## AUSTRIANS SUFFER HEAVILY IN ATTACKS

### ALLIED AIRMAN HARRASS THE AUSTRIANS--VIENNA CLAIMS MANY PRISONERS

#### ALLIES' COUNTER-ATTACKS INFLECT BLOODY DEFEATS UPON AUSTRO-HUNGARIANS

ALLIED AIRMEN DO GREAT EXECUTION AMONG MASSED RANKS OF ENEMY--BOMBS DROPPED UPON MASSES OF ADVANCING TROOPS

(Special to The Daily News.)

Rome, June 19.—Checking the onslaughts of the Austrians at all points, and counter-attacking furiously, the Italian, French and British troops are inflicting a series of bloody defeats upon the enemy, says an official communique issued from the Italian war office last night.

##### Another Failure.

Blocked at all points, the Austrians have shifted their heaviest attacks on the Piave river line to the eastern portion of a hundred mile battle line. News from the various official sources this morning insist that the Austrians have suffered severe defeats and that the heralded offensive bids fair to develop into an ignominious failure. Where the British are holding their front line the enemy infantry are being severely attacked by machine guns from the allied aviators, who yesterday fired some 25,000 rounds into the massed troops and cast three hundred bombs into their ranks. Heavy losses were thus inflicted upon the enemy, the statement reads, and at the same time the British casualties were light.

##### Aviators Active.

London, June 19.—"Uncertain weather interfered with our operations since Sunday," says an official statement on the work of the aviators. Enemy aircraft were active at times on the northern portion of the British front, and in the French zone. Eleven hostile machines were destroyed in the air fighting, nine being disabled. One German balloon was shot down in flames, in addition to one hostile machine shot down and another driven down out of control by the anti-aircraft gun-fire.

##### Claims Many Prisoners.

London, June 19.—The Austrian war office says that the number of prisoners has now increased to 30,000 and 120 guns, in addition to mine throwers, machine guns, and war material. The prisoners taken at one point on Monday night by the Italians aggregated 1550, which would bring their total and those of the allies well into the neighborhood of five thousand.

##### The Enemy Held.

Rome, June 19.—The Italian war office announced that the enemy everywhere is being held along the Piave. On the crucial sector of the Montello plateau, which bars the way from the northeast to the Venetian plains, the Italians have strengthened their positions on the northern edge of the plateau, and repulsed two enemy attacks to advance on the northern border.

##### Lacking Success.

London, June 19.—The Austrian pincers are not closing up with the precision of last October when they forced back the Italian armies of General Cadorna from

the Julian Alps to the Piave river, and from the northern mountain region to the plains of Venetia.

##### Concedes No Gains.

London, June 19.—Vienna does not concede to the Allies any gains of ground in the mountain region. Concerning the fighting along the Piave, it asserts that the Austrians have gained some ground at numerous points, and that the battle is following its intended course.

##### Playing Bridge.

London, June 19.—Unofficial advice is to the effect that the Austrians have thrown fourteen bridges across the Piave along a front of about fourteen miles, between the Zenson loop and the Coneghe railway bridge. The Italians are severely engaging the enemy at all points, and have the pontoons under gun fire.

##### "BARNEY" JOHNSON IS ON THE COAST FOR LEAVE

Lieutenant-Commander Johnson was master-in the B. C. coastwise service after he had done his deepsea time and he brought the trawler Roman, now sunk, to this coast. For some time he was commander of the G. T. P. liner Prince Rupert and then he was appointed a Vancouver pilot.

When war broke out in August, 1914, Lieut.-Commander Johnson was on duty at the pilot station at Point Atkinson. As soon as he could reach Vancouver he reported at the drill hall and joined up with the Royal Naval Canadian Volunteer Reserve. At Esquimalt he soon attached himself to the submarine service and held command of one of the two divers which scoured off the German Pacific squadron from entering the Straits. Then he was sent east and he next "bobbed up" at an English port, having taken a submarine right across the Atlantic.

He served with this submarine for some time and had a thrilling experience off the German coast when his craft struck a mine while submerged at sixty feet. He got her to the surface and home to a British port. After some months the press bureau released a story on this particular submarine. Then he was given command of a bigger and newer diver and last November was awarded the D. S. O. The particular deed for which he received this distinction has not been learned.

"All you can say about me, my lad," he told the Vancouver press, "is that I am home on three weeks leave, that my rank is lieutenant-commander, and that I was awarded the D. S. O. last November."

##### APPEAL DISMISSED

In the appeal case in which the city appealed from the decision of Magistrate Caras, the appeal was dismissed with costs. The case had to do with a certain quantity of liquor found behind a stump and in which Pearl or Myrtle Woods was charged with having liquor contrary to the prohibition law. In his decision his honor made reference to the fact that the evidence came from a Chinaman and there seemed to be a reasonable doubt as to the desirability of the evidence for law enforcement and hence there seemed a lack of evidence that the accused was guilty, and so judgment was accordingly rendered.

#### ANNIHILATION IS MUCH PREFERABLE TO DISHONORABLE PEACE

(Special to The Daily News.)

Rome, June 19.—That annihilation is preferable to a dishonorable peace, was the declaration of Premier Orlando in addressing the Italian Chamber of Deputies yesterday.

"The Government will neglect no opportunity of concluding a just and honorable peace, but not a single possibility of such a peace has yet shown itself," he said.

##### THE POLICE COURT

Quite a large number were up in the police court this morning, chiefly under the Idlers Act, and the magistrate had to give warning that the government expected that people should be employed in useful occupation in this time of stress.

Harry Laselle was in the court this morning to answer to the charge of having liquor in his possession. This was the case in which a quantity of fermented material was found in the basement of the Empress Theatre. The case was adjourned for one week.

Mr. J. Miller of the Empress Cigar store was in the court this morning charged with having liquor in his possession. There was found a quantity of cider which when analysed was found to contain about 7 per cent. He said he purchased it from a local wholesale house and did not know that it was intoxicating. The matter was left over for a week to listen to further evidence.

Dennis Benjamin was further remanded this morning by the court.

John Pellicano's case was left over for a week.

M. S. Trimble was given until Tuesday by the court to find a suitable form of employment.

Michel Roach is out of town temporarily and his lawyer appeared in his behalf. The case was left over for a week.

The police reported that James Tremblay was out of the city.

##### JEW IN COMMAND OF AUSTRALIAN ARMY

London, June 18.—Major-General Sir John Monash has been promoted to the rank of Lieut.-General and given full command of the Australian army corps. This is the highest position in the British army a Jew has ever had.

##### EVERYONE MUST REGISTER

Registration is compulsory under the regulations of the Canada Registration Board, which is fixed for June 22nd. As many as possible should take advantage of the permission given to register before the date fixed. The Red Cross hut on Third Avenue has been placed at the disposal of the Registration Board and will be open from 2 until 6 in the afternoon and from 7:30 until 9:30 in the evenings to accommodate those who wish to register.

Deputy registrars who will take registrations at their offices and include, John Matheison, Cold Storage; R. M. Walker, Seal Cove mill; J. L. Christie, Stewart & Mobley; John Barnsley, Union Steamship office; N. Abercrombie, Rupert Marine Iron Works; John Dybbavn, and Fred Peters, City Hall.

#### U.S. STEAMER SINKS GERMAN SUBMARINE

(Special to The Daily News.)

An Atlantic Port, June 19.—The members of the crew of a United States steamship arriving here today reported an engagement with a German submarine off the Virginia Capes yesterday. The naval gunners on board the ship made a clean hit, and either sunk the submarine or disabled her. The United States vessel was not damaged.

#### WESTHOLME THEATRE GETS NEW MACHINE

On exhibition in the store next to the theatre before being installed is to be seen the very latest model of a moving picture machine. This instrument is the very last word with regard to moving pictures and is the second of its kind to reach the Pacific coast. In order to give the public the best that can be got, the Westholme people, at considerable cost, have secured this new machine, which will be in use in a day or two. The flickering of the pictures, which sometimes happens, even in the best of reels, will be largely reduced by its means, and the best that modern science can do in the world of filmdom will be available for Prince Rupert audiences.

##### JULY 1ST SPORTS

The sports committee for the celebration on July first met last evening. There was a full attendance, when the programme for the occasion was drawn out. It is proposed to have the opening ceremony at the government buildings at 10 a. m., where the parade will be marshalled. This is expected to be the largest one ever. There are expected to be between forty and fifty automobiles and floats, suitably decorated, in line, and they will proceed to Market Place, where the children's sports will take place at 11 a. m. Later at the Acropolis grounds, Indian and open sports will be held at 1:30, where in the afternoon, ball games, baseball and football will be played. The committee is working energetically on their programme, and everything points to this occasion being one of the most successful.

##### WEDDING BELLS

This morning at 6:30 a popular couple were united in matrimony by Father McGrath at the Catholic Church. The bride was Miss Louise Astoria, formerly of the staff of H. S. Wallace & Co., and the groom Mr. Charles Balagno of the Westholme Theatre. The bride was becomingly gowned in white satin dress with veil and was attended by Misses Palmira Astoria and Mary Astoria, gowned in pink crepe de chene. The groom was supported by Mr. Richard Moore. After the ceremony the bridal party sat down to a dainty breakfast at the home of the bride on Fourth Ave. Many beautiful presents were received by the happy couple, testifying in no small measure to the high esteem in which they are held by a wide circle of acquaintances.

The groom's gift to the bride was a beautiful pearl necklace, and to the bridesmaids a cameo ring and a cameo necklace, and to the best man a cameo stickpin. The couple left on the G. T. P. for a short trip to southern points and upon their return will live for the summer in the apartments on Fifth Avenue formerly occupied by Mrs. Sweet.

Mr. John Vaughan and bride sailed for the south this morning.

#### AUSTRIAN MASSED ATTACK BROKEN BY FRENCH TROOPS

ALLIED LINE MAINTAINED INTACT AND SEVERE LOSSES INFLECTED UPON ENEMY--ASSAULT IS COMPLETELY BROKEN UP--PRISONERS AND WAR MATERIAL CAPTURED

(Special to The Daily News.)

##### CHANGES IN G. T. P. STEAMER SAILINGS

Owing to alterations in the railroad and steamship services, which come into effect on Sunday, the 23rd inst., the G. T. P. steamer Prince Rupert will not sail to Alaska on Saturday first as usual. Arriving here Saturday morning, she will turn round here and sail again for Vancouver and Seattle at 9 p. m. on Sunday. This alteration is made necessary in order to fit in with the new schedule, and the Alaskan sailings will be kept up regularly thereafter during the summer months.

##### COMPENSATION BOARD COMMISSIONERS COMING

Mr. Parker Williams and Mr. Wynne, of the Workmen's Compensation Board, are paying a visit to Central British Columbia and are today at Hazelton. They came up via the Canadian Northern to Prince George, where they explained the workings of the Board, and also arranged for medical services. After holding meetings at Hazelton, they expect to arrive in Prince Rupert on Thursday night. Certain arrangements may be made in this city before these gentlemen proceed to other coast points.

##### LOCAL NEWS ITEMS

Mr. Tom Sherman was among the arrivals back in the city this morning.

The registration offices are busy since opened and there seems to be good ground for the belief that the people are assisting the officials in registering in as far as it is convenient before the day appointed.

Mr. J. E. Oppenheimer of Butte, Montana, arrived in the city this morning by the Prince George. Mr. Oppenheimer is interested in the Roche de Boule mine near Hazelton, and left by train this morning on a visit to the mine.

A Ford tractor has arrived in the city for Mr. J. C. K. Sealy, who has a ranch near Smithers. This is the first implement of this character to be used in this north country and should be a valuable addition to the splendid ranch of Mr. Sealy.

A very enjoyable dance was held last evening in the Seal Cove school under the auspices of the Red Cross. The music was furnished by Mrs. Wells, Mr. Balagno and Mr. Stilwell, for which the society is grateful. Mr. Dyer also kindly gave his services free. An account tomorrow of the total proceeds will be furnished.

Lieutenant Commander Barney Johnson, D. S. O., has arrived in Vancouver from overseas on furlough. For long one of the most popular of the G. T. P. skippers on the coast as Captain Barney Johnson, Lieutenant Commander Johnson, D. S. O., will be welcomed back again. It is likely that on his return east he will travel via the G. T. P., when his many friends here will have an opportunity of seeing him once more.

Paris, June 19.—The great drive by the troops of the Central Empires upon the Italian front is continuing with unabated fury, although the situation is viewed confidently and hopefully by the Allies. The French line which is in the Mont Grappa region to the eastward of the Asiago plateau, has been the scene of the latest effort of the Austro-Hungarian troops in their attempt to break through. The French positions after being violently bombarded, were attacked by the Austro-Hungarian troops in their favorite massed formation. Wave after wave of the enemy poured over on to the trenches of the French soldiers, who mowed them down in wide swathes. The French gunfire, both machine gun and rifle, backed by their 75's, completely broke up the enemy assault.

Line Maintained. Everywhere the French troops maintained their line, and tremendous destruction was wrought in the ranks of the Austrians, as well as many prisoners being taken captive. The French were successful in capturing large quantities of the war material belonging to the enemy. The casualties suffered by the enemy were so severe that in front of one French regiment alone more than six hundred Austria-Hungarian corpses were buried.

News for Home. Vienna, June 19.—The number of prisoners taken by the Austro-Hungarian forces in the drive on the northern Italian front has been increased to thirty thousand. The number of guns captured number one hundred and thirty.

##### THE JUDGMENT HOUSE

In "The Judgment House," produced on a lavish scale by J. Stuart Blackton, the harmonious blending of the talents of writer and producer will be happily manifested. "The Judgment House" is one of those absorbing dramatic stories which lends itself exceptionally well not only to the printed page, but it also makes a powerful subject for cinema representation.

"While I conferred almost daily with Sir Gilbert Parker over the production of 'The Judgment House,'" said Commodore Blackton recently, "I discovered that he puts something of his own nature in his book. I regard 'The Judgment House' as one of Sir Gilbert Parker's most notable novels. It is a strong story which lends itself exceptionally to the screen. At the Westholme tonight you will have the extreme privilege of seeing this production and you will not be disappointed in the revelation on the screen.

## THEIR NEXT WAR

Prominent Prussian military men and writers are talking and writing about the "next war." Indeed, General Baron von Freytag-Loringhoven, the Deputy Chief of the German General Staff and the foremost military writer in Germany, discusses the present terrible condition as though it were normal and highly desirable. But Prussia's war maniacs suffer from an incurable inability to realize that the rest of the world is determined that there shall be no next war and that the present conflict will be continued until Germany has been placed in such a position that she will have neither the desire nor the power to precipitate another such horror upon civilization.

On this point the Allies are agreed and their determination is strengthened by the knowledge that on their side are forces which when brought to their maximum strength will be irresistible. Yesterday in an address in Schenectady, Secretary Lansing said that the present task "will not be left half done. We must not transmit to posterity a legacy of blood and misery." This determination is something the Prussian militarists cannot understand for to them war is quite a desirable thing to transmit to posterity. It never seems to dawn upon them that they will not be allowed to retire from this conflict and prepare for another foul blow as it suits them.

## The Co-operation of Capital and Labor.

It is a sign of the times when the president of the Canadian Manufacturers' Association pleads for some "method of union" between capital and labor. Carlyle's warnings against a society built on a cash nexus are being taken to heart.

Mr. S. R. Parsons neatly sums up in a quotation the present relations of capital and labor. "In the world of industry," he says, "the employees exclaim too much, po-

litical economy teachers proclaim only a bias and politicians only declaim."

All of which is true and fairly representative of the case as it stands. Therefore, Mr. Parsons urges the practical co-operation of capital and labor "in the interests of all concerned."

The suggestion is today being worked out in Great Britain. Industries are being organized there with Joint Industrial Boards representative of employers and employees. Through such media capital and labor will come together, discuss their common problems, settle working conditions, revise wages, and in general deal with all those questions which are at present left only to the arbitrament of a strike.

Whether such a system of co-operation can be transplanted to Canada is yet to be ascertained. The spirit of suspicion between capital and labor, the clash of divergent interests, cannot be abated in a day. But some small gain is made, however, on the path of industrial peace and co-operation when the need for that peace and co-operation is so publicly recognized.

## USED CAN OPENER ON STRAY MINE

London, June 17.—A miraculous story of how a South African farmer, finding an unexploded mine on the seashore, opened it with a can opener, set afire the charge of explosive it contained, and lived to tell the tale has been received by the admiralty.

The farmer was walking along the beach with his son when he found the mine. He took it for a new kind of boiler used in wireless telegraphy, and proceeded to investigate it with all the curiosity of a child.

With a can opener he pried open the primer of the mine. Then he took a hammer and a chisel and knocked off the "horns." After unscrewing a brass cap and some pulley wheels, the two rolled the mine into the sea, filled it with water and screwed back the brass cap.

As they lifted the mine into

their cart to take it home, a substance resembling brown tar trickled out. They didn't know it, but it was "T. N. T." trinitrotoluene, a most deadly explosive, which had been softened by the sun.

They lighted the substance with a match "to see if it was tar." The result so frightened them that they lit out for home. The flames rose 200 feet, so badly scaring the inhabitants of the coast that many of them fled to the woods.

The frightened farmer ran to a constable and brought the officer back to see the sight. The constable didn't know what the thing was, either, so he rolled it into some weeds and notified a British warship in the harbor. Not until an officer arrived from the ship was it known that the mysterious article was a mine.

Naval officers are at a loss to understand why the Boer farmer was not blown to pieces.

## Insomnia Cured Without Drugs

### Internal Bathing Relieves the Cause

If you do not sleep there is always some cause. Don't start dosing with drugs. Nerves can't consume them. Relieve the cause and a good, sound sleep will be the result.

The system cannot be right if the Colon or large intestine is not kept clean and free from all waste matter. Bathe internally if you want perfect health.

Mr. F. C. Voigt, Rapid City, Man., writes:—"For several years I suffered from indigestion, nervous debility, insomnia and constipation. Had no appetite, and doctors did not expect I would live throughout the winter. Your book interested me. I got a 'J. B. L. Cascade' and in a few days obtained remarkable results. I now sleep and enjoy my meals better than for years before. I regard the 'J. B. L. Cascade' as a Godsend to me."

The "J. B. L. Cascade" is a perfected appliance for internal bathing, invented by Dr. Chas. A. Tyrrell of New York, and has been the means of restoring thousands to perfect health. It is shown and explained by Cyril H. Orme, Druggist, cor. 3rd Ave. and 6th St., who will be pleased to give you an interesting book called "The What, The Why, The Way of Internal Bathing" on request. Ask for it.

Pre-emption now confined to surveyed lands only.  
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.  
Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption, with necessary improvements on respective claims.  
Pre-emptors must occupy claims and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.  
Where a pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.  
Records without permanent residence may be issued provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.  
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.  
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.  
For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

### PRE-EMPTIONS: FREE GRANTS ACT.

The purpose of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

### TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.  
For information apply to any Provincial Government Agent or to  
G. R. NADEN,  
Deputy Minister of Lands,  
Victoria, B. C.

## RED CROSS NOTES

The returns from the drive for membership are not all in yet so the figures are not available, but so far five new life members are reported, as follows:—Mrs. W.T. Kergin, Mrs. Starr, Mrs. Cade, Mr. Max Heilbronner, and Mr. Bazzel-Jones.

The Alice Arm branch has sent a cheque for \$44, which is acknowledged with thanks.

Port Essington, which is a branch of a few months, reports sixty-five members already enrolled, which speaks well for the future of the work in this busy fishing centre.

A Red Cross library will be started in this city at an early date. Mrs. W. P. Hinton, wife of the general manager of the G. T. P., is very kindly donating this addition to the work of the society. Mrs. Backus will be in charge—probably in the hut on Third Ave. As soon as the books arrive more particulars will be forthcoming.

The ladies in charge of the supply department are in urgent need of heavy woollen material suitable for trench caps and invalid slippers. This could be left at the Red Cross rooms or at the Baptist church any Tuesday afternoon.

The sale this week will be held in the hut on Third Avenue and will be in charge of the Adair Carss Chapter I. O. D. E. The sale last week realized \$71.50.

The articles donated and won are as follows:—Mr. J. L. Christie tin of coffee, won by S. E. Parker; Mrs. L. R. Parry, box of sugar, won by Mrs. LaFortune; Mrs. H. S. Parker, hand-painted collar, won by J. N. Sinclair; Family Shoe Store, slippers, won by Miss F. Hanson; Miss M. Meyers, berry set, won by C. W. Embleton; L. O. Grothe Co., (Montreal) cigars, won by T. Lund; Miss Fay Hanson, sack of flour, won by Mrs. F. Hart.

### LAND REGISTRY ACT.

(Sections 36 and 134.)  
Re Application No. 9822-1

TAKE NOTICE that application has been made to register John E. Berg of Ketchikan, Alaska, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, B. C., more particularly known and described as Lots thirty-eight (38), and thirty-nine (39), Block thirty (30), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John E. Berg.

AND WHEREAS on investigating the title it appears that prior to the 13th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof.

FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John E. Berg, unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 27th day of December, A. D. 1917.

# Woman's Outlook on Canada's Future

THE splendid spirit and patriotic endeavour of Canadian women has been one of the outstanding features in Canada's war effort. They have unsparingly given of their time and energy in the interest of the Red Cross and innumerable other activities which have come as a result of the war. Thousands of Canadian women have been anxious to devote part, if not all of their time, in directions where their work would prove of advantage.

Registration will be the means of bringing to these women the opportunity they have desired.

The purpose of registration is to learn the exact capabilities of Canadian men and women, and the information gained through registration will make it possible for Canada to direct effort from less essential to more essential occupations and to widen the scope of woman's usefulness.

## Every Woman

On June 22nd, every woman of sixteen years and over must attend at one of the places provided for registration between the hours of 7 a.m. and 10 p.m. and there truthfully answer all questions set forth upon the registration card. Failure to register means heavy penalties—as Registration is law.

## Volunteer Workers Needed

The registering of 5,000,000 people in one day is a stupendous task, and voluntary helpers are urgently needed. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help. The Board appeals with confidence to the

patriotism of every Canadian woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants. Those willing to offer their services should apply to the Registrar in their district.

Issued by authority of  
Canada Registration Board

Registrar for Skeena District—O. H. Nelson, Prince Rupert, B.C.

DROP a little LUX into hot water. Stir it about. Instantly it dissolves, giving a thick, creamy lather. Drop in the garments and move them about. When clean, rinse in 2 or 3 relays of fresh warm water—press out the water and dry.

What happens? Your clothes are exquisitely clean and NEW. Nothing matted or shrunken. Colors gleaming and unfaded. Why? Because LUX—silken little flakes of soap—is pure essence of soap and cannot harm

## Don't Send Money in a Letter

WHEN you send subscriptions to magazines, or order goods out of town, or pay small accounts at a distance, do not place the actual cash in the envelope. Thousands of dollars are lost every year through fire, robbery or mis-direction. Use the Bank Money Orders, issued by this bank. They are payable in Canada and the United States in any sum up to fifty dollars.
