CANADIANS FINE RECORD

WESTERN DRIVE PAVES WAY FOR INVASION OF GERMANY SOON

CANADIANS HAVE TAKEN 28,000 PRISONERS AS WELL AS 500 GUNS AND MATERIAL

(Special to The News via G. T. P. Telegraphs.)
With Canadian Forces in France, October 11.—How great have been the achievements of the Canadian corps during the recent fighting is related in an order issued by General Currie to his troops. He says: "The total captures of the Canadian corps since August 8 are 28,000 prisoners, 500 guns, over 3,000 machine guns and a large amount of stores of all kinds. "Even of greater importance than these captures stands the fact that you have wrested 69 towns and villages and over 175 square miles of soil from the Hun in the short period of two months. The Canadian corps to which was attached the 32nd division for the Battle of Amiens, the Fourth and 51st divisions for the Battle of Arras and the 11th division for the Battle of Cambrai has encountered and defeated decisively forty German divisions. That is nearly one quarter of the total German divisions on the western front."

VICTORIES PAVE WAY FOR EARLY INVASION OF HUNS IN THEIR OWN COUNTRY

BRITISH NOW TEN MILES EAST OF CAMBRAI; GERMAN TOWNS BEING BOMBED BY BRITISH AVIATORS — CIVIL POPULATION BEING REMOVED

Washington, October 11.—The victory of the Anglo-American forces north of St. Quentin may be paving the way for an early invasion of Germany itself. Striking hints of a wholly new enterprise directed at the upper Rhine valley come from unofficial quarters in France and follow repeated reports from Switzerland that the civil population is being moved by German authorities.
London, October 11.—Le Chateau has been captured by the British who have advanced rapidly along the whole battlefield. They now hold the line of Seller river from St. Souplet to Solesmes, which represents an advance of about 10 miles east of Cambrai. Many civilians have been found in the towns and villages, 2,500 being liberated in Caudry alone.
London, October 11.—British aviators yesterday bombed the railways at Mezieres, Metz, Sablons and Thorinville and airdromes at Frescaty and Morhange. Successful results were noted.

CLOSE SCHOOLS AND THEATRES BECAUSE OF FLU INVASION

Winnipeg, October 11.—The provincial and city health officials have decided in the immediate future to close all schools, theatres and churches and prohibit public gatherings as a purely preventative measure against the spread of Spanish influenza, which continues to claim victims in Winnipeg. The university and colleges have already closed voluntarily.

BILLIARD GAMES BETWEEN SOCIETIES

St. Andrew's Society and Sons of England to Hold Tournament Commencing Next Week.

At a joint meeting of the St. Andrew's Society and the Sons of England held last night it was decided to arrange a billiard tournament between the members of the two societies. Six men will be chosen to represent each side with two reserves, the games to be for 200 points, the total aggregate scores for the series to decide the winners.

The first game will be played in the rooms of the St. Andrew's Society on Thursday next, October 17, and a return match on a neutral table. Members of both societies are invited to be present to watch the play.

The idea of the tournament is to revive the feeling of friendship between the two societies and to help cement the good feeling which exists between the English and Scotch in this city.

Mr. and Mrs. F. H. Mobley sailed last evening for the south. Mr. Mobley is visiting Victoria on business for several weeks, after which he will proceed north. Mrs. Mobley is going east to Washington for several months, on a visit to her sister.

NIGHT SCHOOLS ARE TO BE ESTABLISHED IN PRINCE RUPERT

School Board at Meeting Last Night Makes Preliminary Arrangement for Opening of Classes and Sets Fee.

At a meeting of the school board last night it was decided to open a night school here this autumn starting as soon as proper arrangements can be made and with classes in the following subjects: English for foreigners, commercial English and arithmetic, bookkeeping and shorthand, mechanical drawing and mensuration, home cooking. Some of these classes will be held in the high school, others in the manual training and domestic science departments.

John Kyle, organizer of technical education, addressed the board at some length on the advantages and possibilities of night schools. He told of his success in getting the classes started at other places and insisted that there was an opportunity here to make a beginning.

The matter was discussed at some length and while some members of the board favored the postponement it was finally agreed to give the matter a trial and, if sufficient pupils offered, to go ahead. The fee for the course will be five dollars and arrangements will be made in a few days for enrolling pupils. In order to further the scheme another meeting will be held next week when teachers will be appointed and arrangements completed.

Mr. Kyle left last night for Victoria.

The ladies aid of the Methodist Church will give a New England Supper in the church parlors on Monday evening from 6 to 8 o'clock. Musical program. Tickets 50c, children 25c.

TRIAL ADJOURNED

Late Sitting of Court Sets Over Hearing Because of Absence of Witnesses.

A motion was made last night by L. W. Patmore, counsel for the Canadian General Electric Co., in an action against his clients by the city of Prince Rupert for an adjournment of trial. Notice of trial had been given by Fred Peters, K. C., solicitor for the city, for the sitting of the Supreme Court on October 24.

His Honor Judge Young, sitting in chambers last evening, granted the adjournment, owing to the absence of material witnesses, subject to the payment by the defendant company of all costs caused to the city through this adjournment.

TWO MONTHS

H. Durade Gets Off With Light Sentence After Making Restitution on False Pretenses Conviction.

Brought before Judge Young yesterday afternoon in the County Court for judgment on the charge of obtaining money on false pretences, H. Durade was sentenced to two months' imprisonment, the time to date from the time of his arrest.

Taking into consideration that restitution had been made to the Chinaman who had advanced \$15 on the cheque which was proven to be worthless, and the fact that counsel had been unable to find out who the drawee of the payee of the cheque were, as well as the delay in bringing the accused to trial, His Honor considered that the sentence imposed would meet the case.

Rev. Walter Daniel will speak in the Baptist Church each evening this week at 8 o'clock. Everyone invited.

WOMEN AND CHILDREN DROWN WHEN JAPANESE STEAMER IS TORPEDOED BY SUBMARINE

MAIL BOAT LEINSTER ALSO SENT TO BOTTOM AND 400 REPORTED LOST ON TRIP FROM DUBLIN TO HOLYHEAD

(Special to The News via G. T. P. Telegraphs.)

British Port, Monday, October 7.—(Just released) The Japanese steamer Hirano Maru of 7,935 tons gross, has been torpedoed and sunk. It is feared that 300 lives were lost. The Hirano Maru was outward bound for Japan and carried about 200 passengers. The vessel was torpedoed and sunk by a German submarine early Friday morning when about 300 miles south of Ireland. The few survivors who were picked up by the American torpedo boat Sterrett have been brought here. They declare that the torpedo struck the steamer in the forward engine room. Nothing remained for those on board, including the women and children, but to plunge into the ocean. A large number, however, went down with the ship. The vessel disappeared completely within seven minutes after being struck by a torpedo.

400 Perish.
London, October 11.—The Dublin mail boat Leinster has been torpedoed, according to the Exchange Telegraph Company. The steamer was making the trip from Dublin to Holyhead. Four hundred persons perished, according to a report which has not yet been confirmed.

LOCAL MEN ARE CASUALTIES IN RECENT REPORT

Lieut. Andrew Brighton Killed, and Fred McLeod and Bob Robertson Wounded.

According to the latest casualty report from the front Lieutenant Andrew Brighton, of Glasgow, Scotland, has been killed. While no other confirmation has been received here, there seems every possibility that this is Andy Brighton who left here from McRae Bros., Ltd., to go with the 102nd Battalion. He had many friends and acquaintances in the city, who will regret to hear of his death. He was a great football player and an all-round sportsman, and was held in esteem by his employers.
Fred McLeod.
Word has also been received in town from Fred McLeod, late of the telephone office here. He is now in hospital in Great Britain, and has unfortunately lost all power on one side. Whether this paralysis has been caused through wounds or illness is unknown.
Sam Mathie, superintendent of telephones in former years, is also in Scotland, where he is logging with the forestry battalion.
Bob Robertson.
Still another of the old timers here has been wounded at the front. This time it is Bob Robertson, who worked at the construction of the drydock from the start. He was wounded previously, and the latest report tells of his being wounded again. He left here with the first contingent and was later transferred to the 7th battalion.

Remember concert in aid of blinded soldiers Tuesday, October 15. Reserved seats now at Ormes.

INDIAN TROOPS PARTICIPATED IN DRIVING THE TURKS OUT OF SYRIA

(Special to The News via G. T. P. Telegraphs.)

London, October 11.—Beirut was occupied by detachments of British Indian infantry on Tuesday, says an official survey of the operations in Syria which has just been issued.

French and British warships entered Beirut Sunday and found the town evacuated by the enemy. On Monday a British armored cruiser preceding the cavalry and infantry columns arrived and on Tuesday advanced detachments of Indian infantry occupied the place. They were received enthusiastically by the inhabitants.

The number of prisoners taken by the Egyptian expeditionary force exclusive of those taken by Arabs have risen to more than 75,000. It is estimated that of the entire strength of the Turkish fourth, seventh and eighth armies, not more than 17,000, have escaped.

HUN SAVAGES SHELL A STEAMER AFTER SHE HAS BEEN TORPEDOED

(Special to The News via G. T. P. Telegraphs.)

An Atlantic Port, October 11.—Scores of American sailors and soldiers were killed or wounded by shrapnel fired by a German submarine after it had torpedoed the steamer Ticonderoga, 1,700 miles off the Atlantic coast, according to a story told by twenty survivors who arrived today aboard a British freighter. There were 250 men aboard the Ticonderoga, an American steamer of 5,130 tons; and all but the twenty who arrived here today are believed to have perished. The survivors got away in the only boat which was not demolished by the fire from the submarine, they said. Seventeen of the men who reached port were members of a detachment of soldiers detailed to care for horses which were being transported.

THE POLICE COURT

J. H. Kamsler, a Russian Armenian, was charged this morning before Magistrate Carss in the Police Court with not registering and also under the Idlers Act. He was fined \$25. Another man named Janerowski was also fined \$25 for not reporting and having no papers. A similar charge against P. Nelson and C. Sinnott was adjourned for eight days.

"DEMERS"

From now on we may expect more or less rain, but with a rainproof coat we should worry. We have several styles in guaranteed rain coats, at prices from \$8.75 to \$20.00.

DAILY EDITION. Friday, October 11, 1918.

**Value of Night School
Not Properly Estimated.**

The value of a night school to a community is often not understood. Very many boys and girls leave school before they have learned enough of the rudiments of reading, writing and arithmetic to get through life without being handicapped. They do not like to give up their work and return to school and it is either a case of going without or of attending night school.

There are many young men and women who would like to fit themselves for more skilled work and one way of doing that is to attend night school classes. Engineering is a popular subject now with a great many. Engineers will be in demand in the future and it is a useful profession.

The Provincial Government is trying to aid the night school movement as much as possible and Mr. Kyle who is an enthusiast along technical education lines was here yesterday and is acting for them in trying to induce all school boards to take the matter up.

**Close Relation of
Material and Spiritual.**

Bishop Du Vernet writes interestingly on the relation of the spiritual, the mental and the physical. He is a deep student of mental and spiritual matters and when he visits the big cities to the south his addresses along these lines are much appreciated. Only a few months back he gave a course of addresses at Victoria which were reported in the newspapers and read eagerly by many. There is a tendency to study along these lines everywhere and librarians say that books on mental and spiritual subjects are much in demand.

**Road to Berlin
Lies Before Us.**

(Contributed).

If there is one trait of the English-speaking race, that has been predominant throughout the war, it is optimism. Realizing the military strength of our opponents, we were face to face with a formidable task in organizing and equipping armies for service overseas. When the Teutons entered the war they well knew that our grand sea fleet would be engaged as they had been for years in keeping the enemy fleet "bottled up," and in clearing the sea of raiders. The struggle for supremacy was to take place on the shores of a country removed from our defences and it would be necessary to move our armies and supplies to foreign soil.

With her network of railways running into France, Belgium and wherever it became necessary to move large bodies of troops and munitions, Germany had every advantage. Her armies were prepared to the last detail, and they moved forward without the least doubt that they would carry everything before them. Victory after victory followed their advance, but we eventually halted their forces and held them until our small forces grew into a defensive force able to turn the tide of war in the opposite direction.

After four years of conflict we may feel satisfied, as a nation, with the work accomplished. Our army of 8,000,000 British soldiers is an answer to the German contention that we "would be an insignificant force, incapable of accomplishing anything, on land. Our navy, the largest and most powerful in the world, with armies scattered over Russia, Serbia, Macedonia, South Africa, Turkey, Italy, Siberia and other parts of Europe and Asia, our main forces are now knocking at the door of Germany, determined to free the world of autocracy and militarism.

Have we not reason to be optimistic? Four years of death, rapine and destruction were imposed on our allies by a nation pampered in war and built up in the "divine" belief that peace is a plaything to be cast aside at the behest of men whose sole ambition was the leadership of millions of fellow creatures over the ruins of homes and firesides.

With their backs to the wall, we now have the opportunity to view the stamina of armies useful only when attacking, and sure of victory. It is well for the Teutons to understand that, at no time, did the French and Belgians ask for quarter. Their cry was similar to that of MacBeth, in the famous passage from Shakespeare "Lay on MacDuff, and d—d be he who cries enough." Hand to hand, and foot to foot, the allies have fought for the freedom of all mankind. The end of the struggle may be delayed, but the road to Berlin now lies before us and there, when the Teutons regain their sanity, will clear and concise terms be laid down that shall for all time put an end to autocracy and militarism.

THE ALTAR OF HUMANITY

The Altar of Humanity! On that the lives, the hopes, the happiness, of millions have been offered in this war. Here in Canada, 3,000 miles from the war's fierce flame—that flame which has scorched and seared and devoured so many of our bravest, our brightest and our best—what are WE offering on that Altar? What can we, what should we, offer on it?

At least we can do more than many of us are doing, forego more than many of us are foregoing. Too many of us, by far, are going our ways just as though no war were on—as though the Altar of Humanity asked no sacrifice from us.

But it does—and we must make it or be forever shamed. It asks of us the sacrifice—small enough it is—of ease, pleasure, luxury, extravagance.

What are YOU doing about it all? With the world in travail, you must cease pleasuring—cease from much of pleasure, save in sternest self-denial. Live sparingly, simply, savingly. So only can you live nobly. The reward will come. Victory!

ROYAL YEAST CAKES

Now that the new government standard flour is in general use, the quality of the yeast you use is more important than ever. Use Royal Yeast Cakes. Their quality is absolutely reliable. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

LAND REGISTRY ACT.
(Sections 36 and 134.)

Re Application No. 9768-1 & 9771-1.
TAKE NOTICE that application has been made to register Nathan Louis Lando and Dora Schegman as owners in fee under two Tax Sale Deeds from the Collector of the City of Prince Rupert, bearing date the 24th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eleven (11), Block twenty-five (25), Section seven (7), and Lot thirteen (13) Block thirty-five (35) Section eight (8), Map 923. You are required to contest the claim of the taxpayer within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, and your attention is called to section 26 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Nathan Louis Lando and Dora Schegman.

AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the registered owner thereof.

FURTHER TAKE NOTICE that if the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the names of Nathan Louis Lando and Dora Schegman unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B.C., this 22nd day of August, 1918.

H. F. MACLEOD,
District Registrar of Titles
To Robert Hildebrandt, Prince Rupert, B.C.
Michael Byrne, Butte, Montana,
Francis Calve, Prince Rupert, B.C.

SKEENA LAND DISTRICT—DISTRICT OF CASSIAR.

TAKE notice that Granby Consolidated Mining, Smelting & Power Co., Limited, of Anxox, B. C., occupation mining and smelting, intends to apply for permission to lease the following described lands:—
Commencing at a post planted at the S.W. corner of Lot 1532, Cassiar District thence southwesterly 40 chains following high water mark, to the S.E. corner of Lot 898; thence south 10 chains to low water mark; thence northeasterly 40 chains following low water mark; thence north 10 chains, to the place of beginning and containing 40 acres more or less.
GRANBY CONSOLIDATED MINING SMELTING & POWER COMPANY, LIMITED
S. 18 J. Fred Ritchie, Agent.
Date, July 6th, 1918.

WATER NOTICE

TAKE NOTICE that R. K. Neill, whose address is Stewart, B. C., will apply for licence to take and use seven cubic feet of water per second out of the North Fork of Cascade Creek, which flows southerly and drains into Salmon River. The water will be diverted from the stream at a point about 15,000 feet from Cascade Creek. This notice was posted on the ground on the sixth day of August, 1918. A copy of this notice and an application pursuant thereto will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Victoria, B. C., within thirty days after the first appearance of this notice. The date of first publication of this notice is August 15th, 1918.

R. K. NEILL, Applicant.

Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."
HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

**This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed**

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

Be patriotic in act as well as in thought.

**Use every means available—
Overlook nothing.**

TAKE NO CHANCES WITH FIRES PUT THEM OUT

Co-operation between Clergymen and Doctors.

Neither seem to understand the close relation between mental and physical; three quarters of ailments have mental basis.

F. H. DU-VERNET,
Archbishop of Caledonia

Co-operation is the keynote of today. Instead of estrangement between those who are working for a common cause the present crisis calls for a hearty co-operation between such and a wise co-ordination of their efforts. This is especially true of those who belong to the social service class—clergymen and medical practitioners. Both are working for the welfare of mankind. Clergymen, we say, are working for the spiritual welfare, doctors for the physical welfare of man, but the truth is man is a unit, and it is impossible to work for his highest welfare without in every case taking into consideration his whole being—body mind and spirit.

The separate compartment system so much in vogue in the past is now thoroughly discredited. The clergyman who thinks of the spiritual in man as an absolutely tight compartment from which there is no flow into the physical is manifestly behind the age, and the doctor who thinks of the physical in man as an equally tight compartment without any inlet from the spiritual is also clearly out of date.

Mind and Body.

The spirit of man affects his mind, and the mind of man affects his body. The converse is also true—the body of man affects his mind and the mind of man affects his spirit.

It follows from this that both the clergyman and the doctor should meet on the common ground of the mind of man, if they are truly to co-operate in working for the higher welfare of mankind. "A sound mind in a sound body."

It is estimated that three quarters of the ailments afflicting men, women and children, have a mental or at least a semi-mental cause. This is an age of great nervous strain. While fully recognizing the value of physical remedies it is downright folly amounting to criminality to neglect at the same time mental remedies. Medicine, massage, electricity, and rest, have their proper place in assisting nature, but "the spirit of life in Christ Jesus" which emanates from God is the source of all true vitality, and the disharmonies of the mind which are at the root of the physical disease can never be cured by anything less than mental treatment. The peace of God in the soul of man is the most powerful of all remedial forces at work in the constitution of man.

The old fashioned idea that the clergyman is attending the sick only to prepare them for death should be exploded. He is attending them to help them physically as well as spiritually through his ministry to the mind. In my experience in sick visiting I have known a patient tossing about with fever fall into a restful sleep after prayer and the repetition of such a text of Scripture as this: "Thou wilt keep him in perfect peace whose mind is stayed on Thee because he trusteth in Thee."

Mental Treatment.

While we freely admit that most clergymen need better training in clinical psychology, it must be candidly confessed on the other hand that most doctors do not yet sufficiently recognize the great importance of proper mental treatment in cases of ailments which have had a mental cause.

In the name of suffering humanity I appeal for a better understanding between our doctors and our clergymen.

Probably in the future when this whole matter is treated more scientifically than the present haphazard method we shall have among both clergymen and doctors specialists, i. e., men specially trained to deal with cases where the discovery of the mental cause of the ailment will involve a study of the life history of the patient and a sympathetic skill in treating the trouble. Such specialists from both professions will undoubtedly form a connecting link, but meanwhile let there be a closer drawing together in mutual confidence. Co-operation is essential between the physician of the body and the physician of the soul.

It is just as cheap to get your printing done well and done at home as it is to send it away. Try The News Print Shop.

PREVENT INFLUENZA

In view of the reported ravages of Spanish influenza the Provincial Board of Health has issued instructions how to avoid the disease. The following are from an official circular:

1. Avoid crowded places; influenza is a crowd disease
2. Smother your coughs and sneezes; others do not want the germs which you would throw away.
3. Your nose, not your mouth, was made to breathe through; get the habit.
4. Remember the three C's: "A clean mouth, clean skin, and clean clothes."
5. Open the windows, always, at home at night; at the office when practicable.
6. Your fate may be in your own hands; wash your hands before eating.
7. Don't use a napkin, towel, spoon, fork, glass or cup which has been used by another person and not been washed.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

Write to your Provincial Department of Agriculture for additional information.

NOTICE is hereby given that the Sale of Lands to be held on the twenty-fourth day of October next upon which delinquent taxes are due has been postponed so far as lands in the Prince Rupert Assessment District are concerned and that on the 25th day of November following a sale will be held of all such lands in the said Assessment District.

C. W. HOMER, Assessor and Collector.
DATED this 2nd day of October, A. D. 1918.

TIMBER SALE X 1462.

Sealed tenders will be received by the Minister of Lands not later than noon on the 24th day of October, 1918, for the purchase of License X1462, to cut 720,000 feet of Spruce, Cedar and Hemlock on an area near Lot 204, Kimsquit River, Range 3, Coast District.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C. Oct. 15

TIMBER SALE X 1463.

Sealed tenders will be received by the Minister of Lands not later than noon on the 8th day of November, 1918, for the purchase of License X1463, to cut 1,200,000 feet of Spruce, Cedar and Hemlock on an area adjoining Lot 204, Kimsquit River Range 3, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C. Oct. 30

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that the Masset Inlet Lumber Co., Ltd., of Port Clements, occupation sawmill operators, intends to apply for permission to lease the following described lands:—

Commencing at a post planted at the northeast corner of Block 35 of the subdivision of Lot 746, thence N. 50 deg., 15 min. E. 650 feet, thence N. 30 deg. 9 min. W. 956.4 feet, thence S. 50 deg. 15 min. W. 650 feet to the northwest corner of Lot 10, Block 36 of said subdivision, thence southeasterly and following the high water mark of Stewart Bay 1200 feet more or less to the point of commencement and containing 12.8 acres more or less.

dated August 10th, 1918. 019

LAND REGISTRY ACT
(Section 36 and 134.)

Re Application No. 10118-1. File 5960.

TAKE NOTICE that application has been made to register Brenton G. Moore and Roy L. Moore of Prince Rupert, B. C. as owners in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 28th day of November, 1917, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Municipality of the City of Prince Rupert, more particularly known and described as Lot eighteen (18), Block eighteen (18), Section six (6), City of Prince Rupert, Map 923. You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"And in default of a caveat or certificate of his pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Brenton G. Moore and Roy L. Moore.

AND WHEREAS on investigating the title it appears that prior to the 12th day of October, 1916 (the date on which the said lands were sold for overdue taxes), you were the assessed owners thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of the aforesaid parties unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 6th day of September, A. D. 1918.

H. F. MACLEOD,
District Registrar of Titles.

On Night Schools
By John Kyle,
Organizer of Technical Education.

The Rotarian motto "He profits most who serves best," which has been brought into prominence lately, is simply another statement of the truism that success comes with efficiency, and it seems more than ever necessary at the present time to keep this motto clearly in view. The patriotic duty of every man and woman today is undoubtedly to take steps to become skilful and proficient at the tasks in which they find themselves engaged.

In order that such a determination may materialize the Board of School Trustees are considering the question of opening night schools but in order that the scheme may be a success they must rely on the co-operation of all parents, employers of labor and all young men and women.

The first war loan contracted by the American nation amounted to \$7,000,000,000, and the bill to be paid for, obtaining the loan and repaying the principal of this immense sum is estimated at one and a half million dollars per day. The method adopted by this far-seeing nation for repaying their war loan is by incurring a further expenditure in order to increase the productive capacity of the wage earners. For this special purpose the Smith-Hughes Bill has been passed into law and gradually increasing sums will be paid from the national treasury to the various states in support of technical education. These sums will range from \$1,700,000 to \$7,200,000. The American nation therefore recognizes the principle that specialized forms of vocational education should be provided for children over fourteen years of age who desire or need such training. The fact is also recognized that the state should have the responsibility for the training and educational welfare of all children until they become at least sixteen years of age, and the state is prepared to pay for the work. The citizen, the teacher, the manufacturer and the worker seem to be entering into the spirit of this progressive movement and seem determined to equip themselves for service and consequently for profit. The future of the nation rests not only on increased production but on improved production.

The only democratic Canadian movement in a similar direction is seen in the organizing of night schools and if the rising generation of British Columbia is to be enabled to compete with our friends across the line every endeavor must be made to create a desire for efficiency by providing such means of training at public expense.

It is told on good authority that on a certain day of the opening of the war in one of the large factories in Germany, a bell rang and all the machinery stopped. Every man gathered up his tools, his jigs and blueprints, walked up to the storekeeper and handed them in. A certain percentage of the men went to the paymaster, drew their pay and went to the army. The others went to a different storeroom, received new drawings, new jigs, and new material, went back to their machines and in two hours from the time the machinery had stopped the factory was running again full speed, turning out munitions.

At the close of the war it is altogether probable that the German government will have its plans just as well prepared for competition in commerce and industry and figuratively speaking within two hours after the war machinery stops the industrial machinery will start again. Efficiency is the order of the day; he profits most who serves best. "A man's heart must be in his skill and a man's soul in his craftsmanship."

Princess Mary has been appointed honorary commander and colonel-in-chief of the Royal Scots (Lothian Regiment) the oldest in the British Army. This regiment has a splendid record, and although the first name it bears on the colors is that of the victory of Blenheim in 1704, it existed at least a quarter of a century prior to this date.

Queen Charlotte Islanders cannot do better than mail their printing needs to The News Print Shop and get the work done promptly and well.

Sunlight Wash Days—

A Sunlight Wash Day is free from the toil and labour usually associated with washing, because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Every cake carries the Sunlight \$5000 guarantee of purity.

All you do is soap the wet clothes with Sunlight—roll each garment tightly and leave to soak. Later you rinse thoroughly. No wrenching or relentless rubbing. The dirt just really drops out. You can go out shopping—or do other work—while Sunlight is actually cleaning the clothes for you. Good news, isn't it? Its true.

Try Sunlight for yourself and see.

BURNS IS WILLING TO BACK HIS REPUTATION

Tex Foster, the man who was expected to have boxed with Tommy Burns here, but who was replaced at the last minute by Tex. Bracken, has offered to wager that Burns cannot put him out in four rounds.

When seen here in regard to the challenge, Burns said that he had offered to put both Bracken and Foster out in six rounds and he stood by that offer and was willing to put \$1,000 to \$500 on his chances.

Tommy expects to remain in town another week or perhaps more before returning to Hastings Park Military Camp where he is engaged training the soldiers in the boxing game.

CAPTAIN ROSS IS WOUNDED AGAIN

William Ross, M. L. A., former minister of lands for British Columbia, and now resident in Vancouver, has been officially notified that his son, Capt. William Cameron Ross, M. C., of the 72nd Highlanders, had been wounded and admitted to a French hospital. The meagre information was that the young soldier was wounded on September 20, and admitted to hospital with a gunshot wound in the chest. The parents have cabled for more detailed information. Mr. Ross has two sons in the same regiment, the other is Lieut. Herbert Ross. Both have now been wounded twice.

Advertise in the Daily News.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-forest land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
TOWNSITE PROPERTY ALLOTMENT ACT.
Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell, are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
For information apply to any Provincial Government Agent or to
G. R. NADEN,
Deputy Minister of Lands,
Victoria, B. C.

In the Letter Box

Suggested Co-Operation in Prince Rupert.

Sir:—Your report of the demand for property at the recent tax sale shows that the citizens have great and, I think, well-placed hopes for the future development of this young and growing city and will you allow me to ask three questions?—

1. Would it not benefit the city and surrounding district if a Co-operative Association, Ltd., was formed for wooden ship building?
2. To supply the demand for dwelling houses at reasonable rents, is it advisable to form a co-operative building association to erect modern tenements and terrace houses, etc., with large rooms, good light and ventilation, on some of the splendid available building sites that are standing vacant?

3. Why not form a Prince Rupert Association of Science and Arts, at low membership fees, open to men and women for the discussion of all matters affecting the health and well-being of the citizens and the artistic appearance of the city?

A new association of this kind could be based on the constitution of the Edinburgh Association of Science and Arts, of which the writer is a life member and took an active part in its work for many years and found that the prizes, medals and diplomas for papers of merit were the means of bringing forward some splendid ideas.

In connection with all co-operative associations it has been found that the shares should not be too high priced and, therefore, placed within the reach of all citizens.

If a building association was formed on the co-operative principle and the stock well taken up, long-period loans can be obtained at a low rate of interest and reduce the rents to a great extent and become one of the greatest factors towards the development of the city, the health and comfort of the people and a great encouragement to workmen to locate in Prince Rupert with their families.—B. W.

Deputy Minister of Lands.

MINERAL ACT

Certificate of Improvements.

NOTICE
Ferro Fraction Mineral Claim, situate in the Skeena Mining Division of Cassiar District.
Where located:—Near the head of Alice Arm.

TAKE NOTICE that I, Lewis W. Patmore, Free Miner's Certificate No. 20407-C, as agent for John Walford Strombeck, Free Miner's Certificate No. 14194-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85 must be commenced before the issue of such Certificate of Improvements.
DATED this 15th day of August, A. D. 1918.
O28

IN THE SUPREME COURT OF BRITISH COLUMBIA,
IN THE MATTER OF CHRISTIE GIBSON, DECEASED;

and
IN THE MATTER OF THE "ADMINISTRATION ACT."

TAKE NOTICE that in order of His Honor F. McE. Young, made the 9th day of May, 1917, I was appointed Administrator to the estate of the said Christie Gibson, deceased, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.
J. H. McMULLIN,
Official Administrator.

The money is yours!

You have earned it.
But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

it is possible that unwittingly you are doing this very thing.

Remember Canada's need.

Let not Canada's sacrifice go for naught.

Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men.

Save your money to bring nearer that day we all long for—the Victorious end of the War.

Published under the authority of the Minister of Finance of Canada

Dated June 20th, 1918.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

GREAT SUCCESS WAS CATHOLIC BAZAAR

Closed Last Night With Dance for
Red Cross and Drawings
for Prizes.

Last evening in the St. Andrew's Hall there was concluded one of the best and most successful functions of the kind ever held in the city, when a dance for the Red Cross closed the Catholic Bazaar. The bazaar has been a success financially and socially.

There was great interest taken in the drawings, tickets for which were sold in great number. The first prize was a \$100 Victory Bond, presented by P. Burns & Co., Ltd. This was won with ticket No. 1 by Mrs. A. Criggs, of Seventh Avenue. The second was a \$50 Victory Bond presented by J. C. Gavigan. This was won by ticket 1982 held by Mr. Weir of Vancouver. A sewing machine presented by Mr. McFeely of the firm of McLennan, McFeely Co. of Vancouver. The winning ticket was numbered 823, and was held by Wm. Quayle. A fine arm chair presented by Geo. D. Tite, was the fourth prize. This was won by F. Finnegan with ticket 2458, while the vacuum cleaner presented by Howe and McNulty was won by E. M. Martin, Cumshewa, with ticket 2587. F. S. Halliday won the pot of money, which contained \$51.00. There were also numerous other smaller drawings the returns of which are not in yet.

"THE HIDDEN CHILDREN" AT THE WESTHOLME

There is a charm for most people about the life of the frontier, from which present day Prince Rupert is only a few years removed. Whether experienced in actual life or in the pages of a book or in that most readable of all books, in the pictures on the screen, the charm of the pioneer life remains. The story of the photoplay this evening is full of excitement, and there is nothing missed by the star artists who make the most of their opportunities. Then there is a Mack Sennett comedy which is one of the funniest ever, and which will bring the house down.

Local News Notes

Good assortment of pipes at Gils.

Bishop Buno returned to the city by last night's train.

The St. Andrew's Society will hold a meeting tonight at eight o'clock.

J. R. Haslam, who has been in town for the last few days, returned to Victoria last evening.

Alderman D. C. McRae returned to town by last night's train, after an extended visit to eastern business centres.

Now that the road to the mill is completed the Prince Rupert Lumber Company is ready to deliver lumber to the local trade. Orders may be placed with Albert & McCaffery.

Mr. and Mrs. J. P. Walsh returned to Vancouver by last night's steamer. While Mr. Walsh has been up at Willow River at the mill, Mrs. Walsh has been visiting with her parents, Captain and Mrs. Saunders of Digby Island.

The executive of the Prince Rupert Fraternal Whist League are making preparations for another season's league series. A meeting was held two nights ago, and the officers chosen. John Dybhavn was elected chairman, and S. M. Newton vice-chairman, with Geo. Johnson secretary-treasurer. Sid Cox and J. S. Carmichael are also on the committee. The executive have invited the St. Andrew's Society to join the league this year again, and with the "canny ones" in, all the fraternal clubs in town will have something more in common.

WORK OF TANKS IS WORRYING GERMANS

Orders Given by High Command to Prevent Terror Spreading Among Their People.

The dispatches often tell of the great work the tanks are doing in the present forward movement. They are getting on the nerves of the German soldiers and the German authorities.

"To prevent rumors about tanks alleged to have broken through," says a recent order, "denials will forthwith be communicated to all ranks." That is to say, as soon as a German officer hears that a tank has broken through his men, he immediately tells them that it hasn't. This is one way of disposing of them. Another way is to kill them by wireless. Every day two or three thousand tanks are "shot to pieces" by the German wireless editor, but there still seems to be enough left over for the German soldier. The High Command must think of some other way of dealing with them than by word of mouth.

But indeed the German soldier knows very much more than the High Command is ready to admit. A letter which a prisoner had written home sums up the present situation as well as it can be put from the German point of view. "The war cannot last much longer. We cannot hope for any further success. Our enemy is superior to us in numbers and everything else, and victory is out of the question."

GOVERNMENT TAKES ALL C. P. R. VESSELS

Victoria, B. C., October 11—The Canadian Pacific Ocean Steamship Company have not a steamer left under their control on the Pacific. The Empress of Japan, which arrived here a few days ago, is now under Government control and her movements therefore from now on are barred from the press. Her passenger space was all booked, but all these reservations have been cancelled and travellers will have to get to the Orient as best they can. Some are going to San Francisco and then across, while others will go from here, although the Nippon Yusen Kaisha boats are filled up for the rest of the year.

The Montague has also been taken over by the Government and her future movements are also censored.

VENTILATING SCHOOL DISCUSSED BY BOARD

New Stoves to Be Ordered for the Domestic Science Department; Head of Technical Department Makes Inspection.

John Kyle, organizer of Technical Education for the province, yesterday inspected the technical departments of the Prince Rupert public schools and found the work going on satisfactorily. This he reported to the school board at their meeting last night. As a result of his recommendations and that of the domestic science instructor, tenders were ordered to be called for the supply of ten electric stoves for the use of the girls in the domestic science department, and also for the necessary wiring in order to install these.

The question of the use of the fan at the Borden St. school was discussed and the matter of trying to improve the ventilation of the school was left in the hands of the chairman of the board, Dr. Kergin. Miss Tingley asked that the windows might be made to open and shut easily, but it was pointed out by the chairman of the board that it was intended that the ventilation of the school was supposed to be by means of a fan which kept the air in the rooms pure.

Miss Tingley said that when the fan was working the noise was so great that the work of the school could not proceed. The result was that it was used only during recess. If the windows were not kept open the air became impure, and the teachers had just received instructions from the Education Department that the windows must be kept open to prevent the spread of Spanish Influenza.

Dr. Kergin insisted that pure air was just as important for the children as pure food and the board left it to him to investigate and make recommendations.

Some work which it had been proposed the manual training class should do was ordered to be let by tender as carpenters had objected to the pupils of the school undertaking work which should be paid for.

Routine matters occupied the board for the rest of the evening.

FISH ARRIVALS

The Raold Amundsen arrived this morning with 27,000 lbs. of halibut, the Advance with 6,000, and the Wanderer with 6,000 lbs.
