## PEACE WILL BE DICTATED

### AUTOCRACY MUST GO," SAYS PRES. WILSON IN REPLY TO NOTE

#### PEACE WITH KAISERISM IS PRESIDENT WILSON'S ANSWER TO RECENT GERMAN PEACE NOTE

Autocracy Must Go and No Armistice Can Be Thought of While Germany Continues Her Attacks on Land and Sea; Believe Reply May Cause Revolution.

(Special to The News via G. T. P. Telegraphs.)  
Washington, October 15.—President Wilson has answered Germany's peace proposal with a decision which not only fulfills the expectations of the supporters of his diplomacy, but also dispels the fear of those who predicted he would substitute victories with defeats at diplomacy.

Peace with Kaiserism. Autocracy must go. An armistice can be thought of while Germany continues attacks on land and sea. One cannot be considered until it is dictated by the allied commanders in the field in such a manner as to be absolutely necessary and safeguards and guarantees Germany's part will not be a scrap of paper. This is President Wilson's answer.

The reply does not bring a capitulation which may be more than an unconditional surrender the Allied and American diplomatic officials believe it may cause a revolution in Germany.

London, October 15.—The text of President Wilson's reply to the German peace offer reached the British Government early this morning. The Council met shortly after to discuss the same. The session is in session.

Quarter Million a Month.  
Washington, October 15.—The Government will continue to employ over 250,000 men with their supplies every month and there will be no relaxation of any kind, is a statement from the White House.

THOUSANDS OF SCENES  
WHEN FRENCH  
ENTER LAON

Thousands of French soldiers entered Laon in triumph. The city was greeted with joy. The French army entered the city at 3:30 o'clock. Men and women with tears running down their cheeks and waving their hands cried "Long live General Foch," "Long live the army," "Long live the liberators." People gathered around the General, all carrying him in triumph to the city hall, where he was received by the deputy mayor. The General and 600 young soldiers had been carried off into captivity before the French troops.

MAKES APPEAL TO  
AMERICANS TO HURRY  
WITH DESTROYERS

(Special via G. T. P. Telegraphs.)  
New York, October 15.—An appeal from the British Government to America to expedite construction of destroyers and anti-submarine craft and appliances was made here last night by Sir Eric Geddes, First Lord of the Admiralty, after he had asserted that the U-boat menace today is greater than it ever was.

LIQUOR CASE IS  
AGAIN ADJOURNED

The case against Elsie Carr in the police court on the charge of keeping liquor for sale was again adjourned this morning after a good deal of sparring between the lawyers, L. W. Patmore for the defence, and Fred. Peters, K.C., for the prosecution.  
A witness named McCoy who occupied the house previous to defendant, said that there was no liquor there when she left.  
The magistrate asked that the evidence be transcribed and held the case over until this could be done.

#### HAYSPORT I HAS A NARROW ESCAPE

Drifts Helpless for Thirty Hours After Her Engines Had Been Disabled by Southeaster.

After drifting for thirty hours in a southeast gale with the engine out of commission, the fishing schooner Haysport I. arrived in port Saturday. She delivered her cargo of salmon at Port Edward before coming on to Prince Rupert.

The Haysport I. under Capt. Ed. Anderson was bringing a large cargo of salmon from Jedway on the Queen Charlottes to Port Edward when she was struck by a stiff gale and she ran for shelter to the lee side of Bonilla Island, on the west coast of Banks Island. Something went wrong with her engine in the heavy wind and she drifted northward to a point midway between Rose Spit and Butterworth Island. There she got two cylinders of her engines going and with these she limped in, discharging her cargo and is here now undergoing repairs.

At the week end the owners were rather worried over her as she left the Queen Charlottes ahead of the Haysport II. and when that boat arrived she was not here.

#### SANK AT PIER

(Special via G. T. P. Telegraphs.)  
Hoboken, N. J., October 15.—The American transport America sank at her pier here this morning. No lives were lost. The cause of the sinking is unknown. The "America" was a former German steamer.

#### CZECHO-SLOVAK UNITS ARE THREATENED BY GERMANS AND 120,000 BOLSHEVIKI TROOPS

(Special to The News via G. T. P. Telegraphs.)  
Vladivostok, October 15.—Czecho-Slovak units which have been fighting at Yekaterinburg, Kasen, Simbirsk, Samara and Orenburg are imperiled. About 120,000 Bolsheviki troops have joined the Germans in opposing the Allied forces in that region. News comes from Toheliabask that the Czecho-Slovaks are losing heavily and retreating along the northern front. Ufa, which is one of the principal centres of the Czecho-Slovaks, is threatened. Its loss would be well nigh fatal to the Czecho-Slovaks at Samara.

#### GRAND TRUNK BUSINESS SHOWS INCREASE OF OVER 100 PER CENT. FOR MONTH

NEED OF TRANSPACIFIC BUSINESS IN ORDER TO PROVIDE  
BACK HAUL FOR RAILWAY AND MAKE MORE  
ECONOMIC OPERATION  
POSSIBLE

Traffic on the Grand Trunk Pacific for the month of September was over one hundred per cent. greater for any previous month in the history of the road. Not only has the business in aeroplane spruce assumed large dimensions but the carrying of shingles, pulp, fish and commercial lumber has increased, all combining to make the splendid record.

In order to make the eastbound traffic economical it is highly desirable that there should be corresponding westbound freight, and this can be brought about only by establishing a line of steamers to the Orient from this port.  
The official opinion is that after the war is over and the price of lumber falls off the demand for lumber for the rehabilitation work will be so great that for the next year or two at least there will be a demand for all the lumber that can be cut.  
The surprising thing is the manner in which other commodities than spruce are being sent eastward. The increase in business is general and comes with the development of the resources of the coast region. That it will continue to improve seems inevitable and the result will be more employment to Prince Rupert people with a consequent increase in business for the merchants and good times all round.

#### DRIVE IS ORDERED IN LYS RIVER REGION TOWARD GHENT TO BREAK GRIP OF THE HUNS

FRENCH ARE APPROACHING THE HUNDING LINE BEYOND  
LAON — ENEMY RETIRING IN GOOD ORDER  
LEAVING LITTLE MATERIAL  
BEHIND

(Special to The News via G. T. P. Telegraphs.)

London, October 15.—Peace talk prevails, but it is falling on deaf ears as far as the armies in the field are concerned. Instead of a relaxation in the intensity of fighting new operations are being undertaken on what is seemingly a major scale by the British and French in France and by the Belgians in Belgian Flanders.

Having cleared out the old Laon salient and advanced northward in Champagne the Allied armies are menacing the retirement of the Germans eastward toward the Valenciennes-Mezieres Metz line.  
Near Laon.  
London, Oct. 15.—The French are approaching the line of Serresocbe behind which is Hunding Line. They are not quite up to that line in the region of Laon, but probably will reach it today. The enemy retirement is being carried out in good order. They have left very little material behind and in no sense was his movement a hurried retreat.

The British are along practically the whole water line of the canal De Lahaute Deule and the Senzee canal. The enemy is reacting heavily in the area north of Le Cateau and from every military point of view he is by no means at the present moment in the position of a beaten foe.

Paris, Oct. 15.—On a front of more than twelve miles between Handzaeme canal and the Roulers-Menin road, Belgian and French troops have captured a number of towns, a large number of guns and quantities of material.

Advance on Aisne.  
Paris, Oct. 15.—French troops have made an important advance toward the town of Rethel and captured the town of Mantouill-sur-Aisne, twelve and a half miles to the east of Laon.

MILITARY CROSS FOR

Word has been received that Lieut. Hugh W. Tooker has been awarded the Military Cross, and his many friends in Prince Rupert are much pleased. He came here in 1908 and was on the staff of the G. T. P. engineering office, which he left in August, 1915, to join the 67th Battalion. He enlisted as a private and afterwards received his commission in the 11th Cheshires. Lieut. Tooker was wounded a year ago, and after recovering rejoined his battalion in France. He is the youngest son of Capt. Tooker, R. N., of Victoria.

**Interests of Railway And City Are One.**

Those who are interested in the progress of the country and the lightening of the burdens on the tax payers will be pleased to learn of the increase in business on the Grand Trunk Pacific Railway. Those also who are interested in the building up of this city will be equally pleased because increased railway business means increased business for the city.

Everyone knows that the Grand Trunk Pacific Railway does not pay and that the country has guaranteed the bonds. That means that there is interest to pay each year until business increases to a point where the railway company is able to meet its obligations. The present management has done wonders in the way of improving conditions. With severe handicaps they have brought the railway business to a point where it is certain to be a paying proposition in the near future. When they are successful Prince Rupert will be busier than it is today. That is why The News is anxious that the business of the road shall improve and that the present management be given an opportunity to show what they can do toward making it a success.

**Value of Big Business to Province.**

It has been suggested that The News stands for the big interests. It is curious how well some people can guess. We know of no other way in which the great resources of this great north-land can be developed under present conditions except by inducing people who have money to come here and invest it. We have all howled our heads off over a shipbuilding concern coming here to locate and unfortunately for everybody they have found it impossible as yet to announce that they are about to start. If The News was opposed to big interests it would suggest that we should try to keep those people out. Why induce them to come here and then make it as difficult as possible for them to operate?

The News is favorable to big business, but not favorable to some of the acts of big businessmen. There are times when corporations take advantage of their powerful influence to oppress or steal. When they do that we are opposed to them. In certain quarters it has become popular to always oppose everything that a corporation does and to talk of corporations as if they were always criminals. The News objects wholly to that point of view. It believes that if ever socialism becomes an accomplished fact the big businessmen, the organizers, men with the big brains and keen understanding will have to take a hand in it. Just now the world is being trained in handling big business. The business of a country is far bigger than that of any railway corporation, land company, or mining company, yet so often it is handed over to a bunch of amateurs to handle. That is where democracy falls down.

**Which Are Best, Businessmen or Politicians**

The handling of railways by governments has not so far been a success in this country and it is doubtful if the people have developed to that point where they can elect men to handle that kind of business. The time will come when all transportation will be in the hands of the government of the country, but that time has not yet arrived. Imagine the Grand Trunk Pacific being operated by a group of politicians! How long would it be before it paid expenses? Is the history of political affairs in this city such as to warrant any government giving politicians still more opportunities? Those who have lived here long enough are in a position to know.

Let us encourage the big businessmen to come here and invest their money. Let us treat them well. When they go astray it will be time enough to talk of abuses and dangers. There are mines to be opened up, especially along the valley of the Skeena and its tributaries. All these need the help of men with money. The Government will not do it, neither will the workmen unless there is money to pay wages. Let us all ally ourselves with the big interests and get things going. There have been years enough of stagnation in the north. What we want now is to encourage business. Get some big interest to come here with a steamship line, not point a gun at him. Get some other interests to open the mines, and yet others who are interested in the manufacture of pulp. Then we shall be prosperous. If we eternally snarl at the man who is doing things we shall hold back the tide of prosperity and the big interests will go where they are better used.

## WAR LABOR POLICY STATED BY DOMINION GOVERNMENT —CO-OPERATION IS ASKED

The Government of Canada has declared a labor policy in the form of an appeal both to employers for a fuller co-operation toward obtaining a maximum effort in all industries engaged in war work. It provides:—

1. That there should be no strike or lockout during the war.
2. That all employees have the right to organize in trade unions, and this right shall not be denied or interfered with in any manner whatsoever, and through their chosen representatives should be permitted and encouraged to negotiate with employers concerning working conditions, rates of pay, or other grievances.
3. That employers shall have the right to organize in associations or groups, and this right shall not be denied or interfered with by workers in any manner whatsoever.
4. That employers should not discharge or refuse to employ workers merely by reason of membership in trade unions or for legitimate trade union activities outside working hours.
5. That workers in the exercise of their right to organize shall use neither coercion nor intimidation of any kind to influence any person to join their organizations or employers to bargain or deal therewith.

### Agreements to Continue.

6. That in establishments where the union shop exists by agreement the same shall continue and the union standard as to wages, hours of labor and other conditions of employment shall be maintained.

7. That in establishments where union and non-union men and women now work together, and the employer meets only with employees or representatives engaged in such establishments, the continuance of such conditions shall not be deemed a grievance.

This declaration, however, is not intended in any manner to deny the right, or discourage the practice of forming labor unions, or the joining of the same by the workers in said establishments as aforesaid, nor to prevent a Board of Conciliation or other body or adjuster from recommending improvements in the matter of wages, hours of labor, or other conditions, as shall from time to time be found desirable.

8. That established safeguards and regulations for the protection of health and safety of workers shall not be relaxed.

### Ample Wages.

9. That all workers, including common laborers, shall be entitled to a wage ample to enable them with thrift to maintain themselves and families in decency and comfort, and to make reasonable provision for old age.

10. That in fixing wages, minimum rates of pay should be established.

11. That women on work ordinarily performed by men should be allowed equal pay for equal work and should not be allotted tasks disproportionate to their strength.

12. That in all cases where eight hours is by law or agreement the basis day, it shall so continue. In all other cases the question of hours of labor should be settled with due regard to governmental necessities and the welfare, health and proper comfort of the workers.

### Maximum Production.

13. That a maximum production from all war industries should be sought and methods of work and operation on the part of employers or workers which operate to delay or limit production or which tend to artificially increase the cost thereof should be discouraged.

14. That for the purpose of mobilizing the available labor supply with a view to its rapid and effective distribution as well as constant employment: the managers and operators of industrial establishments and the trade unions concerned should keep provincial or municipal employment agencies and the Canada Registration Board fully informed as to labor required or available. These agencies should be given opportunity to aid in the distribution of labor.

15. That in fixing wages, hours and conditions of labor regard should be had to the labor standards, wage scales, and other conditions, prevailing in the locality affected, always mindful, however,

of the necessity for payment of living wages.

### Keep Agreements.

16. That to better preserve industrial peace during the war employers and employees should, after once establishing an agreement as to wages and working conditions, agree to its continuance during the war, subject only to such changes in rates of pay as fluctuation in cost of living may justify.

17. That when employer and employees are unable to arrive at a mutual agreement concerning any existing dispute, unless some other means of settlement is agreed upon by the parties, they should use the machinery provided for in the Industrial Disputes Act in an endeavor to reach an adjustment.

### Board of Appeal.

Should the recommendation of the Board of Conciliation not be accepted either party may appeal to the Board of Appeal who shall review the findings of the Board of Conciliation and hear such further evidence as either party to the dispute may desire to submit at their own expense, the decision of the Board of Appeal to be final.

Winnipeg, October 14.—Two deaths and thirty-two new cases comprise the toll of the Spanish influenza plague in this city since Saturday at noon. W. H. Escott, one of Winnipeg's best known local business men is among the victims of the plague.

## GENERAL RAILWAY STRIKE CALLED OFF

The Canadian Brotherhood of Railroad Employees have called off the general strike threatened for 4 p. m. today on account of the War Board's decision to meet the Grand President of the Order and Chairmen of Committees at Montreal on Wednesday, when it is hoped a settlement may be effected.

## EVERY TOWN IN PORTO RICO IS DAMAGED BY SEVERE EARTHQUAKE

San Juan, October 14.—The earthquake which shook this island two days ago has caused one hundred and fifty deaths. Almost every town on the island reports damage. Great destruction has been caused to many of the larger buildings, and further reports of damage and loss of life are still being received.

No reports of earthquake shocks have been received so far from any of the other islands in the Antilles group, and the whole destruction has been confined to the island of Porto Rico alone.

## SECOND AMERICAN ARMY IS IN THE FIELD

With the American Army North west of Verdun, October 14.—The second American army came into being Saturday and began operations. It is under command of Major General L. Bullard. The First Army which has been in existence formerly since August is now under command of Major General Sunter L. Liggett. General Pershing assumes command of the group of armies.

## VOUZIERIS IN CHAMPAGNE TAKEN BY GENERAL GOURAUD —KEY TO GERMAN DEFENCES

IS SYSTEM THAT VON KLUCK SAID WOULD NEVER BE RETAKEN — COMPLETE LIBERATION OF AISNE BEND FROM GERMAN DOMINATION

With the French Army in France, October 14.—Field Marshal Foch sealed his triumph over General Ludendorff and Field Marshal von Hindenburg Saturday when General Gouraud's men entered 26 ended today in the complete liberation of the Aisne bend. The French are reoccupying 46 localities and freeing many civilians. Prisoners taken in the offensive number 21,567 and 1,000 taken in Champagne.

Vouziers is a town of 3,000 inhabitants. The significance of its capture arises from the fact that since 1914 it has symbolized German resistance in Northern France.

Von Kluck in acknowledging the failure of the plan to take Paris, said: "But the French will never retake Vouziers," meaning not merely the unimportant town of that name but the system of German defence along the Aisne.

Paris, October 13.—The battle begun in Champagne September 26, 1918, ended today in the complete liberation of the Aisne bend. The French are reoccupying 46 localities and freeing many civilians. Prisoners taken in the offensive number 21,567 and 1,000 taken in Champagne.

## NORTHERN WISCONSIN AND MINNESOTA ARE FIRE SWEEPED —500 DEAD, MANY HOMELESS

WHOLE SECTIONS OF GREAT TIMBERLAND ARE FIRE-STRICKEN AREAS WITH ONLY CHARRED RUINS LEFT WHERE FORMERLY WERE TOWNS

Duluth, October 14.—With probably 500 persons dead, thousands homeless and without clothing and with property damage amounting far into millions of dollars, whole sections of northern Wisconsin and Minnesota timberland are smouldering fire-stricken areas with only charred ruins of abandoned depopulated towns to accentuate the destruction.

The bodies of 196 victims lie in Duluth morgues. Hundreds more along the roads leading to Duluth and Superior lay where they fell when overtaken by the fire.

Reports reaching here by courier told of widespread destruction but it was evident that in most cases the fury of the flames was spent. Duluth and Superior are in no further danger. Virginia is safe and Brainerd untouched. Bemidji reported only a small loss.

Duluth, October 14.—(Later.) Six hundred bodies of bush fire victims have been located. The property loss is estimated at twenty millions.

# ENTIRE GERMAN FRONT FROM ST. GOBAIN TO ARGONNE HAS CRACKED ON SIXTY MILE LINE

## No Defense Line in This District within Thirty Miles; Capital of Serbia Occupied; Berlin Announces Evacuation of Chemins-des Dames; Laon Taken by French

Paris, October 14.—The entire German front from St. Gobain to Argonne has cracked on a sixty mile front and it now appears that the enemy will be forced to retreat to a depth of thirty miles before finding a suitable line of defense.

With the French Army in France, October 14.—Laon, the last of natural obstacles forming keys to the general defence in France, has been taken without a fight.

Paris, October 14.—French troops are keeping in contact with the Germans on the whole front of enemy retreat, the War Office announced today following the capture of the important city of Laon. The French have reached Chateau Porcien, five miles west of Rethel and eighteen miles north of Rheims.

Berlin, October 14.—Nish the capital of Serbia, has been occupied by Entente forces.

London, October 14.—The British are within a few hundred yards of Douai. They have captured the Fauburg D'Esquerchin, Douai prison and the greater part of Fliers, close to Douai on the northwest.

Berlin, via London, October 14.—South of Laon German troops have evacuated Chemin des Dames, the general staff announces.

Paris, October 14.—The German stronghold of Lafere together with a great part of the St. Gobain Massif outpost at Cise has been captured by the French. The Lafere-Laon railway line has been crossed on high ground between Danizy and Versigny about two and a half miles east of Lafere. Northern and eastern sections of Lafere are burning.

Notable progress has been made by Italians and French along a line to the east where the French have reached Amifontaine, which is fifteen miles north of Rheims.

# THOUSANDS OF TELEGRAMS SENT TO PRESIDENT WILSON DEMAND COMPLETE SURRENDER

## VIEWS HELD EVERYWHERE AMONG THE ALLIES THAT NO ARMISTICE OR PEACE UNTIL THE KAISER'S POWER TO DO HARM IS DESTROYED

Washington, October 14.—With thousands of telegrams pouring into the White House demanding the unconditional surrender of Germany, the hope has been openly expressed in official circles that the President would refuse to negotiate with the Central Empires as long as the Hohenzollerns and Hapsburgs remain in power. There must be no slackening in sending men and supplies overseas.

London, October 14.—The Press Association says that the view is expressed in exceptionally well informed circles that no question of an armistice will be seriously considered without accompanying naval and military guarantees that Germany is not merely ready to sheathe the sword but that she is absolutely powerless to resume hostilities.

Paris, October 14.—France is unanimously determined not to negotiate with Germany until the latter's power to do harm has completely ended, it is semi-officially announced today.

Washington, October 14.—Germany's reply to President Wilson reached the Swiss legation in an official form by cable this morning. It was in German text, the translation of which is identical with that received by wireless Saturday.

Acceptance in any degree of the German reply to President Wilson's note, including the granting of an armistice, means the loss of the war for the Allies, Senator Lodge of Massachusetts, minority leader and ranking Republican of the Foreign Relations Committee of the Senate, declared in a statement. The note as received unofficially is not a surrender on Germany's part, as Secretary McAdoo and others claim, Senator Lodge said, but is "highly conditional."

The Senate Republican leader demanded an unconditional surrender or the Allies would be "led to a humiliating defeat and a peace of bargain and compromise."

# JUNKERS STILL DECLARE AGAINST SURRENDER OF SACRED SOIL OF GERMANY

Basel, October 12.—The trend of feeling in certain quarters in Berlin is indicated by articles appearing in the Lokal Anzeiger and Deutsch Tages Zeitung. Both these papers assert that Germany is in no wise disposed to evacuate territory without compensation.

A despatch received here from Berlin says the Conservative party in the German Reichstag has published the following declaration concerning the German reply to President Wilson's question:

"Our armies are still far in the enemy country. Before an honorable peace and the integrity of the Empire's territory is guaranteed an abandonment of German soil may be fatal and is irreconcilable with German honor."

Numerous patriotic societies await with us a declaration from the German Government saying it will not yield upon these points. The German people are resolved to defend the sacred soil of their country to the last man.

# BULGARS BEAT THE GERMANS AT FRIGHTFULNESS

## Robbery and Pillage Carried Out Systematically in Occupied Territories During Withdrawal.

### AGREEMENT FLAGRANTLY THOUGHT SCRAP OF PAPER

Salonika, October 14.—Contrary to the agreement entered into with the Bulgarian commander in chief, when he agreed to retire his armies back to Bulgarian territory, the Bulgarian forces in their withdrawal have robbed the invaded country of every movable. Everything which they could not remove was wantonly destroyed and whatever was left in the already harried portions of Serbia has been rendered absolutely useless for any purpose whatever.

The miserable population in the power of the Bulgarians has in many cases been carried off; families have been broken up, children torn from the mothers, and sent to different parts of the country. Anything, whether of use to the invaders or otherwise, which they could carry away, has been taken, and the countryside left absolutely bare.

Queen Charlotte Islanders cannot do better than mail their printing needs to The News Print Shop and get the work done promptly and well.

# HUN PRESS ASK FOR ABDICATION OF THE KAISER

## Declares Responsibility for the Present Situation Rests on Him—Must Go With Military System.

Zurich, Switzerland, October 14.—In an extraordinarily outspoken article, the Frankfurter Tagpost flatly demands the abdication of the German Emperor. It declares that the responsibility of the present situation rests upon him, and says that as the military system is about to collapse, he must be the last of the military monarchs.

Such bold and revolutionary ideas receiving publicity through the press, even in Frankfurt, is regarded here as very significant of the state of public opinion obtaining throughout Germany outside of Prussia.

### Prince Max Next.

London, October 14.—The resignation of Prince Maximilian of Baden as the German Imperial Chancellor is probable, according to reports received here from Holland. They quote the Berliner National Zeitung as saying that the Chancellor's retirement is regarded in certain circles as inevitable.

# GERMANS PLAN A SUBMARINE FINAL EFFORT

## Hope to Strengthen Her Position By Campaign of Ruthlessness, Says Sir Eric Geddes.

Washington, Oct. 14.—Another great effort by Germany's submarines is impending, says Sir Eric Geddes, First Lord of the British Admiralty, in a statement paying tribute to the part played in the war by the American navy. It has been disclosed that plans of the enemy for what may be the final intensified U-boat campaign of ruthlessness are known and that the Allies are prepared to meet it.

There were suggestions that Germany, he said, in the midst of the peace offensive and with her soldiers being driven back to their own borders, hoped to strengthen her diplomatic drive for a peace negotiation by sending her submarines on a desperate campaign of destruction, regardless of the methods of caution heretofore taken for the safety of the U-boats and their crews.

## You Never Know What A Man Will Do

Mrs. Williams has been using Pacific Milk for cooking a long long time. Her husband got using it in his morning coffee so they never buy fresh milk any more.

The other evening Mrs. Williams bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."

### SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-emptor land. Partitions of not more than four may be made for adjacent pre-emptions, with separate residences on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant. Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$50 per acre and records same each year. Failure to make improvements or record will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 5 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he records his land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

### PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, or formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

### TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will entitle them to. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1918. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

## HANDICAP ON GOLD MINING AT PRESENT

### Clyde A. Heller Tells of the Work Being Done at Surf Inlet on Princess Royal Island.

Clyde A. Heller, president of the Belmont Surf Inlet Mines, Ltd., of Surf Inlet, Princess Royal Island, who was in the city at the week end, says that gold mining throughout the world is under a disability in that while the price of everything else has advanced the price of gold is static. The capitalists whom he represents have mines in Nevada, California and Colorado, and they are all gold mines. The Government of the United States is doing all it can to help them and now they are importing Mexican miners because it has been found impossible to get men to keep the work going. Indians are also being tried at one of their mines.

The mine at Surf Inlet is just now averaging about 6,600 tons of ore a month, but the output should be much more. The ore carries mostly gold with a little copper and silver. They have an oil flotation concentrator that saves most of the precious metal and makes it easy to ship to the smelter.

At present there are 170 men employed at the mine but Mr. Heller would like to have 250, the difficulty is to get them.

## STEWART

George A. Clothier, Provincial Mining Engineer, arrived to spend some weeks in the examination of mining properties in this district.

M. R. Jamieson returned from a trip to the south. He will open a hotel at Salmon River shortly.

Linesmen have arrived to put the telegraph line in order from Stewart to Anyox.

Jones and Black, two trappers, arrived from Tacoma in their little launch Success, and left for the upper Naas country, via the Bear River Pass. Some weeks ago Bebeau and Anderson, who have been prospecting and trapping in this neighborhood for several years, started for the interior with nine months' provisions. They will probably meet with considerable success as fur-bearing animals are known to be plentiful.

It is reported here that action is at last being taken in regard to the Stewart wharf which has been without repairs for several years. The increasing business certainly warrants the attention of the Government and it is to be hoped that the work will be proceeded with without delay.

## ANGLICAN CHURCH AND VICTORY LOAN

Toronto, Oct. 12.—The Anglican Church proposes to raise a million dollars throughout Canada by asking the Sunday schools to purchase Victory Bonds.

The king of Siam prides himself upon his English. When the king last visited London he met the late Lord Kitchener, whose Egyptian triumphs were still fresh. Desirous of telling Lord Kitchener that he was born to command, he said: "Brave Lord, you were made to order."

## Armed to the teeth

"Troops who travel alongside of them have their work cut out. General Currie seems to carry light railways in his pocket, and if the Canadians have to stop anywhere for a day or two, transportation facilities spring up behind them as if by magic; Germans will go miles out of their way to avoid the Canucks."

CHARLES H. GRANTY, in N.Y. Times, Sept. 2, 1918.

The Canadian Army is fully equipped for War.

Nothing that could help our army in their task is lacking. If this were not so, their great initiative and courage would avail them nothing. For this is "a mechanical war."

The Canadian Army as it stands to-day is a marvel of organization. In guns, in ammunition, in transport, in equipment for the grim work of war—for efficiency of man and beast—it lacks nothing. If a railroad is needed—one is immediately available. When the Canadian Army starts to move—the movement is accomplished with certainty and rapidity. When it attacks—there is no lack of ammunition. It has gas masks and aeroplanes of the latest and most efficient types.

The Canadian Army is a highly disciplined, efficient, thoroughly equipped engine of war. It unquestionably is—as the Hun very well knows—"armed to the teeth."

Canada's war loans have made the glory of the Canadian Army possible—they have been Victory Loans in fact, as well as in name.

It is unthinkable, is it not, that our men should lack any implement of war that money will buy!

It would be a greater shame than the mind cares to dwell on, that our men should suffer death or disaster—or just fall short of complete Victory, because we now hold back the money necessary to maintain their full fighting efficiency.

The money for the needs of our army will be provided by Canada's Victory Loan, 1918.

**Local News Notes**

The schools of the city have been closed until further orders, owing to the prevalence of influenza. There are 25 cases reported in the hospital today and many throughout the city.

Christopher Kennedy, an Indian belonging to Kitsumkalum, died yesterday in his house on Fifth Avenue, East. The body will be shipped up to Kitsumkalum tomorrow for interment.

Judge Mallory of Port Clements was in town yesterday on business. He came over with Eli Tingley in a launch. Business over there is still booming, and Port Clements never looked more commercialized.

During the next two weeks all friendly aliens of military age in Canada will be called up for military service. They will be placed upon the same basis as Canadian citizens so far as their responsibility to the country is concerned.

The Brackman-Ker Milling Co., Ltd., has moved its place of business from First Ave. to the Occidental Building, corner of Second Ave. and Eighth St. The company thanks its patrons for the confidence placed in them in the past and trusts they may have the pleasure of continuing to serve them in the new place of business. 245

Bishop de Pencier presides over two dioceses, the Diocese of New Westminster and the Diocese of Cariboo. The latter diocese extends from Prince George in the north to Kamloops in the south and westward to Lytton.

**TWO DEATHS TOOK PLACE AT HOSPITAL**

Two deaths occurred in the General Hospital yesterday when Mrs. Jacob Webster, of Port Simpson, succumbed to an attack of pneumonia which developed out of Spanish influenza. Her husband is located at Swanson Bay, and she was admitted to the hospital on October 9. John Post a miner from Surf Inlet was badly injured in a rock slide and he died from injuries received. He was a Russian, 46 years old.

**High School?**

With an idea of testing his pupils' knowledge of their mother-tongue a schoolmaster wrote on the blackboard the well-known proverb, "A wink is as good as a nod to a blind horse."

Then he told the class to re-write this saying, using their own words, but retaining the original meaning of the sentence.

Some of the results were good and others bad, but the schoolmaster nearly fainted when he read the attempt of one bright lassie. She had written:

A spasmodic movement of the optic is as adequate as a slight inclination of the cranium to an equine quadruped devoid of its visionary capacities."

**SUIT OF CLOTHES FOUND IN WOODS NEAR SALT LAKES**

No Owner for Blue Pants Which Constable Adams Rescued Yesterday Across The Harbor.

Apparently belonging to a boy of 10 or 12 years of age, a suit of clothes was found yesterday on the borders of the Salt Lakes across the harbor. There was a coat and short pants of blue, shirt, stockings and boots, but no cap. They were hung up on a bush some fifty yards from the men's dressing grounds, where they were found by Sub-Inspector Adams yesterday and brought to town.

Who the clothes belonged to is the question which is troubling the police authorities this morning. No one is missing that they know of, and a boy would hardly come back from the Salt Lakes after swimming with only a cap to keep him warm.

This matter was reported to the police on October 1, when another boy reported seeing the clothes there. He described the spot, but when the officers went across immediately after they could not discover any clothes, although they made a long search. Yesterday, quite by chance, while Sub-Inspector Adams was looking for game, he accidentally came across the little garments in a little cove fifty yards away from the more popular spot. He brought them back to town with him and handed them over to the Provincial police.

**HAD TOO MUCH FLOUR IN HIS POSSESSION**

For having 500 pounds of wheat flour in his possession, being a larger quantity than necessary to supply his immediate needs, W. Crossley, of Ninth Avenue, East, was this morning fined \$400 in the police court by Magistrate Cars, under the regulations of the Canada Food Board.

The house of the accused was entered by Constable Adams with a search warrant and he discovered these sacks of flour in a cupboard, and this prosecution is the result. This is the first of its kind to take place in Prince Rupert and the penalty imposed was the minimum.
