## LOSSES ARE SMALL IN THE RECENT DRIVE

### AMERICAN PATROLS ARE ABLE TO COPE WITH GERMAN TACTICS ON ATLANTIC

#### SMALL PROGRESS IS MADE BY THE LAST GERMAN EFFORT

THE ATTACK CONTINUES WITH ENEMY WILLING TO MAKE SACRIFICES TO GAIN OBJECTIVES — THE GROUND YIELDED WAS ONLY OUTSKIRTS OF LINE OF RESISTANCE

(Special to The Daily News)

With the British Army in France, June 11.—The Germans in their new effort against the Allied line resulted in small progress being made. The Allies retired from the advanced posts which constitute the first line westward from Noyon. When the real line of resistance was reached the advance was halted and small counter attacks delivered by the Allies resulted in ground being gained in some places.

The German attack was furious. They employed nearly everything to drive the Allies out of their positions but all that might be used was not sufficient to gain their point. Poison gas and high explosive shells were freely used and the Allied lines were deluged with them to a depth of six miles.

#### SPHAGNUM MOSS NEEDED BY RED CROSS

The use of Sphagnum moss for absorptive dressing is not really a new thing, but merely a modern and scientific return to a very ancient practice. Bog moss has been used since time immemorial by country folks in their home treatment of boils, suppurating wounds, etc., and records show that in Scotland and Ireland many years ago, the moss was used to bind the wounds of mighty warriors wounded in battle. It is also recorded that free use of the same was made by army surgeons in the Napoleonic and Franco-Prussian wars. Shortly after the beginning of the present war fear was expressed in England that there would be a shortage of cotton and experiments were made with various substitutes, such as oakum, wood pulp and even sawdust, and it is at this time we believe that Cathcart, senior surgeon of the Edinburgh Infirmary and a lieutenant-colonel in the British army medical force, published the first recent paper on Sphagnum. Exploring and collecting bogs were formed in Scotland and in the south of Ireland, with the result that it was put into practical use in September, 1915, and as the new dressing proved satisfactory, the work was rapidly extended and volunteer organizations for collecting and preparing the moss sprang up all over Scotland, England and Ireland. In February, 1916, the British War Office accepted the dressing as "official," and soon after the various volunteer organizations already interested were brought under the general control of Sir Edward Ward, director-general of voluntary organizations and thanks to public appeals made, the output was increased from 250 dressings per month in September, 1915, to 200,000 per month a year later. Sphagnum is the botanical name of the great group of mosses which form the basic

MR. W. P. HINTON IS IN CITY

Mr. W. P. Hinton, vice-president and general manager of the G. T. P., and party, arrived in the city yesterday about four o'clock. Mr. Hinton is in the city on general business connected with the work of the company here, and has held consultations with the various officials here in regard to the future work of the road and of the steamship service.

Various undertakings have resulted in a large increase in business of late and matters in connection with the rapid growth of trade at this port have all engaged the attention of the management.

Mr. Hinton expects to leave the city in the morning.

#### MORE MEN TO WORK DRUM LUMMON MINE

An additional number of men are to leave Vancouver today for the Drum Lummon copper mines near Hartley Bay, eighty miles south of here, to work the mines to full capacity during the summer. Mr. W. Porteous Sloan, managing director of the company, says that a powerful new engine, air compressor and machine drills have been shipped and are being installed at the mines.

Owing to the deep snow which remained in the valleys later than usual this spring, the shipment of ore with the old plant was somewhat retarded, but, declares Mr. Sloan, with a full crew of men working this will be overcome.

vegetation of peat bogs and owing to its peculiar qualities has been found superior to cotton for certain types of infected wounds and particular methods of treatment. The absorptive power of sphagnum depends largely upon the character of the leaves, which are in the form of hollow cells as large as the head of a pin in some species. These leaves are built up in the turn of minute, elastic, hollow wall cells, each with an external opening and when growing are usually filled with water which can be easily removed by pressing and drying.

This city has been requested to secure one carload for immediate shipment and every citizen of this town capable of assisting must consider it their personal duty to assist in some manner or form on the afternoon which will be announced at a later date.

#### NO FEAR HELD IN FRANCE OVER LAST ATTACK

Latest Effort Gained Nothing, so France Declares—Germans Being Led Away From Base.

(Special to The Daily News.)

With the French Army in the Field, June 11.—While the enemy occupied some small villages since our last report, there is nothing to fear in this advance as the ground over which he passes is thoroughly well acquainted to the Allies and there is also good defensive work ready to offset the greatest attack which the enemy may make.

Every foot which he may advance brings the enemy farther away from his base of supplies and renders it the more difficult to wage a successful campaign. The ground now lends itself to the defensive plans of the Allies, and great confidence is expressed in the outcome.

#### BRITAIN TO USE WOMEN AVIATORS

London, June 8.—The employment of women as aviators is intended by the British Government, George H. Roberts, Labor member, declared in a speech at Sheffield while referring to the important part that women are playing in industry. The member said he believed women would make very good aviators.

#### BRITISH MINERS ANSWER CALL

London, June 10.—A fine patriotic spirit has been shown by the British miners in their response to the call for men to enter military service, says the Daily Telegraph's labor correspondent. In some districts, he says, as many as 50 per cent of the men required have been voluntarily recruited without resort to the ballot system, which was devised as a means of giving equal opportunity to all men.

The correspondent states that the number of men to be taken from the mines for the army now is virtually complete and that in some districts the entire quota has been obtained.

The military authorities are taking 75,000 men from the pits.

#### HOSPITAL BOARD

A special meeting of the hospital board was held last evening in the city hall. Small matters of routine business were disposed of and then the board considered the salaries of the various ones employed at the hospital. The salary of the matron and undergraduates were not in keeping with the demands of the times and accordingly an increase was granted to the matron of \$15 per month, and the undergraduates were raised \$3 per month above their last wage.

Mr. Wright, secretary of the hospital, who has been associated with the work of the hospital for some time, was granted an increase of \$10 per month.

Mr. D. G. Stewart, president of the board is leaving the city in a short time for a holiday, and the vice-president will be absent for some time and accordingly Mr. E. C. Gibbons, chairman of the finance committee, was given the power to transact the business of the board and issue checks in the absence of the other officers.

For New Wellington Coal and Lumber of all dimensions. Phone 116.

#### THE AMERICAN CASUALTIES ARE HEAVY

(Special to The Daily News)

Washington, June 11.—General Pershing has recently published a list of the American casualties which brings the total up considerably.

The total list includes men of all ranks who have been employed at the battle front. As a result of engagements with the enemy the Americans have suffered a total of 7,135, while from diseases, accidents, and all other causes the casualties are 2,927, while 4,046 have been wounded, 242 missing, including the prisoners which the Germans have taken.

#### Americans Busy.

The American Marines attacked the Germans on Monday and penetrated their lines on a six hundred yard front to a depth of at least two-thirds of a mile.

The place of the attack was where the Germans have endeavored to drive the Americans back continually and is located to the northwest of Chateau Thierry.

#### TO RE-EXAMINE MEN IN DEFERRED CLASS

Washington, June 10.—Provost Marshal-General Crowder today sent orders to every local and district draft board to energetically re-examine men exempted or placed in deferred classes, to determine the reason for a scarcity of class 1 men.

The action was taken because a large number of counties and states fell below the 27.8 per cent. average of class 1 men. Re-examination will be directed particularly at those who have tried to enter the navy to evade the draft, shipyard workers and men in other classes who have been granted special privileges because they claimed they were engaged in necessary war work.

Following are the states in which some counties fell below even a 10 per cent. classification in class 1: California, New Mexico, Iowa, Ohio, Kentucky, North Carolina, Missouri, New York, and Massachusetts.

#### HUNDRED CHURCHES DESTROYED BY HUNS

Paris, June 10.—The Bishop of Soissons has reported that a hundred churches in his diocese have been destroyed by the Germans and that many women and children have been killed by German aviators.

"What a wonderful claim to ward glory for Germany," he is quoted as saying.

The bishop added that the Germans knew neither faith nor law; they knew nothing but war and pillage. They were methodically stripping and carrying away everything, he said.

#### NATIONAL SPIRIT WILL NOT FALTER

London, June 10.—Replying to birthday congratulations from Field Marshal Haig, King George said:

"My heart is more than ever with the troops. I know how splendidly they are fighting. Come what may, the national spirit will carry us through to a triumphant end."

Ladysmith Wellington Coal reduces your fuel bill and gives satisfaction. Phone 15. P. R. Coal Co.

#### ATLANTIC PATROLS ABLE TO FILL NEED

SECRETARY DANIELS DOES NOT FEAR RESPECTING WORK OF THE UNDERSEA CRAFT—THE CHANNELS WILL BE KEPT OPEN TO THE SEAT OF WAR

(Special to The Daily News)

Washington, June 11.—The determination of the German submarines to draw away from the zone around the British Isles any of the patrol now on service will not be successful. The American navy has been so increased this past year that there is no need of withdrawing any of the patrol

over the water to protect American coasts.

The present patrol along the Atlantic seaboard is of sufficient strength to cope with the menace caused by the German submarines and in addition to this ships needing an escort will find plenty of destroyers and other craft to give them full protection.

#### NOTES FROM THE COUNCIL CHAMBER

Everything was quiet at the council chamber last evening. Few matters which had been referred to the various committees came back to the council for consideration and were soon disposed of. The usual supplies asked for by the different departments were granted on recommendation and the rest was more or less routine.

A letter was read from the city council of London, Ont., in respect to insurance of the boys overseas. The basis of the request was to the effect that the Dominion government should endeavor to provide insurance for these men and the communication asked that the local council should join in petitioning the Dominion government that expression might be given to this request. The matter was referred to committee.

And then there was the request of employees for an increase in salary and the council passed the recommendation of the committee which contained the recommendation that overtime be eliminated except when the tax sales are on. There was also some correspondence dealing with the Prince Rupert Hydro-Electric and the matter of the city paying for certain improvements which the company had effected. The matter was left over for some time.

Then there was a delegation to come before the council which had in mind the securing of some financial assistance from the city for some construction work at the salt lakes. Mr. T. C. Duncan and Mr. Brady outlined the proposals and spoke of the benefit to the children if there were proper facilities provided for bathing at this popular resort. The plan called for an expenditure of about \$900, of which amount \$300 was asked for from the city, the provincial government were to be petitioned for \$300, and then the citizens were asked to donate \$300. The matter was held in abeyance. There followed a very interesting and, to some, very profitable discussion as to the request of the mayor that he be granted power to declare a half-holiday for the purpose of enlisting the support of all the citizens in a great effort to collect Sphagnum moss for the Red Cross. The need of this article was sufficiently emphasized, and the council were unanimous that the cause was deserving of every support. Accordingly the mayor was given power to declare a half holiday or a whole holiday as the need of the situation might seem to demand. All citizens are asked to interest themselves in this plan to assist the Red Cross and provide much needed dressings for the front line trenches. The council then adjourned.

#### THE CRADLE

Born to Mr. and Mrs. G. H. Arnot, of 622 5th Ave. W. a son on June 10th.

#### THE "WHY" FOR SUPPERS AND PARTIES

"Why should suppers at parties and lodges be cut out?" Because these are social gatherings where eating is secondary to entertainment. Hunger does not enter. The unwanted food could be saved. "Live not to eat, but eat to live." The same rule ought to apply to five-o'clock teas and card parties.

Lodge meetings have a business feature. Theatre parties are not all luxuries but the "extra" in the eating is needless. If a meal has to be taken it should be simple and plain. Restaurants and cafes are not allowed to serve more than one ounce of wheat products to customers between 9 p. m. and 5:30 a. m. Semi-private parties at home or in lodge have exactly the same moral obligation to help to save food as people in these places.

The spirit of comradeship is the essence of a lodge, Masonic or otherwise. The spirit of the "sport" is a joy to any party. First loyalty of comrades is to those at the front and the best "sport" today plays with the Allies in the big teamwork of the Canadian people through food control.

A little thought would save a lot of wheat. The devotion of a lodge will secure it. The pleasure of a party will be added to, if all know they share and share alike."—CANADA FOOD BOARD, Conservation Publicity Section.

#### INTERESTING MEETING IN ANGLICAN CHURCH

Yesterday afternoon a very interesting and profitable meeting was held under the auspices of the Girls' and Women's Auxiliary of St. Andrew's Church when the members were privileged to hear a splendid address from the venerable missionary of the coast, Archdeacon Collison.

He told of the work which was first started by Mr. Duncan at Port Simpson and afterwards at Metlakatla and of his own work on the Queen Charlotte Islands, where he landed in November, 1876, with his family to carry on the great work that was to transform this warlike coast into a civilized state. The archdeacon gave many interesting accounts of the dangers and difficulties which beset the path of the missionary in his work, the most important of which was an account of the Crestal system, which is still adhered to among the Indians.

### AFTER THE WAR WHAT?

The American newspapers and magazines have already started in a kind of postprandial fashion to discuss what the world is to do after the war; what should be the effect of the great world's struggle socially and governmentally. It may indicate a belief that the war will soon be ended; an echo of the popular opinion that when Pershing and his men got over there he would soon settle it; or may it not be a reflex from that and a mere camouflage to hide the anxious emotions the country is experiencing since so many of her own sons are at the front? The war had been going on a distressingly long and desperate time before the United States was forced into it, and yet the time found her woefully unprepared. With the resolute impulsiveness of her character she has "gone the whole hog," throwing into it, at the moment when the Allies were most sorely pressed, her millions of splendid manhood, backed by resources vastly greater than any other nation. She was caught once unprepared, but—never again. Her war aims are simple and untrammelled by any provisos that might perplex. It is solely to fight and fight on and on until all military government of indiscriminate murder is swept from the earth for ever. This has been all planned out to the least detail by the people of the United States. They are now simply awaiting results. But meantime these impulsive people must be busy at something, so they are planning where to spend their always active energies next—after they have finished this job. They are grittingly determined this time to be prepared in advance for the consideration of the vast issues that will be presented when military despotism is crushed forever, and thus the discussion.

Many believe the war to be the precursor of the millennium when "the lion shall lay down with the lamb, and a little child shall lead them." But this lion will not lie down with the lamb or any other non-combatant, unless he is well stuffed with mutton chops at the time, and then he will simply slumber until again hungry. Socialists, the best of them, vision a gold-

en age of eternal peace and universal democracy. This is because staid, conservative Britain, in spite of her "sacred vested interests," has taken over the railways and other public utilities, lands and factories and ships and all natural resources. But this was only for war purposes, and whether she continues to hold them after the war is for the people themselves to decide. Many, many theories will of course be put forward, but the theorists must not forget that nothing can come out of the war that was not in it. The German kultur or civilization was simply a camouflage over the brutal passions let loose by the Huns as soon as they set foot on Belgian soil. The United States is doing most efficient work in the winning of the war, and the councils of this, the most successful democracy the world has ever known, should and will be heard and heeded in the final settlement. Even if the war should only be the means of showing the German and Prussian peoples the light of human liberty, and lead them to break the bonds of military serfdom, it will not have been in vain.

### SOME DIFFERENCE

Soissons was yielded to the Germans without a prolonged defence in 1918, observes the Toronto Evening Telegram. Soissons was held against the Germans until October 6, 1870. On that date the Germans captured Soissons with a French force of 99 officers, 4,633 men and 128 guns. The French withdrawal from Soissons in 1918 is in contrast with the defence of Soissons in 1870. The policy is representative of the difference between the French wisdom that still holds the Germans at bay after nearly four years of the present war and the French folly that failed to save great armies from destruction at the hands of the Germans in the war of 1870.

#### WATER NOTICE

(Use and Storage).

TAKE NOTICE that George H. Boulton, as agent for Massett Inlet Lumber Co., Ltd., Graham Island Spruce and Cedar Co., Ltd., and Aeroplane Spruce and Cedar Lumber Co., Ltd., whose address is Port Clements, B. C., will apply for a licence to take and use 30,000 gallons and to store one-ninth acre feet of water out of Coho Creek, which flows northerly, and drains into the Yakoun River, Massett Inlet.

The storage dam will be located at about 500 yards from the mouth of said creek. The capacity of the reservoir to be created is about one-ninth acre feet and it will flood about 0.20 acres of land. The water will be diverted from the stream at a point near the dam, and will be used for domestic and stock purposes upon the land described as Lot 746, Block 25.

This notice was posted on the ground on the 29th day of May, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed at the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is June 1, 1918.

### Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy —"SPECIAL"— if tires which somewhat resemble it in appearance resembled it in efficiency?

#### The LUX way to wash Shirtwaists

Make a lather of LUX and hot water. Stir the blouse about gently—rinse carefully—press the water out lightly—hang to dry. No rubbing—no wringing. Result—the blouse beautiful!

DROP a little LUX into hot water. Stir it about. Instantly it dissolves, giving a thick, creamy lather. Drop in the garments and move them about. When clean, rinse in 2 or 3 relays of fresh warm water—press out the water and dry.

What happens? Your clothes are exquisitely clean and NEW. Nothing matted or shrunken. Colors gleaming and unfaded. Why? Because LUX—silk-like flakes of soap—is pure essence of soap and cannot harm

anything that clean water may touch.

Shirtwaists, silk sweaters—dainty woollens—anything washable, from crepe-de-chine, lamp shades to baby's carriage cover is beautifully and easily washed with LUX.

# LUX

Remember—LUX can't shrink woollens—it will clean them.

LUX—sold by all good grocers. British made by Lever Brothers Limited, Toronto.

WILL NOT INJURE THE FINEST FABRICS

MARGUERITE CLARK AT  
WESTHOLME THEATRE

"Money is the root of all evil."  
"I do not know who said the  
above words, but they are true.  
I know it but too well. For, I had  
never gone on an allowance, and  
been in debt and always worried  
about the way silk stockings wear  
out, and et cetera, I would be hav-  
ing a much better time. For who  
can really enjoy a dress when it  
is not paid for or only partially  
so?"

With these doleful words  
pretty Barbara Archibald opens  
her diary and the episodes that  
follow bear out only too well her  
theory. Returned from a select  
girls' school Bab is just at the  
age of "romance" as she calls it  
and when her old friend Tommy  
Gray gives her his frat pin to  
wear, she believes that her "life's  
romance has commenced."

Marguerite Clark here affords  
a very handsome opportunity for  
criticism, as she is delightfully  
real in her portrayal of the part  
assigned to her. You will enjoy  
this feature this evening.

### NOTICE OF ASSIGNMENT

NOTICE IS HEREBY GIVEN that Frank  
A. Stevens, of the City of Prince Rupert,  
in the Province of British Columbia, carry-  
ing on business as the Stevens' Cigar Store,  
did on the 8th day of May, A. D. 1918,  
assign to Herman Hill, agent, Prince Rup-  
ert, British Columbia, in trust for the  
benefit of his creditors, all his real and  
personal property, credits and effects,  
which may be seized and sold under execu-  
tion, which assignment is dated the 8th  
day of May, 1918.

AND notice is further given that a meet-  
ing of the creditors will be held at the  
law offices of Messrs. Patmore & Fulton,  
Scott Block, Prince Rupert, on the 27th  
day of May, 1918, at the hour of 3 o'clock  
in the afternoon, for the purpose of giving  
directions for the disposal, or continuing  
the business of the estate.

AND notice is further given that the  
assignee will, on and after the 8th day  
of June, 1918, proceed to distribute the  
assets of the said Frank A. Stevens among  
the persons entitled thereto, having re-  
gard only to the claims of which he shall  
then have notice, and he will not be held  
responsible for the assets or any part  
thereof, so distributed to any person of  
whose claim he shall not then have had  
notice.

DATED at Prince Rupert, B. C., this 9th  
day of May, 1918.  
HERMAN HILL, Assignee.

### MINERAL ACT

#### Certificate of Improvements.

#### NOTICE

"Rupert," "Seranton," "Gem," and  
"George" Mineral Claims, situate in the  
Skeena Mining Division of Cassiar Dis-  
trict. Where located:—At Kwinitsa, Skeena  
River.

TAKE NOTICE that Alex. M. Manson,  
Free Miner's Certificate No. 14295-C, act-  
ing as agent for the B. C. Salt Works,  
Limited, Free Miner's Certificate No. 14-  
287-C, intend sixty days from the date  
hereof, to apply to the Mining Recorder  
for a Certificate of Improvements, for the  
purpose of obtaining a Crown Grant of the  
above claim.

And further take notice that action, un-  
der section 85, must be commenced before  
the issuance of such Certificate of Im-  
provements.

Dated the 18th day of May, A. D. 1918.

### MINERAL ACT

#### Certificate of Improvements.

Skeena Mining Division of Cassiar District.  
Where located:—About 18 miles up the  
Kluzault River from Alice Arm.

TAKE NOTICE that I, Lewis W. Patmore,  
Free Miner's Certificate No. 14232-C, as  
agent for Gustaf Pearson, Free Miner's  
Certificate No. 3545-C, intend, sixty days  
from the date hereof, to apply to the  
Mining Recorder for a Certificate of Im-  
provements, for the purpose of obtaining  
a Crown Grant of the above claim.

And further take notice that action, un-  
der section 85, must be commenced before  
the issue of such Certificate of Improve-  
ments.

DATED this 15th day of May, A.D. 1918.

### NOTICE OF CANCELLATION OF RESERVE

Notice is hereby given that the reserve  
existing on that portion of Lot 1438,  
Queen Charlotte District, surveyed and  
known as Lot 2810 by reason of a notice  
appearing in the British Columbia Gazette  
of December 27, 1907, is cancelled for  
the purpose of leasing said Lot 2810,  
Queen Charlotte District, to the British  
Canadian Lumber Corporation Limited for  
saw mill purposes.

G. B. NADEN,  
Deputy Minister of Lands,  
Department of Lands, Victoria, B. C., 14th  
May, 1918.

### WESTHOLME ATTRACTIONS

Visitors at the Westholme last  
night were delighted with the  
music. In addition to the regu-  
lar orchestra, which has always  
charmed the audiences there, the  
management were happy in hav-  
ing Mr. Sam Driscoll, an artist of  
great reputation, to assist. Mr.  
Driscoll has been identified with  
the Pantages Theatre in different  
cities and is one of the best vio-  
linists on the coast, having been  
leader in such large theatres as  
the Pantages have in their cir-  
cuit. Mr. Driscoll will be at the  
Westholme for an indefinite period  
as his short stay in the city has  
given him a favorable impression  
of the community and it is hoped  
that the management will be able  
to induce him to stay. This added  
attraction in addition to the great  
feature this evening in which  
Marguerite Clark will play the  
star role should jam the theatre  
with appreciative audiences.

The Daily News delivered by  
carrier, 50 cents per month.

### WATER NOTICE

(Use and Storage).

TAKE NOTICE that George H. Boulton,  
whose address is Port Clements, B. C.,  
will apply for a licence to take and use  
5,000 gallons and to store 50,000 gallons  
of water out of an unnamed creek which  
flows northerly and drains into Ferguson  
Bay, Masset Inlet.

The storage dam will be located at a  
point about 500 yards from the mouth.  
The capacity of the reservoir to be created  
is about 50,000 gallons and it will flood  
about 0.05 acres of land. The water will  
be diverted from the stream at a point  
near the dam and will be used for steam  
purposes upon the land described as Block  
35, Lot 746.

This notice was posted on the ground  
on the 29th day of May, 1918. A copy of  
this notice and an application pursuant  
thereto and to the "Water Act, 1914," will  
be filed at the office of the Water Record-  
er at Prince Rupert, B. C., within  
thirty days after the first appearance of  
this notice in a local newspaper. The date  
of the first publication of this notice is  
June 1, 1918.

Objections to the application may be  
filed with the said Water Recorder, or with  
the Comptroller of Water Rights, Parlia-  
ment Buildings, Victoria, B. C., within  
thirty days after the first appearance of  
this notice in a local newspaper. The date  
of the first publication of this notice is  
June 1, 1918.

### WATER NOTICE

Diversion and Use.

TAKE NOTICE that the FISH OIL AND  
PRODUCTS LIMITED, whose address is 310  
Pacific Building, Vancouver, B. C., will  
apply for a licence to take and use forty  
inches of water out of Creek, also known  
as Flowing into head of Scissors Bay,  
Tucker Inlet, about 4 1/2 miles northerly  
from Prince Rupert, B. C.

The water will be diverted from the  
stream at a point about 2000 ft. from Still  
Water and will be used for domestic and  
manufacturing purposes upon the ground  
and wharf described as Fish Oil and Pro-  
ducts Limited Plant.

This notice was posted on the ground  
on the 19th day of April, 1918.

A copy of this notice and an application  
pursuant thereto and to the "Water Act,  
1914," will be filed with the said Water  
Recorder at Prince Rupert, B. C., within  
thirty days after the first appearance of  
this notice in a local newspaper.

The date of the first publication of this  
notice is May 11, 1918.

## Registration a Stupendous Task

One Day - SATURDAY - June 22nd

The task undertaken by Canada to register every male and female, British or  
alien, of 16 years and over, residing in the Dominion, is of stupendous por-  
portions. The machinery that has been created is most comprehensive in its  
scope, and the information procured through this registration will be in such  
form as to make it possible for Canada to mobilize every available unit of  
human energy, either in the "First line of defence" or at home in support of  
her Allies.

Five million people will have to be registered in one day. It is estimated that  
one hundred and fifty thousand workers will be required to take this regis-  
tration, or an army five times the size of the first Canadian contingent.

It will require at least six minutes to register one person. A Deputy working  
continuously can take only ten registrations per hour, or eighty for an eight hour day. On  
Registration Day the booths will be open fifteen hours; the Deputies therefore will have  
to work in two, possibly three shifts.

In order to make registration convenient and easy, 25,000 places of registration will be  
established throughout Canada, with from one to twelve booths at each place. The  
location of these booths will be advertised by Proclamation and through the local press.

Canada will be divided into 230 districts, each in charge of a Registrar, who is instructed  
to surround himself with a competent staff of deputies and assistant deputies in what-  
ever numbers the work may require.

## Volunteer Workers Urgently Needed

To carry out this vast programme  
efficiently and completely, intelligent vol-  
untary helpers are essential. Individuals,  
women's societies, clubs, fraternal socie-  
ties, church organizations and municipal  
organizations are asked to help.

The Board appeals with confidence to the  
patriotism of every Canadian man and

woman and to the pride which every  
locality must take in doing its own work  
well, to furnish the necessary number of  
volunteer deputies and assistants.

Interpreters of all languages will be  
required. Those qualified should apply  
to the Registrar of their district at once.

Issued by authority of

Canada Registration Board

Superintendent of Registrars---C. E. Mahon, 45 13th Avenue W., Vancouver, B.C.

Registrar for Skeena District---O. H. Nelson, Prince Rupert, B.C.

### QUEENS HOTEL

—FIRST CLASS ROOMS—  
Hot and Cold Water.

60c per Night, and \$8 per Week.

Miss Beatrice Killin, of the telephone staff, is leaving this week on a vacation trip to the south. She will be away about two weeks.

D. G. Stewart and family will be leaving the city this week to spend some time in the south on a holiday. Mr. Stewart will probably be away about four or five weeks.

The Baptist Church are holding special services on Sunday next, at which the Children's choir will render special music. The juvenile choir has been practising under the direction of Mr. W. Vaughan Davies.

Mrs. Killin has recently heard from her husband in the old country who reports that there seems to be a big demand for men at the front just now. He is not sure as to whether they will pass him now for further service or not.

"Jimmy" Thomas is leaving again in the morning for Toronto where he is in the mechanical department in connection with the air service of the Canadian forces. It was surely good to see Jimmy looking so well and enjoying life as much as ever.

The petition of the city hall employees has had favorable consideration by the finance committee. The committee last evening recommended that a bonus of \$10 be granted at the present time to take effect from the first day of May. Those benefitting by this increase will be Messrs. Birch, Brooksbank, Vance, Allistone, and Miss Sullivan.

Yesterday morning was supposed to be "Blue Monday" and the weather man did not seem to help matters much, but we can testify to the fact that we heard a joyful sound at about 8:30 as a party of school boys passed by the office. One yelled to another some distance away: "Only fifteen more days of school." Now honestly can you blame them?

#### SHIPYARDS SPRING UP

London, June 8.—At a spot on the northeast coast of England, which was an open field at the beginning of March, there has been constructed, in a manner which a correspondent of The Times describes as almost magical, a fully equipped plant in which the keels of two steamships already have been laid. By the end of November, there will be a complete shipbuilding yard, with eight berths and a fitting-out basin, capable of completing a ship every two weeks. A force of 2,000 workers, including many women, is employed there.

Remnant day, Wednesday.—Wallace's. 135

## PUBLIC NOTICE

### DOCUMENTS TO BE CARRIED

by every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of any of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, who for any reason may have claimed that he is not within **Class One** under the Act.

NOTICE is hereby given that, under the provisions of an Order in Council (P.C. 1013), of the 20th April, 1918, upon and after the 1st day of June, 1918, every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, by whom or on whose behalf, it is at any time affirmed, claimed or alleged that he is not, whether by reason of age, status, nationality, exception, or otherwise, within **Class One** under the Military Service Act, 1917, as defined for the time being or that, although within the said **Class**, he is exempted from or not liable to military service; shall have with him upon his person at all times or in or upon any building or premises where he at any time is,

member of any other society or body, a certificate of the fact signed by an office-holder competent so to certify under the regulations of the church, order or denomination, society or body, to which he belongs; or

#### EXEMPTION

If it be claimed that he is exempted from or not liable to military service by reason of any exemption granted or claimed or application pending under the Military Service Act, 1917, or the regulations thereunder, his exemption papers, or a certificate of the Registrar or Deputy Registrar of the district to which he belongs evidencing the fact; or

#### OTHER CLASS

If it be claimed that he is not within the **Class**, or that he is exempted, not liable or excepted upon any other ground, a certificate of two reputable citizens residing in the community where he lives having knowledge of the fact upon which the claim is founded and certifying thereto;

#### FAILURE TO CARRY REQUISITE EVIDENCE

If upon or after the 1st day of June, 1918, any such male person be found without the requisite evidence or certificate upon his person or in or upon the building or premises in which he is, he shall thereupon be presumed to be a person at the time liable for military service and to be a deserter or defaulter without leave;

#### PENALTY

And he shall also be liable upon summary conviction to a fine not exceeding \$50 or to imprisonment for a period not exceeding one month, or to both such fine and imprisonment; and moreover, any such person may forthwith be taken into military custody and may be there detained and required to perform military duty in the Canadian Expeditionary Force so long as his services shall be required, unless or until the fact be established to the satisfaction of competent authority that he is not liable for military duty.

#### FALSE CERTIFICATE

The use, signing or giving of any such certificate as hereinbefore mentioned shall, if the certificate be in any material respect false or misleading to the knowledge of the person using, signing, or giving the same, be an offence, punishable, upon summary conviction, by a penalty not exceeding five hundred dollars, and by imprisonment for any term not exceeding six months and not less than one month.

ISSUED BY THE MILITARY SERVICE BRANCH  
OF THE DEPARTMENT OF JUSTICE.

Ottawa, May 22, 1918.
