Sensational Flight Across Atlantic Ocean Described; Mattern-Griffin Off Again

BERLIN, July 6:—James Mattern and Bennett Griffin, American aviators, who are trying to lower the record made last July by Wiley Post and Harold Gatty for a flight around the world, took off again for Moscow this evening a few hours after their arrival from Harbor Grace, Newfoundland.

"Tired?" remarked Mattern after the amazingly fast flight across the Atlantic Ocean. "Not a bit. We've got double controls and we stood regular watches. It was ten hours on the dot after we left Harbor Grace that we sighted land. We kept on and I guess that was Ireland.

"We'd have got here hours sooner but we missed the town and veered off to the north.

"For all we saw, there might not have been any ocean at all. We were flying blind in fog and, believe it or not, our altitude ranged from six inches to ten thousand feet."

Governor Roosevelt was accorded a tumultuous and dramatic demonstration as he took the platform to address the delegates. STRIKE UNECONOMIC

Today there is a strike on the Skeena River, the fishermen refusing to fish because they are not satisfied with the price offered by the cannery.

It may be said with a show of reason that the cannery do not have to pay any more than they wish for the fish and that the fishermen do not have to catch sockeye unless they want to do so. This is a free country.

But there is another angle to the situation. The cannery hold licenses from the government which gives them certain privileges and the men also are not allowed to fish without securing licenses for the privilege. Also the men will be asking for government relief if they do not fish.

If the fish are not caught the country is that much the poorer. People who want the fish for food fail to receive it, all because the two parties to production fail to agree.

What seems to be needed is legislation and machinery which will force the cannery to lay all their cards on the table and show exactly why they cannot pay more than twenty-seven and a half cents and also force the fishermen to show why they cannot fish for less than the sum they are asking. Then a board of arbitration should set the price and this should be final and compulsory of acceptance by both parties, on pain of losing the licence to can or to fish as the case may be. Fishing should proceed and the arbitrators could set the price as soon as their inquiry was completed.

At present there is no such machinery and the result is that a valuable industry, one that promised much to the district this year, is ruined for the season and the whole province suffers, especially the Prince Rupert district.

The Letter Box

WHICH MILK?

Editor, Daily News:-

Regarding the request for fresh milk for the children of the unemployed, may I ask if this is propaganda of the Prince Rupert Dairy-men's Association? If it is, well and good, because I believe we should support home industry but, if the request is made in seriousness and for the reason stated, then it is a joke and utter nonsense. There are far too many ruddy-faced healthy specimens of youth and beauty who have been born in this city and brought up exclusively on the canned varieties of milk to allow sensible people to believe that fresh milk is necessary for infants.

It is a matter of taste. Those who have been fed the canned variety from birth prefer that kind. Those who have had fresh milk prefer that but they will both produce the finest foundations for the best physical specimens of mankind.

LEGION IS VICTORIOUS

Piled Up Score of Seven to Nil Over Home Oil Last Night in Stuart Benefit Shield Soccer Match

Canadian Legion outclassed the Home Oil to win last evening's Stuart Benefit Shield football game by a score of seven to nil. Play was not up to standard although the first half was fairly even after which the Canadian Legion was able to score almost at will.

Despite the adverse score, Home Oil played a courageous game and tried hard, being one man short throughout the match. The team is signing on some new players and, following a meeting to be held Friday night, it is expected its line-up will be considerably strengthened.

Pierce played a good game in goal last night for Home Oil.

The Canadian Legion had little opposition and it was a difficult matter to name outstanding players. It was a field day for Horne who scored five goals. Bussanich and Dido Gurvich accounted for the other two Legion goals.

Score at half time was three to nil. There was a humorous incident during the last minute of play in the first half. Pierce, Home Oil goalie, fisted the ball out and Doug Stalker, apparently thinking he was playing basketball, picked up the sphere and threw it further out. A penalty was awarded. Horne scoring for the Legion.

J. A. Johnstone was referee and J. N. Kelly and Charles Barker acted as linesmen.

A good-sized crowd of fans was in attendance.

The Stuart Benefit Shield standing to date is as follows:

Table with 2 columns: Team, Score. Canadian Legion 2 0 0 9 1 4, Regiment 1 0 1 3 3 2, Merchants 0 0 1 1 2 0, Home Oil 0 0 1 0 7 0

BASEBALL TONIGHT - 6:45

SPORT CHAT

Some novel entertainment is promised for baseball fans on Sunday next when a game has been arranged between a team picked from the Intermediate League and one composed of the executive of the Prince Rupert Baseball Association. The executive team will be composed of Benny Windle, Stan Moran, Joe Scott, Harry Kennedy, Ald. G. Rudderham, Jimmy Farquhar, Ald. S. D. Macdonald, Mayor C. H. Orme and J. Campbell, while Jimmy Cicconne will be a spare. It had been intended to start Moran in the box in Sunday's encounter but following his disappointing showing in Monday's game against Elks it is not known who will do the chukking.

Earl Batt has charge of the intermediate team but he has so many good ball players to choose from that he is in a dilemma as to who should play. However, it is suggested that some of his boys are not very anxious to be placed on the line-up for fear of the drubbing which the executive players are promising them.

DESCRIBED CONVENTION

Impression Received Was That People Looking to Britain to Lead Back to Prosperity

The outstanding impression gained by George Munro at the Rotary International Convention in Seattle recently was that the whole world was looking to the British Empire to lead it back to a more prosperous condition. Another impression was that people were looking to see the Pacific Ocean gradually take the lead from the Atlantic in commerce.

Mr. Munro, who is the retiring president of the Prince Rupert Rotary Club, was the official representative at the big world convention at which six thousand delegates were present from all countries. The address of the retiring president, Sydney Pascall, who is an Englishman, showed how Rotary was carrying friendship around the world. It was as he said "The richest food in God's Garden." The Seattle people entertained in a wonderful manner. The Rotarians of that city were aided by all the other service clubs, each one taking part in the reception. Cars were given free all the time to the visitors, there being a full supply all the time from the opening day to the close. In regard to the aims of the organization that were emphasized by the convention speakers, it was clear that community service and international good will still held first place but an innovation was a movement to stamp out illiteracy.

MARCH HAS DUAL ROLE

Popular Star Has Much More Pleasant Part in "Strangers in Love" Than in "Dr. Jekyll and Mr. Hyde"

His amazing facility for dual characterizations, which made the talking version of "Dr. Jekyll and Mr. Hyde" one of the most thrilling of recent screen releases, again stands Frederic March in good stead in his latest picture "Strangers in Love" which is showing at the Capitol Theatre the middle of this week.

March, as himself and a twin brother, is more genteel in this picture than in the spine-chiller and takes a much more pleasing and romantic part. The story relates in fast-moving and thrilling manner the regeneration of a "black sheep" who gives up tramping over the world to come home and claim his rightful inheritance and, incidentally, a no mean share of romance. The charming Kay Francis has the leading feminine role in this picture while Stuart Erwin gives another of his enjoyable comedy portrayals. Elaborate settings for the picture were found in New York and on fashionable Long Island estates.
