BRITISH TAKE UP NEW POSITIONS IN FLANDERS GERMANS TAKE BAILLEUL

FRESH GERMAN ATTACKS DEVELOPING—THREE NEW DIVISIONS OF PICKED GERMAN TROOPS SUCCEEDED IN CAPTURING HIGH GROUND—TOWN OF BAILLEUL REMAINS IN ENEMY HANDS

(Special to The Daily News)
London, April 17.—The Germans have captured Bailleul, on the northern battlefield, the war office announces. The British have fallen back to new positions north of Bailleul and Wulverghem.

Fresh German attacks are developing in the neighborhood of Wytchaete. A German attack southwest of Vieux Berquin was repulsed. The text reads: "Yesterday evening, preceded by an intense bombardment, the enemy launched very heavy attacks against our positions between Bailleul and Neuve Eglise. The assault was delivered by three picked German divisions which had not been previously engaged in carrying the high ground south east and east of Bailleul known as Mount de Lille and Bevetburg. Our troops on this front have been driven back to new positions to the north of Bailleul and Wulverghem. Bailleul has fallen into the enemy's hands."

This morning fresh German attacks are developing in the neighborhood of Wytchaete. Early this morning the enemy also attacked southwest of Vieux Berquin under heavy artillery and trench mortar fire, but was repulsed. A number of prisoners were taken by us during the night, in a successful minor enterprise south of Robecque. On the remainder of the British front there was nothing of special interest to report."

TELKWA COAL

The Omineca Herald says: "The Prince Rupert people are well pleased with the Telkwa coal and it sells as fast as it arrives. For a furnace or a heater it is much superior to the Island coal, but in the cooking range some of the housewives experienced some troubles as the Telkwa coal is a good deal harder than the Island coal and contains much less gas. Thus the local coal is a little slower to ignite. This is overcome by giving it a little more draft. The intensity and volume of heat and the lasting qualities are all in favor of the local coal. Its future in Prince Rupert is assured and it is just a question of supply. The Herald has learned that those interested in the syndicate are preparing to go ahead with their organization and to equip the property to increase the production."

COUNT CZERNIN GOES TO THE ITALIAN FRONT

(Special to The Daily News.)
London, April 17.—Emperor Charles and Count Czernin, the deposed Austrian foreign minister, had a sharp exchange of opinion on Sunday morning, says a despatch from Copenhagen. Later in the day it was announced that Count Czernin had accepted a post as commander of an Austrian brigade on the Italian front.

GERMAN PRESS HAS GREAT EXPECTATIONS

(Special to The Daily News.)
Amsterdam, April 17.—The Vossische Zeitung of Berlin, in an article full of mysterious allusions, says this spring will put Switzerland's neutrality under the severest test, as the Austro-German troops will probably encircle in the course of their operations the little republic.

CAPTAIN PEARSON

Mr. Sumner and Mr. Wm. Boulton will arrive by the Vancouver boat on Wednesday morning next, April 17th, and desire to address a bumper public meeting on the great work being undertaken by the Y. M. C. A. overseas amongst the soldiers.

A meeting has been arranged for to be held in the **EMPRESS THEATRE** at 8 p. m.

Captain Pearson will give an account of his two years' experience on the firing line with the Y. M. C. A., and, it is expected, will give further information to the public on the subject of the Red Triangle Fund. Mr. Boulton was here recently and supervised the organization of the local Military Y. M. C. A. Committee, of which his worship Mayor McClymont is the president.

Remember Wednesday, Empress Theatre, 8 p. m. **EVERYBODY WELCOME**

LLOYD GEORGE CABINET STANDS OR FALLS WITH IRISH HOME RULE BILL

(Special to The Daily News)
London, April 17.—George Nicol Barnes, Labor member of the British War Council, announced in the House of Commons this afternoon that the Imperial Government intended to introduce the Irish Home Rule Bill at once and would use every pressure to pass it. Mr. Barnes said further that the Lloyd George Government would resign if the House of Lords declined to pass the bill as it left the Commons.

FIRSTS ON FURLOUGH WANT TO REMAIN

Toronto, April 16.—Forty-one married men of the Original Firsts on a furlough which will expire on May 22 at Witley Camp, England, met here in Victoria Hall, and in a resolution set forth their claims to a permanent residence in Canada.

The resolution read: "Whereas we find that the married men have not yet been conscripted and that there is a large number of single men who are employed in both civil and military work who could well take our place in France, we therefore do place ourselves on record as being of the opinion that it would be only just to us to allow us to remain in Canada with our families and to permit us to take the places in Canada of those who should be transferred to either Britain or France. Furthermore we would ask permission to appear before a medical board before leaving Canada, if that be found necessary.

Of those present all but three had been in France since the early winter of 1915, and thirteen of the number were over forty years of age.

Had Earned Their Rest.

The chairman pointed out that when they were drawn up behind the lines in France for transportation to England, Colonel Brown, Chief of Staff of Lieut.-General Currie, had led them to believe that they would not be expected to return to France. Lieut.-Gen. Currie could not address the men, and Colonel Brown said that the men had earned their rest, but if they wished to return they were welcome.

GERMAN FLEET GETS READY TO COME OUT

Geneva, April 16.—Greatest activity begins at German naval bases, especially at Kiel. Coal and ammunition is being shipped to the fleet in large quantities, according to information received here this morning from a reliable source. German naval contingents with heavy guns were recently recalled from the western front to join the fleets, and were replaced by Austrian artillery manned by land forces. Indications are that a naval raid of great magnitude is about to be attempted.

The latest reports from Hazelton state that the snow has now entirely disappeared, and that the roads are fast drying up.

WILL GIVE BOUNTY ON OUTPUT OF IRON

Victoria, April 15.—What the Provincial Government purposes doing to assist in the establishment of an iron and steel manufacturing industry in British Columbia, Dominion aid for which will shortly be sought by a delegation from the Province which will go to Ottawa for the purpose, was outlined in the Iron Bounties Act introduced in the Legislature last week by the Hon. William Sloan, Minister of Mines.

The bill permits the Lieutenant Governor-in-Council to enter into agreements with persons and corporations and make payments out of Consolidated Revenue Fund in respect of bounties on pig iron when manufactured in the Province. A bounty not to exceed three dollars per short ton will be paid for pig iron manufactured from ore or on the proportion produced from ore mined in the Province. On pig iron manufactured from ore, on the proportion produced from ore mined outside the Province, the bounty will be one dollar and fifty cents per ton.

The committee presented several recommendations to the executive council. Besides a bounty the committee urged that provision be made whereby iron-bearing properties held by persons who are not developing the same might be thrown open for investigation and development if they proved of sufficient value. This power will probably be provided in an amendment to the Mineral Survey Act to be brought down by the minister. The question of some relief from taxation will also be considered, it is said, not necessarily an exemption, from taxation on such a plant, but some arrangement whereby the burden of taxation may be lightened while the plant is getting upon its feet.

THE TROUBLE IN EASTERN SIBERIA

Harbin, April 15.—Refugees reaching here from Blagovieshtchensk give details of recent disorders in that city. The trouble arose as a result of an attempt by the Bolsheviks to disarm the Japanese who had armed for self-defence. During the first day of the trouble General Koshevinkoff, commanding a few Cossacks, aided the Japanese and repulsed the Bolsheviks, but the latter, reinforced by Red Guards, overcame the defenders of the city. Several buildings were looted and burned, including the leading stores, after which the others were sealed and proclaimed community property.

Armed farmers, hearing of the situation, came into the city and forced the Red Guards to yield. A second orgy of pillage ensued. General Koshevinkoff lost 100 killed, including eight Japanese and two Chinese. Between 200 and 300 non-combatants are reported to have been slain. The refugees secured 8,000,000 roubles of the Imperial Bank funds, which they are bringing to Harbin.

SOME POTLACH!

Ootsa Lake Kelly has just got through a thirteen-day potlach. It proved to be one of the greatest gormandizing jags that this country has seen. The guests managed to dispose of one steer, several young pigs, with roast chicken on the side. All the natives in the country were there. Mr. Kelly was eventually forced to advise his guests to heat a retreat, unless they would content themselves with eating suckers out of the lake, as he had nothing left in the house to offer them. Even the paper off the walls was gone.—Omineca Miner.

OTTAWA DISCUSSES AMENDMENTS TO THE MILITARY SERVICE ACT

(Special to The Daily News)
Ottawa, April 17.—The caucus occupied the attention of the members of Commons and Senate this morning. Both Unionist and opposition forces gathered at 11 o'clock and considered the situation for a couple of hours. The Government caucus had under review the Government's proposed amendments to the Military Service Act and the discussion at the Liberal gathering also had a bearing on this important matter. It is stated that the proposed

amendments include a division of the first class into a number of classes, which would be called out in their turn, the first call being for men who have been granted exemption with only absolutely necessary exceptions, between the ages of 20 and 24 years. The registration of youths of 19 years and over is also proposed in view of the possibility of necessity for their being called out. In this connection it would be recalled that the military service bill as originally drafted includes all youths over 18.

AEROPLANE FACTORIES DESTROYED BY FIRE

(Special to The Daily News)
Geneva, April 17.—Enormous loss was caused by fire which broke out Saturday in the Zeppelin works at Menzell, near Friederichshaven, and destroyed the plants which had been transformed for the manufacture of airplanes of the Gotha type, according to reliable reports from Rorsbach on Lake Constance.

TEN GERMAN TRAWLERS SUNK BY THE BRITISH

(Special to The Daily News)
London, April 17.—Ten German trawlers have been sunk by gunfire in the Cattegat (between Sweden and Denmark), the Admiralty announces. Their crews were saved by British ships.

TO FREE OPPRESSED FROM AUSTRIAN YOKE

Rome, April 16.—What four years ago seemed impossible became today under pressure of events, an accomplished fact. Delegates of all the nationalities oppressed by Austria, viz., Bohemians, Slavs, Yugoslavs, Roumanians, Italians, Poles, etc., met in the capitol under the presidency of former Minister and Senator Ruffini, with prominent Italian and French politicians, such as former Ministers Martini and Barzilai and N. M. Franklin Bouillin and Albert Thomas. The meeting agreed on measures, the nature of which was not disclosed, to free the oppressed nationalities from Austrian yoke.

It is difficult to explain the capital importance of this meeting, which is understood here among persons who for years saw with deepest regret all these nationalities at daggers drawn. The Poles joined the movement with great enthusiasm, but had a special declaration approved by the meeting, saying that their problems concerned Germany in even greater measure than Austria. They will, however, fight Austria, which they consider to be Germany's tool.

WEDDING BELLS

On Tuesday evening, in St. Peter's Church, Hazelton, the marriage took place of two long-time residents of this locality, in the persons of George Theodore Johnson, rancher, and Miss Mary Helena Sealy, sister of J. C. K. Sealy, of this town.

The groom, who is well known hereabouts, is a progressive farmer, and has been in this district a number of years, while the bride, who is equally well known, has lived in this town for several years. Rev. Jno. Field performed the ceremony. The happy couple left Wednesday for the groom's ranch down-river.—The Omineca Miner.

AUSTRIAN OFFENSIVE AGAINST ITALY SOON

(Special to The Daily News.)
Washington, April 17.—An Austrian offensive against Italy is imminent and will be started on a large scale, is the opinion of Italian observers as expressed in official dispatches today to the Italian embassy here. The recent visit of Emperor Charles to the Austrian front and inspired articles in the Austrian and German press, the usual forerunners of an offensive, are taken as indications.

JAPANESE DEMANDS TO GOVERN CHINA

Pekin, April 16.—It is reported in semi-official circles that Japan has proposed to send 200,000 troops to China to co-operate with 200,000 Chinese troops, offered by the Japanese, to restore order throughout China and protect the borders. The alternative is that Japan will dispatch troops to Shang Tung and Fukien provinces for the protection of Japanese interests.

It is said also that Japan has submitted a new series of demands to China, including complete control of China's finances; that fifty per cent. of ammunition purchases be made in Japan; the operation of iron mines and dockyards under Japanese control, and the recognition of special Japanese interests in Mongolia, the same as in Manchuria.

"THE MAN OF YPRES"

General Foch, "the Man of Ypres," has an immense responsibility on his shoulders at the present time and by a strange coincidence whatever he decides upon in the Ypres sector seems destined to play an important part in the fortunes of the battle now raging. When at the Ecole de Guerre General Foch used to be fond of quoting Joseph de Maistre's remark "A battle lost is a battle which one believes to have lost, for battles are not lost materially." To this he added, "Battles are therefore lost morally, and it is therefore morally they are won." This aphorism has been extended to mean, "A battle won is a battle in which one will not admit oneself defeated." Throughout this war, first in Lorraine, later in the centre during the battle of the Marne, then at Ypres, and later still during the Allied offensive on the Somme he has shown by his rapidity of decision that he is a man of action. Within a few days he has realized the grave seriousness of the menace to the Channel ports through the German advance across the Lys plain and he has dispatched a mobile French army to the assistance of the British army. Where that army will come into action, and what strategy will be pursued, may well mean the turning point in the present battle.

There is no battleground General Foch knows better than that, the retention of which preserves the last strip of free Belgium and protects Calais and the English Channel. He is a mathematician and will realize the time when the German assaults show failing power and when the period of exhaustion has been reached. But it is not so much this problem with which he will have to cope for the moment,

for the salient being driven in on both sides of the Lys is endangering the British occupation of the Messines-Wyschaete Ridge and farther south is jeopardizing the position of the Canadians before Lens. He will have to decide if the line at both these points will have to be withdrawn, if he will attack either flank of the new German salient or if he will meet and defeat the onslaught at its spearhead.

General Foch's ideas of war are based on freedom of action which it would seem he has the opportunity of exercising in the aid he is now preparing to give the sorely pressed British. It is said he resolves the whole art of war into three fundamentals, namely, preparation, the formation of a mass and the multiplication of this mass in use. To meet and defeat an attack such as the Germans are at present conducting will require obstancy, a characteristic with which General Foch is liberally endowed. Sir Douglas Haig in his order to the army says it is the troops who hold out the longest who will win. In this battle it is, therefore, the last half hour that will count. It will be recalled that during the opening stages of the great offensive there was a desperate period when the British army was in danger of defeat, but the courage, fighting abilities and the aid given by the French restored the situation. It may well be another such crisis is being passed through at present. Such would seem to be the case by the tenor of the order issued by Sir Douglas Haig. For the second time in this battle the French are "moving rapidly and in great force" to assist their Allied comrades in arms. The climax of the second phase of the German offensive is approaching.—Colonist.

BRITAIN INCREASES MUNITIONS OUTPUT

London, April 15.—Dr. Keila-way, Parliamentary Secretary of the Ministry of Munitions, in a speech at Bedford outlined the increase in the production of munitions. In the first two months of 1918 as compared with 1917, it was as follows:

Light guns, 30 per cent; medium guns, 57 per cent; heavy guns, 38 per cent; machine guns, 96 per cent; shells, 83 per cent; tanks, 39 per cent; airplanes, 223 per cent, and aero engines 245 per cent.

The average weekly production of airplanes in 1918 equalled the average production for two months in 1915, while one week's production of machine guns equalled five months in 1915.

Simultaneously men were steadily being released for the army. Over 100,000 had been released during the year 1917. The army was as well equipped today as when the German offensive began. All the guns lost had been replaced, and we were actually stronger in machine guns than at the beginning of the battle. In the air we are as strong if not stronger. The lost tanks were being replaced by a superior model, and the ammunition had been more than made good.

LAND REGISTRY ACT
(Sections 36 and 134.)

Re Application Nos. 9831-1, 9832-1, 9834-1.
TAKE NOTICE that application has been made to register Frank W. Hart, of Prince Rupert, B. C., as owner in fee under four Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, and one Tax Sale Deed dated 22nd day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lots seven (7) and fifteen (15), Block twelve (12), Lot twelve (12), Block forty-eight (48), and Lots thirty-three (33) and thirty-four (34), Block fifty-one (51), all in Section Eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Prince Rupert Daily News), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument and all persons claiming any interest in the same by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Frank W. Hart,
AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owners as stated below.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Frank W. Hart unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 15th day of February, A. D. 1918.

H. F. MACLEOD,
District Registrar of Titles.
To F. W. Clayton, Prince Rupert, B. C., assessed owner of Lots 33 and 34, Block 51; Charles Plantz, Edmonton, Alta., registered and assessed owner of Lot 12, Block 48, and sold for taxes on 14th day of September, 1915; V. Straube, 557 Powell St., Vancouver, B. C., assessed owner of Lots 7 and 15, Block 12.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. Cave, 841 Ellery St., Victoria, B. C., writes:—

"Before using the 'J. B. L. Cascade' I suffered constantly from Constipation, had frequent bilious attacks and sick headaches. Since beginning your system of Internal Bathing with the 'J. B. L. Cascade' four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner."

By the proper application of nature's cure, warm water, by means of the "J. B. L. Cascade" the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal Bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the "J. B. L. Cascade," which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask Cyril H. Orme, druggist, cor. 3rd Ave. and 6th St., for Booklet, "Why Man of Today is Only 50 Per Cent. Efficient." He will also be pleased to show and explain the J. B. L. Cascade to you.

The sale of home-cooking last week realized the sum of \$86.85. The demand for home-cooked food still exceeds by far the supply available. The sale this week will be under the charge of Mrs. Shrubbsall and Mrs. J. E. Simpson.

The givers of the articles raffled last week are as follows:—Mrs. Tyre gave a bag, which was won by Mrs. H. McCall; Mr. Broderick, a five dollar gold piece, won by Mrs. Dawson; Mrs. Gillies, doilies won by Major Cawley; Fritz Schultz, box of cigars, won by H. Smith; Mrs. McLeod, plant, won by Mrs. A. Haines; Stewart and Mobley, box cigars, won by H. S. McLeod; Mrs. Lenon, Saskatoon, gold necklace, won by Mrs. Mortimer; Mrs. Barnsley, gramophone records, won by Mr. J. H. Pillsbury.

In view of the demand for all kinds of help for our brave allies, the ladies in charge of the Tuesday Sewing Club would like to see a better attendance at their weekly meetings in the basement of the Baptist Church.

The Society acknowledges with thanks \$7.52 from O. J. Butters, through the Union Bank; also \$64 from the Alice Arm Branch.

The Kittimaat Knitting Club have sent in thirty-five pairs of hand-knitted socks and Alice Arm six pairs, which are acknowledged with thanks.

One of the largest red spring salmon ever landed at this port has been handed over by Mr. H. C. Nunan to Mr. W. Shrubbsall for smoking. This large fish, along with a large black cod, will be raffled on Friday at the sale of home-cooking.

YUKON THAWING

Dawson, Y. T., April 16.—The Yukon winter trails are going to pieces rapidly after the most severe winter in history. The snows are beginning to melt. The Yukon probably will open at Dawson the first or second week in May. The deepest snow on record now covers the trails, making travel extremely difficult and dangerous.

AT THE WESTHOLME
"The Sunset Trail" which is to be displayed at the Westholme Theatre this evening, is something new in the annals of picture plays. In it Vivian Martin, the personification of daintiness, is the star actress. Wherever she appears, and no matter how often crowds flock to see this charming little lady. In addition to being a famous motion picture star, she is also one of the most practical of women. It is not often that genius is practical. Most artists are of the happy-go-lucky sort who hardly know what they eat, and live with their heads mostly over the clouds. But Vivian Martin is a notable exception among the others. As a cook she excels, and her recipes have made her famous in quite another line from her professional acting. In this picture tonight, she is seen at her best, and "The Sunset Trail" makes one wish to join in her adventures.
There is also a gazette and a fine comedy, which makes the programme a splendid one.

Grow Your Own Vegetables

CITY people this year must help to grow their own food. Every pound of vegetables that can be produced in home gardens or vacant lots will be a positive addition to the supply of food. Moreover the cultivation of land in city, town and village will leave market gardeners and farmers free to grow wheat and other supplies for export.

It may be that the only contribution which you can make towards relieving the dire food needs of our Allies will be a vegetable garden. If 200,000 families in Canada would cultivate a garden of this kind it would mean a very important aggregate addition to our food supply.

In Montreal vegetables to the value of \$100,000 were grown on vacant lots last year. Calgary had over 1,100 lots under cultivation, covering an area of 200 acres. Splendid results were achieved in other cities.

There is even greater necessity for war gardens this year. Tremendous interest in the movement is reported from all parts of the Dominion. Are you a member of a vacant lot organization? If none exists in your community help to organize one.

Home garden and vacant lot cultivation is really needed and may truly be considered a patriotic service.

Organized Efforts Will Bring Best Results

Decide here and now to have a war garden. Persuade your neighbours to do the same. All the tools necessary are a spade, rake and hoe. The cost of seeds is a trifle. Grow only standard vegetables such as potatoes, beans, peas, beets, carrots, parsnips, onions and lettuce.

By growing your own vegetables you can not only perform a patriotic duty, you can also help to control the high cost of living.
Write to your Provincial Department of Agriculture for pamphlets on gardening and any additional information.

Royal Standard Flour
The Ideal Bread-maker.
IN SOME flours quality is relative—they are merely better or worse. In "Royal Standard" quality is POSITIVE—an exact measure, regardless of everything else.
"ROYAL STANDARD" gives the bread-maker—the housewife—unlimited confidence at once—from the very beginning. It has proven itself absolutely dependable under all circumstances.
"ROYAL STANDARD" is milled today in keeping with the times in which we live—that means it is a peerless "conservation" Flour. The golden-ripe wheat that enters into its making is selected with exacting care and ground under perfect milling conditions.
ROYAL STANDARD RYE FLOUR.
FOR the housewife who wishes to practice still closer conservation in her bread making the addition of 25 per cent of "Royal Standard Rye Flour" will produce a delightfully wholesome loaf and correspondingly reduce the amount of other Flour used.
Ask for "Royal Standard" today.
