BIG DRIVE FORWARD WEST OF VERDUN

BULGARIANS BEING CHASED BY ALLIED FORCES; CHANGES IN RUSSIA

SEVEN MILES FORWARD ON FRONT OF 20 MILES; 5000 PRISONERS BEEN TAKEN WEST OF VERDUN

Twelve Towns Captured by American and French Armies Yesterday After Stubborn Resistance Reports General Pershing to Washington Government.

(Special to The News via G. T. P. Telegraphs.)
Washington, September 27.—Attacking yesterday over a front of twenty miles west of Verdun, in co-operation with the French the American First Army advanced to an average depth of seven miles and captured twelve towns and more than 5,000 prisoners, General Pershing's report states. In section "A" this morning, north of Verdun, the First Army attacked the enemy on a front of twenty miles and penetrated his line to an average depth of seven miles. Pennsylvania, Kansas and Missouri troops, serving Major General Liggett's corps, stormed Varrenes, Mont Blainville, Vauzere and Chappy, after stubborn resistance. Troops of other corps, crossing Forges Brook, captured Bois de Forges and wrested from the enemy the towns of Malancourt, Bethincourt, Mont Faucon, Ouisy, Nantilles, Zepzargee, Danneoux and Mercourt Et Drilancourt. The prisoners thus far reported number over 5,000.
This drive is northward up the Meuse valley and if continued with success is likely to endanger the German positions westerly around St. Quentin. The probability is that the Germans will retire in that sector before long.

PRINTING IN ENEMY LANGUAGES FORBIDDEN

(Special via G. T. P. Telegraphs.)
Ottawa, Sept. 27.—No more newspapers, tracts, pamphlets, books or any other kind of publications are to be issued in Canada in enemy languages until after the war. This has been decided upon by the Government and an Order-in-Council has been passed translating the decision into law. Authority is taken for seizing of such plants and destruction of objectionable matter. The licensing privilege affords the method of close control and regulation. It is also illegal to save copies of banned publications already in possession.

Wm. L. Padgett, of New York, who arrived in Prince Rupert early in September to take the position of clerk in the United States consulate, has been transferred to Victoria. He left for the south last night. Mr. Ruffner, on getting rid of a slight physical disability, hopes to get away to Camp Lee immediately thereafter.

ARMY OF 200,000 HAS BEEN FORMED IN SIBERIA AND 30,000 OFFICERS THERE

CENTRAL AUTHORITY EMERGING IN RUSSIA, WHICH IT IS HOPED WILL RE-ESTABLISH LAW AND ORDER IN A DEVASTATED LAND

(Special to The News via G. T. P. Telegraphs.)
Washington, September 27.—A despatch to the Russian Embassy from M. Golovascheff, Assistant Minister of Foreign Affairs of the Omsk Government, says that an army of more than 200,000 men has been formed in Siberia by conscription and there are 30,000 officers available there to train and lead it. The army is being organized on the basis of strict discipline and will constitute an increasingly powerful force to operate with the Allied and Czecho-Slovak forces in Siberia.

With the safe arrival of United States Consul General Poole at Stockholm from Moscow additional information concerning the conditions in Central Russia have been obtained. The massacre of Russians in Moscow was continuing September 9 with about 150 executions nightly. More than 1,000 persons have been shot in retaliation for an attempt to kill Lenine, the Bolshevik premier.

LETHONIANS APPEAL TO WORLD AGAINST GERMAN OPPRESSION

(Special via G. T. P. Telegraphs.)
Washington, Sept. 27.—The inhabitants of Lethonia, one of the Russian border provinces seized by the Germans under the Brest-Litovsk treaty, have addressed a formal protest to all nations of the world against their fate. After having, without result, addressed themselves to the German Chancellor, they now appeal to the outside world in vehement protest against their oppressors.

GETTING PUBLICITY

The following clipping is taken from the Monetary Times, Toronto, of recent date:—"Contracts for the construction of five steel ships for the Norwegian government have been let and they will be constructed in Prince Rupert, B. C. John Little, of Pittsburg, head of the construction company, is expected in Prince Rupert this fall. Besides the construction of steel freighters much repair work will also be undertaken. It is expected that work will be received soon to commence grading at the site of the shipyards to be erected at Hays Creek."

BORDEN RESTING

(Special via G. T. P. Telegraphs.)
Ottawa, Sept. 27.—Premier Borden has left the capital for a fortnight's rest.

Captain W. J. Hindley, accompanied by Mrs. Hindley, left town last evening for Vancouver; Capt. Hindley was lecturing here for the Chautauqua.

BULGARIANS Routed BY ALLIED TROOPS ON BOTH SIDES OF GREAT SALIENT

EFFORT BEING MADE TO REACH USKUB AND THUS MAKE VICTORY COMPLETE — GERMAN REINFORCEMENTS UNABLE TO CHECK BIG ADVANCE

(Special to The News via G. T. P. Telegraphs.)
London, September 27.—Reports received emphasized the demoralization of the Bulgarians who are retreating in confusion, leaving behind an enormous amount of material and probably many thousands of prisoners, as the allied troops strain every energy to get to Uskub and thereby make their victory complete. It is pointed out that the Bulgarian army, estimated to aggregate 300,000 men, is in a dangerous position, but the victory will not be decisive, in the opinion of military experts, until Uskub, the centre of all enemy communication lines, is captured. If that is accomplished it is believed the victory will be numbered among the few decisive ones of the war.
The renewed resistance of Bulgarian retargulars and the arrival of German reinforcements in Macedonia have not succeeded in stemming the great allied advance.
British cavalry yesterday entered Bulgaria opposite Kosturino, thus avoiding the Belachista mountains which, it was feared, might bar its progress, while Serbians, French, Greeks and British troops routed the Bulgarians from either side of the great salient, which now stretches far into Serbia.

BRITISH STILL DRIVING TURKS IN PALESTINE

Many More Points Occupied and Enemy Retreating Northward Followed by the Allied Forces.

(Special via G. T. P. Telegraphs.)
London, Sept. 27.—The British forces have occupied the most important Turkish centre of Amman on the Jedjaz railway, thirty miles east of the Jordan. The Turks are retreating northward along the railway and are being closely pursued by the Allies.

British troops operating in Palestine are extending their occupation about the Sea of Galilee. They have occupied Tiberius and Semakh, on the borders of that sea, and Essamura.
British casualties during the offensive were less than one-tenth the number of prisoners taken from the Turks, the announcement states.

GRANTED DIVORCE

The following from a Tacoma newspaper will prove of interest locally as the Mrs. Gray therein mentioned was formerly Miss Stella Walley of Prince Rupert: "Stella Gray was granted a divorce from Alexander Gray in the superior court Saturday on the grounds of non-support. She was given custody of their son, Gordon."

DROP BOMBS ON TOWN NOTED FOR SAUSAGES

(Special via G. T. P. Telegraphs.)
London, Sept. 27.—British airmen yesterday dropped bombs on the German city of Frankfurt. Five enemy machines were shot down. Four British airplanes are missing.
London, Sept. 27.—Two British divisions have captured in the last few days the German system of trenches and strong points northwest of St. Quentin with 1,500 prisoners. There were only minor encounters yesterday.

Paris, Sept. 27.—The Franco-American attack on both sides of Argonne is continuing satisfactorily. French troops have made an advance of nearly four miles on certain points west of Argonne.

DAILY EDITION. Friday, Sept. 27, 1918.

Editor Has a Large Congregation.

The average clergyman in Prince Rupert has a congregation of a few hundreds once or twice a week. The editor of The News has a congregation of about four thousand every day to which he preaches through the columns of the paper. The newspaper loses in personal contact, but it gains in the numbers it touches and the frequency of appeal.

The mission of the newspaper is to provide news, but incidentally it has the opportunity to preach and the curious thing is that people like to read the preachments. Often the message is but a weak one, for it is scribbled off hurriedly, yet many people read it faithfully and perhaps criticize the point of view or scoff at the sentiment expressed. Now and then the views of another person are adopted and sent out as the gospel. That is done when it is considered the other person has an interesting message.

Opinion Versus Statement of Fact.

There was a time when the newspapers were purchased for the editorials. That was a long time ago. Today not many people buy a paper in order to read opinions. They prefer the record of facts rather than inferences drawn therefrom. Still there are hundreds of people who take pleasure and perhaps profit from reading the opinions of others. That is true here as elsewhere, unless many people tell what is not true.

There are some wiseheads who remark: "Why does he not get out and do things himself instead of always telling us what we should do." The work of the editor is to stimulate others rather than to do himself. Usually he is too busy to do anything except to preach. Often the things that are advocated may not be for the best interest of the community but at anyrate there is stimulated either co-operation or opposition and either is better than stagnation.

Should Be More Than Fifty per cent True.

If a writer is true more than half the time his writings are worth while. If he is over fifty per cent untrue he is a failure. Truth is very largely a point of view and it is always possible that what one man considers true another considers false and to him it is false. There are so many subjects that might be discussed in newspaper editorials with profit and pleasure and yet, owing to the desire not to offend readers, they are omitted. There are questions of religion, of sociology and philosophy; there are questions of ethics which are often debatable. Yet some of these subjects are dangerous for a newspaper to discuss because so many people look on them as vital questions which should not be lightly approached.

Exhibition Building As a Gymnasium.

At a recent meeting of the Agricultural Association it was suggested by Alderman Smith that the Exhibition Building might be used as a gymnasium during the winter months. It sounded like a splendid suggestion. It is a large building and if fitted up for the purpose and properly strengthened it would make a fine gym. It is not used except once or twice a year, so why not let it earn its cost?

These are days of conservation. To use the exhibition building for a gymnasium would be one of the best bits of conservation that Prince Rupert could undertake. At present it is a waste. It is not drawing down dividends. It is bad enough to have the church buildings empty all the week and the schools on Sundays, but to have a building empty and unused almost throughout the year is the grossest kind of waste. Especially so is that true when a building is badly needed for the boys and girls to use during the dull days of winter in which to take exercise and recreation.

Small Tax List Indicates Faith in City.

Nothing indicates the renewed interest in Prince Rupert so well as the tax sale list which was published in this paper yesterday. The number of parcels to be advertised was gradually reduced until when it was printed it was less than 500. It was thought, when the work of preparing the lists was commenced, that the number might approximate 700. People paid up freely, knowing that eventually the property would be good value and worth saving.

For her many children she knew what to do:
She made them most happy with Wrigley's for all—

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

LATEST STORY OF BELLA BELLA CASE

John Westly Hunt, the young Bella Bella Indian who is charged with having attempted to murder Mrs. Annie Pauline and Mrs. John Boyd, is safe in custody at Oakalla prison. He arrived on Tuesday in charge of Provincial Constable Halliday to stand trial at the Vancouver Assizes next month on charges of robbery and attempted murder.

Hunt is only eighteen years of age and undersized, says an exchange. He looks as if he had some Chinese blood in him, and according to the police he offered to plead guilty before Magistrate Quinlan at Ocean Falls. His plea was not accepted, the magistrate entering a plea of not guilty for the youth and ordered him to be sent to Vancouver Assizes for trial.

Mrs. Pauline, who is a sister-in-law of F. A. Pauline, M.P.P. for Saanich, has been helping her husband during the summer at his store at McLaughlin Bay near East Bella Bella. She had as a visitor Mrs. Capt. Boyd. Both ladies are well known in the vicinity of Vancouver and Victoria.

While Mr. Pauline was away on a business trip to the city, the two women were awakened at night by sounds in the store. Bravely making an entry to investigate the noise, they surprised a young Indian in the act of robbing the safe.

Mrs. Pauline went to the store and Mrs. Boyd, who had delayed to don some clothing, heard her scream. She ran into the store and saw Hunt, a young Indian whom they knew, choking Mrs. Pauline, whom he had bent back over the counter, and in that position she was unable to defend herself. Mrs. Boyd ran at the Indian, seizing his hair and attempting to pull him away, whereupon he released his hold on Mrs. Pauline, and, running to a corner of the store, seized an axe. Both women ran out of the store, closing the door behind them and attempting to hold it shut, but the Indian smashed it in with the axe. The women ran into the sitting room, closing the door after them, but this barricade did not last long under the Indian's assault upon it with the axe. Then the two women ran out to the veranda, calling to a Mr. Bainbridge, who was sleeping on his launch in the bay.

When help came, the ladies, however, were able to furnish information which led to the arrest of Hunt at his home at East Bella Bella, across the bay.

ANOTHER PROTEST AT FISHING PRIVILEGES

It is not only in this district that the action of the Fisheries Department of the Dominion Government is giving dissatisfaction. Word comes from the Fraser river that a vigorous protest against the granting by the Department of Fisheries to A. H. Sherman, of the Bellanca Packing Co., Ltd., of a licence for seine fishing in Howe Sound, is being made by Fraser River fishermen. A petition is now in circulation and is being largely signed by them, objecting to the according of such privilege, more especially in view of the fact that they have sustained a heavy loss this season by the poor catch on the Fraser, and had planned to recoup themselves by fishing on Howe Sound this fall.

The petition states that inquiry has already been made at the fishery office where the information has been given out that the licence has been issued to Mr. Sherman for the purpose of supplying cheap fish to the people of British Columbia. In this regard the petition declares that the Federal Government has already taken steps to supply not only this province, but all the Western States with cheap fish, and for this purpose has subsidized fishing boats and express companies.

Preserving and Pickling Fruits and Vegetables are in Great Demand—Last Chance For Many Lines.

With the advent of Autumn and the ripening fruits the busy and patriotic housewives are canning everything possible this season, and in cans and canning fruits, the stores are noticing the increased business this year. The peaches are about at the close of their season, and green tomatoes are showing. Preserving pears are looking good, and there is a good supply to meet the demand for pickling vegetables. Pickling onions and cucumbers, bell peppers, squash, citron and pumpkin are all in season. Concord grapes are in this week for the last time, and green corn will not last much longer. Cantaloupe are becoming scarce. Ice cream melon is showing. This is rather like water melon, only much sweeter. In apples, Jonathan, Wealthy, and Wagners are being offered already.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties do not merge and may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to the value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than three years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of 500 per acre and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

"THE MASTER CROOK" AND CHARLIE CHAPLIN

There is a big double attraction tonight at the Westholme Theatre when "The Master Crook" will be the feature, with a fine Charlie Chaplin film, "The Property Man"

as a big attraction. Both of these films are said to be unusually good and doubtless will attract a large crowd, especially in view of there having been no picture for the last three days.

Edward Breese, the famous actor, plays five different parts in "The Master Crook." He shows a versatility which is seldom seen and this adds interest to a film which is in itself first rate.

Chaplin is always interesting. A great many people never miss a Chaplin film. To watch him lifts them out of the routine of life and carries them away and makes them laugh and enjoy themselves. This double programme is one not to be missed.

CANADA'S HUGE EXPORT TRADE

This War Prosperity Cannot Last — We Should be Conserving Surplus Savings Now.

The commercial prosperity of a country may be largely gauged by the value of its export trade. Judged by that standard, Canada's present prosperity is literally astounding. In the year 1913, the last year before the war, our total export trade amounted to \$377,016,355. For the fiscal year ending in March this year, it reached the amazing, almost staggering, figure of \$1,586,169,792.

In other words, the value of the goods sold by Canada to other countries is today more than four times what it was in the year before the war. Nor is this the whole of the story. In the latter year the imports to Canada from other countries were of the value of \$670,989,066, while for the year ending last March they amounted to \$962,521,847.

Thus, while we are selling to other countries more than four times the goods we sold them five years ago, we are buying from them, though more, yet not half as much again as we then sold them. The result is that whereas in 1913 what we sold was less than half of what we bought, today the position is more than reversed, and what we buy is only, approximately, three-fifths of the amount we sell.

We have a balance of trade on the right side. From being debtors of others, we have become their creditors. But the transformation is owing to the war, and to that alone. It is up to each individual Canadian to make the most of the opportunity that offers by the exercise of thrift, thrift, and yet more thrift—thrift in every way—in order that our present favorable position may be rendered safe and secure against the uncertain days ahead.

Acknowledgments to Luke Fildes

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

PRETTY WEDDING WAS CELEBRATED HERE IN CATHOLIC CHAPEL

Miss Dorothy McQuillan Becomes Bride of Arthur Martyn Scaife, of R. N. V. R.

In the private chapel of the presbytery of the Catholic Church a pretty wedding was celebrated last night when Arthur D. Martyn Scaife of the Motor Boat Patrol, was married to Miss Dorothy McQuillan of this city, Rev. Father McGrath officiating.

The bride looked most charming in a gown of white crepe georgette and fillet lace and wearing a tulle veil with a wreath of orange blossoms and carrying a bouquet of pale pink and white roses. She was attended by her sister, Miss Agnes McQuillan who wore a becoming frock of blue crepe de chine and carried a bouquet of pink carnations.

The groom who is home on furlough after the strenuous work of submarine chasing, looked very smart in his Royal Naval Volunteer Reserve uniform. He was supported by H. F. Wearmouth, a local returned man.

After the ceremony the guests repaired to the residence of the bride and a very dainty supper was served, the bride and groom leaving at midnight on the steamer Prince George to spend their honeymoon in Vancouver and Victoria. The guests were the following: Miss Pollard, Mr. and Mrs. H. O. Crewe, Miss Vera Monroe, Mr. Dallaire, Dr. and Mrs. Cade, Mr. and Mrs. Reith, Miss Gleeson, Mrs. Palmer, Miss Sheazgreen, Miss G. Curtin, Miss Sullivan, Mrs. Morrissey.

CROWDS ATTEND FINAL CONCERT OF CHAUTAUQUA

Ladies Festival Orchestra Delight Large Audience and the MacDonaldis are Recalled.

If ever a concert party justified its existence, the Chautauqua did last evening. The performance they put on at the Westholme Theatre last evening was such that ought to make them welcome anywhere. The theatre was crowded with an enthusiastic audience to listen to the threefold programme. First of all the Fillion Concert Party, consisting of Ferdinand Fillion and Fern Goltra, with their accompanist, Miss McKinnon, gave some delightful numbers. The Fillions are distinctly fortunate in their accompanist.

They were followed by the MacDonaldis. "Bibbidy Bobb" as usual brought the house down, and notwithstanding the length of the programme the audience would have Mr. MacDonald back.

The Ladies Festival Orchestra who, as originally planned, were to give the whole of last evening's programme, were enthusiastically received. These six young ladies proved themselves to be not only capable musicians but clever. With pianoforte, two violins, viola, violoncello, and double bass, with drums, etc., these ladies staged a performance which was a delight to listen to. Their orchestral numbers were interspersed with songs and readings, and their ensemble all through was very good. Although the closing number came at 10.40 p. m., the audience would have lingered, but then the whole house joined in singing "God Save the King."

Before the closing number, Mayor McClymont, in a few words, intimated that if the people of Prince Rupert wished to have the Chautauqua here again it was up to them, and on leaving the building would have an opportunity of expressing their opinion. This opinion registered was distinctly in the affirmative. So the Chautauqua party may be looked for when they cover this circuit again.
