CHANGES EXPECTED IN BRITISH CABINET—HUNS PREPARING NEW PEACE TERMS

GERMAN PRESS CALL FOR DESTRUCTION OF FOUR HUNDRED BRITISH TOWNS

WOULD HAVE GERMAN AVIATORS RETALIATE, UPON OPEN TOWNS FOR CONFISCATION OF FOUR HUNDRED GERMAN SHIPS—FRENCH AVIATORS BOMB GERMAN HANGARS BEHIND LINES.

(Special to The Daily News.)
Amsterdam, March 14.—The destruction of four hundred British towns by German aeroplanes is the demand made by the Berlin Tages Zeitung, as a reprisal for the action of the allies in confiscating four hundred German merchant ships. The article making this demand is a boastful one, and is evidently written for the purpose of infusing a little more courage and hopefulness in the people of Germany. The writer gets downright angry at the idea of the allies utilising the "beautiful German ships" for their own inhuman purposes, these said purposes being the bringing of food stuffs and munitions and troops from the United States and Canada to Great Britain and France, the biblical injunction of "an eye for an eye" is altered to "a town for a ship" apparently with great satisfaction to the German writers.

Zeppelins in Raid.

London, March 14.—Three Zeppelins participated in the last raid over the coast and inland towns of Yorkshire, is the announcement made by Lord French yesterday. Of these, only one ven-

tured to approach the defended districts. In the town of Hull, one house was demolished by a falling bomb, and one woman died of shock. No other casualties have yet been reported. The practice made by the anti-aircraft gunners, so far as could be seen, was good. The one Zeppelin was seen to stagger more than once, apparently as if it had been struck on a vital part. It disappeared, however, in the darkness, apparently still able to float.

Counter Raid.

Paris, March 14.—During Monday night's raid on the city of Paris, French aviators made a counter raid upon the hangars of the Gothas built well to the rear of the German lines. Six tons of bombs were dropped, and several fires were observed. The destruction caused is known to be great.

Huns Claim.

Berlin, March 14.—Nineteen of the enemy aeroplanes and two captive balloons were downed on the West front yesterday. There were reconnoitering actions at several points on the Western front. In the Champagne region, our troops took ninety French prisoners.

GERMANS PREPARING FOR ANOTHER NEW PEACE MOVE

(Special to The Daily News.)
London, March 14.—According to the Morning Post's Berne correspondent, preparations are being made through the German newspapers and German Press agents, for a new political move. This correspondent says that it is possible a fresh peace move is contemplated, on the basis of the status quo ante bellum prior to the war on the Western front, with recognition of the present frontiers being recognized again, while the captures of territory which the Germans have made at the expense of Russia in the East, they would be allowed to retain. Vigorous comment has been made upon this understanding of the matter, as it is even better for the Germans than their previous proposals of a peace upon the basis of the then war map. Needless to say, any such proposals would get equally scant consideration from the allies, as they did their last ones. The determination is again expressed that the Germans must first be ejected from the lands of France and Belgium before any peace can be discussed.

BRITISH AIRMEN INFLICT GREAT DAMAGE ON GERMANS

London, March 14.—Aerial attacks upon places of military importance behind the German lines are being continued by the British aviators. Yesterday, one squadron of the British flyers attacked the city of Freiburg in Germany and dropped ten tons of bombs upon the munitions factories and the barracks. Great damage was done, and the destruction was visible to the airmen. The munition factories were hit several times, and the buildings were seen to explode, as their inflammable contents caught fire. The barracks, which are extensive ones, were also seen to be on fire in several places. In the ancient city of Burges in Belgium, three tons of bombs were also dropped. The Railway station was hit, and a standing train was seen to burst into flames. On Tuesday, over thirteen tons of explosives were dropped at various targets within the German lines. The German aviators tried their best to cope with the British attack and in the fighting that followed, twenty two of the German machines were sent crashing to the earth, and the remainder were driven off. The British squadrons were enabled to make their way homeward unopposed by the enemy machines. Last night, the hostile airships again attacked the north east coast of England.

UNITED STATES BATTERIES DO GREAT EXECUTION BEHIND GERMAN LINES

ARTILLERY FIRE REACHES ITS GREATEST INTENSITY AT SEVERAL POINTS—FIVE GROUPS OF FLAMMENWERFER OBLITERATED, AND MANY AMMUNITION DUMPS WERE EXPLODED.

(Special to The Daily News.)
Paris, March 14.—In the Woivre district, a detachment of United States troops carried out with success a raid in the German trenches, to the south of Richcourt. Artillery fire by the American batteries has attained to its greatest intensity at several points. Five groups of German gas projectors, which were all ready to be used, were obliterated by the shell fire. Towns back of the German lines were set on fire, and large quantities of ammunition placed in new dumps were searched out and blown up yesterday.

The strength of the bombardment which is in progress all along the allied line is being well kept up by the batteries of the United States artillery. They have worked enormous havoc with the German defences, and in several places, the German first line trenches have been filled in and rendered useless for defence. Raids which the troops have made from time to time, have disclosed the fact that at several points, the Germans have been compelled to withdraw their lines, for in some

instances, considerable distances, owing to their first lines becoming untenable. Dugouts and shelters have been blown in, and no cover exists which can give adequate shelter from the American bombardment.

French Front.

Paris, March 14.—Mutual artillery bombardments along the right bank of the Meuse, and in the Railloan, Angerville and Lorraine regions was reported by the French War office last night. In the Argonne, and in the Vosges yesterday, the artillery fire was intermittent. In the Champagne country, the bombardment was violent, especially in the region of Mons. Reports from the watching aeroplanes said that the French guns had made several hits upon the German batteries, and that several of their big guns had been put out of action.

British Front

London, March 14.—A strong party of the enemy raided a British post south of Armentieres last night, following upon a heavy bombardment. A few British soldiers are missing.

AUSTRIANS GET COLD FEET ON ITALIAN FRONT

Rome, March 13.—The "Ideale Nazionale" learns from its Berne correspondent that, during the month of February, no fewer than 10,000 Austrian soldiers had to be withdrawn from the Italian front suffering from frozen feet. Confirmation is given to the report by the fact that Austrian prisoners who have been taken recently have been found to be badly shod, their boots being of exceedingly poor quality and quite incapable of resisting the intense cold which has recently prevailed in the Italian Alps.

FOUR THOUSAND CIVILIANS MOVED FROM CAMBRIA

Amsterdam, March 13.—"Les Nouvelles," of Maastricht, learns from The Hague that 4,000 persons, evacuated from Cambria, have arrived at Pepinster, near Liege.

They had travelled 33 hours without food, and ten persons died during the journey.

MINISTERIAL CHANGES IN GREAT BRITAIN

Reconstruction of Ministry is rumoured at Westminster. Press Reports State Balfour Going.

(Special to The Daily News.)
London, March 14.—The politicians here are once more in full cry. A great parliamentary intrigue is under way, and the lobbies are buzzing with rumours of ministerial reconstructions. The reported changes are being discussed in the daily press, and some of the newspapers suggest that Henry Duke, secretary for Ireland, has retired, and will be appointed to a judicial position and that James Macpherson, the parliamentary secretary to the War Office, will go to Ireland in his place. The Secretaryship for Ireland of late years has been no sinecure, and this particular position has been responsible for the loss of prestige of nearly every one of the occupants. At the present moment, with the unrest in Ireland so pronounced it calls for a strong man to undertake its responsibilities, if order is to be brought about.

The Liverpool Post says that among the persons involved in the forthcoming changes, is the right honorable Arthur Balfour, at present secretary for War. It is expected that his retirement will take place, the reason given being that he "has shown a tendency of late to take a rather too diplomatic view of international problems."

INDIA PROMISES A RECORD WHEAT CROP

Calcutta, March 2.—The first official All-India wheat forecast for the current season shows that the area sown is the largest recorded, being 34,000,000 acres, or 1,000,000 acres more than last year's final area. The sowing season is favorable. The present condition of the crop is good, but the Central Provinces and the Delhi district need rain.

GERMAN SOCIALISTS ARE DISSATISFIED WITH PEACE

(Special to The Daily News.)
Amsterdam, March 14.—Commenting on the outcome of the Brest-Litovsk conference at which a peace treaty with the Bolshevik Government was concluded, the Berlin Socialist newspaper Vorwaerts says: "Peace was concluded, but the delegates parted with feelings of deadly enmity. That such was the case is deeply regrettable. The German workmen do not stand behind von Rosenberg (assistant to Foreign Secretary von Kuehlman and chairman of the second Brest-Litovsk conference) or the policy for which he stands. Let us therefore face the facts and frankly declare that in this peace the success which was sought has been denied to Socialism of all shades of opinion."

AGREEMENT RE FISHERIES IS GOT WITH U.S.

Long Standing Question Between the Two Countries is Now Settled for Duration of the War.

Ottawa, March 14.—The important announcement is made by the Minister of Marine and Fisheries here today that an arrangement which settles the long standing question of fisheries between the United States and Canada, has now been reached. It will remain in force at least for the duration of the war. This new agreement provides for the complete reciprocity of port privileges for fishing craft of the two countries, and it is hoped that the friction which for many years has been in evidence on the Atlantic coast will be obviated.

GERMAN FORCES OVERRUN UKRAINE

London, March 14.—The German forces are reported to have entered the city of Odessa, which is the great port of export from the granary of Russia.

Roumanians Persecuted.
Washington, March 14.—The Roumanian minister reports that Roumania is being subject to the most drastic persecution at the hands of German, who have practically taken over control of the whole country, as they did in Belgium.

BATTERIES ACTIVE ON MOUNTAIN FRONT

Rome, March 14.—The official statement issued today by the Italian War office says: "Yesterday our heavy batteries were more active on the mountainous front from the Adige River to the Piave River. Enemy troops and working parties were shelled on the plateau Toneseca, at the Aasa-Hastico confluence at the head of the Val Frenzela."

"Counter-battery firing by hostile artillery was lively in the region of Mantello and less active on the west front."

"Northwest of Monte Grappa our patrols attacked with hand grenades enemy outposts."

"Our aircraft, notwithstanding adverse weather conditions, bombarded a big supply station of the enemy northeast of Orderzo."

MORE FOOD.

In the interests of increased agricultural production, a serious step is being made in this province to overcome the short age of labor by enlisting the boys between the ages of thirteen and nineteen, to help the farmer this summer. The co-operation of the government departments of Education and Agriculture is being sought, whereby the boys of the High Schools might be secured under official authority, subject, of course, to the willingness of the juveniles concerned. The sponsors of this idea are the Y.M.C.A., who have approached the ministers in order that the whole machinery of the Education Department might be placed at their disposal. The Department of Agriculture is asked to ascertain where there is a shortage of labor, so that it can be supplied from this new source.

It is proposed that the boys should enlist for a period of three or four months every year for agricultural work of some description, when they will be assigned to the various stations as needed and as requested by the farmer. The whole of the province will be divided up into zones, or districts, over which a superintendent would preside, and assume the responsibility for the welfare of the boys, and the general oversight of their labors.

This new army of workers is to be called "The Soldiers of the Soil," and the plan has been endorsed by Dr. McLean. In time of such scarcity of labor, as exists at this present time, this is but one of the many plans which might have been adopted to get the most out of the ground and in this way helping to "win the war," and to keep the people of the allied countries from going any hungrier, then they may.

RECIPROCITY.

The question of Reciprocity is one of the things which Canadians ought to be familiar with. It has been before the country in one particular form for several years past.

With regard to trade, we have seen the government returned to power as opposed to it, with our neighbours to the south under stress of war conditions, compelled to introduce it, much to the relief of certain classes, and to the benefit of the people of this Dominion as a whole.

The Kaiser and his staff, however, are equally impressed with the necessity of reciprocity in Europe, in the matter of air raids. They believe in tit for tat, if at all possible, only the "tit" which the German aviators are capable of does not seem to be so effective as the "tat" which the allied aviators have given to the German side of the border. The last two air raids made upon the city of Paris are said by the Berlin "Wireless" communications to be in payment for the air raids made upon certain German towns within easy reach of the allied aviators. From all accounts, however, it seems that the last allied raids have caused more destruction in the German cities than all the German attempts on Paris and London altogether.

The raid made upon German cities were withheld for many months. The British government were loth to sanction this form of frightfulness, even if it were practiced by the Germans. Public opinion, however, would not stand any longer for the handling of the enemy with gloves, and the policy of reprisals for the introduction of this form of warfare has since been justified, even on the limited scale upon which it has been adopted.

This terror which flieeth by night cannot be said to be the most conducive to sound sleep, and the air raids which the Germans have made on Great Britain and France have had the very opposite effect from what was expected by the High Hun. Instead of scaring the people into cries for peace, it has only deepened the determination of the populations of France and Britain to see the fight through to a finish.

When the allied get into their stride, and have sufficient

aeroplanes to keep up constant raiding over a wide area of Germany, the effect upon the people there may have that effect which the German government hoped it would have among the other races. Meantime, it is safe to say that the aerial operations of the allies have hardly commenced yet, and when they do, the Kaiser and his war thirsty subjects will know it.

NEW ZEALAND WANTS SAMOA BACK FOR GOOD

London, March 12.—A dispatch from Wellington says that Premier Massey said he was going to the Imperial War Credit Conference from a sense of duty. Referring to Samoa, the Premier said that New Zealand was anxious because Samoa was the key to the south pacific and if restored would become the headquarters of the German fleet and the centre of operations in the Pacific. The British flag was carried away from Samoa in 1889, and the New Zealand boys carried it back in 1914. The Premier was of the opinion that it had gone back to stay.

SCENE FROM "THE GATES OF EDEN"

Showing at the Westholme tonight

REVEILLE.

It's dawn on a winter morning,
Dawn with a streak of gray;
With me asleep in the blankets,
Dreaming my time away;
Snuggled under the white top
Just as the gray mist clears,
Dreaming of the other mornings,
Back through a thousand years
And then with a call that echoes
Drear as the funeral drum,
Cutting my heart to ribbons—
The Reveille says "Come!"

It's dawn on a winter morning,
With a red streak through the trees
With me asleep in the blankets,
Dreaming of peace and ease;
Dreaming of days behind me,
Far from the kharkied brave,
Far from a stove unlighted
And a tent as cold as the grave;
And then with a blare that tosses
Its woe to the winter skies,
Tearing my soul to pieces—
The Reveille says "Rise!"

The guns of the Huns are one thing,
Part of a big day's job.
The big gas shells are another,
Bringing their thrill or throb;
Life's in a dugout's nothing
To bring on a ringing cheer,
But give me the big shells crash-
ing,
Give me the guns to hear—
Give me the Hun's worst answer,
Give me the charging drum
When out of the cold dawn's shadows
The Reveille says "Come!"

LAND REGISTRY ACT (Sections 36 and 134.)

Re Application Nos. 9831-I, 9833-I, 9834-I.
TAKE NOTICE that application has been made to register Frank W. Hart, of Prince Rupert, B. C., as owner in fee under four Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, and one Tax Sale Deed dated 22nd day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lots seven (7) and fifteen (15), Block twelve (12), Lot twelve (12), Block forty-eight (48), and Lots thirty-three (33) and thirty-four (34), Block fifty-one (51), all in Section Eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Prince Rupert Daily News), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Frank W. Hart,
AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owners as stated below.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Frank W. Hart unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 15th day of February, A. D. 1918.

H. F. MACLEOD,
District Registrar of Titles.
To F. W. Clayton, Prince Rupert, B. C., assessed owner of Lots 33 and 34, Block 51; Charles Planitz, Edmonton, Alta., registered and assessed owner of Lot 12, Block 48, and sold for taxes on 14th day of September, 1915; V. Straube, 657 Powell St., Vancouver, B. C., assessed owner of Lots 7 and 15, Block 12.

Pour LUX on the troubled waters of the wash

MILLIONS of these little LUX wafers are working wonders every wash-day all over Canada. In color they are like cream—to the touch like silk. The fine, soft, creamy lather LUX makes, is splendid for woollens—it never shrinks or hardens them. In fact, all kinds of garments, woollens, silks, laces, linens, etc., dainty or otherwise, are really preserved by LUX. It leaves them luxuriously clean, but with the fabric absolutely free from matting and shrinkage.

SAMPLE FREE on application to Lever Brothers Limited, Toronto. Sold at all grocers,

Remember: 1st. LUX is made in Canada. 2nd. It won't shrink woollens.

Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McCary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.

All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast.

You'll find it is good on cakes and

Keep Chickens

This is National Service

They will help Keep you

How to go about it

BUY eggs for hatching or day-old chicks, borrow or buy a broody hen or an artificial brooder. A slatted packing-box will house the hen and chicks. Feed the chicks bread crumbs soaked in milk and squeezed dry. Feed five times a day, alternating with prepared chick feed, only as much as they will eat up clean. Remember that a hungry chick is a healthy chick.

CAUTION: Chicks must not be fed until at least 48 hours old, and then only sparingly.

If you can, start now with eggs or chicks; if not, arrange at once with the local poultry association for pullets in the fall.

The cost of meat is the heavy item in the food bill.

Poultry and Eggs will help take the place of meat.

The food that goes to the garbage pail from the average table will provide one-third the feed for a flock of 8 to 10 hens.

Poultry will thrive where vegetables will not grow. The outlay is small. A few minutes a day is all the time required.

A small flock in your back yard will go far to keep you supplied with eggs, broilers and roasters.

BILLIE BURKE AT THE WESTHOLME THEATRE

Tonight the great attraction at the Westholme Theatre will be Billie Burke, appearing in the fourth episode of "Gloria's Romance." This great serial story has aroused great interest in town, which is evidenced by the full houses every time Billie Burke appears. With this episode, the story is beginning to unfold. Gloria, hitherto much of a child, is a woman, with all a woman's capacity for love, jealousy and hate. Billie Burke is fairly living this romance, so convincing is her playing. This week she is seen wearing a famous Lucile gown, which was specially designed for her by Lady Duff Gordon. This new chapter of the story is a production beautiful in the extreme.

There will also be shown a five part romance, starring Viola Dana entitled "The Gates of Eden." This is the most realistic romance, which will appeal to every one who sees it. The kiddies will enjoy it to the full. The whole programme is one of the best, which everyone will enjoy.

Insomnia Cured Without Drugs**Internal Bathing Relieves the Cause**

If you do not sleep there is always some cause. Don't start dosing with drugs. Nerves can't consume them. Relieve the cause and a good, sound sleep will be the result.

The system cannot be right if the Colon or large intestine is not kept clean and free from all waste matter. Bathe internally if you want perfect health. Mr. F. C. Voigt, Rapid City, Man., writes: "For several years I suffered from Indigestion, Nervous Debility, Insomnia and Constipation. Had no appetite, and doctors did not expect I would live throughout the winter. Your book interested me. I got a 'J. B. L. Cascade' and in a few days obtained remarkable results. I now sleep and enjoy my meals better than for years before. I regard the 'J. B. L. Cascade' as a Godsend to me."

The "J. B. L. Cascade" is a perfected appliance for Internal Bathing, invented by Dr. Chas. A. Tyrrell of New York, and has been the means of restoring thousands to perfect health. It is shown and explained by Cyril H. Orme, Druggist, cor. 3rd Ave. and 6th St., who will be pleased to give you an interesting book called "The What, Why, The Way of Internal Bathing" on request. Ask for it.

Everything Comes to him who waits. But here's a rule that's slicker. The man who goes for what he wants will get it a darn sight quicker.

That's our policy. Get the business by going after it with quality goods, and lowest prices. The following list of specials for Thursday, Friday and Saturday should interest everybody in Rupert, and out of town customers as well. All mail orders received not later than Sunday night mail from the East will be filled at the prices quoted below. Terms Cash.
