GIGANTIC OFFENSIVE ON WESTERN FRONT

GERMANS ARE BEING ATTACKED OVER THE WHOLE LINE—ITALIANS SUCCESSFUL

GIGANTIC OFFENSIVE IS NOW JOINED AGAINST GERMANY

FROM THE SEA COAST TO SWITZERLAND, THE LINE IS ONE GIGANTIC BATTLE, WITH BRITISH, FRENCH, BELGIAN AND PORTUGUESE TROOPS ATTACKING—THE ITALIANS BEND AUSTRIAN LINE

(Special to The Daily News.)
London, Aug. 22.—Great Britain, France, Italy and Belgium today joined in the most gigantic offensive yet directed against Germany. On the western front, from the Belgian sea coast to the borders of Switzerland, over a distance of 435 miles, it is one gigantic battle, with the British, French, Portuguese and Belgian troops attacking.

Southward, Italy's most formidable offensive has thrown millions into the grapple over a front of nearly a hundred miles. On the eastern front, the Austrian line is beginning to bend and give way at various points.

The Italians are supported by tanks and fixed batteries and are marching towards success in spite of the unbroken enemy resistance. Ten thousand German prisoners have already been captured.

At Verdun.
Paris, Aug. 22.—General Pétain's troops are driving fiercely at Verdun, while steadily increasing their pressure along the main des Dames and in the Champagne country. Counter attacks have been made by the Germans with extreme violence both in the Verdun region and on the other fronts. Their attacks have been beaten off with frightful losses to the enemy.

What Berlin Expects.
Berlin, Aug. 22.—The battle of Verdun is not yet ended. Our troops and their leaders anticipate a favorable conclusion to the battle.

Roumanian Front.
London, Aug. 22.—Russia alone of the allied powers is not participating in the concerted assault on the Central Empires. Little Roumania, through her reorganized and revived army is making a stubborn resistance to the great autocratic attempt at encroachment on the fragment of Roumania left to the allied hands.

Air Raids.
Another series of aerial raids has been made over Belgium. Bombs were dropped on Middleburg and the Brugsepoort works. All the British machines returned safely.

Russian Front.
Petrograd, Aug. 22.—The Austro-German forces are making vigorous attacks in southern Roumania. The Russian and Roumanian troops are offering a stubborn resistance, but have been forced back at several points.

Monastir Bombarded.
Corfu, Aug. 22.—One quarter of the Serbian city of Monastir has been destroyed by fire as a result of the Bulgarian bombardment.

Constantinople Raided.
Washington, Aug. 22.—The British aviators again raided Constantinople.

Constantinople. The Turkish cruiser Goeben was severely damaged. **Leave Pekin.**

Pekin, Aug. 22.—The Austro-Hungarian Minister, his staff and consuls whose departure was made necessary by China's declaration of war, will probably take a Dutch steamer from Shanghai to San Francisco, crossing the United States en route to Vienna.

HOPES IN OTTAWA FOR A UNION GOVT.

(Special to The Daily News.)
Ottawa, Aug. 22.—It is understood here that no definite decision has yet been reached as regards the formation of the long talked of Union Government. The Premier has great hopes, but is unable to see them materialize. It is thought that considerable progress is being made towards the end which the Premier has in view, but many obstacles must be removed before the completion of such an administration.

The first obstacle which has been taken out of the path of a Union Government is the Hon. Robert Rogers. He has been opposed to it all along. It has been decided that Sir Clifford Sifton will not be included either. The Hon. J. D. Reid will look after the Public Works Department until a successor to the portfolio is named.

WESTHOLME THEATRE
Tonight there will be staged at the Westholme Theatre one of the best photoplays. The story is set in the northern woods. This is one of the plays that will appeal to the people of this northern country. It fits. Harold Sockwood and May Allison, the two star artists are of the first distinction in their profession. And coupled with a fine play of this description, they certainly have a treat to offer tonight's audience. Ham and Bud will also be shown in their comedy turns.

TENDERS WANTED
Tenders are called for, up to Thursday, August 23 at 6 p. m., for the construction of a bunkhouse at Seal Cove. Plans and specifications may be seen at the office of the Prince Rupert Lumber Company at Seal Cove.

WALLACHIANS COURT ITALIAN PROTECTION

Rome, August 21.—Wallachs residing in southern Albania and northern Epirus have sent an emphatic address to Italy, strongly proclaiming their Roman origin and their desire to be kept under an Italian protectorate, and expressing the hope that their soldier brethren in Italy have forever broken the chains wherewith the Mussulmans first and Greeks afterwards "attempted to destroy their Latin nationality."

The Wallachs declare that if they are not allowed to live in freedom under the "protection of the great mother, Italy," they will fight until they are exterminated. The Wallachs are descendants of Romans colonized in the Balkans by the first armies of ancient Rome which penetrated that region. One of their best-known groups claims descent from Pompey's legionaries.

POLICE COURT

At the Police Court this morning before Magistrate Garss, a fisherman was fined \$35 for using obscene language on the streets and was also fined \$1 for resisting arrest.

Frank Towers, charged with supplying Indians with liquor, was fined \$50 with the option of thirty days' imprisonment.

Mark Spence, an Indian, was fined \$10 for drunkenness, Dan Harris, George Weir and Ben Bennett were also fined in \$10 each for the same offence. George Wilstad, a white man, was fined \$5 and \$2 costs on a similar charge. W. Angel was fined \$10 also.

ASKS FOR REMOVAL OF SIR JOSEPH FLAVELLE

Ottawa, August 20.—Mr. Roch Lanctot, member for Laprairie-Napierville, stated his intention to move in Parliament a recommendation that the Imperial Government be asked to remove Sir Jos. Flavelle from the head of the Imperial Munitions Board in Canada pending the investigation of alleged war profiteering charged against the company of which he is the head, by Canadian Government Commissioner O'Connor, in his investigation of cold storage corporations.

Mr. Lanctot prefaced his resolution by placing upon the Parliamentary order paper the following question:

"Has Sir Joseph W. Flavelle, director of the Canada Cycle & Motor Company, Canada Life Insurance Company, Canadian Bank of Commerce, Flavelle Milling Company, Imperial Varnish and Color Company, John Murphy Co., Ltd., of Montreal, Robert Simpson Company, of Toronto, president of the Davies, Limited, Montreal, The William Davies, Buffalo, N. Y., the Davies Packing Company, National Trust Company, relinquished the Chairmanship of the Imperial Munitions Board pending the inquiry actually made by the Royal Commission appointed by the Canadian Government to ascertain whether or not the William Davies Company have taken advantage of the war-time conditions to sell their bacon and other food products at exorbitant prices?"

F. G. DAWSON, Chairman.

THE REAL REASON FOR THE PURCHASE OF C. N. R.

Ottawa, August 21.—The real motive behind the government's proposals in connection with the Canadian Northern Railway stand revealed in their true light. It can nearly always be taken as a first premise that in any legislation which the present government proposes solicitude for its friends the big interests comes first, and consideration for the national weal, second. This holds good in connection with its Canadian Northern proposals.

In 1914 parliament was persuaded to vote for a forty-five million dollar guarantee to the Canadian Northern on the condition, as laid down specifically in the statute that on default of interest payments, the system would revert, lock, stock and barrel, without payment of a cent to the people of Canada. Last year the government saved the company from default by loaning it fifty millions. This year the finance minister has informed the country that the company has defaulted, but instead of taking action under the statute of 1914 and passing an order-in-council by which the by system shall be vested in the crown without further expenditure, the minister has disregarded that statute, and now proposes to purchase the common stock of the company at a price to be fixed by arbitration.

The Drayton-Ackworth commission appointed by the government to report on the whole railway question, declared positively that the stock had no value and that the shareholders, Mackenzie and Mann, had no equity in it. That fact did not worry Sir Thos. White, "the findings of the Drayton-Ackworth commission," he casually says, "are not entitled to be regarded as accurate." Why? Because, according to the Canadian Northern people, they failed to include some twenty-five millions of assets which the company says it possesses. So the report is now in the same class as the O'Connor report and the Galt report and any other report which works to the injury of the Government's friends.

It is a scrap of paper. It would be unfair, as Sir Robert Borden blandly stated, to take over the lines without giving the owners a chance to establish the value.

Country Must Pay.
On the basis laid down by Sir Thomas the price the country only may be called upon to pay Mackenzie and Mann for the privilege of paying their debts may be estimated at from twenty to thirty millions. But that is not all. Something else must be considered when the motives of the government are being sought. There is the further clean-up to be made by that group of Toronto financiers associated with the Bank of Commerce (for which Sir Thomas himself has also a soft spot in his heart), who hold, it is said, ten million dollars' worth of unguaranteed securities picked up at away below par and who see in the government's action the enhancing of their values to par.

CANADIANS IN HAND TO HAND FIGHT AT LENS

Both the Canadians and Germans Leave Their Trenches to Attack at Same Moment—Fight Fiercely.

(Special to The Daily News.)

London, August 22.—An attack was made by the Canadian troops on the outskirts of the town of Lens at 4:30 a. m. yesterday. By some curious coincidence, the Germans came over the top at exactly the same moment to the attack. Both the attacking forces met in the open in no man's land and one of the fiercest hand to hand fights which the war has yet witnessed developed. The Canadians were more than pleased to get the enemy where they could get at them and for fifteen minutes, the scrap continued in the open. After that time, the Germans retreated, having had enough. They were closely pursued by the Canucks, and bombed out of their trenches.

The German officers tried to rally their men, but it was in vain. They had all sought the shelter of the communication trenches and dugouts, when the victorious Canadians leaped the parapets of the German trenches. Tremendous losses were inflicted upon the enemy by the skillfully thrown bombs of the Canadians. Packed in communication trenches against their reserves, the Germans offered an easy target for the Canadian bombs. As they fled thence, they were closely pursued by the Canadian bayonets.

THE POPE'S PEACE NOTE

(Special to The Daily News.)

The Hague, August 22.—The members of the Reichstag majority of the Catholic centre, radicals and Socialists have arranged a confidential meeting on Monday afternoon, doubtless with the object of discussing the Pope's peace proposals.

Britain's Answer.

London, Aug. 22.—Great Britain's first answer to the Pope's peace note declares that the Holy Father's plan will be examined in a "benevolent and serious spirit."

Postponed in U. S.

Washington, August 22.—President Wilson today postponed the discussion with the cabinet of the Pope's peace proposals in order to give undivided attention to war work.

Will be Rejected.

The rejection by Russia of the Pope's peace proposal was foreshadowed in an official statement issued this afternoon at the Russian Embassy.

THE ELECTION

So far as can be seen at present, the issues which will be before the electorate at the forthcoming Dominion election are greatly reduced. The record of the present Government is to be forgotten and smothered in the folds of the flag. The question before the electors is chiefly to be concerned with the winning of the war. Shall Canada utilize its man power only or shall Canada bend her every other energy as well in the pursuit of the desired end? That is the question.

So far as the present Government is concerned, all they want at the present is another 100,000 men. They are quite content that the large incomes and the excess profits remain undisturbed. The working man has no large income, nor has he had any great chance to acquire much accumulated wealth thanks to the high cost of living, caused greatly by the said possessors of the aforesaid large incomes and excess profits. All practically that he has is his life. "This," says the present Government in effect, "being all that you have, your country demands it of you." To the man with the large income, derived out of munitions, or like Sir Joseph Flavelle's, out of the foodstuffs of the people, the Government in effect says, "You are pulling down a fat thing. We find that the present excess profits tax is bearing too heavy upon you. After allowing you seven per cent clear this iniquitous tax takes too much of the excess profit, which you would not make unless for this dreadful war, therefore, we will change it and only tax you plain four per cent on your total income. It won't cost you so much, and we will make the difference up out of the working man. He's the sucker, anyway."

This in effect, is the attitude of the present Conservative Government towards the two classes of the people resident in Canada. "By their deeds shall ye know them" was stated many, many years ago, and the actions of the present Government has stamped the present Borden Government as reactionaries of the same type, if not to the same degree as

those which the people of Russia have but recently thrown out, neck, crop and baggage.

The Borden Government has introduced the Military Service Bill as their final effort towards the winning of the war. But the further step they refuse to take. It is up to the country to decide whether their plan of compulsory military service only is the best that Canada can do towards the winning of the war, or whether the platform as outlined by the Liberals for the conscription of all the resources of the nation towards the same end will do any better. As the part cannot be greater than the whole, neither can the Conservative plan be better than the Liberal one.

As Premier Lloyd George has said many months ago, it is the supply of silver bullets which is going to tell in the long run. Canada has a great big magazine of silver bullets, which she chooses to overlook, the while she makes military service compulsory. There is something unequal in this arrangement which the working man finds hard to swallow. What better right has the Government to take the poor man and ask him to risk his life than they have to ask the plutocrat to make some sacrifice of his money bags. The Borden Government is strong on the equality of sacrifice. Compare a four per cent income tax with the risking of a God given life!

Yet, to the Borden Government, poor men's lives are many while millionaires are comparatively few. Therefore, in order that the species may not become extinct, they must not be troubled with more than a four per cent tax.

What Canada depends upon for her salvation is a united people, united in their desire to win the war, and to utilize every resource that the country possesses for that purpose. This resource does not end at man power. It extends to every thing in the Dominion. It consists of wealth, or more properly called riches in the shape of swollen incomes, which could be much modified to the benefit of every one, not excluding the possessor, by the

Your "Get-Away Power" in Summer is a matter of fuel-food for the human engine. Food that is hard to digest and low in nutritive value does not supply energy for the day's work. It uses up needed power by overtaxing the digestive organs. **Shredded Wheat Biscuit** is all food. It is 100 per cent. whole wheat and is prepared in a digestible form. Changing from meat and potatoes to Shredded Wheat brings a mental buoyancy and physical alertness that makes one eager for the day's task. Eat it for any meal with sliced bananas, berries, or other fruits.

imposition of a stiff income tax. This conscription also consists of factories and manufactures of all kinds. Instead of turning over Government property to private interests on lease, the Government would operate such themselves and save the profits. Conscription would extend to all the latent wealth of the Dominion in its various forms.

But such will never come from a Conservative Government.

DIPLOMATS SUSPECT CONCEALED DESIGN

Washington, August 20.—The Entente diplomats here, naturally looking to the reception of the Pope's peace proposals by the American Government, recall with much satisfaction President Wilson's demand for "reparation from the Central Powers" as a very significant and pregnant supplement to Mr. Balfour's demand for "restitution" and are certain it warrants the conclusion that there will be no disposition on the part of the United States to accept any terms of peace which could not be subscribed to by all the other governments joined in the great war.

"A peaceful solution," with reference to the problems of Alsace-Lorraine, Trent, Trieste and Poland is generally interpreted in Entente circles here to mean submission to those problems to arbitration. As such arbitration would be impossible of attainment because practically all nations which might in ordinary times serve as arbitrators are now interested parties, the Entente representatives here believe that under the proposal is concealed a design to bring these important subjects upon the conference table when the peace delegates gather. Such a scheme was uncovered in the very first proposal for peace broached by von Bethmann-Hollweg, only to be spurned by the unanimous voice of the Entente powers, and there is no reason to believe that it would be any more welcome now.

RED CROSS NOTES

The sale of home-cooking to be held in the Red Cross tent on Friday will be under the charge of Mrs. F. W. Hart and Mrs. Keith. A great number of people, especially men, had to go away disappointed last week, the demand for home-cooking was so great.

Last week's sale was conducted by Mrs. Embleton and Mrs. Carmichael, when the sum of \$73 was realized. Thanks are due to these ladies for their energetic efforts. In this amount is included the sum of \$5.00, a gift from the men of the yacht "Langara," for which the men are thanked.

The Rev. T. O'Donnell, O. M. I., of Toronto, has handed in the sum of \$10 to the Red Cross Society through Mrs. Morrissey, being the amount of a collection made on the S. S. Prince Rupert after service on August 12, which is acknowledged with thanks.

Many articles were raffled last week which were contributed by Mrs. Hooper, Mrs. H. Parker, Mrs. Vickers, Geo. Frizzell, Vaughan Davis, Murdoch McLeod, F. Stork, Mrs. Toomire, Lynch Bros., C. H. Orme, Mrs. Owen, Miss Hansen, Mrs. Frizzell, Mrs. T. Spencer, G. Bryant, T. McMeekin, J. S. Carmichael, Mrs. Embleton, E. Smart, J. H. Thompson, and Mrs. Burritt.

Mrs. Bazett-Jones, who is looking after the knitting in the absence of Mrs. Kergin and Mrs. Dawson, has a great many socks on hand to be finished off. As the men at the front will need warm socks for the hard winter months, the society would be grateful to any ladies who would organize parties to do this work.

When You Market Consider Your Less Fortunate Neighbor.

"Every citizen who uses more in his household than his household actually needs is increasing the cost of living for those less fortunate, and he is hindering the prosecution of the war."

Sir Thomas White, Minister of Finance.

THE well-to-do woman who sits at her phone and orders provisions lavishly, regardless of price, is abusing the power of money as a bully abuses brute strength!

No longer can we help ourselves as we see fit from an unlimited food supply—we are either limiting our buying to our own real needs or "hogging" someone else's share.

Extravagant buying by those who can afford it, with waste in some kitchens, and excess at some tables, will inevitably bring still greater hardships to those who cannot afford the prices, and hunger to those who must live on less.

Buy for your household as carefully and economically as your husband buys for his factory, store or office. Study food values as well as prices—make it a point to know just what you are getting—eliminate waste—and you'll find that you can feed your family well on far less than you spend now.

Invest the saving in Canadian War Savings Certificates and you will be doubling your service to the nation.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post Offices and Banks, thus yielding over 5% interest.
