TORPEDOED BY GERMAN SUB.—NURSES DROWNED—WESTERN FRONT IS QUIET

QUIET STILL PREVAILS, BUT TENSION IS GROWING ON THE WESTERN FRONT

NO GREAT ACTIONS TAKE PLACE, BUT ALLIES IMPROVE THEIR POSITIONS ON SEVERAL SECTORS—IN ITALY FIFTEEN HUNDRED PRISONERS ARE CAPTURED WITH MONTE DI VAL BELLA

(Special to The Daily News.)
London, July 2.—Field Marshal Haig's report issued last night says that in local operations yesterday northwest of Albert, we captured over fifty prisoners and nine machine guns. During the night also, a party of our troops rushed a hostile post south of Morlancourt. The number of German prisoners captured by us during the month of June was 1,957, including fifty officers.

French Front.
Paris, July 2.—In France there have been local attacks at various points north of the Marne on the west side of the salient driven into the Allied line by the German offensive that was begun on May 27. The French troops have advanced their lines north of the Clignon river once more, and have passed the railroad line running south from Chezy to Villny. The war office announced: "South of the Aisne, we improved our positions in the neighborhood of St. Pierre Aigle, capturing about a hundred prisoners."

In Expectation.
Paris, July 2.—There have been no unusual engagements along the British or American fronts, but there is a growing tension along the whole line from Ypres to Rheims, even to the east along the French and American sectors. There is expectation that the breaking of the storm may come at any time.

On Sunday there was intense activity in the aerial fighting. The French brought down or put out of action twenty-one German aeroplanes, while the British downed twenty-two, and drove ten down out of control.

Berlin's Claims.
Berlin, July 2.—Local patrol engagements north of the Aureq river are reported in a statement issued by the war office last night. An official statement claims that 191,450 unwounded Allied prisoners have been captured since March 21. Of these 94,939 were British, 94,499 were French, and the remainder were Portuguese, Belgian or American. Six Allied generals and 6,200 officers are included.

Italian Front.
Rome, July 2.—Heavy attacks launched against Monte di Val Bella by the Austrians were repulsed by the Italians; the enemy masses being mown down by artillery fire, according to an official communication from headquarters. More than 2,000 prisoners were taken by the Italians.

Many Prisoners Taken.
Washington, July 2.—An official dispatch from Rome today says that the Italian and French forces on the Asiago plateau in capturing

Monte di Val Bella took 1,500 Austrian prisoners.

In the Balkans.
Eastern Headquarters, July 2.—There was moderate artillery activity along the front lately. British aviators have carried out numerous bombardments in the Vardar Valley, and on the Seres Drama railway. One enemy machine was brought down.

RUSSIAN FLEET AT SEBASTOPOL UNDER GERMAN CONTROL

In Fighting Among Themselves, One Russian Dreadnought and Several Destroyers Were Sunk.

(Special to The Daily News.)
Amsterdam, July 2.—A Russian dreadnought has been sunk by a destroyer; also several destroyers were sunk in an engagement among the Russian warships in the Black Sea. In the course of the fighting, the sailors of the fleet changed their state of allegiance several times. All the vessels of the Russian Black Sea fleet which are at present at Sebastopol are now under control of the Germans, who are masters of the port.

STEWART NOTES

The launch Galaxy from Ketchikan arrived at Salmon river with a scow load of supplies to be used in the construction of the road through Alaskan territory to the British Columbia side where the mines of the Salmon river district are situated. Mr. Stoner, a civil engineer, is in charge of the work. A Camp has been established at Eight-Mile and about fifty men will be employed throughout the summer.

R. K. Neill, manager of the Bush mine, arrived from the south, accompanied by his son and A. B. Trites, of Fernie, Edgar Harris, of Hazelton, B. O. Erickson and wife and "Scotty" McGovern, an old timer who has spent the past few years in the Yukon country.

Two compressors have been installed at the Outsider mine at Maple Bay. 14 miners are employed and a large tonnage of ore is being blocked out.

A new wharf has been built and new accommodations provided for the thirty men now at work at the Granby limestone quarries at Swamp Point, a compressor has been put in operation and 25,000 tons of limestone is being shipped to the Anyox smelter each month.

AT THE WESTHOLME

Don't fail to go to the Westholme Theatre this evening, if you want to have a good time. The photoplay to be screened there tonight is one of the best ever. Vivian Martin as the star, certainly makes a hit, and there is not one dull moment from the beginning of the first reel to the end. "Molly Entangled" is an unusually wholesome and amusing photoplay, which all who see it will like. The flashes of wit are such that only Ireland can produce, and to see this play is to like it. There will also be a comedy cartoon, which is also well worth seeing.

CANADIAN HOSPITAL SHIP TORPEDOED OFF IRISH COAST

NURSES AND MEN OF MEDICAL CORPS ON BOARD—ONE OF THE SHIP'S BOATS WAS SEEN TO CAPSIZE AND TWELVE NURSES DROWNED—SHIP CHARTERED BY CANADIAN GOVERNMENT

(Special to The Daily News.)
London, July 2.—Another dastardly deed was committed by a German submarine, when on the night of June 27, when some 70 miles off the coast of Ireland, the liner Llandovery Castle was torpedoed. The ship was chartered by the Canadian government, and was on her way to England. She had on board two hundred and

fifty-eight persons, which number included the men of the Canadian Army Medical Corps, and fourteen nurses.

After the liner was struck by the hidden enemy, in the getting away of the boats, one of them was seen to capsize, according to the latest reports. It carried twelve of the nurses, who were drowned. Fuller details of the catastrophe are awaited.

PRAIRIE FARMERS ARE ENTHUSED WITH THE BULKLEY VALLEY

One of the largest private parties of farmers to come to Central British Columbia are now on a trip of investigation of the agricultural possibilities in the Bulkley Valley. The party consists of twenty-five men and two women from Edgerton, Lethbridge, Camrose and other Alberta points, being headed by W. H. Hallett, of Edgerton. Mr. Hallett was through this district on a previous occasion, and although snow was on the ground at that time, it was the enthusiasm gained from what he had seen that prompted him to organize the party now in the district.

Upon arrival at Vanderhoof the party was split into several sections and were distributed at Fort Fraser, Burns Lake, Houston, Smithers and other points on the G. T. P. as well as in the Stuart Lake country. Yesterday they all met at Houston to report upon the country they had seen.

Very enthusiastic indeed was Mr. Hallett, as were also the other members of the party visiting the district out of Smithers. One of these, Mr. A. Wilson, said, "I have seen all I want to see. What I have witnessed since coming has thoroughly convinced me that this is the place to locate, and I will not even wait for our conference, but will start in as soon as I get home and get things in shape to move here when my prairie crop is harvested." Mr. Wilson left for his home on Wednesday. (Interior News.)

MINER IS DROWNED NEAR THE SURF INLET MINES

The dead body of John Daek, a native of Yorkshire, England, was brought to town on Sunday from Surf Inlet. The deceased was a miner at the Surf Inlet mines, and had gone out fishing in the lake. He did not have a boat, but was fishing from the bank, when he must have fallen into the water; and drowned. There were none with him at the time, and he was not missed until the next morning, when his hat was found where he had thrown it down. On a search being made, his body was found quite near the shore, but lying in eighteen feet of water.

The deceased had no relatives here, but had many acquaintances in Nanaimo, who were communicated with. At their request, the body was sent there for burial yesterday morning.

INDIANS ARE REFUSED ATTACHED LICENCES BY SOME CANNERIES

Considerable indignation is being felt by the Indians on the Naas and Skeena rivers by the treatment certain of their number have received at the hands of some of the canneries. A representative of five of the Naas Indians, who own their own boats and gear, was in town this week to have their case brought before the government at Ottawa. These men heretofore have always fished on the Naas, and the fact of their owning their own boats and nets is significant of their success as fishermen, yet this year, when they apply to the cannery, they are told that they cannot have any of the attached licences.

Circumstances of a similar nature have arisen on the Skeena river at Port Essington, at two of the canneries there. The Indians were requested in midwinter to come to the canneries, the men to fish, and the women and girls to work in the cannery. Several boat loads of Indians duly turned up this week at Essington, in response to the arrangement already made. Some came from the upper Skeena, some from Port Simpson, and some from the Queen Charlotte Islands, yet when they arrive they find that there are no licences for them to fish with, these all having already been given to Japanese fishermen. These particular canneries, however, will graciously permit the Indian women and girls to fill cans, but they can find no use for the men.

This state of affairs does not exist at all the canneries, but only at certain particular companies, and the Indians concerned are naturally sore at their summer's occupation being denied them. On the face of it, from what the Indians say, it looks like their being discriminated against by these canneries. When the aborigine, the native fisherman, is not to be permitted to fish and to make a livelihood in his own country because of the preference shown to Japanese by the canneries, it would seem as if they had good grounds for complaint.

FISH ARRIVALS

The Arctic is in this morning with 26,000 lbs. halibut; Lansing, 17,000; Helena, 10,000; Dolphin, 9,000; North Cape, 9,000; Convention, 10,000; Director, 9,000; Fearless, 6,000; Bringold, 2,500; Joe Baker, 6,000; Lillian S., 3,000; Ed., 3,000; Margalice, 7,000; Unity, 3,000; Norman, 1,500; Kubein, 2,000; Ringleader, 1,000 lbs. The American trawler Dauntless also arrived with 20,000 lbs. flat fish, which up till noon, had not been sold. The price realized for halibut was around 15c.

DOMINION DAY CELEBRATION WAS THE MOST SUCCESSFUL

EVERYTHING PASSED OFF WITH A SWING AND GREAT VERVE—OUT OF TOWN VISITORS ENJOYED PROCEEDINGS FULLY—PARADE WAS BEAUTIFUL AFFAIR AND SPORTS WERE GOOD

The celebration of Canada's birthday yesterday was one of the best conducted and most enjoyable holidays. The city was thronged from morning till night, and everyone seemed happy as could be. From the opening ceremonies at the Government Buildings in the morning until nearly midnight, when, amid the smell of burning powder and the sputter of crackers, the New Metlakatla Band played its final selection, the whole day seemed to be, and was, one continuous round of enjoyment.

The procession in the morning was one of the most beautiful ever got up. The number of floats gaily decorated was a surprise to many, and reflects the greatest credit upon all those who spent time and ingenuity in getting them ready. One of the most appropriate, although it did not get a prize, was the aeroplane, made from B. C. spruce. The sports, children's in the morning, Indians' and open in the afternoon proved to be a great attraction, and the two ball games were well attended. In the evening there were three different dances, which were all thronged with merrymakers, and the early hours of this morning saw the end of the most distinctly splendid holidays.

The prize for the best float went to the returned soldiers, who carried it off with their "tank," which was really a fine piece of workmanship. It was camouflaged to a nicety. The I. O. D. E. secured the second prize, while the third went to the Sons of Canada. After the arrival of the procession at Market Place, the sports for children were pulled off. The starter was Chief Vickers, and the judges, Messrs. S. D. Macdonald, J. S. Winsby and W. D. Vance.

In the races for the little tots, the winners of the girls' races were: Annie Martin, Annie Murray and Doris Leek. Boys: W. Vance, Jack McRae, Bert Cameron. Girls, 6 and under: L. Zarelli, Catherine Mussallem, and Doris Stephens. Boys: W. Murray, Edie Smith and Ralph Humble.

Girls, 7 and 8 years: Lillian Adams, Julia Calderone, Netta Clark. Boys, Willie White, Jimmie Parker, Clarence Johnson.

Girls, 9 to 10 years: Hjordis Lonquist, Lois McRae, Lucille Bryant. Boys: Alex Mitchell, Edward Byrne, John Martin.

Girls, 11 to 12: Marjory Joy, Beatrice Byrne, Hjordis Lonquist. Boys: Lee Gordon, Willie Kergin, Fred Kergin.

Girls, 13 and 14 years: Grace Scherk, Marjory Joy, Sundae Calderone. Boys: Clarence Selig, Cedric Duncan, Frank Morrison. Girls, 15 and 16: Marie Mitchell, Ann Lundquist, Grace Carroll. Boys: Geo. Hill, Willie Montgomery, Fred Kergin.

In the afternoon at the open sports, the first prize for the 100 yard dash was won by S. J. Winsby; second, Sid Hardy. 220 yards open, S. J. Winsby; second, Sid Hardy. In the three-legged race, the first prize went to Messrs. Shaw and Smith, second to Messrs. Murray and Morrison.

The one-mile bicycle race was won by Fred Lowe; second, Douglas Frizzell.

Half mile bicycle race, first, Fred Lowe; second, W. Kergin. Putting the shot, first, Alex. McDonald, who threw 35 ft. 4 in.; second, Dan Atkinson, 31 ft. 8 in. The first ball game between the

New Metlakatla and Prince Rupert teams was the greatest attraction of all, however, and some good play was seen. The score at the end was 5 to 2 in favor of Prince Rupert. "Square Deal" O'Neill was umpire. There was another game later in the evening, at which the score was also in favor of Prince Rupert, being 3 to 2.

The new Metlakatla band was much in evidence, and their music was greatly appreciated. After the strenuous events of the day, the G. W. V. A. dance was the finale. It was held in the St. Andrew's Hall and was very well attended. It was a splendid dance. The music was by Harvey's orchestra, and this affair was a fitting ending to a splendid day. The arrangements were in the hands of the Womens' Auxiliary of the G. W. V. A., and they certainly made a success of it. There were also other dances in the K. P. Hall and in the McIntyre hall, which went off well.

LOCAL AND PERSONAL

The tractor ordered by Mr. J. C. K. Sealy for his ranch at Smithers arrived there last week. This is the first tractor to arrive in this district, and it was the object of great interest.

Still another new sawmill is to be built near Terrace. The Zimacord Lumber Co. have already started work near Remo, and the construction of the new mill will be rushed ahead.

The "Tillamook" on her last trip in here brought in nine car loads of salted herring from Alaska. She also had a large lot of aeroplane spruce. The herring are all going to New York.

The funeral of Rupert Caput took place on Sunday afternoon. Service was conducted in the Catholic Church by the Rev. Father McGrath, after which the cortege made its way to Fairview Cemetery.

Major General J. T. Fotheringham, C. M. G., D. G. M. S., accompanied by Mrs. Fotheringham, sailed for the south on Saturday afternoon by the Princess Sophia. General Fotheringham is on a tour of inspection of the medical service in the west.

Mr. W. C. Todd, of the firm of J. H. Todd and Sons, who own the Inverness cannery, arrived in the city yesterday morning on a visit north. On his way up Mr. Todd stopped off at Rivers Inlet to see the Beaver cannery, and the Provincial, the new one which was built there last year. Mr. R. G. Johnston, the manager, came up with Mr. Todd from Rivers Inlet.

THE ROBBER STATE

In the early days of the war it was a necessary function of the British press to enlighten the public mind in regard to all the fundamental principles and aspects of German Weltpolitik. The violation of Belgian independence, as the first step in a violent rupture of the general peace which it had been the aim of our statesmanship to avert, and which could easily have been averted if the will to peace had not been the last of Germany's objects, was a contradiction of the ethical principles that it had been assumed governed the relations of civilized States so gross and brutal as to stagger the intelligence of the average man. One had to revise all the traditional estimates of the German character and to search for clues to the policy of shameless piracy adopted by Potsdam not in those agreeable fictions in which the Teuton had masqueraded for some generations, but in the ruthless pose of his self-delineations as warrior, statesman, philosopher, pedagogue, and pastor. It was rather disconcerting to find that while the German had been for several years doing his laborious best to prove that he was a much misunderstood individual, we had as consistently clung to our illusion of a spectacled Uncle Toby, with a fat and easy smile for everyone and an ounce of evil intent under his well filled waistcoat. Having learned to take Bernhardt seriously, however, it was not long before the public mind grasped the fact that the Germany which made war on unoffending Belgium is just the Prussia writ large which in the eighteenth century stole Silesia from the Hapsburgs and tore Poland to pieces, and which, in the nineteenth, grabbed Schleswig-Holstein, deliberately quarrelled with Austria over the spoils of successful brigandage, in order that the aggrandisement of the Hohenzollerns should be advanced and completed, for a time, the programme of spoliation by forcing France to surrender Alsace-Lorraine.

It is all a familiar story to us now. But we observe that since her entrance into the war America has felt the same need and is passing through the same phase of enlightenment as we have done. The University of Chicago, fol-

lowing an example which was set by the University of Oxford, has issued a valuable series of monographs on such topics as "The Threat of German World-Politics" very well calculated to give the American people an intimate view of the causes of the struggle and the immensity of the stakes at issue. It is not only interesting but extremely useful, however, for readers to revive their acquaintance with this propagandist literature. Much of it consists of quotation from German sources, and it is really amazing to compare the demands made by German publicists before the war or during its preliminary stages with the realities effected by German policy since the collapse of Russia.

There is an immense body of piratical literature exhibiting the dreams and demands involved in what Dr. Muehlon, the former director of Krupp's, in his diary—when it is published it will form a companion volume to Lichnowsky's memoirs—bluntly terms the "unabashed robber policy" of his native land. From the famous Haeckel down to the humblest Lutheran pastor, earning a modest State pay by exalting the chosen people, the authors all assume as an incontrovertible proposition that Germany has only to ask, with sword in hand, and her title to possess is not to be withstood. The earth is the War-Lord's and the fulness thereof. It follows that wherever she casts a hungry eye, east or west, north or south, the limit of her avarice is only bounded by the possibilities of present attainment. There is no morality under the black flag. To re-read these old texts is not a futile task. For every day we are reminded that Germany has abandoned none of her projects and will abandon none until the sword by which she was to write her

title clear to the inheritance of the universe has broken in her hands. She is now in 1918 as she was in 1914, the Robber State.

The Rev. J. Field, of Hazelton, who passed through here a few weeks ago on his way to Victoria, has not been keeping too well lately and the state of his health is causing considerable apprehension. Mr. Field is getting well up in years, and had been in this northern country for very many years.

Mr. George Clothier, the provincial resident mining engineer here, has received a large number of ore specimens. There are 325 altogether in this collection, which will be available here for the education of prospectors. There are so many hitherto scarce and little used or known metals being used nowadays that prospectors would be well advised, when meeting with strange ore, to compare samples with those on exhibition at the mining engineer's office.

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world, thanking him for his wonderful invention for Internal Bathing, they would soon discard the medicine bottle and look to the cause of their trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon or Large Intestine. Warm water, properly used with the "J. B. L. Cascade," will relieve the cause of your troubles and perfect health will follow.

A Winnipeg clergyman writes: "My wife is naturally sensitive about having her name appear in public print, yet is anxious that others should know what the "J. B. L. Cascade" has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse every year. Since using the "J. B. L. Cascade," first about 4 years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."

The "J. B. L. Cascade" is shown and explained by Cyril H. Orme, Third Avenue, Prince Rupert, B.C.

The "J. B. L. Cascade" is an invention, perfected by Dr. Chas. A. Tyrrell of New York, and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others." It is free.

PUBLIC NOTICE
Military Service Act, 1917.

Men 19 and 20 Years of Age.
Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

SYNOPSIS OF LAND ACT AMENDMENT
 Pre-emption now confined to surveyed lands only.
 Where a pre-emptor will be granted covering only land suitable for agricultural purposes and which is non-timber land.
 Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
 Pre-emptors must occupy claims for five years and make improvements to the value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
 Where a pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
 Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record year to year operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residue of at least 2 years.
 Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his program, without actual occupation. Intermediate improvements made and residence maintained on Crown granted land.
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
 For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.
PRE-EMPTORS' FREE GRANTS ACT.
 The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of deceased pre-emptors may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
TOWNSITE PROPERTY ALLOTMENT ACT.
 Provision is made for the grant to persons holding uncompleted Agreements to purchase from the Crown of such proportion of the land, if divisible, as the payments already made will entitle them to, in proportion to the price of the whole parcel. Two or more persons holding such Agreements may group their interest and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality, and the rights of persons to whom the allotment is made are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
 For information apply to any Provincial Government Agent or to

LAND REGISTRY ACT.
 (Sections 36 and 134.)
 Re Application No. 9822-1
 TAKE NOTICE that application has been made to register John E. Berg of Ketchikan, Alaska, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, B. C., more particularly known and described as Lots thirty-eight (38), and thirty-nine (39), Block thirty (30), Section eight (8) Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—
 "In default of a caveat or certificate of his dependents being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever stopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."
 WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John E. Berg.
 AND WHEREAS on investigating the title it appears that prior to the 13th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof,
 FURTHER TAKE NOTICE that if the same time I shall effect registration in purchase of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John E. Berg, unless you take and prosecute the proper proceedings to establish your claim, if any of the said lands, or to prevent such proposed action on my part.
 DEPT. of the Land Registry Office,
 Prince Rupert, B. C., this 27th day of October, A. D. 1917.

Mr. and Mrs. Jos. H. Wilson, of Atlin, arrived in city on Saturday from the northern interior.

Mr. and Mrs. A. J. Watkinson, of Port Simpson, were among the visitors from Port Simpson for the celebrations yesterday.

"Squire Deal" O'Neill, famous of the Peavine League, worthily upheld his reputation as umpire at the ball games yesterday.

Mr. and Mrs. R. M. McLean, of Alice Arm, arrived in town on Sunday from the north, and left again for the east by the train yesterday morning.

Mr. and Mrs. George E. Keith, Miss Kerr, Miss Deacon, and Mr. W. G. Ludgate, all of Terrace, arrived in the city on Sunday, and are staying over a few days.

Mr. W. O. Coons, of the International Chemical Co., at Paoconi, on Graham Island, where the kelp is being reduced for chemical purposes, arrived in town on Sunday.

The cheerful countenance of Mr. Howard Campbell, of Hazelton, was to be observed on the train which arrived in on Sunday night. Howard has been taking in all the excitement of the holiday festivities.

Take a trip to the salt lakes on the launch Alice B. Boat leaves P. R. Boat House for salt lakes every hour commencing 10 a. m. on Sundays and 2 p. m. on Wednesdays. It was easy to know the Scotsmen yesterday afternoon as they came near the fire hall. One by one they either went right inside or hung around the doors, listening. Alex. Macdonald who used to be in the department, and who has been lately with the Vancouver police department, arrived yesterday morning, and was giving the boys a treat on his return. He was playing the bagpipes, and so long as he remains in town, St. Andrew's need never want for a piper.

Mr. W. P. Lynch is now out of the hospital, where he has been operated on for appendicitis.

It is expected that the strawberry crop at Terrace this year will be one of the biggest on record. The berries are growing fast and should be of good size, but on account of the cool weather, will not ripen rapidly. The whole season is late.

There is quite a number of Prince Rupert boys stationed at the aviation grounds at Longbranch, Ont. Walter Hume, of the G. T. P., is there, "Scoop" Miller, of Anyox; George Hudson, of the Union Bank; J. I. Peters, better known as "C. P. R. Pete," and Harry Mobley.

The "Princess Sophia" on her arrival in town on Saturday evening had over a hundred men from the Yukon for military service. Some of them liked Prince Rupert so well that they missed the boat. She put back for some of them, but there were still others who did not get away until Sunday night.

The new sawmill at Seal Cove will start up work today and will be running continuously from now on. Mr. J. A. W. Bell, manager of the Emerson Lumber Co., and Mr. Thorpe, salesman of the Prince Rupert Lumber Co., are in the city at present and will be going east on Wednesday. The new mill has a capacity of 100,000 ft. per day, but when everything is tested out and is in full running order, it is expected that this quantity will be exceeded.

The Princess Sophia took south on Saturday evening one of the biggest passenger lists she has yet carried. There were many people from Prince Rupert on board, as well as a goodly number from the north, along with tourists. Among those from here were Misses McLeod, Macdonald and King, of the teaching staff; Mrs. and Miss Burritt, Mr. Justice Morrison, Mrs. Clancy, Miss Rothwell, Mr. J. S. Eason, Mr. and Mrs. Ledlie, and Mr. F. H. Mobley, M. P. P.
