GERMANS SUFFER FRIGHTFULLY IN THE AIR

OVER THREE HUNDRED ENEMY AEROPLANES ARE BROUGHT DOWN BY BRITISH

THE BRITISH AND FRENCH READY FOR ANOTHER DRIVE

THE SITUATION IS FRANKLY SATISFACTORY TO THE HEADS OF GALLANT TROOPS—LUDENDORFF EXPECTED TO MAKE ANOTHER SMASH SOON—THE ALLIES ARE READY

(Special to The Daily News)

Paris, June 7.—The battle situation is frankly satisfactory. The enemy temporarily is not likely to make attacks all along the front between Rheims and the Oise. Local attempts indicate that the Germans have renounced for the moment their intention to win a decision on the battlefield which was picked out by their commanders on May 27th.

However the newspapers believe that the German offensive is ended. Parisian newspapers think that General Ludendorff is preparing a blow which he expects will have prodigious results. "During the day," said last night's report, "the enemy at different points renewed his efforts to advance, but everywhere was repulsed with heavy losses. An attempt to cross the river Oise near Montalagacho completely failed."

Small Engagements.
North of the Aisne our counter attacks regained some ground near Vinre. We captured more than one hundred and fifty prisoners and some machine guns.

In the region of Longpont the Germans who had succeeded in making some progress around Chavigny farm were driven out, leaving fifty prisoners. Everywhere else our positions were maintained.

BOTH HEADQUARTERS REPORT CONFIDENCE

With the French Armies, June 7.—The enemy now finds his way barred by the line which he cannot break without heavy artillery which he has not the time to bring up. Within the last few days the present battle between the Aisne and the Marne must be expected to reopen with greater violence than ever, but the odds will be in favor of the Allies, as the surprise phase of the conflict is past.

London, June 7.—An attempted raid to the south of Molancourt was last night repulsed with great loss. Field Marshal Haig reported today: "In the neighborhood of Boyelles a hostile party rushed one of our positions yesterday afternoon. Two of our men are missing. Attempted raids by the enemy were repulsed last night to the north of Lens and north of Bethune and east of Neippe forest. Casualties were inflicted on the enemy."

Local fighting in hostile attacks were repulsed by the French troops, which took place last night in the neighborhood of Loere and in the Kemmel sector, says the British official bulletin issued this evening.

French Council in Session.
Paris, June 7.—Members of the French war council assembled today at the Palace of the Elysee. President Poincaré presided at the conference.

AMERICANS ARE RAIDING THE ENEMY'S LINES

Prisoners are Taken, Positions Consolidated and Marines are Still Busy.

(Special to The Daily News.)

With the American Army in Picardy, June 7.—American Marines attacked the Germans at dawn this morning and gained three and a half kilometres over a front of four kilometres and captured over 1,000 prisoners in the Chateau sector. The French attacked at the same time on the left and took one hundred and sixty prisoners.

The Americans now hold all the important ground to the northwest of Chateau Thierry. The marines again attacked at five o'clock this afternoon and the battle is still raging.

BOYS ASSIST GREATLY ON PRAIRIE FARMS

Soldiers of the soil throughout the Dominion of Canada are fully organized for their share in the campaign for increased production this year. More than 25,000 boys between the ages of 15 and 19 years have been enrolled and in the province of Alberta, several hundred have been taken out on the farms to help with the seeding. In the harvest time it is expected practically all of the lads who have signified their willingness to help in this movement will be used on the land by the farmers.

Training these boys for farm work will mean a great deal in years to come. However serious the labor shortage is this year, it will be more acute next, and during the difficult years ahead this Soldiers of the Soil movement will mean a great deal to Canada when the native sons are trained for work on the land.

BERLIN CLAIMS GOOD SUCCESS IN OFFENSIVE

Prisoners, Guns and Material Gathered in by Enemy in Last Effort.

(Special to The Daily News)

Berlin, June 7.—Since the date of the present offensive we have been successful in gathering in over 55,000 prisoners. Among them more than 1,500 officers have been taken and that in addition to the great amount of war material, which amounts to more than 656 guns and more than 2,000 machine guns have also been captured.

The situation on the battle front is unchanged says the official communication issued today. The statement speaks only of artillery activity and local engagements. The only gains that are claimed are in the region of Soissons, consisting of earthworks and trenches.

ANTI-JEWISH RIOTS IN A GALICIAN TOWN

Stockholm, June 6.—Pogroms have taken place at Vielicza, Galizia, and many Jews have been wounded seriously, according to a report received by the Jewish Press Bureau here. Shops were plundered and windows smashed, the damage to property exceeding 1,000,000 kroner. The local police made no effort to protect the Jews and military assistance was summoned from Cracow.

G. T. P. WAR GARDENS

It is hard to believe that a potato patch immediately adjacent to a railroad track has advantages superior to pastoral quietude for the growing of the succulent tuber—yet the Grand Trunk Pacific people in an official bulletin insist that this is so, and urge employees along the company's lines to start war gardens upon the railroad's available lands wherever possible. Permission is given for the cultivating of right-of-way patches by railroad employees wherever a spud or an onion can be induced to grow.

Naturally the question of why track-side spud patches are superior to city lot or acre field is asked—and the Grand Trunk bulletin to employees in answering this question falls briefly and without comment upon science, declaring that "the vibrations of passing trains give the roots of the tuber greater penetration."

AT THE WESTHOLME THEATRE

The wholly entertaining story of Charles Wendel, "The Corner Grocer," of the orphan girl he adopts, who grows up to love his snobbish son; of the financial disaster which his son brings him, and of the young man's final redemption, is told in "The Corner Grocer," the new World-Picture Brady-Made, which will be shown at the Westholme this evening. Lew Fields, the master of comedy and characterization, appears in the role of Wendel. Charming little Madge Evans is seen as the little orphan girl, and a very superior company of film favorites assists in the rendition of the other roles. "The Corner Grocer" is the film version of the famous stage success which ran over 900 nights in New York City and the motion picture is even more gripping, heart-warming and interesting than the stage drama.

BATTLES IN CLOUDS GIVE THE BRITISH VICTORIES

TERRIBLE TOLL TAKEN OF GERMAN BIRD MEN WHO SEEK TO ASSIST WEARY LAND FORCES—DESPAIR EVIDENT AMONG CAPTURED AVIATORS OF THE ENEMY

(Special to The Daily News)

With the British Forces in the Field, June 7.—Just as events are shaping themselves for the final crash which must inevitably decide the fate of the world, the aerial offensive is daily waxing fiercer.

The mutual struggle for the mastery of the air since the war began, a stupendous battle miles above the earth has scarcely ceased by day or night.

Plucky Boys.
British airmen brought down a total of three hundred and thirty-six Germans in less than three weeks up to June 2nd, of which number two hundred and eighty-three were totally destroyed. In many cases the enemy planes were seen spinning from the sky toward the ground like rockets. Crushed and burned, until only black smudges were left, sometimes pilots and observers, in their agony were seen to leap from their flaming planes in mid-air.

THE GERMANS ARE NUMERICALLY SUPERIOR

Paris, June 6.—The German losses grow more serious daily, but they are still numerically superior on the whole front and may be able to embark upon a new offensive in some other sector, perhaps Mont Didier-Noyon. The French command is therefore wisely biding its time before putting forth all its efforts.

WOMEN START WORK IN G. T. R. CAR SHOPS

London, Ont., June 6.—Seven women commenced work this week in the Grand Trunk car shops. This is the first time women have been accepted for this employment. Only the lighter tasks will be given them, but their pay will rank with that of the men. If the women employed at present, make good, other women will likely be taken on.

TERRITORY RUSSIA IS TO CEDE

Moscow, June 5.—The section of the Mourmansk coast which Russia is preparing to cede to Finland is small, stretching from the town of Kirvatunuri north to the Arctic ocean and east to the rivers Pechenga and Tutovka. The greatest width is about 45 miles. The port on the Baltic which the treaty gives to Finland is about 70 miles from Kola, which is the only ice free port Russia possesses.

WORK FOR WAR VETERANS

London, June 6.—Discussing the problem of demobilization after the war, the Minister of Labor, George H. Roberts, said in a speech today at Smethwick that 400,000 discharged soldiers had been provided for already. Of these, 60 per cent have returned to their old employers.

MET A SUBMARINE

An Atlantic Port, June 6.—The Mallory liner Sabie, from Tampa to New York, with forty passengers, came in here today and reported she met a submarine yesterday between Charleston and Frytag Pan Shoals lightship. Another vessel came to the rescue of the liner and chased the submarine out to sea.

97-piece dinner sets; fancy china, cups and saucers at 20 per cent reduction, for next ten days at Tite's. 133

During the same period five hundred and twenty-six tons of high explosives were dropped behind the enemy lines. Zeebrugge Mole, Bruges docks, and railway stations were repeatedly attacked. Day by day the crossing of our lines becomes a stiffer task. Among the clouds as on the fields of France, Germany is now making her final bid.

WILSON OPPOSES FURTHER PROHIBITION

Washington, June 6.—President Wilson today declared his opposition to further prohibition legislation until the food administration decides it is necessary to conserve foodstuffs. His position was made known in a letter to Senator Sheppard of Texas.

Y. M. C. A. REFUTES CHARGES

Montreal, June 3.—Dr. John Brown, Jr., associate general secretary of the National Council of the Y. M. C. A., and general supervisor of the military work, stationed in Toronto and visiting Montreal, has been authorized by the Y. M. C. A. to reply officially to the allegations of over-charges by the Y. M. C. A., embodied in a resolution at the closing session of the convention of the Great War Veterans' Association, held recently in Hamilton.

The official statement of the Y. M. C. A. points out that much of the criticism consists of general statements and insinuations that are the result of ignorance of the facts and it states, in the absence of the wording of the resolution, no reply can be made. The allegation that the Y. M. C. A. charges high prices is, however, denied, and the statement is made that its purpose is to keep them as low as possible. A sum of more than \$80,000 was expended in free hot drinks given away to the soldiers in France during 1917.

Gather for General Assembly.

London, Ont., June 6.—Leaders of the Presbyterian church in Canada, from the far East and the far West, are arriving hourly for preliminary work in connection with the 1918 general assembly of the Presbyterian church which convenes in St. Andrew's church on Wednesday evening.

TO DRIVE HUNS BACK

"The German aggressive will be stopped when the Allied aggressive begins," is the ponderous conclusion arrived at by the Vancouver Province. That this Allied aggression may start any day is a foregone conclusion. The two newspapers of Paris having the largest circulation, Le Matin and the Petit Parisien, both on Monday predicted an early offensive movement on the part of the Allies.

General Foch, now in supreme command of the Allied forces, may conclude that it is easier to concentrate for attack than for defence. Undoubtedly the German lines have available points. There are men and guns, tanks and gas available for a new offensive. Such an attack may find German lines that are "thinly held." It will discover that Germans are taking their turn in "withdrawing to lines already prepared." The British and French soldiers are as well able to rush a German position as when they drove the Hun from Vimy Ridge and from his positions on the Somme. For in all the fighting in Picardy and on the Aisne there is no word of a corps which failed to do all that could be asked. There is little fear of any record leaping to life that will shame a British or French force.

Another Stupendous Advance.

No, not on the bloody battlefields of France, but in the gentle walks of peace, though undoubtedly this new engine of civilized progress has received its most direct stimulus from the war. In the country just south of us they are now successfully carrying letters and parcel mail by aeroplane from and to New York, Washington, Chicago and way points. And,

although this has been predicted for years, how very quickly after all has the idea developed into practicality. About the time Prince Rupert was adorning as a municipal corporation, the Wright brothers of Ohio were making their first successful flights in a machine heavier than air. From that time on flying machines and their aviators became more of a circus stunt than anything else, adjunct of country fairs and the like, or the sport of the idle rich, but never adopted as a means of practical transportation. Not until it was becoming supreme as an agent of death was the aeroplane given its place as a useful engine in the peaceful activities of life, and its development in this sphere promises to be rapid. But a little time ago the Prince Rupert and the Prince George cut down their schedule between here and Vancouver to thirty-five hours. Now the aerial mail carrier is to cross the whole continent, from New York to San Francisco, in about that time. Passenger air ships will undoubtedly soon follow, and in a little time Prince Rupert will be welcoming her country cousins from the thousands of miles of Canadian prairies, dropping in to spend a weekend with us.

A LITTLE CHAT WITH THE HOME MERCHANT

(Registered in accordance with the Copyright Act.)

That the foreign "catalogue habit" is the most serious handicap to progress confronting local communities in Canada today cannot be denied.

Merchants, individually and collectively, have worried much over the fact, and have tried to devise ways and means to counteract the inroads of this commercial parasite.

Little or nothing has so far been accomplished. The evil remains rampant.

Many local newspapers have done and are doing their part to brand the catalog habit as a disease and blight that has sent hundreds of once promising towns

to the industrial and commercial boneyard, decreased realty values, put social conditions on the blink and halted educational progress.

A proportion of the merchants have also done their part. Many merchants, however, are not doing their part—or doing it only haphazardly.

At the present time the retail merchants of the country have under way a gigantic scheme for co-operative buying that will supply them with an important leverage for appealing to the people to give preference to the local

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world, thanking him for his wonderful invention for internal bathing, they would soon discard the medicine bottle and look to the cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon or Large Intestine. Warm water, properly used with the "J. B. L. Cascade," will relieve the cause of your troubles and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive about having her name appear in public print, yet is anxious that others should know what the 'J. B. L. Cascade' has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse every year. Since using the 'J. B. L. Cascade', first about 4 years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private." The "J. B. L. Cascade" is shown and explained by Cyril H. Orme, Third Avenue, Prince Rupert, B.C. The "J. B. L. Cascade" is an invention, perfected by Dr. Chas. A. Tyrrell of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about internal bathing and what it has done for others." It is free.

store on a basis of competitive comparisons.

But this alone will not fill the bill satisfactorily.

In the opinion of the writer there are two further essentials which must be consistently and persistently practiced:

1. Adequate advertising in the local newspapers;

2. Community loyalty and community propaganda that will reach every resident of every locality.

It has been found to be absolutely true that districts where the merchants use but sparingly of the advertising columns of the local newspapers, and where there is no healthy spirit of local pride and patriotism and congenial community relations, are the districts where the big mail order concerns of the distant cities work their greatest havoc to the community economic interests.

A statement to this effect was made some time ago in an address given before an advertising association in the United States by the advertising manager of the well known mail-order firm of Sears - Roebuck, Chicago. This firm employs a large staff of clerks to check up on the advertising carried by local newspapers throughout the country, and to tabulate the general community spirit existing. In communities that are lax in these regards, the work of flooding such districts with the mail order catalogues and other literature begins, and, says the advertising manager referred to above, "We find that we always secure more business in those sections."

Does this signify anything to the home merchant?

The big mail order houses make continual war upon the local merchant in the latter's own territory. Surely it is time the home merchant was utilizing every possible weapon to put the unscrupulous enemy to rout, for the sake of his business, his dignity and the community's prosperity.

NOTICE IS HEREBY GIVEN that Frank A. Stevens, of the City of Prince Rupert, in the Province of British Columbia, carrying on business as the Stevens' Clear Store, did on the 8th day of May, A. D. 1918, assign to Herman Hill, agent, Prince Rupert, British Columbia, in trust for the benefit of his creditors, all his real and personal property, credits and effects, which may be seized and sold under execution, which assignment is dated the 8th day of May, 1918.

AND notice is further given that a meeting of the creditors will be held at the law offices of Messrs. Patmore & Fulton, Scott Block, Prince Rupert, on the 27th day of May, 1918, at the hour of 3 o'clock in the afternoon, for the purpose of giving directions for the disposal, or continuing the business of the estate.

AND notice is further given that the assignee will, on and after the 8th day of June, 1918, proceed to distribute the assets of the said Frank A. Stevens among the persons entitled thereto, having regard only to the claims of which he shall then have notice, and he will not be held responsible for the assets or any part thereof, so distributed to any person of whose claim he shall not then have had notice.

DATED at Prince Rupert, B. C., this 9th day of May, 1918.

HERMAN HILL, Assignee.

NOTICE OF CANCELLATION OF RESERVE

Notice is hereby given that the reserve existing on that portion of Lot 1438, Queen Charlotte District, surveyed and known as Lot 2810 by reason of a notice appearing in the British Columbia Gazette of December 27, 1907, is cancelled for the purpose of leasing said Lot 2810, Queen Charlotte District to the British Canadian Lumber Corporation Limited for saw mill purposes.

The Canadian Bankers' Association

Invites the Co-Operation of the Public on Behalf of the Banks

Staffs Heavily Reduced by War

MORE than half the men in the banks of Canada are now on military service, and the number which remains is being steadily reduced.

Women clerks have been employed in thousands and have done splendidly, but they have not the experience of the men they replace. It would be out of the question to expect them to work as rapidly or with the same knowledge of banking as officers of many years training in the profession.

The drain upon the number of experienced officers has now reached a point where it is necessary to ask the public to take into consideration this decrease in efficiency, and to lighten, as far as they can, the burden thus thrown upon those left to run the business. Canada was never so busy as now and the volume of banking business is greater than ever before.

How the Public Can Help

Transact your banking business in the morning as far as possible, and as early as possible. Try to avoid a rush at closing time.

Do not draw any more cheques than are absolutely necessary. Instead of paying small accounts by cheque, draw the money in one amount and pay in cash.

Change in Banking Hours June 1st.

On and after June 1st banking hours will be: 9.30 to 2.30; Saturdays 9.30 to 12.00.

This arrangement will give the staff more time to complete the large amount of work which cannot be taken up until after the office is closed to the public.

Special Services Discontinued July 1st.

Certain services must of necessity be discontinued, for a time at least.

On July 1st banks will discontinue receiving payments for tax bills and the bills of gas, electric and other public service corporations.

The banks desire to render all essential services including many special ones arising out of the war. In order to do this they make this appeal for co-operation in the manner suggested above

P. H. Linzey of Mussallem Grocery Company, has accepted a position with the Prince Rupert Cannery as store keeper for the summer months. Mr. Linzey expects to take up his duties in the course of a few days.

A new car for the Pioneer Laundry has been on the way for some time and is expected in the city any time now. Poor old "Barney" will be replaced by more modern methods of conveyance, while the same genial "Sid" will officiate as before.

Hans Berquist, who was up in the police court a week ago, and who then informed the court that he was fitting up a boat in preparation for the fishing season, was again up this morning. The police had inquired into the matter and informed the police magistrate that they had inspected the boat in question. His honor remanded the case until a future date.

The train from the east was on time last evening and brought a large number of passengers for the boat which sailed for the south.

In a recent letter from Corporal "Bob" Atkins, he mentions being in the city of Vancouver for a short holiday. "Bob" after going south was placed in class C, and it is not probable that he will be able to go overseas at all.

Canada's Registration

Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting forces at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every ounce by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies.

Should the war continue for another year, food cards and a rationing system may have to be instituted. It is the duty of Canada to be prepared for whatever situation circumstances may force upon her.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in keeping our population usefully and profitably employed.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

All persons residing in Canada, male or female, British or alien of 16 years and over, will be required to register on June 22nd and truthfully answer the questions set forth upon the registration card.

It is not the Government's intention to conscript labour in any form, but to assist in directing it wisely, so that every available unit of

human energy may be utilised to the best advantage.

The information procured through registration will be used—as an aid to the Military Authorities in procuring the men necessary to maintain "Canada's First Line of Defence"—to mobilize all units of available labor in the Dominion and direct them from less essential to more essential occupations—to establish and intelligently administer a system of food rationing should that become necessary.
