PRICE FIVE CENTS

THIRTY-FIVE MILE HOLE IN GERMAN LINE

BRITISH MAKE A FIVE-MILE ADVANCE OVER HINDENBURG'S FAMOUS DEFENCES

HINDENBURG LINE BROKEN BY BRITISH NEAR ST. QUENTIN

BRITISH INFANTRY AND TANKS FIGHT FORWARD WITHOUT ANY ARTILLERY PREPARATION—ADVANCE FOR FIVE MILES ON A THIRTY TO FORTY-MILE FRONT—EIGHT THOUSAND PRISONERS

London, Nov. 22.—One of the most important strokes yet delivered against the Germans has been successfully delivered by the British between St. Quentin and the Scarpe river. The famous Hindenburg line has been broken for a distance of some thirty to forty miles.

The attack was made by the Third British army under Sir Julian Byng. The infantry, supported by tanks swept forward without any previous artillery preparation. The Germans were taken completely by surprise, and eight thousand prisoners were taken. Many towns and villages are now in the possession of the British, which previously were considered by the Germans to be impregnable to attack, without first being battered by heavy guns. The casualties suffered by the attacking forces were very light. The greatest advance was made in the direction of Cambrai, and many villages screening this strongly fortified old city have been taken. At one point, the Germans are now fighting on their last line of defence.

The Germans did not receive the usual warning of an attack, as has been customary of late, by any artillery bombardment. Supported by the tanks, the British soldiers simply swarmed over the German trenches before the enemy had any idea of an attack in force and the surprise nature of the attack is responsible chiefly for its success, and also for the slight casualty list.

British Official.

London, Nov. 22.—The Hindenburg line has been broken to a depth of five miles between the Scarpe river and St. Quentin, a distance of thirty-five miles. The whole German line west of the St. Quentin Canal has been captured. There was no artillery preparation, and the Germans were completely taken by surprise. Fighting continues.

Later—Havrincourt and other places have been taken. General Byng, formerly commander of the Canadian troops, was in command of this operation. A great number of tanks moved ahead of the at-

tacking troops, mowing down the German wire, which extended back to a great depth.

Berlin Admissions.

Berlin admits the loss of Marcoing and other of our permanently established positions, but alleges that their reserves stopped the British advance.

Italian Front.

Rome, Nov. 22.—The situation on the Italian front remains unchanged. It is reported that the Austrians have agreed to spare Venice, where no defence is to be made.

Russians Recalled.

London, Nov. 22.—It is reported that 800 people have been killed in the riots in Petrograd. Ukrainian troops to the number of 360,000 are said to have been recalled from the front, possibly opening part of the Russian front to the enemy.

IMPOSSIBLE TO RAISE RATIONS IN GERMANY

Copenhagen, Nov. 21.—The German food ministry, in replying to a petition from workmen in the Solingen district, declares it is impossible to increase the potato ration of one pound daily, because it is doubtful if the original great expectations as to the size of the potato crop are to be realized. Although the potato crop undoubtedly is good this year, it would seem that the German authorities have exaggerated the crop returns. The oats crop is so poor that German farmers will be permitted to retain for the feeding of their own horses only enough for fodder and grain of their own raising to give each horse a daily ration of two pounds. The farmers must accomplish their heavy work as best they can with underfed animals.

COST OF LIVING IS STILL INCREASING

Ottawa, Nov. 21.—An increase in the average cost of a family budget of staple foods owing to the higher prices for meat, eggs and dairy produce, is shown in the monthly report of the Department of Labor. At the middle of October a list of 30 foods cost \$11.81, as compared with \$11.65 in September, \$9.30 in October last year, and \$7.98 in October, 1914. In wholesale prices the department index number declined slightly in October owing to the lower prices for fruits, vegetables, metals and coke although textiles, meats, fish and dairy products prices showed an upward tendency.

BELGIAN WOMEN HAVE TO WORK UNDER FIRE

British front in Belgium, Nov. 21.—Belgian women and girls are being compelled to build concrete dugouts under artillery fire. The statement that this form of slavery has actually been practised is recorded in the diary of a German soldier who was recently captured. He belonged to a landwehr division, and was personally in charge of a large number of these unfortunate Belgians, who were daily herded together and taken to a zone near the German lines to perform manual labor of the hardest kind, in constant danger of death.

New fancy-work novelties.—Wallace's.

FINLAND CONTROLLED BY THE SOCIALISTS

Stockholm, Nov. 21.—Advices received here from Finland say that the entire country is in control of the Socialists, who are supported by armed workers and Russian Bolshevik soldiers. Only the trains carrying provisions are permitted to operate. The revolutionists have instituted a strict censorship over the telegraph lines.

A Socialist workman has been appointed commandant of Tornea and a former swiftdman has been put in charge of the Tornea railway station. The streets are patrolled by workmen bearing arms given them by Russian soldiers. Bloody conflicts are reported from Abo between the rebels and the law-abiding population.

Oskari Tokoi, who has been entrusted with the task of forming an All-Socialist cabinet, spent ten years in America, working as a goldsmith. Tokoi was regarded before the Russian revolution as an especially moderate Socialist, but he has steadily become more radical.

TRAFFIC ON RAILWAY STILL INTERRUPTED

Conditions on the Skeena river have not improved sufficiently to permit of the resumption of railroad traffic. The telegraph lines are still down. The trouble is confined chiefly between Kwinitsa and Amshury, a distance roughly of about forty miles. On account of the floods caused by the Skeena overflowing its banks, it is impossible to get into this stretch of line, and little can be done until the high waters subside.

The slide at Inverness has proved to be a more serious one than at first anticipated, and rather than wait till the cut has been cleared out, which was filled in by the debris brought down, the railroad track has been diverted for some distance. This is now about completed.

Little is known of conditions existing east of Kwinitsa and how much trouble will be experienced in repairing the line over this forty-mile stretch.

AUSTRIA THREATENED BY RACIAL UPHEAVAL

Philadelphia, Nov. 21.—The end of the war will come in 12 months as the result of a racial and social upheaval in Austria-Hungary, in the opinion of Sir George Reid, former Prime Minister of Australia, who spoke here.

"I think the drive on Italy is one of the worst disasters of the war," said Sir George, "and but for it there would have been a quick end to all the troubles. Austria is crumbling. Germany had to summon all her power to hold her ally on her feet. But I call on you to notice that when the Allies advance on the west front they hold what they gain."

ECUADOR NOW IN GRIP OF REVOLUTIONISTS

Buenos Ayres, Nov. 21.—A serious revolution, with the rebels looting and badly damaging towns is under way in Ecuador, according to fragmentary advices reaching here.

Quito, the capital city, is reported to be supporting the rebels. Railway traffic is completely stopped and details of the revolution are lacking.

Christmas Cards, 5 cents and upwards.—Wallace's.

For New Wellington Coal and Fir Lumber of all dimensions.—Phone 116.

THE STAND OF LABOR FAVORS CONSCRIPTION

Mr. J. C. Walters Advocates Real Conscription for Canada Instead of Part.

London, Ont., Nov. 21.—President J. F. Walters of the Dominion Trades and Labor Congress, addressed a meeting in Hyman Hall Saturday night. G. S. Gibbons, the Liberal-Labor candidate for London, also spoke.

Mr. Walters held the Labor was in favor of conscription under right conditions but wanted to start with the essentials required in conducting the war.

"We want the assurance that the nation is in danger," he said.

Mr. Walters attacked profiteering and demanded the conscription of wealth.

"We claim that when the nation is in danger," he said, "all the wealth of the nation should be used to protect it."

"But the government does not think so. The government says that wealth is sacred and instead of taking the wealth they say 'we will confiscate the men.' Human life is above material wealth, therefore we claim that material wealth first of all must be taken. However, the government says 'no, we will take the men by the scruff of the neck' while it allows the essentials necessary for the supply of these men to be manufactured on the voluntary basis."

"My candid opinion is that the Military Service Act is an after the war measure. The idea of conscription is to establish a military caste and militarism has always been the bulwark of autocracy. Think very carefully what is behind the Military Service Act. Remember that in Germany when the workers threatened to wring conditions from their employers they were called to the colors. In event of oppressive measures being brought to bear on you right now, you could be called to the colors and compelled to go back to work at soldiers' wages. This act can be perpetuated and then where would you be?"

The speaker touched on Union government and declared that the nature of the Union government was contrary to democracy.

BRITISH DECORATIONS FOR GREEK AVIATORS

London, Nov. 21.—In connection with the visit to London of Premier Venizelos it is announced that Greek naval aviators participated in the recent air raid on the Gallipoli Peninsula and Constantinople. For the air work three Greek officers have been awarded British decorations.

In the same connection it is announced that "Greek naval and military forces are taking a gallant part in the operations on the Salonica front."

NOTICE TO VOTERS

Until further notice, application for registration on the Dominion Voters' list for Prince Rupert Polling Division will be received at room 1, Smith Block, corner of Third Avenue and Fifth Street, between 10 a. m. and 12 noon, and between 2 p. m. and 4 p. m. each day except Sunday.

Naturalized British subjects must produce their naturalization papers. Women applicants must be the wife, widow, mother, sister or daughter of a member of the Canadian or British military forces serving without Canada, or of the Canadian naval forces within or without Canada.

KENNETH MUNRO, O. H. NELSON, Enumerators.

THE HEATHER ON FIRE IN PROVINCE OF ONTARIO

Vancouver, Nov. 21.—A wire from H. Hartley Dewart, M. L. A., Toronto, caused much cheer in Liberal circles, as it predicted 35 seats for the Laurier forces in Ontario. The wire was as follows:

"Conditions here improve daily. Will have straight Liberal candidates in at least 75 ridings, Labor in the balance. Rowell, Guthrie and Pardee are all opposed. We expect 35 Laurier seats in Ontario. They are manipulating every possible force against us, refusing to enumerate men who have claimed exemption; proposing to allocate 40,000 soldiers' votes. Today immense posters ask the insulting question, 'Who would the Kaiser vote for?' Everything indicates a popular sweep which even manipulation and corruption will not control. May go west with Sir Wilfrid to speak at a meeting at Winnipeg about the 26th. The heather is on fire.—H. Hartley Dewart."

MORE SHIPBUILDING ORDERS FOR B. C. COAST

British Shipping Controller is Expected to Place Contracts Direct.

Victoria, Nov. 21.—That the wooden shipbuilding programme in British Columbia is to be extended on a large scale is indicated by the fact that a special representative of the British Government arrived in Victoria last week to look into the shipbuilding situation both here and at Vancouver, and to report on the facilities available for the construction of tonnage. It is understood that the scheme involves the construction of an unlimited number of wooden steamships on the British Columbia coast and that the contracts for the building programme will be placed direct by Sir Joseph Maclay, the British shipping controller. Additional color is lent to the probable extension of the shipbuilding industry here by a dispatch from Seattle which states that Hon. H. C. Brewster, Premier of British Columbia, is now in Seattle looking over the Puget Sound shipyards in connection with the extension of the shipbuilding programme at Victoria and Vancouver.

It is understood that Premier Brewster has been approached by the British shipping controller to act on a board to thoroughly investigate the shipbuilding possibilities in British Columbia, the facilities for turning out ships rapidly, and report on the general situation to the British Government.

U. S. TROOPS IN CANADA

Montreal, Nov. 21.—For the first time in the history of the present generation, if not since the Declaration of Independence, armed American troops are in Montreal to participate in the Victory Loan parade today.

WESTHOLME THEATRE

Mabel Tagliferro is the star billed for the Westholme Theatre tonight in a society drama, entitled "Her Great Price." The star is an actress who appears all too seldom. Her acting is surprisingly good and in a play of this kind, she gets full scope for her capabilities. There will be a fine comedy as well.

A special meeting of the Executive of the Trades and Labor Council will be held tonight at 8 o'clock in the Carpenters' Hall.

PROGRESS AT SEAL COVE SAWMILL

Work Going Ahead Satisfactorily and Mill Expected Running by Early Spring.

Mr. E. F. Duby, of the Seal Cove sawmill, left for the south this week and intends returning about the end of the month, bringing with him the final shipments of the sawmill machinery. The progress of the buildings has been satisfactory and work will be rushed right ahead with the installation of the machinery. The sawmill will be put into operation before anything further is done with the shingle mill, and as soon as the sawmill is running, the shingle mill will be rushed right ahead and it is hoped that by the early spring to have the entire plant in operation.

The Prince Albert on her last visit brought up the second shipment of the machinery, consisting of some 125 tons, comprising the big ten-foot band mill, the edger, a substantial portion of the line shafting, and the roller band saw, together with the complete machine shop equipment, which includes an oxy-acetylene welding and cutting plant.

Four cars of the mono-rail equipment are in transit and are due to arrive any time now.

Mr. Duby is distinctly satisfied with the prompt shipment of the machinery necessary for the mill, which ensures the work progressing without delay. This has been a rather difficult matter in these times, when so many of the large manufacturing plants, who made a specialty of the building of sawmill machinery have turned their attention to the production of munitions and naval equipment.

SUGAR SENT TO BRITAIN IS BEING CONFISCATED

Victoria, Nov. 21.—The recently adopted British regulation that no private citizens import sugar will account for numerous disappointments among friends this side the Atlantic who have been sending little packages of the sweet in parcels to their relatives in the Old Country with a view to relieving the Government restrictions in the matter of sugar supplies.

The Government evidently put the regulations into operation immediately without sending any forewarning to the overseas dominions. The result was that packages already on their way from this side of the Atlantic were relieved of any sugar contents which they might contain and the remainder of the supplies forwarded to their destination by the Government officials.

It is only about six weeks since the postmaster received instructions to this effect. Since then a warning has been given through the press that no sugar is to be included in parcels being sent overseas to people other than soldiers. A similar warning has been posted in the post office, so that every precaution is being taken to caution people as to the usefulness of sending this particular commodity to friends overseas.

NATIONAL SERVICE

"Today under the exhaustion of war, Great Britain and her allies are appealing as never before for more food, more ships and more coal. No country has vaster resources than Canada to supply these imperative requirements. What is needed is vigorous efforts to further an unlimited production. To meet the existing need further steps are necessary to increase double, quadruple the output of all that may be necessary for marching and fighting armies."

In addition to this statement, the truth of which needs but a glance to perceive, is further borne out by the declaration of the shipping controller in Great Britain a few weeks ago. The shipping controller doubted whether the aid from the United States forces going overseas would not be counteracted by the drain on the world's shipping in moving the forces. This the shipping controller was of the opinion would probably subtract from the fighting strength of the other allies just as much as her own forces would add, unless America put forth a much greater effort in the building of ships, to provide the wherewithal for the transport of her own troops.

The great necessity is for ships and still more ships. Prince Rupert is capable of building ships. Her ship shed and machine shops, etc., have stood idle since the beginning of the war. Prince Rupert people have asked why. But could get no satisfactory answer. The last excuse was that steel plates could not be got. Which is rubbish. If steel plates could be got for the building of ships in Vancouver, they could be got for Prince Rupert just as easily. Freight rates from the east are the same. Prince Rupert could also build wooden ships. But all orders for these coming to the Pacific coast did not escape from the two larger and older cities to the south. The Borden Government has made no effort to utilize the resources of Prince Rupert in the winning of the war. Apparently they have no intention to either. Ships are required,

and Prince Rupert's plant could build ships. But, Prince Rupert has built no ships. It is safe to say that there is not another such plant in this world outside of the Central Empires, whom we are at war with at the present moment, where the sight will be seen of such a large establishment being deliberately kept idle. Prince Rupert's idle drydock is a monument to the fatuous policy of the Borden Government. They could see no good in any project set afoot by the Liberals.

Prince Rupert is a Liberal town. "All right then," says the Borden Government. "Starve them out." That is what the present circumstances amount to.

And the supporters of Sir Robert Borden like it. They want Prince Rupert to vote for him so that he will have further opportunities of keeping the Prince Rupert plant idle. They are unworthy citizens indeed, who have not got the welfare of their own city at heart.

For three years past Sir Robert Borden and his Government have been aware that Prince Rupert's drydock plant was ready for business. But for three years they have chosen to ignore it. To have that plant working to capacity would mean a great deal to Prince Rupert. Shipyard men were here working on its construction five years ago, waiting till it was completed when they hoped to get regular work. These men have been frozen out.

The welfare of Prince Rupert and its citizens receive no consideration from the Government. The chairman of the Munitions Board is like minded. In self defence, Prince Rupert people have only one thing to do, which is to make every effort to restrain Sir Robert Borden and his associates from attaining to any position where he can continue to carry out his policy of masterly inactivity as applied to Prince Rupert.

The Daily News delivered by carrier, 50 cents per month.

SHE SAVED IMPORTANT BRITISH DISPATCHES

London, Nov. 20.—The story of how an American woman's action saved important British despatches when the vessel on which they were being carried to Malta was held up by an Austrian submarine was told today by Captain Stanley Wilson, who was carrying the despatches and who himself was taken prisoner by the Austrians and only recently released.

Captain Wilson told the military court which is investigating his capture that he threw one bag overboard, but that to his horror it did not sink, as he had supposed it would. At this juncture he was approached by an American woman travelling on the steamer, who offered to take charge of the other bags, saying she wished to do something for England.

"It was a great responsibility," said Captain Wilson, "but I took it and my action was justified, as the bags reached London."

The bags were hidden by the American woman until the Austrians had concluded their search of the steamer.

BE CLEAN INTERNALLY

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent. of human ills was caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news, which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and attribute such conditions of chronic ill-health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one amongst the hundreds on our file—

703 7th Ave. South, Lethbridge, Alberta. Dr. Tyrrell, Toronto.

Dear Doctor Tyrrell,—After using your "J. B. L. Cascade" for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me. You cannot feel my emotions as I write this letter in praise of you in your great work. Words simply fail to express my thankfulness for first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the "J. B. L." Would that all the young men and women I see in this town with their faces covered with horrid, unsightly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the "J. B. L." May you enjoy this life to the full.

Sincerely yours, William Devoy.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St., Prince Rupert.

Ask for "Why Man of Today Is Only 50 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.

NOTES AND COMMENTS

How much better off would Prince Rupert have been during the past six years with a Liberal instead of a Conservative Government in power at Ottawa?

The difference between the two candidates in Prince Rupert at this election was said the other night to be the difference between Sir Wilfrid Laurier and Sir Robert Borden. The difference between the man who put Prince Rupert on the map, and the man who has never done anything to keep it there. Some difference!

Sir Joseph Flavelle said that he had no qualms in heaping up for his own private use \$1,634,000 out of excess profits in bacon during the last three years. If Sir Joseph really went out after profits, which might give him qualms, wonder how much more he might have raised?

Notwithstanding the entry of Liberals into the Cabinet of Sir Robert Borden, Sir Joseph is still head of the Munitions Board, and nobody has seen any reduction in the price of bacon. There is a Food Controller, too.

When the voters get behind the protestations of extreme loyalty and the accusations of disloyalty which are rife regarding the different parties, they will find that the real issue to be considered in this election is really the record of the Borden Government. Their doings during the past six years is what Sir Robert Borden and his associates will be judged by, not by what Sir Robert intends to do during the next five. Sir Robert's intentions were good six years ago, that is good for his friends—his National Trust friends in Toronto—but hardly good enough for the people of Canada. Besides the way to a certain salubrious region is paved with these things.

Lloyd George says the Silver Bullet will win the war. Turn your dollars into bullets; buy Victory War Bonds.

CITY OF PRINCE RUPERT

Sealed tenders for the purchase of Leases of Lots Twenty-three (23), Twenty-four (24) and Twenty-five (25), Block Seventeen (17), Section One (1), in the City of Prince Rupert, will be received by the Minister of Lands at Victoria, B. C., up to 12 o'clock noon on Monday, the nineteenth day of November, A. D. 1917.

Tenders may cover one or more lots. Term of Lease ten (10) years. Certified cheque covering six (6) months' rental must accompany each tender, cheques of unsuccessful tenderers to be returned immediately.

The highest or any tender not necessarily accepted. Tenderers must state the business they are engaged in and must designate clearly just what use they intend to make of the lots applied for.

Plans shall be payable in quarterly instalments in advance. T266. G. B. NADEN, Deputy Minister of Lands.

IN THE SUPREME COURT OF BRITISH COLUMBIA. IN THE MATTER OF THE ADMINISTRATION ACT

—and— IN THE MATTER OF THE ESTATE OF JACOB JARVIS, DECEASED, INTEREST. NOTICE IS HEREBY GIVEN TO WHOM IT MAY CONCERN of an Order made by His Honor F. McE. Young, Local Judge in the above matter on the 14th day of November, A. D. 1917, as follows:—

IT IS ORDERED that the said John H. McMullin shall be allowed to swear to the death of the said deceased as occurring on the 8th day of July, 1917, after the expiration of one month from the date of the first publication of notice of this order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, B. C., that the said deceased, Jacob Jarvis, was alive subsequently to the said 8th day of July, 1917.

AND IT IS FURTHER ORDERED that the said John H. McMullin do publish notice of this order in the Prince Rupert Daily News, a newspaper published at Prince Rupert, B. C., for a period of one month. DATED at Prince Rupert, B. C., this 16th day of November, A. D. 1917. D19 J. H. McMULLIN.

Buyers of War Bonds in Britain — 1 in 23 in United States — 1 in 27 in Canada — 1 in 187

Canada Must Change that Record

FEWER CANADIANS in proportion to the population have lent their money to the nation than have either the British or American people. This in spite of the fact that the individual wealth of the Canadian people to-day is greater than it has ever been and is one of the largest of any country in the world. Canada wants you to help change that record now. You owe it to Canada, to yourself, to your children, to see that it is changed. If you never bought a war bond before do it now. Be ready when the canvasser calls. Remember this—That to win this war every man and woman in Canada must do his or her share, and to-day the most important, vitally necessary thing is to buy Victory Bonds.

Help to Change Canada's Record to 1 in 20 Buyers of Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

LET US ALL

do what we can to help win the war. Our Government has asked us to loan it some money at 5 1/2% interest and offers us absolute security. Make application at once through us for all you can handle. You do not have to pay anything till December 1st, and then only 10% of the amount you apply for. The balance is to be paid in monthly installments.

FELT LIKE A NEW PERSON

After Taking Only One Box Of "Fruit-a-tives"

East SHIP HARBOUR, N. S.
"It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking "Fruit-a-tives". For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried "Fruit-a-tives" and the effect was splendid. After taking one box, I felt like a new person, to have relief from those sickening Headaches".

Mrs. MARTHA DEWOLFE.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

TIMBER SALE X 1016.

Sealed tenders will be received by the Minister of Lands not later than noon on the 31st day of December, 1917, for the purchase of Licence X 1016, to cut 4,775,000 feet of Balsam, Fir, Spruce, Hemlock and Cedar on an area situated on Kiskosh Inlet, Coast District, Range 4.

Three (3) years will be allowed for removal of timber.
Further particulars of the Chief Forester Victoria, B. C., or District Forester, Prince Rupert, B. C.

TIMBER SALE X 1084.

Sealed tenders will be received by the Minister of Lands not later than noon on the 20th day of November, 1917, for the purchase of Licence X 1084, to cut 79,000 Spruce and Jack Pine ties on an area adjoining Lot 4151 on Endako River near Burnes Lake, Range 5, Coast District.
One year will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

WATER NOTICE

TAKE NOTICE that Dolly Varden Mines Company whose address is Alice Arm, B. C., will apply for a license to take and use ten cubic feet of water per second out of Trout Creek, a tributary of Kitsault River flowing into Alice Arm, Cassiar District. The water will be diverted at the head of the Falls on the Silver Horde Mineral claim, Lot 2804, and will be used for power purposes on the Wolf and Dolly Varden Groups of Mineral Claims being Lots 2794 to 2797 inclusive, and Lots 2192 to 2197 inclusive and Lot 3854, Cassiar District.
Application will be made also for the right to store 250 acre feet in First Trout Lake and 2,200 acre feet in Second, Third and Fourth Trout Lakes. The water will be stored in First Trout Lake by the construction of a dam at its outlet and in Second, Third and Fourth Trout Lakes by the construction of a dam at the outlet of Second Trout Lake. The estimated area of land to be flooded at First Trout Lake is 17 acres and at Second, Third and Fourth Trout Lakes is twenty acres.
This notice was posted on the ground on the 15th day of October, 1917.
A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C.
The date of the first appearance of this notice in the local newspaper was the 23rd day of October, 1917, and objections may be filed with the controller or Water Recorder within thirty days after the said date.

When you think of shoes you think of Wallace's. If.

Mr. E. E. Dudoward, of Port Simpson, is in town.

Mrs. George Wilson, Third Ave., will not receive tomorrow.

Many novelties in silk and fancy goods just arrived—Wallace's.

Mr. J. P. Hawkinson, of Alice Arm, arrived in the city yesterday for a visit.

Mr. R. Sherman and Mr. S. Johnston, of Ocean Falls, are paying a visit to Prince Rupert.

You can turn in a Victory Bond to us and take the amount out in merchandise at your convenience.—H. S. Wallace Co., Ltd. If.

Mr. A. M. Manson, M. P., P., will address the St. Andrew's Society tomorrow night on the subject "Some phases of the British Constitution."

At the police court this morning, before Magistrate Carss, E. F. Demond was sentenced to 30 days' imprisonment for fraudulently obtaining board and lodging without intending to pay for same.

The latest casualty list carries the name of Gunner L. R. Haslett, who was for years on the staff of the Royal Bank here. He was well known and had many friends in town, who will regret to learn of his loss.

A party of twelve men eligible under the Military Service Act, who omitted to register here in time, are leaving tonight for the south. They gave themselves up voluntarily, being mostly fishermen, and will be taken in charge on arrival at Vancouver by the military authorities.

Frank Applegreen, a Porcher Island rancher died at the hospital last night. He was a native of Sweden and so far as can be learned, has no relatives in this country. He was in the hospital for treatment about two months ago, and on this occasion had been in for two weeks suffering with pernicious anemia.

Constable Bailey, quite by accident, has renewed his acquaintanceship with Petty Officer Bradford of the visiting cruiser. They sailed together in 1892 on board the R. M. S. P. "Garonne" to Norway, and in the ship's sports, tied in one of the events. Neither have seen each other since that time, twenty-five years ago.

Three accident cases have been dealt with at the hospital since last evening. Reginald B. Green was brought in last night from the drydock, where some staging had given way and in the fall his leg was broken above the knee. Mr. Green is an old timer here and is well known. A Jap named Y. Megsuda also arrived from Swanson Bay with a broken arm. He was employed at the pulp mills. This morning Carlo Miassi, an Indian, came from the cold storage. He suffered severe bruises and his muscles were wrenched through a fall.

IN THE LETTER BOX

Prince Rupert, Nov. 20, 1917.

Dear Mr. Editor:—

I should feel obliged if you will allow me space in your valued paper to reply to a letter which you published in your issue of the 19th instant over the signature of W. E. Thompson.

Mr. Thompson claims that as he is an International Union man he has the right to express his views before an assembly of his class. While I do not take exception to Mr. Thompson expressing his views on purely union affairs, which I admit he has a perfectly legitimate right to do, I do claim that any legislation passed or loans issued by the Canadian Government, are for the Canadian people to criticize if there is any criticism coming, and that it is bad taste for a man who I believe is an American citizen to try and knock any effort that may be made in the direction of bringing the war to a successful conclusion.

Mr. Thompson also states that the loan was instigated by such men as Flavelle and Allison, and that they brought pressure to bear on the Government, thereby forcing them to stipulate that the proceeds of the loan will be all spent in Canada, and in that way giving them an opportunity of gathering in all the profits. In this connection I would like to point out to Mr. Thompson that as there is an election in December, the Canadian people have the opportunity of electing the men who they desire to spend the money they are so loyally subscribing.

Thanking you, Mr. Editor, for the space, I am

Yours faithfully,

J. J. HUTCHINSON.

Here's a Way to Use Apples

A woman in Vancouver proved to us that scientists were not practical in the ways they recommend the use of PACIFIC MILK. She says (and she did not say it boastfully) that she gets almost half as much again from Pacific Milk as she can even from fresh milk. She cites this as an example. Try it.

1/2 cup PACIFIC MILK.
3 cups of water—when nearly boiling mix in 3 tablespoonsful cornstarch and two table-spoonsful of sugar. Cook for five minutes, stirring all the time, then beat in two cups of apple sauce, and put into moulds to set.

Using half cup PACIFIC MILK makes this quite rich enough, although she says Pacific is the only milk that stands so much reduction.
