FRENCH BREAK THROUGH GERMAN LINES

GERMAN COMMUNICATIONS THREATENED BY BRITISH ADVANCE IN FLANDERS

FLANDERS MUD FAST DRYING--- ARTILLERY FIRE INCREASES

TESTING GERMAN STRENGTH NIGHTLY BY NUMEROUS
RAIDS—GERMAN COUNTER ATTACKS ALL REPULSED
—BRITISH ADVANCE THREATENS ENEMY
RAILWAY COMMUNICATIONS

(Special to The Daily News.)
London, August 8.—With the ground fast drying, there is every sign of the renewal of the Ypres battle. Everywhere the artillery fire is beginning to increase. The British troops under General Haig keep up nightly raids to test out the strength of the opposing Germans. Hollebeke is still being vainly attacked by the enemy, as this point is vital to the continuance of the Germans in their present positions. All the Hun attacks on this point have been repulsed.

Threatened.
Hindenburg is leaving that portion of the line held by the French alone around Craonne and Chemin des Dames. This is probably because of the British threatening essential communications, being the most dangerous.

Canadians On.
The Canadian troops made a heavy attack on Lens. The German artillery opposed their advance by an extremely strong curtain of fire, but notwithstanding

ing, an important advance was made and gains consolidated.

Airmen Busy.
All over Flanders the Allied airmen have been extremely busy. Eight German planes have been put out of action, five of which were completely demolished. Only one British machine was sacrificed.

French Front.
Paris, August 8.—The French troops last night broke into the lines of the German Crown Prince on the Champagne front at three different places and succeeded in inflicting severe losses on the enemy and also in bringing back many prisoners. The Germans attacked between Avocourt Wood and Hill 304 on the Verdun sector. The attack was broken up and the attackers driven back with very severe losses.

Italian Front.
Rome, August 8.—Italian airmen bombed the Austrian naval base at Pola, doing damage. Fires were started in the Naptha depots whence flames were seen to rise to fifteen hundred feet.

GERMANS GRIEVING OVER NEW CABINET

(Special to The Daily News.)
London, August 8.—Open dissatisfaction has been expressed by the general press throughout Germany over the appointments of the new members of the cabinet. The Berliner Tageblatt says that the people have been given no choice but to receive the new Government as a gift from above. They cannot refuse it, but are exposed to the strokes of fate, nor have the people any power nor responsibility.

PATRIOTIC MEETING AT PORT ESSINGTON

In commemoration of the anniversary of the declaration of war, a meeting was held in Port Essington at Cunningham's Hall on Friday, August 3.—A very interesting lecture was given by Dr. W. W. Large on the war situation of the present time. Songs were rendered by Mrs. McMillan and Dr. Large, and pianoforte solos by Miss Noble and Miss Donaldson.

ANT MINING DEAL COMPLETED

Vancouver, August 7.—Messrs. A. & Company, of Vancouver, have completed the purchase of a big deal involving \$250,000. The deal is for the Alaska Gastineau Mining Co. when options on a group of lands on the west coast of Vancouver Island carrying large deposits of iron ore. It is estimated conservatively that the deposits amount to 75,000,000 tons. It is 60 to 65 per cent. of iron. With no other metal in it, it is the more valuable for steel.

A local lady will demonstrate wonderful cooking possibilities of the New Perfection Oil Stove at our store. Third Avenue on the 10th of August. Albert & McCaffery, Third Avenue.

Favorite household Coal is Smith Wellington. Phone 15, Prince Rupert Coal Co.

RUSSIAN AND AUSTRIAN SOCIALISTS FOR PEACE

(Special to The Daily News.)
London, Aug. 8.—The Russian Socialist Ministers Tsereteli and Skobeloff, and the Austrian Socialist, Otto Bauer, are working for peace. They realize that nothing but an honorable agreement will satisfy the belligerent peoples.

The political situation in Europe is equally interesting as the military at the present moment. The Socialists are infinitely stronger in every country than they were three years ago. British Labor parties will discuss the great question this week.

GERMANY DEMANDS A LOAN FROM THE SWISS

Berne, August 7.—President Schulthess, speaking to the Berne newspapers concerning the relations of Switzerland with the United States, said there was no reason to believe that the Government of the United States intended to make difficulties for Switzerland by preventing the purchases of the most necessary foodstuffs in America, as all the American provisions were being handled in accordance with an arrangement with the Entente.

The President of the United States has always been kindly disposed towards Switzerland, but the situation in America was difficult because of the shortage of vessels. The purchase of American corn had been suspended for some time.

Concerning what he thought was Switzerland's most important other question, the supply of German coal, President Schulthess said that Germany would deliver further coal only on the condition that Switzerland granted a considerable loan to Germany. The President said that he expected the price of coal to go still higher.

The New Perfection Oil Cook stove is absolutely safe; is odorless; smokeless; no ashes; no soot; any desired heat can be obtained instantaneously; the flame stays put.

SCENE OF THE BATTLE IN FLANDERS

The above map shows in detail the whole battle line from Ostend on the coast to Lille. This map, which in different form appeared originally in the Manchester Guardian, also shows the recent small German gain on the Belgian coast and the big British gain in June, where the Messines Ridge was captured. The advance made on Tuesday last along a front of twenty miles is indicated by arrows.

WINNIPEG CONVENTION STARTED LAST NIGHT

(Special to The Daily News.)
Winnipeg, August 8.—Premier Norris of Manitoba says that the convention is not called for any mere partisan purposes, but its aim is to be of service to Canada. The Dominion never needed service of such a high order as now. The proceedings of the convention started last evening by a reception given to the four Western Premiers, and the deliberations will commence in earnest this morning.

The sentiment in favor of conscription is practically unanimous and "Win the War with Laurier" is the slogan of the majority. Sir Wilfrid is in constant touch with his lieutenants at Winnipeg.

ASHES OF SIR RICHARD WILL BE BURIED IN B. C.

(Special to The Daily News.)
Vancouver, Aug. 8.—The body of Sir Richard McBride, who died in London on Monday, will be cremated there and the ashes brought to his native province of British Columbia for burial. Lady McBride and family hope to leave London for Canada by the end of this week.

A profound feeling of sorrow was manifested by the public men in Victoria, Vancouver and New Westminster yesterday when the information was learned of the death of "British Columbia's favorite son."

NAVAL CHANGES

(Special to The Daily News.)
London, August 8.—Important changes in the naval staff have been made by the First Sea Lord, Sir H. E. Geddes. Sir Cecil Burney, second Sea Lord, has been replaced by Vice-Admiral Sir Rosslyn Wemyss. Sir Cecil Burney will be on shore duty. Allan Garrett Anderson, hitherto vice-chairman of the Wheat Commission, succeeds Sir H. C. Geddes, as controller of naval construction.

THE GRANBY COMPANY ACQUIRES COAL LANDS

Victoria, August 6.—In order to have an assured source of its coke supply, the Granby Consolidated Mining, Smelting and Power Company has just acquired a large area of valuable coal lands between Ladysmith and Nanaimo on Vancouver Island. Fifteen hundred acres of the best coal lands have been secured and negotiations for other private holdings are also under way.

This new project also calls for the erection at Anyox of a modern coke manufacturing plant at a cost of a million and a half. Anyox is at present one of the largest copper producing properties in Canada, and development work is being pushed ahead at a rate which will mean a much greater production of copper in the future. During the recent labor troubles when the Crow's Nest mines closed down, a shortage of coke resulted, much to the detriment of all the smelting concerns in the province.

While it is said that the company have no immediate intention of utilizing its newly acquired coal properties other than for the production of coke, still there are so many valuable by-products of coke such as ammonia, tar and aniline, etc., the economy of a modern plant such as that at Anyox will not allow them to go to waste. At present the smelter at Anyox is consuming about 250 tons of coke per day, and the gas from the coke ovens will be a useful adjunct either for heating or illuminating.

NEW FISH TRAFFIC NEEDS MORE REFRIGERATORS

Ottawa, August 7.—The first step toward the practical consummation of plans upon which the food controller of Canada and the special fish commission have been working during the past few weeks are indicated in an announcement made tonight. It is intended to provide a refrigerator car service from both Atlantic and Pacific coastal points to facilitate distribution in Central Canada of the finest fish food.

The first car, as a test under this plan, will leave the Atlantic coast on Saturday, loaded with fresh Atlantic sea food. It is due to arrive in Toronto Monday.

This is the first time that Atlantic sea food had been expressed right through on the refrigerator carload lot plan as far west as Toronto.

NO FOOD EXPLOITS IN QUEENSLAND

Brisbane—The Queensland parliament was opened today.

The Governor, Major Sir Hamilton Gould Adams, in his opening speech, said that the State butchers' shops had been a marked success. The principle of State fish shops would be extended. The State purchase and conduct of several cattle stations had been justified by results. The Government had prevented soldiers' dependents and the public generally from being exploited by food speculators. The Commonwealth Government had taken the matter over, and the hope was expressed that it would protect the public from conscienceless profiteers. The Government proposed in the interests of the primary producers to establish markets here and abroad for the sale of their products.—Reuter.

Just arrived, 250 tons of lump coal. Phone 116—Albert & McCaffery.

KORNILOFF RULES WITH AN IRON HAND

Prompt Severity Has Restored
Discipline in the Russian
Ranks—Austro-Germans
are Thrown Back.

(Special to The Daily News.)

Petrograd, August 8.—General Korniloff, who succeeded General Brusiloff, only upon the condition that he was to have a free hand and was not to be hampered by the council at Petrograd, is now ruling the Russian forces with an iron hand. Cowards and deserters are being executed summarily. His prompt severity has saved all that is worth the saving of the Russian armies at the front. The result of the new spirit which he has instilled into his troops, is that the German situation is now anything but enviable.

The enemy has been drawn far east from his bases of supply over a rough country, making transport difficult, where he will be hard put to it to retain his holding.

Ten-Mile Defeat.

Kispinev, Russia, August 8.—The Austro-German troops between the Dniester and the Pruth rivers have been thrown back on a front of ten miles from Chotin. This town is at the junction of the Zbrocz and Dniester rivers on the Galician-Russian frontiers.

Kerensky at Work.

Petrograd, August 8.—Kerensky immediately accepted the new responsibilities thrown upon him as Premier, Minister of War, and Minister of Marine, by the confidence of all parties and has set to work in the great task of reconstructing order out of chaos.

THE ANYOX IS LAUNCHED

Victoria, August 6.—Named after the thriving British Columbia port, which is rapidly developing into one of the principal copper and mineral ore shipping points on the North Pacific coast, the new freight and towing steamer Anyox was launched on Thursday at Eagle Harbor. The Anyox was built by the Winslow Marine Railway & Shipbuilding Company for the Coastwise Steamship & Barge Company, of which Capt. James Griffiths is president. On being completed the Anyox will be operated in the ore-carrying trade between Anyox and Puget Sound. The new vessel is 205 feet in length, 39 feet beam and 23 feet depth of hold. She is equipped with oil-burning engines capable of developing a speed of from 10 to 12 knots when fully loaded. She has a carrying capacity of 1,200 deadweight tons, and will operate in conjunction with the steamers Amur, Turret Crown and Henriette.

AN ABSURD SUGGESTION

How absurd an able man can make himself when his judgment is captured by one idea is shown, the Victoria Times says, by Sir Clifford Sifton's suggestion that if Sir Wilfrid Laurier were elected, Canada would drop out of the war.

In 1911 Sir Clifford, obsessed by his anti-reciprocity idea, had no hesitation in forming an alliance with Henri Bourassa, whose views on Imperial connection were the same then as they are now and whose campaign was waged against the Canadian naval programme in particular and against Canadian participation in Imperial defence in general, rather than against reciprocity with the United States.

Canada is in this war by the will of the Canadian people as expressed by their Parliament and no Government could detach her from her duty. Moreover, none would dream of trying it. Sir Wilfrid Laurier is as intensely devoted to the cause for which this country and its allies are fighting as Sir Clifford Sifton is and if the records of the two furnish any test the quality of Sir Wilfrid's patriotism shines luminously by contrast. He has been forty-five years in public life. He has preached and practiced the doctrine of a united Canada. He was the author of the British preference which Sir Clifford's friends have all but destroyed—and in the midst of war at that. His government instituted a policy which for fifteen years gave to Canada a measure of prosperity and development which astonished the world. He was the author of a naval policy which if it had been carried out would have been of incalculable value in dealing with the most vital menace with which civilization ever has been confronted and which was wrecked by Sir Clifford's friends. Forty-five years of signal service have left him, like Sir John Macdonald, with no worldly goods beyond what is needed to keep him in comfort. Sir Clifford Sifton's eight or ten years of public service left him a multi-millionaire with affiliations which no doubt

are profiting heavily from the war.

In the light of his record the attacks upon Sir Wilfrid's loyalty are abysmally stupid. They not only embitter his followers and admirers, whether conscriptionists or anti-conscriptionists, but at once rivet public attention upon the records of those who make them. They give rise to the inevitable query: If those who do not favor the conscription of men alone are unpatriotic, what is the quality of the patriotism which protects profiteers, stands behind the Food Barons, for nearly two years forced the Ross rifle into the hands of the Canadian soldiers exposing them to death and mutilation, provides only a contemptible pittance for the dependents of soldiers and provides a pensions scale so small that many pensioners must depend upon public subscription for their subsistence? What of the patriotism which grafted in bandages, drugs, horses, shoes and even in binoculars and motorcycles. What do they call the Shell Commission's relations with John Wesley Allison? Is Bob Rogers a greater patriot than Sir Wilfrid Laurier?

The man who believes in conscription of men but opposes the thorough organization of the country for war for fear of interfering with those who are enriching themselves out of the agony of their country is indeed a thousand times more unpatriotic than the man who believes in voluntarism and the prevention of these criminal practices. Laurier thinks voluntarism would provide the reinforcements required. He says the recruiting situation has been mishandled, and is able to prove out of the mouth of Sir Sam Hughes that the Government actually ordered a "let-up" on recruiting last year. At the very worst his attitude denotes only a difference of opinion as to method, such as Sir John Simon expressed when conscription was adopted in England, an expression which did not provoke the infamous tirades against him such as are made against Laurier. Many of Sir Wilfrid's supporters have lost their sons and relatives at the front.

Hot Weather is a Joy to the man or woman who is properly nourished with a light, easily digested food. The food problem in Summer time, war time, or any old time, is a simple one for the housewife who knows **Shredded Wheat Biscuit** and the many delicious, nutritious dishes that can be made with it. Shredded Wheat Biscuit is 100 per cent. whole wheat fully complying with all government requirements in purity and cleanliness. Two or three Shredded Wheat Biscuits with milk will fully nourish and satisfy the average person in hot weather, and the cost is only a few cents.

Made in Canada.

Frank Oliver's son died under conditions of the most admirable gallantry. Dr. Beland, Postmaster-General in Laurier cabinet, has been a prisoner of war in Germany since the capture of Artwerp, from which he declined to escape when the opportunity presented itself because he desired to minister to the wounded. His wife has since died, and he himself is a broken man. If this splendid chivalrous French-Canadian were home and endorsed Sir Wilfrid's view, as he possibly would, would he be also called a "traitor" by the allies of the Food Barons? How does he compare with Sir Clifford Sifton, for instance?

The Daily News delivered by carrier, 50 cents per month.

LAND ACT

SKEENA LAND DISTRICT—DISTRICT OF COAST, RANGE 5.

TAKE NOTICE that the Grand Trunk Pacific Railway Company of Winnipeg, Manitoba, intends to apply for permission to lease the following described lands:—Commencing at a post planted at the most northerly point of Lot 597 at or about high-water mark, thence northerly, easterly, southerly and westerly, following the sinuosities of the shore-line to a point of commencement, including all that foreshore between high-water and low-water. Dated July 20th, 1917. S.S.15 THE GRAND TRUNK PACIFIC RAILWAY CO., H. H. Hansard, Solicitor.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE	
Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
2 cups flour	2 cups flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 EGGS	1 EGG
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

Dr. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar, derived from Grapes
Made in Canada No Alum

A NEAT KITCHEN WITHOUT A BROOM

No coal-hod, no ash-pan, no dirt, no bother. You never have to sweep up after cooking on a **NEW PERFECTION**. It cooks more quickly and more conveniently than a coal or wood range, costs less for fuel and takes up half as much room.

A NEW APOLOGIST FOR THE KAISER

London, August 7.—Reuter has received from Holland some particulars of a remarkable article, the second of a series, which appeared in the "Berliner Tageblatt" of Sunday last from the pen of Prince Lichnowsky. In this article the ex-Ambassador to London deals with Germany's one-man government system. He points out that the time has now passed for the destinies of a great country like Germany to be in the hands of one man, who may not even be first-class, and whose power is so great that he can make peace or war on his own account. Some people who wish for a continuance of the present system may contend that in the end he is controlled by the Emperor, but the Prince argues that the Emperor is far more constitutional than is commonly supposed and that in the course of a long experience at the Foreign Office and in the Diplomatic Service, apart from a few impulsive telegrams, he has never known the Kaiser to act independently of his Chancellor or against his advice. Prince Lichnowsky points out

PRINCE RUPERT WATERFRONT LEASES.

Sealed tenders for the purchase of leases of lots One (1), Two (2) and Five (5), Block F, in the City of Prince Rupert, will be received by the Minister of Lands, at Victoria, B. C., up to 12 o'clock, noon, on Monday, August 27th, 1917. Tenders may cover one or more lots. Term of lease, 20 years. Certified cheque covering six months' rental must accompany each tender, cheques of unsuccessful tenderer to be returned immediately. The highest or any tender not necessarily accepted. Tenderers must state what business they are engaged in and must designate clearly just what use they intend to make of the lot or lots applied for; how much they intend to expend in improvements, in what manner and in what time.

The following, amongst other, conditions will be imposed under the leases: (a) The front line of any wharf erected on any of these lots must conform to plans to be seen at the office of the Government Agent at Prince Rupert or in the Department of Lands at Victoria, B. C. (b) Rent shall be payable in quarterly instalments in advance. G. R. NADEN, Deputy Minister of Lands.

WATER NOTICE

USE AND STORAGE. TAKE NOTICE THAT The Empire Pulp & Paper Mills, Ltd., whose address is Vancouver, B. C., will apply for a licence to take and use all the water and to store 10,000 acre feet of water out of unnamed lake, also known as Whalen Lake, which flows and drains into Whalen Channel about one mile north from Rivers Branch. The storage dam will be located at west end of lake at outlet of lake. The capacity of reservoir to be created is about 10,000 acre feet and it will be filled with 2,000 acres of land. The water will be diverted from the stream at a point about... Taken by tunnel from east end of Lake three miles northerly direction from Lot 29, Butedale, on Fraser Reach and will be used for power purposes upon the land described as in application to lease at east end of Lake on Fraser Reach.

This notice was posted on the ground on the 5th day of June, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 10th, 1917. G. R. NADEN, Deputy Minister of Lands, Department of Lands, Victoria, B. C., 18th June, 1917. M. AGE. 20.

The fact, therefore, remains that the Chancellor practically governs alone. This is additionally proved by the fact that if his decision is wrong he alone and not the Sovereign bears the blame, and he to resign, as may very likely be the case on this occasion. The advantages of constitutional government by the Throne, Ministers, and people's representatives, acting with each other, and declares that a change to this effect in Germany is imperative and will come whether or no.

Prince Lichnowsky goes on to say that this democratization of Germany will necessarily alter existing relations between the Empire and the Federated States, and that the latter will have to give up some privileges just as every citizen will have to relinquish something in favor of the new order. He adds:—"They may not like it, but they will have to lump it, and the Empire will have power to compel them, as one-third of the national fortune is by now mortgaged to it. The Empire today is something more than a perpetual alliance of Sovereign States. Nothing in political life remains stationary, and the Empire must either develop to its full extent or the country will fall to pieces as in 1806." The article concludes:—"Perhaps we shall arrive at democratization of our diplomatic service also. Would it thereby be improved, or will there be no further need for one under the new order? In either case I would warn any young frined of mine in search of a profession to leave diplomacy alone. Be what you will, only not a diplomat."

Navigable Waters Protection Act.

R. S. C. Chapter 115. The Grand Trunk Pacific Railway Company hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert, at Prince Rupert, a description of the site and plan of wharf and fish curing plant and other works proposed to be built in Prince Rupert harbor at Prince Rupert, British Columbia, in front of Waterfront Block "L" according to registered plan of the townsite of the said City of Prince Rupert registered in the aforesaid land registry office as No. 922, Section 7.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plan and for leave to construct the said works.

DATED at Prince Rupert, British Columbia, this 16th day of June, A.D. 1917. THE GRAND TRUNK PACIFIC RAILWAY COMPANY, Patmore & Fulton, Solicitors.

Where You Cannot Prophecy — PREPARE !

NOT even the best-informed man in government or business circles dares to attempt a prophecy of conditions after the war. We hope for the best—meantime wise men are preparing now for anything.

How? By regulating their expenditures according to their actual needs rather than by their prosperity—by husbanding the surplus—and by investing to the limit in Canadian War Loans that help so much to maintain present prosperity.

Money saved and loaned to Canada by Canadians is a two-fold safeguard for the future. The lenders will benefit directly from the excellent interest return and absolute security—and indirectly because the interest thus kept in Canada will help to keep business good after the war.

Canadian War Savings Certificates are issued in denominations of \$25, \$50 and \$100, repayable in three years. At the purchase prices of \$21.50, \$43 and \$86 respectively, they yield over 5% interest. Buy them at any Bank or Money Order Post Office.

MEMBERS OF HOUSE BURNED IN EFFIGY

Montreal, August 6.—Hon P. E. Blondin, Hon. Arthur Sevigny and Deputy-Speaker Rainville, M. P. for Chambly-Vercheres, were burned in effigy on the Champs de Mars by the Federation of Labor clubs of Montreal in the presence of 300 or 400 people. President Martel said:

"Let it be said from one end of the Dominion to the other that the workmen of Montreal, the most numerous class not belonging to either of the two parties in the centre of the biggest city of Canada, burned the effigies of these three men. Let it be known so that it may be understood that these are the men who betrayed not only their own people, but all the people of Canada and that Blondin, Sevigny and Rainville are guilty to the English people as well as to the French-Canadians."

Mr. Martel, who wanted a referendum and not conscription, also said:

"We are ready to do our part for the Allies, for we are not traitors to England or France, but we do not want conscription. We want to follow the advice of General Joffre, who asked us to send food."

Province of British Columbia

DEPARTMENT OF LANDS NOTICE

Re Overdue Payments on Applications to Purchase Crown Lands in British Columbia. NOTICE is hereby given that, under the provisions of the "Soldiers' Homestead Act" any person who did not apply under the "Soldiers' Homestead Act, 1916," to complete his application to purchase, either by payment in full or by the selection of a proportionate allotment, may, by proving his interest and paying up in full the balance of the purchase price and taxes before the 31st December, 1917, obtain a Crown Grant if proof satisfactory to the Minister of Lands is furnished that such person is suffering injury through absence of notice or otherwise.

And further that the interest in un-completed applications to purchase held by any person on Active Service may be protected by notification to the Lands Department of the fact that such person is on Active Service and by the filing of proof of the interest of such person.

Further information will be furnished on request to the Deputy Minister of Lands, Victoria, B. C.

Publication of this notice without authority will not be paid for. Tu. Sep. 18

Hart Block, next Grand Trunk Office, Third Avenue.

RED CROSS NOTES

The sale of home-cooking to be held in the Red Cross tent on Friday afternoon of this week will be under the charge of Mrs. Allison and Mrs. Killen.

Last week Mr. E. C. Gibbons presented a sack of sugar to be drawn for, which was won by Mr. J. I. Peters; Mrs. Vickers gave candlesticks won by Mrs. Perry; Mrs. Stalker nightdress case, won by Olive Munro; Mr. E. F. Doyle, a tray won by H. F. Wearmouth; Geo. Frizzell a ham, won by Mrs. Steen; Mr. G. Munro a sack of flour won by Mr. C. J. Graham; Mrs. G. D. Tite, vase, won by Mrs. W. Turnbull; Mrs. Allan Davis, plant won by Mrs. Hart; Mrs. Knight a bathing cap won by Mrs. Embleton.

The thanks of the society are given to Mrs. Stalker and Mrs. Wearmouth for so successfully managing last week's sale, when the sum of \$81 was realized.

The society is glad to hear that a branch has been formed at Alice Arm. The sum of \$50 has been received by the treasurer, Mrs. Woodland, which is gratefully acknowledged. Every success to the new branch.

The Prisoners of War Branch acknowledges with thanks the sum of \$10 from the people of Queen Charlotte City for the support of their prisoner in Germany, A. Briscoe.

TENDERS will be received at the office of the District Engineer, Public Works Department, Prince Rupert, B. C., up to and including August 10th, 1917, for the purchase of the Government owned horse "FARMER."

This horse is slightly lame on its right fore foot, otherwise it is sound, gentle and in good condition, and will make a serviceable farm horse.

The animal can be seen on H. Du Verney's ranch, Kitwanga, B. C.
Dated at Prince Rupert, B. C., July 23rd, 1917. S. A. 4
