# PEACE IS ASKED

## BULGARIA WISHES TO DISCUSS TERMS

### ARMIES ARE IN FULL RETREAT AND ALLIES ALREADY ON HER SOIL

#### BULGARIA STRIKES COLORS AND ASKS FOR ARMISTICE WITH THE ALLIES TO CONSIDER PEACE

...an State has Ceased to be Factor in War and Would Come to Terms; Authority of Offer Not Yet Known.

London, September 28.—With the welding of the armies of the Central Powers into a compact whole under the command of the Allied War Council, and guided by the master strategy of Marshal Foch, apparently has come the first break in the united front of the Central Powers. Bulgaria, the smallest of the Teutonic allies, seems to have struck her colors. Premier Malinoff has asked for an armistice to consider terms of peace. Whether he is acting upon his own responsibility as representative of the Revolutionary Party or does it with the approval of Ferdinand and the Government, remains in doubt. In any case, there is little doubt that Bulgaria has ceased to be a factor in the war. Her armies are in full retreat and her soil has been invaded. The secession of the Balkan state from the German dominion of Germany will be almost as severe a blow to the Central Alliance as was the collapse of Russia to the Allies.

**BACK DOOR TO AUSTRIA.**  
The back door of Austria will stand ajar before the victorious French, Serbian, Greek and Italian armies plunging ahead through the mountains of liberated Serbia. Only 230 miles ahead of their advance guards is Belgrade, across the Danube from the borders of Hungary.  
Foreign Secretary Balfour and Andrew Bonar Law, Chancellor of the Exchequer, are in conference with Premier Lloyd George regarding Bulgaria's request for an armistice.  
Paris, September 28.—It is understood that no instructions regarding the Bulgarian application for an armistice will be given to the military commander in Macedonia until there is an opportunity for consultation between France, Great Britain, the United States, and the other allies, and that meantime the military operations will continue.

**SPANISH INFLUENZA SWEEPING WESTWARD**  
Washington, Sept. 28.—Calls for the entrainment of 142,000 draft registrants between October 7 and 11 were cancelled by Provisional Marshal General Crowder as a result of the spread of Spanish influenza. Serious conditions are prevalent in many of the army camps in the United States, and have increased the death rate in the army at home from 2.3 per cent as recorded for the week ending September 13, to 4.4 per cent for the week ending September 20. It is feared that it will spread westward with even greater mortality.  
Montreal, Sept. 28.—Spanish influenza has broken out in epidemic form in Montreal barracks. The cases are not of a serious nature.

#### FRENCH ARE AT HINDENBURG SECOND LINE

Will Demolish Defences Before Advancing Further in That Sector Following Big Drive.

Paris, Sept. 28.—In the first day of battle, General Gorouard's men captured all positions abandoned July 15, and then stormed the Hindenburg line on a length of 19 miles. They now are on the front of the second Hindenburg line along the Py which is less strong than the first. These will have to be demolished by artillery before the infantry can tackle the last defences of the enemy, beyond which lies the open country.

Miss Sheazgreen gave a delightful Poudre party last evening at her home on Borden Street. This is but the second event of its kind given in the city, the first one having taken place many years ago. The guests enjoyed the proceedings very much and music and dancing was kept up until a late hour.  
M. P. McCaffery left on today's train for Edmonton on a business trip.

#### WESTERN LABOR MEN MUCH ANNOYED—MAY HAVE OWN CONGRESS

Winnipeg, Man., Sept. 28.—Disgruntled with the scant courtesy shown their delegates at the Quebec Labor Congress, the western labor bodies have started an agitation for an independent congress west of the Great Lakes. A convention for the four western provinces will be called to consider the project.

#### BULGARIANS HARD PRESSED BY BRITISH; MORE THAN THIRTY GUNS AND AMMUNITION TAKEN

London, September 28.—The British forces on the Macedonian front have captured the Bulgarian city of Strumnitza. The British troops, preceded by yeomanry, entered Strumnitza yesterday while Anglo-Greek troops stormed the heights of Belaschnitza mountains north of Lake Doiran. The British have taken more than 30 guns and much ammunition. Serbian troops are reported to have captured Kochana, about 14 miles from the Bulgarian border, opposite Kustendil. This is taken to show the rapid development of the allied envelopment movement, by which it is hoped the Serbs, by a quick thrust to the northeast will cut off the Bulgarians who are hard pressed by the British on the Bulgarian front.

#### SPRUCE SUBSTITUTES ARE BEING INVESTIGATED BY THE MUNITIONS BOARD MEMBERS

COL. EDWARDS SAYS THEY ARE PREPARING IN CASE THE PRESENT SUPPLY SHOULD NOT KEEP UP—HAD PLEASANT TRIP TO MASSET

The possibilities of other northern timbers being utilized in place of spruce in case the war should be protracted and the present supply give out was suggested this morning in an interview by Col. W. E. Edwards of the Imperial Munitions Board with headquarters at Ottawa, who arrived this morning from the Queen Charlottes along with other members of the visiting Munition Board party. He said that there was always a possibility that the supply may not be sufficiently permanent and they were investigating the possibilities of securing other timber in place of the spruce. What success, if any, they have met with the Colonel would not say but the fact that they had come north to make the investigation leaves the impression that the northern timbers are the most useful for the purpose.  
Colonel Edwards said that they were well satisfied with the efforts

#### GOVERNMENT WILL SPEND \$15,000,000 ON VANCOUVER ISLAND

Steel Shipbuilding Program Arranged Through Instrumentality of Federal Member, J. C. McIntosh.

Victoria, Sept. 28.—J. C. McIntosh, M.P. for Nanaimo, has returned after a three weeks' trip to Ottawa. He brought back with him confirmation of a report that the Federal Government is to embark on a steel shipbuilding program on Vancouver Island. The site of the yard will be somewhere in the Nanaimo district and the machinery is to be assembled in Victoria. The undertaking will mean the expenditure of more than \$15,000,000.

#### BRITISH PUT TEETH INTO HINDENBURG LINE NEAR CAMBRAI; GET PRISONERS

ADVANCE BREAKS DOWN FORMIDABLE RESISTANCE; 5,000 TO 6,000 PRISONERS TAKEN AND A COMPLETE BATTERY CAPTURED BY HAIG'S MEN

With the British Army in France, September 28.—The British have again put their teeth into the Hindenburg line in the Cambrai sector in a more determined manner than heretofore. The cleaning up tactics of recent days have been but a preliminary to the blow launched yesterday. The British no longer attach the old significance to "objectives." They are now engaged in breaking down the German armies on the western front. Whether the final crack comes on the line of the Meuse or the Rhine it is not very material. The capture of places now is mainly interesting as showing landmarks of progress. The enemy's casualty lists count far more than occupied territory. The battle now in progress already has broken down a long chain of formidable resistance.  
British troops advanced to a point within three miles of Cambrai. They took between 5,000 and 6,000 prisoners. Some German guns, including a complete battery, were captured by Field Marshal Haig's men.

#### WELL KNOWN PIONEER TAKES HIS OWN LIFE

Arthur W. Vowell Formerly Indian Agent for Province, Shoots Himself at Victoria.

Victoria, Sept. 28.—Arthur W. Vowell, who was Indian agent for many years and often visited Prince Rupert district, shot himself here last night. He had been ill for some time and in the absence of his nurse he secured a revolver and on her return she found him with a bullet hole in his heart.  
Mr. Vowell was 77 years of age and one of the oldest of the early pioneers, coming to this country in 1858. He was at one time gold commissioner for the Kootenay district. In 1889 he became Indian superintendent and later Indian Reserve Commissioner for British Columbia, which position he resigned in 1910. He was elected to the Legislature to represent the constituency of Kootenay in 1875.

As Indian agent, Mr. Vowell was most successful. He dealt in rather summary fashion with the Indians, but they all looked up to him and respected him and there was general regret when he resigned.  
His home was in Victoria where he was a familiar figure on the streets and where his many friends throughout the province often met him and talked of the early days.

The members of the Chautauqua party visiting town were entertained last evening at the home of Mr. and Mrs. Fred Gihuly in the Rand Block, where they spent a very merry evening. They will certainly carry away from Prince Rupert happy recollections. Those present to meet them included Mr. and Mrs. Alexander, Mr. and Mrs. S. J. Evans, Mrs. Ivès, Miss Hardy, Mr. and the Misses Fuller, Mrs. and Miss Dyer, J. C. Gavigan, J. D. McAulay and E. C. Gibbons.

#### ELECTION TALK FROM ENGLAND

Possibility of Lloyd George Going to Country is Eagerly Discussed in London.

#### MANY ARE OPPOSED TO FACTIONAL FIGHT NOW

London, Sept. 28.—Politicians are still eagerly debating whether Lloyd George will or will not put his political fate to the test in general elections, say, Saturday, November 30. There is no question of technical difficulties. A week or fortnight will suffice to complete the new register with its greatly increased electorate, including six million women voters. Leading industrialists and at least three members of the inner cabinet, not to speak of the whole Liberal party, are strongly opposed to throwing the country into a maelstrom of factional fighting while the war is still in a critical position.

**Is the Population  
 Of the City Increasing?**

There seems to be a general opinion that the population of the city is increasing. Judging from the street sales of The News which have increased more than one hundred per cent. there must be some change going on. Every few days it becomes necessary to print more papers and then sometimes the office runs out of a necessary supply. Back numbers are in demand a good deal and usually a few copies are saved to provide for it, but anyone wanting special papers would be wise to order ahead of time rather than waiting in expectation of getting back numbers. The Government has requested that white paper be conserved and The News will co-operate to the fullest extent possible. It must however print more copies from time to time to cope with the increasing circulation.

**Subscribers Asked to  
 Report Non-Receipt of Papers.**

Subscribers to The News are particularly requested to report at once any failure to receive their copies. The distribution department is doing its best to see that the papers are sent every day but without the co-operation of the subscribers it is impossible to detect omissions. The steadily increasing subscription list makes it rather difficult to avoid mistakes, but if the subscriber who fails to get a copy at once rings up the office it will help a lot.

**Is Prince Rupert  
 A Dry Town?**

At the meeting of the Police Commissioners yesterday afternoon the question of the enforcement of the Prohibition Act in this city was discussed and it was suggested that a good deal of liquor was being sold here in contravention of the Act. Nobody seemed to know just to what extent the traffic was carried on, but all agreed that the price was \$16 a bottle though how much one would pay for "a smile" did not appear, neither did anyone divulge just where it was possible to get "a nip." Possibly it was to prevent the breaking up of the meeting before the formal resolution that the information was held back.

During the recent carnival doubtless there was considerable drinking in town, but the sobriety of the place was the subject of remark from many people. After midnight, the crowds on the streets and in the cabarets and cafes seemed to be as sober as they were early in the evening. If they secured intoxicants they did not get much, for very few people were seen that were any the worse for their acquaintance with old rye or any other brand.

**Object Lesson in  
 What Not to Do.**

It would seem from the recent dispatches as if some semblance of law and order would work out in Russia before long. For some time past the unhappy country has been in a state of turmoil and it will take a long time to bring it back to anything like good order. There has been an upset of conditions, ideals and methods that it may take half a century to evolve into a stable government. To go direct from an absolute government to a series of committee governments in a country where the majority of the people are ignorant must end in nothing but disorder. Education in government is as necessary as education in anything else. No one inherits a self governing instinct, for self government is something new. Even here we are only experimenting with it, and it is patent to everyone that it has never been wholly a success. We have much to learn and the Bolsheviks have much more.

Doubtless the majority of the Bolsheviks meant well. They were imbued with the idea that they were to be free, but instead of freedom they were given a period of license and it did not work well. The danger now is that the country may return to a condition in which the people will have little opportunity to educate themselves in self government and if that is the case, all the troubles are likely to be repeated at some future date. The steady pressure from beneath which has characterized the growth of the democratic movement in Great Britain has been the safe way. There has been steady development along sane lines, and today Great Britain is one of the most democratic countries in the world. After the war she is likely to lead still, for there are big changes in sight.

**LAND REGISTRY ACT  
 (Section 36 and 134.)**

Re Application No. 10118-1. File 5960.  
 TAKE NOTICE that application has been made to register Brenton G. Moore and Roy L. Moore of Prince Rupert, B. C. as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eighteen (18), Block eighteen (18), Section six (6), City of Prince Rupert, Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—  
 "And in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."  
 AND WHEREAS application has been made for a Certificate of Indefeasible Title of the above-mentioned lands, in the name of Brenton G. Moore and Roy L. Moore.  
 AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owners thereof.  
 FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of the aforesaid parties unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.  
 Dated at the Land Registry Office, Prince Rupert, B. C., this 6th day of September, A. D. 1918.

**"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden**

**Help To Feed Yourself**

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

**WHERE DO YOU BELONG?**

**On the Farm?**  
 Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

**In the War Garden?**  
 By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

### SIXTY-FOOT LAUNCH BUILT ON NAAS FOR THE SALMON SEINING

Fine New Craft Here This Week Waiting for Engine Indicates Possibilities for Wooden Shipbuilding.

The possibilities of wooden shipbuilding in this neighborhood has been well illustrated this week by a fine new big seining boat which has been tied up at the Government wharf. The craft which is known as the "Mill Bay," was built at the Mill Bay cannery on the Naas river by Machida, a Japanese, and his associates. She is 65 feet long and has a 14-ft. beam and is here to be fitted with a fifty horse power engine. She is planked with fir and has oak fittings and a gumwood stem.

Telling about the boat this morning Machida said that it had taken three months to build the craft and she would be used for seining in the north. He was here for the engine and expected some parts for it today. As soon as the engine was aboard they would return to the Naas and complete the fitting of the boat. The "Mill Bay" was brought down in tow by the cannery tender Kincolith, in charge of Capt. Dave Comb.

When the tender left the Naas the cohoes were running well and the dog salmon were just beginning to come and it was expected fishing would be good until about November.

### FILM STAR BROKE INTO PICTURES BY SHEER PERSISTENCE

The way in which film stars of the present day broke into motion pictures are as devious as they are numerous. Some just fell into their first engagement, others almost had to be dragged into it by force of tantalizing offers, while there were others who had to fight with every resource at their command for their first part. Any one of a variety of other situations apply to other individual cases.

Harold Lockwood, Metro star, owes his entrance into the film world to his refusal to take "No"

A "side-light" photograph of Harold Lockwood snapped while Metro's popular star was helping his carpenters build a set.

for an answer, and his ability to convince a director that his services were needed.

When motion pictures first came into popular vogue, Mr. Lockwood was in vaudeville. A professional friend, aware of an opening for a leading man at the Rex studios, advised Mr. Lockwood to apply for the position, and gave him a letter of introduction to Milton H. Fahrney, the Rex director.

The letter gained Mr. Lockwood a hearing, but Mr. Fahrney was too wary of his applicant's ability to make good without experience in so important a place as leading man to engage him. Not to be outdone for such a reason, Mr. Lockwood sat down and argued his case in his own behalf with such effect that an hour later he emerged on the street with a signed contract for his first picture engagement, and his salary was \$25 a week! Now he gets hundreds of dollars a week with the Metro people.

### CORPORAL NELSON WILL RECOUNT HIS HUN EXPERIENCES

Escaped Prisoner of War Will Describe Prison Camps and Tell How He Was Used By Captors.

Many people are looking forward to the opportunity of hearing Corporal Nelson recount his experiences in Germany where after a number of attempts he managed to escape from his captors and get into Holland. He will describe the conditions exactly as he found them and the tale will be a most realistic one.

Written descriptions give little idea of the actual conditions in Germany and especially in the prison camps. Corporal Nelson is a fluent speaker and he will depict the conditions of the prisoners and the manner in which they are treated by the Huns. His will be first-hand information, something which it is often difficult to obtain. He has been there, had the experiences and knows exactly what he is talking about.

## Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service— Not to the Farmer only— But to YOU—to everybody— This appeal is directed

WE must unite as a Nation to SERVE —to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

NAVIGABLE WATERS PROTECTION ACT  
R. S. C. Cap. 115.

The Georgetown Saw Mill Company, Limited, hereby gives notice that it has under section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Prince Rupert Land Registry District a description of the site and a plan of wharf proposed to be built on Lot 5 of Block "F" Prince Rupert Townsite, as shown on Plan 923 filed in the Land Registry Office.

And take notice that after the expiration of one month from the date of the first publication of this notice The Georgetown Saw Mill Company, Limited, will under section 7 of the said Act apply to the Minister of Public Works, at his office in the city of Ottawa, for approval of the said site and plan and for leave to construct the said wharf.

Dated at Prince Rupert this 19th day of September, 1918.

THE GEORGETOWN SAW MILL COMPANY, LIMITED. 019

**SYNOPSIS OF LAND ACT AMENDMENT**

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupancy provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

**PRE-EMPTORS' FREE GRANTS ACT.**

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

**TOWNSITE PROPERTY ALLOTMENT ACT.**

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

Deputy Minister of Lands,  
Victoria, B. C.

**ENFORCEMENT OF PROHIBITION ACT DISCUSSED**

**Police Commissioners Deny That Town is Wide Open—Price Said to Be \$16 a Bottle.**

At the regular monthly meeting of the Prince Rupert Police Commission yesterday afternoon the matter of preventing the importation of liquor was discussed at some length. There was some criticism of the delays which had occurred in securing search warrants, and the mayor stated that any time the stipendiary magistrate could not give a warrant at once he would do so.

**Not Wide Open.**

Commissioner Macdonald said that it had been stated the town was wide open. This he wished to deny. It was difficult to get convictions in some cases but what they did was to minimize the sale of liquor as much as possible. He thought there had been too much politics in regard to the working of the Prohibition Act, but he could assure them that there was no politics in connection with that board.

The Prohibition Act also came in for some criticism and in connection with this Commissioner Macdonald said that lawyers drew up the laws in such a way that they could be beaten. If the laws were properly drawn half the profession would not have a meal ticket. This was in answer to the secretary of the Commission who stated that there were holes in the Prohibition Act a mile wide.

**Plenty Being Sold.**

Commissioner Hill said that no doubt there was all kinds of stuff being sold. It was coming in on boat after boat and train after train. It must be scarce, however, or it would not sell for \$15 a bottle which he understood was the present prevailing price of liquor here.

The mayor expressed a wish to see the law enforced and it was agreed that steps should be taken to have the illicit sale of liquor prevented as far as possible.

The question of dealing with idlers was mentioned and specific cases mentioned.

The secretary in his report said that there had been 27 cases in August and the total fines aggregated \$402.50.

**LAND REGISTRY ACT.**  
(Sections 36 and 134.)

Re Application No. 9768-1 & 9771-1.

TAKE NOTICE that application has been made to register Nathan Louis Lando and Dora Scheinman as owners in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 24th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eleven (11), Block twenty-five (25), Section seven (7), and Lot thirteen (13), Block thirty-five (35), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Nathan Louis Lando and Dora Scheinman.

AND WHEREAS on investigating the title it appears that prior to the 24th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.

FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the names of Nathan Louis Lando and Dora Scheinman unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 22nd day of August, 1918.

Helpless In Bed With Rheumatism Until He Took "FRUIT-A-LIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.

"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-lives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

## TOWN OF GRANBY IS ON VANCOUVER ISLAND

It is no longer, to speak of Anxox as Granby, for another town of Granby has come into being at Cassidy's Siding on Vancouver Island, where the Granby Company own a coal mine.

Within an inconceivably short space of time the new town of Granby, near Cassidy's Siding, has sprung into being, and its permanency is assured from the character of the buildings erected and the care taken in laying out the townsite. Everything has been done with due regard to the requirements of the future population, and no doubt in time Granby will become one of the model towns of Vancouver Island. Granby is connected with Ladysmith by an auto line, cars making the trips at stated hours several times a day. A water system has been completed, which will afford an ample supply for the present and future requirements of the population. Just now preparations are being made for the installation of an electric lighting system, the poles being on the ground ready to be erected.

The company has completed an air shaft preparatory to installing the permanent air fan. Owing to the scarcity of skilled labor, the tippie building is not progressing as fast as it would otherwise have done but it will be completed before long.

### ANYOX

Mrs. H. Speight, wife of our popular Chief Electrician, has gone south for a holiday before returning to the copper city for the winter.

Messrs. Clemo & Fyfe have returned from a hunting trip in the Naas country. They report game plentiful but wild. Probably the shooting was a little wild also, which would account for the smallness of the bags obtained.

The Methodist and Presbyterian ladies are experts at cooking and many mere men took the opportunity to test their skill in the culinary art by having lunch at the bazaar held on Wednesday in the United Church. One well known gentleman was observed purchasing mysterious garments at the fancy goods stall. The affair was a decided success and the church will benefit by an amount in the neighborhood of \$250.00.

Anyox citizens returning from Prince Rupert are unanimous in stating that the fair was a splendid success. They speak well of the hospitality afforded and one and all seem to have had a good time.

The ball team had a little surprise sprung on them, but they are wiser now and next year a different tale may be told.

The "Wayward Girl" has returned home in safety, but is ready to turn loose at any time should her ability to run wild be questioned.

Deputy Minister of Lands.

### SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that I, John McLarty Macmillan, of Vancouver, B. C., occupation canneryman, intends to apply for permission to lease the following described lands: Commencing at a post planted on the south shore of Lagoon Bay, Moresby Island, about one mile from its mouth, thence south 20 chains, thence west 20 chains, thence north 20 chains, thence easterly along the shore line to point of commencement, containing 40 acres more or less.

JOHN McLARTY MACMILLAN,  
DATED June 20th, 1918.

Acknowledgments to Luke Flider

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

\* \* \* \* \*

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

\* \* \* \* \*

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

The Minister of Finance  
of Canada

**DELIGHTFUL DANCE AT ST. ANDREW'S SOCIETY**

Old-Time Quadrilles Were Feature of Evening; Addresses and Music Added to Entertainment.

The members of the St. Andrew's Society, and the Ladies Auxiliary spent a very pleasant time last evening in their large hall, when they put on a dance. There were few visitors present who were not members of the Society and of Scots blood. Piper MacDonald, Mr. and Mrs. J. M. McMillan, and Miss Thomas supplied the music for many of the dances which are more common in Scotland than here. The pipes supplied the spring necessary for the Highland schottische, and the quadrilles were very much enjoyed. The present generation find these older dances rather strenuous, but last evening they went well.

**CONDUCTOR OAKES FELL FROM CAR TOP AND WAS KILLED**

Reports have reached the city of the death of Conductor Oakes, of the G. T. P., who died in the hospital at Hazelton yesterday. So far as can be learned, he was taking out a special train of freight from Prince Rupert for the east and in walking from the caboose to the locomotive over the top of the cars he lost his footing and fell between two of the heavily-laden cars, which cut off both his legs.

Now that the road to the mill is completed the Prince Rupert Lumber Company is ready to deliver lumber to the local trade. Orders may be placed with Albert & McCaffery. 11

There is talk of forming a poultry association in town. A number of the leading fanciers have been discussing the matter informally and it is possible that a meeting may be called in the near future to further investigate the possibilities. There are a number of poultry raisers in the city and district and it is thought that it would be to their advantage to combine.

The members of the Chaptauqua party who have been visiting Prince Rupert left this morning for Edson, Alberta, where they will hold their next series of meetings. Before leaving, Mr. Heinline, their manager, spoke of the appreciation of all the members of the party of the courtesies extended to them during their visit here. The manner in which the people of Prince Rupert appreciated their first Chaptauqua was very pleasing to the artists and all are delighted with the way they have been treated.

In connection with an account of a divorce case which appeared in The News yesterday, Pte. Alex. Gray denies that he failed to support his wife, but says that during his absence with the 11th C. m.R. in France where he was wounded and lost his right eye, she received the separation allowance, personal allowance and Patriotic Fund, and on his return to Canada he found that she had left Prince Rupert to reside in the States. It is a matter for regret that under these conditions the report of the case which was decided in the United States court should have given a wrong impression of the manner in which a Canadian soldier would treat his wife.

**OFF TO ANYOX WITH BALL MEN**

Excursion Will Leave at Midnight For Copper City, Returning Tomorrow Evening; Good Program.

**TEAMS WILL CLASH IN FRIENDLY CONTEST**

The people of Prince Rupert are about to return the visit of the people of Anyox. The opportunity came sooner than was expected but the ball teams were anxious to try conclusions once more and it was necessary to do it now if it was to be done this season.

Accordingly an excursion will be run tonight to the smelter town by the Steamship Prince Rupert and it is expected that pretty nearly one hundred people will take advantage of the opportunity to go. Arrangements have been made for the visitors to see the smelter, the mine and the new coke ovens and any of the other wonders of the copper city. They will also have a chance to meet the copperites and incidentally have a pleasant evening trip home.

The boat leaves just after midnight tonight and returning gets away from Anyox at four o'clock tomorrow. That will get the party home in good time and yet enable the steamer to keep her schedule on the rest of the run south. There will be some music along and it is expected that a jolly time will be spent on the steamer.

Besides the big ball game a tennis match has been arranged between rival singles and doubles from this town and the crack players of Anyox and this town will be an added attraction to those going on the trip.

The get-together spirit which has been manifested of late between the different northern communities is showing itself in this visit and it is suggested that this is an excellent opportunity to cultivate the acquaintance of the men from the mining camps.

Mrs. Geo. D. Tite and family returned to the city by the Prince Rupert this morning after a holiday visit to Vancouver Island.

Constable Birchall of Port Essington, went out on today's train to arrange for his departure from there to Savona, in the Kamloops district, whither, he has been transferred. Chief Minty went out with him to take over the office, pending the appointment of Constable Birchall's successor.
