PRICE FIVE CENTS

BRITISH MAKE ADVANCE IN MESOPOTAMIA

TURKISH TROOPS DRIVEN FROM POSITIONS AND SURRENDER IN THOUSANDS

MESOPOTAMIA OFFENSIVE SUCCESSFULLY RESUMED

**TURKISH MAIN POSITIONS ARE ATTACKED AND CAPTURED—
ENEMY TROOPS FLEE IN DISORDER—THOUSANDS OF
PRISONERS CAPTURED AND GREAT QUANTITIES
OF STORES—ENEMY SURRENDERS**

(Special to The Daily News.)

London, Oct. 1.—In Mesopotamia, the British troops made an attack on the Mushaid Ridge, in the region of Baghdad. An attack was also made on the Turkish main position in the region of Hamad, from the southwest and west. The British attack was perfectly successful and all the objectives were attained. The British artillery fire was particularly effective and demoralized the Turkish troops. Their guns were soon put out of commission, being out of range and out of classed by the British gunners. Vast stores of munitions and military stores of all kinds were collected at these points, which the Turks believed to be impregnable.

Thousands of prisoners were captured, and great numbers of the Turkish forces voluntarily surrendered in every direction.

This victory will clear the way for a further advance up both rivers Tigris and Euphrates in the

direction of Aleppo, and co-operation will soon be possible with the British forces in Palestine, which have been operating near Gaza, south of Jerusalem.

Western Front.

London, Oct. 2.—The British positions between Tower Hamlets and the Polygon Wood have been heavily bombarded, and the enemy subsequently launched three powerful attacks which were all repulsed. North of the Ypres-Menin road, another strong attack was made by the enemy over a mile front. The German infantry advanced in three distinct waves, and suffered tremendous casualties from the British rifle fire, and the artillery barrage. The first and second waves were mowed down successively, the survivors becoming merged into the third wave of advancing Germans, who finally fled in disorder. Reinforcements were brought up and the German High Command twice renewed the attack, which were also repulsed.

Get Something that will hold water.—New York Tribune.

STATES UNPLEASANT FACTS FACE CANADA

Winnipeg, Sept. 29.—Prof. W. J. Osborne, in his opening address of the University year to the students and faculty at the University here on the subject of "the future of Canada," said that "at the present moment we are confronted by two unpleasant facts—our foreign citizens have not responded to the call to arms in a way that is gratifying to our English and Canadian-born people and Canadians have failed in their relations with the French-speaking elements of our country. If French had been made a subject of instruction in the public schools throughout Canada the difficulty would have been greatly lessened. We have got to come to an understanding with our foreign-born peoples."

"The war has shown us the absolute necessity of becoming a united country," he declared. Prof. Osborne scored the present system of government in Canada by virtue of which the entire country for six months has been demanding a National Government without being able to register its will in the matter.

GERMANY TO RETAIN ANTWERP AS A BASE

Washington, Oct. 1.—In diplomatic circles here it is understood that the Pope will shortly make another effort towards peace and that his next step will be taken when he has received all the replies to his former Note. The matter is being actively discussed, and though naturally nothing of an official character can be obtained, an outline of what the Pope's programme is likely to be is given today. It is understood that the Pope will suggest the restoration of Belgium, with the retention of a German base at Antwerp, and autonomy for Lorraine. Germany is to retain Alsace, Trieste is to be a free port, and the Balkan situation to be settled at a peace conference. If such a proposal should be made from the Vatican it is safe to say that it would be rejected by the Allies, probably in more striking terms than those contained in President Wilson's reply.

An increase of wages to the men on the garbage wagon, the board of works committee could not recommend. The public utilities committee, however, recommended payment for overtime to B. Moore who was working at Shawatians, while the department was shorthanded.

Then came the reconsideration of bylaws to be known as Bylaws 303 and 304 for the borrowing of \$20,000. It was moved and seconded that both bylaws be duly passed, signed and the corporate seal affixed.

The council then resolved itself into committee of the whole to discuss the cemetery bylaw and certain pending litigation, from which the press were excluded.

COAL COSTS \$12.50 PER TON IN WINNIPEG

Winnipeg, Oct. 1.—The price of hard coal in Winnipeg is likely to remain at \$12.50 per ton, according to a statement made by C. A. Magrath, federal fuel controller. Mr. Magrath says that the dealers have presented statements to him which appear to bear out their contention that the \$12.50 price is justifiable.

However, Mr. Magrath has not come to a final decision, and he expects to receive some further statements, which he has asked for, leaving for Ottawa, where he will attend a meeting of the International Joint Commission, of which he is a member. After he has given further study to the statements submitted by the Winnipeg coal dealers, he will come to a final decision on the price.

"The figures laid before me would certainly indicate the dealers being justified in the \$12.50 rate per ton," said Mr. Magrath. "My recommendation to the government before leaving Ottawa in respect to the prices of coal was that the price should be the cost to the consumer including overhead and other charges, plus a fair and just profit of which I should be the judge. An order-in-council was then being prepared, carrying out my recommendation, and which would provide suitable penalties for any infraction of the regulation. I have decided that a fair and just profit in the city of Winnipeg shall not exceed an average of fifty cents per ton."

MARKET CLERK

Applications will be received by the city clerk up to 5 p.m. Tuesday, October 9th, 1917, for the position of market clerk. The successful applicant will have to comply with the terms of the market bylaw and particularly will be required to obtain a surety bond for \$2,000.00 for the faithful performance of the office.

FRED PETERS, City Clerk.

CLERICAL WORKERS' UNION.—A meeting will be held in the Carpenters' Hall on Tuesday evening, October 2nd, at 8:30 sharp. Stenographers, bookkeepers and clerks wishing to join are cordially invited.

The favorite household coal is Ladysmith Wellington. Phone 15, Prince Rupert Coal Co.

THE FOURTH AND STRONGEST GERMAN AIR RAID ON LONDON

**FOUR GROUPS OF ENEMY MACHINES MAKE A DETERMINED
ATTACK UPON CAPITAL—RAIN OF SHRAPNEL FROM
ANTI-AIRCRAFT GUNS FELL ALL OVER—SOUTH
WESTERN DISTRICT BOMBED**

(Special to The Daily News.)

London, Oct. 1.—The fourth and strongest aerial attack yet made on London and the coast towns was carried out two nights ago by four groups of hostile aeroplanes. Some of the machines were successful in eluding the British fliers and reached the city. Numerous bombs were dropped over the southwestern district, which is thickly populated by the upper and middle classes. Search lights spotted the enemy machines which formed a good mark for the anti-aircraft batteries, and a rain of fragments from the bursting shrapnel fell all over the city following the course of the German aviators. Eleven persons are known to be killed and eighty-two injured by the bursting bombs dropped by the raiders, and further casualties have been reported. No information is yet to hand regarding damage to buildings. The report of three enemy machines being brought down is current.

COL. V. SPENCER ON PURCHASING TRIP

Vancouver, Sept. 29.—Colonel Victor Spencer will leave here this evening with H. R. Dawson, of the Navy and Army Canteen Board, on a purchasing trip through the province. The supplies they are to buy are other than the regular army rations, and purchases in this respect already have been made in the province by Mr. Dawson. Their first destination will be the Okanagan, for fruit and other products.

Col. Spencer, who is attached to the Canadian Transport Service, came home on leave in June and attended the golden anniversary of his parents, Mr. and Mrs. David Spencer, who reside in Victoria. Since then he has been in Ottawa and latterly has been back on the coast awaiting further orders.

Wanted—Delivery boy—McRae Bros. 231.

MAIL BAGS CARRIED BY AEROPLANES

Writing from the Italian headquarters in the field, a correspondent says:—

Italy has taken to the air like a duck to water. Aviation is becoming a national industry. For instance, this morning the Milan papers are on sale in this little town where the Staff has its home seven hours before they could arrive by train, having been freighted hither by the great Caproni, which recently took part in the Bombing of Pola. Several aeroplane mails are running on various routes in Italy with fair regularity, while at the same time aerial warfare is spreading, developing, and becoming more characteristic of the fighting on this fantastic front.

I had a talk with the aviator who brought the newspapers, and asked him regarding the damage at Pola, which he had actually seen. He replied that he saw many fires, which he ascribed to the various localities and establishments of the dockyard, but was also personally convinced that two Austrian submarines were struck and sunk, while a number of other ships at anchor or moored to wharves were hit and damaged or set on fire. He said the Austrians were plentifully supplied with fast fighting machines, but rarely engaged in an aerial duel if able to avoid it. He gave me a brilliant impromptu word picture of the scene as he looked down on Pola, showing pale in the darkness, with a shifting tangle of searchlights sprouting from it, and the gun flashes of the anti-aircraft artillery lighting it up in momentary illumination. The last he saw as he turned homeward was the silhouette of the town against the flames and the red glow of the burning buildings wonderfully reflected in the waters of the Adriatic. This aviator's opinion that the Austrian aviators avoid duels is partially confirmed by the practical immunity with which the Italians carry out elaborate bombing expeditions.

OFFICIAL CENSUS OF ALBERTA

Ottawa, Oct. 1.—The race origin of the people of the three prairie provinces is dealt with in a bulletin issued by the census branch today. The figures given deal with the situation as revealed in the census of June 1, 1916. The returns show that of the population reported on that date, persons of British origin constituted 57.76 per cent in Manitoba, 54.5 per cent in Saskatchewan and 60.18 per cent in Alberta. The French race possessed 6.1 per cent of the population of Manitoba and about 5 per cent of that of Saskatchewan and Alberta. Persons of German origin represented 4.67 per cent of the population of Manitoba; 11.9 per cent of Saskatchewan, and 6.85 per cent of Alberta.

Males of the ages of 20 to 34 numbered in Manitoba 33,118 Canadian born, 21,608 born in the British Isles, and 26,018 of foreign birth. In Saskatchewan the Canadian born of this age numbered 48,865, the British born, 23,610, and the foreign born, 47,372. In Alberta the numbers were: Canadian born, 23,671; British born, 19,822, and foreign born 37,916.

FISH ARRIVALS

Twenty-nine thousand pounds of halibut arrived in port this morning, which realized the highest price ever paid in Prince Rupert for car lots. The Cora had 6,000 lbs; Thelma, 3,000; Lincoln, 5,000; J. P. Todd, 5,000; Adeline, 5,000 lbs. These were all American vessels and the price they sold for was 17 cents per pound. The Lillian S. had 1,000 lbs. and the Ruric 4,000, which at noon were not yet sold, bidding being still in progress.

Mrs. C. R. Freeman, Seal Cove, will not receive on Thursday next, or again during the winter.

FOOD CONTROL

Mr. W. J. Hanna, the Food Controller, has come in for much criticism since his appointment, some months ago, not particularly for what he has done in the way of safeguarding the food supplies for the people, and their prices, but for what he has not done yet. Since his appointment, there has been no appreciable reduction in the prices of foodstuffs noticeable to the general public. Big profits are still being made by the big firms out of the necessities of the people. And the ordinary wage earner is still finding it hard to make ends meet.

"In his statement regarding food prices," the Victoria Times says, "Mr. Hanna sets up a straw man which he promptly knocks over. He says that if he took the measures advocated in some quarters the country would suffer a complete disruption of all trades, a total breakdown of real estate values and the utter demoralization of labor conditions in the cities." That empty argument is so ancient that it is moss-grown; it is as old as special privilege. We hear it from highly protected industries fattening on three profits every time there is a demand for the reduction of the tariff. It was trotted out during the reciprocity campaign by the very politicians who a year ago adopted the cardinal planks of that same policy. President Wilson heard it when he lowered the United States tariff and gave the consumer a chance to exist.

"The Canadian public is not entirely devoid of intelligence. It knows that the law of supply and demand plays a large part in the determination of the prices of food and everything else, and it has no desire to commit economic suicide. But it knows, too, that speculation cuts a mighty large figure in fixing food prices. The evidence before the meat inquiry in Toronto shows that one big packing company has been making 90 per cent. on its investment; it has been making so much, indeed, that to save its countenance it transferred an enormous sum to its reserve fund

and 'wrote off,' not charged to costs, another big total upon which no war profits were levied. Sir Joseph Flavelle, the president of that company and holder of half the stock, is making more than \$700,000 a year out of this business alone. It is this sort of thing the public expects Mr. Hanna to deal with. Surely it is possible to divert a large share of these vast profits to the public in the form of lower prices without a complete disruption of all trades, and a total breakdown of real estate values (why real estate? we wonder) and the demoralization of labor conditions in the cities."

"Lord Rhondda, the British Food Controller, did not fear all these weird calamities pictured for us by Mr. Hanna when he put his plan of price control into effect. In a statement given in London on Sept. 20th he said:

"I now am able to limit the profits derived by those engaged in the food industries of the United Kingdom. We examine the books and apply a system of costs and expense. I expect to hear that Mr. Hoover and Mr. Hanna have taken similar steps so that we will be able to assure the people that the existing high prices of imported food do not represent profiteering."

"There have been no complete disruption of all trades, a total breakdown of real estate values and demoralization of labor conditions in Great Britain in consequence of Lord Rhondda's action. Indeed that country is raising \$40,000,000 per day for the prosecution of the war and will be able to do so for a long time. We hope Mr. Hanna has noted Rhondda's observation and will act upon the hint contained in it. As for Mr. Hoover, we may be sure he will take all measures necessary to protect the public. He protected fifteen millions of Belgians and French against the starvation policy of Germany."

WINNIPEG TORONTO, ONT. MONTREAL

this source was available yesterday. Big things must be in progress.

Mr. H. S. Clements, Prince Rupert's late member, is reported as stating that his platform at the coming election will be to win the war and to support Sir Robert Borden. He was honest, at least, in declaring his intention of supporting Sir Robert, and his electorate know exactly his policy.

The deputy speaker in the Dominion House has assured the electors in the Quebec parishes that the military law will exempt all "farmers, their families and industrials of good faith." This looks as if there will be none in Quebec available for the application of the Military Service Act. Apparently the Government never had any intention of applying compulsory service in that province.

NOTICE TO CONTRACTORS

GRANBY BAY SCHOOL.
SEALED TENDERS, superscribed "Tender for Granby Bay Addition," will be received by the Honourable the Minister of Public Works up to 12 o'clock on Tuesday, the 15th day of October, 1917, for the erection and completion of a two-room addition to the existing two-room school house at Granby Bay, Anvik, in the Atlin District.

Plans, specifications, contract, and forms of tender may be seen on and after the 1st day of October, 1917, at the office of J. E. Foreman, Government Agent, Prince Rupert, B.C.; J. E. Macdonald, Secretary to the Board, Anvik; J. Mahony, Government Agent, Vancouver, and the Department of Public Works, Victoria.

By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars (\$10) or a marked cheque, which will be returned on their return in good order.

Tender must be accompanied by a receipted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.
A. E. FOREMAN,
Public Works Engineer,
Public Works Department, Victoria, B. C.,
September 24th, 1917. 241.

BATTLE STORIES FROM THE WESTERN FRONT

Some Front Line Silhouettes.

(By Z.)
"When we attacked," said the wounded officer, "we had on our left two battalions of a very celebrated division, which is said to be marked down by the Boche as A. 1. They reached their first objective and were then badly held up by a line of machine guns which had either escaped the bombardment or else been rushed up after. It was a very critical moment; it was impossible to get back news to the gunners. So those battalions calmly proceeded to knock out each of those guns' crews in turn by concentrated and controlled rifle fire, taking their fire orders from their officers. When the job was finished they got up and went on and right through. It was the most perfect lesson in discipline anyone could have."

"It is said that their divisional general was watching them all the time. He saw them held up and then lie down and open fire and then go on. He was simply wild with delight and said that though he had been out since Mons, it was the finest thing he had seen in the war. It may not sound much as I tell it, but to those who realize the circumstances in which it was performed, the din, the chaos and so on, it seems miraculous. Instead of a whole line stopped and a whole great operation being broken up, as anyone would have believed must have happened, the show was delayed less than 20 minutes. That is a really decisive triumph of discipline and I don't believe the Boches for all their trying have ever equalled it."

A Hopeless Position.

"All the same the Boches are fighting very well and cleverly, too. My men used to get absolutely wild when they read in the papers descriptions of the Boches as half-starved kids of seventeen. It isn't true and wouldn't reflect much credit on our fighting ability if it were. The Huns are nasty people, but they are tough, all right. Indeed, in view of what I believe to be the fact that they no longer have any hope of ultimate victory, I think they stick it out quite wonderfully well, upon the whole, despite the interludes of 'Kamerad,' etc. After all, you know, the Boche position and outlook now are about as wretchedly trying and hopeless as they could possibly be."

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act?

The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.

Issued by
The Military Service Council.

121

New Dangers of Constipation

A most issue of The New York Times

"Most researches of Prof. Metchnikoff and others have led doctors to suppose the many conditions of chronic ill-health, nervous debility, rheumatism and other diseases are due to poisoning set up by wastes in the large intestine. It has been suggested that the removal of the waste resulting from constipation is favorable to the development of Cancer and Tuberculosis."

"At City Hospital Sir William Arbuthnot Lane decided on the heroic plan of removing the diseased organ. A child who appeared in the final stage of what was believed to be the incurable form of tubercular joint disease was operated on. The Lower Intestine, with the exception of nine inches, was removed, and the portion left was joined to the Smaller Intestine."

"The result was astonishing. In a week's time the internal organs resumed all their normal functions, and in a few weeks the patient was apparently in perfect health."

The Lower Intestine can never get into this condition if Internal Baths are used. The "J. B. L. Cascade" cleanses the Lower Intestine its entire length thoroughly with warm water, and removes all this poisonous waste, which is such a menace to health.

This is a sample only of many hundreds of letters we have in our files:
Dept. Public Works,
Ottawa, Ont., Jan. 31, 1916.

Dear Sir:—
Words, I can assure you, quite fail me to express my satisfaction and gratefulness to you for inventing such a humane and common-sense remedy for stomach troubles as the "J. B. L. Cascade." For the past 15 years I have suffered from such, and have never had the permanent relief from medicines as I have had from your "Cascade." I consider it the best investment I have ever made, and would not be without it for one hundred times its cost. I consider that those who are in doubt as to whether they are making the mistake of their lives to be without one of your "Cascades."

Wishing you every success in your efforts for suffering humanity.
I am, Dear Sir, yours truly,
"Grateful,"

P.S.—Name and address will be furnished if requested.
It is Nature's own cure for Constipation, and is now being used by over 500,000 Canadians and Americans with great success.

The "J. B. L. Cascade" is now being shown and explained at Cyril H. Orme's Drug Store, cor. 2nd Avenue and 6th St., booklet, called "Why Man of Today is Only 50 Per Cent. Efficient," as given on request. If you prefer, write today for this booklet to Chas. A. Tyrrell, M.D., 163 College Street, Toronto.

SALE OF GOVERNMENT LOTS

Port Clements, Queen Charlotte Islands.

NOTICE is hereby given that, acting under instruction from the Deputy Minister of Lands, I will on the 13th day of September, 1917, at 11 o'clock in the forenoon, at Port Clements, sell by public auction the lots of the above townsite belonging to the Crown. The upset price for which the lots will be offered is \$25 per lot for inside lots and \$35 per lot for corner lots. Terms: one half cash and balance in one year with interest at six per cent on the deferred payments. The Crown Grant fee will be \$10 additional. Plan of the townsite and list of lots to be offered can be seen at the office of the Assistant Commissioner of Lands, Prince Rupert, or of Mr. A. B. Mallory, Port Clements, or in the Department of Lands, Victoria, B. C.
J. H. McMULLIN, Assistant Commissioner of Lands.
Sept. 12.

Province of British Columbia

DEPARTMENT OF LANDS

NOTICE

Re Overdue Payments on Applications to Purchase Crown Lands in British Columbia.

NOTICE is hereby given that, under the provisions of the "Soldiers' Homestead Act Repeal Act," any person who did not apply under the "Soldiers' Homestead Act, 1916," to complete his application to purchase, either by payment in full or by the selection of a proportionate allotment, may, by proving his interest and paying up in full the balance of the purchase price and taxes before the 31st December, 1917, obtain a Crown Grant if proof satisfactory to the Minister of Lands is furnished that such person is suffering injury through absence of notice or otherwise.

And further that the interest in uncompleted applications to purchase held by any person on Active Service may be protected by notification to the Lands Department of the fact that such person is on Active Service and by the filing of proof of interest of such person.

Further information will be furnished on request to the Deputy Minister of Lands, Victoria, B. C.
Publication of this notice without authority will not be paid for. Tu. Sep. 18

WATER NOTICE

Diversion and Use.

TAKE NOTICE that R. K. Neill, whose address is Stewart, B. C., will apply for a license to take and use seventy cubic feet of water out of North and East Forks of Cascade Creek, which flows southerly into Salmon River, Cassiar District, B. C. The water will be diverted from the streams at points about two thousand feet above the forks. This notice was posted on the ground on the sixth day of August, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder, or with the controller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 14, 1917. S.14
R. K. NEILL, Applicant.

SKENA LAND DISTRICT—DISTRICT OF CASSIAR, RANGE 5.

The Bath Delightful

You would enjoy your bath twice as much if you could get water as soft as summer rain—the kind they used to have in the old-fashioned cistern or rain-barrel. There is a better way now, to get the same result, with any water, and that is to use

LUX

You sprinkle in a few spoonfuls of these dainty, transparent little flakes of the purest soap, and stir them about. Instantly they dissolve, imparting their satiny softness to the water. Be sure to have a LUX shampoo, too—it makes the hair silken and healthful.

LUX—it won't shrink woollens either.

Local News Notes

The Table Supply are sporting a new delivery car.

Developing films 10c; Velox prints, 3c to 5c—McRae Bros.

Mr. W. E. S. Dudoward, of Port Simpson, was in the city yesterday.

Mr. A. W. Carter, of Oceanic Cannery, was in the city last evening.

Mrs. K. Birnie, accompanied by Pete, left yesterday morning for Terrace, where they will spend the winter.

Lt.-Col. Spencer, accompanied by Mrs. Spencer, of Vancouver, arrived in the city from the south yesterday.

Mr. Ross Paterson, of Vancouver, was among the passengers arriving from the south by the Princess Sophia yesterday.

Mr. P. R. Backus, of Terrace, has been out on a little excursion with Mr. R. O. Jennings for the last two days. They arrived back again in town last evening.

At the police court this morning before Magistrate Carss, Mike Stanich, an alien enemy, was mulcted in the sum of \$5 for not reporting his whereabouts, in accordance with the law.

Mr. Nicol Thompson, the fuel controller, had a conference with the coal dealers yesterday and in the afternoon he also conferred with the coal committee of the city council. Further consultations will take place before Mr. Thompson leaves the city.

The fuel controller comes to Prince Rupert and coal goes down to rock bottom. This, of course, only refers to four hundred and fifty tons. If Mr. Thompson can bring the price down correspondingly, he will be the most popular visitor Prince Rupert has had.

Mrs. A. McKinnon, of 240 8th Avenue, has just received word of the death of her nephew, Sergt. Laughlin McDonald, D. C. M. Belonging to Nova Scotia; Sergeant McDonald enlisted in British Columbia in 1914 and was soon overseas, where he received the D. C. M. for conspicuous gallantry in action.

TURKEY HAS ENOUGH

Amsterdam, Oct. 1.—Turkey's entry into the war was justified by Talaat Bey, the Grand Vizier, in a long speech in closing the congress of the Party of Union and Progress, according to a dispatch from Constantinople. He defended the Turkish treatment of the Armenians, but admitted that the deportations could not be carried out by regular forces because the gendarmes had been drafted into the army and order could not be maintained. Irregularities in connection with the deportations had been investigated, he said, and the guilty parties had been punished severely, some with death.

Referring to the Pope's peace note, Talaat Bey declared that Turkey adhered to the principle of arbitration. Regarding disarmament, he said: "We shall oppose no solution which is compatible with our vital interest."

He concluded by saying that no one could say when peace would come, but it was obvious that the end was approaching.

WATER NOTICE

USE AND STORAGE.

TAKE NOTICE that The Empire Pulp & Paper Mills, Ltd., whose address is Vancouver, B. C., will apply for a license to take and use all the water and to store 10,000 acre feet of water out of unnamed lake, also known as Whalen Lake, which flows and drains into Whale Channel about one mile north from Rivers Bridge.

The storage dam will be located at west end of Lake at outlet of lake. The capacity of reservoir to be created is about 10,000 acre feet and it will flood about 2,000 acres of land. The water will be diverted from the stream at a point about... Taken by tunnel from east end of Lake three miles northerly direction from Lot 29, Rutledge, on Fraser Reach and will be used for power purposes upon the land described as in application to be leased at east end of Lake on Fraser Reach.

This notice is posted on the ground on the 5th day of June, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 10th, 1917.

PLANT, ETC., FOR SALE

BY
The Corporation of the City of Victoria, B. C.

Sealed tenders will be received by the undersigned up to 12 noon, on Tuesday, October 9th, 1917, for the sale of a large quantity of plant, machinery, fire equipment, and corporation supplies of various kinds, including steam and gasoline engines, steam pumps, air pumps, steel rails, fish plates, bolts, etc., scrap iron, brass, copper and rubber, galvanized pipe and fittings, valves, rock crushers, cement mixers, 24-in. gauge dump cars, wheels and axles, etc., etc.

Specifications may be obtained from the City Purchasing Agent, to whom all tenders must be addressed, and marked on outside of envelope "Tender for..."

All tenders must be made for the goods specified under each number separately, and each tender must be accompanied by a marked cheque equal to five per cent. of the amount of the tender, made payable to the City Treasurer.

All material sold must be removed in not less than sixty (60) days from the date of acceptance of the tender.

The highest or any tender not necessarily accepted.
Terms to be cash payable to the City Treasurer, and payment to be made before removal of the material.
City Hall, W. GALT,
Victoria, B. C., City Purchasing Agent.

**Give each of Your Children a War Savings Certificate.**

LET them feel that they are Canada's partners—that they have each a definite share in the stern struggle—the certain victory—and the free and glorious future.

Encourage them to save and buy Certificates themselves! You'll be developing their patriotism, their thrift and their business sense—for Canadian War Savings Certificates offer absolute security and excellent interest return. More important still, you will be guaranteeing their future, for every dollar lent to Canada helps win the war.

For each \$21.50, \$43 or \$86 lent now, the Government issues a Certificate, payable in three years, for \$25, \$50 or \$100. This means that interest is added at over 5% per annum. Certificates may be purchased at any Bank or Money Order Post Office.

For the sake of Canada and your children, save and invest in War Savings Certificates.

The National Service Board of Canada, OTTAWA.
