

DEFENCE SYSTEM OF HUNS

3 LINES BEHIND HINDENBURG LINE; ANOTHER UNDER CONSTRUCTION

ST. QUENTIN IS SURROUNDED ON THREE SIDES BY FRENCH; LAFERE NOW OUTFLANKED

Paris, Sept. 11.—The village of Travecy near the southern end of the main Hindenburg line has been captured by the French. If the French can hold this town the important position at Lafere, the northerly defence of St. Bobain Massif, two miles south of Travecy, will be virtually outflanked.

By the capture of Rourpy the French are now six and a half miles from St. Quentin on the southwest and with a force pressing beyond Honnecourt seven miles south of the city they now command all approaches to St. Quentin on three sides.

London, September 11.—During last night the British line was advanced slightly in the region of Vermand, northwest of St. Quentin. The Germans made a counter attack in the region of Ecourt St. Quentin and were repulsed after stiff fighting. There was sharp fighting also at Gouseaucourt. The Germans were beaten off except at one point where the British posts remained in the enemy's possession.

WHIPPED GERMANS HOWL FOR PEACE

Count Czernin Having Failed with Guns and Gas Fires off Some Lofty Sentiment.

London, Sept. 11.—According to word received here a strong peace party is being organized in Germany. Count Czernin concluded an interview with a call for peace as follows:

"From the banks of the Danube this call ought to go forth to the world: 'Wake up, wake up from bad dreams of blood and force, for a new and better future must be shaped. War as a political means must be combated.' The day will come when millions in all countries will repeat this call."

FLAMES AND PILLAGE, RIOTS AND MURDER TROUBLE PETROGRAD

Washington, Sept. 11.—Word has reached Washington from European sources that reports there said Petrograd is in flames in many places, and that the citizens are being indiscriminately slaughtered. Pillaging and rioting is in progress in all parts of the city, and, according to these reports, there is no semblance of law or police or military protection.

"DEMERS"

A shipment of dresses has arrived, consisting of taffeta, satin and serge, latest trimmings and style. These dresses will be sold at prices that would not pay for the material. Come and investigate. Two dresses for what you expect to pay for one. Whether you want a dress or not, this is an opportunity not to be overlooked. Our prices will decide for you.

MISSANABIE TORPEDOED

London, Sept. 11.—It is rumored here that the C. P. R. steamship Missanabie has been torpedoed by the Germans. She was on her way home after having taken a number of troops to Europe.

CLEVER CAPTURE OF LIQUOR WAS MADE YESTERDAY

Chinese Watched Police as Police Watched for Owner of \$500 Worth of Fire Water.

Happening to be on the wharf yesterday making an examination of some goods which turned out to be perfectly harmless, Constable Adams noticed two cases of coal oil which had been shipped up here from Vancouver addressed to Wing Lee, apparently from his name, a Chinaman. Knowing that coal oil is never shipped in two case lots from Vancouver here, Constable Adams' curiosity was aroused mildly. One of the cans was noticed to be leaking, and absently Constable Adams scented the leak. It did not smell like coal oil. He tasted it. It did not taste like coal oil. The only thing that had a real coal oil appearance was the outside case, for the cans were gasoline cans. Wing Lee, being a Chinaman unknown to the Police, they had to wait until instructions came regarding delivery. They followed the rig carting the two cases up town and found that they were left on the street near the head of Fulton Street. The constables ensconced themselves out of sight, where they could watch Wing Lee come for his two cases, but evidently Wing Lee was watching the constables, for he was content to allow them to go on watching the two cases lying on the street. He wouldn't claim them.

Having other duties, the constable finally seized the stuff and returned with it to the police office where a further inspection proved the supposed coal oil to be either Sam Jing or Moy Kooee Loo, a chinese liquor carrying a high content of alcohol. The liquor is estimated to be worth \$50 per gallon, making the capture worth \$800.

Wood, \$2.50 a load, Pony Express.

THREE GERMAN DEFENCE LINES RUN PARALLEL WITH EACH OTHER

Paris, September 11.—There are three German lines of defence behind the Hindenburg line, the first closely paralleling it and others providing for retreats along the fronts, according to an outline of the German defence system printed by the Matin today.

The first line in the rear of the Hindenburg position, according to that newspaper, starts from south of Lille and parallels the Hindenburg line at an average of from three to six miles.

The second comprises a line running from Lille to Metz, the intermediary points of which the newspaper does not indicate. This line would be about 180 miles in length.

Finally, the newspaper adds, there is a fourth retreat line on which the Germans are now vigorously working. It runs from Valenciennes 20 miles west of Douai in a southeasterly direction to Givet on the Meuse at the Belgian border. The front thus indicated extends for about sixty miles.

HUN REGIMENT MUTINIED AT COLOGNE CITY

Declined to proceed to Western Front—Another Regiment Refused to Fire Upon Their Comrades.

YOUTHFUL DEFENCE FORCE IS ROUGHLY HANDLED

Amsterdam, September 11.—The Twenty-fifth German Regiment mutinied at Cologne on August 31, according to information published by the Telegraaf here. An eye-witness to the incident says that the soldiers on being ordered to leave Cologne for the western front, refused point blank to board the train which was to take them to the fighting zone. Another regiment was thereupon ordered to force the refractory troops to enter the cars, but they refused to fire upon their comrades.

A detachment of the Home Defence Guard, which is composed of youths, was then ordered to undertake the task, which they started in to do, but a free fight followed, in which the seasoned

FUEL CONTROLLER ASKS ELIMINATION OF ALL JOY RIDING

The Fuel Controller has enlisted the services of the Canadian Press Association with a view to reducing the amount of gasoline consumed throughout Canada. People are asked by the Fuel Controller to give up Sunday joy riding and all unnecessary motoring as a part of a general policy of thrift. The appeal to editors to take part in this campaign concludes with the following: "Money can be saved by saving gasoline and motor wear and tear with results that surplus savings to the people may be materially increased and made available for the war. It is conservatively estimated \$150,000 can be saved next Sunday in Canada if motoring is reduced to necessary errands."

and heavier soldiers beat up the youngsters rather badly. Eleven members of the Defence force were killed and many were wounded.

Ladsmith Wellington Coal reduces your fuel bill and gives satisfaction. Phone 15. P. R. Coal Co.

SUBMARINE MAKES DARING RAID ON MERCHANT SHIPS CONVOYED BY DESTROYERS

London, September 11.—The American ship Dora, which formerly sailed under the Austrian flag, was torpedoed and sunk on September 4, while approximately four hundred miles off the coast of France as a result of an attack on a cargo convoy. The crew of the Dora were saved. The steamship was struck at 6 o'clock in the morning, and the sea being calm, enabled the crew of eighty-five to escape, being later picked up by the escorting destroyers.

The submarine daringly took up her position about 150 yards from the starboard side of the convoy column, and about an equal distance from the nearest destroyer. She fired at the steamer which was heading the column of three vessels. The escorting destroyers immediately dropped numerous depth charges at the point where it was believed the torpedo came from.

Owing to the speed with which the warships acted and the close proximity of the submarine, it is considered certain that the submarine was either destroyed or very badly damaged.

G. T. P. MANAGER CONFIDENT BIG SHIPS WILL BE UNDER CONSTRUCTION HERE SOON

W. P. HINTON SAYS MULLEN CONSTRUCTION CO. MAKING ARRANGEMENTS AND WORD WILL BE RECEIVED FROM THEM SOON AS TO DATE OF COMMENCEMENT

"The John Mullen Construction Company received the lease of the shipyard from the Grand Trunk Pacific Railway Co. only two weeks ago and they are now making their arrangements to start work. They expect to give us definite information as to when they will start within a very short time." That was the information conveyed by W. P. Hinton, General Manager and President of the Grand Trunk Pacific Railway in an interview with a News man this morning.

Mr. Hinton was quite confident that the work would go ahead and that it would commence very soon. Naturally, he said, the arrangements could not be made for the building of big steel ships in a few days. There are so many things to be arranged and the work is of such magnitude that it is impossible to do it in a day.

GREAT AEROPLANE ACTIVITY IN AUGUST

Paris, Sept. 11.—During August the French bombardment, aeroplanes dropped more than 629 tons of projectiles, according to a statement made by the War Office. In the same month 280 enemy machines were downed or seen falling out of control and 66 enemy balloons were set on fire.

FRANK MARTIN SHOT DEAD AT SWAMP POINT

Was Provincial Government Road Superintendent in Portland Canal District.

Chief Minty of the Provincial Police Department received a telegram timed late last night from Constable Shiels of Anyox, stating: "Frank Martin, government road superintendent, shot and killed at Swamp Point. Leaving with coroner tonight. Constable Jack away in hills near Stewart."

The details given are so far meagre and it is impossible to judge yet whether Frank Martin has been shot deliberately or accidentally. Swamp Point, where this occurrence took place, lies some thirty-five miles from Stewart on the Portland Canal, and at this place the Granby Company are operating a large camp. It is from there that they secure their supplies of limestone for their smelter.

Frank Martin is well known all through this northern district. He is one of the old timers of Prince Rupert, as he used to have a news agency here in the early days, around and before 1909. He left here then for Stewart, and after that went to the Hazelton district for a year or two. He returned to Stewart in 1915, and became road superintendent in 1916 which position he has held since. He is survived by a widow, Mrs. Martin, who at present resides in Anyox. A late report states that a man named Johnston S. Harkley was responsible for Martin's death.

BOOST THE PRISONERS OF WAR FUND FRIDAY

The Rupert Table Supply Co. have placed at the disposal of the ladies in charge of the regular Friday sale this week the spacious premises in their new large store on Sixth Street. The proceeds of the day will be given to the Prisoners of War Fund. Mrs. Alexander and Mrs. E. E. Stilwell together with a host of assistants, will be in charge. Lunch will be served from 11 a.m. to 2 p.m., and tea from 2 p.m. until 5 p.m. Incidentally, the Rupert Table Supply Co. will take advantage of the occasion to declare this as their opening day, and are contributing their tea and coffee as a demonstration. One of the special features of the day will be a three-piece orchestra from the Westholme Theatre, and there will also be the usual sale of home-cooking and raffles. Every effort is being made to make this occasion a success, so help the ladies with a big day.

BOSTON IS LEADING IN WORLD SERIES

Boston, Mass., Sept. 11.—Baseball players in the world's series are now disputing about the division of the proceeds. Although the admission fee was reduced, the attendance at the games has been very slim. Boston is now leading with three games to two, Chicago having won yesterday.

DAILY EDITION. Wednesday, Sept. 11, 1918.

Optimism of Field Marshal Haig.

Field Marshal Haig is very optimistic, and who is in a better position to know than he? When the Field Marshal says that the dark days will never return he is speaking by the book, for he has his fingers on the whole situation. He knows, and he speaks as a result of that knowledge.

When he says "The enemy has spent his effort," he means just that. He is not a political speaker nor an enthusiast who talks for the sake of talking. He is conservatively inclined, but just now he has perfect faith in the Allied army and a knowledge of what it can do and also a practical experience of what the Germans are capable of doing. With this in clear view and in view of the experiences of the past he makes a public announcement to the Allies that the effort of the enemy is spent and that the dark days when every Britisher gritted his teeth and hoped against hope that things would be better tomorrow, have gone to the limbo of forgotten things.

Value of Military Operations in Siberia.

Looked at from a purely materialistic point of view the value to Prince Rupert of the military operations in Siberia is very great. From this time on Siberia will be open to the trade of Great Britain and especially for the trade of Canada. The nearest Canadian port to Vladivostok is Prince Rupert, the difference between it and any other port being about two days' journey.

The sooner Siberia is opened to the trade of the world the sooner there will be a steamship line running from the Port of Prince Rupert to the ports of the Orient. When one line makes it pay there will be others, and then just watch Rupert grow. "The commercial centre of the north country," will be an apt way of describing this city. That will settle the tax question, the street question, the question of making a living and the question of inducing capital to come here.

Need of More Houses in Town.

In view of the possibilities of this centre it seems a little curious that no considerable preparation is being made for the coming in of the large numbers of people who are bound to be here in the near future. Take the tax sale as an instance. A number of good lots were recently offered for sale in Section two, yet there were few buyers. These lots could have been purchased for very small sums and title secured at once. On these lots small cottages for the incoming residents might be erected. There is little demand for expensive places, but there is a demand and a considerable one for small, neat cottages in which small families may live respectably at reasonable rents. It is not every person that cares to live in an apartment, and even if they did there are not enough apartments for all. Cheap property is essential and that can be secured by purchasing from the city or from private parties. Lumber may be secured right on the spot and there will soon be plenty of a kind suitable for the purpose. Carpenters are scarce but the need of houses is great and something will have to be done to supply the need.

Musical Association's Auspicious Opening.

The Prince Rupert Musical Association has opened the season under auspicious circumstances. It had a large attendance at the first practise and there was a good deal of interest and enthusiasm on the part of those who were present. Those who like to attend concerts but who themselves have not the inclination or opportunity to take part in the performances will look for great things at the first public entertainment given by the new association. The performers always get the most from the musical performances, but if they do their work well the general public also stand to benefit. The musical association is looked upon somewhat as a civic institution and everyone is interested in its success.

Britain is Paying Interest on Debt.

All the debt charges of Great Britain are being paid out of current taxation, yet during the war the national debt of the country has increased from three and a quarter billion dollars to nearly forty billion dollars. In Germany the taxes do not pay the interest on the war debt, for the interest and principal was to have been charged against the Allies after they had been subdued and made subservient to the Hun will. The probability now is that the national debt of Germany will be worth very little when the war is over.

"The food crisis is grave and urgent, beyond possibility of exaggeration."—Sir Robert Borden

City and Town Labor Must Save The Food Situation

THE heart of the food production problem is labor, and the heart of the labor problem is the city dweller. City people must produce food if Canada is to do her full duty in support of our soldiers and Allies.

Men who are needed on farms must come from the cities and towns—there is no other source. The Provincial Departments of Agriculture co-operating with the Canada Food Board, can place thousands of men on good farms in this Province. They are needed at once.

Those who remain at home must also Grow Food

A War Garden will not excuse the man whose rightful place this year is on a farm. But War Garden service is needed from those who can do no more.

Every pound of home-grown vegetables, produced on city land by city labor, will be a positive addition to the food supply. Home Garden and Vacant Lot cultivation will leave the farmers free to grow more food for export.

The vegetable garden offers an opportunity for service to men whose circumstances make it impossible for them to work on a farm, to women, to boys and girls—to city people generally.

Be a Food Producer This Year

If there is a garden or vacant lot movement in your community, associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign. Write to your Provincial Department of Agriculture for pamphlets on gardening and additional information.

ANYOX, BIGGEST MINING CAMP OF NORTH COUNTRY

GREAT INDUSTRY CREATED BY GRANBY COMPANY MAKES DIVIDENDS FOR INVESTORS AND PAYS GOOD WAGES TO EMPLOYEES; MILLION TONS OF ORE A YEAR MINED AND TREATED

What may happen when a single mine operated by a progressive mining company is opened up and developed to the limit of its capacity is well shown at Anyox, the site of the smelter and mine of the Granby Consolidated Mining and Smelting Company. The fact that the mine was very rich would not mean anything were it not for the fact that it has been developed along modern lines by a company that does not look at expense as long as it is an investment which in the long run will probably bring returns.

Mining is never a sure thing and although the Hidden Creek mine from which the smelter at Anyox gets its supply, is undoubtedly rich in copper ore it was not at all a certainty that the ore would smelt successfully or that it could be made a really paying proposition. In fact there were dark days in the development of the property and the operation of the smelter, when the faith of the Granby management and shareholders was severely tried and when the ghost of a possible dividend which haunted them seemed to be fading into thin air.

Run for Dividends.

Every company is looking for dividends. That is the reason for its establishment. If there was no prospect of dividends, the company would not exist. Granby is no exception to the rule. The fact that a company serves a useful purpose is secondary, at any rate during the formative period. Later it may be that the management of a company may get to look on the work as more important than the declaring of dividends. That is the larger view but in it there is a danger that dividends may be forgotten and then the shareholders may rise in their might and put in a new management.

Granby is run for dividends, but at the same time the officials have the larger outlook of public service which does away with much of the materialism of the present and enables them to look into the future and spend much money on things which bring no immediate returns.

In the opening up of the Anyox camp there were a number of years during which no dividends were declared, yet millions of dollars were being spent in the hope of future returns. There was a large element of risk in the investment, indeed it was looked upon as somewhat of a speculation. Then when the smelter was completed and the furnaces blown in, failure threatened them because the ore did not flux properly and it was almost a year before it could be said with any degree of certainty that the success of the venture could be assured.

It was an immense undertaking, this development of a big mine, building a smelter, laying out, building and operating a townsite and running a hotel and big boarding and rooming establishments. To this is now to be added the operation of a coke concern to provide material for their own smelter without the danger of being held up through lack of a supply. A few figures will perhaps convey some faint idea of the work that is being done.

The total sum invested in the mine and smelter to date is approximately \$6,000,000 exclusive of the coke plant which when completed will have cost another \$1,500,000. The output of the Hidden Creek mine during the past year is very nearly 1,000,000 tons and added to this are small quantities of ore imported from Valdez, and other points. The ore at present surveyed amounts to approximately 20,000,000 tons, or sufficient to last at the present rate of consumption for at least 20 years.

Perhaps an idea of the business handled by the concern may be gained from the tonnage handled by the company's railway at Anyox. Last year the total amount was 1,500,000 tons of ore and supplies including quartz, coke, limestone and merchandise. There was 300,000 tons of material unloaded at the dock. The payroll for the year amounted to \$2,500,000 and the amount paid for purchase of supplies came to \$3,750,000.

The people who live at Anyox are far above the average mining camps, both in respectability and intelligence. There are not so many social cesspools as are found in most small towns. It is

asserted by some that there are not any. If there are they have been kept well covered and on that account are not so dangerous as if they were open.

Employees.

The majority of the people are employed by the company. In the smelting department there are 1136 employees and about 500 in the mining department. Of this total there are 304 of foreign nationality including Italians, Austrians and others. This foreign element is employed almost wholly at the furnaces. They like the work and do well what British and American people do not care to do at all.

The wages paid average very high, possibly higher than at any other point on the coast. The lowest wage earned by laborers is \$4.10 a day and mechanics get mostly between six and seven dollars. Many earn much more than this. On the whole it may be said that everybody has money, and while a few spend it practically all, most of the men have savings accounts or a large number of uncashed checks with them.

Later articles will deal with other phases of life at Anyox, a camp that promises great things for the future and a camp in which Prince Rupert people are very much interested owing to its proximity to this city and to the fact that so many of the people of the mining camp spend their holidays here.

All parties having claims against the said estate are hereby required to forward same properly verified to me on or before the 15th day of September, 1918, and all parties indebted to the said estate are required to pay the amount of their indebtedness forthwith.
Dated the 6th day of August, 1918.
J. H. McMULLIN,
Official Administrator.

RED CROSS STOCKS BECOMING DEPLETED; APPEAL FOR MORE

A cable from England has just been received at headquarters, in Toronto, saying that although the Red Cross Society has been able so far to supply the demands made upon it, further tremendous drains as a result of the recent great battle are causing stocks to become depleted and the necessity for greater work is urged to keep up a sufficient supply to take care of the wounded. In Prince Rupert either food or money may be left at the Red Cross hut on Third Avenue any Friday and by doing so all can "do their bit."

BUILDING PERMITS AND CUSTOMS COLLECTIONS

The building permits for the month of August amounted to \$20,320 and the customs collections for the same period were \$23,998.51.

There was a wise Spear-woman lived in a shoe For her many children she knew what to do: She made them most happy with Wrigley's for all— It kept them in trim at a cost very small!

WATER NOTICE DIVERSION AND USE.

TAKE NOTICE that John M. MacMillan, whose address is 1857 Nelson Street, Vancouver, will apply for a licence to take and use 50 miners' inches of water out of Boas Creek, which flows north and drains into Lagoon Bay, Moresby Island, about 3 miles from Sewell Inlet.

The water will be diverted from the stream at a point about one-quarter of a mile from its mouth, and will be used for miscellaneous purposes, i.e. for canneries, including incidental thereto, water for domestic power and boiler for canneries purpose upon the land described as application for lease by J. McLarty MacMillan.

This notice was posted on the ground on the 20th day of June, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
J. McLARTY MACMILLAN, Applicant.
The date of the first publication of this notice is July 6th, 1918. A6

WATER NOTICE USE AND STORAGE.

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co., Ltd., whose address is 718 Granville St., Vancouver, B. C., will apply for a licence to take and use 50 second feet and to store 25,000 acre feet of water out of Clearwater Creek, which flows southeasterly and drains into Kitault River, about 21 miles from Alice Arm.

The storage-dam will be located at outlet of Clearwater Lake. The capacity of the reservoir to be created is about 25,000 acre feet, and it will flood about 100 acres of land. The water will be diverted from the stream at a point about 4 miles north-westerly from N.W. Cor. L. 3805 and will be used for power purposes upon the land described as Lots 308, 479, 898, 899, 480, to 486 inc., 1972 A, 1973, 1986, and others comprising the mine and smeltery at Anyox, B. C.

This notice was posted on the ground on the 27th day of July, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
GRANBY CONSOLIDATED MINING, SMELTING & POWER CO., LTD., Applicant.
By E. E. Campbell, Agent.
The date of the first publication of this notice is 5th August, 1918.
Per J. Fred Ritchie.

WATER NOTICE DIVERSION AND USE.

TAKE NOTICE that I, Andrew Sostad, agent for Martin Woldson, whose address is 444 Peyton Bldg., Spokane, Washington, U. S., will apply for a licence to take and use 150 cubic feet of water out of Cascade Creek, which flows southerly and drains into Maple Bay, about where the wharf of the Outsider Mines is situated. The water will be diverted from the stream at a point about 6,500 ft. from Maple Bay and will be used for mining purposes upon the Outsider Group of mines, described as L. 564, L. 565, L. 566, L. 567, L. 568, L. 569, L. 580, L. 581.

This notice was posted on the ground on the 27th day of June, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
MARTIN WOLDSON, Applicant.
By Andrew Sostad, Agent.
The date of the first publication of this notice is July 25th, 1918.

Red Cross Notes

The Port Clements branch has sent in a cheque for \$500 and this exceptionally handsome donation is acknowledged with many thanks.

The Prisoners of War Branch is in receipt of \$87.80 from Mayor McClymont which represents the proceeds of a collection taken at the Westholme Theatre on August 4, Remembrance Day. The collection amounted to \$110.30, out of which an expense of \$22.50 for printing was paid. The use of the theatre was donated for which the management is thanked.

The usual monthly meeting of the Red Cross Society was held in the Court House on Saturday last. In the absence of Judge Young, president, Mrs. R. L. McIntosh presided, while Mrs. Peters acted as secretary. The financial statement for the past month was presented by the treasurer which disclosed a balance in hand of \$1,600 of which amount \$1,500 was ordered remitted to the head office in Toronto. It was also decided to hold a concert in the near future in aid of St. Dunstan's Hostel for the blind.

The sale on Friday of this week will be held in the store lately occupied by the Prince Rupert Table Supply, the premises having been kindly offered for the occasion. Mrs. J. A. Alexander and Mrs. Stilwell will be in charge. In addition to the sale of home cooking, luncheon will be served from 11 a.m. until 2 p.m. Tea will be served in the afternoon and an orchestra will be in attendance. The proceeds will be devoted to the Prisoners of War Fund.

A donation of \$25 from Lynch Bros. is gratefully acknowledged. An urgent appeal comes from across the seas on behalf of the starving prisoners of war and unless parcels of food are sent promptly by the society very few of these unfortunate men will be spared to return to Canadian shores. They have done much for all of us and we can now assist them.

The proceeds of the sale last Friday amounted to \$95.45. The following are the donors and winners:—Mr. Goldbloom, \$5.00 gold piece, won by Mrs. Gavigan; L. W. Patmore, sack sugar, won by E. H. Mortimer; L. W. Patmore sack flour, won by Geo Waddell; Mrs. Bowness, Fryex baking dish, won by S. Peachey; Mrs. Stork, aluminum dish, won by Mrs. Nickerson; D. G. Stewart, box of cigars, won by M. R. McLeod; Mrs. D. H. McDonald, tray cloth, won by Mrs. Nickerson; Mrs. Bulger, cup and saucer, won by A. Finnie.

C. V. Evitt who will be remembered by everyone and who is a prisoner in Germany, has been adopted by the society. Under the new regulations whereby each province in Canada will look after its own prisoners of war it is hoped to take care of every prisoner of war. To support each man for one year requires sending parcels to the value of at least \$200. As there are already hundreds of such unfortunate men, their support will necessitate a big effort.

Good assortment of pipes at Gil's.

SKEENA LAND DISTRICT—DISTRICT OF CASSIAR.

TAKE notice that Granby Consolidated Mining, Smelting & Power Co., Limited, of Anyox, B. C., occupation mining and smelting, intends to apply for permission to lease the following described lands:
Commencing at a post planted at the S.W. corner of Lot 1532, Cassiar District, thence southeasterly 40 chains following high water mark, to the S.E. corner of Lot 1598; thence south 10 chains to low water mark; thence northeasterly 40 chains following low water mark; thence north 10 chains, to the place of beginning and containing 40 acres more or less.

Sunlight Wash Days—

A Sunlight Wash Day is free from the toil and labour usually associated with washing, because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Every cake carries the Sunlight \$5000 guarantee of purity.

All you do is soap the wet clothes with Sunlight—roll each garment tightly and leave to soak. Later you rinse thoroughly. No wrenching or relentless rubbing. The dirt just really drops out. You can go out shopping—or do other work—while Sunlight is actually cleaning the clothes for you. Good news, isn't it? Its true.

Try Sunlight for yourself and see.

LAND REGISTRY ACT.
(Sections 36 and 134.)

Re Application No. 9768-1 & 9771-1.
TAKE NOTICE that application has been made to register Nathan Louis Lando and Dora Scheinman as owners in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 24th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eleven (11), Block twenty-five (25), Section seven (7), and Lot thirteen (13) Block thirty-five (35), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Nathan Louis Lando and Dora Scheinman.

AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.
FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the names of Nathan Louis Lando and Dora Scheinman unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 22nd day of August, 1918.
H. F. MACLEOD,
District Registrar of Titles.
To Robert Hildebrandt, Prince Rupert, B. C.,
Michael Byrne, Butte, Montana,
Francis Galve, Prince Rupert, B. C.

 Official Administrator.

PRISONER'S LETTER DESCRIBES AWFUL CONDITION OF CAMPS

German Brutality at Langensalza Cannot Be Equalled, Says Miss Rothwell's Correspondent.

Miss Jessie Rothwell of Prince Rupert has received word from M. D. McCharles, who was a prisoner of war in Germany, that he now is interned in Holland. He had been in many prison camps but the last one, Langensalza, seems to have been an awful place. The letter reads in part: "Received your letter some time ago but was on my back in bed at the time with pneumonia. It had been to Germany so was quite ancient."

"No doubt you are wondering what I am doing here in Holland, when I should be looking hopefully through barbed wire and waiting for the end of the war. I came over here with a party of N. C. O.'s from Langensalza April 30, and if all goes well at the convention that is sitting at The Hague now, I may be in England before so very long. Let us hope so anyway."

"I have been in two hospitals and three camps in Germany but the last one, Langensalza, capped the climax. For filth, lack of attention to sick and wounded and for the brutality of the authorities I don't think it can be beaten in Germany, and that's saying a lot. I've seen cripples and wounded men made to work in the swine pens where the stench and mud were enough to make a strong man sick. I've seen our wounded who had been behind the lines for a month without medical attention taken into camp and if it hadn't been for our own medical stores sent by the Red Cross from England, they would have gone another month without it."

"I shall never forget those nights. Talk about the front and the trenches! One needs to be a prisoner before he realizes what war really means. Were it not for the parcels we receive from home, one half the British prisoners in Germany would never see England again. Conditions are not better now than in 1914. They are worse and food and clothing and especially surgical dressings, are needed more than ever. How I wish every Britisher were out of it."

"You should hear how the British soldier exaggerates our 'Canadianisms.' Where are you going for your holidays? Wish I could choose my summer resort, although this isn't so bad. My pneumonia is a thing of the past so I mustn't grumble."

WATER NOTICE USE AND STORAGE.

TAKE NOTICE that The Granby Consolidated Mining, Smelting and Power Co., Ltd., whose address is Anyox, British Columbia, will apply for a licence to take and use six second feet and to store 3,500 acre feet of water out of Isaac Creek which flows southerly and drains into Reservoir Inlet about 1-4 mile southeast of the northeast corner of Lot 1533. The storage-dam will be located at the natural outlet of Carney Lake. The capacity of the reservoir to be created is about 2500 acre feet, and it will flood about 350 acres of land. The water will be diverted from the stream at a point about 1-3 mile north-east of the northeast corner of Lot 1533, and will be used for miscellaneous purposes upon the land described as Lot 898.

This notice was posted on the ground on the 17th day of July, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

GRANBY CONSOLIDATED MINING, SMELTING & POWER CO., LTD., Applicant.

WATER NOTICE

TAKE NOTICE that R. K. Neill, whose address is Stewart, B. C., will apply for a licence to take and use seven cubic feet of water per second out of the North Fork of Cascade Creek, which flows southerly and drains into Salmon River. The water will be diverted from the stream at a point about 45,000 feet from Cascade Creek. This notice was posted on the ground on the 6th day of August, 1918. A copy of this notice and an application pursuant thereto will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Victoria, B. C., within thirty days after the first appearance of this notice. The date of first publication of this notice is August 15th, 1918.

R. K. NEILL, Applicant.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
 Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
 Partnerships, pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
 Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted immediate certificate of improvement and transfer his claim.
 Records without permanent residence may be issued provided applicant makes improvements to extent of \$500 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
 For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
 The scope of this Act is enlarged to include persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

TOWNSITE PROPERTY ALLOTMENT ACT.
 Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

SKENA LAND RECORDING DIVISION—DISTRICT OF COAST, RANGE THREE (3).

TAKE NOTICE that Alexander Graydon, of Santa Monica, California, occupation mining, intends to apply for permission to lease the following described lands:

Commencing at a post planted at high-water mark at the extreme northwest corner of Price Island, Laredo Sound, Province of British Columbia, thence south along the westerly shore line of the said island to the southwest corner of the said island, a distance of nine hundred and sixty (960) chains, more or less, thence easterly along the southern shore line of the said island to the southeast corner thereof, a distance of two hundred and eighty (280) chains, more or less, thence northerly and following the easterly shore line of the said island to the northeast corner of the said island, a distance of nine hundred and sixty (960) chains, more or less; thence westerly along the northerly shore line of the said island to the point of commencement, that is the northwest corner of the said island, a distance of two hundred and eighty (280) chains, more or less.

ALEXANDER GRAYDON,

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unending flow of food to England and France must be maintained.

*This is National Service—
 Not to the Farmer only—
 But to YOU—to everybody—
 This appeal is directed*

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

*Use every means available—
 Overlook nothing.*

Dominion Department of Agriculture OTTAWA, CANADA.

HON. MARTIN BURRELL, Minister.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

A 99
