## KORNILOFF WOULD SURRENDER ON TERMS

### MILITARY SERVICE EXEMPTION TRIBUNALS TO BE READY BY SEPTEMBER 30

#### KORNILOFF'S FORCES HAVE SURRENDERED

Kerensky Leaves Petrograd at the Head of Government Army to Meet Korniloff, Who Offers Terms.

(Special to The Daily News).  
Petrograd, Sept. 14.—M. Skobelev, the Russian Minister of Labor in the Kerensky Cabinet, and member of the Council of Workmen and Soldiers' Delegates, announced through the official Russian News Agency today that General Korniloff's adventure has collapsed. The army at his headquarters has surrendered to the Provisional Government.

**Wants Terms.**  
General Korniloff, the leader of the rebellion against the Provisional Government, has expressed his willingness to surrender on certain terms, but the Provisional Government demands his unconditional surrender. Numerous delegations from Korniloff's army are arriving at the staff headquarters in the Petrograd Military District in a penitential mood. It is possible that the revolting officers may suffer punishment. Capital punishment may be meted out to the revolutionary converts to necessity for military discipline. No fighting has been reported so far. The Provisional Government has declared Korniloff to be a rebel and a traitor. It is possible that negotiations may be entered into.

**Suicidal Fighting.**  
The Russian armies in the field are fighting desperately and successfully against the Germans in the northern front despite the civil war between Korniloff and Kerensky.

**Leaves Petrograd.**  
London, Sept. 14.—Swedish newspapers say that Kerensky has left Petrograd at the head of the Provisional Government's forces to meet Korniloff.

**Berlin Report.**  
Berlin, Sept. 14.—Under strong pressure from the Russian forces, the German cavalry in the Riga-Wendou road withdrew from Moritzburg and Neukaipen.

**MARRIAGE BY PROXY**  
(Special to The Daily News.)  
Melbourne, Sept. 14.—Premier Hughes of the Commonwealth Parliament, has announced to the House of Representatives his intention to consult with the churches regarding the confirmation of marriage by proxy between Australians at the front and the women of Australia.

#### FIRST CALL FOR MEN EXPECTED TO BE SOON

Ottawa, Sept. 14.—Amendments to the War Time Elections Act have been made. In the larger places the polls will be open at six o'clock in the morning. All civilian voters must be resident of Canada to exercise the franchise. After a lengthy session, the bill now stands for its third reading.

**Exemption Tribunals.**  
The day of the first call for conscripts is near. All Canadian exemption tribunals must be complete by September 30. This date is set by order-in-council. Men in the first class are urged to submit themselves to the Medical Boards.

**C. N. R. Bill.**  
Senator Bostock moved a six months hoist for the C. N. R. Bill, which failed to go through. On the 17th inst. over two hundred labor men representing Labor unions all over Canada will assemble here for their annual convention.

#### THE FRENCH MINISTRY

(Special to The Daily News).  
Paris, Sept. 14.—The second attempt of M. Painleve to form his cabinet has been successful. The committee of the cabinet has been provided for in decree.

#### ENEMY SUB SUNK BY U. S. DESTROYER

A Gulf Port, Sept. 12.—The capturing by an American destroyer and the killing of four members of the submarine crew who had boarded a British steamer, is reported by Wm. Raymond Brown, an American seaman, who arrived here yesterday aboard a British steamer.

According to the story told by Brown, the submarine emerged near the steamer, but soon after she came alongside the American destroyer came up and destroyed the U-boat.

After the submarine was destroyed the men who had previously gone aboard the British steamer tried to take charge of the vessel.  
One of the German officers was hit on the head and killed as he was going to the engine-room, and three others were killed in the fight that followed.

Brown said that only two Germans remained aboard the submarine after she came alongside the steamer.  
The Germans who were not killed in the fight on the destroyer were turned over to the destroyer as prisoners.

#### BAIT FOR FISHERMEN NOW FREE OF DUTY

The information contained in the following telegram will be of considerable importance to those engaged in the fishing industry on this coast.

Ottawa, Sept. 13, 1917.  
G. W. Nickerson, Prince Rupert, Commissioner of Customs advises Department in special existing circumstances now prepared allow ex-warehousing salmon and herring for bait.

(Signed) T. F. DESBARATES, Deputy Minister of Naval Affairs.  
While there was a shortage of bait here, it was permitted temporarily to bring bait in from the United States duty free. It is likely that this temporary arrangement will be made permanent.

#### THE CRADLE

Born to Mr. and Mrs. Oliver Walker, of Alice Arm, B. C. at the Prince Rupert General Hospital, on September 13th, a son.

Are they going to be fool enough to do it?—New York Tribune.

#### A FOOD CONTROLLER WHO CONTROLS PRICES

Washington, Sept. 12.—Food Commissioner Herbert C. Hoover struck his first smashing blow at exorbitant retail prices today. He enlisted an army of housewives to watch prices in every community of 3,000 or over. They will report to him by mail weekly. On the basis of these reports and aided by public opinion, Hoover will lash profiteering retailers to the mast and hammer prices down to reasonable levels.

The plan was put into effect through the treasury department today. A letter addressed to the president of every national bank, asked the appointment of a "food reporter" from the staff of each bank, or from among the women in the homes of the bank officials.  
"Hoover desires," said the letter, "to find correspondents in each place who will inform themselves at the end of each week the prices being charged by retail grocers and food dealers for thirty articles named."

#### GERMAN PAPER RAIDED IN PHILADELPHIA

Philadelphia, Sept. 13.—In a raid on the Philadelphia Tageblatt, a long established German language morning newspaper, which is charged with having been attacking government war policies for several months past, federal agents arrested the editor and business manager and confiscated large quantities of correspondence, files and documents. The prisoners, who are charged with violating the Espionage Act, are Dr. Martin Darkow, editor, and Herman Lemke, business manager. Warrants also have been issued for the president, treasurer, editor-in-chief and an editorial writer.

The government agents in one warrant charge certain members of the staff with "wilfully making and conveying false reports and statements with the intent to promote the success of the enemies of the United States, while the United States is at war."

A second warrant charges the staff with using the mails for the same purpose.

The raid follows an announcement from Washington that the government intended to take drastic action against all foreign language newspapers circulating anti-war propaganda.

#### MEAT SCARCITY WILL LAST FOR MANY YEARS

Toronto, Sept. 10.—At the directors' luncheon at the Canadian National Exhibition, W. J. Black, commissioner of agriculture for Canada, stated that prices of meat products would remain high after the war.

He declared that Canada would send two hundred million bushels of wheat to the Allies this year. Since the outbreak of war there were 28,000,000 fewer cattle, 50,000,000 fewer sheep and over 30,000,000 fewer hogs. The result would be that in the years after the war the prices of meat products and live stock would still remain high. The farmers were not receiving prices out of proportion when compared with prices of other products which the people were buying.

#### MORAL FORCE IS ON RUSSIANS' SIDE

Petrograd, Sept. 12.—The committee of the 12th Russian Army, before leaving Riga left an appeal printed in German and addressed to the German soldiers, pointing out that the latter was making war on the side of autocracy and against a revolution of liberty and justice. The appeal said the victory of Kaiser Wilhelm would mean the end of democracy.

"We are leaving Riga," says the appeal, "but we know the revolutionary spirit will prove stronger than your cannon, we know that in the end your conscience will see more clearly and that you will march on to victory and liberty side by side with the revolutionary army."

"Your strength is greater than ours, but your superiority is merely of physical force. Moral force is on our side. History will relate that the German proletariat marched against their Russian brothers forgetting the dictates of international solidarity."

#### TO PURCHASE MEATS

Montreal, Sept. 14.—It is understood that negotiations are in progress to provide a credit of seventy-five million dollars for the Imperial Government's purchases of meats, bacon, etc., in Canada.

#### G. T. P. OFFICIALS WILL VISIT COAST

A party of Grand Trunk Pacific officials is expected on the coast shortly from the East. The members will probably travel west over the G. T. P. railway to Prince Rupert and reach Victoria on one of the G. T. P. liners.

Among the officials will be Mr. Alfred W. Smithers, chairman of the board, London, England; Mr. W. P. Hinton, recently appointed vice-president and general manager of the G. T. P. Railway Co., and also of the G. T. P. Coast Steamship Company, with headquarters in Winnipeg, and Mr. W. E. Duperow, who was, on Sept. 1, appointed general passenger agent of the G. T. P. with offices in Winnipeg.

The appointments to Mr. W. P. Hinton and Mr. W. E. Duperow marks the rapid promotion of two officials who have served the company with all due diligence and have won their advancements strictly on their own merits and

MR. W. P. HINTON

applied ability. Mr. Hinton was born at Ottawa in 1871 and was educated at the capital.

**Much Experience.**  
He began railway work with the Canada Atlantic in 1887, transferring to the traffic department in 1894. From 1896 to 1901 he was assistant general freight agent, later became freight agent and in 1903 was appointed general freight and passenger agent. In 1905 the Grand Trunk absorbed the Canada Atlantic and he became general agent in the passenger department. He occupied several other important positions in the East, gradually working up the ladder until in 1915 he became traffic manager of the Grand Trunk Pacific at Winnipeg, having charge of both freight and passenger traffic and at the same time receiving the appointment of western traffic manager of the Canadian Government Railways.

Mr. Duperow became well-known in Victoria when he occupied a position with the company there, having been transferred to Winnipeg in 1913.

#### SUDDEN DEATH OF MR. W. G. GILLET

Mr. W. G. Gillett, former mayor of Nelson and Fort George, died very suddenly at his home in Vancouver on Tuesday morning. Mr. Gillett was one of the best known contractors in the province, and the news of his demise will come as a shock to his many friends.

He was mayor of Nelson in 1906 and 1907, and located in Fort George in 1914, where he was the first mayor in 1915, and was re-appointed again in 1916. Last year, Mr. Gillett was an independent candidate at the provincial election in the Fort George riding.

Have Established Themselves out of Range of Enemy Artillery—The Austrian Attacks Beaten.

(Special to The Daily News).

Udine, Sept. 14.—The Italians and the Austro-Hungarians are engaged in bitter fighting for the possession of Monte San Gabriele on the Isonzo front. The Italians have established themselves just under the crest of the mountain, where they are out of range of the Austrian artillery, while they themselves are enabled to shell the enemy. Austrian attacks on the Bainsizza plateau have all been repulsed.

#### Rioting in Buenos Ayres.

Buenos Ayres, Sept. 14.—The rioting which began here late on Wednesday continued throughout the night. Every German business house and restaurant in the town business section was wrecked. The German club and other buildings have been seriously damaged by fire.

**THE PEACE PROPOSALS**

Never since the days of Gladstone's scathing speeches regarding the doings of the unspcakable Turk in their treatment of nations subject to them at that time has any Sovereign been the recipient of such an indictment as that contained in President Wilson's review of the Kaiser and his clique in their actions since the war began.

"We cannot take the word of the present rulers of Germany as a guarantee of anything that is to endure unless explicitly supported by such conclusive evidence of the will and purpose of the German people themselves as the other peoples in the world would be justified in accepting—without such guarantees, treaties of settlement, agreements for disarmaments, covenants to set up arbitration in the place of force, territorial adjustments, reconstitution of small nations, if made with the German Government, no nation could depend on. We must await some new evidence of the purposes of the great peoples of the Central Powers. God grant it may be given soon and in a way to restore the confidence of all peoples everywhere in the faith of nations, and the possibility of a covenanted peace."

This attitude taken up by President Wilson is the only one that can reasonably be adopted by the Entente powers. Time and time again, have the present rulers of Germany shown that their pledged word is as naught. They regard their written and signed treaties as scraps of paper. Their word is worthless. Until such time as the German people as a whole are in a position to talk peace, the war with the rulers of Germany will go on.

Germany is still ruled by the Military caste. Democracy, the chief feature of our western civilization, has not found expression in Germany to any great extent as compared with her neighbors. The Kaiser and his beaureaucratic advisers are still ruling Germany with a rod of iron. The hunger, discontent and unrest so prevalent throughout the Central Empires have not yet caused any relaxation of the stern discipline with which these countries are governed.

The Kaiser is still the Kaiser and his law is law—in Germany.

In the eyes of the Allies, Hohenzollernism and Democracy are irreconcilable. The object of the war, in the words of President Wilson, is "to deliver the free peoples of the world from the menace and actual power of a great military establishment." Once the German people are freed from the thralldom of their military caste, they will be the gainers as a result of this great struggle. In freeing Europe and the whole world from the menace of military aggression, the Allies will afford an unexampled opportunity for the German people to assert their collective will. If they have any will, apart from that of their present rulers, left.

Freed from their insanity caused by their dreams of world power, it may be that the simple minded, kindly, deep thinking Germany of a hundred years ago may yet resume her place among the nations of the world.

**NOTES AND COMMENTS**

The Dominion Government is averse to the conscription of wealth for the winning of the war. It has no objection, however, to taxing the people to pay Mackenzie & Mann millions of dollars for watered stock.

Baltimore Sun: Some fool Americans before the war used to talk about annexing Canada and extending to it the blessings of republican government. Unless we raise ourselves to the level of these great-souled people, the best thing that could happen to us would be to get Canada to annex us. But we hope these letters will thrill our hearts with admiration and will stir us to a generous emulation. To be a Canadian must be, for the next generation at least, equivalent to being one of the elect of the earth.

The Island Coke and Coal Co. in the Nicola Valley, being in financial difficulties, owes to its employees some \$7,000 in wages. The Hon. Minister of Mines, Mr. Sloan, suggests to the workmen that they take over the mine and

operate it for themselves. This principle of collective ownership has been advocated for long enough, and if suitable arrangements can be made for the accomplishment of this experiment, the outcome will be watched with great interest.

With the capture of Riga and the occupation of the territory, Berlin dispatches to Copenhagen indicate that the operations of the German forces in this district will cease. It is too late in the season for a further advance. Petrograd would be too risky an objective. The severe Russian winter is a good protection.

Coal-dealers must not raise the price of coal without making representations to the Fuel Controller. Meantime, Sir Joseph Flavelle and his associates are permitted to add another cent or two whenever they feel like it to the price of bacon.

The debate on the Military Service Act was a very leisurely thing, although more recruits, according to the Government, were in urgent demand. When it comes to hand out millions of the people's money, however, to Mackenzie & Mann and their friends, it cannot be done quick enough. The revision of the pension scale only affects the soldiers and their dependents. They can wait. Mackenzie, Mann, Lash, Flavelle cannot wait.

## GERMANY WILL GET LESS CHOCOLATE NOW

Paris, Sept. 10.—New export regulations for Switzerland have been decided upon after conferences between representatives of Switzerland, France, Italy, Britain, Russia and the United States, the Under-Secretary of Blockade announced today. Under these Switzerland in future will be allowed to send not more than 24,000 hundred-weight of chocolate annually to countries at war with the Entente, instead of 46,000 quintals, as has been the case.

The frontier traffic in chocolate is to be strictly limited henceforward, and even shipments to Swiss citizens in the Central nations will be held down. The amount which may be sent to Entente prisoners will be regulated by a special agreement to be reached later.

The excess chocolate production of Switzerland will be absorbed by France and the other allied countries.

## PARTITION OF POLAND

Zurich, Switzerland, Sept. 10.—According to information received from Vienna the Central Powers have decided to carry out the partition of Poland. Germany will annex such parts of Russian Poland as she needs "to rectify her strategic frontier," amounting to one-tenth of the territory. Austria will annex the remaining nine-tenths, and Emperor Charles will promulgate a decree uniting Russian Poland with Galicia and proclaiming the whole territory to be the united kingdom of Poland, with himself as king.

The new Hapsburg Poland will have its own Parliament, but its foreign policy, army and finances will be controlled by Austria. The immediate effort will be to make the Poles liable to military service in the Austrian army. It will also involve the removal from the Austrian Parliament of deputies representing Galicia, giving the German parties in the Reichsrath numerical preponderance.

# Military Service Act 1917

## Explanatory Announcement by the Minister of Justice

THE MILITARY SERVICE ACT has received the assent of the Governor-General, and is now part of the law of the land. It will be enforced accordingly, and the patriotism and good sense of the people can be relied upon to support it. Resistance to its enforcement, however, by word or act must and will be repressed, as resistance to any other law in force must be.

### Reinforcements Under Military Service Act Immediately Required

It is the intention of the Government immediately to exercise the power which the Act confers, and to call out men for military service in order to provide reinforcements for the Canadian Forces. This is necessary, since the military authorities report that the reserves available or in sight for reinforcement will shortly be exhausted unless this step be taken.

### First Call Limited to Men Between 20 and 34, Who Were Unmarried, or Widowers Without Children, on July 6, 1917

The present call will be limited to men not in the schedule of exemptions, who were unmarried or widowers without children on 6th July, 1917, are at least twenty years of age, and were born on or since 1st January, 1883. Of this class, all those will be entitled to conditional exemption whose services in their present occupations, agricultural, industrial or other, are essential in the national interest, and whose business or domestic responsibilities are such that serious hardships would ensue if their services be required. Conscientious scruples based upon a prohibition of combatant service by the articles of faith of the religious denomination to which men belong will also be respected. The men first required to serve will consequently be those who can be called upon with the least disturbance of the economic and social life of the country.

### Civil Tribunals to Deal with Exemptions

Questions of exemption will be determined, not by the military authorities or by the Government, but by civil tribunals composed of representative men who are familiar with local conditions in the communities in which they serve, who will generally have personal knowledge of the economic and family reasons which those whose cases come before them have had for not volunteering their services, and who will be able sympathetically to estimate the weight and importance of such reasons. Provincial Appellate Tribunals, constituted from the existing judiciary of the respective Provinces, will be provided to correct mistakes made by Local Tribunals, and a Central Appeal Tribunal for the whole of Canada, selected from among the present Judges of the Supreme Court of Canada, will be constituted in order that identical principles may be applied throughout the country. In this way every man may rest assured of the fair and full consideration of his circumstances and the national requirements, both civil and military.

### Proclamation Will Announce the Day

A proclamation will issue calling out the bachelors and widowers referred to, and fixing a day on or before which every man must report for service to the military authorities, unless he has before that day made an application for exemption.

### How to Apply for Exemption

Applications for exemption may be made by written notice on forms which will be available at every post office, and will be transmitted free of postage. They will not, however, be required to be made in this way, but may be presented by the applicants in person to the Exemption Tribunals. The cases of those who have given written notice in advance will have precedence, and appearance in person will therefore be likely to involve considerably more inconvenience and delay to the men concerned, so that it is recommended that advantage be generally taken of the facilities for written application.

### Exemption Tribunals in All Parts of Canada

The Local Exemption Tribunals will be constituted with the least delay possible, consistent with the selection of representative individuals to compose them, and the instruction of the members in their duties. There will be more than one thousand of such Tribunals throughout Canada, each consisting of two members, one of whom will be nominated by a Joint Committee of Parliament, and the other by one of the Judges of the existing courts. Every effort will be made by the wide distribution of Tribunals, and by provision where necessary for their sitting in more than one place, to minimize the inconvenience to which men will be put in obtaining the disposition of their cases.

A Registrar will be appointed in each Province, who will be named in the proclamation, and to whom enquiries may be addressed. Each Provincial Registrar will transmit to the appropriate Tribunal the applications for exemption which have been submitted in advance of the sittings, and men who have sent these in will not be required to attend the Tribunals until notified to do so. Other applicants should attend personally on the Tribunal without notice.

### How to Report for Service

Men who do not desire to claim exemption will report to the military authorities for service, either by mail or in person, at any time after the issue of the proclamation. Forms of report by mail will be found in all post offices and, like application for exemption, will be transmitted free of postage.

### Early Report Advantageous

No man who reports for service will, although he may be medically examined and passed as fit, be required to go into camp or join a battalion until after a day fixed by the proclamation sufficiently late to permit of the disposition by the Local Tribunals of most, if not all, of the applications for exemption which may come before them. Thus no advantage will be gained by delaying or disadvantage incurred by prompt report for service on the part of those who do not intend to apply for exemption.

### Facilities for Immediate Medical Examination

Immediately upon the issue of the proclamation, Medical Boards will sit at every mobilization centre for the examination of men who report for service or who, subject to their right within the time limited to apply for exemption, desire to have their physical fitness determined in order to allay any doubt as to their physical condition, or to know definitely and in advance whether there is a possibility of their services being required. Certificates of physical unfitness issued by these Medical Boards will be accepted without any further investigation by Exemption Tribunals when they sit. Men found physically fit who have not reported or service may nevertheless apply for exemption on any of the prescribed grounds, including even their physical condition if dissatisfied with the Medical Board conclusion.

### Notice to Join the Colors

As reinforcements are required notice to report at the nearest mobilization centre will be given from time to time to the men found liable and passed as fit for service. Disobedience of such notice will render the offender liable to punishment, but punishment for failure to report for military service, or to report subsequently for duty when called upon, will be imposed ordinarily by the civil magistrates; offenders, however, will remain liable for the performance of their military duties notwithstanding any civil punishment which may be imposed, and will be liable to military punishment in cases in which civil proceedings are not taken.

### Watch for the Proclamation

Notice of the day appointed for the making of a claim for exemption or for report for military service will be published as widely as possible, but as no personal notice can be given until the individuals called out have so reported themselves or claimed exemption, men possibly concerned are warned to inform themselves with regard to the day fixed, since neglect may involve the loss by them, of important privileges and rights.

### INDIAN CHIEFS WERE ON TRIAL YESTERDAY

Chief Charlie Brown, of Giltakdamiks, Naas River, and Chief Tom Derrick of Aiyansh, were both brought in by Indian Agent Perry yesterday morning; Chief Charlie Brown on the charge of having intoxicating liquors in his possession, and Chief Tom Derrick with supplying.

Charlie was defended by Mr. L. W. Patmore, and both charges were dismissed as the evidence was inconclusive. The liquor in question is said to be the home-made stuff, made from fruits, and flavored with essences. Its nature is alleged to "swift."

### WESTHOLME THEATRE

"The End of the Trail" is the title of the photoplay to be produced tonight at the Westholme. This is a story of the north. It retains the flavor and the glamor of the north land. In it big William Farnum takes the leading part. The story of love and passion, of good men, and of bad men, with little to restrain their badness. There is tragedy, and comedy. The last scene is one that is unique in photoplays. The men struggle in the darkness, their guns light up the gloom. Then they come to hand grips. The light from the window reveals the victor. The long trail is ended.

### LAND SETTLEMENT BOARD MAKES GOOD PROGRESS

Victoria, Sept. 12.—Reports reaching Mr. Maxwell Smith, the chairman of the Land Settlement Board, from the other directors recently appointed under the Land Settlement and Development Act indicate that in each section of the province satisfactory progress is being made, the members of the board doing their best to clear up all the appraisal work prior to the setting in of the more unfavorable weather. Some of the work now being undertaken should really have been completed many months ago.

It is stated by the chairman that a limited amount of money is available now for loaning purposes, and at the rate new applications are being received Mr. Smith anticipates that the loaning feature of the board's work will continue to be of the first importance.

A number of important development schemes are also engaging the attention of the board. It is understood that as soon as the money market shows signs of easing up a little, active attention will be devoted to these schemes.

Several locations have possibilities of high productivity have been singled out, but before practical development can be commenced in accordance with the prescribed terms of the act passed during the last session, adequate reports dealing with every phase of the undertaking will be required. It is the intention of the board to be fully satisfied upon the fertility and adaptability of the land so selected and the certainty of adequate returns before a single cent will be sanctioned for development work. No scheme will be undertaken unless the highest possible production may be confidently looked for. First and foremost the aim of the board is to administer the Land Settlement and Development Act in a practical and profitable manner.
