## AUSTRIAN FORCES ARE DIVIDED ON PIAVE

### BIG ITALIAN SUCCESS WHEN ENEMY FORCES ROLLED UP--WESTERN FRONT QUIET

#### ITALIAN TROOPS GAIN BIG VICTORY ON PIAVE RIVER

**AUSTRIAN DRIVE HAS COLLAPSED AND INITIAL GAINS CRUMBLING AWAY--ENEMY FORCES SPLIT AND ARE BEING PUSHED BACK--ITALIANS TAKE FULL ADVANTAGE OF HIGH WATERS**

London, June 22.—The Italians have gained a big victory at Nervasa, on the west bank of the Piave river, and are fighting now to complete their success, it has been learned from an authoritative source today. The Italians have hurled the Austrians from this point, re-entering Nervasa. They are now battling to push on to the river, thus splitting the enemy forces again and beginning the first phase of a flanking movement northwestward to cut off the Austrian troops on Montello. An Italian force has already divided the enemy forces a few miles to the southward.

**Drive Collapsed.**  
London, June 22.—The Austrian drive has practically collapsed, and the initial gains are slowly crumbling away. The swelling of the waters of the Piave river, with the resultant loss of twelve of their bridges was a serious hardship for the enemy forces operating on the south side of the river, and the Italians took full advantage of their unexpected good fortune. The troops of General Diaz attacked and divided the troops of Archduke Joseph and General Wurm, and are bringing great pressure to bear in the hope of recovering all the ground on the right bank. Cape Siso is now in the hands of the Italians while the enemy's total gains in the marshes have been reduced to one-third.

**Huge Austrian Losses.**  
Paris, June 22.—The Austrian losses in their offensive on the Italian front exceed 120,000, according to a report received here from Rome.

**Fine Action.**  
Rome, June 22.—The statement issued by the Italian War Office says: "On the Montello, the attacks of the enemy continued strongly, but everywhere he was held by our troops, who counter-attacked. The Pisa Brigade and the 29th and 30th regiments advanced with admirable élan and captured 400 enemy prisoners, and a number of machine guns. They wrested intact from the enemy intact two of our batteries of medium calibre, which were promptly put into action against the enemy."

**The Austrian Statement.**  
Vienna, June 22.—The Austrian official communication says: "Yesterday the enemy continued his attacks with undiminished violence to wrest from us the successes we won west of the Piave. His efforts again were in vain, and all his assaults were broken down."

If we can't go to the front to fight, we can gather sphagnum moss for dressing the wounds of those who are there.

Mr. H. S. Phillipson, foreman machinist at the drydock plant, is leaving the city, with Mrs. Phillipson and family for Halifax, N. S. They hope to leave here for the Atlantic coast next week.

The fishing boats in today are the Rensel, with 17,000 lbs. halibut, and the North Star with 16,000 lbs. The last few days have been fine for fishing, and some good catches ought to be coming in soon.

Professor Robertson, of the University of British Columbia, arrived in the city this morning from Vancouver. He is professor of Classics there, and will supervise the university examination at the High School next week.

If you don't care for salmon, the next time you are on the water, just try trolling for black bass with a minnow. The sport is fine, the fish are fresh, more ways than one, and black bass makes a pleasant change once in a while.

Mrs. F. C. Paterson returned to Prince Rupert this morning again on an extended visit to her uncle and aunt, Mr. and Mrs. Heilbroner. Mrs. Paterson—Miss Scammon that was—will spend the time with her relatives while Mr. Paterson is at the front.

The number of launch owners this season in Prince Rupert seems to be increasing, judging by the number of people one meets talking of carburetors and piston rings and such things, who didn't use to talk in such language. What a car is in a prairie town, so is a launch here.

The members of St. Andrew's Society spent a pleasant evening last night in their club rooms, when a hearty welcome was accorded to Pte. Paterson on his return from overseas. Pte. Paterson was one of the active members of St. Andrew's in the old days before the war, when he was employed in the Bank of Commerce branch here. The evening passed pleasantly with song and story. Refreshments were served in the usual fine St. Andrew's style, and the members enjoyed themselves to the limit.

#### TOURIST TRAFFIC IS ENCOURAGED BY EXCURSION RATES

In order to meet the requirements of summer travellers, an arrangement has been entered into between the G. T. P. and the C. N. R. companies for a circular tour embracing Prince Rupert, Edmonton, Calgary, Vancouver, Victoria, Seattle and back to starting point. This trip may be made in either direction, travelling via Prince Rupert and the G. T. P. Railway through the Rockies to Edmonton, and via the C. N. R. from Edmonton to Vancouver, thence back to Prince Rupert by the G. T. P. steamers. The ticket for this round trip costs \$60, while if made over the line of the G. T. P. the cost is \$50 only.

This should prove to be one of the most attractive tours for the people living in the district concerned. For beauty and variety of scenery which an excursion of this kind presents, it cannot be beat in any part of the world, and the moderate price is assurance enough that it will be taken advantage of. Inquire at the G. T. P. ticket office for further particulars.

#### AUSTRIAN PREMIER HANDS IN HIS CHECKS

London, June 22.—Dr. von Seidler, the Austrian premier, left Vienna at midday today for the Austrian headquarters to submit the resignation of his cabinet to the Emperor Charles.

#### GERMAN SUB SHELLS FORMER HUN LINER

An Atlantic Port, June 22.—An American transport, formerly one of the German liners, which returned this week from a French port, was subjected to an attack of shell fire from a German submarine, when two days out from her port of departure.

#### RUSSIA WILL RETURN NO MORE WAR PRISONERS

Moscow, June 22.—Because of a disagreement with Germany concerning the exchange of war prisoners, the Russian War Prisoners College has issued an order to stop immediately the repatriation of all Germans between the ages of sixteen and forty-five.

#### TENDERS WANTED

Tenders are invited for the excavation of earth from lots 9 and 10, block 33, Section 1, according to plans to be seen at our office. McCAFFERY, GIBBONS & DOYLE, Ltd., Real Estate and Insurance, 532 Third Avenue. 118

Services and Sunday School will be held tomorrow at the regular time, in the Swedish Lutheran Church. All Scandinavians are welcome.—G. LINDAU.

#### LITTLE FIGHTING ON THE WESTERN FRONT

London, June 21.—The British official communication issued this evening says: "In last night's raids north of the Scarpe, Scottish troops penetrated the German trenches, inflicting heavy casualties on the enemy garrison and capturing a number of prisoners."

#### Berlin's Report.

Berlin, June 22.—Attacks by United States troops northwest of the Chateau Thierry and by the French west of Noyon were repulsed by the Germans, according to the German official communication issued today. Both the French and Americans suffered heavily and some prisoners were taken by the Germans.

#### PRINCIPAL HUNTER HONORED BY THE TEACHING STAFF

Last evening at the home of Miss Lillian King, the teaching staff of the Prince Rupert schools gathered together to do honor to Principal D. McD. Hunter, of the King Edward School. The occasion was principally to mark in some way the departure of Principal Hunter from his didactic labors at King Edward School, and as a token of the appreciation with which his staff regarded their principal, he was presented with some choice silver.

The presentation was a private and informal affair, being a personal mark of the esteem with which Mr. Hunter is regarded by the teaching staff of the three schools.

#### AT THE WESTHOLME THEATRE

The story of a society debutante, who marries a wealthy Western mine owner for his money, and who comes to love him eventually when she thinks his money is gone, only to have him repulse her, and who secures final happiness in a remarkable manner, is told in "The Woman Beneath," the newest World-Picture Brady-Made film to be shown at the Westholme Theatre this evening. This drama is one of the most delightful that has ever been filmed and the star actress is Ethel Clayton, one of the most charming actresses on the screen. Her role in this play is lovable and entrancing; in fact it gives her one of the best opportunities of her career. The play ends happily for both wife and husband, and it is a thoroughly enjoyable production, an exceptionally good one from all angles. There will also be a fine gazette, and a splendid comedy.

#### NO MORALITY LEFT IN GERMAN PEOPLE

Amsterdam, June 22.—That everybody grabs, steals and cheats in the Fatherland now was the gloomy picture drawn in the Reichstag of the social conditions existing in Prussia at the present day. It was shown that the government officials extort illegal profits, and that even the highest officials were powerless to prevent the rank robbery which was prevailing right through the government service.

Messages received here from Germany and Austria make it clear that the latest troubles over the food situation have never been equalled since the beginning of the war.

#### JUDGE LIMITS WHAT HUMAN NATURE STANDS

Yesterday before his honor, Judge Young in the county court, a charge laid against Mr. Jack McNeil of Telkwa, by Mr. Wm. Croteau was heard. Some difference of opinion had arisen over some business matters, and the plaintiff alleged that he had been badly knocked about by the defendant, being cut about the face and eyes blacked. After the evidence had been led at considerable length, his honor, Judge Young, dwelt upon the foul language that had been used by the plaintiff. "The terms used in some countries where we have been," he said, "would have meant the drawing of a gun, and the foulest epithets that could be applied to a man were used by Croteau."

"It is all very well for us to sit here now," said his honor, "and to say that this man should not have struck Croteau, but it is asking too much of human nature. Yet the law says that McNeil should have walked away when he was insulted, and we have to say that now. But on account of the extreme provocation the charge will be reduced to common assault. Fined \$25."

#### PEACE RIOTS OCCUR IN GERMAN CITIES

London, June 21.—Heavily censored private messages received in Stockholm indicate that peace demonstrations recently were held in Berlin, Hamburg and Cologne and that several workmen were killed and many persons arrested, says a despatch to the Morning Post from Stockholm. The police and military dispersed crowds of demonstrators.

The Berlin Vorwaerts, the German Socialist organ, in announcing the increase of the price of bread to 5 pfennigs per pound, says this price will bring the land owners one billion marks surplus profits and necessarily will be followed by increases in the cost of milk, butter and beef. The Socialist party, says the newspaper, has formally protested to the government on the ground that the increase will be sure to create the greatest of ill-feeling.

#### MR. ASQUITH TELLS GERMANY PLAINLY WHAT HE THINKS

London, June 22.—That Germany was never serious when making her recent tentative offers of peace was the frank answer given by Mr. Asquith, ex-premier of Great Britain, to the suggestion that the present struggle be ended by argument. The present treaties between the allied countries are no barrier to peace, and any bona fide proposals regarding peace terms would be considered upon their merits, he said.

#### STILL MORE SPRUCE WANTED FOR PLANES

Ottawa, June 21.—The Imperial Munitions Board has received a cable from the British ministry of munitions urgently asking that the Canadian output of eighteen-pounder shells be doubled. At present 120,000 shells a week, valued at \$600,000, are being manufactured. If the output is doubled it means an output of 240,000 shells, valued at \$1,200,000.

The Imperial Munitions Board has been making vigorous efforts to increase the spruce output of British Columbia for the purpose of aeroplane manufacture. Since April the output has been quadrupled and 1,200,000 feet a month is now being produced.

#### DUTCHMAN CANNOT STAND HUN FOOD

London, June 22.—The food conditions in Germany are becoming worse. There is great discontent there, owing to the reduction of the bread ration, according to a Dutchman interviewed by a correspondent of The Times at The Hague. The Dutchman had just returned from Essen, where he had been working at the Krupp plant, which he left because he could not stand the food conditions. The German people, he said, feared to grumble openly lest they should be sent to the front.

**The Progress of Prince Rupert.**

The joyful news that in the very near future the bustle and noise and the sight of a busy shipyard in full operation may be confidently expected in Prince Rupert has caused this city to be regarded afresh in many quarters as a very likely spot. The travelling public have come to Prince Rupert in the summer months during the last few years in increasing numbers, and what they have seen here in the way of facilities for the upbuilding of a great city they have not forgotten. People—and people, too, who know what such things really mean—have seen the magnificent harbor available for shipping, they have seen the fine shipbuilding plant ready for work, at the terminus of a transcontinental railway; they have mostly seen most of the mines and have heard of many more with which this part of the province abounds. Proof of the wealth of the British Columbia forests is to be seen in the railway yards as the transcontinental train pulls in, when the cars laden with spruce for aeroplane construction may be seen waiting to be hauled over the mountains. As the days go by, the problematical wealth of this part of the province, which has been talked on in past years gives place as a subject for remark to the actual wealth in natural resources, which has now been proven beyond cavil, and actual proof of the riches may be seen in the railroad cars and on the wharves.

The great valleys of the interior, sparsely settled, and but little cleared are a cause for wonderment on the part of casual travellers and tourists. So much vacant land alongside of railway transportation, and the interminable miles of standing timber waiting to be logged off cannot fail to impress visitors to this interior part of the province.

In the immediately eastern provinces, the eyes of many people are raised above their wheat fields, westwards. They see the barrier of the Rocky

Mountains in the distance, and they have been told that across the mountains, on the coast, it neither gets too hot in summer nor too cold in winter. The prairie farmers know of the rich and luxuriant valleys, with well watered lands, where drought seldom troubles, and ruins the crops, but meantime the lure of wheat at \$2.20 is great.

In Prince Rupert during the last few days the word "if" has been replaced by the word "when." "If the shipbuilding starts" used to be a conditional phrase which qualified many a potential fact. Of late days, however, the adverbial clause of time "when the shipbuilding starts" has taken its place. In most peoples' minds, the question seems to be removed, and the actual fact reduced to a matter of time. There it remains, however. Since the outbreak of war, however, notwithstanding that none of this war business has yet penetrated so far north, the basic industries of this part of the province have flourished, and development has progressed in such a fashion that there can no longer be any doubt as to this city soon being the centre of one of the busiest districts in Canada.

The War-Business lords in the Eastern centres have hogged the war business, and doubtless consider that in so doing they have shown distinct business acumen—in their own interests. British Columbia generally, and northern British Columbia particularly has given generously of its manhood for the fighting ranks, yet to enable the communities in the north to take care of the thousands who have gone away in uniform, and the many more thousands who will return, the distributor of war orders has ignored them entirely, up to the present.

Yet when the opportunity is afforded for the full resources of Prince Rupert to be turned in to winning the war, to those other communities and people who have regarded us as but a little city, we would only say "just watch our smoke."

Good progress is being made with the construction of the new cannery at Port Edward. Built on the waterfront right in front of the site of the Hydro-Electric Company's location, this new enterprise is again causing sounds and sights of bustle and progress on the previously deserted town-site. The boilers have arrived and installed, now being bricked in, and the work of getting the new boats ready for the sockeye fishing is being proceeded with.

**Internal Bathing Relieves the Cause**

If you do not sleep there is always some cause. Don't start dosing with drugs. Nerves can't consume them. Relieve the cause and a good, sound sleep will be the result.

The system cannot be right if the Colon or large intestine is not kept clean and free from all waste matter. Bathe internally if you want perfect health.

Mr. F. C. Voigt, Rapid City, Man., writes:—"For several years I suffered from Indigestion, Nervous Debility, Insomnia and Constipation. Had no appetite, and doctors did not expect I would live throughout the winter. Your book interested me. I got a 'J. B. L. Cascade' and in a few days obtained remarkable results. I now sleep and enjoy my meals better than for years before. I regard the 'J. B. L. Cascade' as a Godsend to me."

The 'J. B. L. Cascade' is a perfected appliance for Internal Bathing, invented by Dr. Chas. A. Tyrrell of New York, and has been the means of restoring thousands to perfect health. It is shown and explained by Cyril H. Orme, Druggist, cor. 2nd Ave. and 4th St., who will be pleased to give you an interesting book called "The Way, The Way, The Way of Internal Bathing" on request. Ex-Mayor McCaffery returned to town this morning by the Prince Rupert after accompanying Mrs. McCaffery and family to Victoria, where they will remain for the summer months.

Mrs. Bryant Newell, of Vancouver, was among the passengers arriving in the city last evening from the south. Mrs. Newell is a sister of Mrs. McMaster, of the teaching staff of King Edward School, and was a resident here some few years ago.

Yesterday expired Mrs. McMaster's term at the King Edward School, and her pupils, in view of her not resuming teaching after the holidays, presented their teacher with a silver butter knife and a large bouquet of flowers. They liked their teacher.

The Princess May arrived in port last evening from the south. Although she has been on the regular run now for several weeks the post office people in Vancouver have not yet connected up with her schedule, and she brings no mail. There are some slow folks in Vancouver.

The masked ball given last Tuesday at Seal Cove in aid of the Seal Cove Red Cross branch was a very happy and successful affair. Fifty dollars was realized for the Society, and everyone attending had a very enjoyable time. The chief interest in the raffles remains with Mrs. H. Steen, Miss Muriel Knighthall, and Mr. Pietri, these being the fortunate winners.

It is your duty as a citizen, to remain in town on Dominion Day.

Don't be a rolling stone tomorrow. Come on and gather moss, for once, anyway.

The Princess Alice is expected in this afternoon from Alaska on her way south.

The Metlakatla Band and baseball team will be in town on Dominion Day to meet all comers.

So far there are few of the Prince Rupert misses who fear getting mussy gathering moss tomorrow.

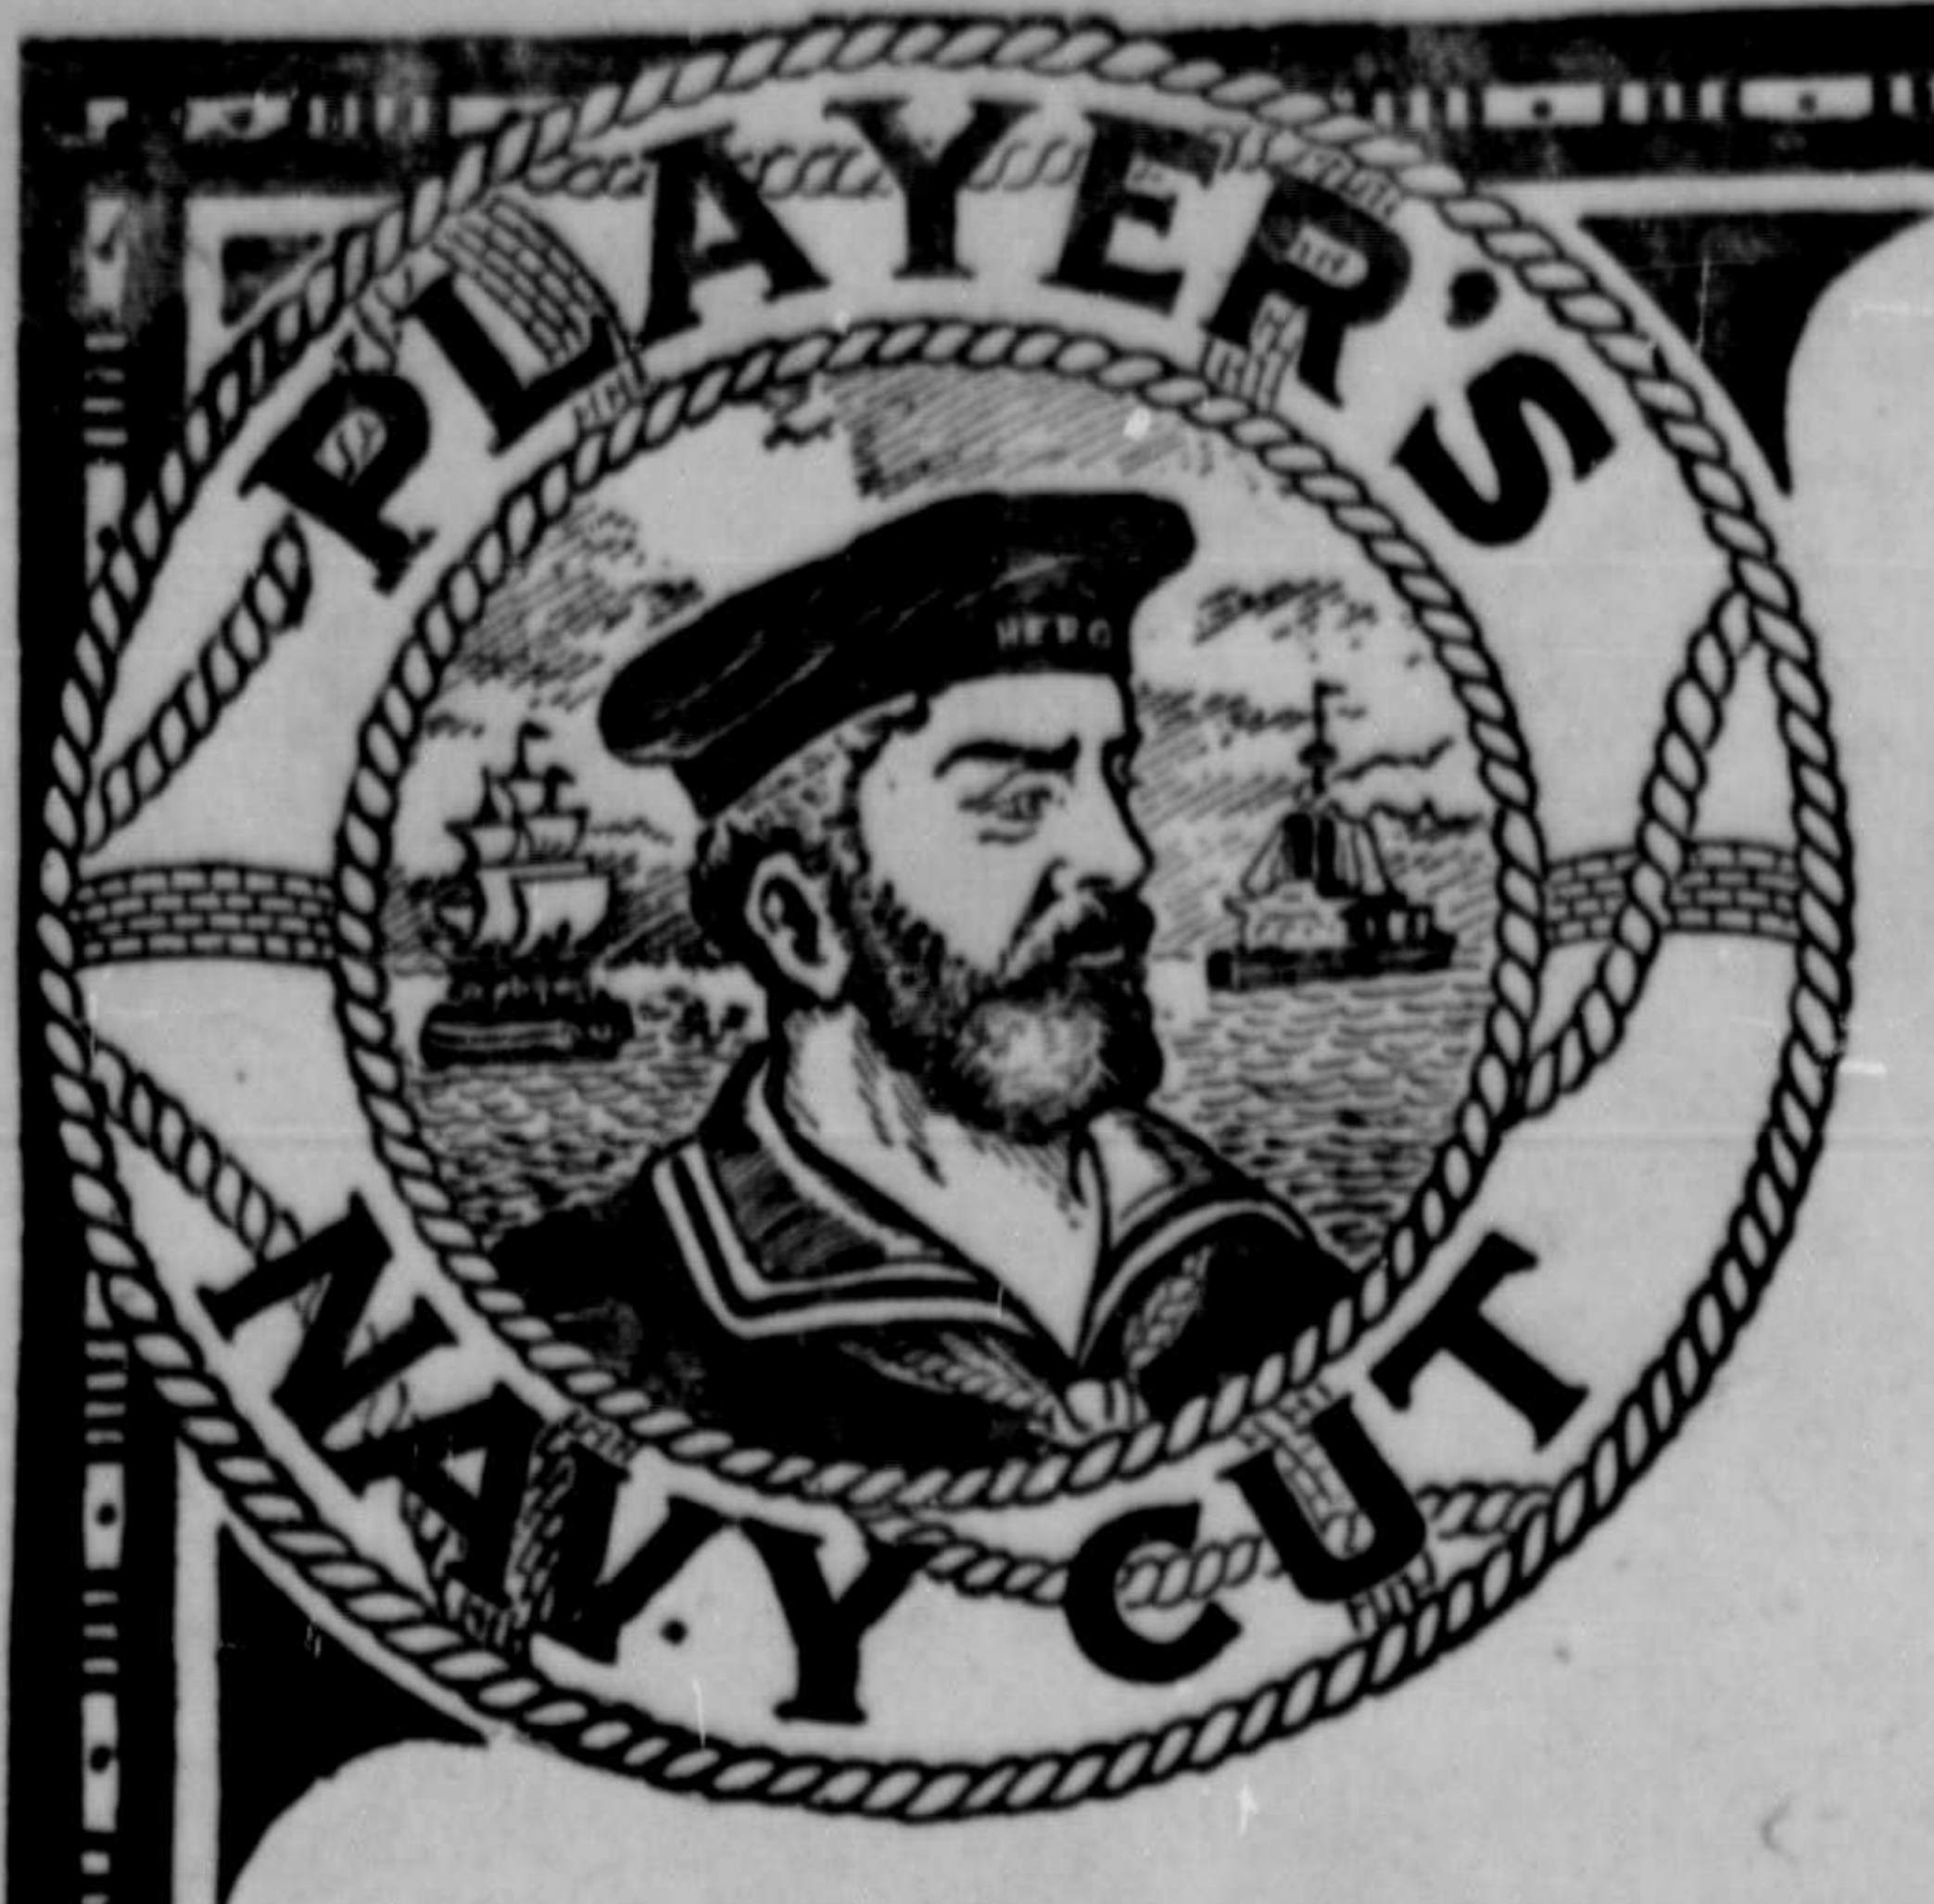

An extraordinary meeting of the G. W. V. A. Monday night. Business important. Everyone earnestly requested to attend. 6

The movement of freight and passengers towards the Queen Charlotte Islands continues to flow strongly. The Prince Albert has a particularly heavy cargo today for Port Clements and Masset.

The body of W. G. McLellan, who was accidentally drowned at Claxton Cannery a few days ago, will be sent to Vancouver today for burial. Mr. J. G. McLellan, whose nephew the deceased was, will proceed to Vancouver tomorrow to attend the funeral.

Patriotic celebration on Dominion Day. A fine programme has been arranged by the committee in charge of the arrangements. Parade and children's sports in the morning. Indian sports, ball games and open sports in the afternoon, and a dance in the evening. 144

If, as in some cities, the police magistrate is presented with a pair of white gloves every morning there are no cases for him to try, Magistrate Cars would have a fine stack of them by this time. This morning again, there were no delinquents to be brought before him. Prince Rupert remains good. 14

**WATER NOTICE**  
(Use and Storage).

TAKE NOTICE that George H. Boulton, as agent for Masset Inlet Lumber Co., Ltd., Graham Island Spruce and Cedar Co., Ltd., and Aeroplane Spruce and Cedar Lumber Co., Ltd., whose address is Port Clements, B. C., will apply for a licence to take and use 30,000 gallons and to store one-ninth acre feet of water out of Coloe Creek, which flows northerly, and drains into the Yakoun River, Masset Inlet.  
The storage dam will be located at about 600 yards from the mouth of said creek. The capacity of the reservoir to be created is about one-ninth acre feet and it will flood about 0.20 acres of land. The water will be diverted from the stream at a point near the dam, and will be used for domestic and steam purposes upon the land described as Lot 746, Block 35.  
This notice was posted on the ground on the 29th day of May, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed at the office of the Water Recorder at Prince Rupert, B. C.  
Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is June 1, 1918.
