AMERICANS BREAK UP GERMAN ATTACKS

POSITIONS MAINTAINED INTACT -- GREAT AIR FIGHTING -- ITALIAN SUCCESS

GERMAN COUNTERATTACK DEMOLISHED BY AMERICANS

ENEMY FORCES ANNIHILATED NEAR CHATEAU THIERRY—MORE PRISONERS TAKEN AND MACHINE GUNS CAPTURED—AEROPLANE ACTIVITY IS MOST MARKED—MANY HUN PLANES DOWNED

(Special to The Daily News.)
With the United States Army in France, July 4.—The American troops utterly demolished attempted counter attacks by the enemy on their new positions west of the Chateau Thierry yesterday morning. Ninety seven additional prisoners were taken. Gun, artillery laid down a terrific barrage that entirely cut off the attacking forces, while the American machine gun and rifle fire annihilated them. A number of light machine guns were captured in this fighting, raising the total taken since the previous fight to more than sixty.

Flying Victories.
London, July 4.—Forty-three German aeroplanes and three observation balloons were accounted for Monday and Tuesday, according to an official statement issued by the War Office last night. Eight British planes are missing. More than twenty-three tons of bombs were dropped upon the enemy positions. On July 4 our aeroplanes were very active. The statement said that twenty-five German machines and three German balloons were destroyed during the day, and fifteen other hostile aeroplanes driven down out of control. In addition, many large flying machines landed behind our lines. Eight of our machines are missing.

French Official.
Paris, July 4.—In an attack north of Mouin Soustont, 457 prisoners, and seven officers were taken, according to the official statement of the War Office here. A strong German attack was made against the American positions at Vaux at one o'clock this morning. The attack was repulsed, the enemy losing very heavily. Not a foot of ground won by the Americans in their attack on Monday night was lost. American air fighters participated in this attack, and are credited unofficially with destroying seven enemy machines. The British destroyed thirteen enemy aeroplanes, and forced nine more to descend out of control.

Berlin's Report.
Berlin, July 4.—The German War Office today announced that four machines attached to an American squadron of nine units were shot down. Lively fighting is also reported south of Arras, northwest of Albert and between the Aisne and Marne rivers.

VANCOUVER'S STREET CARS CEASE RUNNING

(Special to The Daily News.)
Vancouver, July 4.—With both sides maintaining their positions, the street railway strike situation remains unaltered, and promises to last for some time. Not a street car is running in Vancouver today nor yesterday. A supply of electric current to provide for lighting in homes and buildings, and some industrial plants is still maintained.

GRAND DUKE MICHAEL IS PROCLAIMED CZAR INSTEAD OF NICHOLAS

Assisted by Czecho-Slovak Army, Brother of ex-Czar Marches Against the Moscow Bolsheviks.

(Special to The Daily News.)
Amsterdam, July 4.—The Grand Duke Michael Alexandrovitch, brother of the former Emperor Nicholas, has been proclaimed Czar of all the Russias, according to a telegram received from the Ukrainian Telegraph Bureau at Kiev. The new Czar Michael is reported to be marching to Moscow, which is still the heart of Russia. He has behind him the large and well equipped forces of the Czecho-Slovaks, who were formerly fighting for Austria, and were taken prisoner or surrendered to the Russians in the earlier years of the war.

The discipline of these Czech and Slovak regiments has been strictly maintained, and as a fighting force, possibly at the present moment, they are unequalled in Russia. All through the region in which the Grand Duke has marched towards Moscow, he has been hailed delightedly by the population as the new Czar, under whose rule they will again get enough to eat.

LORD RHONDDA, BRITISH FOOD CONTROLLER, DIES

(Special to The Daily News.)
London, July 4.—Lord Rhondda the food controller of Great Britain, died here yesterday morning. Baron Rhondda, better known as Mr. D. A. Thomas, as he was before his elevation to the peerage, has made a distinct success of the food control of Great Britain. One of the largest coal masters in England, Mr. Thomas had caused considerable exploration work to be done in British Columbia. A few years ago, he secured twenty-six sections of coal lands in the Groundhog district, and a preliminary survey had been run for a branch railroad line to get into this rich district.

Although not here to see it, the policy of Lord Rhondda with regard to the Groundhog district will eventually be carried out.

COMMANDER OF BALTIC FLEET IS EXECUTED

London, July 4.—Captain St. Chasnign, the former commander of the Russian Baltic fleet, who was convicted of having opposed and agitated against the Bolshevik government of Russia, has been executed.

PRICE OF COPPER IS FIXED AT 26 CENTS

Washington, July 4.—The price of copper has been fixed at 26 cents per lb., an advance of two and a half cents over the former price, the War Industries Board has announced. The new price, which is still subject to approval of President Wilson, went into effect yesterday and will continue to rule until August 15th.

JUSTIFICATION FOR THE GOVERNMENT IN TAXING WILD LANDS

A Personal Visit to the Lakes District of Central B. C. Repays the Trouble.

To the Editor of the Daily News: It has been my privilege to have recently taken a walking trip through a portion of the lake district of central British Columbia, visiting the scattered settlers, and wherever possible, holding religious services. Among the lakes visited were the following: Burns, Francois, Uncha, Mollice, Tatala, Tatalrose, Biekle, Tatalaska, and Ootsa. I found walking the best way of reaching remote settlements, as the roads were far from good. One line describes the general appearance of this lake district, as I saw it the last part of June. "With verdure clad." Everything in the way of grass, shrub and tree looked fresh and green. At one point near Tatalaska Lake, where there are extensive meadows with occasional clumps of trees, undulating green fields with the blue hills in the distance, I stood and gazed with delight, saying to myself, "This is like an English park."

It is true that during the last few weeks quite a number of people from the prairies have visited this region and are pleased with the country, but many go out again disheartened and because of two things. The first is the fact that all the best land is held by speculators, doing nothing themselves with it, and with an utter lack of patriotism are preventing others from turning this land into productive use, waiting for years in hope of lining their pockets with the unearned increment. But they have waited in vain, and now under the new land policy, must pay five per cent. upon their own valuation. There is now some hope for the future of this beautiful country. The second thing holding settlement back is the lack of good roads. As I walked over these roads for one hundred and twenty-five miles, I know what they are like. They are not bad in places, but built with an utter lack of engineering skill, climbing hundreds of feet, where with a little care, a better grade could have been found. The road from Burns Lake to Francois Lake, a distance of fourteen miles, is up and down hills almost all the way. It could hardly pay settlers to haul their produce over such a road. I am glad to say that a new road with a splendid grade has been begun. I walked along it for a short distance, and can commend the engineering skill with which this has been located. It will be seen at a glance that the land policy and the road policy must go together. With no settlers for miles, because of land held by speculators, it is unreasonable to expect good roads.

I cannot better illustrate the curse of our former land policy than by giving an incident which occurred in the course of my trip. After walking for nine miles through land held by speculators, over a bad trail climbing a steep hill, which might easily have been avoided, I came to a little settlement on Uncha Lake. There were three families, each with some children, but not enough of school age yet to have a school. Our church on Francois Lake is the nearest to them, but after walking the trail, I saw the impossibility of these settlers attending. Gathering these people together, we had the first service they had had since their arrival there three years ago. See the crime of the speculator! No school for these people! No church!! Because the

BRITISH MINE BLAMED FOR THE SINKING OF LLANDOVERY CASTLE

Berlin Now Finds Reputation for Frightfulness Unenviable—A Poor Defense.

(Special to The Daily News.)
Amsterdam, July 4.—The sinking of the British Hospital ship Llandovery Castle, announced by the British Admiralty to have been sent to the bottom by an enemy submarine off the Irish coast on June 27, with the probable loss of two hundred lives was due to her striking a British mine, says a semi-official note from Berlin received here today. The note reads: "Like all similar assertions of the British Admiralty, the assertion in this case that a German submarine was responsible for the fate of the Llandovery Castle is probably also incorrect. It appears from later news that no one on board the steamer observed a U-boat, or a torpedo."

234 VICTIMS DROWNED WITH S. S. LLANDOVERY CASTLE

(Special to The Daily News.)
London, July 4.—Two hundred and thirty-four persons known to have been on board the Llandovery Castle when she was struck by a torpedo from a German submarine, have been given up as lost. Further searches of the area in which the big liner was sunk have been made, but no further trace of any of the victims has been found.

DIVER WENT DOWN ON WATERFRONT YESTERDAY

Mr. Fred Maddison, the famous old timer submarine diver of Vancouver, dropped in here yesterday on his way north to do some deep sea diving after sunken treasure, and while he was here he was made useful. It was very soon after he landed that a proposition was put to him that he do a little diving right here in the harbor.

At the time Albert & McCaffery had a scow laden with coal sink at their wharf, they borrowed a large steel trip bucket from the G. T. P. for the purpose of salvaging the coal, and by an accident the bucket was dropped overboard. Several attempts have since been made to locate the bucket and raise it but without avail.

When the proposition was put up to Mr. Madison he guessed he could locate her, got into his traps and was lowered from the wharf. He was down so brief a moment that it was thought something was wrong with his rig.

"What's the matter," they asked as soon as he got his helmet off.

"Nothing; hoist her up." And they hoisted up the long submerged bucket with a will.

Very best of land all round them which might have dozens of families living on it, is held by some selfish, greedy land-grabber who has done nothing whatever for the country's good. A rich man in Vancouver, a widow in Nova Scotia are holding this region back. I have heard the bitter cry of these settlers. I have seen the rich soil waiting for the plough. God intended this land for production, not for speculation. The government is fully justified in counter balancing the unearned increment by a wild land tax. Hitherto the nominal effect of this has been evaded by a nominal valuation. Let the new land policy be pushed, and our fertile districts settled.

F. H. DU VERNET.
Prince Rupert, July 3rd.

ITALIANS PRESS AUSTRIANS ON THE PIAVE RIVER FRONT

RAPIDLY SHIFTING THEIR ATTACK, ITALIANS CROSS PIAVE RIVER AND MAKE GOOD PROGRESS—GERMAN COUNTER ATTACK NEAR ALBERT PARTIALLY SUCCESSFUL—BRITISH RAIDS

(Special to The Daily News.)
Rome, July 4.—The Italians have again shifted their attack and have chosen the Piave river front for the demonstration of their strength. After a preliminary bombardment of the enemy positions, which amounted to drumfire intensity, the Italians crossed the river northeast of Capo Silo, and in spite of the flooded areas, and strong enemy opposition at first, they made good progress.

British Front.
London, July 4.—German troops last night, after heavy preparatory shelling, attacked and recaptured the greater part of the ground taken by the British on their operation north of Albert on Sunday evening, according to a War Office announcement

today. Several raids were carried out by the British in the region of Boyelles, Moyenville and Merts, in which prisoners were taken. British airmen yesterday disposed of forty-two German aeroplanes and three balloons.

With the Italian Armies in the Field, July 4.—The previous estimate of 1,500 Austrians killed in the recent fighting in the mountains is now considerably increased. It is known that two enemy regiments, one of which was fresh, were entirely wiped out, all members being killed or captured. The attacking party numbered less than the prisoners captured. In the latest attack on the Piave front, a good beginning has been made with the capture of nineteen hundred prisoners and large quantities of war material.

MESSAGE FROM PRESIDENT TO AMERICANS ABROAD

A telegram has been received by Mr. G. M. Hanson, the United States consul in Prince Rupert, from President Wilson conveying greetings to all American subjects resident furth of the United States, on this occasion of the great American national celebration of their Declaration of Independence. The telegram reads:—"On the anniversary which the people are celebrating throughout the United States today I extend to American citizens beyond our borders and overseas the cordial good will of the Government. The burden of this great war

which has been thrust upon us has been greatly lightened by the co-operation and loyalty of American citizens abroad and I take this occasion to thank them in the name of the American people for their devotion to the cause of their country and that of the allied powers. Please accept my assurance that much will be gained by a continued demonstration of the national affection which is so potent a factor in the lives of our people and which will conduce to the glory of peace and victory for all civilized mankind." (Signed) WOODROW WILSON.

EXPECT OCCUPATION OF PETROGRAD BY THE GERMAN FORCES

Czecho-Slovaks Numbering 100,000 Close to City and May Get There First.

London, July 3.—A Stockholm dispatch to the Morning Post says that a Swedish editor who returned from Petrograd reports the situation there more critical than ever. A terrible famine prevails at Petrograd and in Moscow hunger revolts are the order of the day.

At Petrograd German occupation is generally expected if it is not forestalled by the Czecho-Slovaks who have more than 100,000 well disciplined troops and are being rapidly joined by Cossacks. The impression is renewed that an alliance with the Entente is essential to safeguard democracy in Russia and the whole world. Hatred of the Germans is growing. It is a grave mistake to suppose Russia is done for. She will without the slightest doubt pull herself together. Signs of national unity are already noticeable and the over-

throw of the Bolsheviks, which is only a matter of time.

SPIRIT OF MUTINY IS PERVAIVING AUSTRIANS

Geneva, July 4.—Several regiments of Austro-Hungarian soldiers, quartered in Prague and Graz mutinied when the bread ration was eliminated, according to the Praga Tageblatt. The spirit of mutiny due to the bread shortage is spreading throughout the country, even affecting the troops on the Italian front, the newspaper adds.

RAINBOW RUMORS

There was another rumor last week that the drydock was to start up into bustling activity at once, with the whistle blowing three squares every day until the end of time. These rumors spring up and lazily stir public hopes like summer breezes on a Dutch windmill; then they scoop for themselves little graves in the accumulating dust on the drydock's splendid machinery and are at rest. While all the world wonders. Wonders that, while the struggle of every allied country is for ships to win the war with, such a large and important instrument for their production should for years and years of this fierce struggle for ships still remain idle. Never mind. "Long on Golconda's shore a diamond lay neglected," and somebody, someday—after the war—may discover this jewel of a long-neglected shipbuilding plant. Oh, lots of strange things will happen after the war—things never thought of before. After the war we may have (mark that word may) a resident member of parliament to look after such things for us, although it has been a fashion, long enough to be become a precedent, for Prince Rupert to insist upon electing a non-resident representative.

A GREAT SPY STORY AT THE WESTHOLME

There is to be a great spy story displayed at the Westholme this evening. This is an English film and is the first used in this country. It is exclusively controlled by arrangement with the Phillips Film Co., Motograph House, Upper St. Martin's Lane, London, W. C. The tale is a thrilling one, showing the machinations of enemy spies in the capital city of the Empire. "London's Enemies" is a photoplay which brings home to the ordinary individual the seriousness of the situation with which the Allies were confronted during the first years of the war, when enemy spies were secreted in many unsuspected places. There is an all-star cast, and this photoplay is one which will be much appreciated. Then there is the last chapter of the Billie Burke serial which has been running for some time past. All those patrons of the Westholme who have seen this great story will want to witness the final episode.

HEATING PLANT INSTALLED ON THE LAUNCH BELMONT

The big launch Belmont belonging to Belmont Surf Inlet Mines, was in port the other day and when here had a fine piece of work done, in the installation of a hot water heating system. Once in a while when on the water, it does get cold a little, but hereafter the "Belmont" will be able to face any kind of weather with equanimity, being fitted in a manner in which few launches are. A Harry Hanson coil has been fitted up in the galley stove. This has been made specially durable, of brass pipe which will last for many years. Radiators of different sizes are placed where required throughout the vessel, and a steady heat is maintained. Besides this, there is a constant supply of hot water available on board. Messrs. Steen and Longwill put in this heating system, which it would have been impossible to operate with the ordinary water jacket in the stove firebox.

PRESENT PAINCARE PRESENTS FLAG TO CZECHO-SLOVAKS

Paris, July 3.—The presentation of a flag to the Czecho-Slovak regiment which is now fighting with the Allies on the western front, was made by President Poincare of France. He bestowed great praise upon the fighting forces of the Szechs and Slovaks, who are fighting the common enemy of freedom.

There was a wise Spear-woman lived in a shoe For her many children she knew what to do: She made them most happy with Wrigley's for all— It kept them in trim at a cost very small!

TENDERS FOR COAL, B. C.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Coal for the Dominion Buildings, Province of British Columbia," will be received by Wm. Henderson, Resident Architect, Department of Public Works for Canada, at Victoria, B. C., until 12 o'clock noon, on Wednesday, July 3, 1918, for the supply of coal for the Public Buildings throughout the Province of British Columbia. Combined specifications and form of tender can be obtained at this office, from the Resident Architect, Dominion Buildings, Victoria, and the Superintendent, Dominion Buildings, Vancouver, B. C. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of tender. By order, R. C. DESROCHERS, Department of Public Works, Ottawa, June 6th, 1918. 23

NAVIGABLE WATERS PROTECTION ACT (R. S. C. Chapter 115.)

THE BRITISH CANADIAN LUMBER CORPORATION, LIMITED hereby gives notice that it has under section 7 of the said act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Land Registry District at Prince Rupert, B. C., a description of the site and the plan of wharf, buildings, etc., proposed to be built on Massett Inlet, Graham Island, in front of part of Lot 1438 (Timber License 6112 P) and Lot 2840 Queen Charlotte Islands District, B. C.

And take notice that after the expiration of one month from the date of the first publication of this notice The British Canadian Lumber Corporation, Limited will, under Section 7 of the said Act, apply to the City of Ottawa, for approval of the said site and plan and for leave to construct the said wharf, buildings, etc. Dated Vancouver, B. C., this 16th day of May, 1918.

THE BRITISH CANADIAN LUMBER CORPORATION, LIMITED, by their agent, E. A. Cleveland, Civil Engineer and Surveyor, Vancouver, B. C.

WATER NOTICE (Use and Storage).

TAKE NOTICE that George H. Boulton, as agent for Massett Inlet Lumber Co., Ltd., Graham Island Spruce and Cedar Co., Ltd., and Aeroplane Spruce and Cedar Lumber Co., Ltd., whose address is Port Clements, B. C., will apply for a licence to take and use 30,000 gallons and to store one-ninth acre feet of water out of Coho Creek, which flows northerly, and drains into the Yakoun River, Massett Inlet.

The storage dam will be located at about 600 yards from the mouth of said creek. The capacity of the reservoir to be created is about one-ninth acre feet and it will flood about 0.20 acres of land. The water will be diverted from the stream at a point near the dam, and will be used for domestic and steam purposes upon the land described as Lot 746, Block 35.

This notice was posted on the ground on the 29th day of May, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed at the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is June 4, 1918.

MASETT INLET LUMBER CO. LTD. AEROPLANE SPRUCE AND CEDAR LUMBER CO., LTD. GRAHAM ISLAND SPRUCE AND CEDAR COMPANY LIMITED. G. H. Boulton, Agent.

PUBLIC NOTICE Military Service Act, 1917.

Men 19 and 20 Years of Age. Harvest Leave. Leave of Absence on Ground of Extreme Hardship. Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:—(a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

ISSUED BY DEPARTMENT OF MILITIA AND DEFENCE, DEPARTMENT OF JUSTICE.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

LAND REGISTRY ACT.

(Sections 2C and 134.) Application No. 9822-1 TAKE NOTICE that application has been made to register John E. Berg of Ketchikan, Alaska, as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, B. C., more particularly known and described as Lots thirty-eight (38), and thirty-nine (39), Block thirty (30), Section eight (8), Map 923. You are required to contest the claims of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his petition being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of John E. Berg. AND WHEREAS on investigating the title it appears that prior to the 15th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof. FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of John E. Berg, unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part. DATED at the Land Registry Office, Prince Rupert, B. C., this 27th day of December, A. D. 1917. H. F. MACLEOD, District Registrar of Titles. To Walter McLaren, Nampa, Idaho.

MINERAL ACT Certificate of Improvements. NOTICE. "Rupert," "Scranton," "Gem," and "George" Mineral Claims, situate in the Skeena Mining Division of Coast District. Where located:—At Kwinitsa, Skeena River. TAKE NOTICE that Alex. M. Manson, Free Miner's Certificate No. 14298-C, acting as agent for the B. C. Salt Works, Limited, Free Miner's Certificate No. 14,287-C, intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements. Dated the 1524th day of May, A. D. 1918.

MINERAL ACT CERTIFICATE OF IMPROVEMENTS. NOTICE Stark Fraction Mineral Claim, situate in the Skeena Mining Division of Cassiar District. Where located:—Seven miles from Goose Bay, on the northwest branch of Falls Creek. TAKE NOTICE that I, Wm. T. Kergin, F.M.L. No. 9475 C, acting as agent for George Rudge, F. M. L. No. 6139, and Wm. R. Lord, F. M. L. No. 18231 C, and for myself intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements. Dated this 10th day of April, A. D. 1918.

NOTICE OF CANCELLATION OF RESERVE Notice is hereby given that the reserve existing on that portion of Lot 1438, Queen Charlotte District, surveyed and now as Lot 2810 by reason of a notice appearing in the British Columbia Gazette of December 27, 1907, is cancelled for the purpose of leasing said Lot 2810, Queen Charlotte District, to the British Canadian Lumber Corporation Limited for saw mill purposes. G. R. NADEN, Deputy Minister of Lands, Department of Lands, Victoria, B. C., 14th May, 1918. 122

MINERAL ACT Certificate of Improvements. NOTICE "LOUISE" Mineral Claim, situate in the Portland Canal Mining Division of Cassiar District. Where located:—On American Creek, about 4 miles from its mouth. TAKE NOTICE that I, Robert Stewart, Free Miner's Certificate No. 9530-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim. And further take notice that action, under section 85, must be commenced before the issue of such Certificate of Improvements. Dated this 28th day of March, 1918.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant. Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim. Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years. Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land. Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title being obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company. PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive. TOWNSITE PROPERTY ALLOTMENT ACT. Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction. For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

Grow Your Own Vegetables CITY people this year must help to grow their own food. Every pound of vegetables that can be produced in home gardens or vacant lots will be a positive addition to the supply of food. Moreover the cultivation of land in city, town and village will leave market gardeners and farmers free to grow wheat and other supplies for food. It may be that the only contribution which you can make towards relieving the dire food needs of our Allies will be a vegetable garden. If 200,000 families in Canada would cultivate a garden of this kind it would mean a very important aggregate addition to our food supply. In Montreal vegetables to the value of \$100,000 were grown on vacant lots last year. Calgary had over 1,100 lots under cultivation, covering an area of 200 acres. Splendid results were achieved in other cities. There is even greater necessity for war gardens this year. Tremendous interest in the movement is reported from all parts of the Dominion. Are you a member of a vacant lot organization? If none exists in your community help to organize one. Home garden and vacant lot cultivation is really needed and may truly be considered a patriotic service. Organized Efforts Will Bring Best Results Decide here and now to have a war garden. Persuade your neighbours to do the same. All the tools necessary are a spade, rake and hoe. The cost of seeds is a trifle. Grow only standard vegetables such as potatoes, beans, peas, beets, carrots, parsnips, onions and lettuce. By growing your own vegetables you can not only perform a patriotic duty, you can also help to control the high cost of living. Write to your Provincial Department of Agriculture for pamphlets on gardening and any additional information. CANADA FOOD BOARD

WATER NOTICE

TAKE NOTICE that George H. Boulton, whose address is Port Clements, B. C., will apply for a licence to take and use 5,000 gallons and to store 30,000 gallons of water out of an unnamed creek which flows northerly and drains into Stewart Bay, Masset Inlet. The storage dam will be located at a point about 500 yards from the mouth. The capacity of the reservoir to be created is about 50,000 gallons and it will flood about 0.95 acres of land. The water will be diverted from the stream at a point near the dam and will be used for steam purposes upon the land described as Block 83, Lot 746.

This notice was posted on the ground on the 29th day of May, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed at the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is June 1, 1918. G. H. BOULTON, Applicant.

PRESIDENT MENOCA, OF CUBA, ABOUT TO RETIRE FROM POST

Havana, July 3.—President Menocal, according to reports in circulation, has prepared a letter announcing his withdrawal from the Conservative party, of which he is the head. The action, it is said, is due to his displeasure over the failure of the representatives of his party in Congress to force through the obligatory military service, espionage and budget measures, the passage of which the President had urged.
