ROUMANIANS SHATTER ENEMY DIVISIONS

FLANDERS ATTACK IS RESUMED—PEACE PROPOSALS FROM POPE UNACCEPTABLE

CANADIANS ARE VICTORIOUS AT LENS ONCE MORE

Steps Representing Every Section of Dominion Make Another Advance of One Mile Nearer Lens.

(Special to The Daily News.)
London, August 16.—An important advance has been made by the Canadian troops in the vicinity of Lens. The coal town has been further enveloped by the pushing forward of the crescent formation of the British attack for a distance of one mile. Many prisoners were taken from the enemy, who were mostly young boys. The British barrage was one of the most effective, completely cutting off the Germans from their reserves of men and ammunition.

In Flanders.
The general attack has been resumed in Flanders. The violence of the artillery preparation has exceeded heretofore unequalled intensity.

Roumanian Front.
London, August 16.—The battle of Rutenia which is at present in progress, is one of the most stubbornly contested of the entire operations along the Roumanian front. Nine enemy divisions have been shattered before the line held by the Roumanian troops. The attacks have continued without interruption for four days and nights. The fighting abilities of the Roumanian troops have never before received such a test, from which they have emerged gloriously.

In the Balkans.
In the Struma Valley, the British preparations for an advance are successful in anticipating an enemy attack.

French Front.
Paris, August 16.—The French troops attacked in Belgium last night, and made a considerable advance in the region of the Dixmude Road. The Germans directed a heavy artillery fire against the French first lines on the main front between Hurtheise and Craonne. On the Verdun front, the French repulsed the enemy attacks. Rheims was again bombarded. Quiet prevails elsewhere.

FOOD CONTROLLER TAKES THE GRAIN SUPPLY

(Special to The Daily News.)
Washington, August 16.—With the approval of President Wilson, the Food Administration today announced the formation of a corporation to take over the control of the country's grain supply.

AUSTRIAN VESSELS TAKEN BY CHINESE

(Special to The Daily News.)
Shanghai, August 16.—Three Austrian merchantmen, which were interned here, have been taken over by the Chinese naval forces. The German and Austrian ships now taken over aggregate tonnage eighteen thousand.

CZAR CHANGES RESIDENCE

(Special to The Daily News.)
Petrograd, August 16.—The former Emperor Nicholas, accompanied by his family, are being transferred to another point. They will be removed in an ordinary train instead of the gorgeous imperial train. The facts which prompted his removal to another district will be announced later. His departure was followed by several secret sessions of the Council.

PREMIER BREWSTER ON WINNIPEG CONVENTION

Victoria, August 15.—Discussing the Winnipeg convention, its value, its meaning and its general effect upon the complex situation in which the Dominion finds herself today, Hon. Mr. Brewster said that "while the great assembly was called in the name of the Liberal party, it was throughout and in all its stages a win-the-war convention."

"The main resolution, that is the one dealing with the prosecution of the war and the steps necessary to contribute to its successful conclusion, likewise the one having regard to the betterment of the conditions of those who are at the front and the men about to go, are probably the greatest in the public eye. These resolutions," proceeded the Premier, "as already stated by Attorney-General Hudson of Manitoba, should be taken exactly as they read. The win-the-war resolution can be interpreted but one way, and that is that not only shall we organize every industry of Canada, but if necessary conscript not merely for military purposes but for all other purposes of the state in any way relating to the war, conscription of men, money and resources."

Sir Wilfrid's Sincerity.
Passing on to the resolution of appreciation to Sir Wilfrid Laurier, the Premier was of the opinion that no man in Canada who was sincere would hesitate to subscribe appreciatively to the life and works of the man who had led the Liberal party in Canada for so many years.

"I doubt if anyone, even his stoutest opponent," declared Hon. Mr. Brewster, "would consider him the least bit less loyal than those whose hostility is so pronounced at the present time. One thing is certain, every member of that convention—possibly the greatest convention Canada has ever had—hopes he will use his undoubted ability in the carrying out of their platform."

Hon. Mr. Brewster declared that already the big interests were at work again crying out for the conscription of man-power only. The plea was going forth that men and men alone constituted the great need to the exclusion of all else. While the convention had recognized the vital necessity of bringing into effect the full man-power of Canada it would be folly to accept this as possible unless the full material wealth of the Dominion were alike consecrated to the national service.

MEASURE DEALS WITH PROHIBITION

Ottawa, August 14.—Important legislation was passed by the Commons today dealing with the liquor question. The Government bill to go into effect where there is provincial prohibition legislation empowers a province to prohibit the entry into that province of any newspaper or periodical containing liquor advertisements. There were very few members in the House, and sometimes less than a quorum, but considerable business was done. Hon. Frank Cochrane's bill to bring Government railways under the control of the Railway Board passed the committee stage, and stands for third reading.

Hon. Mr. Doherty's bill to amend the criminal code respecting insurance also passed. Another important measure is designed to prevent the soliciting of insurance by unlicensed persons.

LADY BYNG, MAJOR GENERAL TURNER, V. C., LORD BEAVERBROOK AND LADY TURNER
A group of persons prominent in Canadian affairs were here pictured at an exhibition of Canadian war pictures. Lady Byng is the wife of the former Canadian Commander. Sir R. E. W. Turner is head of the Canadian army in England, and Lord Beaverbrook is the Canadian wonder.

Western Liberal's Platform

The following is the resolution which was moved by Dr. D. B. Neely, Humbolt, Sask., seconded by Capt. C. S. Reilly, Calgary, and carried at the Winnipeg Liberal Convention:—

"In this war for the defence of democratic civilization against military despotism, the conditions call for the putting forth by each allied belligerent of its full power as the only assurance of victory; in times of peril the entire resources of the country, moral and material, man power and wealth are justly disposable by the state for the preservation of its national liberties.

"The imperative duty of the people of Canada today in regard to the war is its continued and vigorous prosecution;

"1. By conferring with the British government for the purpose of definitely ascertaining the scope and character of all the service that can best be rendered by Canada in the conduct of the war;

"2. By the maintenance in unimpaired strength at the front of our fighting forces and the taking of all steps necessary to secure required reinforcements for the Canadian contingent.

"3. By organizing the production of our other contributions to the war such as food, munitions, and other war necessities, upon lines of the greatest efficiency;

"4. By the complete extinction of profiteering in all business having to do with munitions and the necessities of life, if necessary by the nationalization of these industries or by the adaptation of the British system of controlled establishments;

"5. By the recovery for the public treasury of undue profits obtained since the beginning of the war by the exploitation of the interests of the people for the present requirements of the state.

"6. By the application of a combined system of sharply graduated taxation upon incomes and excess profits which shall insure that every citizen shall bear his or her share of the war burden according to his or her means.

"7. By thoroughly organizing the nation and carrying out this programme by whatever means may be necessary for its accomplishment."

LABOR MAY FORCE AN ELECTION IN BRITAIN

(Special to The Daily News.)
London, August 16.—The attitude of the Labor men here may force a general election in Great Britain and Ireland. Premier Lloyd George intimated that he was ready to appeal to the country if the Labor party insisted in sending delegates to Stockholm. The Hon. Arthur Henderson has been named by the Labor Party to discuss peace terms with enemy representatives.

SONS OF CANADA

The regular meeting of the Society will be held in the St. Andrew's Society Hall on 2nd Ave. on Friday, August 17th, at 8 p.m. Addresses will be delivered by G. M. Hanson, American Consul, and Fred Stork. Don't miss this.

AMERICAN TROOPS REVIEWED BY KING

(Special to The Daily News.)
London, Aug. 16.—The American troops in Britain marched through the streets of London yesterday. They were reviewed by King George and Ambassador Page. Great crowds thronged the streets which were profusely decorated with American and British flags.

THE ONE THING

(Special to The Daily News.)
London, August 16.—"We are fighting for one thing, which is the victory of democracy over aggression," declared Premier Lloyd George in an address here yesterday. The Premier's utterance is regarded as an informal reply to the Pope's plan.

U. S. COMMANDEER MERCHANT VESSELS

Washington, Aug. 15.—Requisitioning of American merchant vessels has begun. Seven privately owned passenger and cargo liners have been taken over by the government shipping board. It was officially learned today.

The board turned the ships over to the war department, which will use them to transport materials for great engineering works behind the Sammies in Europe. As more cargo carriers are needed, either for the war or navy departments, or for commercial purposes, the shipping board will take them over, it was stated.

AUSTRIA DECLARES ITS PEACE PROGRAMME

The Exchange Telegraph Company has received the following telegram from Rome on the subject of Austria's war aims:—

The Austrian Navy League has published what must be regarded as the Austro-Hungarian peace programme. It is an interesting document and incidentally throws a new light on Austria's interpretation of the sacred principle of nationality. The Dual Monarchy, this programme says, must develop towards the southeast on the line of the Adriatic and the line of the Danube, which have been prescribed for it by nature.

No point of the eastern coast of the Adriatic, and in particular neither Valona nor Sasseno, must remain in the hands of Italy, while Montenegro and Albania must subsist as independent states. Austria must assure for herself the necessary influence so as to exclude any foreign base on that coast, and must also secure the possession of the military stations of Antivari, Duleigno, San Giovanni di Medua, and the mouths of the Boyana. Lovcen must remain Austrian. The Italian frontiers, the programme continues, must be rectified so that in future Italy shall not be able to threaten the communications of Trieste with the hinterland. With regard to Serbia, the Dual Monarchy demands the whole of the right bank of the Save, the right bank of the Danube, including Belgrade, as far as Semandria and the frontier must be marked by the Lower Danube as far as Turuu Severin.

POPE'S PEACE PROPOSALS ARE INADMISSABLE

Do Not Find Favor With the London Press—Believed to be Instigated by Germany—No Support From U. S.

(Special to The Daily News.)

London, August 16.—The peace proposals emanating from Rome fail to meet with any favor. The London Press are generally hostile to the plans laid down by the Pope. The London Times declares that they are utterly inadmissible by the Allies, whose terms are already known. The Post believes the proposals to be instigated by Germany, while the Daily Mail says they are impossible. Any settlement on the status quo ante basis would leave Germany victorious. Nevertheless, it is conceded that the Pope's efforts may have some effect. The Austrian Court has been in constant touch with the Vatican. Reports from Holland are to the effect that Germany will be unable to make any move until October. The internal situation there is said to be growing steadily worse.

Italian Disfavor.
Rome, August 16.—The Italian public regards with disfavor the initiative taken by the Pope in putting forth his peace proposals.

United States' Stand.
Washington, August 16.—The United States Government stands with the Allies in their determination to fight until their objectives are secured. The great war must go on until Germany is willing to talk reparation, restoration and guarantees. The appeal of the Pope has made no change in the war aims of this country, the State Department announced today.

DIE ZUKUNFT AGAIN

(Special to The Daily News.)

Amsterdam, August 16.—Maximilian Harden's suppressed "Zukunft" reappeared today, and boldly advised the restoration of Alsace Lorraine to France, and Trieste to Italy, if a durable peace was to be secured. The reappearance of the Zukunft would indicate that Harden has been released from military service, into which he was drafted in July, as the Government's retort to his outspoken criticisms.

IMITATION TOBACCO IS NOW USED IN GERMANY

Amsterdam, August 13.—The recognized standard substitute for pipe tobacco, placed on the market in Germany, is a blend of strawberry leaves, lavender, fennel and woodruff, and it sells at a price equivalent to about 75 cents a pound.

Smokers say it is "passable, but apt to bite the tongue."

On the other hand, a soldier in the trenches who received a packet of the mixture from his brother, wrote to the sender that "he would take the first chance to wring his neck for foisting such abominable stuff on his as tobacco."

BORROWING

Appropos of the Canadian loan of \$100,000,000 in New York, the Monetary Times recently reflected the views of two opposite groups on the financing of the Dominion's war obligations in which some interesting particulars were emphasized. One group contended that a loan in the American market was preferable to a domestic flotation owing to the heavy adverse trade balance in the Dominion's relations with the United States, the necessity of correcting exchange, preventing gold exports and relieving the strain on our banks. Moreover it contended that Canada was not in a condition to float a fourth domestic loan.

The other group urged the desirability of keeping our war debt at home. Its views are succinctly summed up as follows:

Canada has existed mainly upon borrowed money for 25 years. Thoughtlessly the people of the Dominion have come to look upon money borrowed abroad as a gift or as manna from heaven instead of a liability. The moment our ability to borrow from foreign markets is suspended, our troubles will commence. That is what is chiefly the matter with Canada today, according to the view of many authorities. The sooner we stop borrowing money abroad, the better, as we already have a vast debt per capita, seven or eight times as great as the public debt per capita of our neighbors across the line. Every day of our national life we must send \$500,000 over the border to meet the interest on our indebtedness of \$4,500,000,000 abroad. We are in the position of a young spendthrift who gaily continues to squander money so long as the mortgagee will lend. It is correct to assume that financing in the United States will afford relief to the situation, including the question of premium on New York funds, if the Government can borrow money in the United States instead of in Canada, but it is only temporary relief and it increases our already heavy debt abroad. In addition, the economic situation is far from

satisfactory and the outlook obscure.

While the consensus of opinion, as given by the Monetary Times, favored the marketing of the loan in the United States the discussion shed a strong light upon the growing difficulties in the field of national finance which have to be met. Certainly the Dominion cannot safely continue making large drafts on foreign markets at high rates in view of the somewhat staggering fact that our interest bill on our indebtedness abroad—contracted through various agencies—already is about \$200,000,000 per annum. In rigid economy and thrift all round on the part of national, provincial and municipal governments, and people, in the readjustment of taxation the opening up of new sources of revenue and the encouragement of more intensive development and production will lie the solution of the formidable problem of Canadian finance.—Victoria Times.

NOTES AND COMMENTS

The Western Liberals have given to Canada a war policy which is the most complete yet laid down. "It in eludes conscription not merely for military purposes, but for all other purposes of the state in any way relating to the war—conscription of men, money and resources." This is the most complete, definite policy of National Service that has yet developed in Canada. The Western Liberals are behind it.

It is significant that in the editorial comment of the newspapers which support the Government, there is never any demand nowadays for that "thorough national organization" which used to be the theme of many of Sir Robert Borden's speeches. Measures against profiteering, increased pensions, and the adequate taxation of super profits, are matters which are demanding immediate attention. But the Government's supporters among the newspapers have forgotten all about such things. The failure of the Borden Government in connection with these matters is not a thing for them to talk about.

Ferdinand the Fox says that

Why Wait for War
To learn real food values? It is what you digest, not what you eat, that furnishes strength for the day's work. Many foods tax the digestive powers to the utmost without supplying much real nutriment. **Shredded Wheat Biscuit** is all food and in a form that is easily digested. It is 100 per cent. whole wheat. For breakfast, dinner or supper it takes the place of meat, eggs and potatoes. You don't know how easily you can do without meat or potatoes until you try it. Delicious with sliced bananas, berries, or other fruits, and milk. **Made in Canada.**

Germany must help Bulgaria after the war. At present it looks as if Ferdie will have another disappointment, as it is quite possible that Germany will require some little assistance herself after the war.

With the declaration of war on Germany and Austria-Hungary, by China, the Central Empires may soon appreciate just what the Yellow Peril will mean for them.

The chief opponents to a coalition government will be found in the present cabinet itself. That is the very last thing the Hon. Robert Rogers would like to see come about. What would happen to him? The Hon. Robert is a believer in the motto "first things first." And the Hon. Robert comes first all the time.

The spirit of revolt against reactionaries is rife throughout the world at the present moment. Russia and China have kicked them out. The same process is operating in Spain. We have reactionaries here in Canada, and they will have to go too.

You Can Make Excellent Cake With Fewer Eggs
Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.
This applies equally well to nearly all baked goods. Try the following recipe according to the new way:
CREAM LAYER CAKE
Old Way New Way
1 cup sugar 1 cup sugar
1/2 cup milk 1/2 cup milk
2 cups flour 2 cups flour
3 teaspoons Dr. Price's Baking Powder 4 teaspoons Dr. Price's Baking Powder
3 EGGS 1 EGG
1/2 cup shortening 2 tablespoons shortening
1 teaspoon flavoring 1 teaspoon flavoring
Makes 1 Large 2-Layer Cake
DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.
DR. PRICE'S CREAM BAKING POWDER
Made from Cream of Tartar, derived from Grapes

FAMILY DOCTOR'S GOOD ADVICE

Go On Taking "Fruit-a-lives" because They Did Her Good

Rochester, P. Q., Jan. 14th, 1915.

I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became very run down. A neighbor advised me to try "Fruit-a-lives". I did so and to my surprise, my doctor, I began to improve, and he advised me to go on with "Fruit-a-lives".

I consider that I owe my life to "Fruit-a-lives" and I want to say to those who suffer from indigestion, constipation or headaches—"try Fruit-a-lives" and you will get well".

OUTS OUT WAR PROFITS

Washington, August 14.—The government's war purchasing programme was gone over in detail by the new war industries board. It calls for an elimination of excessive profits on war materials sold to the American and Allied governments, and contemplates protection for the American people against extortionate charges.

One subject given especial consideration today was that of compelling American producers to sell war supplies to the Allies at the same price charged the American government. Protests against this policy, it was said today, are so general the government is taking steps to force compliance, and if necessary will seek legislation to accomplish it.

SCENE from "THE UPHEAVAL" Showing at the Westholme Theatre tonight.

CAPTURED FROM BURNING ZEPPELIN

I am now permitted to disclose the remarkable fact in connection with the air raid of Sunday week, writes a correspondent of The London Chronicle after the last Zeppelin expedition over England, in which Zeppelin 48 was destroyed, namely, that three of her crew were captured alive.

One is understood to be the second in command; he escaped apparently uninjured by leaping from the gondola just before it crashed to the ground. Two others each suffering from a broken leg were rescued from the flaming wreckage in the nick of time by the village constable.

The uninjured German was in the act of walking away from the wreck, heedless of the shouts of his disabled comrades, when he was captured by a petty officer of the navy, home on leave at his mother's cottage less than a quarter of a mile from the spot where the airship fell.

How any of the crew survived is a matter of amazement. Obviously they owe their fate to the length of time taken by the airship in falling. In the other cases where Zeppelins have been brought down over land the fall has finally developed into a sheer drop, but all the evidence here goes to prove that the descent was a prolonged glide. For instance, the occupants of the nearest cottage were gazing at the Zeppelin from the rear of their house when it first took fire; but its landing was well over a quarter of a mile in front of the cottage. The most conservative estimate of the time taken in the fall puts it at three minutes, but most accounts agree that it was nearer five, and I am given to understand that this is the time reported officially.

Save the Food and Serve the Empire!

The Average Canadian Family Wastes Enough to Feed a Soldier

"The Kitchen must help as well as the Workshop and the Trenches" Lloyd George.

INTELLIGENT economy in the kitchen can do much to prevent the threatened world famine—can counteract the effect of high prices—and can replace growing debt with systematic saving.

Careful investigations show that before the war the average British family wasted 25% of their food—and we Canadians were even more extravagant.

This waste is not in a few big things, but in many little ones, each, we used to think, too small to bother about—such as careless peeling of vegetables and fruit—failure to make good use of dripping and "left-overs"—and such others as will occur to every thrifty housekeeper.

For the Empire's sake as well as your own, hunt up and cut out these leaks! You'll be helping to relieve the food shortage—saving your own money—and putting yourself in a position to buy Canadian War Savings Certificates and help win the war.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post-Offices and Banks, thus yielding over 5% interest. Should you need it, you can get your money back at any time.

SUPPLYING

Walter Larsen, of Porcher Island, was this morning arraigned before Mr. C. C. Perry, Indian agent, on the charge of supplying liquor to Indians. The accused is a fisherman, and was arrested yesterday on the trolling grounds off Dundas Island by officers Watkinson and Rogers. He pleaded guilty to the charge and was fined in the sum of \$50, with the option of three months' imprisonment.

The seriousness of the offence was impressed upon the accused, who is only twenty years old, and he was warned that a repetition of the offence would mean the imposition of a sentence of six months' imprisonment. In this case, the offence was connected with the drowning of Arthur Leighton, some time ago, who presumably fell overboard.

Miss Mills, of Vancouver, is visiting her sister, Mrs. John Clark, Besner Apartments.

NEW YORK EXEMPTION BOARD DISMISSED

New York, August 15.—All of the men exempted from military service by the local exemption boards in District 99 will be re-examined by a new board, the members of which Governor Whitman is expected to name today.

District 99, which is in one of the most congested sections of the East Side, was expected to fill a quota of 213. Out of a total of 728 men examined 317 were listed as physically qualified, 33 were rejected and 108 were held for re-examination. About 600 aliens remained to be examined when the members of the board were removed last night by order of President Wilson "because of irregularities."

Can Be Reclaimed.

New York, August 15.—Ninety per cent. of the men rejected by the military authorities for physical disabilities can be reclaimed for the service of the country, according to Dr. John H. Quayle, of Cleveland, Ohio, author of a bill introduced in the Senate yesterday by Senator Pomerene looking for the consummation. The bill provides for the appropriation of \$100,000,000 to be used to establish and maintain reclamation camps throughout the country as adjuncts to the regular training camps. Dr. Quayle said many of the defects of the rejected men were of such a minor character as to be easily corrected and the men thereby reclaimed for military duty.
