CANADIANS ARE ENGAGED AGAINST 100,000 GERMANS FIERCEST FIGHTING OF THE WHOLE WAR IS GOING ON; AUSTRALIANS WORKING UP HINDENBURG TRENCHES

(Special to The News via G. T. P. Telegraphs.)
British Headquarters in France, October 2.—The battle along the St. Quentin-Cambrai front was resumed yesterday on a scale of ferocity unequalled in the present war. The Germans brought large reserves and are resisting and countering with desperate determination.
The Canadians to the north of Cambrai are engaged against at least eight German Divisions, nearly one hundred thousand.
Concourt is reported to have been taken early, with a large part of the Nauroy trench system.
The Australians are working up the trenches of the Hindenburg line northeast of Bellicourt.
In Flanders, Ledeghem and Rollegem Capelle have been captured.

RECEIPTS FROM CUSTOMS ARE NEARLY DOUBLE

August and September the amount received is \$72,995.46 as against \$39,569.25 for 1917.
The customs receipts here are largely on the increase. For the month of September the total receipts were \$18,996.95, while for the same month of the same year the total receipts were \$23,998.51.
Last year the receipts for September were much higher than for August, but the totals then were, for August \$15,966.01, and for September it was \$603.24.
The total receipts for the two months this year are almost double those of last year, the total for this year being \$72,995.46, as against \$39,569.25 for 1917.

CARRIED AWAY BY SWIRL OF WATERS
Two Indians Victims of Accidents in the Canyon of the Naas River.
Further particulars have reached the city regarding the drowning of two Indians on the Naas river, on Wednesday and Friday of last week. On Wednesday Silas Russell of Aiyansh was proceeding up the river in his launch and on going through the Gitwanshiltqu canyon, which is some sixty-five miles from the mouth of the river, he fell overboard and was carried away by the current. On Friday Gilbert Simpson was drowned under similar circumstances, although the one accident happened above the canyon and the other at its entrance.
The water on the Naas river is high at present, due to the melting of the snows on the mountains, and the current through this canyon runs so swiftly that in addition to the power of their launches, the Indians have to pole up stream. When practically through the rough water, Russell's pole broke, causing him to fall overboard. This Gitwanshiltqu canyon is some two miles long, and runs through the lava plains. On the one side there is a wall of lava forty feet high and on the other the ordinary rock strata and getting through this channel during the times the river is in flood is a ticklish piece of navigation.

C. P. R. STOCK IS MOVING UPWARDS
(Special via G. T. P. Telegraphs.)
Toronto, October 2.—C. P. R. stocks today reached the high point of 170 1/2. This is a big jump upward, as at the week end the price was running about 163 to 164. Other Canadian securities are showing a corresponding better tone.

BRITISH WORK ON WESTERN FRONT

London, Oct. 2.—During September the British captured on the western front 66,300 prisoners and 700 guns. During August and September the British captured 123,618 prisoners and 1,400 guns.

GERMAN MINISTERS ALL RESIGN; DR. SOLF PROBABLE SUCCESSOR TO THE RETIRING GERMAN CHANCELLOR

(Special to The News via G. T. P. Telegraphs.)
Paris, October 2.—All the German secretaries of state have resigned and the Prussian ministers intend to follow their example at once, according to the Berlin newspaper the Tageblatt. This is regarded here as a significant move and will possibly lead to a thorough reorganizing of the German Imperial Government. Something had to be done to satisfy the people after the loss of Bulgaria and the numerous defeats which the armies of the Central Powers have suffered recently.
Dr. W. S. Solf, the German Minister of Colonies, is mentioned as the most probable successor to Count von Hertling, the retiring Imperial Chancellor. His name is being canvassed with a view to finding out if he would be acceptable to all sections of the country.

ACTIVE FIGHTING ON FRONT OF 250 MILES; DIXMUDE IS TAKEN BY THE BELGIANS

(Special to The News via G. T. P. Telegraphs.)
With the British Army in France, October 2.—The Belgian and British advance is continuing rapidly, despite some of the most terrific fighting of the war. The British at one point brought their guns up on a ridge facing the Germans on another ridge only 600 yards away. There opposing artillery blazed away at each other until the enemy guns were entirely silenced.
The Belgians took Dixmude after street fighting which centered about the town hall. Four fresh divisions are reported to have reinforced the Germans opposite the Belgians.
Paris, October 2.—Approximately five-eighths of the Franco-Belgian front is involved in the present great battle. It is estimated that out of a total front of nearly 400 miles active fighting is going on along an aggregate frontage of 250 miles.

MILITARY SERVICE

(Special via G. T. P. Telegraphs.)
Ottawa, Oct. 2.—The Government here has come to no decision as yet as to further calls under the Military Service Act. There are at present a number of young men of 20 years who have not yet been included in the draft. These it is thought, along with the 19 year boys will be the next to be taken.

INCREASED RESISTANCE OF GERMANS IN THE REGION OF CAMBRAI AND ST. QUENTIN

IMPORTANT RESULTS OF BRITISH, FRENCH AND AMERICAN OPERATIONS — CAMBRAI PENETRATED AS FAR AS CANAL — AMERICANS HOLDING VALIANTLY AGAINST SUPERIOR NUMBERS
(Special to The News via G. T. P. Telegraphs.)
With the American Army on the St. Quentin Front, October 2.—Some hundreds of Americans in certain far advanced positions between Cambrai and St. Quentin, which they reached late Sunday, were holding valiantly against superior enemy numbers, according to latest reports which were received yesterday. Reinforcements attempted to assist them, and so far as can be learned are still keeping up the fight.

Paris, October 2.—Attacks conducted by the First Army in conjunction with the British in the region of St. Quentin have obtained important results. French troops have penetrated St. Quentin as far as the canal. North of the Aisne, Meurival, Ventelay, Bouvencourt and St. Thierry have been occupied, while north of Boucouville, Autry Wood and Vaux Les Mauron have been captured.

WHISKY SEIZED BY CONSTABLE EARLY TODAY

Lady Caught Carrying Sackful Across Vacant Lots to Automobile on Second Ave.

While making his customary way along Second Avenue about 2 a. m., Constable Adams noticed an automobile drive up and stop near the Board of Trade rooms. The car was a new one and the constable casually marked the lights go out. A little later the constable came across a fair maiden in distress making her laborious way across the lots between the post office and the Board of Trade offices. Carrying a well filled and apparently heavy sack in her hand, the constable proffered his assistance, which, however, was not altogether welcome. Whether it was the clink of glass, or the lateness of the hour or the queerness of the place, or something else, the constable became suddenly suspicious.
"What's here, anyway," he asked.
"Nothing," was the reply.
"Pretty heavy for nothing. Let's have a look," went on the constable, choosing not to notice the expression of consternation on the lady's face.
The constable had a look and found the sack to contain twelve bottles, good and true, filled with rare old Bourbon whisky.
Constable Adams was curious to see where such good whisky came from, and paid a visit to the little house, whence came the damsel. There, draped neatly so as to be hidden from the casual visitor, he came across other four cases and eight bottles of the same stuff, reflecting the good taste of its owner.
The constable had the whole lot removed to the police office, where they were to be seen this morning. The cases are plainly labelled as Kentucky whisky, "Best under the sun."
This morning the lady appeared in the police court charged with having intoxicating liquor in possession in a place other than permitted under the Act, and was fined \$50.50, which she paid.
Seth Sahlquist, who was found in the automobile after the constable seized the bottles, was arrested also and was fined the costs of the court.

BRITISH PRESS LOOK FORWARD TO END OF WAR

London Daily Telegraph Says the Keystone Has Fallen From Arch of Pan-German Designs.
(Special via G. T. P. Telegraphs.)
London, October 2.—The end of the war is foreshadowed in the press of the country. The Daily Telegraph reflects the general view in the following editorial comment:
"It must bring the German rulers face to face with the unpleasant fact that the keystone has fallen out of the arch of the pan-German designs, and should Turkey follow in the steps of Bulgaria, the whole pan-German fabric falls to pieces like a house of cards."

**Titles Opposed
 To Democratic Ideas.**

People are still discussing the question whether Canada should recognize titles and whether the Government should have anything to say in the recommending of people who are to receive them. Speaking generally it seems to be the opinion in the West that titles are a superfluity. That they are not only needless but harmful. They are opposed to the democratic idea and when made hereditary are vicious.

The consciousness of having earned the respect of one's country is the reward an ordinary honest man covets. He wants no recognition other than that. Especially is a worthy man opposed to being classed with those who have had nothing but wealth to recommend them. There has been altogether too much subservience to wealth. The man who has made a pile of money is the man who has had recognition.

**Old Country Custom
 Often Ridiculous.**

In England it has been the custom from time to time to add to the number of titled people by recommending to the King that knightships, baronetcies, and sometimes earldoms be bestowed on men who have distinguished themselves, either by doing something really worth while or by donating large sums of money to the campaign funds of the party which is in power. That is to class the really meritorious with the really deserving and to bring both down to the level of those hereditary lords who have neither merit, money nor even intelligence to back their claims.

The mass of the Canadian people are wholly opposed to the giving of titles to any citizen. A man like Sir Arthur Currie has earned it if ever a man did, and only the other day he was a plain real estate and insurance agent whom no one suspected of having the qualities of leadership inborn in him. His work is the thing that stands out prominent and the title adds nothing to it. The only thing it does is to separate him to some extent from his old friends. To many it is a ridiculous distinction and carries with it neither honor nor fame but brings the holder a distinction which is not desirable or pleasant.

Many famous men have persistently refused to accept any titles. William Ewart Gladstone was one of those who saw no satisfaction in being an earl. The distinction of being a leader of men was much more to him and he refused again and again to be branded with any insignia which did not mean anything.

**People's Pictures
 Are to Be Shown.**

British Columbia makes an annual donation to the funds of the Pacific Northwest Tourist Association, whose representative is to lecture here tomorrow night and show what is reputed to be the finest lot of pictures ever seen. As there is some of the people's money invested in this institution it would be well for the people to see the pictures and learn for themselves whether the class of publicity that is being done is of the right order. Until recently the Pacific Northwest has been neglected by tourist agencies and the travelling public, but of late there has been a change, and this Tourist Association is doing a good deal to help bring about the change. A British Columbian, the mayor of Victoria, is the head of the Association, and another British Columbian, Herbert Cuthbert, formerly of Victoria, is the permanent secretary with headquarters at Seattle. Frank Branch Riley is the travelling publicity man in connection with the work and he will lecture under the auspices of the local Daughters of the Empire at the Empress Theatre Thursday night and show the pictures.

**Red Cross Library
 Worthy of Support.**

The local Red Cross Society has established a lending library for the double purpose of adding to the funds of the society and of benefiting those who borrow the books. This was badly needed here. Some day Prince Rupert will have a public library that will be a credit to the town, but that is one of the things that are being wished for. In the meantime if the Red Cross people can supply the need and at the same time provide extra funds for the boys at the front it will have fulfilled a very useful purpose. Perhaps when the war is over the public library may be in sight.

LAND REGISTRY ACT
 (Section 36 and 134.)

Re Application No. 10118-1. File 5960.
 TAKE NOTICE that application has been made to register Brenton G. Moore and Roy L. Moore of Prince Rupert, B. C. as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 25th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eighteen (18), Block eighteen (18), Section six (6), City of Prince Rupert, Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—
 "And in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

ONLY TWO CANNERIES OPERATING ON SKEENA

Manager of Oceanic Says They Had Full Pack This Year of 25,000 Cases.

That the Oceanic cannery on the Skeena has put up a full pack this year of about 25,000 cases, half of which are sockeyes, is the word brought by A. W. Carter, manager of that cannery. He says that the only canneries now operating are the Port Edward and the Balmoral. They are packing dog salmon.

The pack has been an average one but the prices of everything are so high that there is not as much money in it now as in former years when the prices were lower.

The Dominion Government has commandeered all the sockeyes and the other red salmon with the exception of 25 per cent of the cohoes. They have also left 35 per cent of the pinks and all the dog salmon and white springs. The canners think they might as well have taken them all.

Some of the canneries have suffered considerable inconvenience from the Government taking over the fish as they already had purchased labels and other material and these have to be held over until another season.

NAAS VALLEY

John Nelson of the Grease Trail district has just brought in some stock from Gitwanger over the old Gitwanger trail, namely, one very fine specimen of Belgian draft horse and two Holstein cows from J. Lindsay's herd. He experienced difficulty in getting across the Cranberry river, the bridge having been washed out last fall. Mr. Nelson is also importing a brood sow and Nels Olson is getting in three small porkers with a view to raising hogs in the immediate future.

A very sad accident occurred at Hell Gate on Wednesday, Sept. 25. A party of Indians, returning from the salmon fishing, were navigating the very difficult passage there in their boat when the engine stalled. In their efforts to hold the boat inshore a young man named Gilbert Simpson in some way slipped overboard and was immediately swept into the vortex of swirling waters and disappeared. All efforts to recover the body proved futile.

Again on Sept. 27 a young Indian named Silas Russell fell overboard from his boat and was drowned. Parties are searching for the body.

Mr. Evans of Prince Rupert is in the valley tuning and repairing organs. These instruments, of course, are not numerous yet, but as the Indians say, "What little music we have, let's have it in tune."

The missionary's garden plot is making up for last year's crop which was destroyed by floods. The first potato stalk sampled this year revealed 12 large tubers weighing seven pounds 3 1-2 ounces. The second stalk produced 13, weighing seven pounds. What the next digging will show remains to be seen.

Report says there is over a ton of ripe tomatoes on John D'Aigle's ranch, but it is feared they will have to rot there for lack of the means to ship them out to market. The point, however, lies in the demonstrated fact that tomatoes can be grown and ripened out of doors in the valley. D'Aigle has "joined up."

The number of salmon observed this year in the vicinity of the various spawning grounds bears no comparison with that of other years. And if what the Indians maintain be true, that the floods of last November washed out all the spawning beds in the valley it is time for the cannery men to sit up and take notice, otherwise the Naas may have to be written off the list of salmon streams.

MINER FROM ALICE ARM VISITS THE CITY

An old time prospector and miner was in town for a short time last evening in the person of John A. Pratt. He was on his way south from Alice Arm by the Chelohsin. While here he looked up a few old friends whom he meets periodically.

Mr. Pratt was very enthusiastic about the prospects of Alice Arm. He says that while there has not been a lot of prospecting done this year, the development work has shown that many of the prospects are in a good way to become mines. The Dolly Varden line will be finished in a couple of weeks' time and that will make the mine owners up the valley do some real work.

Mr. Pratt has some property of his own behind the Spanish group. It is gold and silver and makes a fine showing. He is taking samples of the ore south with him. He says that the United Metals Co. on the Illiance River have 70 tons of ore on the dump and the La Rose claims to have 50 tons. This is all rich ore and will be shipped during the winter. Joe Wells has a fine showing of native silver ore on his place about six miles from town. He is associated with Miles Donald in the ownership of the property.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

NAVIGABLE WATERS PROTECTION ACT
R. S. C. Cap. 115.

The Georgetown Saw Mill Company, Limited, hereby gives notice that it has under section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Prince Rupert Land Registry a description of the site and a plan of wharf proposed to be built on Lot 5 of block "F" Prince Rupert Township, as shown on Plan 923 filed in the Land Registry Office.

And take notice that after the expiration of one month from the date of the first publication of this notice the Georgetown Saw Mill Company, Limited, will under section 7 of the said Act apply to the Minister of Public Works, at his office in the city of Ottawa, for approval of the said site and plan and for leave to construct the said wharf.

Dated at Prince Rupert this 19th day of September, 1918.

THE GEORGETOWN SAW MILL COMPANY, LIMITED. O19

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that I, John McLarty Macmillan, of Vancouver, B. C., occupation canneryman, intends to apply for permission to lease the following described lands: Commencing at a post planted on the south shore of Lagoon Bay, Moresby Island, about one mile from its mouth, thence south 20 chains, thence west 20 chains, thence north 20 chains, thence easterly along the shore line to point of commencement, containing 40 acres more or less.

JOHN McLARTY MACMILLAN.
Dated June 20th, 1918.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant. Where a claimant in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided claimant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands.

DR. REID MAY RESIGN IN THE NEAR FUTURE

An Ottawa dispatch stated that it is reported that Dr. Reid, Minister of Railways, will retire from the Union Government. He was Minister of Customs under the former Conservative Government and was one of the men to whom the Liberals who joined with Premier Borden to form the coalition took exception. It has been generally anticipated that he and Mr. Carruthers would resign in the near future. He is now in California.

NEW HAZELTON

Jack McNeill, business manager of the Telkwa Collieries, says that their mine will be shipping coal to Prince Rupert this week. A siding has been put in by the Grand Trunk Pacific railway and all is in readiness for placing the coal on the market.

Mrs. P. Anderson of Prince Rupert was a guest of Mrs. H. A. Harris last week.

Oscar Lind of the Silver Standard mine has been wounded at the front.

S. Whetzel is moving his family from Vanderhoof and will live here in future.

Mrs. Westwood of Vancouver who has been visiting with Mr. and Mrs. Norrie-Lowenthal, has returned to Vancouver, taking with her Miss Harris, who will attend school in the south.

Mr. and Mrs. A. M. Ruddy were the guests of honor recently at a party given by Mr. and Mrs. Rob Wall.

"Fresh as new, my dear— and I washed it myself"

"It's my old georgette—another tussle with the washer-woman and I believe it would have fallen to pieces. So, of course, as we must all make the old things do and save our money for Victory Bonds, I thought I'd wash it, myself, with Sunlight. Or rather—let Sunlight wash it, for there's no need of any rubbing—just soaping and rinsing. And see—isn't it just lovely? Fresh as new, isn't it? I'm delighted."

Local News Notes

The fishing boats arriving yesterday included the Director with 3,000 lbs.; Fisher, 6,000 lbs.; Bravo, 6,000 lbs.; Viking, 3,000 lbs.; J. Baker, 4,500 lbs.; Unity, 3,000. The Eagle brought in 4,000 salmon.

Herbert Cuthbert, secretary of the Pacific Northwest Tourist Association, telegraphs from Victoria to the editor of the News as follows: "Riley's eloquence and pictures are truly wonderful. Try to make the lecture a success."

James Myhill-Jones, who has been spending the last few days in the city leaves again today for the Queen Charlotte Islands. The outdoor life on the ocean wave appeals to John Myhill much more than sticking around Third avenue amid the scent of leather.

E. Safstrom and Gust Spar were gathered in by the police suffering from incipient alcoholic poisoning. They appeared before Magistrate Carss yesterday morning to answer to the uncommon charge of being drunk. The evidence led was conclusive and they were fined \$25 and \$40 respectively. John Engkvist also appeared on a charge of having liquor in his possession in a place other than permitted under the act. He was fined \$75.

The Prince Rupert Engineering and Supply Co. are busily engaged installing a "Delco" lighting system on board the launch "Waldron." This launch, which is one of the best in northern B. C. waters, belongs to the Dominion Government Public Works department and is at present being used by the Imperial Munitions board. It was a "Delco" plant which lighted the Exhibition Hall during the fair, where it gave such brilliance, and the smaller plants are equally satisfactory.

WATER NOTICE

TAKE NOTICE that B. K. Neill, whose address is Stewart, B. C., will apply for a licence to take and use seven cubic feet of water per second out of the North Fork of Cascade Creek, which flows southerly and drains into Salmon River. The water will be diverted from the stream at a point about 15,000 feet from Cascade Creek. This notice was posted on the ground on the sixth day of August, 1918. A copy of this notice and an application pursuant thereto will be filed in the office of the Water Boarder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Boarder or with the Comptroller of Water Rights, Victoria, B. C., within thirty days after the first appearance of this notice. The date of first publication of this notice is August 13th, 1918.

RED CROSS NOTES

Great interest is being manifested in the concert to be given soon in aid of St. Dunstan's Hostel for the Blind. Many tickets have already been sold, the proceeds of which are to be devoted to assist our blind soldiers and sailors.

None could listen unmoved to Corporal Nelson last Sunday afternoon in his address without a feeling of great thankfulness that there is such an organization as the Red Cross to look after the prisoners of war and to do all in their power to help them in their loneliness and suffering. To the management of the Westholme theater and to Mr. Werkhoven, who contributed their services, the thanks of the Society are extended.

Mrs. J. Gilmour and Mrs. Doby will have charge of the Red Cross sale in the "Hut" on Third avenue on Friday next.

The Seal Cove branch has sent another donation of \$100, which is acknowledged with thanks.

Last week an American handed in \$5 to Mrs. McDougall in the "Hut" and Mrs. Peters also received \$2, both of which amounts were placed with the funds of the Society the same day. The names of the donors were not given.

The Red Cross library in charge of Mrs. Backus and Mrs. Peters opened in the "Hut" last Friday. Many people listened attentively while its working was being explained. Already a great many people are availing themselves of the opportunity to secure beneficial reading and at the same time assist the Society in its endeavors. The library will be open on Tuesdays from 7:30 to 9:30 p. m. and on Fridays from 10 a. m. to 6 p. m.

For the library H. C. Black very kindly made and donated a card index case, also posters.

The sale last Friday realized the handsome sum of \$17,355, the donors and winners being as follows:

Provincial Government, flowers, won by Mrs. W. L. Kergin; W. H. Derry, pair roosters, won by A. C. Little; D. G. Stewart, box of cigars, won by W. G. Barrie; Miss M. Myers, corn flour, won by A. C. Little; Mrs. Vickers, child's dress, won by Miss N. McDonald; Mrs. Demers, brassieres, won by S. J. Evans; Mrs. Sherman, yoke, won by S. J. Evans; Miss Ida Roberts, cream and sugar, won by Mrs. H. S. Parker; Provincial Government, sack of potatoes, won by J. H. Pillsbury; Miss A. Hall, bracelet, won by H. F. Pullen; Mrs. Patterson, China tea set, won by Miss Ada Hessel; F. W. Dowling, sack of whole wheat, won by Dan Yelf.

The Sons of Canada through Mr. Vance have handed in a check for \$158.45, representing the proceeds from the sports held on July 4. In addition to this amount vouchers for \$40.25 from some of the merchants in town have also been received. As this amount, which was promised in goods, was not taken by the Sons of Canada, the merchants will turn these goods over to the Society as required.

Kitchener was right

when he said—

"Either the Civilian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."

NOW, the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste is not money at all—it is equipment, clothing, shot and shell that are urgently needed in France.

By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war.

What happens when we fail to save?

A pull on labor by the Government in one direction and a pull on labor by the people

in the opposite direction. Hundreds of millions of dollars are of no use to the country if goods and services can be secured only to the extent of eighty millions of dollars. So we must do everything in our power to release both goods and labor for the purposes for which Canada needs them.

WHETHER it be food, coal, wool, steel, leather, labor or transportation, the result in all cases is the same. Whoever competes with the nation by freely satisfying his own desires, selfishly appropriates to his own use that which is so urgently required for our fighting men in France.

For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"

The new wagon road from tide-water to the Bush mine-- will shortly be completed, about fifty men having been engaged in its construction all summer. The road is fourteen miles in length and has been built on a good grade, and it will be utilized during the winter as a sleigh road for the shipment of ore from the mine. It is expected that at least 2,000 tons of ore will be shipped averaging around \$250 per ton in gold and silver.

TAKE NOTICE that The Granby Consolidated Mining, Smelting and Power Co., Ltd., whose address is Anyox, British Columbia, will apply for a licence to take and use six second feet and to store 3,500 acre feet of water out of Isaac Creek which flows southerly and drains into Observatory Inlet about 1-4 mile southeast of the northeast corner of Lot 1533. The storage dam will be located at the natural outlet of Carney Lake. The capacity of the reservoir to be created is about 3,500 acre feet, and it will flood about 250 acres of land. The water will be diverted from the stream at a point about 1-2 mile northeast of the northeast corner of Lot 1533, and will be used for miscellaneous purposes upon the land described as Lot 393. This notice was posted on the ground on the 17th day of July, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. GRANBY CONSOLIDATED MINING, SMELTING AND POWER CO., LTD., Applicant. By J. Fred Ritchie, Agent. The date of the first publication of this notice is 24th July, 1918. A25

CAPTAIN GODENRATH IS NOW IN ENGLAND

Travelling Throughout the Country With the Canadian War Photo Exhibit--Wife in Kentucky.

Word has been received from Captain Percy Godenrath to the effect that he is travelling throughout England with a Canadian war photo exhibit. While he is doing this Mrs. Godenrath is gone to visit with her people in Kentucky.

Capt. Godenrath is well known throughout British Columbia. He has done a great deal of newspaper work in different sections. For some time he ran a paper at Stewart, during the boom days of that town, and later he and Mrs. Godenrath lived here. After the outbreak of war he recruited here for the McLean Kilties and he and his wife and their famous dog came here collecting for the Red Cross.

He expects to cover all England with his picture exhibit.

NOTICE is hereby given that the Sale of Lands to be held on the twenty-fourth day of October next upon which delinquent taxes are due has been postponed so far as lands in the Prince Rupert Assessment District are concerned and that on the 30th day of November following a sale will be held of all such lands in the said Assessment District.
