Current Comment

The potato crop of Manitoba is by far the largest ever produced. This year it is said to be well over ten million bushels. This will make up to a large extent for the light wheat crop.

The Government of Victoria, Australia, has just purchased a tract of land on which to settle returned soldiers. It is falling in line with the policy commenced by British Columbia.

If the B. C. Government through the Land Settlement Board * can be the means of settling up the vacant areas of splendid land along the line of railway between Prince Rupert and the Rocky * Mountains, it will have carved for itself a niche in the temple of * fame which it will be impossible for anything to eradicate.

The Commissioner of Fisheries for British Columbia, Hon. |* Wm. Sloan, has been showing his interest in the department * bell River. This, it is reported, was only one of seven, the small- * bell River. This, it is reported, was only one of sever, the smallest of which tipped the scales at twenty-eight pounds. It looks * * * almost as if the big tyee salmon knew the Klondike king was coming.

Recognize Services Of British Sailors.

On Saturday Prince Rupert people will be given an opportunity to recognize in a practical way the work of the men of the British navy. There is to be a general tag and the proceeds will be devoted to men and the dependents of the men of the navy and mercantile marine. Considering the fact that nothing except NOTICE the navy has saved the world from German domination, it is certainly fitting that all unite to help the men who have done such noble work.

The navy is a great silent machine that works effectively in and eight (208), Range Three (3), Coast the dark and guards the shores of Britain, protects the commerce of the nations of the world, and in the day of extremity did its

part even on land in holding back the furious Hun. It is for the men of the navy and their dependents that the members of the Prince Rupert branch of the Navy League of Canada appeal on Saturday. It is a great cause and the people here will undoubtedly rise to the occasion and do their duty. Eleven hundred and sixty-one (1161) There are more or less regular appeals for the soldiers, but onl now and then is the call sent out for the men of the sea. Thi is a seaport town and for that reason the appeal is one that goes right home.

Germans Simply Shortening Their Lines.

The German official announcement of the retirement is a very innocent affair. To judge by it no one would imagine that there had been heavy fighting with immense casualties during the last few weeks. The Germans have been simply shortening the line. That is all.

The German line will need more shortening before the end the skeens Mining Division of Cassiar comes. The Allies under the unity of one command are driving District. steadily, but not in too sensational a manner. They are bringing, up their guns and supplies as fast as the armies move forward and the result is stability of movement and a gain that really means something.

Pioneer Missionary

Wins Undying Fame. The passing of William Duncan, the missionary who early mg a Crown Grant of the above claim. visited these parts and endeared himself to the Indian population through his devotion to their interests, is an event that cannot pass unnoticed. The veteran missionary was in this district for ments. something like sixty years and he stands out clearly as the one man more than any other who helped the Indians to attain that degree of civilization for which the natives of this part of British | SKEENA LAND DISTRICT DISTRICT OF Columbia are noted. He was a man who did things and who inspired others to do. That he was not inclined to be subservient to a newcomer after he had built up the mission here through bury, of Prince Rupert, B. C., occupation his individual effort, was not to be wondered at. Such however is the fate of many of the world's best workers. They build lease the following described lands:while others tear down or stand by and criticize. William Duncan has made an undying name for himself, which will pass down Bay in the north arm of Selwyn Inlet, through history among the names of great and good and useful Moresby Island, Q. C. Islands; thence wesi men. Just how much he did no one can yet tell. Sowing 20 chains, thence south 20 chains, thence the seeds of civilization in those early days meant everything to those who followed. His name will be remembered and revered cluding all foreshore between high and lov long after all the relics of ecclesiasticism have been buried and water; containing 40 acres more or less forgotten.

"The food crisis is grave and urgent, beyond possibility of exaggeration."-Sir Robert Borden

City and Town Labor Must Save The Food Situation

THE heart of the food production problem is labor, and the heart of the labor problem is the city dweller. City people must produce food if Canada is to do her full duty in support of our soldiers and Allies.

Men who are needed on farms must come from the cities and towns—there is no other source. The Provincial Departments of Agriculture co-operating with the Canada Food Board, can place thousands of men on good farms in this Province. They are needed at once.

Those who remain at home must also Grow Food

A War Garden will not excuse the man whose rightful place this year is on a farm. But War Garden service is needed from those who can do no more.

Every pound of home-grown vegetables, produced on city land by city labor, will be a positive addition to the food supply. Home Garden

and Vacant Lot cultivation will leave the farmers free to grow more food for export.

The vegetable garden offers an opportunity for service to men whose circumstances make it impossible for them to work on a farm, to women, to boys and girlsto city people generally.

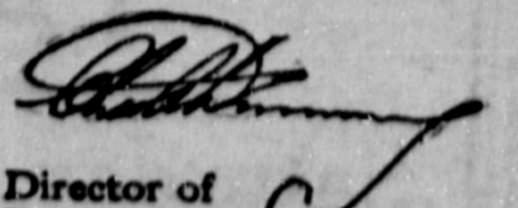

Be a Food Producer This Year

Production

If there is a garden or vacant lot movement in your community, associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign. Write to your Provincial Department of Agriculture for pamphlets on gardening and additional information.

Mrs. McCullagh Tells of District in Which She Lives; Young Men Have Gone to The War.

Among recent visitors to the city was Mrs. McCullagh, wife of Rev. J. B. McCullagh of the Church Missionary Society stationed at the Naas. She was visiting a number of friends while in the city and returned to her home on Monday.

Speaking of the Naas to a News man, Mrs. McCullagh said that number of bear, moose, caribou the scenery there was wonderful. and deer on the trail, G. M. Nothing that she had seen equal- Beirnes arrived in the city yesterled it. The only objection to the country was that so few people Hazelton. ived there that it was rather lonely. Most of the young men who formerly were there had gone to the front and the families noved away.

The floods of last year which were likely to recur had made it necessary for the Indians to move a couple of miles up the river from Aiyansh to Gitlakdamix. They were building a log house there first and the mission would be moved during the winter,

All parties having claims against the said estate are hereby required to forward same properly verified to me on before the 1st day of Octobr, 1918, and all parties indebted to the said estate are required to pay the amount of their in

debtedness forthwith. Dated the 17th day of August, 1918. J. H. McMULLIN, Official Administrator

George M. Beirnes Returns After Taking 25 Horses Over Trail From Hazelton to Telegraph Creek.

After driving 25 horses along four-hundred-mile woodland trail, swimming several rivers, feeding on caribou meat killed by himself and seeing an immense day and went on to his home in

Mr. Beirnes is an experienced woodsman and he has often made the trip through from Hazelton to Telegraph Creek on the Stiking before. He takes in a bunch of horses every year and he always sees lots of game en route. Now he is planning to take in hunting parties himself by way of Hazelton, and there is no reason why he should not do so. He says that Hazelton is just as near the bighorn and caribou and moose and grizzly bear as is Telegraph Queen Charlotte Islanders can- Creek and it should just as wel be the centre for big game hunting. This would be a great benefit to Hazelton and also would benefit Prince Rupert.

The long trip across to the Stikine was commenced on August 2 and 21 days were taken in Tuesdays, crossing. Meat running short, a not a day when big game was no seen, all sorts of big fellows, especially moose and caribou.

At Telegraph Creek were two movie picture outfits which were there to photograph the big game Cariboo Fraction Mineral Claim, situate in their haunts. A picture of

> The best of the big game hunt-Hazelton. There is more or less game, especially bear, all the way, but the bighorn are some distance away. The roads are good, for the provincial government has put in a number of bridges and repaired the trail, thus making it.

The trail passes through the famous Groundhog coal fields but no work is being done there just

Recent changes in the Daily |* ownership of H. F. Pullen, until recently city editor of the Victoria Times, have resulted in many improvements in the appearance of that paper, and a fifty per cent. increase in size. The News is of credit to Mr. Pullen, and of ? which Prince Rupert people may live on pride alone, and the merchants and citizens owe it to 3 themselves and to Mr. Pullen to see that the Daily News is given
