PEACE TALK BY ENEMY

TURKEY REPORTED TO HAVE SENT NOTE TO PRESIDENT WILSON

PEACE PROPOSAL IS MADE BY TURKEY TO PRESIDENT WILSON; AUSTRIA ACCEPTS

UNOFFICIAL RUMORS THAT GERMANY IN A SENSE ACCEPTS WILSON'S PROPOSALS — TROUBLES IN TURKEY MAY MEAN REVOLUTION IN THAT COUNTRY

(Special to The News via G. T. P. Telegraphs.)
London, October 12.—Turkey has made a definite peace proposal to President Wilson, according to reports in circulation here. Austria-Hungary and Turkey have also informed Germany that they will accept President Wilson's peace terms, according to a dispatch to the Central News Agency from Amsterdam.
Bern, October 12.—The Wolff Bureau, the semi-official German news agency, has circulated a Frankfurter Zeitung press dispatch from Berlin stating that the German reply to President Wilson's note was sent last night and that it is in a sense an acceptance.
Geneva, October 12.—A grave moment of unrest is reported at Constantinople of such a nature that in certain quarters it is called the beginning of a revolution directed against the Young Turks.
It is reported that the Turkish Embassy at Berlin has forbidden the Turkish legation at Bern to make any statement regarding the matter.

OTRANTO WAS WRECKED ON COAST OF SCOTLAND AND AMERICAN SOLDIERS LOST

A British Port, October 12.—A large number of United States soldiers have been drowned as the result of the sinking of the transport "Otranto" in the north channel between the Scottish and Irish coasts, when the "Otranto" collided with the steamer Kashmir. A terrific gale was raging in this narrow entrance to the Irish Sea during the time the convoy, of which these two vessels formed part, made their way tempestuously to port. They were not far from their destination when the "Kashmir" rammed the "Otranto" amidships. The "Otranto" was rendered unmanageable by the collision, and her engine room flooded immediately. The huge vessel lay helpless at the mercy of the gale and drifted before the fierce winds blowing in from the Atlantic, until she was washed to pieces on the wild coast of Galloway on the south of Scotland.
The British destroyer Mounsey was the only vessel which dared to brave the fierceness of the weather to go to the assistance of the drifting transport and amid the greatest difficulties, and with consummate seamanship the little destroyer rescued 310 of the United States soldiers and rushed them to Belfast.
There were 699 soldiers on board and besides the 310 landed, other seventeen were rescued from a barren island, on which they had been successful in taking shelter, leaving 372 unaccounted for. Of this latter number, up to Wednesday night, 175

METHODIST PARSONS TO GET MORE SALARY

(Special via G. T. P. Telegraphs.)
Hamilton, Ont., October 12.—The Methodist General Conference has fixed a new minimum. The salaries of ministers will not in future be less than \$4,200 a year for married men, \$4,000 for single men and \$800 for probationers. The retaining allowance has also been increased.
It will require a million dollars annually to meet the increases.

NOTICE
Owing to the spread of Spanish Influenza and acting under instructions from the Provincial Secretary and in conjunction with the Local Health Board, I hereby order all places of amusement closed after the 11th of October, 1918, until further notice.
THOS. McCLYMONT, Mayor.

SPANISH INFLUENZA HAS APPEARED IN NEARLY EVERY CITY

(Special via G. T. P. Telegraphs.)
Winnipeg, October 12.—All the schools, churches, theatres, dance halls and other public meeting places in Winnipeg and suburbs are to be closed for an indefinite period as a precautionary measure against the spreading of Spanish influenza, of which 12 new cases are reported in the city.
Nearly every town and city in the prairie sections have reported the appearance of the disease.
Vancouver, October 12.—There are now 80 cases of influenza here. There has been but one death.
Victoria, October 12.—Fifty-six more cases of Spanish influenza were reported today, bringing the total to 183.
Toronto, Oct. 12.—The medical officer has put the ban on all conventions, etc., for the month owing to influenza. It appears to be abating at the Niagara military camp.

AMERICANS ARE STILL MARCHING FORWARD

(Special via G. T. P. Telegraphs.)
Paris, Oct. 12.—The Americans in their forward drive in the Meuse valley are closing in on Dun sur Woeuvre and their left wing is five miles from Buzancy.

DIED YESTERDAY

The death occurred at the General Hospital yesterday of Gust. Miller of Terrace, B. C., aged 74 years. He was a rancher, a native of Germany, but had lived in this country many years. He came into the hospital last July for a short time and again was admitted October 8 and yesterday he passed away from heart disease.

STRIKES AND LOCKOUTS ARE NOW DECLARED ILLEGAL DURING THE WAR

(Special to The News via G. T. P. Telegraphs.)
Ottawa, October 12.—Provision having been already made for the prompt and equitable settlement of all matters of dispute between employees in industries affected by the Industrial Disputes Investigation Act, an order in council has been passed, to be effective for the duration of the war, making strikes or lockouts illegal and imposing a severe penalty for violation of the law.
Any person violating any of the regulations is made liable upon summary conviction to a penalty not exceeding \$1,000 or to imprisonment for a period not exceeding six months or to both fine and imprisonment.

A SQUARE DEAL

Are you giving your country a square deal? Canada's effort in this war has roused the admiration of the entire world. Thousands of Canada's sons have made the supreme sacrifice. What has been your part?
Has it just been that of making money out of war prosperity—and then squandering it? Yes or No? You must make the answer to your own conscience.
If the answer is "Yes" you are not giving Canada a square deal. You are, in truth, giving her the lowest kind of a deal. Sacrifices cannot be equal; but honor and conscience demand that everyone make some measure of sacrifice. The lightest that can be asked is the giving up of waste and extravagance—aye, even harmless tastes, in order to save. Canadians must save in order to lend. Canadians must lend if Canada is to win and to thrive in the future. Give Canada a square deal. Sacrifice to save; Save to Lend!

GERMANS ARE STILL BURNING VILLAGES

Paris, October 12.—The Germans are still leaving desolation and destruction in their wake as they retire! At Vouziers, Guise and all the villages in the whole region south of Laon the villages are burning.

BRIG. GENERAL JACK STEWART IS PROMOTED

Well Known Railroad Builder is Now Director General in France With Supreme Command.

(Special via G. T. P. Telegraphs.)
Ottawa, October 12.—Brigadier General Jack Stewart, the well known western contractor, has been made Director-General of the British armies in France. He will have supreme command of all railways, docks, etc., throughout France from now on.
Since Jack Stewart and his railway battalions went to France they have made as great a difference there as they formerly did in Western Canada. Thousands of miles of new railroads have been constructed and in record time for the supply of the requirements of the armies at the front and the Canadian railroaders have made themselves famous throughout Europe for the way they do things.
Brigadier General Stewart is Honorary President of the Prince Rupert St. Andrew's Society, and everyone who knows of him will appreciate that this promotion has been won by sheer merit.

ENEMY RETREATING ALONG FRONT IN CHAMPAGNE NEAR LAON FOLLOWED BY FRENCH

ALLIES CONTINUE TO FORCE GERMANS BACK IN BELGIUM EAST OF LENS AND HAVE TAKEN DOUAI FROM WHICH THE ENEMY HAS RETIRED

(Special to The News via G. T. P. Telegraphs.)
London, October 12.—North of the Scarpe river in the direction of Douai the British have pushed through the Drocourt-Queant line and reached the Lens-Douai railway in the vicinity of Beaumont and at Quiry la Motte. Farther north they have arrived at Thonin Lietard on the Douai-Carvin road. The enemy have evidently retired from Douai.
The British have captured St. Aubert and thus are within seven miles of the main German line of communication, namely the Valenciennes-Lille railway. The enemy is falling back. The enemy is retreating on the towards Vouziers. The whole front from the Soissons-tirement is caused by the fact that the Argonne Forest, and also the allies are driving up the Meuse valley from the south and forging ahead in Belgium east of Champagne advanced four miles in the rough country between un- this morning and captured Ma- tentable.

ABANDONED POSITIONS ON THIRTY-SEVEN MILE FRONT — ITALIANS CO-OPERATING

(Special to The News via G. T. P. Telegraphs.)
Paris, October 12.—The enemy has been compelled to abandon all his positions on a front of 37 miles north of the Suippe and Arne rivers. French troops have captured several more villages in the Champagne sector and are within two miles of Vouziers.
Italian troops are co-operating with the French in a brilliant advance along the Chemin des Dames.

GERMANS BLOCKING FLEMISH HARBORS READY FOR LEAVING

London, Oct. 12.—The Germans are still making preparations to retire from the coast district of Belgium. The latest Allied reconnaissances show that the Germans have nothing afloat and nothing in the air along the Flemish coast. The enemy is now engaged in blocking the harbors of Ostend and Zeebrugge.

SERBIANS ADVANCE AND CAPTURE 3,000 MORE PRISONERS

(Special via G. T. P. Telegraphs.)
London, October 12.—Serbian troops, after capturing Leskovatz, again advanced and on October 8 had reached a line 10 miles to the north of that town. More than 3,000 prisoners were taken and five more guns were captured.

FIFTEEN CASES

There are fifteen cases of grippe in the hospital here but the local doctors are of opinion that it is not the Spanish variety. The cases are not serious.

HUNGARIAN PREMIER RESIGNS OFFICE

(Special via G. T. P. Telegraphs.)
Buda Pesth, via Basel, October 12.—Dr. Alexander Wekerle, the Hungarian Premier, announced his resignation after an audience with King Charles. Vienna newspapers received here say that a ministerial crisis in Hungary is imminent and that a coalition cabinet is probable.

**Osaka Shosen Kaisha
Are Increasing Fleet.**

The Osaka Shosen Kaisha, the Japanese company that had a representative here recently to look over the ground with a view to establishing a line of steamers between Prince Rupert and the Orient, has laid down five new ships in Japanese yards which it is announced will ply on the north Pacific. These it is understood will be put on the run between Japan and Seattle with calls at Victoria, and will release some of the smaller ships for other routes.

Naturally the smaller vessels are the ones which will initiate the service with this port, no matter what company undertakes it. The business must commence in a small way and work up. That has been the history with practically all ports. It will be a great day for Prince Rupert when the first of a regular line of steamers draws into the dock and ties up.

**Are Men in Woods
Too Well Fed?**

The editor of the Pacific Coast Lumberman is much perturbed because the men in the lumber camps live too well. They have better food than the average city dweller ever thinks of eating. What is not taken into consideration is the fact that the men in the lumber camps work very hard, exposed to the winds and weather. They need better food than the city dwellers. At the same time there is no reason for waste and a strict scrutiny should be made to see that this does not occur. Plenty of good food is necessary for a life in the woods.

**Record of Canadians
Is Envidable One.**

The record of the Canadians in the big fight on the western front is one to be proud of. Often in the past there have been people living in Canada who were inclined to look down on the Canadian and make light remarks about him. Today there is no name in the world that stands higher. He has proved himself a fighter of the very best kind, brave and resourceful. The record published yesterday of the work of the men during the last two months is one that stands out prominently. It is no wonder that Sir Arthur Currie is proud of his men and of the work they are doing.

**Hoover Busy in
Alaskan Ports.**

The business premises of M. S. Bloch at Ketchikan was closed recently by order of the American Food Controller because he had purchased fish at a price higher than allowed by the controller. He held his license from the controller but he did not keep its provisions. Complaints were made of the way in which he was doing business and the closing is the result. Hoover is no joke like some of the food controllers of whom we have heard.

**Much Cause for
Thanksgiving.**

As a nation we have great cause to be thankful that at last the war is going in our favor. Day after day we hear of the victories of our troops and only yesterday were able to publish the recent record of Canadians in the field. That they have borne themselves like men is a matter for thanksgiving. That they did so in the hour of adversity was even more matter for rejoicing. There are still many fine lives to be lost, but we must be thankful that the men are able and willing to die for the cause they consider just. A short life and a glorious one is much to be preferred to that of the recreant who thinks only of his own ease and comfort. Let us thank God for our men that they are real men.

**METHODIST WOMEN
ARE NOT EQUALS**

Hamilton, Ont., Oct. 11.— Women have been placed on an equality with men as laymen of the Methodist Church, but the proposal that they be accepted as probationers and ordained ministers has been shelved by the General Conference after a red hot debate.

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

SHOULD DOCTORS BE CIVIL SERVANTS?

Frank Holma, M. P., the soldier member for Victoria, has been proposing the nationalization of the medical profession. He recommends:

"Firstly: The medical profession to become State employees and to be paid by the State.

"Secondly: The State, or in our case, the Province, to be divided into main districts, each one of which will have a hospital as its centre. Each main district to be subdivided into smaller sections, each such section to be looked after by two or more general practitioners and a sufficient number of qualified nurses.

"All major operations and cases requiring hospital treatment will be taken to the centre hospital which will be up-to-date in every regard and at which will reside the specialists. In this way no hospital case need be more than an hour or an hour and a half from the best medical attention and opinion possible.

"Thirdly: The specialists at the hospitals will not only practice their profession but will also teach the medical students and nurses who will also reside at the hospital.

"Fourthly: It will be obligatory for all practitioners to leave their respective fields of work at least once a year and take, so to speak, a refresher in the latest medical discoveries at the hospital, just as in the navy, army and police force members have to go through training at stated intervals so as to keep abreast of the times.

"Fifthly: Examinations will be held at stated intervals in all branches of medical science, such examinations to be open to all practitioners. This will give an incentive to anyone to study as only by knowledge will advancement be made.

"Sixthly: The whole to be governed by a board of doctors which shall send its recommendation to the Government."

Thomas Austin, Sub-committee will be organized at Vanderhoof and McBride, Dome Creek and Lucerne.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-LIVES" Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.
Little Bras d'Or, C. B.
I was a terrible sufferer from dyspepsia and constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep at all at night. I lost so much weight going from 185 pounds to 146 pounds—that I became alarmed and consulted several doctors who, however, did me no good. Finally, a friend told me to try "Fruit-a-lives".
In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$500 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads. Title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase money from the Crown has been paid are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

RED CROSS SUPPLIES

MADE IN RUPERT

Supplies on hand are 164 pairs socks, 6 bed socks, 48 pairs pyjamas, 20 stretcher caps, 72 personal property bags.

The C. W. C. A. was also given 2,088 pairs of socks.

Total number of articles made during the year 3,425, valued at \$3,074.75.

Socks were received from the following places: Alice Arm branch, 62 pairs; Cedarvale, 11 pairs; Kitimat Mission, 54 pairs; Sandspit, 58 pairs; Port Essington, 515 pairs; Port Simpson, 346 pairs; Queen Charlotte City, 104 pairs; Seal Cove Red Cross, 127 pairs; Stewart, 47 pairs; Smithers, 18 pairs; Hill 60 I. O. D. E. Prince Rupert, 81 pairs; Queen Mary I. I. D. E., 94 pairs; Queen Mary Knitting Club, 123 pairs; High School Girls club, 9 pairs; King Edward Public School, Mr. McDonald's room 11 pairs, Miss Rothwell's room 16 pairs, Miss McDonald's room 19 pairs, Miss Crux room, 15 pairs.

The following ladies also knitted: Mrs. Kergin sr., Mrs. Harvey Peck, Mrs. C. L. Munroe, Miss Rothwell.

The sewing in the Baptist church, at which place all articles but the socks were made, was under the supervision of Mrs. Hal Peck until July, and from then until the end of September Mrs. C. Poole had charge.

As the burly figure of Lord Northcliffe hurried down the hotel lounge a correspondent said: "There goes the most successful journalist in the world. A hard chap to interview, though. I could never land him. The last time I wrote him for an interview he wrote back: 'I am sorry, but I must ask you to excuse me from acceding to your request. I am like the little boy at the school treat who, when the squire's wife came round to him with the strawberry jam, promptly said: 'No thank you, ma'am, I works at the place where they make it.'"

The money is yours!

You have earned it. But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

it is possible that unwittingly you are doing this very thing.

Remember Canada's need.

Let not Canada's sacrifice go for naught.

Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men.

Save your money to bring nearer that day we all long for—the Victorious end of the War.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

Will Open New Consulate in Denmark and Will Winter at Copenhagen.

George M. Hanson, consul for the United States in Prince Rupert, is leaving on Thursday next, having been promoted to a position of trust in Europe to which he expects to go in the near future.

Mr. Hanson is deputed to open a new consulate at Aalborg, Denmark, and after a visit in Washington for further instructions will proceed overseas and probably stay the winter at Copenhagen.

Mr. Hanson has been in Prince Rupert over two years and during his term here has lent dignity to the office of the consulate and has taken a keen interest in all that pertained to the city. He has had a busy time because a great many American citizens have made Prince Rupert and district their headquarters for a good many years past.
