The full-blown flower of Indian

life is undeniably the far-famed "potlatch." It formed the chief corner-stone of heathenism in the old days, and its spirit today is the chief stumbling block to progress among the Christian communities. The word, I think, is of Russian origin, and belongs to the Chinook jargon, which seems to be a conglomeration of words borrowed from various Indian and Eurpean tongues (principally) French and English), and strung together in a very simple manner for trading purposes. Washington, December 3 .- President Wilson in his address to Congress says that he had considered it his paramount duty to attend the Peace Conference. He hopes to translate into action the ideals of the United States in the war.

From this point the principal

features of the Yuk are: 1. Gigienuh'-l Wau, or prayer to the guests. This consists of a very formal and at the same time intreating address; the idea seeming to be the removal of prejudice, opposition and hostility. ## CONSIDERED TONIGHT

At the meeting of the City Council last night on the suggestion of Alderman Dybhavn it was decided to give the committee which had in charge the proposal to erect an independent cold storage two months' extension of time insofar as the special rate for power was concerned.

A meeting of fishermen will be held tonight for the purpose of considering the feasibility of going ahead with the project and it is probable that as a result some steps will be taken to get the concern under way.

### What About a

#### Co-operative Cold Storage?

There is to be a meeting of fishermen tonight for the purpose of discussing the question of a fishermen's cold storage. The committee which has had the matter in hand has put it up to the fishermen with the idea that they, being the most interested |\* parties, might like to go ahead with the scheme. The city has \* extended the time of their power privilege in order that they may have every chance.

If the fishermen want an independent cold storage this is their chance. There is a good deal of money needed but doubtless the merchants and others would take stock in the concern. It is necessary, however, that those most interested in the business should undertake the work and when it becomes a going concern they will be the people who will support it. It is useless Flu a powerful blood - making for the fishermen to grumble at other institutions, at the shortage tonic is an absolute necessity, and of ice, or at the conditions generally if they are unprepared to one that is accepted by the mos get in and help themselves when the opportunity offers.

It is from an actual photograph of Anna Case of the Metropolitan Opera singing in direct comparison with her own voice on the New Edison.

"But what's remarkable about this?" you ask. The amazing fact is that no human ear can distinguish the artist from the instrument; so perfect is the Re-Creation. This is what we call the "tone test". And it proves he truth of the Edison Company's claims about

t proves that the instrument does re-create, not merely imitate. Hundreds of these tone tests have been conducted. More than 2,000,000 people have attended them. And not one could say when it was the artist he heard and when the instrument. With the lights lowered to hide the singer's lips the audience was completely baffled.

## SUPERINTENDENT OF UTILITIES REFUSED

A recommendation from the Utilities Committee that T. C. the Factory Duncan, superintendent of utilities, be granted an increase in salary of \$15 a month was refused by the City Council last night on a vote of four to three, Aldermen Dybhavn, McRae and McMeekin voting for the increase and Aldermen Casey, Barrie, Rochester and Kirkpatrick opposing.

Immediately on the proposal being made by the chairman of the committee, Alderman Casey was on his feet to protest. He tendent had given such service as to warrant special consideration. Not only did he object to the increase but to the superintendent holding the position.

Alderman Rochester opposed the increase on general principles. He did not consider the cost of At the meeting of the City |\$240 a month.

The vote was then taken.

## DAUGHTER OF DESTINY HAS HEART THROBS

That some women seem fated to get into the wierdest sort of matrimonial mazes is demonstrated in "Daughter; of Destiny" which is the title of Madame Petrova's first photoplay from her own studios. The feminine pawn in the fate game played on the in the fate game played on the diplomatic chess board which forms the background of the story is a perfectly good and almost too beautiful to be true American girl by the name of Marion Ashley. Marion has no mother, but her, father's affection for her does everything but steer her clear of the troubles any modern mother could see without half trying.

Being beautiful, artistically inclined and wholly unsuspicious as most nice girls are, Marion first accompanies a famous Austrian artist to the altar, this betrace of the diplomatic chess board which forms which forms the background of the story with the troop of the background of the story with the troop of the foreign of the Minister of Public Works, for a sum equal to 20% of tender, which shall be forfeited if the party tendering decline to enter into contract.

Morganic they call such affairs-Mormonatic would come nearer the truth. So poor Marion has two husbands or none; dependent on the point of view.

A decidedly interesting situation that leads to highly sensational developments which, presented by Madame Petrova and her splendid company, makes a fitting climax in a story filled with heart throbs.

### SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where the emptor in occupation not

Where 1 -emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; dential and improvement conditions.

For grazing and industrial purposes,
areas exceeding 640 acres may be leased by one person or company. PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive. TOWNSITE PROPERTY ALLOTMENT

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making allotment adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction For information apply to any Provin-cial Government Agent or to Deputy Minister of Lands,

can be washed over and over again with Lux and still retain the delightful charm of freshness and newness. Very desirable, this, in war time! Lux is so gentle in its cleansing power that it cannot harm the most delicate fabric.

## How to wash a silk garment

Use a tablespoonful of Lux to a gallon of water. Dissolve in boiling or very hot water and whisk into a thick, creamy lather. Add cold water until luke warm. Dip your garment through the Lux suds many times. Work it about, gently squeezing the suds through the soiled parts but do not rub! Rinse in three waters-clear and also luke warm. Press the water out-but do not wring. Dry in the shade and when nearly dry press on the wrong side with a warm iron-never a hot one. Press crepes from side to side and stretch a very little as you press. They will look just like new!
