SMASHING BRITISH VICTORY IN FLANDERS

THE FIRST PUSH GAINS IMPORTANT STRATEGIC POINTS -- HUGE GERMAN LOSSES

BRITISH TROOPS CARRY ON INTO GERMAN LINES

Little of Menin Road Results in Further Losses to Germans—Three Thousand Prisoners Captured.

(Special to The Daily News.)
London, Sept. 22.—Behind an impetus of bursting steel, the British troops carried on still further into the German positions along the Ypres and Menin Road. That is probably the greatest artillery duel of the whole war yet fought last night over the eight miles on which General Haig's troops struck early yesterday morning. The Germans poured a terrific barrage to cover their counter attacks, while the British exposed a wall of shells before the enemy's advances, or ahead of their own troops. German prisoners declare that the British barrage fire is the most deadly they have experienced.

Counter Attacks.
Several strong counter attacks were made by the Germans to recover the positions which the British had taken from them, as they are vital to the enemy's retention of a large area. Tower Hamlet Ridge was the position which the German High Command determined to regain at all costs. Very heavy fighting was experienced at this point, but the British withstood all the enemy attempts to dislodge them, once they were in possession. East of St. Julien, the Liverpool and Lancashire regiments captured strongly fortified positions and tremendous losses were inflicted upon the enemy. Counter attacks made by the Langemarck were broken up by the British artillery fire, which was particularly efficacious. The German communication trenches proved to be of little service as communication trenches to the enemy by the deadly accuracy of the British bombardment.

Britain's Answer.
The London morning papers herald the new British offensive in Flanders as the answer of the Allies to Germany's peace manœuvres.

Berlin's Account.
Berlin, Sept. 22.—The British troops at Passchendaele and Gheluvelt on the Belgian front pressed forward more than two-thirds of a mile. The British were pressed back by the valour of our troops in counter attacks, north of the Menin-Ypres Road, but a portion of the terrain remains in the hands of the British.

French Front.
Paris, Sept. 22.—The troops of the German Crown Prince attacked the positions of the French armies last night in the Cham-

FIRST CLASS TO BE CALLED BY OCTOBER 1

Ottawa, Sept. 21.—The proclamation calling out the men of the first class under the military service act will be issued, according to present plans, about October 1, although the date may be postponed a little if it is found that all the preliminary arrangements cannot be completed in time.

The Local Exemption Tribunals are all to be appointed by September 25. The Board of Selection meets in Ottawa on September 24, to appoint the second member of each tribunal, the first member having already been named by the local judges. The 24 Liberal and Conservative members on the Board of Selection are now receiving nominations for appointment from the various members and candidates in each riding, and when the Board meets it will probably be a comparatively simple matter to agree on a list equally divided between Liberals and Conservatives. In cases where no agreement is reached without delay the Minister of Justice, acting within his prerogative under the act, will forthwith appoint the men.

It is understood that the pay of members of the Local Exemption Tribunals will be \$5 per day. All applications for exemption must be in writing, and the grounds for exemption must be likewise submitted in writing. This will simplify proceedings if further appeals from the decisions of the Local Tribunals are taken, since all the evidence will be in documentary form.

It is expected that the Exemption Tribunals will be at work about the middle of next month. In most districts it is hoped they will have concluded their work by the end of October. After that will come the actual calling of the unexempted men to the colors.

pagne region, but were repulsed with very serious losses.

Wilhelm the Peaceful.
London, Sept. 22.—The Emperor Wilhelm passed through Buda-Pest on his way to Sofia, the Bulgarian capital, yesterday. It is believed his intention is to make peace and to smooth over difficulties which have arisen between Bulgaria and Germany. The Bulgarian Czar is having some difficulty in restraining his people from acts of violence, as they are becoming very restive under war conditions.

Hard Up.
The King of Bavaria has despatched pearls to the value of half a million marks to neutral countries for sale.

Russian Front.
Petrograd, Sept. 22.—The Russian troops yesterday on the Riga front repulsed attacks by the Germans with great losses to the invaders. On the Roumanian front, the Roumanian troops were compelled to abandon the enemy positions they had occupied in the region of Ocna.

Reign of Terror.
Stockholm, Sept. 22.—Russia has now reached the Reign of Terror period. Today the cry is for blood, for wholesale executions. Bolshevik members in the Petrograd Council of Workmen and Soldiers are demanding the lives of the former Foreign Secretary Miliukoff, Rodzianko, president of the Duma, and twenty other Duma members.

China's Help.
Tokio, Sept. 22.—China has been sounding Japan regarding the sending of troops to Europe. Japan has made no objection to China sending three hundred thousand men.

THE DEPOSED CZAR'S PALACE.—The summer palace at Tsarkoe Selo, which Nicholas Romanoff exchanged for apartments at Tobolsk.

TWENTY MILLIONS FOR SHIPBUILDING

Washington, Sept. 21.—Contracts for construction of a Government-owned shipbuilding yard at Hog Island, Penn., and for the construction therein of fifty fabricated steel merchant vessels, were let by the Emergency Fleet Corporation to the American International Corporation.

These contracts are the first actually signed for the three new plants in which the Government will have built a large number of fabricated ships. The Hog Island plant will cost slightly less than \$20,000,000. The other contracts will go to the Submarine Boat Corporation for a plant at Newark and to the Merchants' Shipbuilding Company for one at Chester, Pa.

The first of the fifty ships will be completed by the American International Corporation within ten or eleven months, and the entire number will be finished probably within fifteen or sixteen months.

Long before they are finished, however, the Shipping Board, in all likelihood, will have asked for additional money to build more ships.

Shipping Board officials believe that the fabrication of ships will mean that America within a few years will have the largest fleet of merchant ships of any nation in the world.

THE POLICE COURT

At the police court this morning before Magistrate Carss, Isaac Wright, Frank Blacking, and Paul Wright, all Indians, were fined \$10 for being drunk. Tom Jennings and C. Moltzen, white men, were fined \$5 for the same offence. Charles Hunter was charged with supplying, which case was adjourned until Monday.

An infraction of the early closing bylaw was charged against Mr. Scheinmann and Mr. W. Gerscheltz. These cases were adjourned until Tuesday.

THE PRICE OF COPPER

(Special to The Daily News.)
Washington, Sept. 22.—Copper prices have been fixed at 23½¢ per pound, effective for four months.

The favorite household coal is Ladysmith Wellington. Phone 15, Prince Rupert Coal Co.

CLOSING DAY OF THE EXHIBITION

The Fair is over! Yesterday, the last day, was quite a strenuous one. There was so much on, so many different things, a big programme of sports, the departure of the earlier visitors to the Fair, and the arrival of the latest ones, so that between one thing and another, yesterday was the busiest day of the three. Everybody admits that they have spent a most enjoyable time at this annual celebration. Both the out of town visitors who were entertained, and the Prince Rupert people who did the entertaining.

Yesterday afternoon had been declared a holiday by the city council, and the occasion was fully taken advantage of. The ball game in the afternoon was the greatest attraction, when Anyox and Prince Rupert put up a very good game. Excitement ran high at times, and the finish was a close one, the final score being 5-4 in favor of the Anyox team.

Later in the evening, when the floor of the Exhibition building had been cleared, the basket ball teams had a match. Anyox played Prince Rupert and the visiting team won, the score being 28-10.

Earlier in the afternoon, there was an association football match between Kispiox and Kitimat. The Indians can play football, too. The game was an exciting one in its way, and resulted in a win by three goals to none in favor of the Red Shirts.

A pyrotechnic display took place from the Acropolis Hill between 8 and 9 o'clock, and notwithstanding the rain—it had to shower once in a while—some very fine efforts were seen. The Fair proceedings wound up with a barn dance in the Exhibition building at ten o'clock, which was well attended. The music was good, the big building afforded plenty of room for the dancers and a very successful Fair was brought to a conclusion.

NOTICE

The adjourned annual meeting of the Northern British Columbia Agricultural and Industrial Association will be held in the city hall on Saturday evening at 8 p.m. All members are requested to attend.

ALEXIEFF AND KERENSKY DISAGREE

(Special to The Daily News.)
Petrograd, Sept. 22.—General Alexieff and Premier Kerensky have had a disagreement, and the former is about to resign from his duties as commander-in-chief. The trouble is said to have arisen over the punishment to be inflicted upon Korniloff and those who were with him in his revolt.

LED-CAPPED NAILS SOUND FOR SWEDEN

New York, Sept. 21.—Accidental discovery that wire nails in a consignment for Sweden were covered with lead caps caused the customs authorities today to hold up a shipment of 300 cases of the nails. The smashing of one of the cases by a passing truck on a Brooklyn pier led to the discovery. It was said there was enough lead on each nail for the manufacture of a rifle bullet, and that the application for shipping license contained no mention of the lead, simply stating that the cases contained wire nails.

The cases have been standing on a dock for about three weeks. The investigation will seek to determine whether the lead was placed on the nails as a subterfuge to get needed war material to Germany or whether it was there for some legitimate purpose. The lead caps are described as fitting closely and easily removable.

TRADE PROHIBITED WITH ENEMY FIRMS

Ottawa, Sept. 21.—A supplement to The Canada Gazette has been issued containing a proclamation giving effect in Canada to the prohibition by the Imperial Government of trading with firms and persons in various countries of enemy nationality or association. The names of the firms and persons included in the list number several thousand, the majority belonging to countries of South America.

Subscribers to the Patriotic Fund would greatly help in the work of administering the Fund by paying their subscriptions as regularly as possible, either to the credit of the Fund at any of the banks, or to the local treasurer, Mr. R. Seymour Wright, P. O. Box 1632 City.

FURTHER DISCLOSURES BY SECRETARY LANSING

(Special to The Daily News.)
Washington, Sept. 22.—An astounding addition to the series of disclosures of German intrigues in America and elsewhere was made public today by Secretary Lansing. He showed that a message was sent to the Berlin Foreign Office on January 22nd last by Count von Bernstorff, requesting authority to pay out fifty thousand dollars to influence Congress through an unnamed organization, which was apparently known to the German authorities. This money was to influence Congress "as on former occasions," perhaps to prevent war. The message also urged that friendly utterance be made about Ireland.

THE LABOR CONGRESS

(Special to The Daily News.)
Ottawa, Sept. 22.—The Military Service Act has been under discussion at the Trades and Labor Congress of Canada now in convention at Ottawa. The Congress approved of the resolution of the executive, by a small majority, not to fight conscription, and that their opposition to the Act be only verbal and quite passive. One Montreal delegate asserted that Belgium was much better under German rule.

BOURASSA ASSAILS NEW ELECTION ACT

Montreal, Sept. 18.—Henri Bourassa, the Nationalist chief, in the course of articles in Le Devoir on the Franchise Act, says: "The British warred on the Boers in South Africa because the latter would not give the franchise to foreigners who had not lived in the country for more than fourteen years after Kruger had offered to reduce the term to five years. Here our own Boches take the vote away from thousands of settlers who have come here in good faith."

Mr. Bourassa deals with Sir Robert Borden's statement that the foreigners thus disfranchised are not compelled to serve in the army by replying that if that is the case, what about thousands of women, relatives of soldiers, who are going to be given the vote. They don't serve.

Mr. Bourassa also contends: "We have reached that degree of aberration that glorification of militarism may be imposed upon us without the slightest regard for social order, and for the honor of the army itself."

"If the bandit Monette and the unfortunate Handfield spent a few days in England and France, all their relatives would have votes, while the sisters of Paul Caron and Jean Chauvin, dying gloriously for France, would be deprived of the franchise."

"VIKING" HAS MADE PORT

The American fishing schooner "Viking" which took the ground in the Metlakatla Passage yesterday was successfully floated and arrived safely this morning. The vessel has only sustained minor damage. She is slightly scraped but otherwise sound. She brought in 12,000 lbs. halibut, which sold for 13 cents this morning.

The Canadian "Viking" also arrived today with 1,500 lbs. halibut, Unity with 2,000, Kubein 2,000, and the Klatawa with 300 lbs.

THE FRANCHISE BILL

During the debate in Parliament on the War Time Election Act, W. A. Buchanan, the member for Medicine Hat, delivered a brief speech which must furnish food for serious reflection throughout Canada. Mr. Buchanan said in part:

"Since war has waged I have repeatedly appealed to my Western constituents of alien origin. I have urged service. I have pleaded for patriotic causes. There has been generous response. I have told them again and again—told them with Canadian pride—that Canada and the Empire were fighting for freedom, for liberty, for justice, and, highest of all, for national honor and the pledged word.

"I cannot go to them now. Through my paper and with all my endeavors I have tried to serve these great ends. My ambition has been to create a national sentiment. I broke with my party—and voted for conscription. I had confidence that the position I took was right, and that I could appeal with assurance upon that issue to those whom I represent, and for such a noble cause.

"I cannot do that now. This Government has repudiated the pledged word of Canada. It has brushed it aside as a scrap of paper. It has repudiated the independence of conscription Liberalism. Those of us who left our party because we believed it our duty to support the Government in a war measure for the national advantage find now that this Government is not concerned in war measures for national advantage as it is in election measures for party advantage."

As he himself says, Mr. Buchanan was one of the Liberals who supported the Military Service Bill brought in by the Borden Government and put into effect by the assistance of these said Liberals. These conscriptionist Liberals were hailed as patriots by the Tory press. Traitor was the word often applied to those members who opposed this measure. Equally exaggerated appellations will doubtless be bestowed upon the Liberals who have op-

posed the passage of the War Time Elections Act.

The aliens in this country were persuaded upon the direct representations of the Government of the day that in Canada they would have that measure of freedom which was denied them in the country of their birth. They would be received here and qualify as citizens and have equal rights with the Canadian born. Now notwithstanding the distinct pledges of Canada, they are to be denied that which was theirs. Canada is going back on her word.

The position is not a pretty one for a free democracy. The Borden Government apparently regards the pledged word of Canada with no more consideration than did Germany the treaty regarding the neutrality of Belgium. Military expediency was given as the reason for the tearing up of the "scrap of paper." Political expediency may be taken as the reason for this disfranchising the alien born in Canada. Brought in at the tail end of the last session of a moribund parliament, it is difficult to regard the matter otherwise. Considerations of national safety to not enter into the necessity for this War Time Election Act at all. If any citizen of Canada is too dangerous to be allowed to vote, it is high time he was interned. If he does not constitute anything fearful to the State, there can be no sound reason for taking his vote away, except the fear that he will not cast it as the Borden Government would have it.

The Borden Government apparently can see from the shadows cast, the impending events, and this is one of the methods they have adopted whereby they hope to avert the cataclysm which will sound the knell for Toryism in Canada forever.

NOTES AND COMMENTS

Canadian bacon is selling in Britain and in the United States cheaper than in Canada; bread made from Canadian wheat is sold cheaper in Britain than in Canada; farming implements manufactured in Ontario could be purchased cheaper in Chicago than on the prairie, notwithstanding a stiff

customs duty. How is it done? The fact remains that the people of Canada soaked in purchasing many Canadian commodities.

The Indian visitors to town for the Fair have been getting all the fun possible. They have certainly enjoyed themselves. Judging by the expression on their faces. Between marriages, dances and joy rides, they have not been taking their pleasures sadly.

There will be plenty of meat in Dawson this winter. The last steamer to arrive there got into the middle of a herd of caribou swimming and the crew lassoed many. The terrors of beefless days were forgotten. Countless thousands have been seen passing southward in the vicinity of Dawson lately.

Having been unable to achieve a coalition of Union Government before the election, Sir Robert Borden has great hopes of so doing after it is over. Sir Robert will find it a hard matter to repair his error of omission of three years ago. There will be a Union Government, but it won't be formed by Sir Robert.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I have suffered from these complaints for five years, and my sedentary occupation, music, brought about a kind of intestinal paralysis—with nasty headaches, belching gas, drowsiness after eating, and pain in the back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". MOBILIZATION OF CONSCRIPT ARMY

Victoria, Sept. 20.—The location of eleven troops in British Columbia, where troops are to be mobilized following the enforcement of the Military Service Act are announced.

The list comprises Fernie, Fort George, Grand Forks, Hazelton, Kamloops, Nanaimo, Nelson, New Westminster, Prince Rupert, Revelstoke and Vernon. At all these places will be established exemption tribunals, and men called up for service in the surrounding localities will report at a central station in each town.

Those who are declared eligible for the draft armies will be congregated together and, under the supervision of a military officer, delegated from Victoria headquarters, will be given transportation to either of the two big training centres—Victoria or Vancouver. Those of the eleven centres that are to supply drafts for Victoria, and likewise those for Vancouver, will later be designated.

While New Westminster may eventually be classed as a training centre in conjunction with Victoria and Vancouver, for present purposes it is included in the list of mobilization points. It will hold that position until the facilities for handling soldiers at either of the two bigger cities become overtaxed. It is believed at headquarters that the men taken by the first draft in this province will not number more than 7,000 at the outside, in which case they will be allocated as follows:

Victoria and Vancouver, 2,500 each; New Westminster, 2,000. It is improbable, however, that any will go to New Westminster until they are at least 2000 men quarantined in each of the other cities, as it is the plan of Major-General R. G. E. Leckie to concentrate training and administration in an effort to secure maximum efficiency, and as economically as possible. Centralization of authority and training will be the watchword of the British Columbia military organization during the enforcement of compulsory service.

WATER NOTICE USE AND STORAGE.

TAKE NOTICE that The Empire Pulp & Paper Mills, Ltd., whose address is Vancouver, B. C., will apply for a license to take and use all the water and to store 10,000 acre feet of water out of unnamed lake, also known as Whalen Lake, which flows and drains into Whalen Channel about one mile north from Rivers Blight.

The storage dam will be located at west end of Lake at outlet of lake. The capacity of reservoir to be created is about 10,000 acre feet and it will flood about 2,000 acres of land. The water will be diverted from the stream at a point about... Taken by tunnel from east end of Lake three miles northerly direction from Lot 99, Butedale, on Fraser Beach and will be used for power purposes upon the land described as in application to lease at east end of Lake on Fraser Beach.

This notice was posted on the ground on the 5th day of June, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 10th, 1917.

95 / of illness Due to One Cause

Physicians agree that 95 per cent. of all illness is possible only because of accumulated waste in the Colon (Lower Intestine). In fact, the most eminent of the World's Specialists claim that if the Colon were always kept clean the average life of humanity would be doubled.

There is now a new and simple method of cleaning the Colon of this poisonous waste, and keeping it clean, pure and healthy, of curing Constipation and the depressing bilious attacks which make us dull, blue and inert—without any spirit of ambition. That method is Internal Bathing with warm water, administered by the "J. B. L. Cascade," aptly termed "Nature's Cure." Over 500,000 people are now enthusiastically using this modern warm water cure, and physicians are prescribing it everywhere. It is making sick folks well, and well folks better, stronger, more ambitious, energetic and confidential.

This letter from Mr. A. Maclean of Conger Lumber Co., Parry Sound, Ont., a sufferer for 35 years from Constipation, is very valuable.

Parry Sound, Ont.

Dr. Chas. A. Tyrrell, Toronto:
Dear Doctor,—I have used the J. B. L. Cascade since I received it 21 days ago with wonderful results. Before I started this treatment I could not pass one day without taking medicines; since have not taken one dose, and feel so much better in every way.

I have been troubled with Constipation for the past 35 or 40 years, and of course at my age cannot expect a speedy cure, as I am now in my 78th year, but the relief it has already given me is a promise of the good it will do for me.

I think a good many orders will come from Parry Sound as the treatment becomes known.

I cannot speak too highly of the Cascade treatment, and will surely talk much about it.

Yours gratefully,

A. Maclean.

The "J. B. L. Cascade" is now being explained and shown at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 4th Street, Prince Rupert, and they will be glad to explain its action and uses to you in detail. If you cannot call, you should write to-day to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for booklet, "Why Man of Today is Only 50 Per Cent. Efficient."

WATER NOTICE Diversion and Use).

TAKE NOTICE that R. K. Neill, whose address is Stewart, B. C., will apply for a license to take and use seventy cubic feet of water out of North and East Forks of Cascade Creek, which flows southerly into Salmon River, Cassiar District, B. C. The water will be diverted from the streams at points about two thousand feet above the forks. This notice was posted on the ground on the sixth day of August, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 14, 1917. S.14

U. S. GOVT. WILL CONTROL MEAT PACKING HOUSES

Washington, Sept. 21.—Govern-
ment regulation of the meat pack-
ing industry will be the next move
of the food administration. Vol-
untary offer of representatives of
the packers to put their plants
under licensing system, made to
Herbert Hoover, the Food Admin-
istrator, at a conference here
yesterday was accepted, and a
plan of control will be drawn up
shortly.

The packers, numbering about
a score, came to Washington to
take up with Mr. Hoover the
threatened meat shortage and the
subject of rising prices. They are
of one opinion that prices can be
brought down little unless a de-
termined effort is made to in-
crease the production of live
stock. The great export demand,
they believe, will maintain prices
at high level until long after the
war has ended.

A licensing system for packing
houses was provided in the food
control bill. Putting it into op-
eration, food administration of-
ficials believe, will go far towards
eliminating hoarding and specu-
lation and stabilizing prices. The
packers will confer soon with the
cattle growers to discuss the food
administration's plan for remov-
ing herds from the West to better
feeding districts in the East and
South.
