## DOMINION PARLIAMENT OPENS IN OTTAWA

### ALLIES DECLINE TO RECOGNISE GERMAN PEACE WITH RUSSIA AND ROUMANIA

#### DOMINION PARLIAMENT OPENED YESTERDAY AMID VERY ANIMATED SCENES

**HUNDRED AND TWENTY FIVE NEW MEMBERS WERE SWORN IN—HOUSE MET AT ELEVEN O'CLOCK—MR. E. N. RHODES, THE FORMER SPEAKER WAS RE-ELECTED TO THE SPEAKERS CHAIR.**

(Special to The Daily News.)  
Ottawa, March 18.—Animated scenes preceded the formal opening of the House this morning for the purpose of electing a speaker. The corridors of Parliament were thronged with members, new and old. The new members, who numbered 125, were mostly here. In the commons chamber, W. B. Forth, the new clerk of the House, and the other officers were fully engaged swearing in the members who, after taking the oath, signed the roll. The bell summoned the House to meet promptly at eleven o'clock and members soon thronged the Chamber. There was much shaking and every appearance of good fellowship prevailed. After the return of members to the Commons Chamber, Sir Robert Borden in brief speech nominated Mr. E. N. Rhodes, member for Albert and former speaker

of the House, to that office. No other nominations for speaker being received, the Clerk of House declared Mr. Rhodes elected, and he was led to the throne by Premier Borden and the Hon. Mr. Carvell. He made a brief address thanking the House and stating that he would endeavor to discharge the duties of Speaker with firmness and impartiality. In the speech from the throne, the war plans of the Dominion were indicated, and a strong progressive legislative programme was presented, introducing the bill for the extension of the franchise to women during the present session. War profits, daylight saving, and consolidation of the railway act were also mentioned as coming in the forefront of the activities of Parliament. The Hon. Mr. Fielding took his seat with the opposition.

#### ALLIES WON'T ACKNOWLEDGE GERMANY'S PEACE TREATIES

(Special to The Daily News.)  
London, March 19.—The supreme War Council of the allies have issued a statement in which they condemn the political crime of Germany against the Roumanian and Russian peoples. It also states that the peace which the Germans have imposed upon her eastern neighbors will not be recognized by the Western allies. This indicates that whatever annexations the Germans may make at this time, at the expense of Russia or Roumania, cannot be considered as in any way permanent, and the allies will yet have something to say regarding the dominance of Germany of the vast resources of the countries to the east. No excuse can be found for the incursion of armed German forces through the countries of Roumania and Russia after the signing of the peace terms at Brest-Litovsk, and these terms the allies refuse to countenance as final.

#### GERMAN SPRING OFFENSIVE DOUBTED: RAIDS AND BIG GUNS MAINTAIN LIVELINESS

**BELGIUM ARMY TAKES OVER WHOLE COAST SECTOR AND IS NOW IN GOOD SHAPE—FRENCH AND BRITISH RAIDING PARTIES KEEP BOSCHES ON QUI VIVE—INFLECT MANY CASUALTIES.**

(Special to The Daily News.)  
Washington, March 19.—Germany's threat of a great spring offensive on the Western front no longer impresses American military men. In its weekly review today, the war department records the conclusion that the enemy in spite of his vast preparations, will not take the offensive unless forced into it. **New Belgian Front.** On the British front in Flanders March 19.—The important coast sector of the Western front, which for a considerable time has been held by the French, has been taken over by the Belgians. That King Albert's new army has been able to assume this additional burden speaks highly for the condition of this comparatively small fighting machine, which has battled so valiantly from the beginning. **British Front.** London, March 19.—"English troops carried out a successful raid north east of Achieveille and captured several prisoners, with little loss to themselves" says today's official statement. "Casualties were inflicted on the enemy in patrol encounters north east of Zennebek." "Hostile artillery was active during the night south of the Bapaume-Cambrai road and in the region of Lens, and there was considerable activity against our forward area between Warneton and Zennebek." **French Front.** Paris, March 19.—French raiders were very active last night and brought back more than 130 prisoners. In four raids according to official statement. The largest raid was made at Cheppy wood, north west of Verdun, where the German trenches were entered on section of the front and where the French captured eighty prisoners. **Wednesday morning Special.** Growing girls' buttoned or laced school boots. Sizes 2 1/2 to 7. Regular \$4.50 values for \$3.20. If

#### AIR BATTLE TAKES PLACE NEAR DUNKIRK

**Spectacular Fight in the Air Between British Naval Aeroplanes and German Machines.**

(Special to The Daily News.)  
London, March 19.—British naval aeroplanes operating in the vicinity of the ancient city of Dunkirk, situated on the coast near the borders of France and Belgium, were successful in destroying five German machines. Five other machines belonging to the enemy were also brought down, and two of the enemy observers were killed. The fight was the most spectacular one and the different machines were engaged at different heights, as the fight progressed. It lasted for nearly an hour, between ten of the enemy aeroplanes were disposed of. The Germans were unable to assist with any barrage fire, in case they struck their own men, and the British raiders, were able to return safely to their own lines in each case. #### SAYS CITY SHOULD BE PROSECUTED BY HEALTH OFFICER

That if the health officer were doing his duty, he would prosecute the City, was the remarkable statement made by the City Clerk at the Council meeting last evening. This getting of the Health Officer in bad arose through the curiosity of Alderman Kirkpatrick, who wanted to know when the reading room for ladies which it was proposed to have on the ground floor of the City Hall, would be finished, and what furniture it was proposed to put into it. The Alderman seemed to think that things were at a standstill in the meantime. Alderman Casey said that the Mayor had agreed to have signs placed upon the windows to inform the public of the nature of this room, and was inclined to let it go at that. But not so Alderman Kirkpatrick. "It will need a table and some chairs" she said, "and what about the lavatory?" Then the City Clerk told on the Health Officer. It seems that this has not been constructed properly, although its use is continued. "This is an indictment against either the City Solicitor, or the Health Officer, I don't know which" remarked Alderman Casey, with extreme gravity. Alderman Kirkpatrick would have preferred the reading room to have been outside the City Hall altogether, as some of the ladies in town are a bit shy in coming into the City Hall anyway. "But why the city Hall should create shyness, she did not state. Upon the acting Mayor promising to look into the matter, it was dropped meantime.

#### ALDERMAN CASEY IS WANTING REPORTS

After the routine business of the City had been disposed of at last night's meeting of the council, Alderman Casey brought up a matter to which he had drawn attention previously. He wants to receive monthly, from the heads of the various departments in the City Hall, a balance sheet, showing the expenditures, and receipts for the month. He said that these reports had been promised, but so far, none had been received. "We go on, and we don't know what our business is costing us from the end of one year to the other. Possibly they think I am a crank on this thing, so I would like the council to take the matter up, to find out where the money is going, and also how the money is raised. I would move that the City Treasurer be requested to make a report pertaining at least the public works, utilities, and health departments, giving in detail each month, particulars of receipts and expenditures. The City Clerk intimated that at the present time, the Treasurer was very fully engaged with the auditor, and had little time for further detail. The motion was seconded by Alderman Smith, and carried. Acting Mayor Dybhavn intimated that the Utilities Committee would immediately be in a position to tender a report themselves, independent of the City Hall. Just received. Shipment of first grade rubbers.—Wallace's. If

#### NOTES FROM THE COUNCIL CHAMBER

In the absence of Mayor McClymont, at the meeting of the council held last evening, Ald. Dybhavn occupied the chair. Apart from the regular routine business there was little of interest to keep the councillors talking, and the whole proceedings were over in three-quarters of an hour. First of all, the Board of Works were against laying a temporary water main from Third Avenue down to First, whereupon Alderman McMeekin displayed some considerable solicitude for the wholesale houses there in the event of fire. Alderman Casey explained that there already was a six inch main on the waterfront, which would serve this purpose. Besides, the wholesale houses would probably be moving this summer to another site, when this temporary work would be useless. Alderman McMeekin, however, was of the opinion that in case of fire, and the city gave no protection, the city would be liable. He would send the report back for consideration. Alderman Casey was of the same opinion still, and did not want to see any temporary work done that could be avoided. Alderman McRae, seconded the motion of Ald. McMeekin, and wanted to know where the city stood. Then came the City Market report, the Warrant book from the Finance Committee, a resolution re the opening of the Court of Revision of the assessment roll, supplies were continued on Page Four.

#### NECESSITY FOR JAPAN'S INTERVENTION IS URGENT

(Special to The Daily News.)  
Tokio, March 19.—Illustrating what the allies are up against in Siberia, with regard to conditions there calling for the intervention of Japan in a military capacity, the Japanese War Minister, speaking in the House of Representatives here stated that there are no less than ninety four thousand German prisoners, originally taken by the Russian troops in their drives during the first years of the war, who were established at centres east of Lake Baikal, and now beyond control of their captors, while there were sixty thousand west of that point. It is known that German officers have been sent from Germany to mobilize these forces again, and they will form a considerable menace to Russia, if they are allowed to act unchecked. With these trained forces against them, as well as the Red guard of the Bolsheviks, who are arming against the expected invasion of Japanese troops, it is realized that Japan will have something to cope with, when she does enter Siberia to take control of the resources of that country. Wednesday morning special.—15 per cent discount in all 'Leckie' boots. Worth considering.—Wallace's. If

#### ENQUIRY INTO CHICKEN LOSS AT WINNIPEG

**Food Board Send Commissioner Who Begins Enquiry into Condition of Cold Storages.**

(Special to The Daily News.)  
Winnipeg, March 19.—Commissioner Tustin, who has been sent here by the Canada Food Board, began an enquiry into the conditions existing in the store-houses belonging to the William Davis Company, here, from which eighty-five hundred pounds of chicken were carted to the incinerator on the 7th of March. The manager of the Davis Co., here denied that there was any attempt at hoarding, as might have been thought by such quantities of chicken having been kept for such a length of time. He claimed that these particular lots of chicken had been offered for sale at prices away below cost. The enquiry is still in progress, and may last for several days. Halibut was selling around 15c this morning at the Fish Exchange. A PRINCE RUPERT CHORAL AND ORCESTRAL SOCIETY

The possibility of establishing in this city a choral or musical society was discussed in the columns of the Daily News at the close of last season, nearly a year ago.

The desirability of having such an organization of this nature in Prince Rupert has been felt by the leaders of the various musical organizations already existing, and they have called for this evening in the City Hall, a meeting of all people in the city interested in music to get the thing started.

The chief advantage of one strong musical association is that more ambitious works may be undertaken than is possible with a small choir, which will make the work more attractive for the members.

This meeting called for tonight for the purpose of organizing this new society, so if there are persons who have experience, and there are, along this line, they have an opportunity of putting their suggestions forth, for consideration.

## AT THE WESTHOLME

Tonight's show at the Westholme Theatre is one of the best ever. There is a great play of the civil war, and it is a story of the chivalrous south. The stars are Peggy Hyland, and Antonio Moreno, and this combination sure makes some success of it. The story of the play itself is one that will take with everyone who sees it. Then there is a specially funny comedy. It is one which will bring the house down, and as a cure for the grouch, which the snowy weather and slushy streets invariably brings, it cannot be beat. In addition, the special Pathe War Gazette will be repeated this evening by request, and it is a good one. It shows how the German prisoners are taken care of, together with some splendid views of the great British Navy. Nor is the fourth arm omitted, for there are some remarkable good views of aeroplanes battling in the aerie blue. There are also many other official war views, which are well worth seeing.

## NOTES FROM THE COUNCIL CHAMBER

Continued From Page One.

voted, the bicycle bylaw was finally passed, bylaws to consider the borrowing of \$30,000 were considered for the first time, when we came to tenders. These had been called for the printing of the Collectors rolls. Somebody evidently had had the temerity to ask Vancouver to figure on this work, for there were two tenders from that place. McRae Bros. Ltd. would supply these big books for \$60; C. A. Roedde Ltd. of Vancouver figured at \$57.50, which with the express charges would probably be over the Prince Rupert figure, while the Vancouver Bindery quoted the price of \$44. It was decided that the Finance Committee deal with the matter.

After Alderman Casey said a few words about the monthly Departmental reports, which the council was not getting although he wanted them a while ago, and the reading room for ladies was ventilated, or at least the question was, there was nothing else to do but go home.

## SALE OF GOVERNMENT LAUNCH.
