by section 294 of the "Water Act, 1914." The forms (No. 50 for irrigation and No. 54 for other purposes) may be obtained from any Government Agent in the Province.

The claims of riparian proprietors who have filed, as required by section 6 of the "Water Act, 1914," statements of claim to waters of any of the said streams will be heard at the same times and places.

Dated at Victoria, B. C., this 7th day of June, 1917.

WATER NOTICE

USE AND STORAGE

TAKE NOTICE that Magnus P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 20 cubic feet per second and to store 600 acre-feet of water out of Clearwater Creek which flows southwesterly and drains into the Kitsuult River about 27 miles from the head of the Inlet of Alice Arm.

The storage-dam will be located at the westerly outlet of Clearwater Lake. The capacity of the reservoir to be created is about 600 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at a point about at the dam, and will be used for power for mining purposes upon the mine described as the Matilda, Fox, Monarch and other mineral claims, located on Kitsuult Mountain.

This notice was posted on the ground on the 16th day of May, 1917.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the water recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

M. P. OLSEN, Applicant.

The date of the first publication of this notice is June 2nd, 1917.

THESE RUMORS RE COALITION

(Continued from Page One.)

against the rest of Canada finds a welcome from this precious pair. It helps them in their struggle to wrest Quebec from Sir Wilfrid Laurier, who has been a life-long champion of union and harmony.

Naturally Bourassa and Lavergne are opposed to any arrangement that would cut off their supplies or stop their mouths. They were quick enough to start demonstrating, may, indeed, have done so on orders from Ottawa, but they would have demonstrated anyway. It is their bread and butter. As matters stand they are at liberty to do and say what they please. The Government which now seeks to put selective conscription into force is the same crowd that went to bed with Bourassa and Lavergne in 1911, and this is what comes of it.

The Borden Government is, at this moment spending something over a million dollars a day and naturally the people who handle the patronage of this vast sum are unwilling to surrender their prerogatives to a coalition government which would handle all this money on a strictly non-partisan basis. The patronage dispensers naturally set up a great howl, as did also the various powers bequeathed the throne, the kings in the wings, so to speak—the Bacon, Egg, Meat, Sugar, Wheat and other Kings—who don't want the Borden Government to disappear before they have looted the last dollar out of the crisis. Rumor has it that they soon showed the Premier how little a premier is his own man when he has no backbone.

Another section of the Conservative party was actuated by a sense of shame. "What right," they asked, "have we to invite the Liberals into a coalition now at the rag end of the hunt? Why didn't we do it at the start and share the responsibilities together? It's sheer nerve, now that we're away in the hole, to ask them to jump in with us." And there may be something in that.

A point which has not escaped observers is that at all the anti-conscription meetings banners have appeared having the legend, "We want cheaper food." If the government wants a hint as to the proper policy these banners proclaim it aloud. The sentiment is placarded everywhere so that he who runs may read—food first, men afterwards. The government has got off with the wrong foot.

The feeling against conscription is not confined to Quebec. It is to be found everywhere through Canada. It is strongest among the labor organizations, on which it would bear hardest. It is not so much a feeling against conscription as a feeling of anger and resentment against a government that has the nerve to commandeer life without first commandeering the means of living. So far the food proposals of the government are a pure farce. Such of them as have been printed help the consumer not a jot and hurt the food manipulator not a tittle. Indeed with one cold storage king, and him the greatest of all—in their very midst, one understands how his tribe is the last the Borden Government wants to hurt.

The workingman simply will not march away to war and leave his loved ones behind to be looted by the food pirates. To sweeten the country toward conscription, the food problem should have been settled first.

Meanwhile Mr. J. W. Flavelle by his various activities in feeding the army is said to be netting a million dollars every two weeks.

If the war goes on long enough he will be in the Rockefeller class. —H. F. Gadsby.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
2 cups flour	2 cups flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 eggs	1 egg
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

Are You an Asset to Canada— or are You a Liability?

ARE you helping to win the War? Or could Canada put up a better fight without you?

Are you working—saving—paying—to back up the men at the front? Or are you loafing—wasting—spending on selfish indulgences the money that should be loaned to the Nation?

Man-power is at a premium! The time and strength of every man in Canada should be devoted whole-heartedly to really useful work—work that will help, directly or indirectly, in the Struggle.

Food is short the world over! Every housewife in Canada should devote herself earnestly to the problem of conserving it—of feeding our people well, yet economically and without waste.

Everyone should save—and lend the savings to the nation!

Canada needs every dollar you can invest in War Savings Certificates, and for every \$21.50 you loan now, she will repay you \$25.00 at the end of three years—or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, which may be purchased at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.

LAND REGISTRY ACT

(Sections 36 and 134.) Re Application No. 91,111, Filing 5,814. TAKE NOTICE that application has been made to register John Bergman, of Prince Rupert, B. C., as owner in fee under a Tax Sale deed from the collector of the City of Prince Rupert, bearing date the 10th day of September, 1915, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, more particularly known as Lot Ten (10), Block Five (5), Section Seven (7), Map 922.

You are required to contest the claim of the tax purchaser within thirty-five days from the date of the service of this notice (which may be effected by Registered Mail or as Directed, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the abovementioned lands, in the name of John Bergman: AND WHEREAS on investigating the title it appears that prior to the 9th day of September, 1914, (the date on which the said lands were sold for overdue taxes) you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John Bergman unless you take and prosecute the proper proceedings to establish your claim, if any to the said lands, or to prevent such proposed action on my part.

THE CADETS IN CAMP

The members of the Cadet Corps in camp at Terrace are having a great time. They are encamped on the public park there, which is proving to be a most suitable place for such a purpose. They have two large tents in use, one for a sleeping apartment and the other is being utilized as kitchen and general storehouse.

The good people of Terrace have been doing everything in their power to make the boys comfortable and happy, while on their holiday and then, it is strawberry time. Strawberry time in the country and boys in their teens will bring back recollections to most of the grownups of what happened years ago. It is a safe thing to say that the same affection of boys for berries exists today. The boys at Terrace will not be annoyed at the sight of sundry square boxes behind a plate-glass window. Their's is the better way. They can get all they can eat for the picking.

The routine for the day in camp is made up as follows:—

- 7 a.m. Reveille. 7:30 a.m. Drill. 8:15 a.m. Breakfast. 9:30 a.m. Parade. Free till noon. 12:30 p.m. Dinner. 6:00 p.m. Supper. 9:00 p.m. Parade: roll call. 9:30 p.m. Last post. 10:00 p.m. Lights out.

IN THE MATTER OF AN APPLICATION for the issue of a fresh certificate of title for Lots One (1) and Two (2), Block Eleven (11), Section One (1), City of Prince Rupert, Map 922.

NOTICE IS HEREBY GIVEN that it is my intention to issue after the expiration of one month from the first publication hereof, a fresh Certificate of Title for the above mentioned lots in the name of the Atlantic Realty and Improvement Company Limited, which Certificate of Title was issued on the 20th October, 1916, on application received the 20th October, 1916, and is numbered 264-L.

MINING NOTES

(Continued From Page One.)

showing is a big iron capping. A shaft has been sunk sixteen feet. At nine feet ore came in and now there are three feet of solid ore. Within that three feet are 18 inches of high grade which assayed 18 per cent. copper.

Mr. Sutherland expressed the utmost confidence in the property and believes that in a short time sufficient ore will be taken out to pay for all the development. In other words it looks like a self-supporting mine from the start.

The Golden Wonder is almost adjoining the tram line and is the closest property to the railway. The development will be by shaft and it will be successful if the ore retains its present high values.

During the past week or so a few men have been working on the surface on the Delta which lies between the Roche de Boule and the Highland Boy. The vein was located and stripped and a number of open cuts show the presence of good ore. The vein is from two to five feet wide.

From the new surface developments Supt. Clement is satisfied that the cross-cut tunnel will encounter ore at the point the vein will be cut or within a few feet. The lack of a wagon road of course is retarding operations, but a road gang has been started and another month should complete it and enable the Delta Co. to resume operations.

F. G. Stevens, of Toronto, representing financial and mining interests, accompanied by B. R. Jones, arrived here last week to examine a number of the mining properties which have had more or less development work done. Among the mines examined thus far are the Fiddler Creek Gold Co. mine at Dorreen, the several properties in the Silver Cup basin on Nine Mile mountain and the Silver Standard. When Mr. Stevens returns east Mr. Jones will accompany him.

Supt. Geo. Jennings of the Daly West, reports that since starting up this season better progress has been made and only a few feet are yet to be driven to get under the shoot of ore shown in the upper tunnel. The face of the lower tunnel is showing ore now and indications are very favorable to getting a good bunch of ore within the next few feet.—Omineca Herald.

Miss Du Vernet was a passenger on the train this morning. She is going to Edmonton.

Miss J. A. Davidson, who has been visiting the Rev. and Mrs. H. R. Grant, left for Edmonton this morning. She will then proceed to Winnipeg, before her return.
