ITALIANS HOLD THEIR LINE AGAINST ALL GERMAN ATTACKS

GERMANS' EFFORTS TO CROSS PIAVE RIVER FRUSTRATED—HUN ATTACKS ON PASCHENDAELE FAIL—TURKS IN PALESTINE RETIRE FIVE MILES MORE—ENEMY HIT HARD ON ALL FRONTS

(Special to The Daily News.)
Rome, Nov. 16.—Everywhere along the front from Lake Garda east and southward along the Piave river to the Adriatic Sea, the Italian troops are maintaining their line and holding the invaders from gaining any further portions of Italian territory. Gen. Diaz, the commander of the Italian troops, withdrew his advanced posts in certain sectors. Extremely strong attacks are being made by the combined Hungarian, Austrian and German forces. They are making a desperate effort to break through the line of the Italian resistance before the reinforcements of French and British troops which are on the way, can arrive. Desperate fighting has been in progress for the past few days, but the Italian army has held firm and repulsed all attacks, even with extremely heavy bombardments.

Can't Cross River.
London, Nov. 16.—The Italian troops are holding fast on to the Piave river line. Fresh attempts of the Huns to cross the river were frustrated by the intensity of the Italian fire. Units which were already across are closely shut in around the Zenon loop, which is under the fire of the Italians. On the mountainous front from the Asiago Zone to the Piave valley, the enemy has intensified his action. The threat of a flanking movement at the northern end of the line is still present.

At Paschendaele.
London, Nov. 16.—The forces of the Crown Prince Rupprecht of Bavaria made their first pretensions to regain the village of Paschendaele, in accordance with the edict of Hindenburg that the place should be recaptured. They have failed. The roar of the big guns was heard for a distance of seventy-five miles. The British artillery responded to the S. O. S. signal as if the whole force was put into action by one lever.

French Front.
Paris, Nov. 16.—French reconnoitering parties in the region of

the Ailette river front brought in prisoners. The night passed calmly except in the region of the Caucieres Wood on the Verdun front, where artillery bombardment were kept up throughout the night.

Per Berlin Wireless.
Berlin, Nov. 16.—The German troops on the mountain front in Northern Italy are advancing to the south from Fonzasco and Feltre.

In Palestine.
London, Nov. 16.—The Turkish forces have run back for five miles to Wadi Surar. The enemy's position is now eight miles south of Jaffa, where the next stand will be made against the advancing troops of the British army. We are holding the line from El Tineh to the sea. One mounted division alone reports having taken eleven hundred prisoners and sixteen guns. General Allenby's success means that von Falkenhayn must rearrange his plans.

LLYOD GEORGE DICTATOR BY NEW AGREEMENT

(Special to The Daily News.)
London, Nov. 16.—Lloyd George now controls the fortunes of the Allies and is virtually made the dictator in the West by the new agreement. Mr. Asquith hesitated to wreck the plan approved of by France and Italy. The new inter-allied war council is said to have the approval of the French General Staff.

New French Cabinet.
Paris, Nov. 16.—Former Premier Clemenceau has agreed to form a new Cabinet. France's attitude to the war remains unchanged. The ministerial crisis was only a family affair, says Speaker Deschanel.

Northcliffe Now.
London, Nov. 16.—Lord Northcliffe may enter the Government.

Venezelos in London.
Premier Venezelos has arrived in London. He has been brought here on account of the situation in Macedonia. A strong offensive on the Balkan front would not be a surprise here.

FISH ARRIVALS

The following vessels were in the harbor today, and on account of the block on the line and the impossibility of figuring when the fish would be despatched, the Cold Storage Company was the only buyer. The Republic had 70,000 lbs. halibut; Bansec, 70,000; Seattle, 65,000; Alten, 75,000, and J. P. Tod, 3,000 lbs. The price realized was 15c.

Mr. W. P. Lynch left last night for the south.

Come and hear Dr. Grant's address, "Some Present Day Canadian Problems," to be given at the regular meeting of the Sons of Canada on Friday evening at 8 o'clock in the Union Bank Building. Open night. 269.

RETURNED SOLDIERS RESENT TORY BRIBERY

Send Word to France Telling Men in the Trenches Misdeeds of Conservatives.

London, Ont., Nov. 14.—The Great War Veterans will leave no stone unturned to wreck the Conservative machine in London.

The soldiers are furious at the treatment they have received; and insult was added to injury last night, they say, when an attempt was made to buy off their candidate, Lieut.-Col. Coles, by an offer of a senatorship.

In order that their comrades in the trenches may know just how they are being used by the Conservatives, the War Veterans today sent two thousand papers overseas.

The fight between the soldiers and the Conservative machine is the bitterest in many years, and is most unexpected. A week ago the Conservative machine had things all cut and dried for J. Percy Moore, K. C., to contest the election. His feelings at being turned down, outvoted and having to give way to a Liberal, Major Gronyn, who is running as a Unionist, are anything but pleasant. The Great War Veterans are holding another big meeting tonight to appoint committees to carry on. They have Lieut.-Col. Coles as the man who put "the Tory tank out of action as that machine has never been wrecked before." Lieut.-Col. Coles stated emphatically today that he is in the fight to stay, that he does not want any plums at Ottawa in the shape of a senatorship, and that he will try and get a square deal for the men who were with him in Flanders. Each soldier today gave a day's pay to start a party fund.

SIR WILFRID LAURIER INSISTS ON SERVICE

Stands for Voluntarism, but Insists on Service—The War Must be Won.

Quebec, Nov. 13.—Sir Wilfrid Laurier opened his campaign in the ancient city of Quebec tonight. He spoke to one of the largest and most intensely enthusiastic gatherings. "But it was not a campaign speech. It was an appeal and a message. In his first words the veteran Opposition leader brushed aside mere political problems. "The great and dominating question, the one question," he declared, "is the problem of the prosecution of the war. Every other issue is swallowed up in this."

In short, telling sentences Sir Wilfrid defined his position in regard to conscription. He stood for voluntary service. As he made his declaration the vast throng went wild with acclaim. For moments the picturesque figure waited for the cheering to spend itself. Then came his appeal. With dramatic force and fire, amid the tense silence, all the more impressive by reason of the immediately preceding roars of applause, Sir Wilfrid spoke to his compatriots, men and women, in serious and earnest solicitation. The people heard him in silence.

Why is This War?

"I stand for voluntary service," he reiterated, "but I stand for service." He appealed to his compatriots to prove that his position was right by heroic deeds, not by eulogistic cheers. Why, he asked, was Canada in this war? Why was the United States now in this war, as he predicted that country would be twelve months ago when he spoke at Montreal, appealing for recruits. He had not feared actual invasion, but he did fear, with a great fear, the world domination of a power which violated every human and Divine law.

"I believe that our first and pressing duty is to share in the fight," said Sir Wilfrid. "I believe that it is our immediate duty to help our armies who have covered themselves with glory. We must support them with men. We must feed them. We must serve. I stand for voluntary service, but I repeat with all earnestness, I stand for service."

Mr. and Mrs. C. Burgess, and Mr. and Mrs. Dan Sutherland, accompanied by Mr. Sutherland's mother, left last night for Eureka, California.

PREPARING FOR THE ELECTION CAMPAIGN

Meeting in Peck, Moore & Coy's Office Last Evening to Make Arrangements.

A meeting of the supporters of the Union Government was held last evening in the offices of Peck, Moore & Co. It was a preliminary meeting for the purpose of making arrangements for the organization meeting to be held next week.

The gathering was called to order by Mr. George Morrow, who briefly explained the object of the meeting. Mr. W. P. Lynch was called upon to preside. Mr. Lynch said that he was a supporter of compulsory military service, on which matter he differed from Sir Wilfrid Laurier, although hitherto he had always been a Liberal. Committees were appointed during the course of the evening. Messrs. Scott, Morrow and Thomson will make arrangements for the organization meeting next week. Messrs. Doyle, Scott, and Frizzell were appointed to the finance committee. An advertising committee was also appointed. Mr. H. O. Crew was secretary for last night's meeting, and Mr. W. E. Fisher will be agent for Col. Peck in his candidature.

ABANDON PRETENCE OF NO ANNEXATION

Copenhagen, Nov. 14.—The Lokaler Anzieger of Berlin, organ of the annexationists and great business interests of Germany, publishes a report that during the conferences which were held recently between German and Austrian representatives in Berlin, the decision was reached to abandon entirely the pretence of a non-annexationist policy for peace, and to go over to the policy of uniting Poland with Austria-Hungary and Courland with Lithuania with Germany.

This report has been neither confirmed nor denied in authoritative circles. The wish of those whom the Lokaler Anzieger represents may perhaps be father to the thought, but on the other hand it may be recalled that Vienna newspapers printed similar reports a week ago without evoking a denial. Other Berlin newspapers discuss these statements as entirely possible.

The Socialist organ Vorwaerts lodges a decisive protest against the idea, which it says is a flat negation of Germany's reply to the Pope and of the Reichstag peace resolution.

VOTES FOR WOMEN! REGISTER NOW!!

According to the provisions of the War Times Elections Act passed by the late Government, all women who have relatives in the army may be permitted to vote at the coming election. Any woman who has a father, husband, brother or son serving with the forces, either with the Canadian troops or in any British regiment, or in the navy, is entitled to a vote.

All they have to do is to call at the enumerator's office in the Smith Block and have their names put on the list. This new list of voters will be posted up conspicuously on the 2nd of December and all intending voters should see to it that their names are placed thereon before that date.

PETROGRAD IS NOW REPORTED TO BE BURNING

Assumed Flames Caused by Shell Fire—Two Thousand Killed in Moscow Street Fights—Garbled News.

(Special to The Daily News.)
London, Nov. 16.—Two thousand persons have been killed in the street fighting in Moscow up to noon Tuesday, when General Korniloff was successful in defeating the Bolshevik element, according to travellers arriving in Stockholm.

City in Flames.
Washington, Nov. 16.—Petrograd is now said to be in flames. It is assumed in London that the fire has been started by shell fire, if the report is true. It is still difficult to form conclusions as to the actual state of affairs owing to the contradictory information which is being received from Russia. The latest information is to the effect that Kerensky's troops are reported to be retiring after defeat. It is also rumored that the Bolsheviks are making efforts to cut off his soldiers.

CLASSING FOR SERVICES

Ottawa—Only those men found physically fit for combatant service overseas by the medical board will be included in the first quotas called to the colors under the Military Service Act. All such men are now being placed by the examiners in Category A.

Men not in flawless physical condition are being classed as to their fitness, for war service in non-combatant units, either in Canada or overseas according to the shape they are in. Such men may be called up later and re-examined or they may be called for non-combatant services. The immediate need, of course, is for men fit for active service.

Experience shows that the physical condition of men varies greatly; that is, a man may improve greatly in a few weeks or months. Some of those passed as fit by the medical boards recently had been rejected by the doctors when they had applied for enlistment in the volunteer forces.

TO WIN THE WAR

"One of the most important contributions towards winning the war is to put a stop to profiteering on war supplies. The Government has deliberately encouraged profiteering for the benefit of its partisan followers. A first duty would be to secure to the country, which pays for the war supplies, the excess of profits being realized by the profiteers. I would not hesitate, in order to stop profiteering, to take control of the factories which are engaged in the supply of war materials, as has been done in Great Britain, and run them on the principle of a reasonable return on investment for the owners, and a reasonable legitimate profit. I believe that one of the best methods of providing war supplies and of saving the country from being exploited by profiteers would be to turn the Government shops, which are suitable for such purposes, to the production of war materials, ships, etc., for the benefit of the country at cost price."

These are the words of Sir Wilfrid Laurier, and this policy forms part of his programme for the winning of the war. The people of Canada are being exhorted by the Government to save all they can to help to win the war. Silver bullets in the shape of dollars are required to beat the Germans. These silver bullets can be used by the civilians in Canada in fighting the Germans.

But at the same time as this Government is so anxious for the individual people in the Dominion to save, it itself has done little in the way of saving the large profits for the State. This Government in fact says to the people of Canada: "Don't do as I do, but do as I tell you." Instead of putting the national shops into operation and turning out war supplies at cost price, the Government liked better to lease such plants to private interests for the purpose of turning out war supplies at a profit.

In Prince Rupert there is a large plant consisting of machine shop, boiler shop, power

house and so forth as well as a ship building shed. This plant has never done anything to help to win the war. This is one of the resources of the Dominion which the Government have declined to use themselves and no one else could even lease it.

Being already possessed of shops which were suitable for the manufacture of war material, the logical sequence one would think would be for the Government to utilize their resources and turn out supplies as cheaply as possible. Instead of this, they do the very reverse. By producing war supplies at cost, the Government would at the same time make the silver bullets one hundred per cent. effective.

If the people of Canada really wish to get from under the burden which the profiteer is so diligently hitching on to their shoulders, they will, upon considering things as they are, take good care that Sir Robert Borden and his profiteering friends no longer have the power to encourage profiteering. The greatest of all these is Sir Joseph Flavelle, the man who in the space of three years took a personal profit of \$1,634,000. This is apart from the profits of the William Davis Company altogether, and is what Sir Joseph pulls down himself. He of course is the big instance, and there are others, many others.

The continuance of Sir Robert Borden in office will in all likelihood see the continuance of this theft of the people's money. By keeping the Borden crowd at Ottawa, there is no reason to believe that the profiteer will be any the more fairly dealt with, and the ordinary people have, judging by past experiences, little to look for in the way of a reduction in the high cost of living. It takes every cent the working people can earn to get along with, and some of us don't get along either, too well. If Sir Robert Borden is not an accomplice in this profiteering, by continuing to permit it to go on, he becomes an accessory after the fact, and to that extent is guilty before the people.

"One Meatless Meal a Day" is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. **Shredded Wheat Biscuit** is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind.

IN THE LETTER BOX

LOYAL LENDING

To the Editor.—At first glance it looks as though the appeal to take a Victory Bond was an appeal to our selfishness rather than to our patriotism as it appears a good investment, but on closer inspection we see that this is not the case. Money is sorely needed now to help win the war. We are simply borrowing from ourselves promising to pay interest to ourselves during a long period of years.

The interest on these bonds will be paid chiefly by direct taxation. The burden of this taxation will fall in an increasing ratio upon those whose income is \$2,000 a year and upward, also upon the profits of business above a certain percentage on a sliding scale so that the bigger the profits the bigger the tax.

At first when we heard of a Big Business taking a million-dollar Victory Bond we felt like saying:

"The poor working man will have to pay the interest on this." But the tax on the profits of this business even as collected at present would pay the interest on this bond several times over, and there is every assurance that the rate of taxation will mount upward as the war goes on.

As the profits on a business are not calculated until all wages paid are deducted, the tendency will be towards better wages rather than the reverse, as most companies would rather share their profits with their men than with the Government. I have in mind a company who during the war began to pay a bonus to their men and erect better buildings for them—expenditure before profits.

I am aware of the popular doctrine that labor alone produces all wealth, but that is not true under our present system. There are three distinct factors in the production of wealth: Labor expended on the products of nature assisted by capital.

What Will Canada's Answer Be?

OVER in the sodden trenches amid the bursting shells and the roar of artillery where Canada's boys are fighting and dying, —they are waiting for Canada's answer when the sale of Victory Bonds begins.

CANADA'S soldiers expect that we at home will put up the millions they need to keep on fighting, —the millions they must have to win Victory for freedom, home and Canada.

What answer will Canada make?

What answer will you make? Shall it be said that Canada spares not her sons from the sacrifice of battle, yet withholds her dollars to give them victory? Rather will it be said that Canada once more, for the fourth time in three years, cheerfully puts up her millions upon millions for the cause of freedom, righteousness and justice.

Canada's answer must be, —that the Canadian hand to the plow of Victory holds steadfast and firm, —that Canada is in deadly earnest when she says "the last man and the last dollar."

That is the answer Canada will give to our boys in the trenches, our kinsmen in Britain, and our Allies everywhere.

That is the answer we will give to the Huns who thought and said that Canada would desert the Empire before she would fight or pay.

Every bond you buy is an answer. Let the millions of answers from Canada's loyal men and women make a chorus of Victory to ring around the world.

RENEW COMPROMISE**

Amsterdam, November 14.—The Vossische Zeitung of Berlin says that Budapest newspapers announce that the Austro-Hungarian Ausgleich will be renewed provisionally for two years. The Ausgleich is a compromise that was reached between the monarchies of Austria and Hungary in 1866, by which each possesses a separate Parliament, united under a common Emperor. The agreement is renewed every ten years. In 1907 a new Ausgleich was perfected, taking the form of a treaty instead of a commercial and customs alliance. This expires during the present month.

IN THE LETTER BOX

Dear Mr. Editor,—In the Empire of Wednesday there appears a report of statements made by Mr. W. E. Thompson on the subject of the war loan.

I do not think that I am going too far when I say that these statements were entirely uncalled for and inopportune.

At present a campaign is being carried on all over Canada to obtain from the whole people of all classes subscriptions to what is known as the Victory Loan.

Everyone who thinks that all knows well that Canada must send everything necessary to feed and supply war munitions to our troops in the field. This condition now exists and cannot be evaded. These supplies must be paid for by Canada.

The bulk of the cost of all supplies is the wages paid to labor. The materials used in making, for example, shells, are expensive and the bulk of the cost of these materials again is for labor. Labor must be paid for in cash.

It is absurd to suppose that any concern, no matter how great its capital might be, could go on supplying the millions worth of goods required for war, pay the labor and material required without on the other hand receiving payment for the finished article when delivered.

The campaign now being carried on in Canada is on the same lines as that lately so successfully carried on in the United States. In both cases it has been educative, a simple showing all the people why the money is needed; what the terms are, the impossibility of loss to the investor, and the patriotic duty of everyone to help the loan and thus help directly our soldiers at the front, and tend to shorten the war by its more vigorous prosecution.

There is nothing the least educative in Mr. Thompson's speech. He gave a lot of purely imaginary figures, probably manufactured on the spur of the moment and hints there is some connection between this campaign and a political election. The absurdity of this is clearly shown by the outstanding fact that Liberals and Conservatives, Independents and Mr. Thompson to the contrary, labor men, union and non-union, are joining hands, not only here but all through the Dominion to make the loan a success.

You might just as well say that the loan campaign in the United States was an election dodge, and no doubt men of the Thompson class would have said so, but for the fact that there did not happen to be an election in sight in the United States at the time.

Amongst our War Veterans' Association are many men who claim to be good labor men and unionists. We all know from actual experience the hardships our men at the front have to encounter; we know their needs; we want to see their needs well supplied, so that the awful sufferings they must go through shall be lightened as much as possible. Therefore, as labor men who personally know, we appeal to labor men who only know from what they have read, to take no notice of statements such as Mr. Thompson has made, but to do all each

one can to help the loan, which must be used for the benefit of our fellow citizens at the front.

Thanking you for the space,
Yours truly,
J. F. HUTCHINSON,
Returned Soldier.

"AN UNWELCOME MOTHER"

The subject of the play tonight to be shown at the Westholme Theatre is taken from the objection which the children of a rich widower have to their stepmother. The new mother is only a young woman, but she finds that the memory of the first mother is held sacred by the little children, who will have none of their stepmother. The whole story is remarkable in many ways, and the scenes depicted on the screen are full of interest. There will also be a Pathe Gazette and a good comedy.
