GERMANS COUNTER ATTACK UNSUCCESSFULLY THROUGH MUD OF FLANDERS

FLANDERS MUD RETAINS THE ALLIED DRIVE

of Artillery Forward to
Advanced Line Found to
be Impossible—Mud
is Bottomless.

(Special to The Daily News.)
London, August 3.—The re-
sumption of the Allied drive in
Flanders is waiting on a hot sun
today. The movement of masses
of men in the bottomless mud is
impossible. The transfer of ar-
tillery which had commenced,
nearer to the advanced line for a
future barrage fire could not be
accomplished over the sticky
ooze. While some of the mud
caused by nearly thirty-six hours'
rain dries up, the drive is ap-
parently halted.

German Attacks.
In the meantime, however, the
Germans are withstanding fierce
attacks, which are being
launched by the Germans regard-
less of the morass of No Mans
Land. The attacking forces can
move slowly through the
mud and terrific casualties have
been suffered through their heavy
movements through the open. The
preparations taken by the British in
Flanders are a sorry lot. Many
of them are only boys, who cannot
withstand the rigors of the
fight on the front line. Few have
any hope that Germany will win
the war. One officer has expressed
his opinion that Germany's
collapse is near.

French Front.
August 3.—The weather
conditions bad in Belgium, with
but scant progress reported. The
Germans renewed their attack on
the Meuse front without success.
There is still tremendous artillery
activity on the Chemin des Dames.

tion to the Minister of Justice that
two meatless days per week be in-
stituted throughout the Dominion
on account of the scarcity of beef
and mutton products.

of the state of his health. He may

SENATE WILL VOTE ON CONSCRIPTION TONIGHT

(Special to The Daily News.)
Ottawa, August 3.—The vote on
the second reading of the Military
Service Bill will not be taken un-
til tonight. Senator Edwards, of
Ottawa, held that the Liberal lead-
er, Senator Rowell, was respon-
sible for the idea that Canada
should place half a million men
in the field. The Senator says
that Canada offered too many
men.

Washington, Aug. 3.—A second

BELLIGERENTS WILL EXCHANGE PRISONERS

London, August 1.—The agree-
ment reached by the British and
German delegates at their recent
conference at The Hague regard-
ing the exchange of and treatment
of civil and military prisoners, has
been ratified by both governments,
according to a statement made by
James Fitzalan Hope, a Unionist
member, in the Commons yester-
day afternoon.

The agreement provides that
direct repatriation shall be re-
sumed, that the qualifications on
medical grounds for repatriation
or internment in neutral coun-
tries be made more lenient and
that the more seriously ill and
wounded now interned in Switzer-
land shall be returned to their
own countries to make room for
others.

In addition to those sent to
Switzerland, Holland has agreed
to accept 7,500 persons, while all
commissioned and non-commission-
ed officers, whether in health
or not, who have been in captivity
for 18 months or more shall be
eligible for internment in neutral
countries. Holland has agreed to
accept 6,500 of them.

The Dutch Government will
further provide for 2,000 civilian
prisoners, invalids being given the
preference.

Punishment for attempts to es-
cape and for other offences also
have been regulated, while re-
prisals against individuals have
been cancelled.

GOVERNMENT WILL CONTROL THE C. N. R.

Ottawa, August 2.—The rail-
way policy of the government was
announced in the House of Com-
mons yesterday by Sir Thomas
White. He said that the financial
position of the G. T. P. and the
C. N. R. was such as to demand
assistance, if they were to remain
solvent, going concerns.
The government in dealing with
the question said the first thing
to be considered was service to
the public. At no time has Cana-
da needed better railway service.
The government had given the
question in all its aspects the
most profound consideration, and
had decided on a forward con-
structive policy.

The continuance of large an-
nual assistance is against public
policy and public opinion so long
as the railways remain in private
hands. There should be a sub-
stantial element of public owner-
ship. If the public assumes a
portion of the finances it must
have a part of the reward, but the
matter of public credit had to be
considered.

The government, Sir Thomas
said, could not undertake to take
over all the railways, under a
general scheme of nationalization.
They believed, however, that the
time had come to take a step for-
ward. The finances of the Grand
Trunk, he said, were satisfactory
part from their obligations in
respect to the G. T. P.

Short of Cash.
Speaking of the C. N. R., Sir
Thomas said the company was
short of the cash to pay interest
on its securities. With the war
on, the company cannot float ad-
ditional securities. The company
has been forced to float short-
term loans amounting to \$100,-
000,000. As for the G. T. P., the
revenue is not sufficient to pay
its operating expenses. Money
must be secured to make them
solvent. The amount required by
the G. T. P. for the coming year
is about \$7,500,000.

The government, he said had
decided not to grant further aid
to the C. N. R., while it remains

MORE PATROL BOATS WANTED TO HUNT SUBS.

(Special to The Daily News.)
London, August 3.—The losses
to the mercantile marine through
the attacks of submarines show
four fewer this week than last.
Defeat the submarine, and the war
will be ended, declares Admiral
Jellicoe. The underwater craft
are admittedly Germany's only
hope remaining. More patrol boats
are needed to join in the hunt for
the submarines, the First Sea
Lord says.

private owned or controlled. Sir
Thomas said the government pro-
posed to secure complete control
of the Canadian Northern Railway.
The government now owns C. N.
R. stock to the value of forty mil-
lion dollars. The capital stock
of the company is one hundred
million dollars. The government
will secure control of the remain-
ing sixty million of stock and will
own the entire C. N. R. system
from the Atlantic to the Pacific.
The C. N. R. is to be continued as
a corporate entity.

Loan for G. T. P.

In regard to the G. T. P., Sir
Thomas said that it had been de-
cided to make a demand loan to
the company, repaying at 6 per
cent, and secured by mortgage.
This money would be provided in
the supplementary estimates. The
government would take the power
to constitute the G. T. P. board as
it may see fit. At a later date it
might be possible to take over the
G. T. P. The mortgage would
cover all the undertakings of the
Grand Trunk Pacific.

Sir Thomas said that the gov-
ernment would have the amount
of C. N. R. stock determined by
valuation as recommended in the
Drayton-Ackworth report. It would
be fixed by a board of arbitrators.
If the arbitrators can not agree
an appeal will be made to the
Supreme Court of Canada, both
as to law and to fact. Five-sixths
of the shares could be secured
without delay, giving the govern-
ment early control of the system.

THE BIG CONVENTION AT WINNIPEG

(Special to The Daily News.)
Victoria, August 3.—Premier
Brewster, the Hon. Mr. Sloan and
the Hon. Dr. King have left for
Winnipeg to attend the big Lib-
eral convention with the deter-
mination to support Sir Wilfrid
Laurier. They will decline to do
anything for Sir Robert Borden,
nor is there any intention evident
of their aiding Sir Clifford Sifton
or his proposal. "Trust the coun-
try to Sir Wilfrid, once he is in
power," says a minister.

Vancouver Strong.
Vancouver, Aug. 3.—The city
delegates to the convention are
strongly for Sir Wilfrid Laurier.
Twenty-four Liberals were se-
lected last night to go to Winni-
peg. The delegation will be head-
ed by Mr. Charles E. Campbell,
president of the city association,
Mayor McBeath and others.

GRAND CONCERT IN WESTHOLME TONIGHT

The concert party from the
visiting cruiser by the kind per-
mission of the Captain, will de-
light the people of Prince Rupert
in the Westholme Theatre to-
night. Judging from the pro-
gramme which is to be given, de-
light is the word. In Victoria and
in many other places, this con-
cert party has won renown. The
programme which is to be sub-
mitted, is most varied. There will
be orchestral selections by the
ship's band, songs, sketches, and
an exhibition of sword swinging.
There is also one number to be
given which is not included under
any of these heads—an "effu-
sion."

The band is an excellent one
and under the baton of Band-
master Stagg, is famous for its
ensemble. A specialty will be a
sailor's hornpipe, which is a de-
light to the witness. Another is the
ventriloquist act by Lld. Sto.
Phillips. This is a splendid turn
and introduces to Prince Rupert
Mournful Mike and 'Appy' Arry.
Petty Officer Small and Petty Of-
ficer Briggs will contribute some
songs which are new here and
full of humor, while Ldg. Seaman
Stokes gets "all dressed up" and
goes the whole distance.

There will also be a banjo duet,
a piccolo solo, and a cello solo
and songs also from Mr. Penning-
ton, Mr. Bishop, Mr. Venables and
A. B. Aylwood.

Eng. Lieut. MacMillan will pre-
side at the piano, and the general
arrangements are under the
charge of Mr. Bishop. This con-
cert promises to be one of the
best that has ever been put on in
Prince Rupert and the bookings
indicate that there will be a full
house. The proceeds will be de-
voted to the Returned Soldiers'
fund.

BROKEN ARMY OF RUSSIANS NOW REFORMED

In Galicia, the Austro-German
Advance has Ceased Abruptly
—Offensive Resumed at
Other Points.

(Special to The Daily News.)
Petrograd, August 3.—The re-
forming of the armies in Galicia
is proceeding rapidly. At three
different points on the front the
Russian troops have turned on
their pursuers and their advance
has been stopped very abruptly.
At other points, the Russian
armies have actually assumed the
offensive, and have pushed the
German forces back.

The Roumanians co-operating
with the Russian forces in the
south have further advanced their
lines and are gathering in more
prisoners and war material. In
this mountain country, movement
of troops is difficult, and the en-
emy forces are apparently unable
to maintain themselves so far
from their base.

General Brusilov, commander
in chief of the Russian armies,
has resigned and General Kornil-
off has been appointed his suc-
cessor.

THE LIBERAL CONVENTION

In a few days, representatives of the western provinces of Canada will meet in convention in Winnipeg. Many matters of prime importance will certainly be discussed, and one result of this convention will doubtless be that the ideas of the western provinces on these matters will be crystallized and will be impinged upon the consciousness of the Liberals of the East. There will be divergence of views in some things but with the slogan raised in the East of "Win the War and win the election," there will be no divergence.

The four premiers of the western provinces will attend the convention and will be the first speakers addressing the gathering, and the great issues which are before the country will be gone into fully. "Certain Government newspapers," the Victoria Times says, "appear to think that the chief duty of the delegates to the convention to be held in Winnipeg is to pass a vote of confidence in Sir Robert Borden and his colleagues, including, we presume, the Hon. Robert Rogers. Some zealous operatives are known to be working ceaselessly to that end.

"The duty of the Western Liberals is to draw up a programme for the consecration of the country's full strength to the winning of the war," to recommend a policy which Canada must have to escape serious trouble and the application of which will demand strong, resolute leadership. The assumption that this requirement can be met by passing a resolution advocating the conscription of man-power and doing nothing regarding those numerous essential services which are receiving prompt, radical attention in the United States, is as absurd as the expectation, held in some quarters, that the convention is going to advise Sir Robert Borden that it is eminently satisfied with the way things have been going and to keep on the same hopeless track.

"The Western Liberals, for the most part, are in favor of compulsory military service.

They know the demand from the trenches should be met at once. But they will not stop at that, for pressing as it is, it is only one aspect of a much bigger situation. Most of them are from agricultural centres and they appreciate the need of prompt organized action to increase production and to bring about proper distribution. This is vital as a measure against the submarine campaign conducted by the Huns and a response to the frequent appeals which have come to Canada from England. They want the duty on tractors removed so that they can produce more cheaply and easily and thus help to meet the world emergency which they have been advised to expect. They want the profiteer drastically dealt with, not tickled with a powder-puff. They may press for adequate pensions and the solution of the returned soldier problem. They should demand that politics be kept out of the army. All these measures should have been adopted two years ago but, certainly they should be pressed for now. Canada has been conducting her part in the war on a limited liability basis long enough. The Western Liberals are in a position to force the pace, to sound a clarion call to real National Service, not the futile expedients which have taken the place of strong action so long whether in recruiting, which began to languish a year ago, or in other urgent problems crying for solution.

HEAVY RUN OF SALMON IN ALASKAN WATERS

Reports reaching here indicate that the salmon run in South-eastern Alaska is one of the largest in years, and the pack of the Hawk Inlet, Hoonah and Funter Bay canneries will break all records. These canneries have each packed approximately 60,000 cases and the run of salmon continues enormous. All the canneries have scowloads of fish alongside the piers waiting to be handled, and the traps are reported full of salmon. The canneries are facing a scarcity of labor, and the race to "put tin around the salmon" on Prince William Sound had attained un-

equalled proportions this season.

Fishermen Conscripted

Anyone who has the appearance of a fisherman or looks strong enough to pull a net is in danger of being put to work if he shows up in the vicinity of a cannery. There is no night in those latitudes and the men work almost continuously, sleeping at short intervals between tides while waiting to overhaul the gill nets. Several of the canneries expect to go over the 100,000 case mark, and the great Carlisle cannery at Cordova, which packed 125,000 cases last year, expects to get through with easily 200,000 before the present season is over.

GREAT TREASON TRIAL IN ROME

Milan, July 31.—A court-martial for high treason against Monsignor Rodolfo von Gerlach (ex-officer of the Bavarian army and private Chamberlain to the Pope) and his five spy accomplices has terminated in Rome after 56 sessions of the court, in the condemnation of all those implicated. Gerlach, who on scenting imminent arrest had fled from the Vatican to Switzerland, was sentenced to perpetual confinement. Mario Pomarici, a Neapolitan and Gerlach's chief agent, was sentenced to be shot through the back. Archive Valente Mawyer, hailing from Archangel, likewise received a life sentence. Francesco Raspagliesi, an infantry trooper, will serve five years, while Garcia Vitaliani, editor and proprietor of the clerical illustrated weekly, *Il Bastone*, and Giuseppe Ambrogetti, traveller for a Roman ecclesiastical art firm, were each condemned to three years' imprisonment. All the accused were found guilty of trafficking with the enemy and transmitting secrets of the military defences to the Austro-German espionage centre at Lucerne, with which they were in close and constant connection. Even the Vatican diplomatic valise had been prostituted for Italy's undoing by the infamous Gerlach, who had abused for these ends the special favor and confidence which he enjoyed at the Papal Court.

Gerlach paid a bribe of £4500 to Vitaliani for the support of his paper against Italian interests, and other sums exceeding £4000 were paid to the Roman political daily "La Vittoria" on behalf of Germany. Though all Gerlach's tools posed as journalists, it should be mentioned that every one of them had been refused admission to any recognized Italian press syndicate.

Behind Closed Doors.
The trial was conducted with closed doors. Many startling facts about this sordid intrigue elicited during its course will be available for publication only after the war is over. The public, however, was admitted to the reading of the sentence, which occupied upwards of two hours. Italian law requires that even in trials of this nature the sentence should embody a minute exposition of the incriminating evidence and the manner in which the facts were brought to light. Since the textual reproduction of the sentence is forbidden in the public press, it must suffice to say that the narrative was such as to cause thrills of horror amongst those present in the crowded court and murmurs of indignation at the close broke out into fierce howls of vituperation against the condemned, who hid their faces from the public gaze.

SOLDIERS' MEALS
On the average every Canadian family wastes enough to feed a soldier. Such is the declaration of Miss B. M. Philip of Macdonald College, who urges every Canadian woman, as a necessary war measure, to at once examine the details of her household expenditure. She says:—"The average Canadian household is not organized with a view to the greatest measure of efficiency. The possibilities in the way of economies are enormous. It has been calculated that on the average each Canadian family wastes enough to feed a soldier! The most satisfactory economies that may be effected are in small things. They involve no sacrifices or even discomforts. On the contrary, they promote orderly habits, simplify routine and contribute materially to domestic happiness."
More than this, such economies mean saving. National saving is essential to victory. The Government needs every dollar it can secure for war purposes. Practise economy and invest your money in War Savings Certificates.

W. E. Williams, B.A., L.L.B. WILLIAMS & MANSON Barristers, Solicitors, Etc. MONEY TO LOAN

THE BISHOP OF YUKON AND PRINCE RUPERT

The first Bishop of the newly erected Vicariate of Yukon and Prince Rupert, the Rev. Father Bunoz, has long been connected with the Pacific Coast and has been a resident in Prince Rupert since the early days of the city in 1909.

His first mission was British Columbia, where he arrived in the fall of 1891, and began the study of Chinook, to fit himself for his missionary labors among the coast Indians. During a ten years' residence in southern B. C., besides visiting the Kootenay and coast Indians, he was Superior of St. Mary's Mission City, pastor and Superior of St. Peter's Church in New Westminster, and Vice-General of the Arch-Diocese of Vancouver.

In 1898, the missionary district over which Father Bunoz presided, was erected into a separate prefecture, and Rome appointed him its first ecclesiastical Superior, with the title Perfect Apostolic. Scouting "the tide in the affairs of men," he moved to Prince Rupert in 1909 and began the then not very promising work of looking after the spiritual interests of Prince Rupert's Catholic people.

How well he succeeded "he who runs may read." St. Mary's handsome church with its spacious residence, the commodious Catholic Club, St. Joseph's Convent and parochial school, with a twenty-five thousand dollar boarding school under construction, these speak volumes for the untiring zeal of Father Bunoz, and are monuments to the generosity of his little flock, who rejoice in the well merited honor conferred by Rome upon their beloved pastor in making him the first Bishop of the newly-erected Vicariate of Yukon and Prince Rupert.

WOMEN REMAIN TO FIGHT WHEN MEN RETREATED

Petrograd, Aug 1.—Ten wounded heroines of the Russian women's battalion arrived in Petrograd today, leaving their commanders, Vera Butchkaref and Maria Skrydloff, a daughter of Admiral Skrydloff, former commander of the Baltic fleet and minister of marine, in a hospital at Vitebsk.

Interviewed, the women said it was reported that of the 200 of the command who had reached the front only 50 remained. Twenty were killed, eight were taken prisoner and all the remainder were wounded.

"Several times," said one wounded girl, "we attacked the Germans. Especially memorable was our attack at the Novoshas-skiy Wood, near Smorgon, where the enemy soldiers, hearing the voices of girls, lost their nerve. The result was that many of them were killed, wounded or taken prisoner. Among the prisoners were a few women, from whom we learned for the first time that German women also were fighting."

"We did not feel the slightest fear for our personal safety. Our passion was to serve the Fatherland. We advanced gaily against the foe with laughter and song, our only unpleasant sensations being when we first came to the corpses. Once, when replying to the enemy's rifle and machine gun fire, we discovered to our amazement that all our men comrades in the neighboring trenches had treacherously fled, leaving us, a handful of women, to face the enemy alone."

TENDERS will be received at the office of the District Engineer, Public Works Department, Prince Rupert, B. C., up to and including August 10th, 1917, for the purchase of the Government owned horse "FARMER."
