URUGUAY TAKES POSSESSION OF GERMAN SHIPS --- BRITISH RAIDS ON BELGIUM

SAN GABRIELLE CAPTURED BY THE ITALIANS

After Three Weeks' Hard Fighting Austrians are Driven From Mountain Fortress and Way Opened

(Special to The Daily News.)

Rome, Sept. 15.—The Italian troops, after three weeks of fierce fighting have captured the whole of Monte San Gabriele. The possession of this mountain fortress gives them control of the Gorizia plain and opens the way to the south, southeast and the east for a further advance. General Cadorna is taking full advantage of this victory and is pressing the enemy strongly.

British Front.

London, Sept. 15.—British airplanes made another raid on Wednesday and Thursday on the German military establishments in Belgium. A large quantity of bombs were dropped. The Canadians heavily bombarded the enemy positions at Lens with large calibre guns, and also made effective use of gas.

French Front.

Paris, Sept. 15.—The fight on the Meuse has been resumed, and the usual artillery activity is in progress in the Verdun region. West of the Navarin Farm, many prisoners have been taken. The Germans are using their troops in "shock" formation. After hand to hand fighting on the Casemates plateau, the French retained their positions.

The French Ministry.

M. Painleve has retained six of his colleagues in the new French Cabinet. M. Albert Thomas and M. Viviani are the most noted men dropped out. M. Franklin Bouillon, Minister of Missions Abroad, has been added to the staff.

"Shock" Troops.

Berlin, Sept. 15.—The German "shock" troops yesterday penetrated as far as the second line on the Aisne front west of Guignicourt, inflicting heavy losses on the defenders. In Flanders, the artillery battle has increased to drum fire, but no British attack has yet developed.

STRIKE THREATENS IN SAN FRANCISCO

(Special to The Daily News.)

San Francisco, Sept. 15.—A big strike is threatening here today. It involves twenty-five unions and will affect 24,000 men, who will walk out unless satisfactory adjustment is reached. The strike is set for Monday, and much Government work is involved.

BEATING BACK THE GERMANS ATTACKING WITH SMOKE CLOUDS AND LIQUID FIRE.—A military correspondent on the western front writes, "During the recent German offensive on a portion of the line where the trenches were close, a heavy enemy bombardment was followed by smoke clouds, and the German attack preceded by men in armor, carrying portable flame projectors. The British trenches, which have been badly knocked about, were subjected to fire jets from these machines."

HIGH COST OF BACON COMMISSION TO RESUME

Toronto, Sept. 14.—Silence of almost six weeks has been broken at last. Announcement was made yesterday that the Commission investigating the reports of W. F. O'Connor, the High-Cost-of-living Commissioner, on the William Davies Co. and the Matthews-Blackwell Company, particularly in their sales of bacon, would resume its sittings in the City Hall on Monday, September 17th. The first and only public session of the Commission was held on July 30, and at that time the inquiry was to go on in ten days or two weeks' time.

53-cent Bacon.

While claiming that the inquiry does not properly take within its scope the finding out of why the consumer is asked 50 and 53 cents a pound for bacon, Chairman G. F. Henderson, K. C., promised yesterday that an answer would be sought by the Commission. Such matters, he said, have delayed the Commission's work.

A Packing King.

The expert secured by the Commission to assist in the inquiry is Mr. Thomas J. Connors, a Toronto old boy, who is now associated with Mr. Hoover, the United States Food Controller. Mr. Connors entered the employ of Mr. Philip D. Armour in Chicago at the age of twenty-one years, and became one of the three Armour partners in later years. When he retired in 1913 he was looked upon as a packing king.

Commission Statement.

Chairman Henderson and Commissioner Geoffrey T. Clarkson and A. B. Brodie conferred privately in Toronto yesterday. At the conclusion of the meeting Chairman Henderson handed out the following statement:

"The members of the Commission of investigation into the business of the William Davies Company, Limited, and Matthews-Blackwell, Limited, have had an informal meeting in Toronto today, considering the results of the investigations of the accountants up to this date, and arranging for future progress. AFFAIRS IN THE UNITED STATES

(Special to The Daily News.)

Washington, Sept. 15.—The submarine situation is now well in hand. The allied defences have more than kept pace with the U-boats. Anti-submarine devices produced by the United States and Great Britain are promising.

The Insurance Bill.

Plans for adjourning Congress without action by the Senate on the Soldiers and Sailors Insurance Bill was disarranged today by an authoritative announcement from President Wilson. He insists that the measure becomes law before Congress quits.

Financial Problems.

Lord Reading, the British financial commissioner, is here. He did not come to America to negotiate private loans, but is here to assist in the solution of the larger financial problems. Over two billions were added to the urgent deficiency bill, when the House began to work upon it today.

of accountants was set at work immediately upon receipt of the order in Council, and has been continuously at work since that time, as many as fifteen having been on the work at times. No effort has been spared to expedite the result, but the ramifications of the work has proved to be a much greater task than was originally expected. Sufficient progress has been made, however, to enable the Commission to fix a date for a continuance of its public sittings, and a further hearing will commence at the City Hall, Toronto, on Monday, the 17th inst. In the meantime the accountants will continue their work."

URUGUAYAN MARINES BOARD GERMAN SHIPS

(Special to The Daily News.)

Monte Video, Uruguay, Sept. 15.—Marines today have boarded all the German ships in the harbor and have taken possession of them in the name of the Government. Information had been received by the Government that plans were laid to sink the vessels at their moorings.

Count Luxburg Amazed.

Buenos Ayres, Sept. 15.—Count Luxburg is amazed at the annoyance evidenced by the Argentine people over the recent revelations of the duplicity of the Swedish and German ministers. The German minister who advised the sinking of ships is surprised at the action of his erstwhile friends. He ignores the invitation to deny the authenticity of the murder messages.

QUEBEC BRIDGE IS AGAIN DELAYED

Quebec, Sept. 14.—A six-ton hoister for the centre span of the Quebec bridge slipped from the cantilever arms yesterday afternoon, and is now at the bottom of the river with the mass of wreckage from the two previous disasters. This mishap is liable to cause serious delay to the lifting of the centre span of the bridge. Two men were slightly bruised, and barely escaped being knocked off the structure when the huge piece of metal slipped its chains and dived down into the river.

OPPOSITION WANT TO DISCUSS FRANCHISE ACT

Ottawa, Sept. 13.—A desultory day in the house ended in an intimation of the certainty of further closure. The new franchise bill was under discussion in the committee of the whole. The committee had spent four after hour in what was mainly a discussion of technical points. About midnight Mr. Carvell expressed fear that the government would invoke the closure to get the bill through the committee. He asked the direct question what the government intended to do in this regard.

Revolutionary in Character.

"The bill is revolutionary in character and should not be railroaded through the house," Mr. Carvell protested, "there should be a full discussion."

"There is no desire to obstruct the bill," Mr. Graham declared, "but there are not more than twelve men in the house who understand it and we want full discussion."

Notice of Closure.

Despite the objections the house passed on from clause to clause, and notice of closure in the committee was given by the prime minister.

The government agreed to re-print the bill in such a form as to make it clear how it amended the Dominion election act.

An amendment by Dr. Neilley proposed to give the federal vote to all women in those provinces where the legislature has granted women suffrage. It was defeated on division. The government took the stand that to give the vote to all women would nullify the compensation given under the bill to relatives of soldiers.

KAISER WILHELM THANKS THE POPE

(Special to The Daily News.)

London, Sept. 15.—The reply of the German Government goes to the Pope regarding his proposals for peace. An Exchange dispatch says it contains proposals for a lasting peace, that it is friendly in tone and warmly thanks His Holiness for his effort.

KORNILOFF'S SURRENDER IS IMMINENT

Russian Cabinet is Split Over Punishment—Korniloff's Commander Attempts to Kill Himself.

(Special to The Daily News.)

London, Sept. 15.—A split has occurred in the Russian Cabinet over the question of what punishment is to be inflicted upon General Korniloff. Four of the ministers have left the Cabinet as a protest of the findings of the majority. The personal surrender of the revolting army chief is imminent, although it is officially reported from Petrograd that his surrender has not yet been made. His troops have now melted away to a mere handful, but some of his striking battalions and part of detachments of Tete-Turcomans are still faithful to him. There is a widespread demand throughout Russia that those responsible for the counter revolution be dealt with severely.

Attempted Suicide.

General Krymoff, the commander of Korniloff's forces sent against Petrograd, and who ordered surrender when he saw that all hope of success was lost, attempted suicide today by shooting himself when advised by Kerensky of his possible fate. The wound did not prove fatal.

Still a Factor.

Chicago, Sept. 15.—That Russia is still a factor in the war and that the disorder there is no greater than in the United States, is the statement made here by Mr. Elihu Root. Russian troops are still holding the Germans firmly on the eastern front.

WESTHOLME THEATRE

Tonight there will be shown at the Westholme Theatre a photoplay entitled "The Cost of Hatred." The star artistes are Theodore Roberts and Kathryn Williams, who are already very well known here. As actors, they are in the front rank in their profession, and the play itself is a good one. The cost of hatred is one which is not often taken into account. It usually costs the hater more than the hated. It is a most uneconomical indulgence, and in this play to be shown tonight, a vivid representation of the cost is given. In addition to the play, there will be shown a Topical Budget, as well as a comedy.

THE RIGHT TO VOTE

Sir Wilfrid Laurier, pointed out this week in the House of Commons in Ottawa that among the aliens affected by the "War Time Elections Act" now before the House, were many voters from Austria-Hungary, who sympathized with the Allies. This is an important distinction, which, a contemporary says, gives the measure a bearing upon the war that it is hard to imagine its promoters dreamed of.

The majority of immigrants from the Dual Monarchy in Canada are Slavs and other elements who came here to escape the tyranny of the Hapsburgs. They represent more than half the people of Austria-Hungary upon an uprising of whom more than upon anything else are centred the hopes of the Allies for the early termination of the war. Bohemia has been in revolt from the beginning of the struggle. The sympathies and activities of the inhabitants of the Italian provinces under Austrian rule require no definition. The Roumanians of Transylvania are, of course, pro-Ally. The Serbs, of Bosnia and Herzegovina, are the same.

The Canadian Government has furnished the ruling powers at Vienna with a weapon for combatting internal disintegration which they will be quick to utilize. The Bohemians who have a modified franchise in Austria-Hungary and are agitating for further privileges will be told that they are infinitely better off in that respect than their compatriots in Canada, who are not to be permitted to vote at all. It will be pointed out that while the Allies profess to be fighting for the self-governing of subject-races in Austria-Hungary, none of them denies that right to the same people in its own country; that while they demand that Bohemia be given her autonomy Canada deprives Bohemians of the right to vote; that while the liberation of Bosnia and Herzegovina, Italia Iredenta and Transylvania is declared to be one of the objects of the war, the Canadian

Government will not allow the people of those provinces in its own country to exercise the franchise, although they had resided there in many cases for years, and came there on the express invitation of the Government.

Enemies of Canada undoubtedly should not be permitted to vote—they should be interned—but it is absurd to designate everybody who came from Austria or even Germany as an enemy of the state. Care should be taken that in readjusting the franchise this country does not commit an act of incredible folly which might stiffen the enemy's resistance and prolong the war more than anything else could. If the Central Governments are able to show those elements, now racially and socially hostile to them, that some of the Allied states are disfranchising their compatriots merely because of the place of their birth, they will nip in the bud the internal upheaval which, especially in Austria-Hungary, is now come to be regarded as the only hope of an early peace. Certainly, for reason of policy at least, we should cultivate the support of such elements in the Dual Monarchy as the Bohemians, Slavs and the Roumanians, instead of throwing them into the arms of their governments by treating all their countrymen in Canada as alien enemies because they happened to have been born in that polyglot domain. And we venture to say that if the Canadian Government were to ask the opinion of, say, Mr. Lloyd George or President Wilson or Premier Painleve on the subject they would emphatically declare that it should be dealt with in the most careful manner.

BRUSSELS REFUSES TO HOCH DER KAISER

London, Sept. 14.—It is related by the Amsterdam correspondent of the Exchange Telegraph Company that when Emperor William visited Brussels last week on his way to the Flanders front the populace refused to comply with a request of the authorities to display flags. Instead, they remained indoors and drew the window blinds, on which they in-

"One Meatless Meal a Day" is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. Shredded Wheat Biscuit is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind.

THE DISILLUSIONMENT OF THE GOVERNMENT

Ottawa, Sept. 12.—The title which should be applied to the page of history dealing with the last week in parliament would be "The Great Disillusionment," the government which a fortnight ago stood for the win-the-war government, whose arms were outstretched to embrace all serious men conscripted to the winning of the war now stands revealed as the win-the-election government with arms outstretched to grasp off the votes it can, and to repel all who are suspected of designs to vote against it.

This afternoon the prime minister brought into the House of Commons two members of the British House of Lords, and five minutes after they had taken their seats to the right of the speaker, he showed them how the Canadian government dealt with an opposition.

Sir Robert, who has been reputed indisposed for the past few days, over-rode the order paper, and called the orders of the day without delay. Then Sir George Foster moved the closure, on the second reading of the disfranchisement bill.

Mr. Speaker called for the feeling of the house and the thunder of "Yes," from the government side was met with the answering thunder of "Nay" from the opposition.

Several minutes after the distinguished members of the House of Lords had taken their seats, there was a division and ten minutes later the premier had demonstrated the gentle art of squelching an opposition by a majority of 25.

Unearthed Ancient Speech.

After listening to the speech of John Sinclair, of Guysboro, however, who was unkind enough to unearth an ancient speech of the prime minister of the disfranchising of the "Outlanders," which led to the South African war, Sir Robert thought that his guests had had enough, and escorted them without the chamber. Had they remained to listen, they would have heard a round dozen members from the opposition side, who within the past month or so broke with their party and voted with the government for conscription, and many of whom since that time have worked with

THE DISILLUSIONMENT OF THE GOVERNMENT

Ottawa, Sept. 12.—The title which should be applied to the page of history dealing with the last week in parliament would be "The Great Disillusionment," the government which a fortnight ago stood for the win-the-war government, whose arms were outstretched to embrace all serious men conscripted to the winning of the war now stands revealed as the win-the-election government with arms outstretched to grasp off the votes it can, and to repel all who are suspected of designs to vote against it.

This afternoon the prime minister brought into the House of Commons two members of the British House of Lords, and five minutes after they had taken their seats to the right of the speaker, he showed them how the Canadian government dealt with an opposition.

Sir Robert, who has been reputed indisposed for the past few days, over-rode the order paper, and called the orders of the day without delay. Then Sir George Foster moved the closure, on the second reading of the disfranchisement bill.

Mr. Speaker called for the feeling of the house and the thunder of "Yes," from the government side was met with the answering thunder of "Nay" from the opposition.

Several minutes after the distinguished members of the House of Lords had taken their seats, there was a division and ten minutes later the premier had demonstrated the gentle art of squelching an opposition by a majority of 25.

Unearthed Ancient Speech.

After listening to the speech of John Sinclair, of Guysboro, however, who was unkind enough to unearth an ancient speech of the prime minister of the disfranchising of the "Outlanders," which led to the South African war, Sir Robert thought that his guests had had enough, and escorted them without the chamber. Had they remained to listen, they would have heard a round dozen members from the opposition side, who within the past month or so broke with their party and voted with the government for conscription, and many of whom since that time have worked with

the government for a national administration, stand on their feet and in emphatic and vehement language condemn the government for the present bill, it was a notable fact that until a late hour tonight almost every man who spoke was a conscriptionist.

Disillusionment is complete at Ottawa.

GERMAN AIR RAIDERS SPECIALLY EQUIPPED

Paris, Sept. 14.—The Gotha airplanes, with which the Germans have been bombarding England, are biplanes fitted with two motors, developing 450 horsepower, and with two tractor propellers, according to Georges Prade, the French aviation expert. They carry three persons, the pilot, a bomb-thrower and a machine gun operator. All can serve the quick-firers if they are attacked, as there are three of these guns carried.

M. Prade, who has been watching the machines at the front, says that these machines if passing at an altitude of 13,000 feet, for instance, on the attack can return at an altitude of 20,000 feet without their bombs, their super-compressed motors giving them full power at great heights.

The Bath Delightful

You would enjoy your bath twice as much if you could get water as soft as summer rain—the kind they used to have in the old-fashioned cistern or rain-barrel. There is a better way now, to get the same result, with any water, and that is to use

LUX

You sprinkle in a few spoonfuls of these dainty, transparent little flakes of the purest soap, and stir them about. Instantly they dissolve, imparting their satiny softness to the water. Be sure to have a LUX shampoo, too—it makes the hair silken and healthful.

LUX—it won't shrink woollens either.

BE CLEAN INTERNALLY

Over 500,000 People Are Now
Doing So.

For many years physicians have agreed
that 95 per cent. of human ills was caused
by accumulated waste in the Lower Intes-
tine; that in our present way of living
Nature could not remove all this waste
without assistance, no matter how regular
we might be; and that the poisons from
this waste circulated through the blood
poured us away down below par and were
responsible for many diseases of a serious
nature.

During this time the "J. B. L. Cascade"
for Internal Bathing has, because of their
recommendation and those of its users,
been steadily growing in favor.

Recently, however, the startling news,
which has been covering the country that
great surgeons and specialists have been
operating on the Lower Intestine in such
serious diseases as Tuberculosis, and at-
tribute such conditions of chronic ill-
health as Nervous Debility and Rheuma-
tism to this cause, also saying that these
poisons are favorable to the development
of Cancer and Tuberculosis (as stated in
a recent article in The New York Times),
has caused people to become thoroughly
awake to the importance of keeping this
Lower Intestine free from all poisonous
waste matter, and over 500,000 are now
using Internal Baths.

This enthusiastic and grateful letter is
by no means an exceptional one amongst
the hundreds on our file:—

703 7th Ave. South, Lethbridge, Alberta.
Dr. Tyrrell, Toronto:

"Dear Doctor Tyrrell,—After using your
"J. B. L. Cascade" for four months, I feel
it my duty as a thankful patient to ex-
press my enthusiasm for the great bless-
ing it has been to me. You cannot feel my
emotions as I write this letter in praise
of you in your great work. Words sim-
ply fail to express my thankfulness for
first learning of your Cascade. Previous
to using it I could not go a day without
a drug of some sort, and since using it I
have not, on my word of honor, swallowed
five cents' worth of drugs. I spent over
\$300.00 in the two years previous to hear-
ing of the "J. B. L." Would that all the
young men and women I see in this town
with their faces covered with horrid, un-
sightly pimples would use it. They would
soon get rid of them, as I did. I must
stop, or I will be keeping you from your
work, but I could fill ten more pages of
my past condition of health, also in praise
of the "J. B. L." May you enjoy this life
to the full.

Sincerely yours,

William Devoy.

If you try the "J. B. L. Cascade" you
will find yourself always bright, con-
fident and capable—the poisonous waste
makes us bilious, blue, dull and nervous.
Internal Baths are Nature's own cure for
Constipation—just warm water properly
applied. Drugs force Nature—the "J. B. L.
Cascade" gently assists her.

Store, Cor. 3rd Avenue and 6th St., Prince
Rupert.

book.

DR. G. B. GORDON WILL LECTURE ON MONDAY

Dr. G. B. Gordon, of the Uni-
versity of Pennsylvania, will give
an address on Monday evening in
the Presbyterian Hall. Dr. Gordon
has come west to visit his brother
Mr. J. K. Gordon, the deservedly
popular hotel owner at Terrace,
and the subject of his address
will be "Canada's Duty to the
Empire." Those who have al-
ready heard Dr. Gordon speak,
when they were in Terrace re-
cently will realize what is in store
for Monday evening, when the Dr.
comes here.

His qualifications as a lecturer
will ensure him a large audience,
and his subject is one in which
all are interested. Another brother,
Lieut. Maclaren Gordon, was
with the 102nd at the Somme,
where he was killed last spring.
"Mac" was equally well known
and well liked, and was very popu-
lar both here and at the front
with his men.

On the night before his death
his efforts were responsible prac-
tically for saving his whole com-
pany, and for which he would
have been recommended for the
Military Cross had he lived. He
spent his last night in the
trenches with Dr. McNeill, who
speaks very highly of Lieut. Gor-
don.

Dr. McNeill will occupy the
chair at Monday's lecture which
will be something well worth go-
ing to hear.
