## BENNETT IS BIG FIGURE AT PARLEY IMPERIAL CONFERENCE OPENED WITH PAGEANTRY TODAY

### Canadian Premier Makes Plea For Extension of Preferences Within Empire at Conference

#### Hon. Stanley Bruce

Predicts That Canadian Industries Will Support Proposals In View of Increased Prosperity Which Must  
Ensnue—Advocates Committee to Study Monetary Questions

OTTAWA, July 21.—Canada led the Imperial Conference today with an offer of wider British preferences which Prime Minister R. B. Bennett summed up as follows: Canada proposes to grant to the United Kingdom extension of the free list, retention of existing preferences in favor of Great Britain, increased preferences in respect

### TARIFFS HELD UP

Irish Free State Senate Alters Government's Emergency Duty Bill

DUBLIN, July 21.—By altering the government's emergency duty bill, the Irish Free State Senate yesterday placed an obstacle in the way of de Valera's attempt to retaliate for the imposition of British tariffs on Irish goods with Free State tariffs on imports from Britain.

### BUY LOTS FOR GYM

Rotary Club to Pay \$3000 to City Provided Money Used For Relief

The Rotary Club, at its luncheon meeting today, finally passed the check for \$3,000 to be paid to the city for Lots 13, 14, 15 and 16, Block 18, Section 1 at the corner of McBride Street and Third Avenue which the club has purchased from the city for Y. M. C. A. site on the understanding that the money be used for relief purposes.

Arrangements were made for depositing the deed of the property in trust for the purpose for which it is designed. This absolutely secures the site for the building right in the heart of the city on one of its best corners.

The trustees of the fund are George Munro, S. D. Johnston and Dr. W. T. Kergin.

### WERE MISSING IN GULF OF GEORGIA

VANCOUVER, July 21.—Missing since they left Newcastle Island, Nanaimo Harbor, in a 35-foot launch at 7:30 Wednesday evening on the return trip to Vancouver, 14 persons were being sought in the Gulf of Georgia by planes, police launches and coastal steamers and were located today near Roberts Creek on the mainland 25 miles north of here.

of a selected list of articles in which Great Britain is especially equipped to supply Canada's markets without injuring efficient Canadian enterprises.

In exchange Canada asks: Retention of existing preferences and their effective extension to those other natural and processed products of which the United Kingdom is an importer.

"The agreement," said Mr. Bennett, "should be an enduring one. This is not the time for ephemeral treaties. We must decide on our course and follow it unswervingly. An arrangement terminable on short notice would, I fear, have but the effect of increasing instabilities. This proposal is directed to the United Kingdom but, in principle, it is offered to all the other parts of the Empire wherever its application will be mutually advantageous."

Mr. Bennett further proposed that a committee should be set up to inquire into the monetary question "with a view to agreeing upon some plan to be made the basis of a discussion in a larger world conference."

#### Equalizing Benefits

"Inasmuch as the ideal application of the principles of protection involves an equalization of benefits as between manufactured and natural products," said Mr. Bennett, "it is the desire of the Canadian government to effect that equalization and find a way for our exporters into Empire markets by giving exports from those markets a way into ours."

"We, therefore, will propose that the United Kingdom shall extend the principles of her present tariff preferences to natural products and on our part, we are prepared to make the necessary adjustments in our tariffs to secure advantages which we believe will come from this arrangement. Those Canadian industries which now have reached maturity under protective tariffs and are competing in world markets must support this proposal because of the great advantages that are to be obtained from export of natural products. And they will support it for it is clear that, to the country as a whole, there will come as a result an increased prosperity in which they cannot fail to fully share."

#### BALDWIN AND OTHERS REPLY TO BENNETT

In reply to Premier Bennett, Rt. Hon. Stanley Baldwin, head of the British delegation, said: "I wish to thank the Prime Minister of Canada for his speech and to say that we look forward to studying sympathetically the proposals in the lines he has laid down. We will do our best to co-operate with goodwill to accomplish the purpose he has in view."

Rt. Hon. J. G. Coates said that (Continued on page four.)

### Picturesque Ceremony Features Inaugural of Great Ottawa Meeting

Stirring Message of King Read By Earl of Bessborough, Governor General of Canada—New Page of History Being Opened, Monarch Declares

OTTAWA, July 21.—Amid the rumble of gunfire, the glittering pageantry of inherited tradition and the picturesque ceremonial of age-old observance, the Imperial economic conference got under way here today and Canada took the lead in offering to her sister nations of the British commonwealth concessions which are hoped to lead the way to the meeting's success. His Excellency, the Governor General, opened the conference and read a message from the King in which His Majesty said:

"You are opening a new page of history on which, within a few weeks, will be written a record of determined effort to solve difficulties which are weighing so heavily upon not only us but upon the whole world."

Following the reading of the King's message by the Earl of Bessborough, Prime Minister R. B. Bennett of Canada set forth the proposals of his government.

### BROWN IS HOPEFUL

Canadian National Steamships Head Looks For Expansion in Interoceanic Trade

VANCOUVER, July 21.—If it were not for continuity of service by regular monthly sailings by the Canadian National inter-coastal steamships a tremendous volume of business between Pacific Coast merchants and those in Eastern Canada would be lost—that is, lost to Eastern Canadian manufacturers, and local importers also would suffer. "If our present service were not in effect much of this business would be transferred to European houses. The regular continuance of our service, therefore, means a great deal to Eastern and Western Canadian business relations," said Col. J. C. Brown, Pacific Coast manager of the Canadian National Steamships, in discussing the interoceanic service yesterday.

"Present business and industrial conditions have made the operation of this service difficult," said Col. Brown, "but, with an improvement in sight, we are confident that the sailings for the balance of the year will be handled with full cargoes. British Columbia is shipping commodities that are daily requirements of Eastern Canada. Handling these commodities by water via the Panama Canal has proven satisfactory and economical and affords a most desirable exchange of business relations as these ships return with eastern commodities needed on the Pacific Coast and the western prairies. Millions of feet of B. C.'s finest lumber have been transported to Eastern Canada by this service and, when business conditions return to normal, it is a safe prediction that the mills of this province will once more be working to full capacity preparing cargoes for eastern use. In addition to lumber thousands of cases of canned fish and fruits are shipped to Eastern Canada annually.

"We fully expect that in the fall we will be operating two sailings each month between the Pacific Coast and St. Lawrence River ports and will send our next ship from here to the east on August 20," declared Col. Brown.

### PASSING OF CLERGYMAN

Rev. Mark Jukes of Vancouver Died Yesterday at Great Age of Ninety Years

VANCOUVER, July 21.—Rev. Mark Jukes, for more than a quarter of a century a leader in Anglican Church circles in Vancouver, died yesterday. He was nearly ninety years of age, having been born in Ontario, on December 7, 1842 the son of the late Rev. Mark Richard and Harriet Jukes.

Educated in England, deceased was ordained deacon by Bishop Helmut at London, Ont., in 1875 and the next year was ordained as a priest of the Anglican Church by the late Archbishop McRae of Rupert's Land. After 14 years of missionary work in Manitoba, at Emerson, High Bluff and Minnedosa, deceased went to the United States, spending three and a half years in Minnesota and two years in Nevada. After five years at Bellingham, Wash., he moved to Wellington, Vancouver Island, as vicar tenens. After a year and a half at Wellington, he moved to Chilliwack where he spent seven years, coming to Vancouver 25 years ago to take charge of St. Luke's Church in South Vancouver.

Married in 1876 to Emma L. Parnell, deceased is survived by five sons and two daughters.

### WILL MEET SCHOOL BD.

Delegation From Rotary Club to Ask For Continuation of Manual Training

The Rotary Club, at its luncheon today, decided unanimously to send a committee headed by Paul Armour to meet the school board at its regular meeting tonight to discuss with it the possibility of retaining manual training as one of the regular school subjects.

Paul Armour, in the course of an address, referred to the matter and it was immediately taken up by Bishop Rix, Don Finn, George Munro and others and the president then appointed the delegation.

### Deaths of Two Doukhobor Babes Blamed on Mothers Who Went on Hunger Strike at Okalla Prison

VANCOUVER, July 21.—Deaths of two Doukhobor infants here recently followed malnutrition attributed to their mothers going on hunger strike, it was officially revealed yesterday. The infants, one aged two and the other three months, were being nursed by their mothers in Okalla jail where the mothers joined a hunger strike which lasted several days. The children began to fail and were sent to the Infants' Hospital where they died despite every care that could be given them.

At Nelson yesterday more than 200 women entered the fourth day of their hunger strike in protest against the deaths.

### DIVIDEND RATE CUT

Bank of Toronto Follows Suit With Bank of Montreal and Royal Bank of Canada

TORONTO, July 21.—The Bank of Toronto today declared a dividend of 2½ percent for the quarter just ended, being at the rate of ten percent per annum or a reduction of two percent from the former rate.

The Bank of Toronto has followed suit with the Bank of Montreal and Royal Bank of Canada both of which made similar reductions in their dividends rates earlier in the week.

#### OTTAWA CONFERENCE

Today sees the opening of the Ottawa Conference and the eyes of the world are turned to the Canadian Capital. The city is thronged with delegations of outstanding men from Great Britain, Australia, South Africa, India, New Zealand, Ireland and other parts of the Empire to discuss with Canada matters of importance to each and all. It may be said that the very existence of the Empire is at stake, for if this conference fails it means that the ties of Empire do not amount to much.

But the delegates of the British Nations are thinking success. The people of Canada are thinking success. Britain and the other nations are thinking success and under these conditions failure is well nigh impossible.

We all look for great results from the conference. Possibly we expect too much but the general view is that Lausanne was the turning point in the world depression and that Ottawa will be the greatest impetus toward improvement that the Empire nations will receive.

Delightful Social Last Night at First United Church in Honor of Rev. and Mrs. C. D. Clarke

Rev. C. D. Clarke, the new pastor of First United Church here, and Mrs. Clarke were welcomed by their congregation at a delightful social held last evening in the social parlors of the church.

G. F. Davey secretary of the official board, was in the chair and, in opening the proceedings, extended an official welcome to Mr. and Mrs. Clarke on behalf of the members and adherents of the church.

On behalf of the clergy of the city Rev. F. W. Dafoe, pastor of First Baptist Church, and Rev. Canon W. F. Rushbrook, rector of St. Peter's Anglican Church, also made welcoming remarks. Canon Rushbrook spoke in a delightfully humorous vein.

Mr. Clarke replied appropriately on behalf of himself and Mrs. Clarke.

The evening's musical program included piano solos by Archie Thompson and Miss Maxine Heilbroner, vocal solos by Dr. and Mrs. R. G. Large, accompanied by H. N. Brocklesby, and violin solos by Bert Cameron, accompanied by Mrs. J. S. Black.

At the close of the proceedings refreshments were served.

## Province Says May Be Election Before Year End

The Vancouver Province Victoria correspondent says in a dispatch his paper: "If the present movement for a coalition government succeeds, undoubtedly it will mean a general election before the end of the year. In any case it is not expected the government will move to fill the Mackenzie seat until the general political situation is clarified."

## Here Today - Canada's New 76 Gasoline

# New UNION 76 GASOLINE

New Summer Motor Energy is Finest Non-Premium Anti-Knock Gasoline Ever Offered in British Columbia.

New smoothness, new power, new exhilaration in motoring comes to you now in New Union 76 gasoline.

Automobile manufacturers have been constantly increasing the compression ratio of their motors. Compressing more gasoline mixture in the cylinders means more power if the explosion is controlled... If not, this greater explosive energy rakes the motor through real, audible and also inaudible knocks. New Union 76 gasoline gives you this new energy controlled. It gives the full power intended by the high compression motor designer. 76 will prevent knocks in practically all the cars in British Columbia.

Eliminating knocks not only gives new pleasure to motoring, but it also reduces vibration, saves engine wear and cuts repair bills. Also, through not wasting energy in pre-ignition knocks and using all the power, the natural result is greater mileage.

This greater service at no extra cost, is sound, practical economy.

Test it yourself... here's how. Slow down to a snarling five miles an hour in high gear with this new high octane motor fuel... then step on the throttle to a wide open position. Note the instant response without jerks, vibration or knocks and the smooth pulse of this new floating power.

76 is made in British Columbia by Canadian workmen. Millions of motorists have already tried and proved this new gasoline to be the finest non-premium anti-knock fuel ever used. Try it yourself today.

Union 76 is colored orange for your identification and protection. Get it at the Orange and White Union Pump... Marked by the big orange banners.

## CANADIAN PREMIER MAKES PLEA FOR EXTENSION OF PREFERENCES WITHIN EMPIRE AT CONFERENCE.

(Continued from page one)

New Zealand was prepared to go further with tariff preferences.

Australia favors an Empire monetary policy as well as the development of intra-Empire trade, Rt. Hon. Stanley M. Bruce told the conference.

Sean T. O'Kelly, for the Irish Free State, said:

"We are proud of the place which Canada has won for herself among the nations of the world. We are particularly proud of the part which Irishmen have taken in building up this nation and I think that Canadians will not refuse us the right to regard Ireland as one of the great motherlands from which their race has sprung. We most earnestly hope that the conference will be a success whether or not the people of the Irish Free State can share in the ultimate benefits to the full extent as the peoples of the other nations whose representatives are gathered here."

The Free State delegates had previously joined with the others in a message of loyalty to the King.

The first session of the conference concluded at 1:30 this afternoon, adjourning until 3 p.m. when closed sessions began.

## LOCAL ITEMS

William Lehti was found guilty by G. H. Munro, J.P., in provincial police court this morning on a charge of assault at Sunnyside cannery and was sentenced to the seven days he had already spent in jail.

Marko Lodjevich, Dushon T. Potkanjak, Stevo Samardzija and Yure Naglich, who arrived in the city earlier in the week from Anxox where they have been in the employ of the Granby Co., left on yesterday afternoon's train for New York where they will embark July 28 aboard the German liner Bremen for Zagreb, Jugo-Slavia.

Quaker Corn Flakes are made better by the addition of Vitamin D. No other Corn Flakes contain the precious sunshine vitamin.

**QUAKER CORN FLAKES**  
always tempt summer appetites

**QUAKER CORN FLAKES**

ON hot summer days, do you enjoy a cool, delicious dish that tempts your appetite? Then use Quaker Corn Flakes. You will find them more enticing to your taste than any other corn flakes. Ingredients in the flavour are higher in quality than those usually put into a corn flake. Special malt, pure CANE sugar and salt of crystal purity.

We are so confident you will like Quaker Corn Flakes better than any others you have ever used that we offer to remit you the cost of the package if you do not agree. This guarantee is printed on every carton.

Serve Quaker Corn Flakes at any meal, at any time of day. Economical, for they cost but a cent a serving. MADE IN CANADA.
