GERMANY TO RESTORE CZAR NICHOLAS TO RUSSIAN THRONE

WILL MAINTAIN AUTHORITY OF ROMANOFFS BY GERMAN DRILLED AND OFFICERED TROOPS.—PLANS MADE MANY WEEKS AGO, BUT WERE DELAYED UNTIL RUSSIAN GOVERNMENT DISORGANIZED.

(Special to The Daily News.)
London, Feb. 25.—It is believed that Germany intends to restore the Imperial family to the throne of Russia, maintaining it there by German drilled and officered troops. Germany has declared that neighbourly consideration compels her to maintain order in the dominions of her neighbor, who is unable to maintain it herself.

Plans for the German occupation of Petrograd were completed many weeks ago, and the delay has been due to the necessity of taking steps to further disorganize the Government, and demobilize the army, thus preventing the systematic destruction of the Russian territory before the German advance.

To Bring Food.
London, Feb. 25.—The evacuation of the city Reval is proceeding slowly, the soldiers declining to assist. The Germans are tak-

ing no prisoners, merely disarming the Russians and liberating them. German aeroplanes are distributing proclamations, calling upon the Russian people to remain calm and keep order as the Germans are coming to suppress anarchy and bring food, as soon as possible.

PREMIER BREWSTER STRICKEN DOWN
Calgary, Feb. 25.—Premier Brewster was suddenly stricken down with pneumonia while the train on which he was speeding to the coast was just east of Calgary. When he arrived here, he was taken from the train and hurried to the hospital.

GERMANS READY FOR ANOTHER GREAT STRATEGIC RETIRAL

NEW HINDENBURG LINE PREPARED FAR IN REAR OF THE PRESENT FRENCH FRONT.—ENEMY APPARENTLY READY FOR ANOTHER GREAT RETIRAL, MAKING METZ CITY THE NEW BASE.

(Special to The Daily News.)
London, Feb. 25.—General Pétain's eleven mile attack on Wednesday last near the Seille River in Lorraine has been given an added interest by the news that the Germans on that part of the front have prepared a new "Hindenburg" line, far in the rear. They are apparently ready to fall back upon the fortress of Metz, from the St. Mihiel salient this spring, as they did from the Noyon salient farther west, a year ago.

On that occasion, it will be remembered the Germans gradually withdrew over a wide area, taking advantage of the bad weather, when a quick follow up by the

Allies was impossible, by the softness of the ground. Then they destroyed everything they could, cut down every tree, poisoned wells, tore up roads, rendered houses uninhabitable, and generally made the district of as little use to the allies as possible. On that occasion, however, the wanton damage was more quickly repaired than they considered possible, and before long the allies were again pressing against the "Hindenburg" line, boasted of by the Huns as being impregnable. It was proved that it was no more impregnable than other parts of the German line, and this newer portion of the vaunted "line" will be no more so.

BRITISH ARE ENTRENCHED AT JERICHO

Advance Made Through Heavy Rains and Very Bad Going for the Troops.—In Touch Arabs in Desert.

(Special to The Daily News.)
London, Feb. 25.—Much importance is attached to the arrival of the British troops on the banks of the Jordan. General Allenby's advance from Jerusalem was carried out under great difficulties. It was made during very heavy rains, and at a time when the British had to march over hills comparable only to masses of slippery soap. Possession of Jericho is a most important step toward establishing touch with the forces of the King of the Hejaz heretofore operating independently in the desert to the east of the river Jordan.

The Arab mounted troops will coordinate their advance with the British and will be of great assistance in protecting the British flank to the east. Already they have accomplished great work in harrying the Turkish communications. Several times they have raided the only railroad whereby the Turkish army brings in supplies, each time inflicting great losses upon the enemy, and making great captures of stores and materials of war.

Mrs. George Dover, of Terrace, arrived in the city by last night's train.

RETURN OF SOLDIERS' VOTE CAST IN B.C.

(Special to The Daily News.)
Ottawa, Feb. 25.—The counting of the soldiers' vote cast in Canada will be completed tonight. The vote for British Columbia constituencies was finished on Saturday and only a few Alberta ridings remain yet to be counted. The B.C. vote was as follows: Skeena, Peck 95, Stork 15; re-elected 16; Burrard, Crowe 44, Donnelly 50, Midgley 49, re-elected 107. Vancouver, centre, Stevens 978, McInnes 136, Pritchard 29, re-elected 83. Vancouver, south, Cooper 297, MacDonald 3, McVety 9, Gold 4, re-elected 36. Comox-Alberni, Clements 122, McInnes 20, re-elected 12. Kootenay West, Bonnell 176, Beattie 12, Boggs 10, re-elected nil. Kootenay East, Green 133, Maxwell 18, Austin 8, re-elected 19. Nanaimo, McFutosh 449, Stewart 37, Taylor 10, re-elected nil. New Westminster, McQuarrie 192, Macrae 25, re-elected 35.

VERY SEVERE STORM SWEEPS OVER COAST

For variety and rapid changes in the weather, the past few days have been unexcelled. Warm sunshine, sharp frosts, wet snow and a gale have succeeded each other practically within forty-eight hours. Yesterday was one of the days to stay at home, which many people did, too. Towards evening the storm increased in violence, and the big steel chimney of the Pioneer Laundry was blown over, by the strength of the wind. Outside, very rough sailing has been experienced, and a fairly high sea running. The steamer from the south has been delayed, but luckily, the telegraph wires have remained intact. The full fury of the gale was felt more on the coast than inland.

BRITISH AVIATORS WING 87 HUN PLANES IN 4 DAYS

BATTLE EFFICIENCY OF BRITISH AIR SERVICE MOST SATISFACTORY.—MANY CANADIANS CHOOSE THIS ARM OF SERVICE.—ENERGY OBSERVATION IS BLINDED SUCCESSFULLY.

(Special to The Daily News.)
London, Feb. 25.—The most heartening news from the front is the rapid development of battle efficiency in the British Air Service, which is largely manned by Canadians. Almost continuously, the British Air Service has proved its superiority over the Hun, both for courage and initiative.

A notable example of this is shown by the records of last week when on Saturday, Monday, Tuesday and Wednesday, eighty seven German Aeroplanes were brought down by the British airmen. This, together with the French airmen's exploits, makes a total of one hundred machines accounted for during that period. The British

losses were twelve machines only. It is realized that, by thus blinding the enemy's artillery and infantry, General Haig may wipe out the difference caused by the defection of Russia.

The second billiard handicap tournament being got up by the St. Andrew's Society is now in full swing. There are twenty-two entrants, and the tournament is being run in league form. Competition is very keen, and a much greater interest is being taken in this tournament than any heretofore.

DECLARE BOLSHEVIKI CANNOT BE OVERTHROWN BY COUNTER REVOLUTION

(Special to The Daily News.)
An Atlantic Port, Feb. 23.—The Bolsheviki is not only the strongest force in Russia, but it is steadily spreading its propaganda among the people of Germany and Austria as well as in their armies holding the Russian front, according to Mrs. John Reed wife of the American magazine writer whose appointment as Russian consul general at New York has just been withdrawn by foreign Minister Trotsky.

Mrs. Reed arrived here yesterday after a stay of six months in Russia with her husband, who remained to work for the Bolsheviki programme of "peace through revolution" in Germany and Austria.

The Bolsheviki, Mrs. Reed declared, have a perfectly organized propaganda which is reaching the German people through couriers who cross the frontier, soldiers in the trenches and friends in adjoining neutral countries. It also is being carried into Austria with

success. Mrs. Reed was told in Russia, that Austrian soldiers had told their officers they would be shot in the back if the men were sent to fight on the western front.

Austrian prisoners of war in Russia, she said, had sent a resolution to the rulers of the central powers declaring they would never again fight against their "brothers, the Russians."

Trotsky and Lenine, and the principles they represent, Mrs. Reed believes, are firmly entrenched in Russia and cannot be overthrown by a counter-revolution.

POLICE MAKE RAID ON CHINESE PREMISES

On Saturday night another raid was carried out by the Police Department on the premises occupied by Chinese near the corner of Seventh Avenue and Fulton. Seven Chinamen were apprehended, and were formally charged at the Police office this morning, before Magistrate Carss, with infringements of the prohibition Act, and with being in the possession of opium.

The raid was carried out by Chief Vickers, and constables Adams, Bailey, and McGlinchy, assisted by two other officers. The Chinamen were found in an upper room, and considerable quantities of opium were discovered well hidden beneath the flooring. Several opium pipes were also confiscated. The case, this morning was adjourned until tomorrow. This is the second raid which has been made upon Chinese premises within a week in which opium has been discovered, as well as pipes, affording presumptive evidence of their being in use, by the accused.

FISH ARRIVALS ARE BECOMING NUMEROUS

The week end arrivals of the fishing fleet brought into this port 158,000 lbs. of fish for shipment. east. Friday the Fidsvold and 20,000 lbs; Bringgold 6,000; Joe Baker 3,000; Haysport 12,000; Troy 10,000; Libanon 4,000; b b flower 3,000; Active 7,000; Director 10,000; Arctic 20,000; Polaris 20,000; Alvilda 8,000; H. and R. 12,000; Puritan 5,000; Sumner 6,000 lbs. halibut and 6,000 lbs. cod, and the J.R.D. 6,000. Friday's price realized 5d varied between 17 1/2 and 17 3/4c.

This is practically the beginning of the heavy arrivals which may be expected from now on. One by one the halibut boats have been getting ready for weeks past, and there are now many boats out on the banks. There are many vessels from Seattle which have been fishing on their way up to the banks, and which will in all probability make this their port of call. This season there are more fish buyers than ever in Ketchikan, which town is doing all it can to keep its trade in halibut. Nevertheless, the better prices and the quick despatch offered here continue to attract the fishermen, and given a continuation of good treatment in this port in the matter of disposing of their catches, still more vessels may be expected to call here and obtain supplies.

GREAT FIRE BREAKS OUT IN EDMONTON

New Maryland Hotel and Large Garage are Totally Destroyed Yesterday.—New Brigade Handles Job.

(Special to The Daily News.)
Edmonton, Feb. 25.—The new Edmonton Fire Brigade had its first test yesterday morning, when the new Maryland Hotel, Lines Brake Ltd. garage, and the Monarch Billiard and Pool room were totally destroyed by fire. The hotel was well filled, and over one hundred guests had to be rescued by ladders from the second storey windows. The loss is estimated at two hundred and sixty thousand dollars. There were one hundred and thirty automobiles destroyed.

The new fire brigade handled the job in good style. The old brigade is still on strike, their difficulties not having been settled.

The new Maryland Hotel was formerly known as the Empire Hotel, and was one of the best in the city of Edmonton. It was situated about two blocks off Jasper Avenue, and was one of the best known houses of entertainment in the town.

RUSSIA NOW SIGNS GERMAN PEACE TERMS

(Special to The Daily News.)
London, Feb. 25.—Germany has renewed the peace negotiations with Russia, and the terms have been set as follows: Both the states shall declare the war ended. Russia must concede all Courland, while Germany also wants another big slice of frontier territory. The terms as set out have been accepted by Trotsky and Lenine, who are acting for the central executive of the Soviets.

TO JERICHO.

The name of this city may be well said to be one of the best known in all Palestine, among the English speaking peoples. It is with the best intentions in the world that people are now and again advised to proceed thither. And it is also with the very best intentions that the troops under General Allenby have now occupied this ancient city. According to the press dispatches, Australian mounted troops were the first of the British to enter its gates, and it must have been with considerable interest to them on the march to know that they were going to Jericho.

From its position of the hillside, overlooking the valley of Jordan, and of the Dead Sea, and of the many historic places mentioned in Holy Writ, and it is possible that the troops on Palestine may return with much better knowledge of biblical history than they had possessed when they went there.

Away back some twenty-five, thirty, or may be more years ago, when the Christie Minstrels were making their tour raising money for their negro schools, one of the most dramatic of their vocal numbers was of their desire to go to Heaven, "to hear Jordan roll." At that time, when this song was written, it was practically impossible to obtain entry into the lands of the Turk, and the Holy Land was a sealed book. Pilgrimage to the holy places were out of the question, but from now on, this will be all changed, and the lands which is now desolate, will once more flow with "milk and honey."

Away back, almost as far as history goes, when the three Israelites made their first tour of the land of Canaan, to find out its possibilities, it was reported then to be exceedingly fruitful, even if there were giants in the land in those days. Proof of its old time fertility have come down to us in the successive years, and it may be that in this land, which has had such a chequered record for the past nineteen hundred years, the tiller thereof

may yet sit "under his own vine and his own fig tree."

The potentialities of this country, stretching from the Mediterranean eastward, which has been the cradle of our modern Western Civilization, are known in part, and when proven fully, from all accounts will be surprisingly great. It will undoubtedly prove to be a land worth fighting for, and under beneficial British rule, it may once more attain to its ancient glory.

EDUCATION.

On Friday evening, at the lectures given by Judge Young and Principal Brady, the matter of education and training was brought up in each case, although the lectures were upon widely different subjects. The matter of proper training is one which is of vital importance to the race. The aspects of the question mentioned by each of the speakers were different, and while each is of prime necessity, the application of each is different. The foundation for the moral training emphasized by Judge Young must of necessity be laid in the home, while the technical training spoken of by Principal Brady is more a matter for the community.

Regarding the matter of technical training, there can be no doubt that Canada, in common with other new countries, has a long way to go. There was no great necessity for the provision of facilities in this direction when the population was small and scattered, and the demand for technical men non-existent. But this state of affairs no longer continues. Even without the influx of immigration, Canada's population has a large natural increase, and the world conditions nowadays demand a much greater intelligence and knowledge from the average individual to ensure success.

It has been held, and rightly too, that there is too great a gap existing at present in the educational life of the pupil between leaving school and becoming qualified fully, for the walk of life he adopts. The average boy on leaving school

starts in, in most cases, to do a full days work, leaving severely alone, any continuity in his previous studies. This is not so in every case, where many do take advantage of continuation classes, but this is optional, to a great extent.

It would seem that some system whereby study could be continued for part of the day, and the practical application in the shop or office for the remainder of the working day might be adopted with success for the coming generation.

Take for instance the one trade, or profession alone, that of engineering. In its varied forms, engineering, whether gasoline, electric, hydro-electric, or steam, is one profession engaging an increasingly large number of men. A boy apprenticed to a shop puts in the full number of working hours per day, and any studying he does has to be done at night, or taken from hours, which, for his full education, at that age ought to be devoted to something else. In considering this matter it is no use taking the brilliant exceptions, but the average boy, neither of criminally destitute parents on the one hand, nor yet of wealthy parents on the other, and with the average boy's accomplishments.

The result is that the boy's schooling stops suddenly, and any study which he does, is usually along the one line, of his business. Whereas, after having decided upon which trade or profession he would, if he could learn the theoretical along with the practical, in the class room and in the shop during different parts of the same day, the result would be, at the end of his apprenticeship, even if it did take a year longer, a much more highly trained man.

This is one of the matters for the consideration of the citizens, not for the members of the School Boards alone. In a country like Canada, and more particularly in a seaport like Prince Rupert, the argument has a greater application, where a knowledge of engineering in all its different forms, is the great necessity for the immediate future.

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-LIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.

"Fruit-a-lives" is certainly a wonder. For a year, I suffered with *Rheumatism*; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-lives' and strongly recommend them to every sufferer from Rheumatism".

HUGE GAS BOAT FLEET ENGAGED IN FISHING

The fact has recently been made public that on the Pacific seaboard of the United States and Canada there are over 25,000 motor boats engaged in the business of catching and transporting the immense annual haul of 50 million pounds of salmon and of halibut as well as a huge wealth of other fish.

A few years ago a number of steam vessels were operating this trade, but one by one they have been abandoned in favor of the cheaper and more suitable craft, and today there is scarcely one doing service in the salmon industry, and only one or two continue to operate in the halibut fishery. Sailing vessels are used only for cod fishing and as carriers for canned salmon from Alaska packing plants.

The large number of gasoline boats which have been brought into existence during the last few years is all the more startling when it is considered that there is not a single gas-power boat in the salmon industry of this coast a decade and a half ago.

Furniture wanted. Any quantity. Good prices paid for complete household furnishings and all kinds of tools, men's suits, coats, etc. Phone Red 243 or call n F. M. Crosby, 715 Third Ave.

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world, thanking him for his wonderful invention for Internal Bathing, they would soon discard the medicine bottle and look to the cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon or Large Intestine. Warm water, properly used with the "J. B. L. Cascade," will relieve the cause of your troubles and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive about having her name appear in public print, yet is anxious that others should know what the "J. B. L. Cascade" has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse every year. Since using the "J. B. L. Cascade," first about 4 years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."

The "J. B. L. Cascade" is shown and explained by Cyril H. Orme, Third Avenue, Prince Rupert, B. C.

The "J. B. L. Cascade" is an invention, perfected by Dr. Chas. A. Tyrrell of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others." It is free.

Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

Use every means available—
Overlook nothing.

Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McCary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.

All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast. You'll find it is good on cakes and

Local News Notes

Owing presumably to the rough and stormy weather prevailing on the coast, the Union S.S. Chelohsin and the C.P.R. Princess Sophia are not expected in until late this evening.

The name of Corporal E. Grant was contained in a recent casualty list, as being killed in action. It is thought locally that this may be Ed. Grant, who used to drive team here.

The Musical evening given last Thursday by Mrs. Tattersall in aid of the Seal Cove Red Cross Society realized the sum of \$11.15. The teapot given by Mrs. Blance to raffle was won by Mrs. Blance.

Mr. H. Jefferet of the Acme Importers Ltd. has just received word that his brother has been wounded in France and has been sent to Lady Mabel Kenyon Haney's home in England. She is the daughter of the Earl of Bradford and has given part of her home for V.A.D. Hospital. He also has a brother in Egypt who joined up with the Australian forces.

"PADDY O'HARA" AT WESTHOLME THEATRE

A gay, reckless Irishman, war correspondent for a big London newspaper is the part played by William Desmond in "Paddy O'Hara," the play to be screened at the Westholme Theatre this evening. With irresistible Irish wit and pugnacity he plunges into Balkan affairs, and proceeds to straighten them out to suit himself, and a certain princess, who is compelled to take flight from her father's castle to escape the attacking Vandals. "Sure, you can go on my passport as Mrs. Paddy" suggests the blithe Irishman, to the haughty princess. The chaplain of the Royal house insists that a marriage ceremony shall first be gone through, and the princess consents on the condition that she be divorced immediately after reaching safety. Paddy promises to observe this contract, but in time of war, promises count for little, and it is the little princess herself who later suggests that this clause be struck out of the marriage contract.

The play is a great one which shall please everyone. There will also be a splendid comedy and a gazette.

HUGE SUPPLIES FOOD IN UKRAINE FOR THE ENEMY

Amsterdam, Feb. 25.—In an address to the lower house of the reichstag at Vienna, Dr. von Seydler, the Austrian premier, declared that under the peace treaty with the Ukraine there had been placed at the disposal of the Central Powers the Ukraine's surplus of agricultural products. This surplus, the premier asserted was greater than the Central Powers, at the most favorable estimate, could transport.

LAND REGISTRY ACT (Sections 36 and 134.)

Re Application Nos. 9831-1, 9833-1, 9834-1.

TAKE NOTICE that application has been made to register Frank W. Hart, of Prince Rupert, B. C., as owner in fee under four Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, and one Tax Sale Deed dated 22nd day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lots seven (7) and fifteen (15), Block twelve (12), Lot twelve (12), Block forty-eight (48), and Lots thirty-three (33) and thirty-four (34), Block fifty-one (51), all in Section Eight (8), Map 923. You are required to contest the claim of the tax purchaser within 25 days from the date of the service of this notice (which may be effected by publication in the Prince Rupert Daily News), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming whose title is not registered under the provisions of this Act, shall be deemed to have acquiesced in the sale, and shall be deemed to have agreed to be bound by the provisions of this Act, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Frank W. Hart,

AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owners as stated below.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Frank W. Hart unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 15th day of February, A. D. 1918.

H. F. MACLEOD, District Registrar of Titles.

To F. W. Clayton, Prince Rupert, B. Really Sir, you are vastly interested in

Sunlight Soap

You pay for the garments it cleanses so well and so carefully. You like your wife to have leisure and to be free from the drudgery of wash-day work. You, as a business man, can appreciate what the \$5,000 Sunlight guarantee of purity must mean. Suggest to her that Sunlight Soap must be worth a trial—for it is.

Sunlight Soap is sold by all grocers. It is made in Canada by Lever Brothers, Limited, Toronto.

Fishermen Notice!

The Cold Storage Fertilizer and Oil Plant at Pacofi is now in operation and will operate all the year round. The company will buy all marketable fish and will also buy Dog Fish at fifteen dollars per ton (equivalent to about five cts. per fish). Bait will be provided free and all supplies can be purchased at the Company's store at reasonable prices.

Special facilities are provided for gas boats and fishermen bringing their gas boats will be allowed \$25 for expenses of trip to Pacofi. The plant is located in the heart of the fishing grounds and dog fish can be caught in great numbers all the year round. Come to Pacofi if you wish to make money every day fishing.
