## BRITISH MAKE A BIG ADVANCE FROM YPRES

### THE ATTACK PROCEEDS SUCCESSFULLY...OSTEND BOMBARDED BY NAVAL FORCE

#### YPRES ATTACK RESUMED ON A WIDE FRONT

British Advance From One to Two Thousand Yards—Attack is Reported to be Making Good Progress.

(Special to The Daily News).  
London, Sept. 26.—(British official). We attacked this morning on a wide front northeast and west of Ypres. Attack reported making good progress. British have advanced from one to two thousand yards on northern half of battlefield. A terrific struggle in progress astride the Ypres-Menin road. The Germans are being pushed out of many important positions. A Reuters dispatch says that the Germans have been pushed from the high ground east of Ypres. The German positions were strongly fortified, and were assailed by the British in full force.

**French Official.**  
Paris, Sept. 26.—Intense artillery fighting prevails on the Verdun front.

**Counter Attacks.**  
London, Sept. 27.—General Bag reports two powerful counter attacks by the German forces between Ypres and the coast. Hand to hand fighting was fiercely engaged in, and the enemy were finally repulsed. They had obtained a foothold in the British lines, but were successfully ejected.

**Ostend Bombarded.**  
London, Sept. 27.—The British naval forces bombarded the German base at Ostend. Two German aeroplanes were shot down, and extensive damage caused to the defences and other places of military importance.

**U. S. Merchant Marine.**  
Washington, Sept. 27.—The shipping board announced today that within little more than a year, the United States will have an ocean going merchant fleet of sixteen hundred vessels, of nine million, two hundred thousand tons.

#### MR. AXEL GARTLAND DIED THIS MORNING

The many friends of Mr. Axel Gartland, of Fifth Avenue, East, will learn with regret of his death, which happened this morning at 6:45. Mr. Gartland is one of Prince Rupert's old timers. He has been here since the early construction days. He had been suffering from diabetes for some considerable time, and some weeks ago he made a visit to the United States for special advice. He was not long back from this visit when his condition got worse.

Deceased leaves a wife and two children, to whom the sympathy of the community will go out. The funeral arrangements are in the hands of the B. C. Undertakers, and the interment will take place on Sunday afternoon at 2 o'clock.

The favorite household coal is Ladysmith Wellington. Phone 15, Prince Rupert Coal Co.

#### THE GERMAN PROBLEM OF WAR ON TWO FRONTS

While the booming of the cannon and the multiplication of aerial encounters are resumed the fundamental dilemma of the German Command may be recalled. It is the old dilemma that faced them at the outset, and is now becoming of a desperate urgency—the demands of the war on two fronts. On the west, where two-thirds of their forces are held, they are no longer able to attempt a considerable offensive, but are equally unable to avoid the wastage of continual small actions that give them no useful results. A fortnight's bad weather, which could not be anticipated, has helped to make it possible for them to remove a body of troops—probably amounting to seven good divisions, including the Prussian Guard—from France to the east for an effort to take advantage of another bit of luck, the disorders in the Russian army. There are signs that this luck is giving out and that the short offensive is already arrested, but however that may be, it is certain that the bad weather in France will not last forever. Then the seven divisions will have to be brought back. They have made a small bulge in the immensity of the Russian front, but nothing of a decisive character has been accomplished; indeed, if the Russians, as seems possible, are roused to their former strength the general cause of the Allies will only have gained. And then with somewhat weakened and discouraged forces Hindenburg will have to turn back to the field where the long account must be paid.

It is foolish either to overestimate or to underestimate the enemy's power. It is still considerable, although a large part of it could not be put on the front all pretty completely under the German thumb. It is a formidable facade. I need not count up the overwhelming large numbers the Allies can range against it. Already the facade is cracked and undermined. The material of the German armies in France—and these are the best of them all—shows a marked deterioration. The Strosstruppen were an ingenious if also a desperate invention. But as soon as their methods were known they ceased to be alarming, and after three exhausting years the French Poilu daily proves his superiority. It must not be supposed that the Boche has no new tricks in his pocket. It is enough that in all the main factors of warfare the balance swings more and more decidedly against him.

#### A French View of the German Army.

The "Revue des Deux Mondes" publishes an article giving detailed information on the present situation of the German army after the battles of Verdun and the Somme. The writer says:—The Germans recognized that their superiority was lost, and were anxious to recover it. Therefore, from the beginning of 1917 a programme was decided upon involving the creation of 30 new divisions and a new German defensive system—namely, the famous Hindenburg line. The German High Command furthermore neglected no steps to raise the moral of their troops. The Anglo-French offensive of April to June swept away all this colossal effort of the Germans. They were claiming that by their retreat in March they had put it out of the power of the Allies to attack for months. Less than three weeks afterwards our offensive began. The Germans boasted of impreg-

#### SUBS ATTACK IN MASSES FORMATION

An Atlantic Port of the United States, Sept. 25.—Passengers who arrived here from England today on an American steamship bring circumstantial reports that five British steamships and two destroyers out of a convoy fleet which left Lough Swilly, Ireland, September 3, were sunk by German submarines within a few hours of the port of departure.

The story was told among others by shipwrecked seamen who were survivors of other submarined vessels and by an officer of the merchant ship who had been in Lough Swilly.

The five vessels, it was said, convoyed by destroyers, put to sea after midnight and they were attacked by massed submarines the following morning at daylight. News of the disaster was learned when the destroyers which had escaped put back to port bringing survivors of the torpedoed merchantmen and war vessels.

"The closest secrecy was immediately thrown about the incident," the merchant ship officer said. "The survivors were given positive instructions to say nothing about it and no details as to the names of the ships or the extent of loss of life could be learned. It was reported that one and possibly two of the U-boats were sunk by the destroyers."

**Losses Reduced.**  
Washington, Sept. 25.—Convoys of merchant ships by the American and British naval vessels has materially reduced submarine losses, it was said today officially at the Navy Department.

Some navy officials believe that the massed attack by six German submarines on the convoyed merchant ships just reported, of which the American tanker Westwego was one, indicates a change in tactics by the German Admiralty. British and American naval strategists, however, are working out a method of meeting massed attacks.

It was said officially also that absolutely no information of any character had been received indicating that the submarines would be employed upon this side of the Atlantic.

The sale of home-cooking to be held in the Red Cross tent, third Avenue, tomorrow will be under the charge of Mrs. C. L. Monroe and Mrs. W. E. Williams.

#### CANADA'S RAILROAD POLICY OUTLINED

Ottawa, Sept. 26.—While no official intimation has been given by the government, it is understood that when the Canadian Northern Railway stock is acquired by the government there will be a reorganization of the board of management. It is likely that Sir William Mackenzie, Sir Donald Mann, and Mr. R. J. Mackenzie will retire. D. R. Hanna will remain on the board, and in all probability will be asked to act as general manager of the new system. The general operating staff will not be interfered with.

Sir Robert Borden, in a recent speech, outlined his views as to what he considered the best way of handling the railway situation in the future. He proposed co-operative management in order to prevent duplication in capital expenditure, and to reduce operating expenses. He intimated that this will be the government's railway policy for the coming election, the plan to be worked out by the next parliament.

He did not go into detail, but it is understood the plan is to have a board of experts representing at least the Intercolonial, the National Transcontinental, Canadian Northern, all of which are now government roads; the Grand Trunk Pacific, which is being assisted by the government, and may also be taken over, and the Grand Trunk. This board will co-ordinate the operation and expenditure of the various lines in order to effect the greatest possible economy. The C. P. R. will probably not be included. Under its own management it is already one of the most efficient roads in the world, and will continue along its present lines. The other roads will act together under one system.

#### WESTHOLME THEATRE

Tonight at the Westholme you will see "My Best Girl." The best girl usually reflects the good taste of her possessor and in this instance, the play reflects great credit on its producers and the artists. Metro plays are among the best that are produced, and this comedy-drama is among the best of the Metro plays. The story is a delightful one, in which all will be interested, although it is sometimes dangerous to become too much interested in someone else's "best girl." However, there is little danger in this case. In fact, "My Best Girl" tonight cannot fail to excite the interest of the whole audience. The play will be followed by a Ford Monthly.

#### PROGRESS OF THE NEW FISH PACKING PLANT

Rapid progress is being made with the construction of the new fish packing plant at Seal Cove. The wharf, with an approach of one hundred feet has been finished and the construction of the buildings is well under way.

Concrete piles had to be driven to bear the weight of the building which will contain the large steel tanks for the immersion of the fish under the new process. These tanks will contain brine at different low temperatures. The fish will be immersed in each tank for a specified time, each tank having a different brine and a different temperature. At the conclusion of the process, the fish are hard and stiff, but not frozen.

They come out of the last tank glazed in such a manner as to exclude the atmosphere from the skin of the fish. In this manner they will keep fresh as the day they were immersed for two weeks.

The success of this new process of handling fish will be watched with extreme interest, as it will revolutionize the fish packing industry on this coast. The superiority of fresh fish over frozen is marked, and as no ice is used in packing under this new process, the fish are said to retain their fresh flavor to a much greater extent. With Pacific fish retaining their fresh caught flavor after transportation to the East, a greater demand may be looked for in these markets for Pacific fish, which will give the industry a greater impetus. This new process will not be restricted to halibut, but all kinds of fish will be handled. This process will create a demand for the many varieties of fish which at present the fishermen can find no market, but which they get on their hooks just the same. Instead of being thrown away as at present, whoever can utilize these varieties of foodstuffs, and put them on the market at a cheap price, will perform a National Service.

#### NEW GERMAN PARTY HOLDS FIRST MEETING

(Special to The Daily News).  
Copenhagen, Sept. 27.—The new German Fatherland Party held its first open meeting in Berlin last night. Enormous crowds attended, and numerous government officials were also present. Duke Johann Albrecht of Mecklenberg Schwerin opened the meeting, at which the Admiral von Tirpitz was the principal speaker.

#### BRITISH AIRMEN BROKE UP HUN AIR SQUADRONS

Exploding Bombs Killed Six and Injured Sixteen in South London During Second Aeroplane Raid.

(Special to The Daily News).  
London, Sept. 27.—The second raid made upon the city of London in two days by the German aeroplanes resulted in the killing of six persons and serious injuries to sixteen more. In this instance the raiders were repulsed at the outskirts of the city, only two bombs being reported dropped in the southeastern districts. The attack in this second raid was made by two squadrons approaching from different directions. The British airmen rose to meet the invaders and broke up the formation of the enemy squadrons, and prevented them making any further progress over the city. No details of any material damage have been reported.

#### NEWS FROM THE UNITED STATES

(Special to The Daily News).  
Washington, Sept. 27.—The coal miners T. G. T. have presented a demand for an increase in wages of from twenty to seventy per cent on the present existing rates.

**The Texas Governor.**  
Austin, Texas, Sept. 27.—Ferguson has been declared removed from the governorship of the state and he has been barred from holding any other public office in Texas.

**Money Bills.**  
Washington, Sept. 27.—The Senate has passed a bill for ten billions to be loaned to the Allies. The deficiency appropriations bill for eight billions has been also passed.

#### RETAIL CLERKS HAVE A SPLENDID JAUNT

Yesterday afternoon, taking full advantage of the half holiday, the retail clerks boarded the Alice B. and set off out on the briny. The course of their trip took them round Kaien Island, and the scenic beauties were much enjoyed. The party was a merry one, and some of the nimrods, seeing that the hunter's moon had begun, had taken the precaution of bringing guns along, just in case anything should show up. Nothing did transpire, however, worthy of record, but any game between Zanardi and Shawatlans must have been sore afraid, judging by the noise.

When the party returned at 6 p. m., an automobile was waiting to transfer the bag. No bag being available, however, the automobile was utilized to convey the party to their respective homes. Every one agreed that they had had a splendid afternoon.

**FOR OUR SOLDIERS**

An eloquent plea for the soldiers in uniform, and for their dependents at home was made last Sunday night in Vancouver by an eminent divine. His utterance was such that it will meet with the approval of everyone. In view of the coming election, when the destinies of Canada for the next five years will be decided by the popular vote, the requirements of our fighting men must be kept in the forefront.

"Whenever in the course of human events it becomes necessary for a democratic nation to defend its rights and liberties against the invasion of an hostile nation, the entire resources of the country, moral and material, man-power and wealth, are justly disposable by the state, to the end that each and every citizen according to his and her ability may as nearly as possible bear their just and equitable proportion of defence.

"It therefore necessarily follows that when human life, the one think of supreme value in the state, is conscripted, much more should that of less value, the natural resources and the wealth of the state, be conscripted.

"(1) That as far as possible the burden of future taxation may be avoided.

"(2) That the soldiers' pay may not be less, if not greater, than that of the men who remain at home.

"(3) That the life of the soldier be insured against death to the extent of \$10,000 and in a like proportion against partial and permanent disability.

"(4) That ample and proper provision be made for the re-entry of the soldier to civil life so that he shall not suffer because of the service and sacrifice he rendered to his country in its great peril.

"(5) That all ranks of soldiers may receive equal and adequate pensions.

"(6) That the soldier's wife, in lieu of the patriotic allowance, and all contributions bearing the semblance of charity, receive an adequate separation allowance.

"(7) That the soldier's widow receive such pension as will

enable her to live in comfort and educate her children."

The words sum up the gist of the speaker's remarks, and no one with the interest of the soldiers at heart, and likewise the interests of the country and the Empire at large, can reasonably consider that such demands are more than are coming to the men who risked their lives, and lost them, in many cases for the preservation of the safety of us who remain at home. Adequate provision for the welfare of the men at the front and the dependents at home has yet to be made. The present moribund Government had their opportunity to do so, but did not. The supporters of the present Government seek to impress their anxiety now, after three years of the struggle, for the winning of the war, irrespective of the justice done to the soldiers or their dependents.

The present Minister of Finance comes out blatantly with the remark that he cannot do anything towards the revision of the pensions scale this year, but "next year" something may be done about it. While at the same time, he can find the money to pay as yet an unknown number of millions to the holders of the worthless watered stock of the C. N. B. Which of the two payments are more necessary to the welfare of the soldiers and the "winning of the war?"

The party in the majority in the Dominion House know full well that on the record of their doings for the past six years, they would never be re-elected. And it upon their record for the past six years that they shall be judged at this coming election. Not, however, if they can avoid it. That record is an awkward thing for them. It will take an awful lot of explaining. There is a big hole in the ground right here in Prince Rupert that cannot be filled with explanations. And that is only a minor incident in the unsavory record. Hence the anxiety to forget all these troublesome matters. "Forget our record," they say. "We are willing, nay anxious, to forget all our party differences. Come on and 'win the war.'"

Such excessive protestations

**A Pound of Whole Wheat** contains 1700 calories, says the chemist—but it doesn't contain any calories for you unless you can digest it. It is what you digest, not what you eat, that supplies nourishment for the day's work. It is a time to cut out expensive foods that generally contain little nutriment. **Shredded Wheat Biscuit** is 100 per cent. whole wheat—nothing wasted, nothing thrown away. It is real man-power food. Two or three of these little loaves of baked whole wheat with milk and fresh fruits make a nourishing, strengthening meal at a cost of only a few cents. **Made in Canada.**

of a patriotism which has not been impugned, coming on the eve of an election, is significant. And it will be accepted, for what it is worth. But with the winning of the war, the welfare of all the people must not be neglected, particularly the fighting men. But the "win the war" party could not increase the inadequate pensions.

## Are The Four Fruits Used in Making "Fruit-a-lives"

"FRUIT-A-LIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-lives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-lives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-lives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. ## 95% of Illness Due to One Cause

Physicians agree that 95 per cent. of all illness is possible only because of accumulated waste in the Colon (Lower Intestine). In fact, the most eminent of the World's Specialists claim that if the Colon were always kept clean the average life of humanity would be doubled.

There is now a new and simple method of cleaning the Colon of this poisonous waste, and keeping it clean, pure and healthy. Of curing Constipation and the depressing bilious attacks which make us dull, blue and inert—without any spirit of ambition.

That method is Internal Bathing with warm water, administered by the "J. B. L. Cascade," apply termed "Nature's Cure."

Over 500,000 people are now enthusiastically using this modern warm water cure, and physicians are prescribing it everywhere. It is making sick folks well, and well folks better, stronger, more ambitious, energetic and confidential.

This letter from Mr. A. Maclean of Conger Lumber Co., Parry Sound, Ont., a sufferer for 35 years from Constipation, is very valuable.

Parry Sound, Ont.  
Dr. Chas. A. Tyrrell, Toronto.

Dear Doctor.—I have used the J. B. L. Cascade since I received it 21 days ago with wonderful results. Before I started this treatment I could not pass one day without taking medicines; since have not taken one dose, and feel so much better in every way.

I have been troubled with Constipation for the past 25 or 40 years, and of course at my age cannot expect a speedy cure, as I am now in my 74th year, but the relief it has already given me is a promise of the good it will do for me.

I think a good many orders will come from Parry Sound as the treatment becomes known.

I cannot speak too highly of the Cascade treatment, and will surely talk much about it.

Yours gratefully,  
A. Maclean.

The "J. B. L. Cascade" is now being explained and shown at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th Street, Prince Rupert, and they will be glad to explain its action and uses to you in detail.

If you cannot call, you should write to-day to Chas. A. Tyrrell, M.D., 363 College Street, Toronto, for booklet, "Why Man of Today is Only 50 Per Cent. Efficient."

### WATER NOTICE

#### Diversion and Use.

TAKE NOTICE that R. K. Neill, whose address is Stewart, B. C., will apply for a license to take and use seventy cubic feet of water out of North and East Forks of Cascade Creek, which flows southerly into Salmon River, Cassiar District, B. C.

The water will be diverted from the streams at points about two thousand feet above the forks. This notice was posted on the ground on the sixth day of August, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. ### WATER NOTICE

#### USE AND STORAGE.

TAKE NOTICE that The Empire Pulp & Paper Mills, Ltd., whose address is Vancouver, B. C., will apply for a license to take and use all the water and to store 10,000 acre feet of water out of unnamed lake, also known as Whalen Lake, which flows and drains into Whale Channel about one mile north from Rivers Bight.

The storage dam will be located at west end of Lake at outlet of lake. The capacity of reservoir to be created is about 10,000 acre feet and it will flood about 2,000 acres of land. The water will be diverted from the stream at a point about... Taken by tunnel from east end of Lake three miles northerly direction from Lot 29, Butedale, on Fraser Reach and will be used for power purposes upon the land described as in application to lease at east end of Lake on Fraser Reach.

This notice was posted on the ground on the 5th day of June, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. # LUX

To give sweater coats a new lease of life

Now that sweater coats are getting more expensive, it is more than ever desirable that you wash yours with LUX. Of all things a sweater coat, which is seen so much, must be kept soft, fluffy, fleecy and "new" in appearance. You can keep yours that way and wash it again and again if you do this:

Four boiling water over LUX flakes—pure essence of soap—allowing 3 or 4 tablespoons for every gallon of water you use. Whip into a creamy lather—a few seconds is needed. Then put in the garment and stir it about. Let it soak until cool enough for your hands to squeeze the water out of the coat—the dirt just runs away. Rinse in two or three relays of tepid water, and hang to dry.

Very simple. Anyone can do it—just a few minutes' work and you get a result that the most expert French cleaner might well envy.

LUX won't shrink woollens. Won't hurt any fabric or color that pure water can safely touch.

# Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

able positions all along the line. They had sworn not to leave a prisoner in our hands. We took 40,000 up to May 1, and the number of prisoners had increased to 63,000 by the end of June.

The writer in the "Revue" then goes on to give instances of the bad moral of the army, and proceeds to prove by events and by calculations that the second battle of the Aisne cost the Germans more dearly than those of Verdun and the Somme. He concludes as follows:—

Such is the position of the German army. They have lost their line with an immense amount of material and more than 400,000 men. Their army is shaken, and is being reinforced by elements drawn from other services. Their 1918 class has been tapped, and their power of initiative has vanished hopelessly, together with the positions that should have secured it and the new reserves that should have been used for the purpose of keeping it.—Ex.

### SASKATCHEWAN FLOATS BIG PRODUCTION LOAN

Regina, Sask., Sept. 26.—The Saskatchewan Government announced the flotation of a loan to be offered to the people of Saskatchewan. It is known as the Saskatchewan Greater Production Loan.

The object of this loan is to raise money within the province to provide the necessary funds for the carrying out of the scheme of rural credits under the farm loans act, the purpose being to supply money at cost to farmers requiring it for the development of their farms and the bringing about of increased agriculture and live stock production in Saskatchewan.

The farm loans act came into operation a few months ago, but already applications for loans from farmers for productive purposes have reached a total of more than \$2,500,000. Ten-year Saskatchewan Greater Production Loan bonds will be issued in denominations of \$20, \$100, \$500 and \$1,000, bearing interest at five per cent. per annum, payable half-yearly. A unique feature of these bonds is that they will be redeemable at par any time upon the giving of three months' notice to the Provincial treasurer.

This is the first loan of its kind ever floated in Canada.

### Give each of Your Children a War Savings Certificate.

LET them feel that they are Canada's partners—that they have each a definite share in the stern struggle—the certain victory—and the free and glorious future. Encourage them to save and buy Certificates themselves! You'll be developing their patriotism, their thrift and their business sense—for Canadian War Savings Certificates offer absolute security and excellent interest return. More important still, you will be guaranteeing their future, for every dollar lent to Canada helps win the war.

For each \$21.50, \$43 or \$86 lent now, the Government issues a Certificate, payable in three years, for \$25, \$50 or \$100. This means that interest is added at over 5% per annum. Certificates may be purchased at any Bank or Money Order Post Office.

For the sake of Canada and your children, save and invest in War Savings Certificates.
