The city is now reported to be a mass of flames. The telegraph offices were also destroyed. Fuller details will follow.

CONGRESS DECLARES FOR WAR WITH AUSTRIA

(Special to The Daily News.)
Washington, December 6.—The House Foreign Committee declares for war with Austria, in accordance with the desire expressed by President Wilson.

President's Message.
London, December 6.—President Wilson's message to Congress has the fullest prominence in the morning newspapers, but it reached London too late for much considered comment. The Times declares that it contains no ambiguous phrases for militarists to use.

WHAT THE VOTERS HAVE TO CONSIDER

That upon the admission of the head machinist of the Tory party here, he had been in communication with Colonel Peck since as far back as June last regarding contesting this seat. Col. Peck, therefore, had the endorsement of the local Conservatives before they changed their name to Unionist. They had a candidate in view long before and quite irrespective of the Union proposals of Sir Robert Borden.

The legitimate Conservative who withdrew so gracefully from the contest, because he realized in time that he had no chance, has made a virtue out of his necessity. He does not like to hear about the misdeeds and shortcomings of the Borden Government. Yes, let's bury all the past in the glories of the future. That would suit Borden fine.

"Think of what I'm going to do. Watch me wave the flag. I got into power, much to my surprise, six years ago, because I was a patriot. I told the voters so, and they believed me. They'll fall for it again." But, will they?
The manifest injustice of conscripting human life only and leaving the other resources of the Dominion untouched is Sir Wilfrid Laurier's objection to the Military Service Act. If we must have conscription, let's have it all round. That's what Laurier stands for. Fair play for the soldiers.

The full support for the men in the trenches, both as regards men, money and resources, is what Sir Wilfrid Laurier has pledged himself to. Who says otherwise merely states his own opinion and not the facts.

Six years ago, the Conservatives, allied with the Quebec Nationalists, the Sinn Feiners of Canada, stumped Quebec preaching that Laurier was too British and that his naval policy meant conscription. That was the red herring then to defeat reciprocity. Conscription is the red herring now to wipe out the record of the Borden Government.

Just to show the Nationalists of Quebec how well he liked them, Sir Robert Borden took three of them into his cabinet, one of them the man who was prepared to shoot holes in the Union Jack. This extreme element has received every encouragement from Borden. Bourassa and Lavergne have been permitted to talk sedition in a manner which anyone else in any other province, would have felt Borden's heavy hand. It is good politics for Borden to get the Nationalists inflamed against and away from the restraining influence of Sir Wilfrid Laurier, the man who was too British.

HUNS PREPARE FOR DESCENT UPON ITALY

Tremendous Concentration of Enemy Forces in Northern Italy—Try to Turn the Italian Line.

(Special to The Daily News.)
Rome, Dec. 6.—Great forces of men and guns have been massed by the Austro-Germans in the Asiago sector. Reports indicate that the enemy is employing ten divisions of troops. There was an exceptionally heavy bombardment from the enemy positions around Asiago last night and throughout the early part of this morning. This appears to foreshadow the early resumption of the long expected heavy enemy offensive from the north. The cannonade was of extreme violence, the enemy using every calibre of gun.

Capture Hill Positions.
Turin, Dec. 6.—The enemy is preparing for a renewal of the attack upon the Italian line along Sette Comuni and the Asiago plateau. The enemy guns have opened fire upon the Italian positions, capturing several hill positions.

Berlin Claims.
Berlin, Dec. 6.—The Austro-Germans yesterday captured some hill positions in Sette Comuni on the mountainous front in northern Italy.

WHAT SOLDIERS THINK OF THE BORDEN GOVT.

The following is an extract from a letter recently received from a soldier on active service: "So far I have been able to evade getting hit. I am keen on the election. If anyone asks you to vote 'right,' tell him to remember how Borden sent us paper shoes to wader around the muddy trenches in."

This is a fair sample of letters constantly arriving from the front and gives a good idea of what the soldiers think of the "Borden" Government and is a good indication of how the soldiers will vote.

NO FEAR OF MILITARY SERVICE ACT'S REPEAL

At a convention held recently in Ottawa, composed of Eastern Ontario Liberals, candidates and officers and executives of Liberal associations, Sir Wilfrid Laurier in answer to a specific question, stated "THAT IF RETURNED TO POWER, HE WOULD NOT REPEAL THE MILITARY SERVICE ACT," and also pointed out that conscription must not be the only issue in this campaign, as the Borden Government hoped to make it.

Sir Wilfrid also announced, and upon this there was absolute unanimity of opinion, that he was absolutely opposed to the new (so-called) Union Government, which was nothing more nor less than a patched-up Borden Government. At this convention, the following resolutions were passed: "That this meeting of Liberal candidates and representatives of Liberal Associations of Eastern Ontario places on record its admiration of the life and work of the greatest of all Canadians, Sir Wilfrid Laurier, and desires to express the hope that he will long continue as leader of the great Liberal party."

"That this meeting of representatives of Eastern Ontario Liberalism pledges itself to support every effort needed to sustain Canada's part in prosecuting the war to a successful conclusion."

SITUATION LOOKS GOOD IN ONTARIO

Vancouver, Dec. 5.—More optimistic reports of the election outlook in Toronto and Ottawa have been received by John F. Langhan of the Vancouver Liberal Executive committee. Frank Denton predicts the Borden Government will lose a number of Toronto seats, and Hon. Charles Murphy wires from Ottawa that Liberals will carry 15 out of 20 in Central Ontario and 15 out of 25 Eastern and Northern Ontario seats. The following wires were received on Saturday:

"John F. Langhan, Vancouver, B. C.—All reports indicate Borden Government will lose number of Toronto seats to Labor and Laurier candidates. Election of Labor candidates in West Hamilton conceded and Mewburn likely defeated in East Hamilton, Ottawa and London will go undoubtedly for Laurier. Reports from all country districts indicate surprising revolt among farmers, against Flavell-Borden government and much dissatisfaction with present conscription law and its administration. Conservative strongholds like East Lambton, Haldimand, Leeds, Lanark and Dufferin are now claimed by Liberals, and are being hotly contested. Province of Ontario looks like landslide for Laurier. The Associated Press, which draws subsidy from Borden Government, has no opposition to Borden in British Columbia and probably only sends to British Columbia same class of reports concerning Ontario. (Signed) Frank Denton."

"Ottawa, Dec. 4.—John Langhan, Vancouver: You have already report on 30 seats in Western Toronto by grouping Liberal and Labor. Prospects are that in 25 Eastern and Northern Ontario seats we will carry 15 and that out of 27 seats in Central Ontario we will carry 14. (Signed) Chas. Murphy."

SIR SAM HUGHES AND UNION GOVERNMENT

We reproduce herewith extracts from an interview given by Sir Sam Hughes which appeared in the Daily Warber of Lindsay, Ont., on October 16th, 1917. Sir Sam was asked:

"What do you think of the new Union Government?"
"It is a splendid triumph for the plans long ago laid by Sir Joseph Flavell and Sir Thomas White," replied Sir Sam.

"How does that appear?"
"It is now more than a year since the movement to form a National or a 'National Trust' Government as it was sometimes termed, was proposed by Sir Joseph and his friends. It is understood that the undertaking involved at that time a replacement of Sir Robert Borden by Sir Thos. White."

"How will coalition affect you personally?"
"Every candidate and member of Parliament owes allegiance to his constituents and to them only. The people are masters; the members are their servants; and in turn the Cabinet are the servants of the members. At least that is what should prevail under Responsible Government, and just as Governments depart from these principles do they become Kaiser-like, the machine prevails and liberty is endangered."

"You seem to think there was no pressing need for Coalition?"
"None whatever. That is, had the Government done its duty during the last year."

"But Laurier held up proceedings for the successful carrying on of the war?"
"Nonsense! Laurier had nothing to do with it. It was Sir Thos. White, Sir Joseph Flavell, Sir George P. Perley, Baron Shaughnessy, and possibly dread of the Nationalist party in Quebec under Bourassa."

"But did not Laurier force this war-time election?"

"I do not see how. On three different occasions the Government itself planned elections in war time. Once immediately after the session of 1914, again about the time of the sinking of the Lusitania, third, when Mr. Rogers made his famous and inspiring Montreal address. It is understood there was still another occasion."

"When war was declared and before any session of Parliament I favored an election early in August, 1914. No one else did. Again, after the session, when it was planned to swing an election I objected because of Borden's pledges to Laurier during the session, when the Liberals behaved so well. In this I stood alone once more, and was severely condemned by the 'wire-pullers' of the party."

"Will there be much loss of time before these men become accustomed to their new offices?"
"It could not be worse than it has been in the last two years with Perley holding up everything in England and White lining up everything here for the benefit of the institutions with which he and Flavell are allied. One would almost be led to believe that the desire was to prolong the war for the benefit of certain people and institutions in Canada."

FREEZING COLD WEATHER ON THE CAMBRAI FRONT

British Guns Smash Enemy Forces Massed for Attack—Huns are Rushing up More Men and Big Guns.

(Special to The Daily News.)
London, Dec. 6.—The British guns today smashed great groups of Germans massed for attack in the direction of Villersplouich, before the German attacking machine could get under weigh. Otherwise there is a lull over the whole Cambrai sector, although artillery is becoming increasingly active on this front. The weather is freezing cold today, British aviators report that more German troops are massing and more guns are being hurried to the battle front positions. It is believed that the Crown Prince Rupprecht will make another blow soon. Rumors are current to the effect that Hindenburg is now on the Cambrai front.

French Front.
Paris, Dec. 6.—There has been severe artillery fighting in the Craonne and Moronvillers sectors and also east of the Meuse. The French outposts south of Juven-court were attacked during the night, but the attackers were beaten off with losses. Eight German aeroplanes were brought down on Monday by French aviators. Last night, Dunkirk and district was bombed by German aeroplanes.

Russians Still Fight.
London, Dec. 6.—The British troops, acting with an efficient force of Russians, carried out successful operations in Mesopotamia.

PLENTY OF SPUDS IN GREAT BRITAIN NOW

London, Dec. 6.—There is an absolute glut of potatoes on nearly every market in Great Britain now, and at the minimum price of £6 per ton the farmers are finding difficulty in disposing of their crops. Many would be glad to sell at half that price to realize. This is the result of everyone who had an inch of ground making the most of it, and nearly every private house which has a garden of any kind has its potato bin filled with the home-grown spuds. There will be no scarcity of tubers for another year anyway. A superabundant crop of oats has also been harvested of a very high quality.

FIRST PRINCIPLES

One of the most eminent thinkers of the last hundred years wrote a book entitled "First Principles." That man was Herbert Spencer. In his writing he insisted upon "first things first." That is one of the principles governing our every day action, and which is responsible for success. Failure to have regard to this dictum means failure. And the failure of the Borden Government is the reason why the people of Canada are up in arms against them, from one ocean to the other.

The whole policy of the Borden Government since it took office has been actuated by a wrong motive. Elected as the representatives of the people, it was their duty that such legislation should be dealt with as was for the good of the people as a whole. Instead of this the Borden Government have taken as their first principle to do everything for the benefit of their own party particularly and to retain office, so that they could go on misgoverning the people for their own ends.

Apart from the manner in which they were elected, which was not particularly creditable, the first thing they did when they took office was to fire 12,000 civil servants and appoint 25,000 of their own partisans to take their places. Since the war began, public affairs have been managed in the interests of the friends of the Borden Government, quite irrespective of the good of the whole people. Milking the public treasury for their friends was the chief pastime of the Borden Government. The graft scandals which came to light are sufficient to show this. War supplies of every kind offered an opening for graft, which was well and truly taken advantage of. The buccaneering career of the Borden Government wound up with the C. N. R. steal of as much as \$10,000,000. Truly, they were no pikers in their own interests.

But when we regard the interests of Canada, well, that's another story. The Borden government has consistently refused to place Canada upon

a war basis. So far as the interests of Canada are concerned, their piking is shown with the Military Service Act. It is a half measure. It is not conscription. It is only part conscription. The true application of the principle of conscription would take first things first. With the proper conscription of the industries of Canada, the Dominion would be in far better shape to support the boys in the trenches. But this might effect the profits of the war profiteers. Therefore the Borden Government was not permitted to do it. That had to be left for Laurier—if he got into power, which the profiteers and the "interests" are doing all in their power to prevent. Their cry is, appeal to the other fellow's patriotism, and if he's wise to our game, take him anyway. But leave our profits alone. And the Borden Government have lived up to their instructions.

Instead of nationalizing her essential war and other industries, the Borden Government has given free reign to the profiteer to get all he can, while the getting's good. And with these profits invested in the Victory Loan, they are free from all taxation. Sir Thomas White is a good finance minister—for the profiteer.

Had the people of Canada had a square deal from the Borden Government, there would have been no necessity for the introduction of the Military Service Act. Knowing that things were going on all right for their dependents left at home, there would have been no lack of recruits. Had recruiting been handled in Quebec with common sense in the interests of Canada, Quebec would have done her share. But instead the Borden Government permitted Bourassa and Lavergne to talk sedition among their countrymen without any reprimand. Instead of stimulating that "esprit de corps" among the French-Canadian battalions which were formed and keeping them as a unit under their own officers, they were sent to the Bermudas and split up subsequently. They even appointed an English general

as D. O. C. in Quebec, who could not speak French. The facts lead to the conclusion that the Borden Government did not want Quebec to make too good a showing, so that an election issue as the Military Service Bill, could be more easily raised. Their past record they hoped would be forgotten amidst their extreme protestations of loyalty.

It has not worked, though. The people of Canada will put first things first, and Borden nowhere.

NOTES AND COMMENTS

With eight Liberals admitted into a Cabinet consisting of 22, Sir Robert Borden calls his a Union Government. The people don't believe him, for there have been 228 straight Liberals nominated to fight his candidates.

That the Borden Government never intended to have the military Service Act apply to Quebec is patent by the Deputy Speaker's letter to his constituents. He informed them that instructions had been given that farmers' sons and those engaged in factories would be exempted. The Borden Government can evidently instruct the tribunals, which are supposed to be absolutely impartial. While for consumption by the English-speaking people of Canada, the Hon. Mr. Crothers declares that the Military Service Act was introduced to make Quebec do her duty. Who is to be believed?

When enthusiasm was running high in Canada and the recruits were pouring in, Sir Sam Hughes received instructions to let up on recruiting. Winning the war was evidently not such a great necessity then as now, in the eyes of the Borden Government.

The Imperial Munitions Board is prepared to utilize 30,000,000 feet of clear spruce per month. Prince Rupert is the centre of the spruce country, and important developments may be looked for in the immediate future. Logging operations to produce this quantity will require a great number of men, donkey engines and wire cable and all three of these requirements are scarce. With clear spruce at present prices, this will mean the expenditure of a great amount of money, the most of which will have to be paid in wages and for materials.

BE CLEAN INTERNALLY

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent. of human ills was caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of her recommendation and those of us who have been steadily growing in favor.

Recently, however, the scientific world, which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and Rheumatism as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping the Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one among the hundreds on our file—

783 7th Ave. South, Lethbridge, Alberta.

Dr. Tyrrell, Toronto.

"Dear Doctor Tyrrell:—After using your 'J. B. L. Cascade' for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great relief it has been to me. You cannot tell how much I write this letter as you of you in your great work. Work simply fail to express my thanks for first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the 'J. B. L.' Would that all the young men and women I see in this town with their faces covered with horrid, ugly pimples would use it. They would surely get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the 'J. B. L.' May you enjoy this life to the full.

Sincerely yours,

William Devoy.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St., Prince Rupert.

Ask for "Why Man of Today is Only 10 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.

"FRUIT-A-LIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. On the other hand, the fact that "Fruit-a-lives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. BORDEN CRITICISED

BY MR. J. S. EWART

Ottawa, Dec. 1.—The Evening Journal today says: Mr. J. S. Ewart, K. C., the well known publicist, has issued a pamphlet entitled "The Disruption of Canada," in which he says that "After many years of abstention from politics, I venture at this most serious period of Canada's history to offer counsel to my fellow-electors."

He says that, in his opinion, Sir Robert Borden is in very large measure responsible for "that most deplorable situation," namely, the disruption of the Dominion. "He ought to have dissociated himself and his party from the Nationalist propaganda in 1910. But he did not," says Mr. Ewart.

"He ought not to have given seats in his Cabinet—the only three French-Canadian seats that he had—to men who had taken a leading part in the Nationalist propaganda. But he did. He ought not to have introduced the conscription bill. If conscription had been necessary he ought to have preceded his introduction by a campaign of education. While recruiting was proceeding he ought to have declined to deplete the farms."

Mr. Ewart concludes by declaring that "neither Sir John Macdonald nor Sir Wilfrid Laurier would have reduced Canada to such disastrous cleavage."

POINTS OF INTEREST FOR INTENDING VOTERS

There are many points about the Dominion elections act as affected by the war time elections act and the new provisions which will be applicable to the voting in the coming elections.

The following are some points which will be of interest to the voters in the coming federal election:—

Where provincial requirements as to residence cannot be applied at the time of making the lists the residential qualifications of voters is one year in the province and thirty days in the electoral district prior to the issuance of the writ of election.

Wives, widows, mothers, sisters and daughters of voters, male or female, alive or dead, who are serving or who have served outside of Canada in any of the military forces of Canada or Great Britain or within or without Canada in any of the naval forces, excepting such female relatives of persons who have ceased service in otherwise than an honorable manner are entitled to vote. No such relatives of persons who have joined the naval forces of Canada since the passing of the war time election act on September 20, 1917, will be voted.

Lists to be Posted.

Fifteen days before the polling day (Dec. 17) lists of the voters in each polling subdivision will be posted in said subdivision. The enumerators then sit two hours per day for ten days preceding polling day to revise the list, answer inquiries and execute transfers of votes of election officers and agents whose duties may take them away from the polling subdivision on election day. Up to five days before election the enumerator may upon the representation of any credible person add or strike off the lists any name.

There are no printed lists. On election day electors whose names are not on the lists may appear before the enumerator who sits within or near the polling place. If they are entitled to vote they

are given certificates. Any person who is refused a certificate may demand and obtain a written refusal which entitles him to a ballot which is sealed in a non-velope and not counted excepting in case of a recount and then only upon proof of his right to vote. Votes of persons challenged are treated in the same manner.

There is an enumerator in each polling subdivision. Entirely new lists are being made out in Prince Rupert. The lists when completed will be posted outside the polling booths or outside the postoffice.

May be Sworn.

Every person, whose name is on the list, can be sworn by candidate, agent, or elector, and if the oath is refused the voter loses the right to cast a vote in the election. The oath is:

"You swear that you are legally qualified to vote at this election, that you are of the (male or female) sex, a British subject, resident of Canada, and of the full age of 21 years. (In case of a female voter the following is added): You do further swear that you are the (wife, widow, mother, sister or daughter as the case may be) of a person who is serving or has served without Canada in the military forces (or within or without Canada in the naval forces) of Canada or of Great Britain in the present war."

The following people are unqualified to vote:

The judges of every court whose appointment rests with the governor-in-council;

Persons disenfranchised for corrupt practices under the act; Criminals, lunatics, inmates of poor houses and such institutions;

Any person who has applied for exemption from military service on conscientious grounds and who has not been refused;

All Mennonites and Doukhobors excepting those who may have enlisted;

Every naturalized British subject who was born in an enemy country and naturalized subse-

quent to March, 1902, excepting those who have enlisted and served out of Canada in the Canadian or British armies, or in or without Canada in the navy; or have tried to enlist and been refused because medically unfit; or those who are grandparents, parents, sons, or brothers of such as who have so enlisted or tried to enlist; or those who are or have been during the present war members of the parliament of Canada or any province; or those Syrians and Armenians who are Christians; or those who are females entitled to the vote through relationship to a soldier.

Every person who has been convicted of an offense against the military service act has no vote.

IN THE LETTER BOX

Dear News:—At the recent organization meeting held in the Empress Theatre in this city in the interests of Lt.-Col. Peck, the Rev. Canon Rix, in the course of his remarks, frankly admitted there was a time when he felt that Mr. Stork, the Liberal candidate, had received a raw deal in this city. The Rev. gentleman might have taken the public a little further into his confidence and have informed them who the men are that were responsible for the dirty work in putting through the deal referred to, and which candidate they are supporting in this election, instead of endeavoring to cast the stigma of disloyalty upon the Liberal candidate for being at home while Lt.-Col. Peck, the win the war candidate, (so-called) is fighting on the fields of Europe to uphold the principles which we all, as Canadians, cherish.

While I, personally, do not approve of the course which Lt.-Col. Peck has pursued, in allowing his name to be put in nomination in this present campaign and cannot support him, it is not my intention to criticize his action, nor my wish to detract in any way from the honors he has won. However, it does seem to me, Mr. Editor, it could not humanly be expected that any man with red blood in his veins would be tearing his hair to get back into uniform under an administration having at its head a man who would allow such a raw deal to be put through, under the strongest protest.

Rev. Canon Rix seems to have overlooked the fact that the raw deal referred to was finally consummated on the 9th day of May, 1914, before there was any war or rumor of war, when no emergency existed for a local corps in this city, and that he was one of the men taking a commission in the new corps. A glance at the militia lists of the Dominion will prove the truth of this statement.

It would seem to me far more becoming to the Rev. gentleman were he to devote his spare time to seeing that the brave boys in our city, who will very shortly be called to the colors, receive some preliminary military training prior to being drafted into service, rather than continue the bitter fight against the Liberal Candidate which was begun in January, 1913.

If Eggs are High Don't Use Them

When eggs get as high as they are now women set their heads working and get along as well without.

We've dozens of recipes that women have given us since they have discovered that Pacific Milk can be made to take the place of eggs in so many places.

Here's a Date Pudding.

Rub ½ cup of lard into 2 cups of flour, one teaspoonful of baking powder and one cup of sugar sifted together.

Add one cup of chopped dates and pour in ½ cup Pacific Milk. Mix well and steam one hour.

We shall be glad to print any recipes you may send in that will help to reduce the cost of living. If they contain Pacific Milk we will send you a little surprise.
