FRENCH RETAKE SOME SMALL VILLAGES

FOOD SHORTAGE ACUTE IN CENTRAL EUROPE--SOME GROUND YIELDED ENEMY

THE FRENCH RECAPTURED SOME MORE SMALL VILLAGES

GERMAN TACTICS DID NOT SURPRISE THE FRENCH--GERMANS COMPELLED TO GIVE GROUND WHEREVER THE FRENCH ATTACK

(Special to The Daily News)
With the French Armies, June 15.—The Germans have not recovered from the severe blow which they received from the French on the left flank, where throughout the night and this morning the battle quieted down, giving the Allies full opportunity to establish themselves strongly. Further to the east the French took the initiative in delivering small and successful counter attacks. As a consequence the village of Melicocq and the important height of Croix Ricarde were retaken.

Probably for the purpose of making the Allies move their reserves toward the right flank, the Germans started a big offensive in the vicinity of the forest of Villers Cotterets. The enemy progress resulted in obtaining a slight footing in Goeuvres but this did not improve the situation. Five German divisions participated, two of which just reached the battle field. The attack extended along a four-mile front, but met with such opposition from the French that the Germans apparently renounced their efforts. Paris, June 15.—Concentrated fire from the French guns caught the powerful German forces attempting a counter attack between Gourcelles and Mery and not only drove back the advancing waves but other attempts in this region also failed.

BRIEF DESPATCHES

London, June 15.—Gen. Haig reports tonight: "In successful minor operations carried out by us last night in the neighborhood of Merris we captured 48 prisoners, six machine guns and trench mortars. Except for normal activity on both sides in different sectors, there is nothing to report."

Berlin, June 15. (Official) On the fighting fronts the position is unchanged. There have been local engagements to the south of Ypres southwest of Noyon and south of the Aisne.

Ottawa, June 15.—There is strong likelihood that the government will attempt in the early fall one of the greatest undertakings ever known in this country, when they will probably call for another victory loan for an amount probably in excess of \$250,000,000.

SENT TO JAIL FOR ILLEGAL DRILLING

Toronto, June 14.—The Telegram's Belfast correspondent cables today:

"Yesterday at Dundrum, Tipperary, eight Sinn Feiners, charged with illegal drilling at Cappawhite, Hollowhead, Tipperary, were sentenced to from two to four months' imprisonment. Eight Sinn Feiners at Tuan, Galway, were sentenced to from fourteen days to two months for similar offences. Traynor and Mooney, officers of the Avoca Sinn Fein Club, are under arrest for illegal drilling. Samuel O'Flaherty, head of the Donegal Sinn Feiners, was arrested yesterday at Strabane and brought to Dublin. Arrests are now made daily. Last night some Sinn Feiners were deported from Dublin to England.

"Fifteen months ago, Chief Secretary Duke established a national service, with a section for women at Dublin. Costly premises were taken at Stephen's Green, and well paid officials appointed, one at £1,500 a year. The men's section has done little. The women's section was practically boycotted and apart from some slight harvest service, last year the advertising was a costly farce."

BRITISH SHIPYARDS MAKE NEW RECORDS

London, June 14.—Merchant shipping completed in United Kingdom yards and entered for service during May totalled 197,274 gross tons, the highest figure for any month during the last year.

Official figures published today show that the completions for May marked an increase in tonnage over April, 1918, of 85,741 tons. The next highest figures for any month in the last year were 164,674 tons, in March, 1918.

The total completions for the twelve months ending May 31, 1918, were 1,406,838 gross tons. The corresponding figures for the year ending April 30, 1918, were 1,270,337.

Other items of news point to a general increase of activity in shipbuilding, not only here but in the United States and Canada, an activity which will certainly be stimulated by the new German offensive off the American coast.

Big Gains in Canada.

"According to the Chairman of the Imperial Munitions Board, there is under construction in Canada one-quarter of the total merchant tonnage produced by the United Kingdom in 1917, and four-fifths of it will be completed this year. That is a remarkable achievement for a country in which, ten years ago, shipbuilding hardly existed in embryo. All this enterprise will bear fruit in due course, and before this time next year the shipping position will be totally different from that of today.

The deliveries of new shipping at American yards in May totalled 263,571 tons.

For New Wellington Coal and Lumber of all dimensions. Phone 116.

ENEMY STARVES WHILE BATTLE STILL WAGES

American Department of Labor Learns of the Facts and Publishes the Same

(Special to The Daily News.)

Washington, June 15.—Turkey is starving and Austria is having a hard time to get along, is the information which the American Department of Labor has been able to gather from good and reliable sources, and which they thought wise to make public today. Hungary seems to have a good supply of foodstuffs but is not disposed to share any of it with any of her less fortunate allies. There has been considerable anxiety in Hungary and the Germans are afraid to take the food from them.

Bulgaria also seems to be well supplied with the necessaries of life, but like Hungary does not seem anxious to assist those of her allies which have not been able to gather sufficient for themselves.

ANOTHER VETERAN RETURNS

Those present when the C. P. R. Princess May docked were glad to recognize the genial countenance of "Pat" as he was familiarly known to his pals, but in the army he would be identified as Lie. W. A. Paterson.

"Pat" was a former member of the staff of the Bank of Commerce and was also a popular member of St. Andrew's when he left with the 18th three years ago last February. Since that time he has seen all kinds of life at the front and wears upon his arm the two golden stripes indicating that he has mixed with the Kaiser's forces on more than one occasion.

Given a short furlough which permits of a short time to renew acquaintances in the city, he will return to the hospital at New Westminster for treatment for a period, when he expects to be able to return to the city.

It may not be very widely known that since "Pat" went overseas he has taken to himself a wife. Pat returned to this country on the hospital ship Araguaya, so Mrs. Paterson was unable to accompany him, but expects shortly to arrive to join him in this city.

OTTAWA CONFIRMS COLLEGE LOCATION

Ottawa, June 14.—The Canadian Naval College, which, since the explosion at Halifax damaging some of the college buildings, has been temporarily located at Kingston, will be moved to Esquimaux, B. C., for the present.

This official announcement was made today by the naval department. The question of a permanent location for the college is still under consideration.

UNCLE SAM WILL SOON BE IN THE BARRED ZONE

Germany Will Issue a Warning to Neutrals Concerning the American Coast.

(Special to The Daily News.)

London, June 15.—That the German admiralty intends to shortly declare that the eastern part of the American continent will soon be a barred zone so far as shipping is concerned was learned today. This announcement is made in view of the fact that the Germans are believed to be ready to launch a more aggressive movement against the shipping now leaving American and Canadian ports. That the efforts of the Germans to win any advantage in this theatre of warfare is not believed possible by the many critics who have information as to the strength of the German latest submarine.

POLICE COURT ITEMS

J. T. Boline was ordered to pay a fine of \$10 and \$2 costs this morning in the police court for being drunk.

Mike Bolaski and Mike Krook seemed to be in trouble for some time as to the certain merits of an axe handle, with the result that they each were requested to pay to the court this morning the sum of \$2 for their unsavory actions over small things.

There were also in the court this morning two men who had not reported under the military Service Act. Accordingly they were turned over to the proper authorities.

SONS OF CANADA HOLD ENJOYABLE EVENING

A goodly number of people assembled last evening in St. Andrew's hall at the invitation of the Sons of Canada, to a box social and entertainment.

Mr. George Frizzell acted as auctioneer and in several instances bidding was very keen for the baskets which the ladies had so daintily provided. The total sum realized from the sale amounted considerably over \$90, from which a substantial sum will be directed to patriotic purposes.

Harvey's orchestra was in attendance and provided splendid music and the evening passed off all too quickly, with dancing and social entertainment.

FINAL ARRANGEMENTS FOR MOSS GATHERING

In order to perfect arrangements a meeting of those interested in moss gathering will be held at the court house Monday evening, June 17th.

It is particularly requested that all Captains entrusted with the raising of teams and all others interested in work pertaining to the gathering of moss, be on hand Monday night, in order to complete arrangements. 2t.

FRENCH ARE COMPELLED TO YIELD SOME GROUND

FRENCH WITHDRAWAL ACROSS THE BOISE AT CERTAIN POINTS AND RETREAT AT OTHER POINTS MEANS THE LOSS OF SOME GOOD POSITIONS

(Special to The Daily News)

London, June 15.—The French counter attack against the enemy on the St. Maur Ridescourt front continues to gain ground slowly and gives the necessary answer to the German war minister, who had incautiously asserted that the so-called army of reserves of General Foch did not exist any longer.

At the same time we must admit that the enemy has gained all the hilly district to the southwest

of Noyon, which he claims, and that the extension of his gains to Antheuil and Montremont, as he seems to have done, and the withdrawal of the French across the Boise from Montremont to Ridescourt, implies another loss of valuable positions.

It is now reported that the Germans had twenty-five divisions on the Montdidier front and some of them were borrowed from the north.

MINING ACTIVITY IN THIS DISTRICT

According to A. J. Kelch, a pioneer mining man of the Skeena Valley, prospects for mine development and ore production in the district are extremely bright. Numerous properties are being worked, but under the handicap of a labor shortage.

Mr. Kelch is developing the Old Hickory group, which is across the river from Usk, and one and a half miles from the Grand Trunk Pacific railroad. He is driving an adit tunnel, which is now in 210 feet, and has gained a depth on the vein of over 500 feet. The ore extracted is being piled on the dump and if present plans materialize he will have a concentrating mill at the mine before fall and will begin shipping the pure mineral. Much of the boronite and chalcopyrite contained in the lead could be sorted out and shipped now, but eventually a mill would be required to handle the lower grade material and he will not ship until he can concentrate the entire mine run.

The Cordillera, on the mountain behind Usk, is being developed by a company of which Paul M. French, a banker of Portland, Ore., is president, and Archie Thompson, manager. The cross-cut tunnel is now in 325 feet and is expected to reach its objective at 600. Three shifts are employed.

The Lucky Luke property, which adjoins the Cordillera, and is owned by L. W. Moody, has been bonded to a Winnipeg syndicate and active development is expected to be undertaken in the near future.

Three leading properties of Legate Creek are producing ore. These are groups owned by Whitmore and Orr, Wm. Tuttle and "Scotty" Halliday.

The Rocher de Boule has developed more tonnage than ever before and is shipping steadily, the highest grade copper-silver ore ever taken from the mine. The manager, D. J. Williams, has perfected plans for the installation of a concentrator and will soon be utilizing the lower grade ores which will not stand shipping in the crude state.

Affairs of the Fiddler Creek Company are claimed to be in excellent condition and its mine at Dorreen will soon be on the productive list.

Besides engaging in mining, Mr. Kelch has demonstrated that the land along the Skeena is unexcelled for vegetable gardening and fruit growing. He has a farm of eighty acres, with fifteen acres in crop, and last year had a large surplus of both small fruits and excellent apples. One five-year-old apple tree yielded five boxes of fruit.

AMERICAN BOAT IS BURNED NEAR HERE

The cannery tender "Revalla" of the Admiral Line yesterday was burned to the water's edge a few miles to the south of this port. The wireless operator signalled for assistance but was unable on account of the high ground of Lowe Channel to get in touch with outside points. The "Venture" later passed on her way to this port and took on board the crew and passengers who are now in this city at the Central Hotel.

Capt. Mystrom was unable to give any reason for the fire and it is expected that the authorities will require an investigation, which will be held later.

The Revalla had freight for the canneries in the Alaska district and also had on board about fifty passengers of all classes, whose interests are being looked after by the American Consul in this city.

BRITISH DOWNED 518 AIRPLANES OF ENEMY IN MAY

London, June 14.—The Evening Standard learns on high authority that the official communications for May give a total of 398 German machines brought down by British airmen, 20 brought down by anti-aircraft gunfire, and 100 driven down out of control, making a total of 518 airplanes destroyed or damaged.

In addition, seven observation balloons were destroyed.

GERMANY FEARS PEACE

The crowd that at noon every day drops into the pool room to read the war bulletins has this last few days taken on the tone of a crowd awaiting at the doors of a hospital in which lies a distinguished personage in grievous shape, and every day lately the bulletins have run: "Resting easy, but no better." Tomorrow or Monday it is very ardently hoped they may read: "Much easier and still holding his own." And so long as the Allies continue to hold their present line without a disastrous break we ought to feel full of content and hope for the immediate future. For the longer the Allies are able to present a bold front the weaker in men and supplies the enemy must become, and when, in the wise opinion of Commander-in-chief Foch the enemy has sufficiently reduced himself by his series of furious onslaughts, then the Allies will take the offensive, and the crowds at the bulletin board will grow larger every day and will take on the character of noontide celebrations of victory.

But that may not be next week or even next month; for it must not be forgotten that the Kaiser is now at his last ditch. He must win a complete victory where he now stands, or personally face Elba or something worse. He has so far burned his bridges behind him that to him and the rulers of Germany peace has become a word of fear. Unless they can not only win but win a dazzling prize at the same time, the case of Germany is indeed hopeless.

The basis of this cringing fear of peace is best told in figures, and it will help to explain why Germany is now frenziedly throwing her armies against the Allies without a single pause to consider the cost. Figures compiled from official statements by the Federal Reserve Board show that the war debt of Germany and Austria-Hungary at the end of May totalled thirty-nine billion dollars, to which has to be added eight million dollars of paper money outstanding,

MAGIC BAKING POWDER
CONTAINS NO ALUMINA

MADE IN CANADA

E.W. GILLETT CO. LTD.
TORONTO, CANADA
WINNIPEG MONTREAL

against which they hold in metallic reserve less than seven hundred millions. And imagine the rapid rate at which this total debt increases daily. The situation is one of blank hopelessness unless the Kaiser's armies should achieve his single aim and ambition in the war to steal an enormous amount of valuable loot.

The Kaiser may think so but we know that even if he does break through the present Allied cordon and win his way to Paris that does not necessarily end the war. England would first have to be reduced to a devastated Belgium, and the great city of New York levied to the ground, before the Kaiser can hope to realize from his spoils of war.

The German rulers fear peace more than anything else. If peace comes this year the Central Empires will have to deal with war obligations amounting to nearly half the estimated wealth of those nations at the beginning of the war. Since then liabilities have multiplied, assets have shrunk. To a greater extent than any other nation German industry was based on foreign trade, and nearly all of this was destroyed over three years ago. That is why the Germans fear peace. Even in peace they face a fearful reckoning. Governments have survived defeat on the battlefield. But there is no case in which a government has survived bankruptcy. There will have to be a receivership appointed, to dole out its meagre available assets to the huge horde of hungry creditors.

"THE ADVENTURES OF CAROL"

"Madge Evans is the best kiddie actress on the screen today." This is the statement made by a prominent movie critic regarding the famous little World's kiddie star. Madge fully and completely lives up to this high praise in "The Adventures of Carol," her newest World-Picture Brady-Made. She is called upon in this new production to portray a great

variety of emotions and, splendid little actress that she is, she carries everything off with supreme ability.

As befits Madge's merit as an actress, a brilliant company of screen artists has been assembled in her support. Also great scenic effects have been secured to add to the interest of the attraction and an exceptional wonderfully interesting, wholly unusual story has been secured. Believe us when we say that "The Adventures of Carol" will satisfy you and entertain you as few pictures have done and it will leave a mighty pleasant taste in your mouth, too. See "The Adventures of Carol" tonight at the Westholme Theatre.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-LIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-lives" are taken to correct Constipation.

"Fruit-a-lives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 30c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

PATENTED

Fast Heating Hot Water Coil

Costs \$20.00 all connected up complete and guaranteed for one year. Orders will be received at this price up to May 15—After that the price will go up. At the present price of material, ask your plumber for a price to make an ordinary coil, connect it up and guarantee it for one year, and see then compare prices and judge for yourself.

As all here before existing agreements between the other plumbers and myself have expired, I hereby revoke any permits to anyone to make and install same, excepting—STEEN & LONGWILL—during my absence—Will positively prosecute infringements.

HARRY HANSON THE BURN PLUMBER

THE "WHY" IN ICE CREAM

"Why does making ice cream keep down the price of milk?"

Because it steadies the supply of milk throughout the year.

The largest demand for ice cream comes between May and October, exactly when there is a surplus in milk and fewer customers to use it, as so many city people go into the country.

The farmer keeps the same number of cows summer and winter, but the supply of milk is greater in the summer months.

By his contracts the milk dealer has to take the surplus from the dairy farmer. He could not get over the glut in the market without loss if he did not turn to ice cream making. Any loss in summer he would have to make up by an increased price of milk in winter.

It requires 300 pounds of milk churned into butter to give the same returns as 200 pounds made into ice cream. Fifty per cent. of all ice cream is consumed as dessert, and thus really takes the place of other goods. If the summer surplus of milk were churned for butter only the price to the farmer would drop and he would reduce the number of his cows. This would mean a scarcity of winter milk, and scarcity means added price to the consumer.

Revenue from ice cream, after all, comes for six months from those best-able to afford it. Yet the benefit of a steady price of milk for twelve months is shared by all. Relatively, the benefit is greater to the man with the small wage.

The Food Board has restricted the amount of fats in ice cream to 10 per cent. Ice cream has a food value, but it is chiefly a luxury. We utilize its luxury value in war time best by steadying the all year round price of milk.—Canada Food Board.

Appendicitis Operations Not Always Necessary

Internal Bathing Relieves the Cause

Your physician will tell you that Appendicitis is an inflamed condition of the little sack called the Appendix at the lower right-hand corner of the Colon or large intestine. By cleansing this Colon with purified warm water by the "J. B. L. Cascade" this sack is cleaned and the inflammation subsides. Hundreds of operations have been avoided by using the warm water cure for Appendicitis. Mr. Jas. McLaughlin, 91 Evanston street, Winnipeg, writes:—

"I had spent over fifty dollars with doctors trying to cure Appendicitis. Finally the doctor said I must go to the hospital at once for an operation. Your advertisement interested me. I bought a 'J. B. L. Cascade,' which relieved me at once, and am now completely cured. Never felt better in my life; all pain and soreness gone, and I eat and sleep like a boy. I am grateful to Dr. Tyrrell for this wonderful health-giving invention."

95 per cent. of all human ills are caused by accumulated waste in the Colon. Internal Bathing with the "J. B. L. Cascade" keeps this large intestine as free from all waste and as clean as nature demands it should be for perfect health.

ASK CYRIL H. ORME, Druggist, corner 3rd Ave. and 6th St., for booklet called "Why Man of Today is Only 50 Per Cent. Efficient." It is free. He will also be pleased to show and explain the "J. B. L. Cascade" to you.

NOTICE OF CANCELLATION OF RESERVE

Notice is hereby given that the reserve existing on that portion of Lot 1438, Queen Charlotte District, surveyed and known as Lot 2810 by reason of a notice appearing in the British Columbia Gazette of December 27, 1907, is cancelled for the purpose of leasing said Lot 2810, Queen Charlotte District, to the British Canadian Lumber Corporation Limited for saw mill purposes.

G. R. NADEN, Deputy Minister of Lands, Department of Lands, Victoria, B. C., 15th May, 1918. 322

LAND REGISTRY ACT.

(Sections 36 and 134.) Re Application No. 9822-1

TAKE NOTICE that application has been made to register John E. Berg of Ketchikan, Alaska, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, B. C., more particularly known and described as Lots thirty-eight (38), and thirty-nine (39), Block thirty (30), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John E. Berg.

AND WHEREAS on investigating the title it appears that prior to the 13th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof.

FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John E. Berg, unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 27th day of December, A. D. 1917.

H. F. MACLEOD, District Registrar of Titles, To Walter McLaren, Nampa, Idaho.

NOTICE OF ASSIGNMENT

NOTICE IS HEREBY GIVEN that Frank A. Stevens, of the City of Prince Rupert, in the Province of British Columbia, carrying on business as the Stevens' Cigar Store, did on the 8th day of May, A. D. 1918, assign to Herman Hill, agent, Prince Rupert, British Columbia, in trust for the benefit of his creditors, all his real and personal property, credits and effects, which may be seized and sold under execution, which assignment is dated the 8th day of May, 1918.

AND NOTICE is further given that a meeting of the creditors will be held at the law offices of Messrs. Patmore & Fulton, Scott Block, Prince Rupert, on the 27th day of May, 1918, at the hour of 3 o'clock in the afternoon, for the purpose of giving directions for the disposal, or continuing the business of the estate.

AND notice is further given that the assignee will, on and after the 8th day of June, 1918, proceed to distribute the assets of the said Frank A. Stevens among the persons entitled thereto, having regard only to the claims of which he shall then have notice, and he will not be held responsible for the assets or any part thereof, so distributed to any person of whose claim he shall not then have had notice.

DATED at Prince Rupert, B. C., this 9th day of May, 1918. HERMAN HILL, Assignee.

The Daily News delivered by carrier, 50 cents per month.

5,000,000

8,000,000 cards to be filled out.
5,000,000 certificates to be issued.
150,000 workers to be enlisted.
25,000 registration booths to be operated.

Registration a Stupendous Task

One Day - SATURDAY - June 22nd

The task undertaken by Canada to register every male and female, British or alien, of 16 years and over, residing in the Dominion, is of stupendous proportions. The machinery that has been created is most comprehensive in its scope, and the information procured through this registration will be in such form as to make it possible for Canada to mobilize every available unit of human energy, either in the "First line of defence" or at home in support of her Allies.

Five million people will have to be registered in one day. It is estimated that one hundred and fifty thousand workers will be required to take this registration, or an army five times the size of the first Canadian contingent.

It will require at least six minutes to register one person. A Deputy working continuously can take only ten registrations per hour, or eighty for an eight hour day. On Registration Day the booths will be open fifteen hours; the Deputies therefore will have to work in two, possibly three shifts.

In order to make registration convenient and easy, 25,000 places of registration will be established throughout Canada, with from one to twelve booths at each place. The location of these booths will be advertised by Proclamation and through the local press.

Canada will be divided into 230 districts, each in charge of a Registrar, who is instructed to surround himself with a competent staff of deputies and assistant deputies in whatever numbers the work may require.

Volunteer Workers Urgently Needed

To carry out this vast programme efficiently and completely, intelligent voluntary helpers are essential. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the patriotism of every Canadian man and woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants. Interpreters of all languages will be required. Those qualified should apply to the Registrar of their district at once.

Issued by authority of
Canada Registration Board

Superintendent of Registrars—C. E. Mahon, 45 13th Avenue W., Vancouver, B.C.
Registrar for Skeena District—O. H. Nelson, Prince Rupert, B.C.

WATER NOTICE (Use and Storage).

TAKE NOTICE that George H. Boulton, whose address is Port Clements, B. C., will apply for a licence to take and use 5,000 gallons and to store 50,000 gallons of water out of an unnamed creek which flows northerly and drains into Ferguson Bay, Masset Inlet.

The storage dam will be located at a point about 500 yards from the mouth. The capacity of the reservoir to be created is about 50,000 gallons and it will flood about 0.25 acres of land. The water will be diverted from the stream at a point near the dam and will be used for steam purposes upon the land described as Block 35, Lot 745.

This notice was posted on the ground on the 19th day of May, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed at the office of the Water Recorder at Prince Rupert, B. C.
