GERMANS ARE IN FLIGHT

BEING PURSUED BY ALLIED FORCES WHO TAKE MANY PRISONERS

GERMAN ARMIES ARE IN FLIGHT BEFORE THE BRITISH, AMERICAN AND FRENCH FORCES; CAMBRAI WAS TAKEN BY CANADIANS ENTIRELY.

anton Destruction of Cities and Towns by Enemy as He Retreats; 10,000 Prisoners are Left in the Hands of the Allies and Large Number of Guns; German Lines are Penetrated Deeply by Canadians says Official Statement.

(Special to The News via G. T. P. Telegraphs.)
London, October 10.—The German armies are in full flight before the British, American and French forces on the front between Cambrai and St. Quentin. Cambrai, the strong point of the enemy in this region, has been taken by the Canadians in its entirety and to the north of Cambrai the Canadians have deeply penetrated the German line. The official statement says: "We inflicted a heavy defeat on the enemy yesterday between St. Quentin and Cambrai, taking over 10,000 prisoners and between 10 and 200 guns. No less than 23 German divisions were engaged on this front. They were severely mauled."
The Germans are declared to be fleeing to the east of Lecateau, one of the most important railway centres in this region. Behind them the Germans are leaving the country devastated. They are burning towns as they go and everywhere desolation and destruction follows in their wake.
The Germans had for weeks held this district against the Allies. Several attempts were made to take Cambrai but without success. Yesterday for the first time it was officially announced that the city had been taken, although there had been rumors to that effect previously. Now the work is reported complete and the fleeing Germans are being pursued by the Canadian, American and British forces. It is a great victory and the rout of the enemy seems to have been complete.

Paris, October 10.—Anglo-French troops have forced the Germans to a general retreat to the north and south of St. Quentin. The First French Army pursuing the enemy rearguards has advanced about five miles to the east of St. Quentin and taken 1,000 prisoners.
French troops advancing east of the St. Quentin-Le Chateau railroad have captured Etaves wood, Becquiaux village and further south have taken Marcy and reached Fontaine Nord Dame and Fonsome.

ITALIANS PUSHING NORTH IN ALBANIA

(Special via G. T. P. Telegraphs.)
Rome, October 10.—The position in Albania is becoming interesting. The Italian troops are pushing their way northward and have already entered the city of El Basan. The Austrian resistance was most stubborn but this was overcome. This follows the taking of the port of Durazzo by the Allied fleets and the capture of Berat.

LOCAL CASUALTIES OFFICIALLY REPORTED

Lieut. A. D. Golden Wounded With Artillery and A. J. Gilmore Killed.

It is officially announced that Lieut. A. D. Golden, of the artillery, formerly of the Bank of Commerce in this city, has been wounded.
The young officer is well known here where he lived for several years before going overseas. He left here in February, 1915, along with W. A. Paterson of the same institution, who has since returned and is now back with the bank. Together they joined the 48th under Major McMordie and later joined the mechanical transport.
In December, 1916, Mr. Golden crossed to England to qualify for a commission and in June, 1917, returned to France and was with the 25th battery of the Canadian Field Artillery when he was wounded.
Word arrived yesterday of the death of A. J. Gilmore formerly linotype operator on the Prince Rupert Journal. He was wounded and gassed on September 14 and on the following day died in a hospital in France. He leaves a wife in Toronto and two brothers who are also fighting. He was well known here.
The regular meeting of the St. Andrew's Society will be held tomorrow night at 8 o'clock.

SPANISH INFLUENZA HAS SPREAD RAPIDLY

(Special via G. T. P. Telegraphs.)
Washington, Oct. 10.—Spanish influenza has now spread to practically every part of the country. Reports today to the Public Health Service showed that the disease is epidemic in many western and Pacific coast states as well as in most regions east of the Mississippi river.

METHODIST CONFERENCE WANTS EIGHT MILLIONS

(Special via G. T. P. Telegraphs.)
Hamilton, Ont., October 10.—The Methodist General Conference in session here has started a movement to raise \$8,000,000 within the next five years for the purpose of paying off the debt on the Church.
The churches have all been hit hard by the war, and by the fact that all the energies which at one time were bent to helping the churches are now engaged in war work. The proposal anticipates the ending of the war within a short time.

STRIKERS RETURN

ALLIES ARE ALL IN ACCORD ON THE MATTER OF PEACE SUGGESTIONS

(Special to The News via G. T. P. Telegraphs.)
Washington, October 10.—Military men here are vastly pleased over President Wilson's refusal to even discuss the question of an armistice while German soldiers remain on invaded soil anywhere. The President is known to be ready to act without delay when the German Chancellor has answered the pointed questions asked in the note. Officials say it should be clearly understood that the President has no thought of entering into a series of unfruitful diplomatic exchanges with the Germans.
London, October 10.—The press association has issued an authoritative statement that the British Foreign Office has received the text of President Wilson's note to Germany and that all the Allies are in complete accord with the opinions expressed therein.
Seattle, October 10.—Led by the American Trade Union movement, Organized Labor of the Allied nations will sternly oppose any peace plan that does not contemplate the entire destruction of the German military machine and its power over the German workers.

THE ALTAR OF HUMANITY

The Altar of Humanity! On that the lives, the hopes, the happiness, of millions have been offered in this war. Here in Canada, 3,000 miles from the war's fierce flame—that flame which has scorched and seared and devoured so many of our bravest, our brightest and our best—what are WE offering on that Altar? What can we, what should we, offer on it?
At least we can do more than many of us are doing, forego more than many of us are foregoing. Too many of us, by far, are going our ways just as though no war were on—as though the Altar of Humanity asked no sacrifice from us.
But it does—and we must make it or be forever shamed. It asks of us the sacrifice—small enough it is—of ease, pleasure, luxury, extravagance.
What are YOU doing about it all? With the world in travail, you must cease pleasuring—cease from much of pleasure, save in sternest self-denial. Live sparingly, simply, savingly. So only can you live nobly. The reward will come. Victory!

DRIVING NORTHWARD ALONG VALLEY OF MEUSE, TAKING PRISONERS AS THEY GO

THE AMERICANS AND FRENCH ARE SLOWLY BUT SURELY PUSHING ENEMY BACKWARD TOWARD BELGIAN BORDER; PENETRATE GERMAN MAIN LINE OF RESISTANCE

(Special to The News via G. T. P. Telegraphs.)
With the Franco-American Forces Northwest of Verdun, Oct. 10.—The Americans have maintained the advantages gained east of the Meuse and have pressed on to the southern outskirts of Sivy and entered Chaune Wood.
West of the Meuse against freshly engaged divisions they have penetrated the enemy's main line of resistance between Comel and Romagne.
In Argonne they took important heights to the south of Marcq and joined hands with the French. They took over 2,000 additional prisoners.
London, October 10.—The official announcement in regard to the movements north of Verdun says: "From the region northwest of Rheims to the Meuse river north of Verdun the French and Americans are slowly but surely pushing the Germans backward toward the Belgian border. Many prisoners are being taken."

AUSTRIA PREPARES TO MAKE PEACE

London, October 10.—It is reported from Vienna that the Austro-Hungarian Ministerial Council has decided to introduce national autonomy. "In order to make President Wilson's stipulation an accomplished fact."

LARGE SUM REALIZED FROM THE TAX SALE

Brisk Bidding Ran Prices Well up Beyond Sum Needed to Redeem Property.

The tax sale of city lots was concluded today around 1 p. m. It was hoped yesterday when the sale started that it might be got through with in one day, seeing that so many of the lots had been withdrawn from sale, but only section five was sold up to last evening.
For all inside property bidding was brisk, and the prices realized were in the great number of cases far above the amount required to pay off the taxes. The same state of affairs obtained this morning, when a start was made on section six property. There was keen competition for the greater number of the lots offered, and bids came in thick and fast.
The Council Chamber was thronged with eager purchasers, and there was scarcely a seat to be had all the time of the sale. The manner in which the lots were snapped up discloses the confidence with which many of the citizens regard their home town, and in which confidence they will not be disappointed.

BIRTH

A son was born this morning at the Prince Rupert General Hospital to Mr. and Mrs. Frederick Grimble, 640 Fifth Ave., E.

An official notice sent out by the Grand Trunk Pacific Railway Co. states that G. U. Riley has retired from the service and that the office of Land Commissioner has been abolished. The land and townsites department will hereafter be in charge of H. E. Bissell, Land and Tax Agent.

Belgium Calls Attention to Systematic Sacking and Destruction of Enemy From Coast to Beyond Bruges.

(Special via G. T. P. Telegraphs.)
London, October 10.—Belgium has issued a declaration calling attention to the systematic sacking and destruction by the enemy and stating that from the coast to beyond Bruges the entire male population between the ages of 15 and 45 have been brutally treated while being compelled to work for the military needs of the German army. The demand is made that the Germans be warned to stop their brutality and destruction while evacuating the country.

**Duty of Union
 To Its Members.**

A case of particular interest to members of trade unions was tried recently in Alberta. According to the account published in the Labor Gazette, two coal miners were refused admission to a union and as a result they were unable to secure employment. Not being able to sue the union because it was not incorporated the men sued the officers and members of the union individually with the result that they secured damages to the amount of \$435.62 for loss of wages and \$100 general damages with costs. The argument used in trying the case was that they were wrongfully excluded contrary to the constitution of the union and were deprived of a civil right as a consequence. This seems to place the trades union in the light of a public institution with a public duty to perform.

**Work for Men at
 Front Done Locally.**

The summarized reports of the local Red Cross societies is a splendid record of work done to help the men who are fighting our battles. The total money raised, including the amount sent to the prisoners of war, amounts to \$15,835 and all the expense incurred in doing it was only \$115. Added to that is the work done by the ladies and donated which is valued at over \$3,000 and the car load of sphagnum moss which commercially is valued at not less than \$2,000, making a grand total of approximately \$21,000 for this district alone for Red Cross purposes during the year just completed. It was hardly to be wondered at that the society should return to office the men and women who had done such fine work, the exception being in the case of Mr. Conway who found it impossible to continue as secretary. The society needs no congratulations. The work speaks for itself.

**Much to Do
 Before the End.**

Great events are occurring every day in European countries. The war has entered into the condition where men and women imagine that no further effort is necessary to bring the Teutons to their knees. It would be dangerous and might bring disaster if we failed in keeping up every atom of our self-imposed task, to assist the nation at this critical period. The strain has been immense on all classes and conditions, but it must go on to the bitter end. The surrender of Bulgaria and the unrest in Turkey and Austria appears of great importance, which no doubt it is. Prussia will be alone in the struggle against almost every other nation in the world.

The Teutons begin to realize "that their place in the sun" is liable to become obliterated, and will make every effort to save their country from suffering the devastation wrought by them in the countries of our allies. We now have hundreds of thousands of prisoners to support. Our armies are increasing and our fatalities are not decreasing by any means. Food is required for our overseas forces and for those who are not producers. The manufacture of war munitions and shipping must continue. The enemy is able to put up a stiff fight along the shortened line before we force him across the river Rhine.

The history of Napoleon shows that there is always danger from a despot while he is at large. There is still work for all of us to accomplish before the world returns to a state when the soldier will lay down his arms and when the non-belligerent gives up his work, in support of good government. The German menace is far from being squelched, even in our own country. Our duty to our country and to ourselves is to still keep up interest in everything going on around us leading to a permanent peace. When our fleet returns to its moorings and our soldier boys return to their homes it will be time to say "thank God the world is now and forever a safe place in which to live."

JOHN KYLE IS HERE TO TRY TO ORGANIZE CITY NIGHT SCHOOLS

Head of Technical Education Department of Provincial Government Gets Work Started at Anyox.

To establish night schools in Prince Rupert their time is the object of the visit of John Kyle, the organizer of Technical Education in the Province of British Columbia. He is working on the matter today and will meet the school board before he leaves and discuss the matter with them.

Mr. Kyle has just returned from Anyox where he found the people very enthusiastic. He arranged for a number of classes. The school engineer, Mr. Agnew, will teach electricity; Mr. Duffy, formerly of Prince Rupert, will have a class in accounting, and Principal Dunbar, of the public school here, and Mr. Nuttall will take

care of the English and arithmetic.

Mr. Kyle suggests that there should be classes here for foreigners who wish to learn English, also classes in engineering, in typewriting and stenography, mechanical drawing, arithmetic and mensuration, and in English for those who wish to continue their public school course. Other classes may be started if there should be groups of people wish it.

Mr. Kyle is very enthusiastic in regard to the desirability of starting these classes as he says there are so many young men who might spend their evenings profitably.

E. M. Hayes, of Victoria, arrived in town yesterday from the south.

GREAT WORK OF THE RED CROSS IS CLEARLY SHOWN

Officers for Coming Year Elected At Annual Meeting Last Night and Report Read and Adopted.

The third annual meeting of the Prince Rupert branch of the Red Cross Society was held last night in the Court House, Judge Young presiding.

In his address the president spoke of the good work which had been done, chiefly by the ladies of the community who had worked very hard. The magnificent sum of \$15,835 had been raised, while the total expenses were \$115. This was double the amount raised last year, yet it did not include the cost of sphagnum moss, which was valued commercially at about \$2,000, nor the work done by the women's committee. Letters had been received expressing thanks for the moss and telling of the good quality and the good condition in which it had arrived.

Among these was a letter from Professor Thompson of Toronto, who said that the moss was equally as good as that secured in the east and cleaner. He thanked the people here for their splendid service.

Judge Young said that during the past four years there had been dark days but that they had done their best then to assist. Hopeful reports led them to believe now that the war was near its end, but the Germans were not beaten yet by any means. They still held a good deal of our territory and even when driven across the Rhine they were not necessarily beaten. He advised that the greatest effort should be the last punch and he hoped to see the amount raised in the coming year reach \$25,000.

Mrs. Woodland read the treasurer's report, Mr. Conway the report from the Seal Cove branch, Mrs. McIntosh that of the Prisoners of War, and Mrs. Dawson the report of the committee on supplies. In the last mentioned it was shown that an immense lot of work had been done by the women of the city.

The following officers were then elected:

Hon. President, Mayor McGlymont.

President, Judge Young.

Vice-President, Mrs. McIntosh.

Secretary, Herbert Young.

Treasurer, Mrs. Woodland.

Auditor, Mr. McLargy.

Executive Committee: Mrs. W. Orchard, Mrs. Peters, Mrs. P. W. Anderson, Mrs. Fred Dawson, Mrs. Starr, Mrs. Spencer, Mrs. Cat-nichol, Mrs. Jennings, Mrs. Hoffman, Mrs. Besner, Mrs. Jarvis McLeod, and Mrs. Poole.

Notes of thanks to the officers of last year and to the press concluded the business.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. Circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food.

If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

Write to your Provincial Department of Agriculture for additional information.

PROSPECTOR AND DOGS TRAVELLED OVER 500 MILES

Tom Burns and Five Dogs Made Distance in 37 Days of Miking

Bewhiskered and bedraggled after weeks of travel in the great silent wilderness of the sub-Arctic, Tom Burns, veteran prospector of three continents, blew into Dawson and is back to stay with the upper Yukon country, says the Dawson News. Burns traveled 560 miles over mountain, muskeg and tangled river bottoms and through dangerous streams in order to get back to Dawson. He came from Nenana, Alaska, the inland terminal of the new American government railway in Alaska.

Dogs Did Share.

The trip was made without a human companion, but with him Burns brought his five faithful companions of the trail, his native dog team. There being no snow in the northland during the summer season, the sleigh and the dog harness had to be left behind, but the dogs nevertheless did their share. They each carried as high as 20 pounds of supplies and never had less than five pounds of burden to the dog.

"I left Nenana with the dogs and myself in fine condition," says Burns, "and we came through without misfortune. We required 37 days of actual travel in covering the distance from Nenana to Dawson, but I rested a month on Cleary creek, near Fairbanks. After leaving Cleary it was one straight hike through the wilderness save for a few brief stops for prospecting. Whenever a stop was made the time was noted carefully in my diary, and deductions made, so have a careful compilation of our efforts as mushers. In stating that we were 37 days on the trip from Nenana I mean in actual traveling, not in lapsed time.

Slept in Open.

"Much of the way I slept out in the open without even a tent, and the dogs and I subsisted to a large extent off the rifle. I killed seven bears, two moose and six caribou and caught about one dozen fish on the trail. I had little time for fishing. That sort of provender was plentiful, but the other could be had much more quickly. We consumed practically all the big game killed. It was necessary to our existence. After killing an animal, we would consume what we could at that camping place and then I would take a part of the meat in my pack and distribute the rest among the packs on the dogs. The dogs had the minimum weight. When the meat was exhausted of five pounds to the pack. When meat was plentiful they had 15 pounds more each or a total of 20 pounds to the dog.

Proud of Dogs.

"I am proud of my dogs, and particularly of old Admiral Peary, a veteran of 12 winters, whom I have owned since he was born 12 years ago on Cleary creek. The dog since then has done many a long distance journey on the winter trails, and not a few in summer. I have kept a diary and have made an estimate of the distance he has travelled and I place it at the remarkable total of 22,250 miles. He is the greatest animal I ever drove and I have no doubt but what he soon will have run his mileage up to the distance equal to that around the world. He is a cross between a Nome malamute and a hickory brand of cheechaco conglomerate."

CLOSING ALASKAN FISH STREAMS IS BEING DISCUSSED

In reply to the wire sent to the Hon. William C. Redfield, Secretary of Commerce, urging that hearings be held in Juneau and Ketchikan at which time any person interested might appear to show cause why the salmon streams of Southeastern Alaska should not be closed to fishing, Delegate Sulzer has received a telegram stating that the request would be complied with. The wire stated that the formal hearing will take place in Seattle on November 25th and that preliminary hearings will be held in Ketchikan and Juneau during the early part of November.

During the early spring many protests against cannery operations on the Yukon were sent to the Delegate from the people of interior Alaska. The matter was taken up with the Department and also with the Food Administration and others, but each Department insisted it had no authority to interfere. Finally the matter was put before Secretary Redfield in such a light that he agreed to the suggestion of holding the hearing in Seattle the latter part of November. People from interior Alaska are preparing to have representatives there to go into the Yukon river situation.

This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the allotment is made from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

The money is yours!

You have earned it.
But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

it is possible that unwittingly you are doing this very thing.

Remember Canada's need.

Let not Canada's sacrifice go for naught.

Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men.

Save your money to bring nearer that day we all long for—the Victorious end of the War.

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

CATHOLIC BAZAAR A GREAT SUCCESS

Formally Opened Last Night and
Stalls Well Patronized—
Dance Tonight for
Red Cross.

The formal opening took place last evening of the Catholic Church Bazaar in the St. Andrew's Hall. There was a large attendance and the first evening of the affair was very successful. Mayor McClymont declared the Bazaar open in a few well chosen words, and he was followed by Father McGrath in a short speech. There was also an interesting entertainment by the children of the Catholic schools.

All the stalls of the Bazaar were well patronized during the evening and a large amount was realized. Judging by the first evening, this year's Bazaar will be one of the most successful ever held in town.

This evening there will be a dance in aid of the Red Cross and the drawing for the Victory bonds and the other articles will take place.

Mr. and Mrs. Frank Mobley are leaving this evening for the south. Mr. Mobley will go to Victoria on business and Mrs. Mobley to Eastern Washington, where she will visit her sister for some time.

John Waszkowski, an alien enemy, was charged in the police court this morning with failing to keep in touch with the police. He had failed to report for the last three months, although he had been along the line of the G. T. P. all that time. He was fined \$25.

Local News Notes

Good assortment of pipes at Gil's.

The Princess Sophia arrived in port today about 1 p.m. on her way north to Alaskan ports.

Mrs. L. W. Reilly returned to town this afternoon from Vancouver by the Princess Sophia.

T. H. Johnson of the Canadian Fish and Cold Storage Co., returned to the city last evening from Vancouver.

Frank Hicks, of Port Clements, arrived in the city yesterday by the Prince George from Vancouver. He is on his way back home.

F. S. Halliday was among the passengers returning to town yesterday from Vancouver, where he had been on a short business visit.

L. Mayne, engineer for the Marconi Company, arrived in town yesterday on his way across to Buckley Bay where he will erect a station.

Four Davis rafts arrived in port yesterday from the Queen Charlottes containing about 3,000,000 feet of spruce. This will be cut by the local mills.

Is 75c. too much for you to give the blinded soldiers? They gave their sight for you. Concert in aid of St. Dunstan's Hostel, Westholme Theatre, October 14. 11

Now that the road to the mill's completed the Prince Rupert Lumber Company is ready to deliver lumber to the local trade. Orders may be placed with Albert & McCaffery.

C. E. Garrett of the Imperial Munitions Board arrived yesterday and is going to Moresby Island to take charge of the work of spruce production. His headquarters will be at Thurston Harbor.

Judge Young leaves this evening for Nanaimo to rejoin his family, and to say farewell to his son, Lieut. Alex Young, whose leave is up now. Alex has to report at Esquimalt next Tuesday for further service.

In connection with the sale of city lots yesterday the city treasurer states that the reason for the late commencement was the rush of people to pay their taxes at the last minute. They were anxious to allow tax payers every opportunity to redeem their lots without putting them to the extra expense which the sale would entail.

Harry Hanson has arrived back in the city after spending several months pursuing his profession in the Bella Coola region. While glad to get back to Prince Rupert he was sorry to leave Bella Coola, where he says they have had one of the most prosperous seasons on record. He brought up some of the apples they grow down there, just as samples, in which the merchants here might be interested.

Improvements are still being made at the spruce producing centres on the Islands. At Port Clements a fine new wharf is being erected to facilitate the handling of lumber. At Thurston Harbor probably the best equipped machine shop north of Vancouver has been erected and is now in use. It is able to do any repair work for the engines or other machines used in connection with spruce production on Moresby Island and thus save much valuable time.

MAJOR C. A. STAPLES IS VISITING THE CITY

Major C. A. Staples, officer commanding the Army Medical Corps Training Depot with headquarters at Calgary, arrived from Victoria yesterday and will go east on the next train.

Major Staples lives at Stettler, Alta., but years ago he was well known on Vancouver Island where he was the company doctor for the Wellington Colliery Co. at Cumberland. He now practices at Stettler and is also interested in cattle ranching in that neighborhood. He says that they have a fine little town on the prairies and that all the citizens are persistent boosters, which keeps the place to the front and helps to make it more prosperous than it might otherwise be.

IS DISMISSED BY MAGISTRATE AND REARRESTED AT ONCE

Robert Griggs will Have to Serve
With His Majesty's Forces;
Being Sent South.

Among the cases to be brought before the magistrate on Tuesday morning as the result of the activities of the military police on the arrival of the two steamers on Sunday night, was that of Robert Griggs, who was charged with having no papers. The accused is an Englishman, aged 30 years, who had never reported under the Military Service Act. He was therefore classed as an absentee, or deserter under the Act. For the past two months he had been working as cook in the camps on the Islands. He claimed that previously he had been to sea and had been unaware of the necessity of registering. On being asked, he admitted that he knew here was a war on.

On the magistrate dismissing the charge laid against this man, Sub-Inspector Adams rearrested him right in court for not registering under the Military Service Act, and wired for instructions to headquarters. These have come, and the man has to be handed over to the first escort going south, to take up his duties with His Majesty's forces.

"A MODERN LORELEI" AT THE WESTHOLME

The old story of the Rhine, before it was German, and of the Lorelei who inhabited its waters before the gutters of the outcasts of Europe were heard in the land, has been brought up to date and in the play to be screened at the Westholme Theatre this evening, the doings of the modern Lorelei will be depicted. The scene of the photoplay, however, is just a little removed from this great mid-European river and takes place in the southern seas, where the mermaids really live all the time; where the waters are always transparent and inviting, and where it is a pleasure to get wet. Besides its scenic beauties, however, there is a dramatic and sensational turn to the story, which makes it enthrallingly interesting. The players are good, and the filming has been done well.

There will also be a two-reel comedy and gazette.

Owing to the over-booking of Madame Petrova in the south the management of the Westholme regret that they were unable to show this star, as advertised yesterday, but hope to do so next week.
