BRITISH SUBMARINES ASSIST RUSSIAN FLEET IN THE BALTIC

RUSSIAN FLEET FIGHTS ITS WAY OUT OF MOON SOUND WHERE GERMANS THOUGHT THEY HAD IT BLOCKADED—HUN NAVAL LOSSES ARE NUMEROUS—ON THE RIGA FRONT RUSSIANS ATTACK

(Special to The Daily News.)
London, Oct. 24.—British naval aid lent to the sorely-pressed Russian sea forces helped in the remarkable escape of the Russian fleet from under the very guns of the German fleet in Moon Sound. The first intimation that British vessels were in action with the Russian ships was contained in an official announcement from Petrograd that a British submarine had fired two torpedoes at two German dreadnoughts in the Gulf of Riga, presumably injuring or destroying one. A transport which had attacked it was also sunk.

German Naval Losses.
Petrograd, October 24.—Two dreadnoughts, one cruiser, twelve torpedo boats, a transport and numerous mine sweepers put out of action or lost, is the total which Germany has been forced to pay for her occupation of Oesel Moon and Dago Islands, according to a review of Russian naval operations made public today.

On Riga Front.
Petrograd, Oct. 24.—Suddenly assuming the offensive, the Russian troops on the Riga front swept forward over the enemy front lines in the sectors of Skuli, Hinsenber Manor, Althazor Manor and Lemberg Castle, all of which places were occupied.

FRENCH AVIATOR VERSUS GERMAN SUBMARINE

Not a week passes without some official note of the part played by hydroplanes attacking with success enemy submarines. In the course of interesting cruises, ally pilots can scan the sea in search of U-boats, which are visible to the experienced eye of the observer. This photo shows a French machine throwing a bomb on a submerged German submarine. The track of the submarine can be seen in front of the exploding bomb.

MERCHANT CRUISER AND DESTROYER ARE SUNK

(Special to The Daily News.)
London, Oct. 24.—The British merchant cruiser Orama has been torpedoed and sunk. It is announced officially. A British destroyer has been sunk in collision. Twenty-one men and two officers were saved aboard the destroyer. Men on board the Orama were lost.

ITALIANS RECEIVE REINFORCEMENTS

(Special to The Daily News.)
Washington, Oct. 24.—French and British reinforcements are arriving daily at the Italian front, official Rome cables stated today. The troop movement is being made from France. Large quantities of munitions and many artillery batteries accompany the soldiers.

"A DOLL'S HOUSE" AT WESTHOLME THEATRE

Ibsen's famous play, "A Doll's House," is the subject of the photoplay to be displayed at the Westholme Theatre tonight. This is one of the greatest plays of the famous Norwegian writer, and it has been translated into nearly all European languages. While advancing the equality of women in all things with men, the play is not an advocacy of "woman's rights" in the now accepted application of the expression of the term. Ibsen visioned more of the domestic rights and equalities of women. Those who have read the play by Ibsen and those who have not yet, will do well to witness this picturization of it.

THINGS HAPPENING AROUND TELKWA

E. Hoops, of Thorpe & Hoops, got back from a ten-days' business trip through the valley. He reports a very fair journey and the ranchers all getting prepared for the winter.

B. McRae made a fast trip in from the Wilson mine. He figures on going back in the course of a week. In the meantime, he is busy sending in the necessary supplies.

Mr. Cronin was in town Saturday for supplies. He has about sixty tons of ore ready for sleighing just as soon as the weather permits.

Pat Regan was in town today with a load of cabbage for Broughton & McNeil. Pat also took home with him a fine four-year-old roadster which he bought from Thorpe & Hoops.

Telkwa today is the happy possessor of a brand new freight shed. It came from somewhere along the line on a flat-car.

"Doc" Clapperton has removed his sphere of activities from the Jefferson-Dockhill road to that of the Cronin road, where he expects to put in one more month.

A carload of hardware came in by freight today for Telkwa merchants. Among other things were a large number of coal stoves.

Johnnie Goodwill has his circular saw going now and he is being kept busy on the woodpile.

Harry Morgan, Claude Wilson and Bill Ellison all of Ootsa Lake, were in town the weekend, with a bunch of cattle for Broughton & McNeil. They left Saturday loaded up with their winter supplies.

Fred Henning (who looks after the training of the Young Idea how to play baseball) has introduced the indoor baseball game, and the boys are taking to it kindly.

D. M. Haynes came in from the south Saturday night. He reports having struck six different tag days on his way up.

FRENCH DRIVE FORWARD FOR NEARLY TWO MILES ON AISNE

A MOST IMPORTANT SUCCESS ACHIEVED BY FRENCH TROOPS WHO NOW OVERLOOK PLAIN OF LAON—THREE THOUSAND GERMANS ARE CAPTURED AND MANY GUNS—ZEEBRUGGE BOMBED BY BRITISH

(Special to The Daily News.)
Paris, October 24.—The French troops have achieved one of the most important victories in the fighting of recent months. Early yesterday morning they swept forward for nearly two miles over a front of nearly two thirds of a mile, capturing Allemant, Vaudezon, and Malmaison Fort.
Premier Painleve announced the drive as "a most important success." In the course of the drive three thousand German soldiers were taken prisoner, the President stated, with twenty big guns. The French forces have now reached the brickyard at Chavignon, which overlooks the plain of Laon.

U. S. Airmen Assist.

The Lafayette Escadrille of American fliers participated in the drive and rendered important service to the French armies in this advance on the Aisne.

Zeebrugge Bombed.

London, October 24.—On Sunday night, naval aircraft dropped several bombs on the Mell railway sidings near Ghent. Yesterday afternoon a bombing raid was attempted on St. Denis Westrem aerodrome, but owing to the thick cloudy weather, our machines dropped their bombs on the Zeebrugge Mole. Two small vessels alongside were hit and bombs burst close to the seaplane base.

BANISHED TO FINLAND AND RETURNED AGAIN

Petrograd, Oct. 22.—Mlle. Virubova, who has been called "the female Rasputin of Russia," and who was a close friend of the former Emperor's wife, has returned to Petrograd with the other exiles sent to Helsingfors, Finland, by the Provisional Government. They were returned by the Council of Workmen's and Soldiers' Delegates of Helsingfors, which refused to permit them to stay in Finland.

7,000,000 PAIRS OF ARMY BOOTS ORDERED FOR U. S.

Washington, October 22.—The greatest order ever placed for army shoes has been given by the War Department through contracts just completed calling for 7,000,000 pairs, at an aggregate cost of \$32,550,000. This enormous order has been distributed among many factories throughout the country.

Through the Council of National Defence the Government itself and not the contractors fixed the price at \$4.65 per pair. Even under this restriction, Quartermaster-General Sharp was agreeably surprised to find the bids submitted at the price named by the Government were for a quantity 15 per cent, in excess of that named in the advertisements. The War Department looking to the needs of the future, also will close contracts for this additional 15 per cent.
Deliveries are to begin in January.

GRANT \$50,000 TO WAR VETS.

Toronto, Oct. 24.—The Ontario Government will make a grant of \$50,000 to the Great War Veterans' Association of the Province for the year. The grant will be paid in four quarterly installments of \$12,500 each. The announcement was made by Hon. T. W. McGarry, the Provisional Treasurer, yesterday. The money is to be used for organization purposes.

RED CROSS MEETING AT THE CITY HALL

Last evening, there was a very enthusiastic gathering in the Council Chamber at the City Hall to hear Mrs. H. P. Plumtre, the Honorary Corresponding Secretary of the Central Council of the Canadian Red Cross Society. Mrs. Plumtre is an accomplished speaker and has been making an educational tour throughout the West.

His Honor Judge Young, president of the Prince Rupert branch of the Red Cross Society, presided and he introduced Mrs. Plumtre in a few graceful words. The lady gave the history of the Red Cross Society from the times of the Crimean war. She told of what the Society was doing for the men at the front, and described conditions there vividly. She explained how the money contributed was applied and how every cent given, except for the most necessary expenses, went to the boys at the front. The Council Chamber was filled to overflowing and extra seating accommodation had to be provided. All present thoroughly enjoyed the meeting.

A vote of thanks was moved by the Rev. Mr. Cruz, seconded by Canon Rix. Mrs. Plumtre left this morning for Edmonton.

TRADES AND LABOR COUNCIL MEETING

Agreed to Hold a Convention of All Labor Men to Decide on Political Action.

The regular meeting of the Prince Rupert Trades and Labor Council took place last evening, which was well attended. The principal topic of the discussion was politics, and it was agreed to call a convention for next Tuesday evening. All union men holding cards will be invited. It will then be decided definitely there as to whether Labor will place a candidate in the field at the coming Dominion election. The names of one or two local men will be submitted, and it is also expected that the name of John McInnes, the unsuccessful candidate at the Prince George provincial election a year ago, will also be put forward.

A report was made by the Retail Clerks Union that Union Cards had been withdrawn from the stores of the Bryant Company and J. C. Gavigan.

NINETY KILLED AND INJURED IN AIR RAID

(Special to The Daily News.)
London, October 24.—The total casualties in all districts from the Zeppelin raid last Friday were thirty-four killed and fifty-six injured, it is reported officially today.

CONSERVATIVES OF B. C.

Vancouver, Oct. 19.—A meeting of the provincial executive of the Conservative Association of British Columbia held here yesterday was largely attended, almost every constituency in the province being represented. Press representatives were excluded but after the meeting it was given out that the following resolution had been unanimously passed:
"That the executive of the British Columbia Conservative Association expresses entire confidence in Sir Robert Borden and his Union Government and pledges him its entire support."

RUSSIAN MUNITION FACTORIES MODERN

Equipped With Up-to-date Machinery and Thoroughly Efficient—Big Output.

Stockholm, Oct. 23.—An encouraging report as to the military factories in the interior of Russia comes from the Commission, headed by General Germonius of the Russian army, and an English General, which has just finished a tour of inspection of all the factories newly erected or under erection for the manufacture of airplanes, arms and ammunition.

The Associated Press correspondent talked at the Russian Legation here with a man who had participated in this tour of inspection, and who accompanied the two Generals to Stockholm. He reports that Russia's new factories, the erection of which became necessary through the diminution of supplies from other countries, were found to be the most modernly equipped and efficient factories of their kind in the world. The experience of the other allies, according to his account, had been drawn on in full measure, and the lessons learned had been taken advantage of to such a notable extent that the examining Generals were surprised at what they found.

The new plants include a great airplane factory now nearing completion, a large machine-gun factory already working to full capacity, and artillery factories at various places. A further encouraging feature noted by the visitors was that at all the factories where the electrical and mechanical side predominates over purely manual labor, the capacity and output have diminished only negligibly, despite the anarchic conditions prevailing throughout the country.

The capacity of the new Murman railway, it appears, has been greatly increased, but there is still a sad shortage of rolling stock. This will be somewhat alleviated by transfers from the Archangel line when that port becomes ice-bound.

FINANCING WAR ORDERS

The Yorkshire Post recently remarked:

"Hitherto Canada has done well in providing credits for our purchases in the Dominion, but the increasing demands are proving a source of embarrassment to the Minister of Finance hence the visit of Lord Reading to Ottawa. Canada, unfortunately, has built up no reserve during the past three years of large war profits, and if she is to compete with the United States in getting a full share of further orders she must be prepared to finance them."

Lord Reading's trip to Ottawa resulted in arrangements for the financing of Canada's export wheat crop for the use of Britain and her Allies. This, says the Times, was vital and simply had to be provided for. But the orders for munitions and other supplies are on a different basis. For these Canada must compete with the United States and the determining factor is the ability of the country to furnish credits to the purchasers. All the money the United States advances to the Allies is spent for supplies in the republic.

If the Canadian Government had exercised a little foresight it would have laid aside a reserve for contingencies from the commencement of the war at least. Instead of doing so it plunged into all sorts of extravagances. It purchased a defunct railroad system from the Forget interests for millions; it lavished more millions upon railroads; it overloaded the Civil Service and devoted large amounts to expenditures the country could have done without. A great many war orders could have been financed out of the enormous sums wasted on military equipment scrapped in England. However, that is spilt milk. What the Union Government must do is to cut out these extravagances and unnecessary and try to raise sufficient funds to enable Canada to keep her munitions industries in operation. The forthcoming loan will be one

means; the adequate taxation of excess war-profits would be another.

GOVERNMENT

The tardy move of Sir Robert Borden, on the eve of an election, of reconstructing his Cabinet and leavening the mass with the leaven of Liberalism is causing conjecture in many quarters. The question is being asked why was this not done at the outbreak of hostilities? The necessity for a strong Government at that time, when so much had to be done quickly—and was not—was even greater than it is now. The lineup of the candidates at the coming election will be interesting. There will apparently be no change. There will be Liberal Unionists, and Conservative Unionists, and there will be plain Liberals and plain Conservatives. The differences between the ideals and policy of the two parties will remain relatively the same. If a majority of Conservatives, or Borden Unionists, as they now prefer to call themselves, are returned to the House, we may look for no change in the policy of the Government which has cursed Canada for the past six years.

If the same old bunch are returned, Prince Rupert's drydock plant will continue to rust. We will still have to pay two prices for our commodities. The Food Barons will still have the people of Canada at their mercy, and the high cost of living will still go higher. What did a Tory Government ever do for Prince Rupert except throw a whole lot of money into a hole in the ground?

NOTES AND COMMENTS

The fact of Prince Rupert being rainy and dry at the same moment was not much appreciated yesterday by some of our visitors. But they'll get over that.

"In a healthy political condition, political parties will be based upon principles, and not upon class interests. And they will stick to their principles even

though by so doing, they are excluded from office." Oh, dear no. This is not Sir Robert Borden on Conservatism. Canadian politics have long since been cured of the malady of class interests. This is merely the idea of the new National party in the British Parliament. Canada is so far ahead of the old country that politicians here adopt new principles rather than be excluded from office. Excluded from office, forsooth.

"The war in Europe is the outcome of two ethics which are eternally at war. On the one side, privilege is entrenched and insists on its 'divine right' to mould the destinies of men without regard to individual rights and moral interests. On the other side is Liberty, safeguarding the rights of individuals as of States. It is impossible to believe that the struggle between the two can be ended in compromise. Prussianism cannot be negotiated out of existence. It must be rooted out by fire and sword."

The evacuation of Belgium and the restoration of Alsace-Lorraine to France is but the first instalment of the settlement to be demanded of the Central Empires. Montenegro, Serbia, Roumania and Poland are all nationalities whose rights were put in the forefront of the Allied programme. In addition, Bohemia will demand freedom from Austrian tyranny. The throwing out of the Germans from Belgium and Alsace-Lorraine is but the beginning of the Allies task.

On the Italian front in the mountainous Trentino, the Italian communications are largely "up in the air." The difficulty of road building in this precipitous region has been overcome by the Teleferica, the aerial tramway. Italian engineers have wonderfully improved this mode of transit and some of the cables used are two miles long. Bringing up supplies under shell fire in this manner must be rather exhilarating.

CHANGES ITS NAME TO ESCAPE THE PENALTY

The Same Old Gang Still run the Party Machine—"Province" Tells How it is Done.

The manner in which the Conservative party is taking great pains to camouflage itself in view of the coming election is stated with great frankness in the Province in the last issue to reach here. In some places the party machine would like to disguise itself under the name of the "Win the War" party. In Vancouver, they prefer to be known as "Unionists." Knowing that the name Conservative would get them nowhere, "Unionist" now means the same old crowd.

The Province says:

The Provincial Conservative Association at its meeting here yesterday decided not to call strictly Conservative primaries for nominating conventions in the province but to describe them as "Borden-Unionist" gatherings and to invite all voters in favor of the new administration to attend and aid in the selection of candidates. It is assumed by the association, however, that as no other section favoring Premier Borden has a definite election organization, the situation will remain in the hands of the Conservatives, now to be known as Unionists.

It is suggested by many Conservative leaders here that when the nominations are made in the three Greater Vancouver seats it will be found that the "Unionist" nominees will be men who for the past decade or so have been well-known as Conservatives.

South Vancouver Conservatives have already decided to hold an upon unionist primary and convention and likely the same course will be taken in Burrard and Vancouver Centre. In other words the old adage "a rose by any other name would smell as sweet" will still hold good. For convenience sake and in order to solidify the elements supporting Premier Borden, "Unionist" will replace "Conservative," but the Borden candidates in British Columbia will in practically all cases be men who were formerly Conservatives rather than men who were once Liberal and who dropped Sir Wilfrid Laurier.

South Vancouver Conservatives this week set an example which it is expected that most of the other organizations of the party, on the coast at least, will shortly follow. At a meeting this week by a vote of about nine to one of those in attendance the association decided to constitute itself a Union Government Association and virtually to drop its strict Conservative affiliations.

Internal Bathing's Rapid Growth

It is but natural to expect that a relief from Constipation and the many ills which it causes, which is so effectual and so natural as Internal Bathing, should quickly make many converts.

But its general use has increased so tremendously in the past few years as to suggest other reasons, and these are found in the statement of users that they feel as if "made over new" the morning after an Internal Bath.

The elimination of the pernicious and poisonous waste which is ever present in the Lower Intestine gives Nature a chance to work unimpeded. And one arises in the morning clear-headed, able, bright, confident and eager for the day's duties.

Mr. F. E. Smith writes: "Dear Doctor,—Your 'Cascade' made a new man of me at the age of 49. I persuaded my wife to use the treatment also, and to-day she has better health than ever before. Since the use of the 'Cascade' she sleeps better and can walk for hours without fatigue. Fainting spells have become a condition of the past; can eat anything on the bill of fare and drink all beverages. Does not take cold when exposed; hot weather does not cause oppression."

The "J. B. E. Cascade," the most efficient device for Internal Bathing, is being shown and explained in detail at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert.

Medical Boards are Ready!

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The men placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.
