Will Get Damages from Huns WILSON'S ORIGINAL TERMS MODIFIED ON TWO IMPORTANT POINTS

Germany Must Pay for All Damages to Civilians on Land or Sea, Says Armistice

Question of Freedom of Seas Reserved for Peace Conference with Consent of President Wilson; Foch Entrusted with Duty of Communicating Terms of Armistice.

(Special to The News via G. T. P. Telegraphs.)

Washington, November 6.—Marshal Foch has been authorized by the United States and all the Allies to receive representatives of the German Government and to communicate to them the terms of an armistice. The German Government is so informed by a note handed to the Swiss Minister here by Secretary Lansing. The note announces that the Allied governments have declared their willingness to make peace with the German Government on the terms laid down in President Wilson's address to Congress last January and on the principles of settlement enunciated in his subsequent addresses.

Freedom of Seas.

The Allies reserve to themselves the power of complete freedom of action when they enter a peace conference, on the subject of the freedom of the seas.

It was further stated that, with reference to the restoring of invaded territories, the Allied Governments understand that compensation will be made by Germany for all damage to the civilian population of the Allies and their property as a result of the aggression of Germany by land, by sea, and from the air.

The two reservations from President Wilson's fourteen terms of the armistice are: "The Allies must reserve to themselves complete freedom of interpretation in the peace conference of President Wilson's provision in regard to freedom of the seas. Germany must make compensation for all damage she has done to the Allied civilian population and their property." This latter is an addition to President Wilson's provision that all invaded territory must be restored as well as evacuated and freed.

President Wilson, it was stated, agreed with the modification and the addition to the two respective points in question.

HUNS DESTROY PROPERTY AS THEY RETIRE

Churches, Public Buildings and Residences and Pillage Everywhere Before They Leave.

(Special via G. T. P. Telegraphs.)

London, Nov. 6.—Despite the German assurance that their troops have been ordered to avoid unnecessary damage there have been numerous authenticated cases of wanton destruction. Recently a French officer describes the case of Seclin between Lille and Arras, where the enemy dynamited the historical church, the town hall and the residences of the middle class people. All the remaining houses were pillaged and practically destroyed, including those in the canton of Seclin and the adjoining cantons.

INFLUENZA DECREASES IN EASTERN CANADA

(Special via G. T. P. Telegraphs.)

Winnipeg, Nov. 6.—Reports received from eastern Canada indicate that the influenza cases are decreasing and the number of deaths is considerably fewer.

In Winnipeg there are 600 cases, the largest number of deaths being reported last night, when there were twenty in 24 hours.

At the coast the condition is improving considerably, although at Vancouver the malady continues its ravages.

AUSTRIA PROTESTS INTERPRETATION OF ARMISTICE TERMS

Amsterdam, Nov. 6.—Austria will protest against the interpretation of any clause in the armistice which she recently signed, as meaning that enemy armies are entitled to attack Germany through Austria, says a statement issued in Vienna.

It is understood that the protest is made to protect Austria from the danger of a punitive raid from Germany.

CONGRESS MAY BE REPUBLICAN

Early Reports of Election Seem to Indicate That Country is Swinging Away from Wilson.

CHAMP CLARK IS DEFEATED BY 400

(Special via G. T. P. Telegraphs.)

New York, Nov. 6.—While it is early yet to make any general estimate of the result of the United States congressional elections, it seems from the reports as if there might possibly be a change in the balance of power. This morning 120 congressional districts were unreported. By the returns then in hand the Republicans had gained eleven seats in the House of Representatives and three seats in the Senate.

Washington, Nov. 6.—Safe Republican majorities in both the Senate and the House of Representatives were claimed by the National Republican Congressional Committee, in a statement issued this morning.

St. Louis, November 6.—On the face of the returns received it appears the Speaker, Champ Clark, has been defeated by 400 votes by D. H. Drer, Republican.

Bob Brown was among the arrivals this morning from Vancouver. He is come in connection with the successful conclusion of the Victory Loan arrangements.

MILITARY ACTIVITY ALL ALONG THE LINES IN BELGIUM AND FRANCE 25 GERMAN DIVISIONS DEFEATED

(Special to The News via G. T. P. Telegraphs.)

With the American Army in France, Nov. 6.—The Americans on the west bank of the Meuse northwest of Stenay, are within four miles of the main German communication line from Sedan to Metz at a point northwest of Chauteau. They are pushing ahead in the face of increasing resistance.

The first army has closed the famous Stenay gap and are now within ten miles of the southern foothills of the Ardennes.

With the American Army Northwest of Verdun, November 6.—During the last four days American airmen have downed or destroyed more than 100 German planes and in addition a large number of enemy balloons.

Since September 12, when the St. Mihiel salient operations began, Americans claim to have downed 431 German Machines. Of this number it is confirmed that 278 have been destroyed.

London, Nov. 6.—The British armies in the sector between the Sambré and the Scheldt have defeated in the battle which began Monday, twenty-five German divisions.

German artillery and machine guns were active today principally in the southern outskirts of Ghent.

Paris, Nov. 6.—The French after maintaining contact with the rearguard of the retreating Germans all night renewed the attack on the whole front this morning.

RIOTING AT KELS ENDS IN BLOODSHED

(Special via G. T. P. Telegraphs.)

Amsterdam, Nov. 6.—Severe rioting occurred at Kels on Sunday after a meeting of sailors and laborers which was addressed by an independent Socialist speaker. The military guards fired upon the mutineers, killing 29. Seven soldiers were killed and the military commander was shot dead.

FOUR TUGS ARRIVE WITH LUMBER AND LOGS

Four tugs came into the harbor this morning, three with logs and the fourth with lumber.

The tugs Gray, Commodore and Lorne each brought a Davis raft from the Queen Charlotte Islands and all took them to Seal Cove.

Tug Belle brought two scows of bridge timber consigned to Albert & McCaffery from Vancouver. This timber is for the Grand Trunk Pacific and is specially selected stuff cut by the Hastings mill for bridge repair work on the railway.

WANT LIGHTHOUSE ON VANDERBILT REEF

Vancouver, Nov. 6.—Yukoners here have met and passed a resolution calling on the Government to erect a lighthouse on Vanderbilt Reef, Lynn Canal, and also demanding a rigid inquiry into the Sophia disaster.

Vanderbilt Reef is in American territory and there is a light on a submerged rock just south of the reef which always has 20 feet of water over it even at low water. It was the opinion of many experienced seamen that the light should have been placed on Vanderbilt Reef at that time.

NAVAL DEFENCE

Melbourne, Nov. 6.—Australia has taken steps to provide adequate naval defence for that country.

FRENCH DEPUTIES GIVE CLEMENCEAU OVATION ON ARMISTICE ANNOUNCEMENT

GERMANY EXPECTED TO INDICATE HER INTENTIONS IMMEDIATELY; BAVARIA MAY SUE FOR SEPARATE PEACE IF GERMANY REFUSES TO ACCEDE TO TERMS OF ARMISTICE

(Special to The News via G. T. P. Telegraphs.)

Paris, November 6.—M. Clemenceau, the French Premier, was accorded a wonderful ovation in the Chamber of Deputies as he read to the deputies the terms of the armistice with Austria-Hungary. He also said that terms had been submitted to Germany.

"The terms to Germany," said the Premier, "are what President Wilson himself recommended to us for the security of our troops, the maintenance of our military superiority, and the disarmament of the enemy, insofar as it is necessary to prevent a resumption of hostilities."

London, November 6.—Unless Germany accepts the Allies' armistice terms, Bavaria will sue for a separate peace, declares the London Express.

Paris, November 6.—Germany is expected to indicate immediately, perhaps tomorrow, whether she will ask Marshal Foch for the terms of armistice formulated at the Versailles Conference. The belief was expressed here today that the Germans must answer "yes" or "no" at once, if the present conditions are not to be made even more severe.

\$100,000 MARK NOT FAR AWAY LAST EVENING

Longshoremen and Drydock Employees Make Good Showing; All Responding Well to Claims of Victory Loan.

The Victory Loan Campaign in this city goes merrily on. The committee is just getting into its stride and beginning to produce results. Last night at six o'clock the total amount reported at the committee headquarters was \$94,650, which is not bad considering the late start and the conditions which exist.

Probably the most noteworthy contribution to the funds was the collection from members of the Longshoremen's Union who came through to the tune of \$2,650. That is most encouraging as indicating the determination of the workingmen of the country to do their part in the great campaign. The action of the members of the union has excited a good deal of favorable comment.

A number of other small amounts, including several fairly handsome contributions from the fishermen, made up \$2,600. The Albert family bought to the extent of \$1,000 in addition to the Albert & McCaffery purchase, which was reported yesterday. The sale at the drydock and oil wharf and adjacent points, including \$2,000 to R. L. Newcombe, made up the handsome sum of \$5,700.

Taken all in all the campaign is satisfactory to date and in all probability before the final day, the required sum of \$300,000 will have been raised.

PREPARING TO FEED ENEMY CIVILIANS

Washington, Nov. 6.—America and the Allies are planning to co-operate in making available as far as possible all food and other supplies necessary for the relief of the demoralized civilian population at once in enemy countries.

RATS ARE DESERTING THE SINKING SHIP

(Special via G. T. P. Telegraphs.)

London, Nov. 6.—The Bolsheviks have broken with Germany and are suing for peace with the Allies. The remainder of the German legation at Moscow have hurriedly left Russia.

This is just a case of the rats deserting a sinking ship. It is one of the moral effects of the capitulation of Austria and the defeat of the German forces in Belgium and France.

So far there is no intimation as to what course will be adopted toward the Bolsheviks by the Supreme War Council to whom applications of that sort are forwarded.

MANITOBA RAISES \$20,000,000 FOR LOAN

Winnipeg, Nov. 6.—It is expected that the sale of war bonds will reach \$20,000,000 in Manitoba by tonight. In Winnipeg A. MacDonald, a pioneer merchant has subscribed \$3,000,000 and a western insurance company a similar amount.

The subscriptions for the whole of Canada now exceeds the \$200,000,000 mark.

Some Who Are Not Doing Their Best.

There are some people in Prince Rupert who are not doing what they might in this campaign for dollars. They are lacking in loyalty, in patriotism, in common honesty in not supporting the boys who went away in good faith to fight and thus make it possible for us to continue our businesses, our pleasures and our very modes of life, all of which must have been changed had the cloven hoof of the Hun stepped on the land.

Men and women this is no time to mince words. It is a time for the plainest kind of speech. You are either doing your duty to the men who have gone overseas in backing them up or you are a cheap lot that have no right to live in a country where men are free. What you need is a German Kaiser to make you toe the mark.

Many have not yet had time to consider and will yet buy bonds, plenty of them; others have not quite realized the need. They feel that perhaps they may want the money for other purposes. The need of the country today is greater than your need and should take precedence. Buy all the bonds you can afford and then a few more. That is the line to take just now. It is the last appeal for war purposes and the response should be rapid. It would be an eternal disgrace were Prince Rupert to be the one city in the Dominion of Canada to fall down.

Not Take Ourselves Too Seriously.

Do we take ourselves too seriously? Are we not all so many ants crawling on the face of the earth, insignificant beings comparatively, specks on the universe; here today, gone tomorrow. And yet we often act as if we were Atlases bearing up the universe on our shoulders.

Let us remember that if we drop out the world will still revolve and there will be little change in the ordinary course of events. There are very few men that cannot be replaced.

How They Enjoy The Offal at the Wharf.

Down at the Government wharf yesterday some gulls were gorging themselves with offal. They were beautiful creatures, clean and white and spotless. They were perfectly fitted for the life they were leading. As they gouged the eyes from the bodiless heads of the halibut they quarrelled among themselves and were so preoccupied that they forgot to be afraid of the passers by. They seemed almost domesticated.

These gulls do just as important work as we do. They have a calling in life and they follow it without knowing why. They are not only useful but beautiful, something which men are often not. They have a grace of movement to which we are strangers, and when it comes to travelling we fail utterly in comparison. While they float at will in the air or on the water we drown.

And yet we think ourselves superior. We can reason and imagine and grovel and lie and steal and do all sorts of human things of which the gulls know nothing. They, however, can fly and float and brave the winds and waves, and they do well the work which nature has allotted for them, and while it all they are clean, even while they feed on offal. Take a look at the gulls and then go home and be ashamed.

It Does Things Without Knowing Why.

Does the gull know that it exists? Probably not. It knows that it is hungry and that halibut's eyes are good to eat and it satisfies the longing for fishes eyes. It also knows that men are not safe creatures, but that they often injure the birds, therefore it usually keeps at a safe distance. It knows that it likes to be clean, so it preens its feathers and cleanses itself. It knows that it likes company, therefore, it associates with other gulls. It never asks itself why it is here, is never ashamed of itself, never sins, never prays, and never attempts to sing because it knows full well it can't. It never worries over the future life nor knows that there is a possibility of there being a future life. So far as one can see it never is sick, certainly never needs a doctor, nor a lawyer, nor a king, nor a barber nor a chef. What a happy life it must lead.

Draft Evaders Or Deserters.

Attention is drawn to an advertisement in this issue dealing with the duty of employers of labor under the Military Service Act. Every employer has to satisfy himself that each man in his employ is unfit for military service owing to age, disability or some other good reason as set forth in the act. The fine for harboring one who is evading military service or who is a deserter from the army or navy is heavy and is also punishable by imprisonment.

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

"106A. Every person who HARBOURS OR CONCEALS OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable upon summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the forces without leave or in default in respect of any of the obligations or requirements aforesaid."

BOYS WHO WERE FIGHTING

3 Cambridge St.
Edinburgh.

Dear Editor,

I am writing to tell you of the death in action of Archie Russell who was in the Prince Rupert post office for some time and lived in Prince Rupert a few years.

He was so well known and so well liked that I thought you might like to put it in the Evening News. Also John McKenzie, who used to be at the bank opposite the fire station. He was killed some time ago.

Miles Henderson of the Royal Bank is at present in hospital. I can't write to all their friends, but I know there are many in Prince Rupert who will be very sorry to hear of these boys paying the great sacrifice.

I used to be in Prince Rupert, and kept house for these boys at The Ark. I thought you might like to hear of some of the boys of Prince Rupert doing their bit, and giving up their lives in the great struggle for freedom.

MRS. S. NAYLOR.

DOCTORS' FOLLIES

Editor, the News:

As the present war has shown up in bold relief many of the frailties, incompetencies and absurdities of our social and economic system, so has this epidemic revealed the inadequacy of our medical system.

Without any criticism of measures which have been suggested, let us from the ghostly spectre of the present crisis look to the future and immediately begin to clear away the accumulated rubbish of professional exclusiveness and show the public that we are not what we have so often been accused of, mercenary pirates preying upon the prejudices and misfortunes of the public, but their servants, waiting at all times to give relief and assistance, and that the coming social reconstruction become a unit in the new state, a unified factor of service.

In defiance of present professional procedure, here is the first shot. And it is a blow directly aimed at that which seems even yet to be considered by some as the great factor of dignity and professional self esteem, secrecy and exclusiveness.

Away with such follies of the past. What we have, we have received from society, and to society we owe it with interest accrued.

Since from the pen of experience little has appeared in the public press relative to the treatment of influenza, I herewith submit what I have found satisfactory.

1. Go to bed.
2. Open the bowels freely and the windows more freely.
3. Keep plenty of fresh air in the bed room.
4. Drink copiously of hot water, hot lemonade or hot ginger tea. Take from three to six cupfuls.
5. Take liquor, amoniae-acetatis. Children from one-half to one tea-spoonful, adults from one to two tablespoonfuls every half hour until free perspiration is induced, then lessen the amount given, keeping up the amount of perspiration for at least six hours and then continuing the medicine in smaller doses and at less frequent intervals for at least twelve hours, increasing the medicine at any time the skin should become dry. Do not waken the patient to give medicine.
6. Take all the fluid that is possible to digest.
7. See that the bowels act at least once a day.
8. Take no alcoholics.
9. Keep the patient in bed at least one week, and always two days after the temperature has become normal.

is \$14,637,346 for Year End-
ing March, 1917.

The salmon catch of the province in the year 1917 produced a pack of 1,557,485 cases, exceeding the pack of the previous year 533,584 cases. The gain is due to an increased pack of pink and white salmon in all sections save Fraser.

COOK FELL OVERBOARD

Included among the passengers on board a ship crossing the Atlantic recently was a man who stuttered. One day he went up to the captain of the ship to speak to him.

"S-s-s-s-s," stuttered the man. "Oh, I can't be bothered," said the captain angrily; "go to somebody else."

The man tried to speak to everybody on board the ship, but none could wait to hear what he had to say. At last he came to the captain again.

"Look here," said the captain, "I can tell you what to do when you want to say anything; you should sing it." Then suddenly in a tragic voice the man commenced to sing:

"Should auld acquaintance be forgot and never brought to mind,

The blooming cook's fell overboard, and is twenty miles behind."

ATTENDED FUNERAL

The funeral of the late Richard Wallis, M.P., at Alberni was attended by a number of prominent public men, among them being W. J. Bowser, K.C., leader of the Opposition in the Provincial Legislature; Hon. William Sloan, Minister of Mines, representing the government; R. H. Pooley, member for Esquimalt; H. S. Clements, M.P. for Comox-Alain; George Jay, police magistrate of Victoria, and Major Richard Burde M.C.

CARD OF THANKS

Mr. and Mrs. LeRoux desire to thank the many friends who lent assistance, expressed sympathy or sent flowers on the occasion of the death of the late Andrew LeRoux.

The death is reported of Miss Grace Nelson, school teacher on the Kitsumkalum Indian reservation. She had been teaching at the reserve for three years and had been ill for the past five months. She died Sunday morning.

During the emergency caused by the influenza epidemic, a provisional dispensary has been established in the office of J. H. McMullin, the government agent. Quantities of brandy and whisky have been received from W. C. Findlay, the provincial prohibition commissioner, and are now available. A doctor's prescription, however, is necessary first.

Jack Morrison, the city wire chief, is reported this morning to be a little better, although his condition is still serious.

Four deaths have been reported from Ocean Falls since the epidemic started. That is a wonderfully light record for so large a community.

Mrs. Batchelor was among the arrivals in town this morning, having been sent for on account of the illness of her sister, Mrs. Peyton and family.

J. W. Stewart and Jas. Stewart, of the Stewart Trading Co., arrived in town this morning from Stewart on their way to their home in Victoria for the winter.

The passing of the influenza has made it possible to reopen some of the places which had been closed. The dining room at the Savoy Hotel had been closed to all except regular boarders, but now it is open once more and the famous home cooking is again enjoyed by patrons.

Albert & McCaffery have established a lumber yard on their wharf and are carrying a full stock. They report that up to the time when the influenza struck the town the demand for lumber was brisk and they expect a revival again directly as soon as normal conditions are restored.

Many who have used the classified columns in this paper have been getting results. One small notice of help wanted brought six answers in two days, several of articles for sale brought immediate applications and resulted in the disposal of the articles. There can be no mistake in using The News want-ads.

The steamer Chelohsin went south last evening with a very light passenger list, travel having fallen off on all the boats and railways since the influenza epidemic started. Among those going south was H. Donaldson of the Naas Harbor Cannery who reports that all the canneries on the Naas are closed except the one at Mill Bay which is still canning a few chums.

It is expected that the Salvation Army Citadel will no longer be required after this week as an emergency hospital for Indians. There are only two sick ones left there now, and no new cases are being received. Good reports are being received from Tuck's Inlet Cannery and from Metlakatla regarding the patients there, and a good recovery is looked for in every case.

INVENTIVE GENIUS OF SUN REPORTER

A reporter for the Vancouver Sun tried to interview Joseph Martin on his recent return from England. Joe was not saying anything so the Sun man wrote the following:

Joseph Martin is back in Vancouver and rumors about what Joseph is going to do are as rife as victory rumors used to be in Berlin.

One rumor has it that he is just back for a rest waiting till the end of the war when the new Labor Party with Mr. Martin as one of the flying buttresses is going to sweep Great Britain.

On this point Joseph is reticent. Another is that he has come back to lead the Laurier-Liberal party in British Columbia. Joseph has not endorsed this, nor has the Laurier-Liberal party.

Borne on the zephyrs is a tale that one of the Unionist members for Greater Vancouver is to be moved to the upper house and that Joseph is to run in his place. As to this the claim is a loquacious bird compared to Joseph.

Some people are promulgating the statement that Joseph has his eye on the attorney-generalship of British Columbia.

Joseph may have. He has his eye on a good many things but he is not saying anything about it.

The man on the street thinks that Joseph can make more money in Vancouver than in London.

Maybe he has made the best guess. On this Joseph is also eloquently silent.

If you can't fight, dammit, you can lend your money to strafe the Kaiser. Buy Victory bonds.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Particulars, pre-emption is abolished, but parties of non-timber land may arrange for adjacent pre-emption, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 1 year, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. This cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 20 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to R. E. NADEN, Deputy Minister of Lands, Victoria, B. C.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council on the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.
