Farmers Asking Free Trade

PUBLIC BUSY IN ENGLAND PROPHECYING REGARDING NEW CABINET

RECIPROCAL FREE TRADE IS DEMANDED BY FARMERS OF ONTARIO IN BIG CONVENTION

NOT SATISFIED WITH AGREEMENT OF 1911, BUT WANT TARIFF BARS SWEEPED AWAY ON MANUFACTURED ARTICLES; OPENING SHOT OF BIG FISCAL CAMPAIGN

(Special to The News via G. T. P. Telegraphs.)
Toronto, December 20.—Reciprocal free trade with the United States, in everything from A to Z is the demand of the United Farmers of Ontario. They will not be satisfied now with the reciprocal agreement of 1911, which affected natural products only, but want the tariff bars swept away on all manufactured articles as well, if the United States will do the same. Amid tremendous cheering they passed a resolution to that effect at their convention in the Labor Temple yesterday afternoon and free trade with the United States is to be one of the biggest planks in the Ontario Farmers' platform.
No longer will organized farmers of this province be accused of being behind their western brethren. This is the opening shot of a big free trade wave that seems likely to sweep across the country from Halifax to Prince Rupert and which may be effective in revolutionizing the fiscal policy of Canada.

NEW LINE IS BEING FORMED BY HINDENBURG

Berlin Government Asks for Explanations But Has Received No Reply Yet.

(Special via G. T. P. Telegraphs.)
Paris, Dec. 20.—Field Marshal von Hindenburg has telegraphed the Berlin Government advising it of his intention to form a new front six miles behind the neutral zone fixed by the armistice, according to a despatch to Le Journal from Zurich today. The government has asked the Field Marshal for an explanation adds the despatch, but has not yet received a reply.
It is also announced that two regiments of the active army will be sent to Frankfurt on the Main at an early date.

STEAMER SANK

(Special via G. T. P. Telegraphs.)
San Francisco, Dec. 19.—The bay steamer Sehome, carrying 100 passengers, sank in collision with the bay steamer General Frisbie in San Pablo Bay, in a heavy fog. Two members of the Sehome's crew are reported drowned.

WOULD RAID CLUBS UNTIL RUN DECENTLY

Police Commissioners Discuss the Conduct of Cabarets and Clubs in City.

At the meeting of the police commission the question of the regulation of cabarets and clubs was discussed. It was pointed out that the clubs were incorporated under the Companies Act and in that way even the hands of the attorney-general were tied.
Commissioner Macdonald said it was well known that in some of the clubs there was a rake-off at the gambling tables. He thought it would be the best thing to raid them every day until they were conducted decently. They may not be able to get convictions but they could make it very uncomfortable for those who conducted the clubs. He was in favor of making an effort to clean them up.
The question of the cabarets was also discussed. It was mentioned that they were not all roughnecks who went there just as they were not all roughnecks who formerly went below the line. The moral reform association which was once so active, now seemed to be dead.
The mayor explained that they were trying to get more power to control these institutions. He thought they should have greater control of their own affairs and less interference from Victoria.

TOM AND AL ARRIVES WITH BIGGEST CATCH

Has 80,000 lbs. of Halibut and is Leaving for Banks Immediately.

Bringing 80,000 pounds of fish the Tom and Al, Capt. Gibson, arrived here yesterday after experiencing rough weather during the three weeks she has been away. She lost no gear.
The Tom and Al is a six-dory craft, the largest share boat fishing out of Rupert. She was down south six or seven weeks ago to have a new pilot house put on her and will not go down for Christmas. A couple more trips will be made and it depends on the fishing as to whether the boat will go to Seattle then. Last year the Tom and Al left Seattle for the north on the day before Christmas.
Last trip the Tom and Al brought in 70,000 pounds. Her last catch is the biggest she has made this fall.

FEW DAYS MORE AT NORTHERN CAPITAL

Captain Groves' "Knights of the Hook" so Expeditious That Boat is Missed by Local Man.

The many friends of G. L. Thompson of the Rocher de Boule will be surprised to meet him around the city today.
Mr. Thompson closed up his business affairs yesterday, gathered up his belongings; purchased his ticket for Seattle, and proceeded to the steamer; Prince George last night; procured his stateroom, and after getting settled, took a walk around the dock, and sized up the huge piles of baggage, express and mail; cast his critical eye over the loading operations, and concluded that two hours at least was the limit that such a mass of freight, baggage and miscellaneous matter could be loaded on to the vessel, and so proceeded up town to take a last look at the long frequented surroundings.
But Captain Groves' "Knights of the Cargo Hook" were a little more expeditious than Mr. Thompson gave them credit for, and on his return in about an hour, the stillness and quietness of the waterfront spurred him on to a hasty descent of the steps and approach, and on reaching the dock itself was dismayed to find the steamer's berth vacant, and the lights of the vessel scintillating on the placid waters of the centre of the harbor.
Mr. Thompson tried to explain to a straggling loiterer that she must come back, as his effects were all on board the ship; he did not even have a tooth brush, but the captain could not hear him and he once more wearily climbed the steps and approach to spend another short respite in the town that he has lived in so long and loved so well.

WORKMEN AND SOLDIERS TRANSFER POWERS TO THE PEOPLE'S COMMISSIONERS

IMPORTANT RESOLUTION PASSED BY GERMAN CONGRESS GIVING EBERT GOVERNMENT AUTHORITY; CONGRESS TO HAVE PARLIAMENTARY SUPERVISION

(Special to The News via G. T. P. Telegraphs.)
Amsterdam, December 20.—The Congress of the German Workmen and Soldiers' Council on Wednesday passed a resolution, according to a Berlin telegram, transferring the legislative and executive power to the people's commissioners, the Ebert Government until such time as some other arrangements are made by the German National Assembly.
The congress has further appointed a central council of Soldiers and workmen to exercise parliamentary supervision over the German and Prussian cabinets and with authority to appoint and depose the people's commissioners of the Empire and to have the final regulation of state affairs in Prussia.
Amsterdam, December 20.—Her Lansburg, Secretary for Publicity in the German Government is quoted as telling the Berlin Congress of Soldiers' and Workmen's Council that 53,000 German sailors have assumed control of the German navy department. Sailors, he is declared to have added, have prevented necessary work being carried on and have released prisoners convicted of treason.

ELEVATORS MAY MAKE LONDON GRAIN PORT

Important Industrial Developments are Pending in England Involving Expenditure of £5,000,000.

LARGE REFINERY IS GOING TO SWANSEA

(Special via G. T. P. Telegraphs.)
London, Dec. 20.—Important industrial developments are pending in England, according to the Daily Chronicle, which says that enterprises already in hand involve an expenditure of £5,000,000. Chief among these is the building of a large refinery at Swansea by the Anglo-Persian Oil Co. This company is preparing to spend £2,000,000 upon wharves, railways and tracks.
Many mining enterprises are prepared, according to the newspapers.
Efforts are being made to make London the chief grain importing and distributing point in the United Kingdom, according to a London correspondent of the Scotsman, the leading Scottish newspaper.
It is said that there is a marked tendency in the dominions, particularly Australia and South Africa, in favor of the plan. The adoption of the elevator system for handling grain, which has been in operation for many years in the United States and Argentine, is favored, it is said.

RECONSTRUCTION CABINET IN BRITAIN IS TO FOLLOW RETURN OF LLOYD GEORGE

SPECULATION RIFE AS TO WHO WILL HOLD POSITIONS IN NEW GOVERNMENT; LABOR LIKELY TO LINE UP IN OPPOSITION; CHAMBERLAIN, CHURCHILL AND GEDDES MENTIONED

(Special to The News via G. T. P. Telegraphs.)
London, December 20.—Lloyd George is keeping his own counsel regarding the reconstruction of his government until the elections show what material is available. But it is improbable that a return will be made to the unwieldy cabinets of pre-war days. One well informed opinion is that the war cabinet of six will be enlarged to a reconstruction cabinet of twelve.
Undoubtedly the Premier would welcome the widest possible broadening of the basis of government by the inclusion of labor representatives, particularly Barnes, but with the prospect of a very strong labor opposition such development is unlikely.
Rumor has it that Austen Chamberlain is slated for Chancellor of the Exchequer, though another nomination is Churchill, whose restless activities would not be satisfied with a cushy job in the cabinet.
It may be taken for granted that the Ministry of Munitions will cease, but an alternative is the Home Office which offers great scope in the years of reconstruction. The position of Sir Eric Geddes is also indeterminate. His business administration has been of the greatest value and if he cares to continue in politics, his claims to high office are overwhelming.

LID NOT OFF FOR HOLIDAYS

Commissioner Wants Liquor Selling stopped—Public an Idea There is a Ring.

The lid is not to be off at this coming holiday season, according to instructions given to the chief of police by the police commission yesterday at their regular monthly meeting. There were only two commissioners present, Mayor McClymont and Sid Macdonald, but both seemed to agree that conditions in the city were not satisfactory and that they would have to be righted. A special meeting of the commission will be called early in the new year to take up matters of importance having to do with the administration of police affairs.
Mr. Macdonald went on to complain that it was being continually reported to him that whisky was being sold over the bars at 50c a drink. He wanted this stopped. He said he did not care whether it was near election time or not, he wanted the police to go after the gamblers and those who sold whisky. Representations had been made to the effect that there were places the police would not go into. If it was true that liquor was being sold openly at these places it was no credit to the police. If they had not the ability to clean things up the city must get a new force, but he had not lost faith in the police.
The mayor said that the public seemed to have the idea that there was some ring. The difficulty was that people were always ready to complain but refused to give evidence against the wrongdoers. They told about booze selling but when asked to give evidence they refused. Only one man had been found who was ready to back up information with an affidavit. If more would do this it would be easier for the commission.
Commissioner Macdonald remarked that the commission was a laughing stock in the community and he wanted the chief to enforce the law to the limit.

BIG WOLF INVADES PORT SIMPSON TOWN

Driven Down from Hills by Snow Timber Wolf is Killed with Gun.

Yesterday there was a scrap at Port Simpson which was of considerable interest to the people there, when a great black timber wolf appeared right in the town. The first dog that caught sight of it sat up and took notice, and then mixed in in good shape.
The wolf was a big one, standing some three feet high, but notwithstanding, the dog stood up to him, and put up a great fight. The odds were against the dog, but before he gave up the unequal contest, the noise of the fighting had aroused the attention of several of the inhabitants, and the wolf was finished off with a gun.
It is quite unusual for wolves to be seen so close to civilization and this big fellow must have been hungry, or else have lost his sense of direction.
The fight took place near Joseph Mather's house, on the edge of the reserve within the town of Port Simpson. The animal will be skinned. His pelt is said to be worth \$15.00, and there is also the Provincial Government's bounty of \$15.00 for every one killed, making the value of a dead wolf about \$30.00 nowadays.

Opening of Mill is Encouraging.

The news that the mill of the Georgetown Lumber Co. is to open at once for commercial business is the best news we have had for some time, next to the shipbuilding announcement. It is an indication that there is to be industrial activity here outside of the fishing and shipbuilding.

It was difficult to avoid the feeling when every mill in the district shut down, that before long there would be rather dull times unless something happened to keep things moving. The depression was very short lived for almost immediately came more news of activity in connection with the shipbuilding plant and now this is followed by the recommencement of lumber activity.

The lumber business from this time on will be on a commercial basis. It will not be possible to charge the consumer such prices as will pay for any extravagances in connection with its production. The lumber trade is always run on a small margin. With so many mills in the district the margin is likely to be even smaller than ever and the result will be that the millmen will be cutting down all unnecessary expenditures.

Housing Scheme in Charge of Liberals.

The Tory section of the Union Government at Ottawa seem to have washed its hands of the housing scheme, for there is not one Conservative on the committee which is to administer the scheme and which is known as the Housing Committee. With men like Rowell, Robertson, MacLean and Crerar in charge, the movement is off to a good start. There are difficulties to be overcome, however, and although the sum of \$25,000,000 seems a good deal it does not allow much to a province with a population as small as that of British Columbia. Here undoubtedly private enterprise will have to attend to the housing of the people for many years to come. House property does not pay very well anyway, at any rate in the west.

Most Notable Conference Since Beginning of Time.

Great preparations are being made for reporting the proceedings of the peace conference. Special newspaper writers from all over the world will be in Paris for the great occasion and if they do not listen to the deliberations of the solons will at any rate write articles about the people, how they looked, what they said outside the conference and what Paris is like at the time of the deliberations.

Even from Canada there are many special representatives of the press gone across and many writers will write wisely about the proceedings who will not cross the ocean or even get to know any of the principals in the gathering. It will be possibly the most notable conference in history.

A SHORTAGE OF XMAS TURKEYS THIS SEASON

As turkeys are selling very fast this Christmas the local merchants state that a shortage is likely to result before Christmas, in which case the more humble chicken will hold the spotlight on the dinner table. Turkeys are selling in Rupert at fifty cents a pound while it is said that Vancouver is getting at least sixty for them.

Cranberries are higher this Christmas, retailing at thirty-five cents a pound.

The table cluster raisins have not arrived here yet, as the U.S. embargo was slow in lifting on this Yule-tide commodity.

The crop of navel oranges is three times as large as it was last year, but the high prices have resulted in much of the crop not being sold. In order to get rid of it prices are dropping and in about a week's time oranges will be retailed at about forty per cent lower, than present prices.

GENERAL RECOGNIZES RUPERT'S GOOD WORK

The following letter has been received by M. P. McCaffery, chairman of the local sub-committee of the Royal Air Force, thanking the members of that committee for their excellent work:

"I have been constantly informed by my officers in charge of recruiting of the sterling service you have rendered in connection with recruiting for the Royal Air Force in Canada.

"I wish to take this opportunity of thanking you for your aid and congratulating you upon the splendid results achieved through your efforts.

"I wish also to say that it was not until civilian recruiting committees were organized throughout Canada that a sufficient supply of cadets was ensured, and the success of our efforts in establishing training guaranteed.

"You will be interested to know that we have sent overseas 2,538 trained pilots, while we have 552 in Canada, who have completed their training. These figures are considered very remarkable in England.

Yours very sincerely,

"C. HOARE,
"Brigadier-General, Commanding Royal Air Force of Canada."

ROYAL STANDARD FLOUR

Food License No. 139-12-195.

Thus you will see how every sack of flour is really "pre-baked"—o.k.'d by our chemists and guaranteed to produce the greatest possible "oven-spring;" the finest of textures; the goldenest of crusts, and uniformity above all things. It is the result of such consistent chemical analysis that has entrenched Royal Standard Flour so firmly in the homes of B. C. housewives.

BEN SELF IS GONE TO ARRANGE FOR FILMS AT EMPRESS THEATRE

Will Open Early in New Year and Will Have Up-to-Date Picture House.

Ben Self went south last night to Vancouver; and Seattle to make arrangements for a film service and orchestra preparatory to the opening of the Empress Theatre by him as a picture house. He expects to be back and have the theatre in operation on or about the first of the year.

In accordance with the demands of the censor, Mr. Self has had a number of improvements made at the Empress. He has had a solid concrete operating room built in the centre of the building instead of at the side and all the wires have been placed in conduits and everything done to insure perfect safety against fire.

When the house opens there will be a three-piece orchestra led by Charley Balagno. The operator will be a returned soldier, secured through the vocational officer, and everything will be strictly up to date.

Ben Self will have personal charge of the theatre. He is a man who makes a success of any business which he takes in hand and his motto is always to improve. He will undoubtedly give his patrons at the Empress a show that will appeal to them. The seating capacity of the house is only 400 and this he expects to fill regularly.

MODES of the MOMENT

AFTERNOON FROCK OF SILK AND GEORGETTE

STRIPED SATIN COLLAR IN CREAM

and no fabric that is stiff or tightly woven should be developed in this way. Crêpe has retained its popularity throughout the ages, and is as popular in 1918 A. D. as it was in the years B. C., and it is the medium in which the draped frock most frequently is fashioned. Carrying out the old idea of simplicity of pattern and artistry of design, an up-to-date Madame La Mode has created many a frock of which the one depicted here is typical. Fashioned in black Georgette crêpe and fawn, silk drapery combines with touches of handwork here and there to create a singularly smart effect. For the dress that is tight fitting—the tailored type—nothing adds a more becoming or a daintier finish than a collar in white or in cream. Wide as the choice that was offered her, madame has shown her good taste in selecting a long, narrow pointed affair that just suits her style of beauty. Feathers are a feature of the day, and when arranged cleverly with an eye to height and color they make a turban all that it should be. In this case a gold and blue fancy adorns a chic little chapeau of blue velvet.

Perhaps all of us will not agree with him, but most of us will admit that there was much of effective grace and beauty in the soft materials and artistic drapery of their outer garments. As for their under garments. It is a well known fact that they were generally knitted and fitted glove-like to the figure.

So it may be said that in their art of dressing they exemplified the worth of the garment that is either snug fitting or draped. We have come around to think a good deal as they did, for we have proved to our own satisfaction that the frock that is neither draped nor fitted never gives entire satisfaction. The draped dress is a particular favorite with the modern woman, for it never misrepresents the form, however partially it may conceal it. Folds are the telling feature of drapery.

If Cooks Could See the Factory

We would like to plan a great excursion to the plant, so every person who cooks could see the care the milk gets. We would also like to show how carefully the milk is tested for richness and quality. They could see the clean, sunlit buildings and scrubbed floors that would make a Holland housewife envious. It is these things that give PACIFIC MILK its wholesome goodness.

Many of the Best Families of British Columbia and Vancouver

Barred influenza from their homes altogether. Others banished it quickly as it did appear, by following the example of the Argentine Republic, South America, where thousands of cases developed, but not a single death occurred.

These people use a simple but very effective remedy grown in South America, Cinchona or Peruvian Tree Bark steeped in pure wine by which process the powerful tonic properties of the Bark are extracted and held in suspension in the wine.

Cinchona Tree Bark imported from Peru, South America, steeped or macerated in pure wine for sixty days, then carefully filtered and bottled is sold under the Proprietary or Patent Medicine Act of Canada No. 3095 as KENNEDY'S TONIC PORT at Drug Stores only.

Testimonials from the very best people of Vancouver, Victoria and throughout British Columbia and Western Canada are voluntarily coming in. Many of them state that it saved their lives. Others that it restored them to vigorous health quickly after the Flu.

It is a reliable restorative in all cases of general and nervous debility and is enjoyed when other medicines disagree.

You who are nervous, rundown or anaemic will find it of special value.

CREDITORS' TRUST DEEDS ACT AND AMENDING ACTS.

Notice is hereby given that David E. Maxwell of Port Clements in the Province of British Columbia, merchant, has by deed dated the 10th December, 1918, assigned all his personal property, real estate, credits and effects, which may be seized and sold under execution, to George Levick of Prince Rupert, B. C., Accountant, for the purpose of satisfying rateably and proportionately, and without preference or priority, the claims of his creditors.

The meeting of the creditors of the said Maxwell will be held at the office of Williams & Manson, Third Avenue, Prince Rupert, B. C., on Monday, the 30th day of December, 1918, at 2:30 o'clock in the afternoon, for the giving of directions with reference to the disposal of the estate.

All creditors are required on or before the 15th day of January, 1919, to forward particulars of their claims proved by affidavit or declaration to the undersigned, care Williams & Manson, Prince Rupert, B. C., after which date the Assignee will proceed to distribute the assets of the estate among the parties entitled thereto, having regard only to the claims which have been filed with him.

Dated at Prince Rupert, B. C., this 14th day of December, 1918.

Give a WAR-SAVINGS STAMP for Christmas!

BUY a War-Savings Stamp at any Money-Order Post Office, Bank, or other place displaying the War-Savings Stamp sign. This will cost \$4.00. At the same time ask for a Certificate and affix the W-S. S. thereto.

Fill in the name and address of your friend, of your boy, girl, or other person for whom your gift is intended, and there you have the most desirable of gifts!

You might say, in presenting it, "It is worth four dollars in cash right now at any post office, but I advise you to hold it because it is the promise of the Dominion of Canada to pay you Five Dollars on the first day of 1924."

"This is a 'baby bond', earning interest, and you can make it a bigger 'bond' by saving up and buying more stamps. It is easy to buy W-S. S. because for every 25 cents you save you can get a THRIFT Stamp, 16 of which on a Thrift Card will be exchanged for a W-S. S."

After January, 1919, the purchase price of W-S. S. increases 1 cent a month—the interest earned. The cash surrender value increases also. Certificates with one or more stamps can be registered at the Post Office against loss by fire, theft, or other cause.

A gift of a War-Savings Stamp is more than a gift of cash. It may well mean the commencement of habits of Thrift, to the great benefit of both the individual and the country at large.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation. "Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

VIOLA DANA TO BE SHOWN IN "WEAVER OF DREAMS"

Viola Dana, star of Metro's new all-star series play, "Weaver of Dreams," which is to be shown tonight at the Westholme, is one of the best known and loved actresses. She was only five years of age when she made her theatrical debut, appearing as a toedancer. The dramatic stage soon claimed the clever little actress and she played in such well known productions as Ibsen's "When the Dead Awake" and "Rip Van Winkle," taking the part of little Hendrick in the latter play.

Miss Dana's picture "Weaver of Dreams," has a real significance. It provides her with a role similar to the ones that gave her first success. This story is taken from the book by that name written by Myrtle Reed. It is a touching tale of the life of a girl in a small country town and is particularly fitted for Miss Dana's well known sympathetic interpretative powers.

Born in Brooklyn, Viola Dana went to school in New York where she has lived nearly all her life. Both her sisters, Edna Flugrath and Shirley Mason are motion picture stars.

In the case of Keith vs. Dudoward for damages for seizure of a boat, heard before Judge Young in the County Court yesterday afternoon, judgment was given for \$200 and costs. Judgment was also given on the counter claim for the defendant for \$139.00 for work done.

"Reconstruction" will be the subject of the address to be delivered this evening at the St. Andrew's Society Club rooms at 9 p. m. by A. M. Manson, M. P. P. A fine musical programme has been arranged. All members and friends are invited to attend.

There was a further hearing this morning before Magistrate Carss in the police court of the charge preferred against John McInnes of theft from the Empress Hotel. Adjournment was made until tomorrow.

Judge Young yesterday afternoon reserved sentence in the charge against Geo. McInnes of stealing a blanket from the G. T. P. steamer Prince George.

At the meeting of the police commission yesterday afternoon in the city hall Commissioner Macdonald took strong exception to the way in which a girl who was convicted of selling liquor was allowed to get away. He did not believe in doing that sort of thing. People were saying that arrangements were made. He believed in enforcing the law without fear or favor. He objected to any conferences in regard to these matters or frameups. He thought it was along the line of a former case where the magistrate was known to have been in conference with the man who was being prosecuted.
