#### COMPULSORY REGISTRATION WILL SOLVE LABOR PROBLEM

PLANS FOR NEW NATIONAL REGISTRATION OF POPULATION OF DOMINION ARE NOW BEING WORKED OUT—LABOR SUPPLY IN DOMINION WILL NOW BE CORRECTLY ASCERTAINED.

(Special to The Daily News.)

Ottawa, Feb. 22.—The general lines of policy behind the Union Government's objective of a systematic and adequate mobilization of the whole resources of the nation to meet war needs and war conditions are gradually assuming concrete form in definite action. The conference with the Provincial representatives cover practically all the main problems which have to be considered.

The first conference with organized labor practically settled the fundamental question as to the direct extension of industrial labor as well as military service. Organized labor, through its representatives, declared against the suggestion of a further extension of the "conscription" idea.

The present conference with the Provincial Premiers, in so far as it relates to the vital question of organizing labor for the production of absolute necessities, is taking up the problem on the understanding that results are to be obtained on the voluntary system, backed up by vigorous and systematic organization, education and patriotic appeal.

At the same time, however, while direct compulsion seems impracticable, under all circumstances the Government is working towards the practical accomplishment of a compulsory organization by the State of all its resources in man and woman power to meet war needs through indirect compulsory methods.

#### Labor Agrees to Compulsory Registry

Compulsion has been agreed to by organized labor in so far as the national registration scheme is concerned. That is the first big concrete step. Plans for taking this national inventory thoroughly and expeditiously are now being worked out.

Among the objects in view through the taking of the coming national inventory is, according to the Government's statement, the ascertaining of the labor supply procurable by closing or curtailing less essential industries. While it is promised that before any industries are shut down organized labor will be consulted, it is pretty certain that steps will be taken in the near future to curtail the output of luxuries, or of other industries not really essential to national organization in war time. One concrete method of doing this will be through the gradual pressure exercised by the War Trade Board in controlling imports and in the distribution of raw materials according to the priority licensing system. This is another concrete line of action along indirect compulsory methods evolved from the Government's basic idea of diverting all labor supplies to the needed points.

#### THE RED GUARD WILL DEFEND PETROGRAD

Petrograd will be Defended by Bolshevik Red Guard in German Invasion is Continued.

(Special to The Daily News.)

Petrograd, Feb. 22.—The leaders of the Bolshevik here declare that they will defend Petrograd with the Red Guard, and will harass the German advance by guerilla warfare. No plans have yet been made for the evacuation of the city. In a dispatch to the executive of the Soldier's and Workmen's Council Trotsky says "We are not followers of Tolstol. We do not say we will not resist the German invasion." At the same time he outlined a plan by which the socialist army would conduct a guerilla campaign, thus hampering the efforts of the Germans. With the whole nation against the invaders, the German armies would be swallowed up even as Russia swallowed Napoleon's Grande Armee in 1812, and that of Charles XII of Sweden before that.

#### GENERAL KALEDINES COMMITS SUICIDE

(Special to The Daily News.)

Petrograd, Feb. 22.—General Kaledines, hetman of the Don Cossacks, committed suicide at Novo Teherkask, headquarters of the Don Cossacks, during a session of the Novo Teherkask government, which he attended. The government decided to resign and transfer its power to the local workmen's and soldier's council. After the decision General Kaledines went to an adjoining room and shot himself.

General Nazarov, who succeeded him as leader of the Don Cossacks, ordered the immediate mobilization and arming of all Cossacks to fight the Bolshevik troops advancing toward Novo Teherkask. As leader of the Don Cossacks, General Kaledines was opposed to the Bolshevik and he was a leader of the counter revolt against the Bolshevik early last December. On Jan. 1, the republic of the Don was declared with General Kaledines as president and prime minister.

#### GERMANY WILL COLLAPSE WITHOUT INDEMNITIES

(Special to The Daily News.)

Amsterdam, Feb. 22.—An interesting event has taken place in the Bavarian Chamber on the financial situation as brought about by the war. Count Praeyzing, introducing an interpellation, said the Empire, States and municipalities would have to pay on the debt a yearly interest amounting to £975,000,000, which was equal to 60 per cent. of their income. In peace times the percentage was 43.5.

It was, he went on, impossible to cover that tremendous amount without war indemnities. Without indemnities the collapse of the Federal States and a dangerous disturbance of the Empire's economic position was seriously threatened. To cover any appreciable proportion of those financial requirements by direct Imperial taxation was out of the question, as that would mean tapping taxation sources which ought to be preserved to the Federal States. Without indemnities only one thing remained, and that was a stupendous confiscation of private fortunes.

#### CABINET ASKS SUGGESTIONS FROM WOMEN

Delegates of Canadian Women Will Meet War Cabinet—Invited to make Suggestions as to Action.

Ottawa, Feb. 21.—A delegation of the women of Canada, representing as far as is possible every sphere of women's activity in the Dominion, will meet with the War Cabinet on Thursday, February 28. The delegation will number between forty and fifty women, and the government will place in the hands of the delegates confidential information as to the actual condition of affairs.

They will be invited to make suggestions in regard to governmental action. This is the first occasion in which women have been formally invited to meet the government in conference.

#### MUNITIONS FOR RUSSIA PILED HIGH IN NEW YORK

New York, Feb. 21.—If Nicholas Romanoff, formerly Czar of Russia, could get away from Siberia, he could spend a busy couple of years defending legal actions in and around New York, which no doubt he would be glad to do.

Over in Brooklyn today Sheriff's appraisers were busy making an inventory of the \$200,000,000 worth of munitions bought and paid for by the defunct pre-revolutionary Russian Government, and at present stored on the huge fourteen acre pier at the foot of Forty-third street, Bush Docks.

The appraisal follows the serving of a writ of attachment upon \$45,000 worth of material last Saturday. The plaintiffs in the action are the Russian Volunteer Fleet, the steamship company, supposed to be owned by the Russian Government, which had the contract for transporting the munitions from Brooklyn to Archangel.

The Sheriff's appraisers found the huge pier piled high with rifles, motorcycles, machine guns, barbed wire, motor trucks, tractors, clothing, shoes, and other valuable munitions.

There are \$11,000,000 worth of rifles alone. The attachment upon which the Sheriff's office is now working is thought to be but the forerunner of a swarm of others. Creditors of the former Russian Government who have heard of the vast amount of property held here for lack of ships to carry it are preparing to give a legal feast.

One attachment for \$500,000 is already under way. Others are expected.

#### COL. REPINGTON AND LONDON MORNING POST FINED £100 AND COSTS

London, Feb. 22.—Fines of 100 pounds each and costs were imposed upon Colonel Repington and Howell Gwynne, editor of the London Morning Post, for publishing an article last week in violation of the military censorship.

#### SAYS FIGHT IS FOR VERY EXISTENCE OF FREEDOM

London, Feb. 22.—Viscount Milner, speaking at Plymouth, deprecated too much talk about the war aims of the allies. He insisted that until the stage of peace negotiations is reached, we are fighting for the very existence of the free nations of Western Europe.

#### LENINE AND TROTSKY ARE NOW REPORTED TO BE IN FLIGHT

RUMOURS OF ANOTHER REVOLUTION IN PETROGRAD OVERTHROWING BOLSHEVIKI GOVERNMENT—LENINE AND TROTSKY SAID TO BE NOW IN RIGA—GERMAN ARMIES PRESSING EASTWARD

(Special to The Daily News.)

London, Feb. 22.—Rumours are current in Vasa, in Finland that the Bolshevik government in Petrograd has been overthrown by the social revolutionists under the leadership of M. Tchernoff, according to the correspondent there of the Politikan, of Copenhagen, says a dispatch to the Exchange Telegraph Company. Nikolai Lenine and Leon Trotsky are said to have escaped to Riga.

Mr. Tchernoff was the chairman of the short lived Constitutional Assembly, in the section for which position he beat the Bolshevik candidate. For this reason, the Assembly was broken up by force the next day, and dispersed, and the arrest of Tchernoff was demanded. M. Tchernoff was strongly pro-ally in his statements, and still considers that Russia could attract and keep engaged a large portion of the troops of the Central Empires, thus relieving the pressure of the western front.

#### The Gorman Advance.

Berlin, via London, Feb. 22.—The Russian town of Rovno has been cleared of Russians. Trains with about one thousand cars laden with food have been captured as well as aeroplanes, and an incalculatable amount of war materials. Between Dvinska and

Pinsk, the General von Linsingens movements continue to be unhampered. Important railway and highway junctions have been captured.

#### Material Captured.

The War Office announces that 1,353 guns and between 4,000 and 5,000 motor cars have been captured from the Russians so far in the new campaign. The Germans have passed through Wenden, fifty-five miles north east of Riga, and are now before Wolmar, seventy miles north east of Riga.

#### Near Petrograd.

London, Feb. 22.—The German troops have occupied Dvinska and are advancing towards Pskoff, 180 miles south west of Petrograd, according to a Reuter dispatch from Petrograd. They also have occupied Hapsal, Enthonia, and their cavalry is pushing towards Mohilev, the former Russian general headquarters.

London, Feb. 22.—The Express Telegraph Company's correspondent in Petrograd telegraphed yesterday that forty-five German warships were approaching the port of Reval, the Russian naval station of the Gulf of Finland. The fortifications were dismantled recently. Already thousands of German troops have disembarked, and are said to be approaching Petrograd overland.

#### AUSTRALIAN WHEAT AWAITS SHIPPING

(Special to The Daily News.)

Washington, Feb. 22.—Millions of bushels of wheat are available in Australia to feed the armies of the allies if only ships can be obtained. Crawford Vaughn, former Premier of South Australia, yesterday told twenty-eight State directors of the Public Service Reserve, who are aiding the campaign to enroll workers for shipbuilding.

"The prime need of the allies is ships," Mr. Vaughn said. "There are today 300,000,000 bushels of wheat in my country waiting for tonnage. The workmen in the yards of America must realize that every time they slacken up or take time off the effect is just the same as if their artillery in France stopped the barrage during a charge."

#### GERMAN SOCIALISTS ARRANGING A STRIKE

London, Feb. 21.—The German Independent Socialists are arranging for a demonstrative strike in the munition factories throughout the empire, commencing on March 1st, according to information received in Berlin and forwarded by the Amsterdam correspondent of the Exchange Telegraph Company.

#### WILL ASK 25,000 BOY VOLUNTEERS FOR FARMS

(Special to The Daily News.)

Ottawa, Feb. 22.—The organization of the "soldiers of the soil" movement inaugurated by the Canada Food Board, is now practically completed and the work will be commenced at an early date to enlist twenty-thousand boy volunteers to assist in food production on the farms this year.

#### FURTHER EFFORTS TO GET CLASS ONE MEN

(Special to The Daily News.)

Vancouver, Feb. 22.—While the number of men raised to date for military service in class one may be disappointing, it is evident, judging by the activity at Registrar Lennie's office, following upon receipt of recent orders from Ottawa, that the government is not satisfied that all the men available for service in this class have been secured.

Renewed efforts will be made to see that no man in the Province in Class one, who should, according to the regulations, be in khaki, will be overlooked. All exemption claims will be gone over carefully and the province combed for slackers.

#### VETERANS WOULD MARCH TO OTTAWA

(Special to The Daily News.)

Hamilton, Feb. 22.—Dissatisfied with the stand the government has taken on the alien question, the Hamilton war veterans have started a movement to have 10,000 returned soldiers march to the parliament buildings at Ottawa on Good Friday and demand that the Union administration take some action. The veterans want the aliens, both enemy and friendly, either conscripted for war work at home, service in the ranks or deported to their native countries.

## BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again  
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.  
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.  
"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.  
The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.  
I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism."

### CAN'T IT BE DONE.

Of all the pests, I hate the one who loudly wails "It can't be done." No matter what we try to do, he says the plan will not go through, and shakes his head in doubt and fear. He never has a word of cheer, but wails from morn to setting sun, "It can't be done—it can't be done."  
When boosters try to help the town, and bring success and fair renown, or try to start some enterprise, "It can't be done" he loudly cries and then goes up and down the street and every block he doth repeat this battle cry, "It can't be done—it can't be done."  
And so he goes his doleful way and sings his pessimistic lay. The things that are the city's pride he tried to queer, dog rot his hide. Improvements that you see about he tried to block, the pesky lout—in smiles and chere he sees no fun, this gink who says "It can't be done."  
No grateful city lauds his name; he's never known to civic fame, no monuments to him are raised, in graven stone he's never praised, and people call him a sonofagun, the gink who says "It can't be done."  
So, when he's called from earthly cares and tries to climb the golden stairs, may Peter say, "Blow back, my son; It can't be done, it can't be done."

## Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McGary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.  
All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast.  
You'll find it is good on cakes and
