GERMAN TROOPS FACE GREAT FLOODS BEFORE ITALIANS

POSITIONS WHERE HUNS CROSSED PIAVE RIVER IS NOW UNDER WATER—ATTEMPTS TO OUTFANK ITALIAN ARMY IN NORTH VIGOROUSLY REPULSED—BRITISH PURSUE TURKS IN PALESTINE

Rome, Nov. 17.—The flood gates of the Piave and Sile rivers have been opened by the Italian military engineers, and the enemy is now faced with another Yser of inundation. The flood was loosed at the point where the enemy succeeded in crossing the Piave river, near Grisolera, and the whole region where he gained a lodgement is now under water. The inundated territory forms a huge triangle about twelve miles on each side, with the apex at Dona Di Piave.

The Teutonic attempts to encircle the northern flank of Italy's Piave line have been vigorously repulsed. On the mountainous front from the Asiago plateau to the Piave all positions remain ours, despite the heavy enemy attacks at various points.

Venice Empty.

Venice, Nov. 17.—The ancient city of Venice is now almost empty, the population having been reduced from the usual hundred and sixty thousand to twenty thousand. The mayor has announced that he will remain at his post. Four hundred thousand refugees from the northern region of Italy have already reached central and southern Italy, and still further thousands are en route.

Useless Effort.

The Pope has urged upon the Central Empires the necessity of

abiding by the laws of civilized warfare.

British Front.

London, Nov. 17.—A tremendous artillery duel is in progress in the Paschendale area, while in Palestine, the British army which is pursuing the fleeing Turks along the coast, have made further substantial gains.

French Front.

Paris, Nov. 17.—The German troops tried vainly last night to force the relinquishment by the French of the recent gains in Flanders. On the right bank of the Meuse, the artillery action was lively. Another air raid was made by the Germans over the town of Nancy, without having any civilian victims.

In Russia.

Copenhagen, Nov. 17.—According to the latest advices received here, barricade fighting is in progress in the streets of Petrograd.

WESTHOLME THEATRE

The wonderful Japanese actor Sessue Hayakawa is featured on tonight's programme at the Westholme Theatre. The title of the photoplay is 'The Jaguar's Claws' and in the hands of this brilliant actor from the East, the part he has to play is splendidly rendered. The play is a fine one. In addition there will also be a Topical Budget and a Comedy.

SUBMARINE MENACE HAS NOT DISAPPEARED

Germany Building Under-water Craft Faster Than British Can Sink Them.

London, Nov. 17.—The menace of the German submarine is not yet broken. Sir Eric Geddes, of the Admiralty, told the House of Commons yesterday that Germany is building U-boats faster than the British can sink them. He said that the strictest economy in everything that is sea borne is still a vital necessity.

QUARTER OF POPULATION PERISH FROM STARVATION

Washington, Nov. 16.—The Swiss Government has offered to undertake to provision the Serbian civil population, according to a despatch received here by cable. It has declared itself ready to send under guaranty everything offered for the Serbians and to assume responsibility for its distribution through its own representative. The Serbian Government has gratefully accepted the offer. Advices from Serbia picture conditions there as serious and estimate that a quarter of the population already has perished because of lack of food, prevalence of disease and privations due to the war.

CONVICTS ARE LIABLE FOR MILITARY SERVICE

Ottawa, Nov. 17.—Convicts are not exempt from military service. Those in class one must report for service, or file claims for exemption.

GERMAN SOCIALISTS ANXIOUS TALK PEACE

London, Nov. 17.—The Independent Socialist group in the German Reichstag have requested the President to convoke an immediate session of the Reichstag in order to discuss the peace offer made by Lenin, the leader of the Russian Bolsheviks.

BRITISH BARRAGE MAKES GREAT GERMAN LOSSES

Huns Cannot Prevent the Moving Curtain of Fire Mowing Their Troops Down.

Copenhagen, Nov. 14.—Unwilling testimony of the irresistible might of the British offensive in Flanders is given by Lieut.-Gen. von Ardenne, the military critic of The Tageblatt of Berlin, who sends from the Flanders front a graphic picture of the difficulties of the German defence. No way, he says, has been devised to prevent the "fire roller," as the Germans term the moving barrage, from making slow and steady gains. He reports the German losses as very heavy if an attempt is made to hold the front line trenches in force, while a thin line adds to the speed of the British advance.

"The sufferings of the defenders in the front line," Gen. von Ardenne writes, "composed of shell holes almost filled with water, are such that the men must be relieved every two days, instead of every week or every ten days, as last year. The infantry now spends two days on the firing line, two in support and two in reserve, until relieved."

Foe Artillery Inferior.

The German artillery is so numerically inferior to the British that it is seldom relieved, and as it cannot dig in owing to the boggy terrain it must fire without cover. The conditions in the shell holes are such that men falling into the centre of them are lost unless assisted. Horses breaking into the morass are shot because it is impossible to extricate them. German counter attacks can traverse the fire-roller only by small detachments in single file. The loss is slight if the manoeuvre succeeds.

The Germans otherwise are anxious concerning an advance from Dixmude, where the road emerges from the inundated region. The Germans maintain a concentric artillery fire on the road, but von Ardenne thinks that an attempt to advance is not improbable.

We know what German Kultur means. Will you allow it to blight our beautiful inheritance? Buy a Victory Bond and uphold Democracy and the brotherhood of man.

TRAIL SMELTER MEN DISOBEY THE LAW

Victoria, Nov. 17.—The terms of the Military Service Act have been flagrantly disobeyed by fifteen hundred smelter men at Trail. They flatly refuse to obey the law. They made a bonfire of Victory Loan literature and refused to subscribe. The Premier has communicated with Ottawa. The situation is reported to be serious. Denials of this story have come from Trail and Nelson. The latter town claims that the men want an eight-hour day.

NAILING A RUMOR

Mrs. Arthur Spurr has sent a communication to Mr. J. H. McMullin, a copy of which reads as follows:

J. H. McMullin, Esq.,
Prince Rupert, B. C.,
Dear Sir—On account of the serious illness of my husband, I wish to apply for temporary exemption from military service for Harry Astoria, my only assistant. I state he has already attested and is in every way ready to do his duty. Owing to these sudden and unforeseen circumstances, this temporary exemption would be more than appreciated by Mr. Spurr and myself.

Very truly yours,
(Signed) FRANCES SPURR.
Mrs. Spurr trusts that the publication of the above will set at rest certain unfounded and unjust rumors, which have been in circulation of late.

LLOYD GEORGE NOW PROMISES STRONG POLICY

Promises Nation Powerful Leadership—Lord Northcliffe's Reasons for Refusing Cabinet Job.

London, Nov. 17.—Premier Lloyd George is out for a stronger policy. He has promised to the nation a powerful leadership. His establishment as Dictator coincides with the anti-pacifist campaign. The new move against Bolshevism and the poison plotters is greatly applauded in the press.

Good Reasons.
Lord Northcliffe has explained his reasons for his refusal to enter the Cabinet, in a letter to Lloyd George. He asserts that the Government still dallies with urgent questions, and that there is obstruction and delay in certain departments. He also says that the censorship is misused and promotion given in many cases where punishment is demanded.

The War Council.
Colonel House will be a member of the Inter-Allied War Council, representing the United States at its deliberations. The members of the American Mission attending the allied conference were invited to Buckingham Palace for luncheon with the King and Queen.

THE NEW FRENCH MINISTRY

Paris, Nov. 17.—Premier Clemenceau's new ministry is about complete. He has but three portfolios yet to fill.

More Facts About the Victory War Loan

Canadian Loan for Canadian People. Why? Because if purchased by the people of Canada the whole of this \$150,000,000 authorized victory Loan remains in Canada, will be circulated amongst us all, as well as the interest of 5 1/2% payable each six months amounting to \$4,125,000, part of which you and I and everybody else who buys a Victory Bond will receive. Canadian goods will be bought with it and sold to Britain and our allies on credit. The Canadian Government will make a small profit by charging credit prices for goods sold. The whole of this will come back and be circulated through the money markets of Canada.

If we fail to take up these bonds Canada will have to borrow elsewhere—probably the States. If they do they will have to buy in the States a large proportion of their supplies to balance their credit, so failure to buy these bonds at home means not only loss of trade but \$8,250,000 per year interest, which the Government will pay to those people of Canada who buy Victory Loan Bonds.

Therefore, it is your duty as a Canadian or resident in Canada to purchase one. By doing so you increase our productive powers; Britain gets the supplies so much needed; the people of Canada get the cash, with profits; our soldiers get the benefits of food, clothes and ammunition; the Huns get the "kick," and a real Canadian kick at that; you get the best investment in the world today, and keep this money at home.

**LONDON NEWSPAPER HAS
QUEEN CASE OF LIBEL**

London, Ont., Nov. 14.—One of the most unusual libel actions, if not the only one of its kind in Canada, was tried before Mr. Justice Middleton of the Supreme Court of Ontario, here. Ex-Ald. William Wilson was the plaintiff, and his claim against the London Free Press was that his name had been consistently left out of that newspaper. Following a difference with the plaintiff when he was a member of the City Council, the Free Press municipal reporter was instructed to omit the name of Mr. Wilson from his city hall reports. Free Press reports were produced, showing that the plaintiff was always "an Alderman," "another Alderman," or "the same Alderman."

The jury returned a verdict for the defendants, the plaintiff to pay costs.

Don't Say— "Call Again."

Yesterday an army of men started out to sell Victory Bonds.

For the next three weeks theirs will be a colossal task.

From Cape Breton to the Yukon, they will try to call at every city home, every farm home, and every office, factory, and business institution to ask people to buy Victory Bonds.

Conceive, if you can, the magnitude of their work; the hard labour it involves, and the high necessity for it.

Then, realizing all these things, do your utmost to make their task easier.

Decide now to buy.

Decide the amount you will buy.

Be ready to sign your application when the salesman calls.

You should and will buy Victory Bonds, but, don't—please don't—ask the salesman to call again.

The worker's time is limited. He has hundreds of calls to make; and although there is an army of workers, each one has a large field to cover.

Don't say you're going to hold your application for someone else, because each worker is limited to his own district.

The salesman will not accept money. The application blank includes a form of cheque, payable to the Minister of Finance, which you can draw upon your bank; or, if you have not a bank account, there is a form of undertaking which you can use.

Be Ready— Don't Say, "Call Again."

Advises The Use Of "FRUIT-A-TIVES",

MR. ROSENBERG
589 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine
in the world is so curative for Constipa-
tion and Indigestion as 'Fruit-a-tives'.
I was a sufferer from these complaints for
five years, and my sedentary occupation,
Music, brought about a kind of
Intestinal Paralysis—with nasty Head-
aches, belching gas, drowsiness after
eating, and Pain in the Back. I tried
pills and medicines of physicians, but
nothing helped me. Then I was induced
to try 'Fruit-a-tives', and now for
six months I have been entirely well.
I advise anyone who suffers from that
horrible trouble—Chronic Constipation
with the resultant indigestion, to try
'Fruit-a-tives', and you will be
agreeably surprised at the great benefit
you will receive". A. ROSENBERG.

IN THE LETTER BOX

(Continued from Page two.)

cheaper he can buy, and the
cheaper he can sell. That is one
sure thing. Then select a mayor
and aldermen pledged not only to
protect your rights in Cow Bay,
but to vote say \$10,000 for dredg-
ing it right up to Third Avenue
and then to force the railway
company to enlarge the opening
and put in a swing bridge. The
latter will be easy, as you will
have the Dominion Government
behind you. The saving of the
expense of enlarging the entrance
and putting in the swing bridge
is one of the leading things the
railway is fighting for, and ranks
next in importance to the posses-
sion of Cow Bay itself and the
valuable waterfront on Third Ave.
which the citizens would then en-
joy.

Having this waterfront on Third
Avenue scows laden with coal and
building materials could be towed
right up to the dock to be built
there, which would make both
those commodities cheaper to the
consumer. The transportation
firms will necessarily vote for the
retention of Cow Bay, as it is the
easiest grade in the city to haul
from.

Therefore, is there any class of
voter who will not be benefitted
by the retention of Cow Bay and
the vastly increasing volume of
business that must immediately
follow its improvement?

Now for the other side. What
is there to say for it? Where
would all this trade of the fishing
boats go to when Cow Bay is filled
in? To Ketchikan, or some other
place far away, where inducements
are held out for the fishermen to
go and sell their catches, have
their boats repaired and buy all
their supplies, and probably their
homes there. Think of it.

But the railway will give the
city a real waterfront in exchange.
Yes. And how is the public to
get to its public dock, after spend-
ing thousands to build it, across
sixteen lines of shunting freight
cars? Think it over.—W. Coyne.

She cheerfully GAVE it. Won't

might? Buy Victory War Bonds.

Mr. R. B. McGinnis, of the Dolly
Varden Mines, Ltd., is in the city
today. He arrived by the Prince
George this morning and will
proceed north.

Wives, widows, mothers, sis-
ters and daughters of soldiers and
Sailors serving in Canadian and
British forces, be at the meeting
Monday evening in the Empress
Theatre at 8 o'clock. Bring your
lady and gentlemen friends.

Many people last night were
afraid to go home in the dark,
and there were many collisions
on Third Avenue. A tree fell over
the transmission line quite close
to where the accident happened a
few weeks ago. The wires got
crossed and on Ninth Ave. about
11 o'clock last night, there was a
great display of fireworks, for a
few minutes. The steam plant is
in operation today.

Here's a Way to Use
Apples

A woman in Vancou-
ver proved to us that
scientists were not
practical in the ways
they recommend the
use of PACIFIC MILK.

She says (and she did not say it
boastfully) that she gets almost
half as much again from Pacific
Milk as she can even from fresh
milk. She cites this as an exam-
ple. Try it.

½ cup PACIFIC MILK.
3 cups of water—when nearly
boiling mix in 3 tablepoons-
ful cornstarch and two table-
spoonsful of sugar. Cook for
five minutes, stirring all the
time, then beat in two cups
of apple sauce, and put into
moulds to set.

Using half cup PACIFIC MILK
makes this quite rich enough, al-
though she says Pacific is the
only milk that stands so much re-
duction.
