Mullen's to Build 2 Govt. Ships

FINAL VICTORY LOAN RALLY TAKES PLACE TONIGHT DOWN TOWN

TWO GOVERNMENT SHIPS ARE TO BE BUILT IN PRINCE RUPERT BY THE MULLEN CONSTRUCTION COMPANY

Grand Trunk Pacific Manager Wires That Government Contracts for Two Steel Vessels have been Accepted; Alex. Manson, M.P.P., Reports on Behalf of Delegation That Visited Ottawa

At last it seems like a sure thing that Prince Rupert is to have big steel ships built here. A wire was received here by Alex. Manson, M. P. P., from W. P. Hinton, vice-president and general manager of the Grand Trunk Pacific Railway, saying that J. L. Mullen Construction Company has accepted the offer of Hon. C. C. Ballantyne to build ships for the Canadian Government and will undertake the construction of two steel ships for the Dominion Government at this port.

It is great news, following as it does the news that many of the mills would continue their activities in this neighborhood and that other small industries would be started. It means that Prince Rupert's future greatness as a seaport and industrial centre is not only assured, for it was always that, but it means that prosperity will come at once.

How It Was Done.

Nearly three weeks ago a message was received locally from Mr. Hinton to the effect that the Mullen Construction Company was an offer to build ships for the American Government, but that the Dominion Government would not allow the steel to be imported. An impromptu gathering of those most interested was called and it was arranged that Mayor McClymont, and Hon. T. D. Pattullo, Prince Rupert's representative in the local house, should go, accompanied in an advisory capacity by J. H. Pillsbury. Owing to the sudden invasion of influenza the mayor felt it would not be right for him to leave and Alex. Manson, M. P. P., at much inconvenience to himself decided to go. They spent over a week at the capital and of the work done there Mr. Manson's report to the mayor handed in this morning speaks for itself:

Report Ottawa Deputation Re Shipbuilding.

Immediately upon the arrival of Mr. Pillsbury and myself at Ottawa we got in touch with the Hon. Mr. Pattullo, who pursuant to the request of yourself on behalf of the City and Board of Trade had proceeded to Ottawa as one of the deputation to take up with the Government the question of shipbuilding at this port. Mr. Mullen arrived and consulted with us on the following morning. Mr. Hinton, vice-president and general manager of the Grand Trunk Pacific Railway, had already arrived at Ottawa in the same connection and was able to assist your deputation with exceedingly valuable advice of the exact situation and the course to be pursued.

Concrete Proposition.

Hon. Mr. Burrell arranged an appointment with the Hon. Mr. Ballantyne under whose department shipbuilding comes, and accompanied your deputation upon the occasion of its interview with Mr. Ballantyne. Mr. Burrell introduced the deputation pleading our case sympathetically and forcibly and Mr. Ballantyne lent a sympathetic ear. He was frank in his discussion of the situation and went over the difficulties one by one. When threshed out, what appeared to be mountains became mole hills and the present position is that instead of the responsible minister standing in our way in connection with the shipbuilding enterprise at this port he is prepared to do everything within reason to assist such an enterprise. He submitted a concrete proposition to Mr. Mullen in our presence which Mr. Mullen has under consideration with his engineers at the present time.

Position Clearer.

Your deputation cannot report that shipbuilding will take place, but it can report that the situation is very distinctly clearer than it was and where there was difficulty before there is now none. Your deputation feels that it is exceedingly unfortunate that someone with the interests of Prince Rupert at heart did not in person at a much earlier date take the facts up with the Government. In these strenuous times each minister is exceedingly busy and has almost innumerable requests to consider. Only the personal presentation of the situation by someone with a first hand interest can attain results. Nearly always special requests are presented by someone in person and action, quicker and more decisive than could otherwise be hoped for, is obtained.

Friends at Court.

The deputation found that the Hon. Mr. Carvell and the Hon. Mr. Calder had made their task a great deal easier by their representations to their colleagues at the city of Ottawa after their visit here some six weeks ago. Now, it would appear, this city has several very decided friends at Court and the situation seems altogether more hopeful than it has at any point in the city's previous history.

Respectfully submitted,

ALEX. MANSON,

For Hon. Mr. Pattullo, J. H. Pillsbury and myself.

P. S.—Since writing the above your deputation is able to inform you that Mr. Hinton has just

wired that the J. L. Mullen Construction Company has accepted the offer of Hon. Mr. Ballantyne and will undertake the construction of two steel ships for the Dominion Government at this port. —A.M.M.

"CONCHIES" MAY GET NO VOTES

Government is Considering the Question of Disposal of Thousands Now In Jail.

(Special via G. T. P. Telegraphs.)

Ottawa, Nov. 16.—The Government will shortly take up consideration of the question of the conscientious objectors under the Military Service Act, who are now serving terms of imprisonment. There are said to be some thousands incarcerated in the jails throughout the Dominion. The suggestion has been made that as a further penalty to their imprisonment to date, they should be disenfranchised for a further period of years.

BRITAIN MAKES PROVISION FOR THE TRANSITION PERIOD

London, November 15.—Premier Lloyd George, in an address before representatives of the Employers' Association, and the Trades Unions, stated that the Government wished to maintain the present rate of wages for at least six months during the transition period. Provision, however, must be made, he said, for the conditions which are now arising in connection with wages, owing to the fact that with the change over from munitions work to private work the rates of wages which had been fixed by awards and orders under the Munitions of War Act, would cease to have effect.

NEW GERMAN GOVERNMENT'S PROCLAMATION TENDS TOWARDS DEMOCRACY AND LIBERTY

MAKES MANY MODIFICATIONS FROM STAND TAKEN BY PREVIOUS REGIME—UNIVERSAL SUFFRAGE FOR BOTH SEXES, FREEDOM OF SPEECH AND WRITING, WITH FULL LIBERTY OF ACTION

Berne, Switzerland, November 15.—Dispatches received here from Berlin state that the new German Government has published its programme in a proclamation. The dispatches add that the programme infers many modifications in the direction of democracy and liberty, both economically and politically, which would have been impossible to hope for under the old regime. While the steps taken towards reforms are the initial ones, they are the essentials and fundamentals for a democratic state.

The proclamation announces that the state of siege has been raised, that there is to be full liberty for all, even functionaries,

VICTORY LOAN BIG CAMPAIGN

British Columbia Had \$22,250,000 Up to Last Night; Toronto Trying for Half a Billion.

(Special via G. T. P. Telegraphs.)

Toronto, Nov. 16.—The total subscription to the Victory Loan reported last night was \$465,699,050. It is expected that today's returns will carry the amount over the objective.

British Columbia has now reached \$22,250,000.

Victoria, B. C., Nov. 16.—The Victory Loan yesterday had the most successful day since the campaign was launched, the sum of \$600,000 being subscribed. The total to date is approximately \$5,650,000.

WILL CO-ORDINATE THE DEPARTMENTS

(Special via G. T. P. Telegraphs.)

Ottawa, Nov. 16.—A committee of the Cabinet composed of Sir James Loughheed, Hon. N. W. Rowell, Hon. T. A. Creer, Hon. Gideon Robertson, Hon. Arthur Meighan and Hon. J. A. Calder has been appointed to co-ordinate the efforts of the various departments which have given a close study to problems of reconstruction arising with the conclusion of war.

Hon. J. A. Calder will be chairman of the committee whose members represent respectively the departments of Soldiers' Civil Re-establishment, Agriculture, Immigration and Colonization, the Interior and Labor.

GREAT INCREASE EXPECTED IN CANADA'S EXPORT TRADE WHEN SHIPS ARE RELEASED

CABINET RECONSTRUCTION DEVELOPMENT COMMITTEE CONFERS WITH BUSINESS MEN REGARDING TRADE SITUATION ARISING FOLLOWING PEACE CONDITIONS

(Special to The News via G. T. P. Telegraphs.)

Ottawa, November 16.—The Reconstruction Development Committee of the Cabinet, under the chairmanship of the Hon. A. K. McLean, conferred yesterday with a representative gathering of the leading Canadian exporters and shipping men, in regard to tonnage and export conditions and requirements following peace conditions.

The Government expects that prompt and satisfactory arrangements can be made for providing tonnage to handle the large export business now in sight, both in Atlantic and Pacific trades. Exporters of machinery of all kinds, meats, fish, agricultural produce, lumber, etc., anticipate large orders, not only for necessities of the war devastated countries of Europe, but also for South Africa, Australia, New Zealand and South America, which have been cut off more or less during the war from their usual sources of outside supplies. Steamship men decided at today's conference they were prepared to put their carriers back on regular trade routes as soon as they were released by the Admiralty. Some steamships, it is understood, will be immediately released for Canadian use to carry Canadian manufactured produce ordered long ago, to South Africa, New Zealand and Australia.

PEACE CONFERENCE WILL BE HELD AS SOON AS CAN BE ARRANGED BY ALLIES

SPREAD OF REVOLUTIONARY SPIRIT IN EUROPE IS REASON GIVEN FOR CHANGE IN PLANS; TENDENCY TO DELAY HAS HAD TO GIVE WAY

(Special to The News via G. T. P. Telegraphs.)

Washington, Nov. 16.—Developments in Europe, not only in a military way but in the field of international policies and the tendency of the revolutionary spirit manifested by the demoralized civilian population of the Central Empires to spread to neighboring states, have influenced the Allied and American Governments to arrange for a meeting at an early date of the Great Peace Conference.

There has been a disposition to delay the holding of the peace conference until the situation in Europe had somewhat crystallized but it is understood that other considerations finally forced the decision to assemble the conference at the earliest date that can be set, having regard to the difficulty of insuring the attendance of commissioners or delegates at Versailles which seems likely to be selected as the place of meeting.

INVESTIGATE LOSS OF SOPHIA

Enquiry to Be Made Into Loss of Vessel and No Witnesses Now Left Alive.

CAPTAIN J. D. McPHERSON, WRECK COMMISSIONER, WILL HOLD ENQUIRY

Victoria, November 16.—Wreck Commissioner Captain J. D. McPherson has received orders from Ottawa to hold an investigation into the loss of the C. P. R. steamer Princess Sophia on Lynn Canal, Alaska, recently. No further instructions have been received.

It was assumed here at first that the enquiry would resolve itself into an endeavor to place the blame, if any, for the loss of life, which was so very heavy, and to find out definitely if there was any negligence displayed with regard to the taking of proper precautions for the safety of the passengers.

The instructions received from Ottawa are simply to make an enquiry into the loss of the vessel and no one now remains alive to give evidence regarding this.

INFLUENZA TRAVELS TO THE FAR NORTH

Ottawa, Nov. 16.—According to reports reaching here, the influenza epidemic has reached the sparsely populated regions of the far north, from the Labrador coast to the delta off the McKenzie river. The disease is causing a heavy death toll among the Eskimos.

Last Chance to Get Victory Bonds.

This is the last chance to buy the 1918 Victory Loan bonds. Tonight the sale closes and no offers will be received after that. Prince Rupert's great record must be a source of satisfaction to citizens as well as to the provincial organizers who made the preliminary arrangements.

The record at the time of writing is one of which to be proud, but it will be better yet when the last sale is made tonight.

General Elections Coming In Great Britain Now.

Now that the actual strain of warfare is over, the people of Great Britain are going to indulge themselves in the joys of a general election—which they have denied themselves since the outbreak of the war. An election is always a joyous time for a great number of people—chiefly the larger proportion who are not in the running for appointment. It is true that a new parliament in Great Britain is overdue now, but the fierce times through which the nation has passed kept them busy with other more important and pressing matters.

Now that the example is being set by the mother of parliaments, it may be expected to be followed the world over. There is a whole lot of housecleaning to be done in nearly every country. And there are very grave and serious matters bound to crop up for the consideration of the various peoples.

How soon Canada will have an election is a moot question. The Union Government was for the specific purpose of uniting all factions in parliamentary circles to permit of joint and undivided effort for the winning of the war. Well, the war is won. What next?

The Period of Re-Construction Looms Nigh.

The problems of the settling down of the soldiers and of the civilians too, after the work of war is no light task. It is one which will tax the capabilities of the leaders of the country. Accomplished efficiently it will make for the continued prosperity and happiness of the nation. Half done, or dealt with academically instead of practically, there will be no end of trouble. The various governments in the different countries during the next several years will have to have the confidence—the full confidence—of the electors if they are to accomplish anything worth while.

The Passing Of the "Flu."

The glad news from the mayor that the schools are to reopen on Monday is significant of the great improvement in the public health which the last week has witnessed.

The epidemic appears to be definitely over, and should it break out again, the education the general public have received in hygiene during these last few strenuous weeks should assist materially in suppressing it promptly again. With the taking in of the schools, the opening up of the other places of public congregation will follow soon, and before many days are over, it is to be hoped that the activities of the city will have resumed their normal course.

Helpful Service Offered By Many Citizens.

During the first days of the epidemic, when many were fearful of the contagion, the noble and willing service freely offered by many of the citizens is worthy of the greatest commendation. Tre Borden Street Hospital was manned by volunteer help, and equipped at the beginning for the reception of the first cases, too, by those who had the necessary articles to lend. Beds, blankets, sheets, thermometers, and all the other requisites of a hospital were freely offered in the emergency. Housewives who had their own families to attend to and could not assist personally sent in gallon after gallon of nourishing soups to relieve the pressure on the emergency kitchen staff. The volunteer nurses in many cases themselves developed influenza, and their willing assistance is directly responsible for the saving of many lives. The thanks of the community is due them.

PRISONER TELLS OF HIS HELLISH TREATMENT

Pte. Booth of Victoria Returns and Confirms German Methods of Treatment.

A sample of one of the many crimes which will be held to the account of Germany when the final peace terms are being considered is given in the tale told by Private Booth, now spending his first leave since arriving home after experiences in German prison camps which have brought him down from a tall robust healthy man as he left Victoria with the 103rd Battalion to a mere shadow of his former self.

Pte. Booth related experiences of his own and treatment meted out to men unfortunate to fall into the hands of the brutal Hun captors that will bring home to the people more than anything else the atrocities which have been committed in the name of Germany in view of the fact that some of the men that he refers to are men who left from this city.

Booth was still in the fighting and unharmed when his battalion consolidated at the Germans' second or third line trench. To the best of his recollection he and several other men, among them Pte. Wm. Simpson, of Spring Ridge, and Pte. John Bell, who also left Victoria with the 103rd Battalion, were about forty yards ahead of the Germans' third line trenches when they heard orders shouted to "dig in." It was too late for the little party who were surrounded by numbers against whom it was impossible to resist. They were taken to a Hun dugout, where they were kept until night. At night they were taken out to commence a march which lasted the whole of the night and to the middle of the next day, and for first part of the journey were under the heavy barrage the Canadians were putting over. For part of the journey they had mounted Uhlans for guards and during the long march about a half pint of burned acorn coffee, cold, and a "pretty slim slice of black bread" was their only refreshment.

It is impossible to tell all the hardships which this poor man went through at the different camps. Speaking of the work they were forced to do, Private Booth says: "We started at 5:30 in the morning and were given a drink of coffee and a slice of bread. We were marched five kilometres towards the line and handed picks and shovels and told to make a track for a railroad to get ammunition straight up to the line. They worked until noon each day, when they rested for twenty minutes, but were given nothing further to eat. Work was then resumed until 5:30, and they then commenced on the five kilometre march back to the half built house. Russian prisoners, they were told by the German guards, were working from the front line towards them to connect up the railroad track. A Greek in the Imperial forces and a Dutchman, who could both speak German, were used as interpreters.

Blows and abuse were the common lot of the men, and Private Booth himself declares he has had both. "It seemed," he said, "as if their intentions must have been deliberately to incite us to open revolt for an excuse to shoot. If we straightened our backs the guards struck us with sticks or threw lumps of hard clay at us. They would push and hit us with sticks and the butts of their rifles. Two men attempted to escape and got as far as the German front line barbed wire, but were caught. They were both beaten and brought back and put on bread and water for three days. Men weakened by exposure, hunger and hard work frequently fainted. They were rolled aside until they regained consciousness and then set to work again."

The men reached their home about 6:30 o'clock in the evening and were allowed a small fire until 8 o'clock if they could pick up any pieces of wood in their path on the way back. As already

mentioned, their great coats and leather jackets had been taken away, "and," says Booth, "we often went to bed drenched to the skin and woke up the same way. We very seldom had a fire, and as for sleep—night time especially is hell when you are hungry. Your stomach grinds until you have to get up and walk the floor. We used to lie down on the concrete floor in the basement to try and sleep because it was the driest place in the house. We could get no timber to close up the openings made for windows and doors, and had nothing we could hand up. The amount of soup we got at night was just enough to aggravate, and we used to lie on the concrete floors longing for morning to get the slice of black bread and acorn coffee."

"French women and children would try to give us a piece of bread or a few cigarettes, but if the German guards saw them they would kick them and knock them down, and take the bread and cigarettes away from the prisoner or the French woman or child. Anyone who took pity on us that way was taken before the German officer in charge of the town and fined."

MINEHAL ACT

Certificate of Improvements.

NOTICE

Drum Lummon, I. L. Caledonia, Mavis, Ibis, Kitchener, Big Thing, Dumfries, Montalve, Index, Malachite, Cupprite, Grey Copper, Wharf and Bunker mineral claims, situate in the Skeena Mining Division of Range 4, Coast District. Where located:—On Copper Creek, Douglas Channel.

TAKE NOTICE that I, John D. Anderson, B. C. L. S., of Trail, B. C., acting as agent for the Drum Lummon Copper Mines, Limited, Free Miner's Certificate No. 22, 639-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificate of Improvements, for the purpose of obtaining Crown Grants of the above claims.

And further take notice that action, under section 37, must be commenced before the issue of such Certificate of Improvements.

Dated this 21st day of September, A. D. 1918.

J. D. ANDERSON.

NOTICE is hereby given that the Sale of Lands to be held on the twenty-fourth day of October next upon which delinquent taxes are due has been postponed so far as lands in the Prince Rupert Assessment District are concerned and that on the 23rd day of November following a sale will be held of all such lands in the said Assessment District.

C. W. HOMER, Assessor and Collector
DATED this 2nd day of October, A. D. 1918

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption by joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 500 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

NEW COMMISSIONER FOR CIVIL SERVICE

W. H. McInnes of Vancouver Gets
Position Following A. N. Mouat
Who Has Acted Since July.

The announcement is made by the Hon. J. W. DeB. Farris, Attorney-General and Acting Premier, that W. H. McInnes, of Vancouver, has been appointed by the Provincial Government to the position of Civil Service Commissioner, in the room of A. N. Mouat upon whom the temporary administration of the Civil Service Act fell on its proclamation on July 1 of the present year.

Groundwork Laid.

It will be remembered that the Comptroller-General was appointed to administer the Act in addition to his other duties. During the intervening months Mr. Mouat has assembled all the information in connection with the Civil Service and has laid the groundwork for its complete re-organization.

In view of the fact that the fundamental work is now completed, the Government has come to the conclusion that it is necessary to have the services of an official who will devote his whole attention to the work that will now devolve upon a commissioner for this branch of the Government's activities.

Salary Question.

Mr. McInnes is a graduate of Queen's University, Kingston, and for the past twelve years has been a resident of British Columbia, the major portion of which has been spent in the city of Vancouver. He is forty years of age and by profession an accountant, practising in the Terminal City.

One of the Commissioner's primary duties will be concerned with the grading and classifying of each branch of the Civil Service, ostensibly with the object in the first place of determining a basis upon which salaries may be adjusted in accordance with the promise already made by the Government.

CANADA HAS LARGE STOCKS OF FOODSTUFFS

Ottawa, Nov. 15.—The cost of living report just issued shows that there are 20,354,212 pounds of fish in storage in Canada, making an increase of 62 per cent. over last year. There are also enormous quantities of meats and butter, amounting to many millions of pounds.

ANTI-SEMITIC RIOTS BREAK OUT IN POLAND

Stockholm, Nov. 15.—The Jewish press reports that anti-Semitic riots have broken out in several towns in Western Galicia, and in Poland. Six Jews have been killed at Siedlee, 45 miles southeast of Warsaw.

ONE WET SPOT

St. Paul, Minn., Nov. 15.—With eighty-two counties out of eighty-six tabulated, the dries today need 1,170 votes in order to carry Minnesota into the prohibition ranks.

INFLUENZA GERMS CAN BE SWALLOWED BY WHOLESALE

No Danger of Contracting
Influenza.

So states a well known Vancouver doctor who offers to swallow a capsuleful every day for a week. The Doctor is right.

With plenty of fresh air, good nourishing food and a tablespoonful of KENNEDY'S TONIC PORT four times daily you can keep your body strong and thoroughly fortified against the ravages of influenza, asthma, bronchitis, colds or coughs.

BIG DOCTORS PRESCRIBE IT.
DRUG STORES SELL IT.

Even if you have already bought a Victory bond, don't you think you could manage to pay for another?

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them a trial on your next job?

Why delay further? Buy that Victory bond now and settle the matter.

The Banks will advance you money to buy Victory Bonds on a Twelve Monthly-Payment Plan

How much money did you save last year —\$100, \$500, perhaps \$1,000—and you have it in a savings account all ready, like a prudent patriot—to put into Victory Bonds.

But—just a moment:

If you saved \$100 or \$500 or \$1,000 last year, how much do you expect to save during the coming twelve months?

You can now capitalize your ability to save and help your country at the same time.

In this way: Any Chartered Bank will give you credit for ninety per cent. of the amount you can save to put into Victory Bonds and the Bank will carry you for a year, charging just the same rate of interest as you get on your bonds—so the interest costs you nothing.

You can pay off your bonds to the bank in monthly instalments and each instalment begins to earn 5½ per cent. for you the moment it is paid.

Step in and see a Banker about it to-day—it costs nothing to investigate and you take no risk in any event.

MUCH APPREHENSION IN HOLLAND BY THE PRESENCE OF WILHELM

Dutch Monarchy May Be Endangered—People Enflamed Against Royalty and Out of Sympathy.

London, November 15.—Information received here from Holland is to the effect that the situation there is causing grave apprehension, and that the presence of the former German Emperor with the members of his family and some of his strongest supporters may so inflame the people as to endanger the monarchy. The Republicans, who have always formed a goodly proportion in Holland are bitterly opposed to Wilhelm finding a refuge from his own people in the Dutch provinces. They are making the most of the situation. Posters are being displayed on the streets declaring that when Holland was at the height of her power, she was a republic, and had thrown off the yoke of tyrants, and that even now, the country must not be tainted with the presence of other foreign tyrants, even in refuge.

MASSET CELEBRATED

Patriotic Entertainment Held At School to Mark the Coming of Peace.

When the wire arrived at Masset announcing that the Allies had granted an armistice to the Germans on terms dictated by the Allied Nations, a celebration of this event at once took place at the residence of C. Harrison. All the loyal and patriotic subjects of His Majesty assembled, hoisted and saluted the Flag, sung patriotic songs and fired off volleys in honor of the occasion. The same evening the school-house was tastefully decorated with the Flags of the victorious nations, and a social was held to celebrate peace. A very pleasant evening was enjoyed by all present. Patriotic songs, recitations and patriotic speeches occupied the time until the ladies of the Masset Red Cross Society served the refreshments. After this, all joined in singing the National Anthem.

IN MEMORIAM

In loving memory of Sapper M. Donald, who died for his King and Country Thursday, September 27, 1917, aged 34 years, September 24, 1917.

Servant of God, well done!
Thy glorious warfare's past;
The battle's fought, the victory won,
And thou art crowned at last.
Soldier of Christ, well done;
Praise be thy new employ;
And, while eternal ages run,
Rest in thy Savior's joy.

\$75,000 IS WANTED TODAY

This Amount Required to Round Out the Half Million For The Prince Rupert District.

NEARLY EVERYONE CAN TAKE ANOTHER BOND

\$425,000 is the total of the subscriptions to the Victory Loan 1918 made by the people of the Prince Rupert District up till closing time last evening. This leaves but \$25,000 to complete the half million dollars from this district. There are good hopes that this sum will be realized but to obtain it, the co-operation of everyone will be required. There are very few people in the city, even taking into consideration those who have already subscribed, who could not stand taking another Bond, even if it were for only fifty dollars. One other Bond of whatever denomination from every bondholder would go a long way towards the required amount. Then there are they who have postponed taking out Bonds until the last minute, and they will have to come forward today, if they want to be in on this.

The Dominion Government has to finance the building of steel ships at Prince Rupert, which will mean the spending in this city of a whole lot of money. If we want to assist the government, and to help the shipbuilding industry to come here, one of the ways is to lend the money to the government to enable them to do their bit. Canada needs ships. Prince Rupert can build them. The Government has given the contract, and needs the money to finance it. The people of Prince Rupert have the money to lend. So come on with it, and invest it in Victory Bonds. Both principal and interest will be coming back to the City. For the progress of Prince Rupert, buy Victory Bonds.

A Superior Collection of VOILE BLOUSES

Our blouse assortments are kept at the very top notch of completeness by continuous receipt of express shipments from eastern fashion centres. The NEWER things come to us at the same time as they are shown in the exclusive stores of the east.

Said One Woman About Our Blouses:---

"I bought two of those blouses last week and have already worn one of them. They wash wonderfully. While they are so pretty and new I decided I might as well purchase a third, while I was sure of one of the best styles."

Some have round collars, others in "V" necks, roll effect, etc. Some are embroidered, others are lace-trimmed, tucked, and so on. The range is very complete and the variety too extensive to describe here.

Prices range from \$3.50, \$4.00 and all the way to \$9.00.
