HUNS ASK PEACE

REQUEST ALLIES TO STATE TERMS; GERMANY MAKES SUGGESTIONS

PEACE PROPOSALS BY GERMANY, AUSTRIA AND TURKEY ARE MADE TO ALLIES VIA WASHINGTON

Chancellor Makes Suggestions in Reichstag for League of Nations, Rehabilitation of Belgium; General Disarmament and Return of Colonies; London Press Views Note with Suspicion.

(Special to The News via G. T. P. Telegraphs.)

Amsterdam, October 7.—Immediate suspension of hostilities has been proposed by the Imperial German Chancellor, Prince Maximilian, in the Reichstag; Entente Allies are to be asked to state their terms.

The Chancellor's proposal embraces also the despatch of plenipotentiaries to a neutral place to discuss the question of a league for national arbitration and disarmament.

Plenipotentiaries are further to be empowered to discuss the creation of a Federal Austria, the right of self-determination for the Russian frontier states, the restoration and indemnification of Belgium, autonomy for Alsace-Lorraine and the return of the German colonies.

The terms of the Entente Allies will be asked at the same time with the object of forming a basis for the consideration of an important question.

Willingness to join a league of nations on the basis of equal rights was also declared by Chancellor Maximilian who also proposed complete rehabilitation of Belgium and the immediate establishment of popular representative bodies in the Baltic provinces of Lithuania and Poland.

Paris, October 7.—Germany, Austro-Hungary and Turkey have resolved simultaneously to ask President Wilson to make representation in their interest for a general armistice and negotiations for a general peace.

Washington, October 7.—The peace note from Germany, Austria and Turkey was received at the Swiss legation here this morning.

In official circles it is reiterated that there is slight probability of any serious attention being paid to propositions which come from the Germans while they are still occupying portions of France and Belgium. One comment was that Germany is seeking to make diplomatic virtue out of military necessity.

London, October 7.—The press generally views with suspicion the latest peace proposal.

Prince Rupert is One of Big National Ports and Must Have Docks

"Prince Rupert is bound to become one of the four or five big national ports of Canada. She is at the terminus of a great transcontinental railway and I was just saying to Mr. Calder that very soon the Government would have to build a big dock here. I have no hesitation whatever in spending money on big terminals because the country must have outlets for its commerce. As soon as there is a demand for it you may depend upon getting the docks."

The above is a quotation from a statement made to a News representative by F. B. Carvell, Minister of Public Works, just before leaving for the south last night.

NEARLY 80,000 PRISONERS TAKEN IN PALESTINE BY FORCES OF THE ALLIES

GERMANS ANNOUNCE RETREAT BEYOND DAMASCUS BUT BLAME TURKISH ALLIES — ARAB ARMY CLAIMS 8,000 PRISONERS, AND ALLENBY 71,000.

(Special to The News via G. T. P. Telegraphs.)

London, October 7.—Seventy-one thousand Turks have been made prisoners by General Allenby's forces since the commencement of British operations in Palestine and Syria, according to an official statement issued by the War Office. This is in addition to 8,000 prisoners claimed by the Arab army. Three hundred and fifty Turkish guns were taken.

Berlin, October 7.—Germans fighting in Palestine by the side of their Turkish allies have been compelled in conjunction with the weak Turkish forces, to yield to the pressure of superior enemy forces and are retreating beyond Damascus in a Northerly direction.

RUSSIA ABJURES TREATY WITH TURKEY

Amsterdam, October 7.—The Russian note to Turkey, published by Vorwaerts concludes according to a Berlin despatch: "The Russian Government is obliged to state that, in consequence of the action of the Turkish Government, which was to have established peaceful relations between Russia and Turkey, is null and void."

DIRECTOR OF PUBLIC SAFETY APPOINTED

Ottawa, October 7.—The Government has created a branch of Public Safety and has selected as director for it Charles H. Cavan, K.C., a Montreal lawyer. Particular attention will be given to stamping out I. W. W. and Bolshevik organizations.

Catholic Bazaar

The Annual Bazaar, under the auspices of the Catholics of Prince Rupert, will take place next Wednesday and Thursday, Oct. 9 and 10 in St. Andrew's Hall.

This year besides the sale of Fancy Work, it will feature a Country Store, when ladies from each of the Allied Nations will entertain. Refreshments and light lunches will be served by capable people.

There will be an entertainment by school children on Wednesday, and a dance for the Red Cross on Thursday night. The Victory Bonds donated by P. Burns & Co., Ltd., and J. C. Gavigan are going strong. Tickets for Victory Bonds on sale at different Booths.

FEDERAL MINISTERS GIVE INTERESTING ADDRESSES ON BUSINESS OF COUNTRY

LARGE AUDIENCE GREET'S MESSRS. CARVELL AND CALDER AT EMPRESS THEATRE SATURDAY NIGHT; MANY SUBJECTS TOUCHED UPON BY VISITORS

"When a nation is at war no man has any right to think of anything but winning the war."
 "A Government that is popular during war time is not fit to be a Government."
 "In Prince Rupert we have seen things that rather staggered us."
 "You can't carry on the business of a great port without proper terminals. As soon as you can show us that the business is here, we will provide the facilities to carry on the business."
 "Our pension-list may reach \$75,000,000 a year, and it must be paid."
 "We have been living on borrowed money. When the war is over that must stop."

The above were a few of the interesting things that Hon. F. B. Carvell said at the public meeting Saturday evening. He was the last speaker of the evening and the most important. He spoke to a full house at the Empress Theatre with Alex. Manson, M. P. P., presiding and the other speakers were Hon. J. A. Calder and Mr. Douglas, the member for South Edmonton.

MILLION AMERICANS CARRIED BY BRITISH

London, October 7.—Of more than 1,800,000 American soldiers transported to Europe to the end of September, nearly 1,000,000 were carried in British controlled ships. American vessels carried 786,000 and the remainder were brought across the Atlantic on French and Italian ships.

GERMANS PREPARING FOR WITHDRAWAL

(Special via G. T. P. Telegraphs.)

Amsterdam, October 7.—Some wharves and docks at Bruges have been set on fire by Germans who have removed their guns and coast defence material from Knocke, and have destroyed the sheds.

The Entente garrison at Moerkerke have been withdrawn and work at Zeebrugge stopped, while civilian workers have removed a large number of anti-aircraft guns mounted six miles east of Bruges. At Ghent stores are being hastily loaded by the Germans.

FISH ARRIVALS

The Norland arrived in port yesterday with 15,000 lbs. of halibut; Clara N., with 5,000; P. Dorreen, 6,000; N. and S., 4,000; Caygeon, 2,000; Northcape, 4,000; Dolphin, 1,500; Saturn, 4,000, and the Chatham with 2,500 lbs. The price realized was around 16c.

Mr. Carvell in the course of his address said that all ideas of personal freedom and liberty must give way to the interests of the nation. Many men had nice theories but they would not win battles. The Government was elected for one thing, to keep the ranks of the Canadian army filled. This they had done. They were determined to get men and they got them.

The minister went on to say that as a people we had drunk the cup of bitterness to the dregs but the body of the Canadian people were determined to see it through to the end. There must not be surprise if the Government should ask for another 100,000 men.

"Once get rid of the war and I have faith in the Canadian people to choose the best kind of Government. The carrying on of the Government in war time is the opposite to peace times. I would advocate the conscripting of men for other things besides war if it were found necessary."

Mr. Carvell went on to say that the Board of Trade here seemed to think the Government a little niggardly. He had promised not to spend money, however, except where it was absolutely necessary and this he had endeavored to do. In Prince Rupert they had seen things which rather staggered them, but he could assure them there would be no more post office sites in war time or in peace time. He believed it was possible to carry on the Government of the country like a private business. He believed the people wanted the

ENEMY IS WITHDRAWING AT MANY POINTS ALONG LINE; 28 MILES ON VESLE FRONT

VICTORIOUS ATTACK BY FRENCH AND AMERICANS FORCES RETIREMENT — RHEIMS NOW REDEEMED AND SEVEN-MILE MOVEMENT NEAR CAMBRAI

(Special to The News via G. T. P. Telegraphs.)

Paris, October 7.—The victorious attacks carried out in the last few days by French troops in conjunction with the American forces on the Vesle front, and on the Champagne front, have forced the enemy to make a general retirement towards the Meuse and Arnes rivers. The enemy has abandoned all the high positions powerfully fortified for four years and defended with unrelenting stubbornness and is retreating on a front of 45 kilometres (28 miles.)

At the present hour Rheims has been redeemed, Fort Brimont and the Massif of Moronvillers in Allied hands and Nogent Sabassee is completely encircled.

London, October 7.—Two important retirements are in progress. The first of these is on a 7-mile front south of Cambrai.

It is due to pressure from the south and has amounted to between 1 and 2 miles. It is said this retirement will have as its sequel abandonment of Cambrai.

The other withdrawal is in the Rheims salient, where, as a result of pressure east and west, the enemy is continuing to evacuate ground. He has abandoned the ridges of Moronvillers and Nogent Sabassee. Germans thus have shortened their lines by ten miles and strengthened their position by putting the river between themselves and the French. There are increasing indications of a probable retirement of the enemy from the Douai sector.

Why Not Local Firm To Build Wooden Ships.

There are plenty of contracts for wooden ships being offered by the Norwegian and French Governments. Also the French Government is open to purchase new ships when they are built. The Mullen Construction Company was offered six contracts for wooden ships, but refused them because it expected to go on with the steel vessels.

If, as seems possible, steel is not available for the work here, why should not a local company be formed to build wooden schooners for the French or Norwegian Governments. The facilities are here and the work could be carried on just as economically as in Victoria or Vancouver.

When it was necessary to get out spruce on the Queen Charlotte Islands, several local firms went into the business. Now there is a possibility that at any time the spruce production may stop, because the war may stop. Then the mills will need an outlet for their lumber. If ships were built here, that lumber could be used. It is possible too that a local firm could build and operate schooners from this port to carry the local lumber to the markets of the world.

Unionists Hid Their Light Under Bushel.

One of the questions often heard on Saturday was: "Where are the Unionists?" The ministers were invited by the Canadian Club and entertained by them at luncheon and in the evening they were the guests of the city, the Board of Trade and the Canadian Club, jointly. In these organizations there were some Unionists, but as an organization the committee or party or whatever they may be, did not appear, neither did the members to any extent do anything in the way of greeting the visitors.

They were Liberals who met the ministers, who worked on most of the committees, who made the arrangements, who decorated the theatre, and to a very large extent who formed the audience at the big meeting in the evening. It was also a Liberal who presided.

The News is not taking exception to the attitude of the Unionists, but simply mentions it because it seems to have been one of the subjects of general discussion throughout the city yesterday and Saturday night. As it was, the ministers got a good reception and they are well pleased with their visit. They carry away with them a good impression of the people, whom one of them describes as "the most persistent boosters he had met."

Judging from the tone of the addresses and the subject matter, the Liberals are pretty well dominating the present Government. Mr. Carvell is a man who stands out prominently in any organization and he measures up well alongside his colleagues. Some of the local Liberals have been rather doubtful of him since he joined the Borden Government, but it is just possible that it may turn out that the Bordenites joined the Carvell Government. At any rate it seems as if much good work has been done since they joined forces.

LAND REGISTRY ACT.

(Sections 36 and 134.)

Re Application No. 9768-1 & 9771-1.

TAKE NOTICE that application has been made to register Nathan Louis Lando and Dora Scheinman as owners in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 21st day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eleven (11), Block twenty-five (25), Section seven (7), and Lot thirteen (13) Block thirty-five (35), Section eight (8), Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, for and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever stopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Nathan Louis Lando and Dora Scheinman.

AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.

FURTHER TAKE NOTICE that it the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the names of Nathan Louis Lando and Dora Scheinman unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
2 cups flour	2 cups flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 eggs	1 egg
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

SALMON FISHERMEN'S UNION IS ORGANIZED

Matter of Affiliation With Other Bodies Left Over for the Present—Officers Elected.

At a meeting of fishermen held yesterday afternoon it was decided to organize a Salmon Fishermen's Union here and to consider the matter of affiliation with outside bodies later. Accordingly the following officers were elected: President, John Macdonald; vice-president, A. O. Morse; secretary, W. H. Montgomery; treasurer, Geo. Rudderham; delegate to the Trades and Labor Council, Messrs. Morse, McLemon and Montgomery.

The question of affiliation was one that seemed to interest the members a good deal. A letter from the Salmon Fishermen's Union at San Francisco showed that in that organization no boat owners were allowed to become members. They suggested getting a charter from the Deep Sea Fishermen's Union.

Mr. Thompson, representing the American Federation of Labor, explained that if they joined that body they would have to pay one quarter of the initiation fee and a per capita of 15 cents a month per member to the central body. It was also suggested that they get a charter from the B. C. Federation of Labor but this was opposed by Mr. Thompson. It was finally decided to organize first, and talk of affiliation later.

It was also decided after some discussion to admit all salmon fishermen whether trollers, gill netters or seiners.

Chas. Sennitt suggested that the union should take steps to conserve the fish and see that the fishing laws were enforced. He saw no sense in stringing a net across the mouth of a creek and preventing all the salmon getting to the spawning beds.

Mr. Montgomery explained the new Government proposals in connection with the issuing of licenses. The permits would be issued by a joint board consisting of representatives of the canners, the fishermen and the Government.

It was arranged to meet weekly at 3 p. m. Sundays in the Halibut Fishermen's Hall.

NO STEEL AVAILABLE FOR SHIPBUILDING

Before leaving for Anyox Hon. F. B. Carvell wired to Hon. Mr. Ballantyne on Saturday and on his arrival last night received a reply to the effect that the position in regard to steel plates was unchanged, that the Government could not get enough for its own ships but that if the shipbuilding company could get an order from the United States Government permitting the export of the steel he would at once bring it before the Canadian Government for consideration.

"And they will grant it," said Mr. Carvell. "I do not expect the United States will allow the steel to be exported, however. They need all they can make in that country for their own work and the prospect for getting steel here does not look very encouraging."

"No, there would be no objection at all to your building wooden ships as long as you do not build them for Germany," he went on in reply to a question.

The minister admitted, however, that it was possible the Norwegian Government might have sufficient influence to get the steel for the ships to be built here.

Now that the road to the mill is completed the Prince Rupert Lumber Company is ready to deliver lumber to the local trade. Orders may be placed with Albert & McCaffery.

GOVERNMENT IS WILLING TO LET SHIP CONTRACTS

The Difficulty is in Regard to the Price—Norwegian Government Willing to Pay Much Higher.

The Canadian Government is ready and willing to let contracts for two or perhaps three ten-thousand-ton steel ships to be built in Prince Rupert. That was a statement made by Hon. F. B. Carvell to the Board of Trade on Saturday. The price for these is \$190 a ton. The Norwegian Government is offering about \$275 a ton for the same work, but the U. S. Government will not allow them to be built in that country and that is the reason they want to come here. The difficulty is in securing the steel. "I shall be much interested to know if they get the steel," said the Minister, "and I wish you would let me know if they do."

The Canadian Government has secured 80,000 tons of steel from the United States Government but can get no more. The price for it is 3 3/4 cents a pound.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food.

If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

Write to your Provincial Department of Agriculture for additional information.

Registration of United States Citizens

Male citizens of the United States living in Canada of AGES 21 to 30, both inclusive, MUST REGISTER BY REGISTERED POST with the registrar under the Military Service Act of the district in which they live, during the TEN DAYS NEXT FOLLOWING SEPTEMBER 28th, 1918; and such CITIZENS OF THE AGES 19, 20 and 31-44, both inclusive, must so register during the ten days next FOLLOWING OCTOBER 12th, 1918.

It must be emphasized that THIS INCLUDES AMERICANS LIVING IN CANADA OF THE ABOVE AGES, MARRIED AND SINGLE, AND INCLUDES ALSO ALL THOSE WHO HAVE SECURED DIPLOMATIC EXEMPTION OR HAVE REGISTERED WITH AN AMERICAN CONSUL, OR HAVE REGISTERED FOR MILITARY SERVICE IN THE UNITED STATES.

Registration letters may be handed to local postmasters for despatch to the proper registrar, under the Military Service Act.

MILITARY SERVICE BRANCH

Notice—Military Service Act, 1917 Men Exempted As Farmers

Having in view the importance of leaving a sufficient number of men on those farms which are actually contributing to the national food supply, notice is hereby given as follows:

1. ALL MEMBERS OF CLASS 1 POSSESSING EXEMPTION AS FARMERS, which is expiring, and WHO WISH TO REMAIN EXEMPT, SHOULD communicate with the registrars under the Military Service Act OF THEIR RESPECTIVE DISTRICTS, REQUESTING AN EXTENSION IN TIME OF SUCH EXEMPTION. Questionnaires will thereupon be issued to these men by the registrar and they will receive further exemption upon furnishing satisfactory proof that they are contributing sufficiently to the national food supply.

2. In order to facilitate productive employment during the winter months, MEN EXEMPTED AS FARMERS SHOULD APPLY TO THE REGISTRARS FOR PERMITS TO ENGAGE FOR THE WINTER IN SOME OCCUPATION OF NATIONAL INTEREST, SUCH AS LUMBERING, MUNITION WORK, ETC. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on.

FEDERAL MINISTERS GIVE INTERESTING ADDRESSES ON BUSINESS OF COUNTRY

(Continued From Page One.)

business conducted in a straightforward manner. (Applause.)

Higher Taxes.

Before the war the revenue of the country was 150,000,000 a year. Now the extra interest on the national debt amounted to half that sum and the pension list might reach \$75,000,000 and it must be paid. That took the total revenue of four years ago and yet the affairs of the country had to be carried on. Taxation must be doubled. "If we get the people we can raise the money. The rich must contribute more than in the past. The inland revenue has been practically abolished and the customs cannot be raised. In the future it will be no good coming to Ottawa with any wildcat schemes or land to sell."

Speaking of the Victoria loan, Mr. Carvell said they should not consider whether the bonds were a good investment. No country in the world had better credit than Canada but it was impossible to borrow just now in London or New York. The only way to get the money was to raise it themselves. They were now asking for \$500,000,000 and they expected to get more than that. Funds must be supplied to keep the Canadian army in the field to the end.

Mr. Calder.

Mr. Calder told of the purpose of the trip, which was to secure information. He advised the people of Prince Rupert not to get discouraged, for other cities were built in difficult places, yet became great cities. He had come to the conclusion that in Northern B. C. there were resources untold. Those responsible for their development must see to it that ordinary business principles were applied. Both Governments, Dominion and Provincial, must give a hand in bringing this about. He urged the settling up of the land and said that the tall chimneys would follow.

Mr. Calder told how before the

LAND REGISTRY ACT (Section 36 and 134.)

Re Application No. 10118-1. File 5960. TAKE NOTICE that application has been made to register Brenton G. Moore and Roy L. Moore of Prince Rupert, B. C. as owners in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eighteen (18), Block eighteen (18), Section six (6), City of Prince Rupert, Map 923. You are required to contact the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"And in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Brenton G. Moore and Roy L. Moore. AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owners thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of the aforesaid parties unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 6th day of September, A. D. 1918.

H. F. MACLEOD, District Registrar of Titles.

To Walter G. Laurie, Robert Williams, William Jones, Prince Rupert, B. C.

NAVIGABLE WATERS PROTECTION ACT R. S. C. Cap. 115.

The Georgetown Saw Mill Company, Limited, hereby gives notice that it has under section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Prince Rupert Land Registry District a description of the site and a plan of wharf proposed to be built on Lot 5 of Block "F" Prince Rupert Township, as shown on Plan 923 filed in the Land Registry Office.

And take notice that after the expiration of one month from the date of the first publication of this notice The Georgetown Saw Mill Company, Limited, will under section 7 of the said Act apply to the Minister of Public Works, at his office in the city of Ottawa, for approval of the said site and plan and for leave to construct the said wharf.

Dated at Prince Rupert this 19th day of September, 1918.

present Government same into power the army was rampant with politics. This had been cut entirely out of the army. He told of the cleansing of Argyle House, the administration headquarters in London, and said that within the last months there had been no accusations of graft against the Government departments.

Badly Defeated.

Mr. Calder spoke of the time of stress recently when one of the British armies had been defeated if not routed and there was danger that Paris would be taken and France drop out of the war. That was the time when Mr. Borden was in London attending the sittings of the war cabinet. They were considering seriously what would be the next move, if the Germans reached the English Channel. Then there were problems of food, supplies and ships to be considered. Now all that was changed but the people felt the strain and there was a great deal of unrest in the country. They must make up their minds to stick to it however. The boys at the front would like to get home but they had made up their minds to stay there until the job was done. What troubled them was the feeling that the men at home were not sticking by them.

Colonization.

Dealing with his own particular department, that of colonization, Mr. Calder said that if they secured settlers in large numbers they might make their railways pay and thus relieve the country of a great burden. He had been in negotiation with the Provincial governments in regard to the settling of the land and these negotiations were still in progress. The question of state aid to settlers was being considered.

Keep Baby's Woollens Soft and Sweet

Even little garments are dear now—you must make them last, and of course you want them always soft and comfy for the important person.

The little woollens need never shrink a thread—never stiffen or grow thick—not after repeated washings if you cleanse them in the pure, creamy Lux lather. It's so simple to whip the delicate Lux flakes into a rich suds—so simple to squeeze the suds through the little garments—then take them out absolutely sweet and clean and fresh.

Lux harms nothing that pure water may touch.

PLEA FOR STEAMER SERVICE TO STEWART

Letter From J. B. Roerig Gives Reasons Why Mining Camps Should Receive Better Treatment.

The following is the text of the letter received by the Board of Trade at its last meeting from J. B. Roerig in regard to a steamship service to Stewart and which led to the appointment of a committee to take the matter into consideration:

"From the general opinion of people qualified to judge and all those that have recently visited the properties on the Salmon river, near Stewart, B. C., it seems to be agreed that one of the largest mineral deposits in the Province is being opened with several other deposits of importance under development in that locality.

"Now while conditions in Prince Rupert are good, in fact better than they ever have been, still we should not sit back and possibly neglect any chance to still better our trade at this port and I believe that by a systematic effort we can enable those who are spending their capital near Stewart to open up that country to have a decent freight, passenger and mail service, and I want to suggest that a vigorous agitation be made to secure that service. Possibly the method following might be of some help:

"1. Get a statement from Mr. Neil and Mr. Fetter; and others interested as to just what they are doing, amount of capital spent, number of men employed and future plans of their respective companies, together with engineer's synoptic report of the possibilities.

"2. Request the Department of

Mines (Provincial) to send engineer to that locality at once to report on the possibilities and secure the department's recommendation through the Minister to the scheme.

"3. Get a request from Mr. Fetter and Mr. Neil for a mail service, supplemented by a petition of all interested Stewart people.

"4. The Granby Company have made extensive investigations up there and are still interested, I understand. Ask them to request the service as well as give us a short history and report of their investigations which I understand are extremely favorable. In fact, their engineer has stated that the Big Missouri is the largest ore body so far known in North America.

"5. After these requests, reports and petitions are obtained present the matter to the G. T. P. with demands for steamer, if satisfactory arrangements are completed with Ottawa, failing which present the plans to the C. P. R.

"It seems to me that the C. P. R. 'Princess May' could make the Stewart trip and still maintain her present schedule of arriving here Fridays and leaving for Vancouver Sunday nights. There is ample time intervening to make the Stewart call.

"There does not seem to be any question in the minds of everyone that are interested or visited the properties that the Salmon river section will develop a very good camp, possibly larger than any that have been opened near Rupert and we are entitled to benefit and are as well entitled to help those people who are spending their capital under bad handicaps.

"I should have mentioned that after the reports, etc., are received that the Board of Trade, citizens at public meeting as well as the City Council endorse our request for mail service and reasonable subsidy to secure adequate service.

"I shall be glad to discuss this proposition with you at any time."

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Records will operate as forfeiture. Title cannot be obtained on these claims for less than 2 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

Say NO!

"You might as well have it," whispers temptation, but your Canadian Patriotism says "No!"

THE tempting suggestions of selfishness meet no response from a patriot.

For he knows that selfishness and self-indulgence are just now the allies of the Hun — they fight on Germany's side against Canada.

When the devil-whisper says "You might as well have it," every true Canadian answers "No!"

Except for the bare necessities of life, we should not be spending five cents a day.

For every expenditure we make on things not absolutely necessary directly affects the fighting strength of Canada and her allies.

The materials that go into the making of things you can do without are needed for our soldiers overseas.

Many of those materials which enter into our unnecessary purchases are brought from other countries and occupy

precious space in ships; space sorely needed for those cargoes which can be used for the winning of the war.

The labor that fashions the things we unnecessarily use is labor which could and would be employed to real advantage in the production of war necessities.

Knowing all this, how dare you divert a single unnecessary dollar from your country's war effort!

The shame that must inevitably follow your every self-indulgence, at so grave a time, will be your fitting punishment — if you persist in buying the things you merely want and do not need.

Resist indulgence, cultivate thrift — for thrift is an evidence of patriotism.

And the money you save by thrift will be yours to lend to your country whenever the call comes.
