BRITISH AND FRENCH LINES ADVANCED ON WEST FRONT

EAST OF NIEPPE FOREST BRITISH ADVANCE TO DEPTH OF ONE MILE, AND FRENCH NEAR SOISSONS MOVE FORWARD A MILE AND A QUARTER -- BOTH ADVANCES ABOUT FOUR MILES WIDE

(Special to The Daily News.)
London, June 29.—British troops in attacks against the Germans, have advanced their line over a front of nearly three and a half miles to the average depth of nearly a mile east of the Nieppe Forest. West of Merris, the Austrian troops have captured positions. On both sectors, prisoners and machine guns were taken. To the southwest of Soissons, the French troops in an attack over a front of four and a half miles, captured the German positions and have advanced to a depth of a mile and a quarter.

Peace Move Fails.
London, June 29.—Another attempt to throw out peace feelers via Switzerland has failed, it is reported here in dispatches from Zurich. Austria-Hungary, through unofficial representatives in Switzerland during the past few days has attempted to discover the Allied standpoint regarding important questions. The emissaries failed completely and returned to Vienna.

German Deserters.
Paris, June 29.—Three barbed wire fences, one of which is charged with electricity, have proved ineffectual in hindering the German soldiers from deserting across the frontier into Switzerland, says a Havas dispatch from Basle. The German military authorities have attempted to remedy this evil by cancelling all leave of absence, and special privileges for soldiers hailing from Alsace-Lorraine.

Air Victories.
London, June 28.—Twenty German aeroplanes were destroyed by British aviators in the air fighting over the western front on Thursday, according to a British communication issued here tonight. In addition, many enemy aircraft were forced to the earth out of control.

THE OLD AND THE NEW

The reading of a typically Bowserian utterance in the election campaign now come to a close in Victoria upon the shortcomings of the present Liberal Government suggests to the Victoria Times the query "what would William John do if he were back again, back from exile, so to speak? The answer is easy. Like the Bourbons, he would resume where he left off when he felt the impact of the electorate's boot. "Mr. Bowser probably would turn the P. G. E. over to the original promoters and borrow more millions for them at ruinous rates of interest. He would get into immediate communication with Sir William and Sir Donald and tell them the coast was clear, that John Oliver was out of the way and they could resume their picnic at the expense of the B. C. public.

"The banner emblazoned with the motto, 'The speculator must have his chance,' would be unfurled and all the resources that were still intact would become the happy hunting ground of the old-time syndicates at present in eclipse. Mr. Bowser would resume his legal associations with the P. G. E., the Canadian Northern Pacific and countless other companies seeking favors from Mr. Bowser as Premier—with all of 'em except the Dominion Trust which blew up under Mr. Bowser's very nose, ruining scores of people whom Mr. Bowser, as chief law officer of the Province, never tried to protect.

"Considering his record Mr. Bowser is very lucky that the official Opposition in this province is complaisant enough to retain him as leader. And we doubt very much if John would have him anywhere else. The Premier is making good progress in clearing away the mess left by Mr. Bowser; he has disposed of the G. P. E. problem and is strenuously endeavoring to improve the Canadian Northern situation to the advantage of the province.

"Every step Mr. Oliver makes in that direction brings him into favorable contrast with the Leader of the Opposition, who never opens his mouth without conjuring up unpleasant memories in the public mind. Putting the situation

RUSSIA'S RESOURCES OF RAW MATERIAL AT GERMANY'S DISPOSAL

But London Embassy Says Concessions to Germany will be Repudiated After the Bolsheviks Go.

London, June 25.—The Bolsheviks are about to conclude a commercial pact with Germany which will subject Russia to further exploitation, it is indicated in an undated despatch from Moscow. At a meeting of the Russo-German Economic Commission, the despatch said, M. Bronsky, the Bolshevik commissioner of commerce and industry, declared that for the purpose of meeting Russia's debts to Germany, the Soviets were compelled to conclude a foreign loan. The interest, he said, would be paid in raw materials.

As a guarantee, Bronsky declared, Germany will be granted numerous concessions affecting the natural resources of Russia. Any concessions, commercial or otherwise, given to Germany by the Bolshevik government in return for German loans and other economic aid will be promptly repudiated when the present government is overthrown. Russian embassy officials declare.

This assurance was given following reports from Moscow that the Bolshevik government had turned over for German development many of the richest Russian natural resources as surety on a German loan.

CURE PNEUMONIA BY AUTO-THERAPY

Detroit, June 24.—Pneumonia, which causes more deaths among the soldiers of Uncle Sam's army than any other disease, will be robbed of its terrors by auto-therapy, according to Dr. Charles H. Duncan of New York, who is attending the convention of the American Institute of Homeopathy in session this week in the Hotel Statler.

The new treatment for pneumonia is now under consideration by United States army surgeons, and will probably be adopted. Seven homeopathic colleges and the Pasteur Institute of Paris have already approved the treatment.

Auto-therapy is the science of treating acute infectious diseases with the very poisons that originally cause them, but differs from vaccine treatments and various treatments with serums inasmuch as the patient is treated with poison from his own body.

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world, thanking him for his wonderful invention for Internal Bathing, they would soon discard the medicine bottle and look to the cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon or Large Intestine. Warm water, properly used with the "J. B. L. Cascade," will relieve the cause of your troubles and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive about having her name appear in public print, yet is anxious that others should know what the 'J. B. L. Cascade' has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse every year. Since using the 'J. B. L. Cascade,' first about 4 years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."

The "J. B. L. Cascade" is shown and explained by Cyril H. Orme, Third Avenue, Prince Rupert, B.C. The "J. B. L. Cascade" is an invention, perfected by Dr. Chas. A. Tyrrell of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others." It is free.

PUBLIC NOTICE
Military Service Act, 1917.

Men 19 and 20 Years of Age.
Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farms, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving a Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$500 per annum in each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the grant is made, if the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. B. NADEN, Deputy Minister of Lands, Victoria, B. C.
