## GEN. HAIG SAYS POSITION MUST BE HELD

### ALTHOUGH ATTACKING HEAVILY, ENEMY CAN MAKE NO FURTHER PROGRESS

#### NO OTHER COURSE OPEN BUT TO FIGHT IT OUT, SAYS HAIG, IN SPECIAL ORDER OF THE DAY

EVERY POSITION MUST BE HELD TO THE LAST MAN—WITH BACKS TO THE WALL, MUST FIGHT TO THE END—GERMANS FAIL TO MAKE FURTHER PROGRESS—POSITIONS CHANGE HANDS OFTEN

(Special to The Daily News.)  
London, April 15.—Field Marshal Sir Douglas Haig in a special order of the day addressed to "All ranks of the British army in France and Flanders," says:

"Three weeks ago today the enemy began his terrific attacks against us on a fifty-mile front. His objectives are to separate us from the French, to take the Channel ports and to destroy the British army."

"In spite of throwing already into the battle and enduring the most reckless sacrifices of human life, he had yet made little progress towards his aim."

"We owe this to the determined fighting and self-sacrifice of our troops. Words fail me to express admiration which I feel for the splendid resistance offered by ranks of our army under the most trying circumstances."

"Many among you now are weary. To those I would say that they will belong to the side which holds out the longest. The French army is moving rapidly and in great force to our support. There is no other course open to us but to fight it out."

"Their position must be held to the last man. There must be no retirement. With out backs to the wall and believing in the justice of our cause, each one of us must fight to the end. The safety of our homes and the freedom of mankind depends alike upon the conduct of each one of us at this critical moment."

**Attacks Continued.**  
London, April 15.—The Germans continue their powerful attack against the British line in Flanders. The town of Neuve Chapelle, an important strategical point, which has changed hands several times, remains in possession of the British.

**Berlin Claims.**  
Berlin, April 15.—The German press made a successful attack against Americans north of St. Mihiel, where the Germans claim to have inflicted heavy losses and taken prisoners. On the Lys battlefield there have been successful engagements between Neuvekerke and Vian Berquin.

#### LARGE QUANTITIES OF LIQUOR SEIZED BY THE CITY POLICE

The appearance of the city police office on Saturday evening was more like a bottling factory than anything else. Hundreds of black bottles, brown bottles and white bottles, full of frothy liquid were ranged across the floor, making it necessary to walk delicately, like King Agag. There were also several large forty-five gallon casks, full to the bung, and many other smaller casks and kegs, and a smell like a distillery. The "mash tubs" containing the material from which the liquor is brewed, were also in evidence.

This was the result of simultaneous raids which the police department made on three of the hotels, the Knox, Central and the Windsor, and the quantities gathered in proved too great for the accommodation of the police office. From samples taken, it is said that the percentage of alcohol varies from three to twelve per cent., this being more than the percentage allowed by the Prohibition Act. It is expected that police court proceedings will take place this week.

CAPTAIN PEARSON

Mr. Sumner and Mr. Wm. Boulton will arrive by the Vancouver boat on Wednesday morning next, April 17th, and desire to address a bumper public meeting on the great work being undertaken by the Y. M. C. A. overseas amongst the soldiers.

A meeting has been arranged for to be held in the EMPRESS THEATRE at 8 p.m.

Captain Pearson will give an account of his two years' experience on the firing line with the Y. M. C. A., and, it is expected, will give further information to the public on the subject of the Red Triangle Fund. Mr. Boulton was here recently and supervised the organization of the local Military Y. M. C. A. Committee, of which his worship Mayor McClymont is the president.

Remember Wednesday, Empress Theatre, 8 p.m. EVERYBODY WELCOME

#### BUILDING FOR SALE

Tenders are invited before 1st May for the purchase of buildings on Lot 24, Block 17, Section 1, by A. Newham, Receiver, the Westholme Lumber Company. Further particulars at Bank of Montreal, Prince Rupert.

#### MORE PUBLICITY FOR RUPERT'S IDLE DRYDOCK

Following upon the interview with the press given by the Hon. T. D. Pattullo, some ten days ago regarding the discrimination against our drydock, and which received a wide publicity, the minister has brought the same matter up in the provincial parliament, and has followed the same line of argument. That has line of reasoning is the correct one will be agreed by the residents of this city. Mr. Pattullo did not mince matters and told the parliament what he thought of the manner in which Prince Rupert had been dealt with. British Columbia is at the present time complaining that she is not getting a square deal in the distribution of business arising out of the war. The eastern provinces are hogging it all. The position with regards to Prince Rupert and the southern portion of the province is exactly similar, only in this case, Prince Rupert has not got a single thing to show in the shape of added business, that there is any increased business in the country at all. In other words, Prince Rupert has been absolutely ignored in the matter of war contracts.

#### STRANDED GERMAN WARSHIP FLOATED

(Special to The Daily News.)  
DoLondon, April 15.—The German battleship "Rhineland" which was reported stranded near the Aland islands, has been refloated.

#### AMERICAN NAVAL COLLIER OVERDUE

(Special to The Daily News.)  
Washington, April 15.—The big American naval collier, Cyclops, carrying 57 passengers, 15 officers and 221 men in her crew, has been overdue at an Atlantic port since March 13th.

#### BRITISH AVIATORS BOMB STATION AT LUXEMBURG

London, April 13.—British aviators today dropped more than a ton of bombs on the railway station at Luxemburg. In reporting on activities on the battle-front Wednesday the official statement on aerial operations says that eight enemy airplanes were accounted for and that seven British machines are missing. The statement reads:

"The weather Wednesday was very unfavorable for flying but as it was possible to leave the ground our airplanes went out to reconnoiter the battlefield. Useful information was brought back as to the position of the enemy troops which were attacked by bombs and machine gun fire. Enemy low-flying machines also were active on this front. Three were shot down in our lines by infantry. Four were brought down by our airplanes and one was driven down out of control. Seven of ours are missing."

"At midday today we raided the Luxemburg station and over a ton of bombs were dropped. Several bursts were seen on and around the station. All our machines returned."

#### CANADIAN CASUALTIES

(Special to The Daily News.)  
Ottawa, April 15.—Weekend casualties in the Canadian forces total 755, and out of these 76 were killed in action, forty died of wounds, while 14 were missing. The remainder were wounded.

The oil tanker "Moffat" arrived in port last evening with a cargo for the Imperial Oil Company here.

#### SHIPBUILDING TURNED DOWN

Mr. Pattullo also told the House that the Dominion government had declined to accept an application for the construction of ten steel ships at this port, although the minister did not state the reason of the Dominion government's refusal. This order in all probability is the same which so much satisfaction has been expressed over in recent weeks. Everything was arranged except the O. K. of the Dominion government, but they pursuing their accustomed policy of frowning upon anything connected with this port, have declined to permit a single stroke of work to be done here—if they can help it. And the irony of the matter is that owing to circumstances over which the people of Prince Rupert had no control, they have no member in parliament to raise a word of protest.

#### GERMAN KIDDIES HAVE EXCUSE FOR HOLIDAY

(Special to The Daily News.)  
Amsterdam, April 15.—The school children of Berlin in the province of Brandenburg Sill will be given a holiday to celebrate "the victory of Armentieres."

#### GERMANS DON'T LIKE THEIR OWN MEDICINE

(Special to The Daily News.)  
Amsterdam, April 15.—A Karlsruhe despatch reports the passing by the chamber of the Grand Duchy of Baden there of a resolution requesting the Imperial German government to endeavor to secure a general agreement for the cessation of hostile air raids save inside the zone of military operations.

#### PARIS SHELLED BY NIGHT

(Special to The Daily News.)  
Paris, April 15.—Paris last night was subjected to its first nocturnal bombardment since the long range shelling began.

#### SENATOR STONE DIES

(Special to The Daily News.)  
Washington, April 13.—Senator Stone of Missouri, chairman of the Senate Foreign Relations Committee, died here today.

#### AT THE WESTHOLME

Wallace Reid is the star in the five-act photoplay to be screened at the Westholme Theatre this evening. "The Hostage" story is an unusual one, as it shows the attitude of rival people towards one another. The story has to do with the attitude of Lowlanders towards Mountaineers. Each accuse the other of barbarism, and it is only when in self defence they are compelled to unite against a common enemy that their attitude changes, as they come to know each other better. Then there is one of Mack Sennett's comedies. For comedy pure and simple, Mack Sennett's productions have made a reputation. He produces nothing but the best, and his clever players have made his studios famous all over the country. This is the first time that they have appeared here, and everyone will be delighted with them. This comedy is a feature in itself, and those who see this one will make a point of never missing another from the Mack Sennett studio.

#### HOW ONE CITY HAS HELPED TO INCREASE PRODUCTION

"A largely-attended meeting was held under the auspices of the Increased Production Committee in the auditorium of the Victoria High School. The speakers were M. S. Middleton, provincial horticulturist, and W. Downes, field entomologist under the Dominion Department of Agriculture. Alderman W. J. Sargent presided and with him on the platform were Mayor Todd and City Park Superintendent Thomas Purdy.

Mayor Todd stated that there was every reason to feel gratified with the success attending the movement for increased production. Seventy-five acres of vacant lots had been ploughed by city teams working under the supervision of the Production Committee. This, of course, was exclusive of any ploughing done independently by private individuals. Eight teams, or double the number engaged last year were being kept constantly employed in this work. If the present pace was maintained, double last year's results would be obtained, was the opinion of the Mayor. In the matter of lot cultivation Victoria ranked fifth in the Dominion in 1917. This year Victoria should lead the list. The passage of the lots conscription bill, read yesterday for the first time in the Legislature, would be a great boon to the movement. Should the Act pass the city was planning the cultivation on a co-operative basis of every vacant lot in Victoria."

The above is from the press report of the meeting of the citizens of Victoria who heard what the vacant lot cultivator could do during the month of April. And there is a whole lot, too. When the fact that seventy-five acres of city lots have been ploughed by Victoria's city teams begins to sink into the consciousness of the Prince Rupert City Council, they will perhaps sit up and rub their eyes. They will have to remember that the ordinary citizen has now got a whole hour more daylight in which to pursue the art of husbandry, and by the employment of that hour by many citizens, a whole lot of potatoes could be planted after that stump puller has been on the job.

Last week sufficient objection was raised to the using of the city's stump puller to have the proposal delayed, even although it was not going to cost the city one brass farthing. What will happen this week remains to be seen. If these advocates of municipal enterprise had put their ideas into practice, Prince Rupert would already have operations under way whereby the citizens would be able to purchase civic spuds this summer. If the city council could not swing a civic coal yard, a civic potato patch were well within their grasp. If Victoria can do it, so can Prince Rupert.

It is not too late even yet. Any one who likes can see the amount of ground utilized on the Provincial government block for growing potatoes last year, which saved the cost of twenty sacks of spuds. And the planting of them was not completed until the 2nd of May.

Prince Rupert wants an "Increased Production Committee." The materials are all at their hand. As the elected representatives of the community, it is up to the city council to do something. It is expected of them. It has already been proven that spuds can be grown successfully,

and in the city market exists all the machinery for the disposal of the crop. Besides pulling stumps for the citizen who so desires, it is up to the council to increase production on its own account.

#### FOCH DIRECTING ALL THE STRATEGY OF THE ALLIES

London, April 13.—The relationship between General Foch and the supreme war council at Versailles, Andrew Bonar Law told the House of Commons, was that the council was still working out plans and details and that General Foch, who had been chairman of the council, had of necessity been taken for other work. General Foch's position was exactly as already stated by the premier. He had been appointed with the full approval of the Allied governments and generals to direct the strategy of both armies.

Mr. Bonar Law said that did not mean the generalissimo was in a different position regarding the British army from which he was regarded to the French army. What had been achieved was that for the present General Foch was exercising the power of general-in-chief and he was directing the strategy of the fight. Mr. Bonar Law thought there was no man, either in or outside the house, who was not thankful that that was the situation. The result would be that there would be closer co-ordination than had been possible in the past.

#### AT THE POLICE COURT

Before Magistrate Carss in the police court this morning, Harry Kingston was fined \$15, and John Boline \$10 for being drunk. John Meki and Oliver Pelotium were fined \$2 each, being the costs of the court, for having a joke. During the raid which the police made on Saturday evening, the accused annexed two bottles of the liquor which had been seized. They did this when the constable's back was turned, thinking to slip one over. The chief saw them, however, and turned the joke back. A charge against the Prince Rupert pool room for supplying a drink to Charles Lang, who was fined last week, was dismissed. It was proven that the man was intoxicated before entering, and no harm was thought in giving him a soft drink. Warning was given that no drunks were to be permitted on the premises.

## THE COMING REVOLUTION

As an outcome of the present world upheaval, on all hands are to be heard discussions anent the revolution, which most people seem convinced is bound to come. According to the mental attitude of the different people, so is the future looked upon with dread, or gladness. As an expression of a very actual thing, possibly people have come to use the word "revolution" as a rather loose manner, according to each individual predilection. By confining revolution to mean "red ruin and the breaking up of laws" as it has already been defined, none will dispute its meaning in this sense. But there seems to be little reason for imagining that the condition of Russia at present will become popular in other countries, whose social progress has been more orderly. What is oftener meant by the revolution which is coming is the greater control of affairs by a higher educated proletariat.

The advent of a labor government does not necessarily mean revolution in the above defined sense, for if democracy be a reality, no government which is restricted to a class or to a limited number of classes can adequately represent the will of the people. While there is still a great deal of nonsense being talked about democracy, and in many instances there is an almost childish belief that parliament, as we have it, and even as it prevails in Great Britain, is really democratic, there is also a growing suspicion that the mass of the people have very little say, or share, in matters political, or even national. Our sense of honor will one day make us feel that we must do for our own country what we profess to be fighting to do for Serbia and Belgium. The importance of increased production during these times is being dinned into all ears, and this is being followed by the recognition that what is the more important still is a just distribution.

A true labor government will be one that recognizes this aim as being attainable. The unity

brought out by the war, and the stimulus given to the imaginative powers of the people by the seeing of what can be done when they will to do it, must be used for the furtherance of real social reform. The British Empire has said that it is fighting for the democratic ideal, but what the British peoples have to do is to digest what that ideal really is.

The ideal of what the State of the future is to really mean has got to be revised, and then the best men have to be got to work it, regardless of what "class" they come from. The best men for the jobs have got to be secured. Labor men must be used because they are some of the very best men in the country, not merely because they have worked with their hands. As one writer points out, "Nobody objects to Sir William Robertson because he was a ranker, nor to Lord Curzon on the score that he is a very superior person. On the other hand, it does not follow that the best person to put in the War Office is a soldier, or into the Education Office a professor, or into the Ministry of Munitions a laborer."

By getting the best men for the jobs of governing, a true aristocracy will be produced, which may end in producing a true democracy. The Labor government of the future has magnificent opportunities before it. The great changes now required are a more equitable distribution of wealth, the disappearance of idleness, and of useless luxury in all classes, and the closer association of employers and employed. Such reforms are attainable if there be understanding and goodwill on all sides. "Seek out wisdom," said the preacher, "but with all thy getting get understanding." With a real democratic government, it may be that remedies will be found for the patent evils from which the people have too long suffered. Revolution can only occur when the principles of democracy are flagrantly violated, as has happened in Russia, which is providing object lessons of

Showing at the Westholme tonight

menous import to all who have eyes to see. In all ages, revolutions have been made by small minorities, and the masses have been bribed or deceived into disorderly acquiescence. Wherever constitutional methods for the ascertaining of the will of the people exist, there can be no need and no justification for "the breaking up of laws," and the setting up of a murderous tyranny, which leads straight to national disaster.

## PROVINCE OF KAZAN BECOMES A REPUBLIC

London, April 12.—Kazan province, in Eastern European Russia, has been proclaimed an independent republic by the Congress of Peasants in that province, according to Reuter's Petrograd correspondent. The Council of People's Commissaries has been notified to this effect.

Kazan Province is in the Volga region, and its capital, Kazan, is situated on the Kazan-Ka River near the point of its confluence with the Volga, 430 miles east of Moscow. The population of more than 2,000,000 is over one-half Russian and more than one-third Tartar. Its area is 24,600 square miles.

## LAND REGISTRY ACT

(Sections 36 and 134.)  
Re Application Nos. 9831-1, 9832-1, 9834-1.  
TAKEN NOTICE that application has been made to register Frank W. Hart, of Prince Rupert, B. C., as owner in fee under four Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, and one Tax Sale Deed dated 22nd day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situated, lying and being in the City of Prince Rupert, more particularly known and described as Lots seven (7) and fifteen (15), Block twelve (12), Lot twelve (12), Block forty-eight (48), and Lots thirty-three (33) and thirty-four (34), Block fifty-one (51), all in Section Eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Prince Rupert Daily News), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:— "and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of indefeasible Title to the above-mentioned lands, in the name of Frank W. Hart,  
AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owners as stated below.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Frank W. Hart unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 15th day of February, A. D. 1918.

H. F. MACLEOD,  
District Registrar of Titles.  
To F. W. Clayson, Prince Rupert, B. C., assessed owner of Lots 33 and 34, Block 51; Charles Planitz, Edmonton, Alta., registered and assessed owner of Lot 12, Block 48, and sold for taxes on 14th day of September, 1915; V. Straube, 657 Powell St., Vancouver, B. C., assessed owner of Lots 7 and 15, Block 12.

## Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. Cave, 841 Eglery St., Victoria, B. C., writes:—

"Before using the 'J. B. L. Cascade' I suffered constantly from Constipation, had frequent bilious attacks and sick headaches. Since beginning your system of Internal Bathing with the 'J. B. L. Cascade' four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner."

By the proper application of nature's cure, warm water, by means of the 'J. B. L. Cascade' the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal Bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the 'J. B. L. Cascade', which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask Cyril H. Orme, druggist, cor. 3rd Ave. and 6th St., for Booklet, "Why Man of Today is Only 50 Per Cent. Efficient." He will also be pleased to show and explain the J. B. L. Cascade to you.

## DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

## AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. Be a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of money Fruit-a-tives Limited, Ottawa.

## NEW AERIAL WING IS ASKED FOR CANADA

Ottawa, April 11.—Representing various aero clubs and military institutions in Canada, a delegation waited upon a number of members of the war committee of the cabinet in Hon. N. W. Rowell's office today requesting that a wing consisting of five squadrons of 18 machines each be added to the Royal Flying Corps from Canada. The members of the government present were, in addition to Mr. Rowell, Major-General Mewburn, Hon. A. L. Sifton, and Hon. Hugh Guthrie. Col. W. Hamilton Merritt, of the Canadian aviation fund, who headed the deputation, said it was proposed that the Dominion government should present two of the squadrons, one to be composed of training machines for use at home, and the other of battle or scout planes to be sent to the front.

Mr. Rowell stated that consideration would be given to the matter by the government, although they had already been dealing with suggestions of this character.

Major-General Mewburn stated that it might be premature to consider formation of a Canadian branch of the service.

## ENEMY'S PLANS HAVE ALL BEEN UPSET

Washington, April 12.—The tenacity of the British and French armies has upset the ambitious plans of the German high command for the battle of Picardy, says the War Department's weekly military review, and now the enemy, determined to get in some sort of success at any cost, is throwing fresh troops into the battle in an effort to secure limited objectives. Because of this the situation is expected to remain uncertain for some time to come.

General improvement in the strategic position of the Allies is noted, and the review declares that under Gen. Foch the Allied military machine is working smoothly and efficiently in stemming the German assault.

There is no mention whatever of the American troops reported hurrying to the front to join the British and French, though the Department again mentions that several American transport sections have taken an active part in the battle and that the American aviation service is co-operating with the British artillery.

## COAL NOTICES

# "Staff" Quality

IT'S THE QUALITY OF "STAFF" BEVERAGES THAT RECOMMENDS IT TO PEOPLE WHO ARE APPRECIATIVE OF THE DISTINCTIVE FLAVOR IN EVERY BOTTLE OF THIS POPULAR BEVERAGE

*Applestaff*  
THE TRIPLE FIVE  
SPARKLING

NECTAR of Purest Apples, blended into a drink of rare deliciousness and flavor; clear as crystal, sparkling like champagne, sweet as orchards in full bloom, and fragrant with the mellowness of selected ripe fruit. Try a glass of Applestaff today; order a case for the home.

APPLESTAFF EVERYWHERE.

Richest brew of good cheer and health; essence of golden grains, rendered into a matchless beverage for young and old—snappy, invigorating, stimulating to body and nerves, Lifestaff is foamy, creamy, golden yellow, with a taste that says "Come again!" In popular priced bottles.

LIFESTAFF EVERYWHERE.

Good old fashioned Bock brew, more tasty and creamy than ever; rich and dark of color, foaming with spirit and life, Bockstaff is the "Hit of the Town" wherever it has been introduced. It is the pleasing, snappy drink you have been waiting for, with an after taste that makes you smack your lips with joy.

BOCKSTAFF EVERYWHERE.

We are pleased to announce that we have been named distributors of "staff" Beverages for Northern British Columbia, for the Hemrich's Staff Products Company, of Seattle. We are supplying Cafes, refreshment places, hotels, restaurants, grocers, and other dealers as rapidly as possible. Please Phone the undersigned if you can't get Applestaff, Lifestaff or Bockstaff; we will see that your order is promptly filled.

## Royal Standard Flour

The Ideal Bread-maker.

IN SOME Flours quality is relative—they are merely better or worse. In "Royal Standard" quality is POSITIVE—an exact measure, regardless of everything else. "ROYAL STANDARD" gives the bread-maker—the housewife—unlimited confidence at once—from the very beginning. It has proven itself absolutely dependable under all circumstances.

"ROYAL STANDARD" is milled today in keeping with the times in which we live—that means it is a peerless "conservation" Flour. The golden-ripe wheat that enters into its making is selected with exacting care and ground under perfect milling conditions.

### ROYAL STANDARD RYE FLOUR.

FOR the housewife who wishes to practice still closer conservation in her bread making the addition of 25 per cent. of "Royal Standard Rye Flour" will produce a delightfully wholesome loaf and correspondingly reduce the amount of other Flour used.

Ask for "Royal Standard" today.

### TROOP TRAIN SAVED BY GIRL

Toledo, Ohio, April 11.—Discovering a tie spiked across the Baltimore and Ohio tracks ten miles south of Toledo, near Perrysburg, last evening, Grace Doyle, twenty years old, a country school teacher at Roachtown, ran down the track, removed her coat and with it flagged a train approaching rapidly. It was a freight, followed closely by a heavy troop train.

Several troops trains had passed there within a few days and it is supposed that the person who spiked the tie to the track had information that another was approaching.

The train from the east due last evening was held up en route and did not arrive in until about 11 this morning.

Department of the Naval Service.

### TENDERS FOR SCHOONER "NADEN"

TENDERS addressed to the undersigned, and marked on the envelope "Tender for schooner 'Naden,'" will be received up to and including the Twentieth day of April, 1918, for Schooner "Naden," as she stands at New Westminster, B.C.

Dimensions and tonnage as follows:  
Length 80 ft. 0 in.  
Breadth 20 ft. 0 in.  
Depth 5 ft. 0 in.  
Gross tonnage 100.29  
Registered tonnage 88.35

Tenders must be accompanied by a certified cheque for 10 per cent of tender price, which will be returned to unsuccessful tenderers.

Successful tenderer will be required to complete payment before taking delivery of schooner.

The Department does not bind itself to accept the highest of any tender.

G. J. DESBARATS,  
Deputy Minister of the Naval Service.  
Unauthorized publication of this advertisement will not be paid for.

april 17.

### CITY OF PRINCE RUPERT

Notice is hereby given that a Court of Revision for the purpose of revising and correcting the Assessment Roll of the City of Prince Rupert, will be held in the Council Chamber, City Hall, City of Prince Rupert, on Friday the 26th day of April, A.D. 1918, commencing at 10.30 o'clock a.m.

All complaints or objections to said Assessment Roll must be made in writing, and delivered to the Assessor at least ten (10) days before the date of the first sitting of the said court, viz., the 26th day of April, A.D. 1918.

Dated at Prince Rupert, B.C. this 18th day of March A.D. 1918.

FRED PETERS,  
City Clerk.

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE.

TAKE NOTICE that I, E. H. Simpson, of Prince Rupert, B.C., mariner, intends to apply for permission to purchase the following described lands.

Commencing at a post planted at north-east corner of the Longfellow Mineral Claim, W. P. Northeast corner North 20; thence west 20 chains; thence north 20 chains; thence east 20 chains; thence south 20 chains more or less along shore line to point of commencement, containing 40 acres, more or less.

DATED 27th January, 1918.  
E. H. SIMPSON,  
By Chas. J. Benson, Agent.

### Certificate of Improvements

#### NOTICE

"LOUISE" Mineral Claim, situate in the Portland Canal Mining Division of Cassiar District. Where located—On American Creek, about 4 miles from its mouth.

TAKE NOTICE that I, Robert Stewart, Free Miner's Certificate No. 9530 "C", intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 25 must be commenced before the issue of such Certificate of Improvements.

Dated this 28th day of March, 1918.

### Local News Notes

Miss M. Christensen, of Franco Lake, is in town on a visit.

Miss H. N. M. Herman, of Haysport, is paying a visit to the city.

Mr. W. Goldbloom went up the line this morning on a fur buying expedition.

Wallpapers, all grades; 10c and upwards.—Siversides Bros, Second Street.

Mr. Jack McNeill of Telkwa, who has been spending the last few days in the city, left this morning for home.

Mr. J. H. Keefe, of Franco Lake, is among the visitors to Prince Rupert, arriving in the city by the train this morning.

The Chimera is in port this morning with 4,000 lbs. halibut; Reliance, 9,000; Nuba, 6,000, and the Siren with 8,500 lbs. Salmon. No sales were made up till noon.

Owing to a rearrangement of the service—by the Prince John, there will be no sailing to Masset and Port Clements on the 20th nor to the southern part of the Island on the 24th April.

Mr. George Clothier, provincial government mining engineer, has got back to the city after a trip into the Allin country. He says there is more snow up there this season than for many years, and he had it pretty cold while he was there.

The premises of the Dominion Express Co. on Second Avenue were entered by thieves between Saturday night and this morning, when some seven cases of liquor were stolen. Although there was other valuable property available, and cash in the till, nothing else but the liquor was touched. Four cases were emptied of their contents, and the remainder was removed bodily. Entry was gained through the back window on the lane.

The little daughter of Mr. and Mrs. Haines, of Fifth Avenue, died very suddenly last evening. Mr. Haines is chief clerk to Mr. McCall, general superintendent of the G. T. P. The little one, who was just going on five, is their only daughter, and her parents feel the blow very keenly. They left for the east this morning, where the burial will take place. The heartfelt sympathy of their many friends here will go out to Mr. and Mrs. Haines in their loss.

### MOVEMENT OF TROOPS FROM U. S. SPEEDED UP

Washington, April 13.—Transportation of American troops to France already is proceeding at the accelerated rate contemplated by the speeding up of measures taken after the battle of Picardy began. Acting Secretary Crowell made this statement, but, for military reasons, the extent of the increased troop movement has not been made public.

Following the conference between Secretary Baker and Allied officials orders were given under which a British official statement was issued, saying that American forces were to be brigaded with British troops in order to hasten American participation in the war. Officials explained that the process to be followed was similar to that adopted in placing American troops in the front lines with the French for training.

It has been estimated that thirty days' training of this character, with American battalion units assigned with the British organizations, will fit the newcomers for active duty at the front. All divisions now moved from this side are composed of men who have had several months of preliminary training and who need only final instructions to take their full share in the fighting.

The training process will be quicker with the British than with the French, it is believed, because the language difficulty does not exist. American units will find every British veteran an instructor and there will be no need for interpreters.

### EARL GREY BEQUEATHS PROPERTY IN RUPERT

London, April 13.—The late Earl Grey left nearly £260,000. The will bequeathed property in Prince Rupert and British Columbia to the present Earl and the late Earl's two daughters.

# Grow Your Own Vegetables

CITY people this year must help to grow their own food. Every pound of vegetables that can be produced in home gardens or vacant lots will be a positive addition to the supply of food. Moreover the cultivation of land in city, town and village will leave market gardeners and farmers free to grow wheat and other supplies for export.

It may be that the only contribution which you can make towards relieving the dire food needs of our Allies will be a vegetable garden. If 200,000 families in Canada would cultivate a garden of this kind it would mean a very important aggregate addition to our food supply.

In Montreal vegetables to the value of \$100,000 were grown on vacant lots last year. Calgary had over 1,100 lots under cultivation, covering an area of 200 acres. Splendid results were achieved in other cities.

There is even greater necessity for war gardens this year. Tremendous interest in the movement is reported from all parts of the Dominion. Are you a member of a vacant lot organization? If none exists in your community help to organize one.

Home garden and vacant lot cultivation is really needed and may truly be considered a patriotic service.

## Organized Efforts Will Bring Best Results

Decide here and now to have a war garden. Persuade your neighbours to do the same. All the tools necessary are a spade, rake and hoe. The cost of seeds is a trifle. Grow only standard vegetables such as potatoes, beans, peas, beets, carrots, parsnips, onions and lettuce.

By growing your own vegetables you can not only perform a patriotic duty, you can also help to control the high cost of living.

Write to your Provincial Department of Agriculture for pamphlets on gardening and any additional information.

CANADA FOOD BOARD

Chairman

## HARRY HANSON'S

PATENTED

## Fast Heating Hot Water Coil

Costs \$20.00 all connected up complete and guaranteed for one year.

Orders will be received at this price up to May 15—After that the price will go up. At the present price of material, ask your plumber for a price to make an ordinary coil, connect it up and guarantee it for one year, and then compare prices and judge for yourself.

As all heretofore existing agreements, between the other plumbers and myself have expired, I hereby revoke any permits to anyone to make and install same, excepting—

STEEN & LONGWILL during my absence—Will positively prosecute infringements.
