CIVIL WAR IN PROGRESS IN RUSSIA --- GEN. KORNILOFF BESIEGING PETROGRAD

COUNTER REVOLUTION IS STARTED BY KORNILOFF

RUSSIAN GENERAL'S ARMY CAPTURES A RAILWAY JUNCTION WEST OF PETROGRAD AND IS MOVING EAST TO CUT OTHER RAILROAD—KLEMBOVSKY, KORNILOFF'S SUCCESSOR, JOINS DICTATOR

(Special to The Daily News.)
Petrograd, Sept. 12.—The first division between the Government troops and the followers of General Korniloff's men began yesterday by bombarding the positions of the Government troops with heavy guns. It is rumored that the revolutionists have entered Gatchina, without opposition, Gatchina being an important railway junction southwest of Petrograd. Other forces of General Korniloff's are moving on the coast, with the aim of cutting the Petrograd railway. With the capture of two railroad lines to Petrograd in his possession, the capital will be entirely cut off.

Besiege Petrograd.
General Korniloff has detained the troops and has ordered them to march on and besiege Petrograd. The Government troops are marching out from the Capital to oppose Korniloff's forces. The railway between Petrograd and Luga has been torn up in accordance with Kerensky's orders.

General Niekue, the commander of the Russian armies on the southwestern front telegraphed Kerensky that he intends to support Korniloff, while General Dmitri Steherbachoff, the commander of the Russian forces on the Roumanian front, has ordered his armies and also those in the Bessarabia Military District to take part in the conflict, thus remaining true to the Provisional Government. It is reported that the Cossack divisions are being reorganized.

Alexieff Refuses.
The Government last night made repeated efforts to induce General Alexieff, the former commander-in-chief of the Russian armies, to take command against Korniloff, but the Government met with persistent refusal.

Fleet Loyal.
London, Sept. 12.—A message from Russia received yesterday afternoon, said to be from the Russian Prime Minister, states that the entire Baltic fleet, together with its staff officers, has unanimously placed itself on the side of the Provisional Government. A rumor is also current that Kerensky has been killed by a member of the Bolsheviks.

Korniloff no Traitor.
The Times here says that al-

though Russia's outlook is dark and effects the war on every front Korniloff cannot be regarded as a traitor. He evidently felt that there was no alternative but for him to declare himself dictator, and evidently chaos and confusion are likely to become more confounded.

ALPHONSO BRINGS ON A NEW AGREEMENT

(Special to The Daily News.)
London, Sept. 12.—An agreement has been obtained from the belligerent powers by King Alphonso, permitting the free movement of French and British hospital ships. It also provides for the removal from French hospital ships the German officer prisoners after today. On its part, the German Government will remove French prisoners from exposed positions on the front where they were placed as acts of reprisal.

COAL DEALERS WARNED

(Special to The Daily News.)
Ottawa, Sept. 12.—Fuel Controller McGrath has issued a warning to the coal dealers of Canada not to increase their prices for coal now that the winter is approaching, without first making representations to him.

NEW FRENCH MINISTRY

(Special to The Daily News.)
Paris, Sept. 12.—The French Socialists are likely to have greater power in the reconstructed ministry. They had a grievance against M. Ribot and forced him from power. M. Painleve has undertaken to form a new cabinet.

OFFENSIVE ON U-BOATS

London, Sept. 10.—In conversation with a representative of Reuter's, a British naval authority speaking of the submarine menace said it must be remembered that Germany was staking everything on U-boat warfare, therefore signs of it intensifying were not surprising.

There are indications, he said, of larger submarines, approximately of the cruiser type, being turned out. However, Germany has no prospect of success within the time she is likely to have at her disposal, for with Germany there must be a time limit.

In combating the submarine, he said, we are being greatly and increasingly helped by the United States and Japan. As regards offensive measures and anti-submarine, naturally precise figures can not be given, but the outlook is hopeful. He added: "We are proceeding at full speed in our offensive steps, and in the near future there is every possibility of our being able to neutralize shipping losses."

WESTHOLME THEATRE

Tonight at the Westholme Theatre there will be displayed a photoplay of a splendid character entitled "The Purple Lady." This is one of the Metro productions, which is quite sufficient in itself to ensure something above the average. The cast is an all-star one. "The Purple Lady" is sure to please everyone who witnesses it, and to finish off the programme there will be a fine laughable comedy as well. Special musical selections have been arranged.

B. C. LABOR CONVENTION WANTS PATRIOTIC FUND ON DIFFERENT BASIS

The Prince Rupert Trades and Labor Council had its regular meeting in the Carpenters' Hall last evening, when quite a lot of business was got through.

Reports from committees were received. An amicable settlement was reported in the matter of wages of the city's outside staff, a percentage bonus being received from the council.

A report was also considered regarding the Workman's Compensation Act, and the question of the working of this act will be taken up further.

The committee in charge of the Labor Day celebration reported success in every direction. Some criticism was made regarding the Telkwa celebration taking so many people away from the city on Labor Day. It was considered that otherwise, the visitors from Prince Rupert would have taken part in the celebration of Labor Day here.

The President, Mr. S. D. Macdonald, who attended the Labor convention in Vancouver, told of the deliberations at that meeting. The question of calling a general strike in the event of the enforcing of compulsory military service without the conscription of the means of production as well, was left in the hands of the executive, who will act as occasion demands.

The convention also declared in favor of placing the Patriotic Fund on a different basis from that which at present exists. It was considered that contribution to this fund should not be left to the voluntary pleasure of the people to give or not to give as they saw fit. The matter should be dealt with and administered by the Government. Unless this fund was put on a proper footing, organized labor may not continue to support the Fund after December 15th.

COL. ROOSEVELT GETS DOWN TO BRASS TACKS
Oyster Bay, N. Y., Sept. 10.—Women are entitled to the ballot as a right and not as a favor, Col. Theodore Roosevelt told a gathering of about 500 suffragettes at Sagamore Hill this afternoon. He declared himself most emphatically in favor of woman suffrage, and said:

"On the whole, the citizen to whom I will pay the greatest deference as doing the most indispensable of all duties is the mother. I will put her ahead of every other human being. To deny the mother the vote seems to me something so preposterous that our descendants will fail to understand how we could call ourselves self-governing and democratic and yet deny it."

ROW TWO THOUSAND MILES IN OPEN BOAT

On Monday, an open boat containing seventeen men in the last stages of exhaustion, arrived at Ikeda, on the Queen Charlotte Islands. They were Japanese, and were the Captain and sixteen of the crew of the Kotohira Maru, a Japanese vessel which was wrecked on the Aleutian Islands, which form the southern boundary of the Behring Sea, stretching across from the Alaska Peninsula to Kamschakcha in Siberia. The vessel struck on the 27th of July, the crew taking to the boats, and made for Dutch Harbor, the nearest port. Two of the life boats were picked up there, but a thick fog came on and this third boat lost sight of the others. Later, the weather got stormy, and they got blown out to sea.

Pulling on the oars from the 27th of July, till the 10th of September, the shipwrecked mariners were glad to land among their own people at Ikeda mine. Many of the men were unable to eat, and had to be spoon fed. Every attention was given them by the residents at Ikeda, and it is hoped to restore them all to health again.

The Prince John is leaving for the Islands tomorrow, and it is expected that she will bring the captain and his crew back to Prince Rupert en route to Vancouver.

THE BRITISH SEAMEN WILL PUNISH PIRATES

London, Sept. 11.—The Trades Union Congress at Blackpool has unanimously passed resolutions emphatically protesting against the barbarous methods of enemy submarine commanders, which are calculated to destroy the high and noble traditions of the sea; also recording its high appreciation of the brave and gallant seamen of the British merchant service.

Mr. Havelock Wilson said that British seamen had decided, at the end of the war, whatever the Government might do, to see that the Germans were punished for their foul deeds, and every crime they committed in future would be included for punishment.

Seamen, he said, had a peculiar way of doing things, but they got there.

FRENCH VILLAGERS CARRY GAS MASKS

Ottawa, Sept. 10.—A fascinating story of life in the devastated regions of France is told in a letter which Mme. T. Chase Casgrain, widow of the former Postmaster-General, has received from M. Mirman, prefect of the Department of Meurthe and Moselle. M. Mirman relates how the villagers carry on their daily duties with gas masks fastened to their belts ready to put on at the first signal of danger.

"Women and old men," he writes, "who plough the fields, all carry masks by their side, but the children are not able to do so. The military physicians unambiguously declare that the masks are of no protection at all to a child of less than seven years, so the authorities have had to gather the children together and take them back farther from the front. The problem is somewhat difficult. The fathers are soldiers and the mothers must remain in the villages to farm and prepare the harvest. I had to pick up the children as traders gather poultry and eggs in the country and take them to town. With so many hundreds of children to care for I had to improvise a vast orphanage."

The letter speaks of the admiration in which the Canadian soldiers are held by their French comrades.

"When speaking of the 20th Division," the letter proceeds, "I must tell you how often the officers and soldiers of this army in Nancy have manifested to me their admiration for the Canadian soldiers. Every time we congratulate them on their deeds they merely declare that we should rather congratulate the Canadian soldiers, whose bravery, to their minds, is incomparable."

A COSTLY SCRAP

This morning in the police court, before Magistrate Carrs, Thomas Halbert paid \$20 for damage done, \$1 costs, and a fine of \$5 for the privilege he took of fighting in the store of Mr. Lando at the corner of Second and Sixth. Alfred Mann, who was the other party to the fight, was also fined \$5.00.

Mr. Lando's show cases, containing candy were fairly well smashed in the melee.

HUN AVIATORS BOMB HOSPITAL NEAR DUNKIRK

During the Night, German Airmen Drop Bombs on Another Hospital—Trench Raids are Reported.

(Special to The Daily News.)

Paris, Sept. 12.—French raiding parties last night penetrated the German lines in the region southeast of Vauxaillon, and north of the Casque. In the Champagne district, German supplies were destroyed and a number of prisoners were taken. German aviators during the night dropped bombs in the region of Dunkirk. Some of the missiles struck the hospital wounding five women.

British Front.

London, Sept. 12.—Local fighting is reported around Hargicourt. Heavy enemy artillery fire is in progress on the Ypres front. Severe fighting took place on the Somme front, during which the British captured a quarter-mile of the German trenches.

U. S. Vessels Attacked.

Washington, September 12.—A battle between a fleet of American steamers and their convoy and six German submarines took place off the coast of France. Two of the American vessels were sunk, and probably one submarine was destroyed, before the attackers were driven off.

THE WAY TO SPEND IN TIME OF WAR

We in Canada have long possessed the habit of spending money more generously than do most other peoples. Many who have responded to the appeals for war economy and are saving money regularly feel cramped and hemmed in by their inability to spend.

A way has been provided for the spending of money in wartime. Every person can spend wisely and well any amount up to \$1,500. The thing to do is to buy War Savings Certificates. The advantage of spending in this way is that the spender is assured of his money's value and something more, since he draws more than 5 per cent. interest. In three years his \$21.50 comes back to him as \$25, his \$43 as \$50 and his \$86 as \$100.

Money can be spent on War Savings Certificates at any Bank or Money Order Post Office. The man or woman in Canada who has money to spend and feels the desire to spend it should go right down to one of these and get a certificate.

THE C. N. R. DEAL

The scene in the House of Commons at Ottawa which marked the adoption of the closure to force the Canadian Northern bill through would have delighted the heart of the most truculent. It is described by a press correspondent as follows:

"Wild scenes of angry disorder which threatened at one time to terminate in a riot, swept Parliament tonight. Amid shouts of 'Call in the police!' and a tumult and angry roar above which no words could be heard, Sir Thomas White and Hon. Rodolphe Lemieux were both on their feet, quivering with passion, and gesticulating at one another and at Deputy Speaker Rainville. A moment later, Hon. William Pugsley, backed by Opposition cheering and Government hooting, was out in the middle of the floor, facing the manifestly nervous Deputy Speaker, and demanding recognition from the Chair for Mr. L. J. Gauthier (St. Hyacinthe), who was endeavoring to address the House.

Passion ran riot in the Chamber, and both sides roared personalities and insults at one another. The din at times was deafening, and nothing beyond the babel of shouts could be heard in the Press Gallery. Bitterness and trouble had been brewing all night, but the storm broke shortly before midnight, when, under the closure rule, Sir Thomas White endeavored to take the floor from Mr. Gauthier, and was recognized by the Chairman.

Sir Thomas White gesticulated angrily, but could not be heard. "Shame," "Coward," "Serve your masters, the big interests," "Call in Lash to tell him what to say," were among the shouts heard from the Opposition side. "Give the plain people a chance once in a while, Mr. Millionaire Financier," was Mr. Ethier's taunt, a mid mingled cheers and groans.

It would seem as if the British Parliament in its most stormy days had nothing on Ottawa. However, the fight went in favor of the interests, whose watered securities are to be purchased for real dry money by the people of Canada.

Even the Montreal Journal of Commerce, which has always been strictly impartial when discussing political matters, considers this bill "extraordinary."

The Journal says: "The extraordinary part of the situation is that the Government are proposing to assume all the company's obligations of the past, provide all this money for the present and future purposes of the enterprise, and pay Messrs. Mackenzie & Mann through the convenient process of an arbitration, an unknown number of millions for the privilege of doing so!

"In all their bargains Messrs. Mackenzie & Mann have been able to plead that the money which they sought to raise was for the construction of their various lines of railway. Here is a new bargain in which they are to raise a huge sum—not in the money markets of the world, but from the people's treasury, not for the railways, but for themselves personally! And all the present indications point to their success."

"Gather ye rosebuds while ye may" seems to be the idea of Sir Thomas White. He has a shrewd suspicion that he may not be Minister of Finance very much longer, and that unless this bill was rammed through Parliament this session, it would have mighty little chance to pass during the next.

NOTES AND COMMENTS

Following in the footsteps of Napoleon, about a hundred and forty years ago or thereby, General Korniloff, who has evidently been pondering the doings of the "Little Corporal" in his heart, has indicated his desire to be military and civil dictator in Russia. Conditions in both countries would seem to be similar, although with the difference of time. The people of Russia will be but little the better for the revolution if they are only to under go another autocracy for the one they have thrown off.

Kerensky has been prompt in trying to suppress this Tartar aspirant to power. He ordered Korniloff at once to hand in his resignation and sent a successor

to the front to take over the duties of the Commander-in-Chief. If Kerensky is strong enough to hold such opportunists as Korniloff in check, Russia may emerge from her chaotic condition sooner than was expected.

It is surprising how easy the institution of meatless days has been accomplished throughout the country. Although not made compulsory, many private families are adopting the same scheme as laid down by the Government for the restaurants. Prohibition will probably have a like effect. After a day or two, the bars will be forgotten about, and business will go on as if they never were.

The thanks of the Society are given to Mrs. Birnie and Miss Hudson for their conduct of the sale of home-cooking in the Red Cross tent last Friday, when the sum of \$78.65 was realized. Contributions of food were much better but the demand still far exceeds the supply. The Society also offers thanks to all those who contributed to the sale.

Last Friday the Red Cross tent resembled a fall fair. The pupils of No. 2 Division of King Edward School sent vegetables that were soon sold. Mr. McDonald, who was instrumental in making the garden must have felt proud of his efforts. Mrs. McClymont sent some fine roses and other flowers, which sold well; also Mrs. Kerr and Miss Hudson. Spurr's car very kindly looked after the delivery of these vegetables.

The following cash donations have been received which are hereby acknowledged with thanks. Harry Hooper, from the sale of his auto, \$100; W. A. Massett Reserve, per W. Adams, \$9.00; Florence Grace Carroll and Mary Kerr, \$9.20; also Frances Norma Rogers, Ruth Nunan and Alice Spencer, \$1.25, while B. L. Tingley of Port Clements is thanked for another donation of \$25.

This Friday's sale will be under the charge of Mrs. Rix, Mrs. Caruthers and Mrs. Harvey Peck.

By the kind permission of the management of the Fair, the Red Cross Society will have charge of the tea room upstairs as usual. The committee in charge is as follows: Mrs. R. L. McIntosh, convenor; with the following ladies in charge: Mrs. Besner, Mrs. Dawson, Mrs. Craig, Mrs. Hal Peck, Mrs. Bazett-Jones, and the Queen Mary Chapter of the I. O. D. E. with Mrs. Alex. Manson and Mrs. Reddie at the head. It is hoped the public will give their usual hearty support to this effort.

The following are the donors of the various articles and the winners of the drawings at last week's sale: a fisherman friend presented a bag of flour which was won by E. F. Doyle; Mrs. Birnie five gals. jam won by Sheila Conway; John Nicholson a \$5 gold piece won by J. E. Sharpe; Miss E. Wright, cream and sugar, won by Mrs. Irvine; Miss Birnie, baby's shoes won by D. L. Thompson; Mrs. Vickers, baby's bonnet, won by C. J. Graham; a fisherman, sack of sugar, won by C. J. Graham; Mrs. Jack Thompson, embroidered pillow won by C. G. Loop.

Two parcels are lying unclaimed at the Red Cross rooms, won by E. R. Jenner and J. M. Auckland respectively.

Military Service Act 1917

Explanatory Announcement by the Minister of Justice

THE MILITARY SERVICE ACT has received the assent of the Governor-General, and is now part of the law of the land. It will be enforced accordingly, and the patriotism and good sense of the people can be relied upon to support it. Resistance to its enforcement, however, by word or act must and will be repressed, as resistance to any other law in force must be.

Reinforcements Under Military Service Act Immediately Required

It is the intention of the Government immediately to exercise the power which the Act confers, and to call out men for military service in order to provide reinforcements for the Canadian Forces. This is necessary, since the military authorities report that the reserves available or in sight for reinforcement will shortly be exhausted unless this step be taken.

First Call Limited to Men Between 20 and 34, Who Were Unmarried, or Widowers Without Children, on July 6, 1917

The present call will be limited to men not in the schedule of exceptions, who were unmarried or widowers without children on 6th July, 1917, are at least twenty years of age, and were born on or since 1st January, 1883. Of this class, all those will be entitled to conditional exemption whose services in their present occupations, agricultural, industrial or other, are essential in the national interest, and whose business or domestic responsibilities are such that serious hardships would ensue if their services be required. Conscientious scruples based upon a prohibition of combatant service by the articles of faith of the religious denomination to which men belong will also be respected. The men first required to serve will consequently be those who can be called upon with the least disturbance of the economic and social life of the country.

Civil Tribunals to Deal with Exemptions

Questions of exemption will be determined, not by the military authorities or by the Government, but by civil tribunals composed of representative men who are familiar with local conditions in the communities in which they serve, who will generally have personal knowledge of the economic and family reasons which those whose cases come before them have had for not volunteering their services, and who will be able sympathetically to estimate the weight and importance of such reasons. Provincial Appellate Tribunals, constituted from the existing judiciary of the respective Provinces, will be provided to correct mistakes made by Local Tribunals, and a Central Appeal Tribunal for the whole of Canada, selected from among the present Judges of the Supreme Court of Canada, will be constituted in order that identical principles may be applied throughout the country. In this way every man may rest assured of the fair and full consideration of his circumstances and the national requirements, both civil and military.

Proclamation Will Announce the Day

A proclamation will issue calling out the bachelors and widowers referred to, and fixing a day on or before which every man must report for service to the military authorities, unless he has before that day made an application for exemption.

How to Apply for Exemption

Applications for exemption may be made by written notice on forms which will be available at every post-office, and will be transmitted free of postage. They will not, however, be required to be made in this way, but may be presented by the applicants in person to the Exemption Tribunals. The cases of those who have given written notice in advance will have precedence, and appearance in person will therefore be likely to involve considerably more inconvenience and delay to the men concerned, so that it is recommended that advantage be generally taken of the facilities for written application.

Exemption Tribunals in All Parts of Canada

The Local Exemption Tribunals will be constituted with the least delay possible, consistent with the selection of representative individuals to compose them, and the instruction of the members in their duties. There will be more than one thousand of such Tribunals throughout Canada, each consisting of two members, one of whom will be nominated by a Joint Committee of Parliament, and the other by one of the Judges of the existing courts. Every effort will be made by the wide distribution of Tribunals, and by provision where necessary for their sitting in more than one place, to minimize the inconvenience to which men will be put in obtaining the disposition of their cases.

A Registrar will be appointed in each Province, who will be named in the proclamation, and to whom enquiries may be addressed. Each Provincial Registrar will transmit to the appropriate Tribunal the applications for exemption which have been submitted in advance of the sittings, and men who have sent these in will not be required to attend the Tribunals until notified to do so. Other applicants should attend personally on the Tribunal without notice.

How to Report for Service

Men who do not desire to claim exemption will report to the military authorities for service, either by mail or in person, at any time after the issue of the proclamation. Forms of report by mail will be found in all post offices and, like application for exemption, will be transmitted free of postage.

Early Report Advantageous

No man who reports for service will, although he may be medically examined and passed as fit, be required to go into camp or join a battalion until after a day fixed by the proclamation sufficiently late to permit of the disposition by the Local Tribunals of most, if not all, of the applications for exemption which may come before them. Thus no advantage will be gained by delaying or disadvantage incurred by prompt report for service on the part of those who do not intend to apply for exemption.

Facilities for Immediate Medical Examination

Immediately upon the issue of the proclamation, Medical Boards will sit at every mobilization centre for the examination of men who report for service or who, subject to their right within the time limited to apply for exemption, desire to have their physical fitness determined in order to allay any doubt as to their physical condition, or to know definitely in advance whether there is a possibility of their services being required. Certificates of physical unfitness issued by these Medical Boards will be accepted without any further investigation by Exemption Tribunals when they sit. Men found physically fit who have not reported or service may nevertheless apply for exemption on any of the prescribed grounds, including even their physical condition if dissatisfied with the Medical Board conclusion.

Notice to Join the Colors

As reinforcements are required notice to report at the nearest mobilization centre will be given from time to time to the men found liable and passed as fit for service. Disobedience of such notice will render the offender liable to punishment, but punishment for failure to report for military service, or to report subsequently for duty when called upon, will be imposed ordinarily by the civil magistrates; offenders, however, will remain liable for the performance of their military duties notwithstanding any civil punishment which may be imposed, and will be liable to military punishment in cases in which civil proceedings are not taken.

Watch for the Proclamation

Notice of the day appointed for the making of a claim for exemption or for report for military service will be published as widely as possible, but as no personal notice can be given until the individuals called out have so reported themselves or claimed exemption, men possibly concerned are warned to inform themselves with regard to the day fixed, since neglect may involve the loss by them, of important privileges and rights.
