VALIDITY AND AUTHORITY OF PROHIBITION COMMISSION NOW SITTING IS QUESTIONED

**WILL BE TRIED IN COURTS; CHARLES WILSON K.C. SERVES
NOTICE THAT HIS CLIENT WILL NOT APPEAR ON
SUBPOENA—CONTENDS THAT WHOLE
COMMISSION IS UNLAWFUL**

(Special to The News via G.T.P. Telegraphs.)

Vancouver, December 31.—The validity and authority of the commission which is investigating the enforcement of prohibition legislation in British Columbia is to be tried in the courts.

Charles Wilson, K.C., served notice on Commissioner Clement yesterday afternoon that his client and son-in-law A. L. Gartshore, said to be manager of the Western Canada Liquor Company, would refuse even to put in an appearance on subpoena. Wilson added it was his contention that the whole commission was invalid and unlawful. The commissioner stated that a bench warrant would have to be issued to bring Gartshore before him, but it was stated later by Government Counsel Craig that the warrant will not be served until Gartshore is required as a witness, which may not be until after the holiday adjournment.

Railway transportation officers and cartage men gave evidence referring to deliveries and shipment of liquors to the Western Canada Liquor Company and also of shipments consigned to Mexico via Vancouver being diverted to local warehouses. Also evidence was given that these shipments were never forwarded. The Commission is sitting today.

**PRESIDENT WILSON
RETURNS TO FRANCE**

(Special via G.T.P. Telegraphs.)

London, Dec. 31.—The farewell dinner given in the state dining room at Buckingham Palace last night by King George and Queen Mary in honor of President Wilson and Mrs. Wilson was a private function. Those who sat down were the King and Queen, President and Mrs. Wilson, Princess Mary, Prince Henry, Prince George, the Duke of Connaught, John W. Davis, American Ambassador, Duke and Duchess of Abercorn, Lord and Lady Cavenish, Viscount and Viscountess Acheson, Viscount Aster, Admiral Sir Stanley Colville and Lady Colville, Sir Ronald Graham and Lady Graham, Miss Edith Benham, Rear Admiral Grayson, U.S. Navy, Brigadier General W. Hart, Duchess of Sutherland, Countess Farquhar and Lord Stamford, the private secretary to the King.

President and Mrs. Wilson left Buckingham Palace this morning for the first stage of their journey back to France.

CHRISTMAS TREE AT ST. ANDREW'S CHURCH

Yesterday afternoon was a memorable one for the children who assembled in St. Andrew's church for an entertainment which has not been equalled in Rupert for a long time. The children romped about the hall until supper time, which was given about 5:30 and afterwards amused themselves before the concert started at eight o'clock. Harvey's three-piece orchestra was in attendance for the whole time and everyone enjoyed themselves.

The first part of the program consisted of the dismantling of the Christmas tree which was especially delightful for the tiny tots. Songs, recitations and dialogues followed, but the most highly appreciated item of all was the debate arranged by the young people of the church. A pretty tableau arranged by Mrs. Healy was presented under her supervision in the form of a number of little girls representing the letters of the words "Peace on Earth." A violin selection was given by Mr. Harvey and the Misses Adams contributed to the program with vocal solos. The evening was happily brought to a close by the presentation of prizes to the deserving students.

JUDGES' HOMES WERE DAMAGED BY BOMBS IN PHILADELPHIA

Houses in Different Parts of City Damaged by Shrapnel Bombs; Paper Expressed Hatred.

(Special via G.T.P. Telegraphs.)

Philadelphia, December 31.—The homes of Justice Robert von Moschpisker of the United States Supreme Court, of Judge Frank L. Gorman of the Municipal Court and of Acting Superintendent of Police Mills, which are located in widely separated sections of the city were damaged by bombs late last night. In each instance shrapnel bombs were used.

Scraps of paper found in front of the home of Acting Superintendent Mills expressed hatred of soldiers, judges, priests and parasites, and declared that these classes of men were subsisting upon the stealings from brothels, and that their rule was at an end.

THE MEMORIAL SITE FOR THE WAR VETERANS

After the second reading of the proposed bylaw for the granting of a site for a memorial building to the Great War Veterans' Association, the City Council last night resolved itself into committee to discuss the bylaw clause by clause. The G. W. V. A. being incorporated under Dominion charter, the bylaw read that the proposed site was to be conveyed to them, their successors—and here Alderman Casey enquired who would be their successors. How could the Great War Veterans have successors who would be Great War Veterans? The city clerk explained that this was the usual form of wording used in dealing with incorporations, and of course meant nothing in particular. This explanation was unsatisfactory to Alderman Casey. While he thoroughly approved of the plan, he did not approve of this scheme.

Instead of giving the site to the G. W. V. A., he was of the opinion that the memorial monument ought to be operated and maintained by the city. The institution should be a public one. The city at present has no public library, museum or swimming baths, nor many other things for which the future is relied on. Alderman Casey considered that something of this nature could be developed in connection with the Soldiers' Memorial, which would be a compliment to the soldiers, and a service to humanity at the same time.

This view commended itself somewhat to the council and further consideration of the matter will take place on Thursday at a general meeting of the Council.

AERIAL NAVY CONSIDERED

Department of Militia and Defence Keep Matter in Mind for the Defence of Canada.

**AWAIT CONSULTATION
WITH IMPERIAL HEADS**

(Special via G.T.P. Telegraphs.)

Ottawa, Dec. 31.—Although no project for the organization of an air force in Canada has yet come before the Government, the evident necessity of preparing for an aerial conflict in any future plans of defence has led to officials of the Militia Department and others giving consideration to the question. Until the peace conference is over and the men begin to see what kind of world they will have to live in, all question of organization for defence by land and sea must necessarily remain in abeyance.

Consultation between Imperial and Dominion authorities will precede any important changes and this will be as true of aerial fleets as of navies and land forces.

Man Lying in Bed at Shamrock Rooms on Eighth St. Struck On Head—Taken to Hospital.

An accident occurred this morning, which was of a kind common enough some years ago here, when a rock sent flying through the air from blasting operations on the grade, fell through the roof of the Shamrock Rooms on Eighth Street. Harry Hays, a longshoreman and a returned soldier, happened to be lying in bed and the rock struck him on the head, inflicting injuries. Dr. McNeill was soon in attendance and ran the injured man quickly to the hospital where his injuries were treated.

HON. C. C. BALLANTYNE HAS APPENDICITIS

(Special via G.T.P. Telegraphs.)

Montreal, Dec. 31.—The Hon. C. C. Ballantyne, minister of marine and fisheries, was taken to the Royal Victoria Hospital yesterday suffering from appendicitis. An operation was performed. The last reports given out were that the patient was said to be resting quietly. The minister will be confined to the hospital for some time.

INTERNATIONAL COURT FOR LABOR AFFAIRS

(Special via G.T.P. Telegraphs.)

London, Dec. 31.—The British War Cabinet is now considering a proposal which may have an important bearing upon the future of labor questions arising throughout the world, according to an Exchange Telegraph dispatch.

The proposal is to ask the peace conference at one of its earliest sessions to appoint a commission to enquire into the question of an international adjustment of conditions of employment, and to submit plans for a permanent international court and organization to secure joint action in such matters.

FRANCE QUITE IN ACCORD WITH GREAT BRITAIN

Statements Made in the French Chamber Indicate French Line of Action is Determined Upon.

(Special via G.T.P. Telegraphs.)

Paris, Dec. 31.—Yesterday saw the most active day's discussion in peace conference circles since the American delegation arrived. The declarations of Premier Clemenceau and Foreign Minister Pichon in the Chamber of Deputies last night gave a rallying point in the form of the first official announcement on the plans of the French Government. The statements disclosed that France had determined upon its line of action on practically all of the questions involved, including the Society of Nations on which M. Pichon said details were now being formulated. France was quite in agreement with Great Britain.

MANCHESTER HEARS PRESIDENT WILSON

(Special via G.T.P. Telegraphs.)

Manchester, Dec. 31.—President Wilson yesterday gave the warning that the United States would join no combination of alliance except a "league of nations." Addressing five thousand workmen in the Free Trade Hall, he declared that the League of Nations must be a great covenant by which all nations would unite for the maintenance and the triumph of right. The President's statement was greeted with wild applause. Before he left President Wilson was given the freedom of the city.

Butte, Mont., Dec. 31.—The saloon and Butte parted company last night after an intimate relationship of over half a century. The dry law closes 250 saloons and three breweries in the city and probably marks the climax of Legislative reformation of what was once considered a rough minting town indulging in wine, women, song and gambling.

DAILY EDITION.

Tuesday, Dec. 31, 1918.

For the Happy New Year.

It is with best wishes for the Happy New Year that we greet our readers today. That 1919 will be a better year than 1918 or the three preceding that, there is every hope to believe, especially for those citizens of Prince Rupert. There is a greater possibility of the realization of that Hope Deferred since 1914 now than ever. With peace, and the prospects of plenty ahead of us, the prospect is cheerful.

If We Can't Lead, Then Follow.

A very welcome New Year's Gift was made to the people of Vancouver by the B. C. Electric Company there, in the shape of a reduction of twenty-five per cent. in the domestic rate for electric energy. And the B. C. Electric knows what it is doing, too. By lowering the rate per kilowatt hour, it is going to increase the consumption of juice wonderfully, and the largest production is naturally the cheapest. There is no doubt that for domestic purposes electric energy will be utilized in the near future to a very much greater extent. As the appliances become more perfect, their range of usefulness will increase. Take for instance, the housewife, who has once used an electric iron. Will she ever want to go back to the old fashion? Never, you may be sure. And so in every instance. In other cities, where a large consumption of gas was necessary to enable the cheapest production, a campaign of education was undertaken among all classes. Gas stoves of various patterns were provided for the citizens by the city at nominal rents, in order to increase the consumption. It worked, too, and to this day the rate is the lowest known. The same thing would apply here. Lower the rate, increase the consumption, and make profits. If private ownership, such as the B. C. Electric, which strives to make profits over costs, can do this, our municipally owned plant, which is expected to break even, should do it easier.

Which It is Necessary To Repeat.

One thing we find it necessary to repeat, and that is a remark which we passed on Saturday to the effect that the candidate who states that if elected, a city coal yard will follow his election, is talking through his hat, and he knows it. To get the Government to amend the Municipal Act is a different thing altogether. And the facts might as well be faced now as after the 16th of January, when it may be found that impossible promises cannot be fulfilled. In fact, there ought to be a penalty placed on pre-election promises, and then the electorate may have more truthful statements placed before them at election times. One or two hard boiled facts are worth reams of vapid theorizing. And one fact is that Prince Rupert will not get the power to open up a civic coal yard, nor to compete in any other business for that matter, with private citizens, without the same power being granted to every municipality in the province. And until there is a majority of municipalities requesting such legislation in this democracy, the will of the majority rules. The present City Council understood full well months ago just what the chances were of having the Municipal Act opened up for this purpose. They knew how unlikely such a proceeding was, and so does everyone who keeps in touch with current events. And besides, just imagine the provincial government "willingly granting" a thing simply because the Empire advocated it! C'est pour rire.

In the Good Time Coming.

Undoubtedly in the hearts of many there is a great hope of conscription of everything, some day; when human selfishness, if not bred out of the race, will be so controlled (by government) that it will work no hardship on anyone. In these days, the government will own everything, and will guarantee a living and a certain living to everyone. All will have to work, certainly, but at the work best liked, which becomes no labor. In the process of the evolution of this happy state, the various industries will be taken over gradually one by one, and presumably the economic laws which govern our present condition will be overcome. Business men then, instead of slaving to make profits will worry how to give profits to the other fellow. But human nature has to rise to a very much higher plane, before this consummation is possible. That's Socialism, which many hope for, and others scorn. But we're not there yet.

How to wash a silk garment

Use a tablespoonful of Lux to a gallon of water. Dissolve in boiling or very hot water and whisk into a thick, creamy lather. Add cold water until luke warm. Dip your garment through the Lux suds many times. Work it about, gently squeezing the suds through the soiled parts but do not rub! Rinse in three waters—clear and also luke warm. Press the water out—but do not wring. Dry in the shade and when nearly dry press on the wrong side with a warm iron—never a hot one. Press creases from side to side and stretch a very little as you press. They will look just like new!

NO TEMPTATION WOULD MAKE HUN FLEET COME OUT

Admiral Rodman of United States
Fleet Tells of His Experi-
ences in European
Waters.

U-BOAT SENT TO BOTTOM BY DREADNOUGHT'S SCREWS

New York, Dec. 30.—The ad-
ventures of the American over-
seas fleet in attempting to bait
the German ships to combat; how
a U-boat had rammed his super-
dreadnought, and how every ef-
fort was made to lure the enemy
from its base has been told here
by Rear-Admiral Hugh Rodman
on the flagship New York. It was
he who commanded the American
battle division in the Grand Fleet
under Sir David Beatty.

In the words of the Admiral, the
submarine ran amok, dented the
ship's plates, smashed a pro-
peller blade and undoubtedly was
sent to the bottom at the next
turn of the screws he said.

He told also of the ignominious
herding of the German fleets for
surrender and the final acts of
the American navy after the en-
emy had been conquered.

Grand Fleet the Backbone.

The Admiral said:
"It is needless, in fact super-
fluous, for me to reiterate that
which is known and recognized
throughout the civilized world,
namely—that it was the Grand
Fleet which has been the very
backbone of the structure which
has made a victorious peace a
certainty. Without it, there is no
question that the war long ago
would have been disastrously con-
cluded, with just the reverse con-
ditions obtaining from those that
now exist."

"No mention can be made of
the Grand Fleet without our
thoughts naturally turning to its
commander-in-chief, Admiral Sir
David Beatty, a man of rare ac-
complishments, a natural born,
tried, trusted and gallant leader.

"Under him our combined
forces operated, as later all of
the Allied armies were placed un-
der the direction or command of
Foch. And now, as to our opera-
tions with the Grand Fleet. It
need be only sufficient for me to
say that when we joined, we were
at once, thanks to our home train-
ing, able to co-operate with the
British fleet; that in order to work
homogeneously we adopted their
signals and methods of commu-
nication, their plans, policies,
manoeuvres and tactics. When we
took our share of the work, patrol
search and protection of convoys,
mining and other forces.

Never Any Friction.

"Sometimes we were command-
ed by British admirals, sometimes
they served under my commands,
but there was never the slightest
friction, misunderstanding or
petty jealousies. In fact, our
mutual association in this war's
work has drawn us so close to-

What is a WAR-SAVINGS STAMP?

It is a stamp for which the Dominion of
Canada will pay you \$5.00 on January 1st,
1924.

It enables you to lend small savings to
the Government at a rate of interest which
accumulates 20 cents a year on each \$4.00
invested.

A War-Savings Stamp costs you \$4.00
if purchased in December, 1918, or January,
1919, and the price increases one cent each
month after January.

Canada's Pledge for FIVE DOLLARS

Every man, woman and child in Canada should invest in War-Savings Stamps
all the money that he or she can save by STRICT ECONOMY.

With W.-S. S. you can "build a bond" at your own convenience, taking
advantage of the unexcelled security and the high interest. You are not tied
down to making payments at stated times, though it is desirable to purchase as
regularly and as often as you can.

Should you at any time need money, you can cash your W.-S. S. at the Post
Office for the indicated surrender value—the amount you paid with fair interest.

By placing your W.-S. S. on the Certificate provided, and registering same,
you are protected against loss by fire, theft or other cause. Your registered
Certificate is of no value to anyone but yourself.

As an aid to the purchase of W.-S. S., you can buy THRIFT Stamps of the
value of 25 cents, 16 of which may be exchanged for one W.-S. S.

W.-S. S. are on sale at Money-Order Post Offices, Banks, and other places
displaying the W.-S. S. sign shown at the top of this announcement.

Speaking of the efforts made to
catch the German fleet, the ad-
miral said:

"It was our policy to be after
him every time he showed his
nose outside of his ports; no mat-
ter when or where, whether in
single ships, by divisions or his
whole fleet; out we went, day or
night, rain or shine, blow high or
blow low, and chased him back in
his hole.

"So persistent was this per-
formance on our part; so sure
were we to get after him, that to-
ward the end he rarely ventured
out more than a few miles from
his base.

"Every inducement was offered
him to come out. Inferior forces
were sent down into Heligoland
bight to induce him to attack;
valuable convoys were dispatched,
apparently without protection and
other devices to tempt him out,
but he would not come."

A SOLDIERS' MEDLEY

According to a minister who
has spent the best part of the
campaign in France, both Tommy
and his officers are always ready
to eat when they get the chance,
and that, he supposes, is the
foundation of a story that is go-
ing the rounds amongst the boys
about a couple of soldiers who
went into a restaurant in the
Balkans. They said to the fel-
low who came to serve them, "We
want some Turkey in Greece."
"I'm sorry, gentlemen, I cannot
serve," replied the waiter.
"Then call the Bosphorus," or-
dered the soldiers. The boss
came. "I am sorry to Russia, but
you cannot Roumania," said the
boss, so they went away Hungary.
See it? Pretty good, eh?

SPLINTER CAUSED BLOOD-POISONING

From just such simple injuries, serious cases of blood-poisoning
sometimes develop. Mrs. Helm of Tidnish River (R.R. No. 1), N.S.,
ran a splinter into her hand, and as she could not get it all out,
the place became very sore and festered. Finally, despite all
her efforts, blood-poisoning set in.

Writing about it Mrs. Helm says: "The pain I suffered was at
times intense, and although I tried rem-
edy after remedy, it got no better and
eventually turned to blood-poisoning.
I had suffered for several months, when
one day I saw Zam-Buk advertised, and
decided to give it a week's fair trial. By
the end of that time my hand was so
much better that I was able to extract
the splinter. I continued using Zam-
Buk. Gradually the poison was all
drawn out, the pain was ended, the
swelling disappeared, and finally the

sore place was entirely healed."
The above case is typical of scores:
Keep Zam-Buk handy in your home, and
by applying it immediately an injury is
sustained, prevent any possibility of
fester or blood-poisoning. You will
find Zam-Buk equally good, too, for all
skin troubles, eczema, boils, pimples,
ulcers, abscesses, running sores, bad
legs, piles, cuts and burns. All dealers

Many of the Best Families of British Columbia and Vancouver

Barred influenza from their
 homes altogether. Others banished
 it quickly as it did appear, by
 following the example of the
 Argentine Republic, South America,
 where thousands of cases de-
 veloped, but not a single death
 occurred.

These people use a simple but
 very effective remedy grown in
 South America, Cinchona or Peru-
 vian Tree Bark steeped in pure
 wine by which process the power-
 ful tonic properties of the Bark
 are extracted and held in suspen-
 sion in the wine.

Cinchona Tree Bark imported
 from Peru, South America, steeped
 or macerated in pure wine for
 sixty days, then carefully filtered
 and bottled is sold under the Proprietary or Patent Medicine Act of
 Canada No. 3095 as KENNEDY'S
 TONIC PORT at Drug Stores only.

Testimonials from the very
 best people of Vancouver, Victo-
 ria and throughout British Col-
 umbia and Western Canada are
 voluntarily coming in. Many of
 them state that it saved their
 lives. Others that it restored
 them to vigorous health quickly
 after the Flu.

It is a reliable restorative in
 all cases of general and nervous
 debility and is enjoyed when other
 medicines disagree.

You who are nervous, rundown
 or anaemic will find it of special
 value.

It is just as cheap to get your
 printing done well and done at
 home as it is to send it away. Try

THE COAL QUESTION

Expected Report From Committee
 Was Not Made to the City
 Council Last Evening.

The coal committee which was
 to have reported to the City Coun-
 cil last evening was not in a posi-
 tion to do so, but certain corres-
 pondence between the city and
 Mayor Gale of Vancouver and
 Nicol Thompson, late provincial
 fuel controller, was read. In re-
 ply to queries put to him, Mayor
 Gale stated that the city of Van-
 couver supplied civic and semi-
 civic buildings with coal, but
 charged the same rate as any
 coal dealer would charge. He
 stated particularly that the city
 of Vancouver was "not in the coal
 business," although an emergency
 stock of five hundred tons was
 kept on hand. Vancouver bought
 coal at the mine at \$6.45 and
 \$7.20, according to which colliery
 company they purchased from.

Mr. Nicol Thompson stated that
 under new regulations promul-
 gated on April 1 last, his appoint-
 ment was done away with in favor
 of the Provincial Board of Con-
 trol, which should work in con-
 junction with municipal appoint-
 ees. As the province had not yet
 appointed its board, he was still
 acting in an advisory capacity
 only, to Mr. McGrath, the Do-
 minion fuel controller. One point
 he brought out was that the price
 of coal was not fixed, but that the
 profit of the dealer was, and that
 was limited to 50c per ton. Mr.
 Thompson explained in rather
 technical terms how the increase
 in miners' wages had caused the
 price of coal to rise. On three
 occasions wages had been raised.

After hearing this correspond-
 ence read, the councillors were
 seen to be making lightening cal-
 culations in the analysis of the
 \$15 per ton charged here. This
 matter will be further discussed
 at the special meeting on Thurs-
 day, when the coal committee
 makes its report.

MANY HAVE NO VOTE

Payment of Poll and Road Taxes
 Not Sufficient—Intending
 Voters Must Have
 Registered.

No road and poll taxes were
 collected this year until after the
 date of registration for the voters'
 roll had passed. And as a result
 Alderman Casey at the Council
 meeting last night voiced the
 suspicion that there had been
 some sleight of hand work in this
 connection, as many intending
 voters had not registered pre-
 sumably because they had not
 paid the necessary tax in time
 qualifying them so. The mayor
 explained that the date of regis-
 tration had been well advertised
 and that the city clerk had been
 in attendance for three nights a
 week for this purpose. The
 opinion was voiced that some
 method of the taxpayer's name
 passing on to the voters' roll
 automatically ought to be adopt-
 ed.

The city clerk explained that
 from now on the poll and road
 taxes ought to be collected each
 month, and this probably will be
 done, commencing in the year
 1919.

The City Council agreed last
 evening that the Prince Rupert
 Drydock and Engineering Com-
 pany, Limited, be charged the
 same rate for water as the G. T.
 P. for the next ten years.

Pure Cream Makes the Richness

There is a pure cream richness
 about Pacific Milk that is the only
 secret behind its goodness for
 cooking.

You see, all we do to the rich,
 fresh milk as it comes from the
 farm is to evaporate water out of
 it.

This leaves the natural butter
 fat and other cream solids as they
 were.

Then we seal it up so it remains
 fresh and sweet.
 Try it in the next recipe which
 calls for milk or cream.

are responsible for the majority of colds. You cannot always
 avoid these winter evils, but you can, by using Peps, stop the
 colds and chest troubles they cause. Peps contain absolutely no
 harmful drugs and can be taken with perfect safety by elderly
 people and young children.

As soon as dissolved in the mouth,
 Peps liberate a pleasant, yet highly
 medicinal vapor, which mingles with
 the breath, and is carried to the remot-
 est parts of the nasal passages, breathing
 tubes and lungs. These fumes destroy
 all the germs of cold, influenza and
 bronchitis which otherwise
 would develop in consequence
 of the body's vitality and
 power of resistance having be-
 come lowered. Peps strengthen
 the delicate membranes and
 make your
 throat and
 breathing
 passages
 'cold proof.'
 By being
 prepared

with Peps you can save yourself a great
 deal of suffering and expense, as well
 as time and inconvenience.

Mothers should always keep a supply
 of Peps on hand for children's coughs
 and colds which should be treated im-
 mediately, as neglected colds in child-
 hood often lay the foundations of
 weak constitutions. Get a box to-day.
 It will certainly repay you for the
 small expenditure—50c box, all dealers.

Where a cold has been allowed to
 develop, Peps will be found equally
 effective. Also for coughs, bronchitis,

CHRISTMAS JOYS FOR MASSET CHILDREN

On Christmas evening, the Masset school children had their annual visit by Santa Claus in the school house which was beautifully decorated with bunting and evergreens for his reception. Prior to his arrival a very interesting musical program was rendered by the children, and all acted their parts remarkably well. Mr. C. Harrison then became Chairman when the musical talent amongst the adults provided their share of the evening's entertainment. A hearty vote of thanks was given the teacher, Mrs. Hutchinson, for the excellent manner in which the children were taught their parts and for the good tuition the children had received during the past term. Masset school was one of the few in this Province that had not to be closed on account of Spanish Influenza.

When all the recitations and songs called for by the program had been rendered, the chairman suddenly disappeared and came again as Santa Claus to distribute the gifts provided by the generosity of the residents generally.

The Christmas tree was heavily laden with gifts both for pleasure and for service. Each of the thirty-three children received three presents, and all were very pleased with their gifts. In addition to the children, several well known residents received their Christmas toys to amuse themselves with during the holidays. Santa Claus then asked all to stand and sing the National Anthem, which was heartily sung by old and young. As each one left the schoolhouse apples, oranges, nuts and popcorn were distributed to all alike, and so ended the School Festival for the year 1918. Arrangements were then made to dance until midnight. Those who remained for the dancing had a splendid time and enjoyed themselves.

NOTES FROM THE NORTH

There were six deaths of influenza in Valdez. The cases numbered about 90.

Nenana has started a movement to secure a smelter for that town. The Commercial Club has taken the matter up.

Travel from the Interior over the Broad Pass has resumed. Six people left in one day from Nenana via that route for Anchorage.

Yukon Territory has thus far been absolutely free of influenza. However, every precaution is being taken to keep the disease out of the Territory.

At the dance in Skagway in celebration of the signing of the armistice, the grand march was led by William Gairns of Atlin, a returned member of the Princess Pats of Canada.

The Chilkat Oil Company, operating in the Katalla field, is producing 600 barrels of oil per month that is being disposed of at Cordova and other Prince William Sound ports.

True war-time economy—use Sunlight Soap

It is impossible to buy a purer soap than Sunlight. Therefore it is really the cheapest soap you can buy. The purer and better the soap—the less you need for the wash and the better the work done.

Truly—it is real war-time economy to use Sunlight Soap for the wash and about the house.

SESSUE HAYAKAWA AT WESTHOLME THEATRE

The play starring the famous Japanese actor, Sessue Hayakawa, to be screened at the Westholme Theatre this evening is one of very considerable interest. There are thrills, and thrills and thrills. Two men and a woman, and the age old story of love and jealousy form the basis of the tale, which is trimmed with shipwreck, desert island, surgical operations and scientific experiments.

A large number of farmers from the prairies passed through the city on Sunday night on their way to southern climes where they will pass the winter. Among those arriving was Mr. Alex Miller of Foremost in Southern Alberta. He reports that the farmers in his district had very good crops this fall, and that when he left the snow was on the ground and already winter is setting in with all its coldness. He will remain in Prince Rupert until Thursday night and will then proceed to Vancouver for the winter months, returning to his home in the early spring.

Paul Aivazoff of the Westholme Theatre returned to the city yesterday afternoon by the "Princess Mary" from Vancouver where he has been arranging a new series of pictures for the Westholme. He has secured Paramount and Argenta, Fox Standards, and First National series, and from now on the Westholme will be on the same circuit with the Rex and Dominion Theatres in Vancouver. This will mean that the highest class of pictures will come to the Westholme at the earliest possible moment.

Last night at the Westholme Theatre a new operator displayed the pictures for the evening. Mr. Gregory Ogneff is an experienced hand in this particular of the moving picture business. Mr. Ogneff is a member of the Great War Veterans' Association of Vancouver and has recently come to this country from Vladivostok where he escaped from the hands of the Bolsheviks.

Rev. Alfred C. Price returned to Metlakatla early this morning after having spent the last few days in the city. This evening he will give a lantern lecture in the village church and a watch night service will also be held.

Mr. and Mrs. A. Guttstein and family are leaving for Chicago on Wednesday where they expect to spend the winter. Mr. Guttstein will visit many of the Eastern cities buying Spring goods for his warehouse here.

A NEW ORCHESTRA AT WESTHOLME THEATRE

The management of the Westholme Theatre wishes to announce that commencing to-morrow, New Year's Day, there will be a four-piece orchestra. All the musicians are first class players, and musical programmes of a high class nature will be given each night.

The oil tanker, Richmond, which has been discharging oil at the Imperial Oil Company's dock here, left the harbor early this morning for the South.

The Prince Albert has arrived in port and is discharging at the Grand Trunk dock this morning. She has a large shipment of coal oil and gasoline and about three hundred tons of coal.

A fine hearse was brought up North on the "Princess Albert" this trip consigned to Hayner Bros. of this city. The body of the machine is gray with heavy plate glass windows encasing the coffin chamber.

The tug "Lorne," is at her-mooring at the Grand Trunk dock having returned from the Islands where she has been towing for the past two or three weeks. On this trip she brought over a large scow load of lumber.

Among those arriving on the Princess Mary yesterday afternoon was Mr. P. Thomsen of this city who has spent the last few weeks visiting in the south. Mr. Thomsen was a prominent leader in the carnival during the recent fair here.

New additions to the list of motor conveyances of Prince Rupert are two new Ford delivery cars. The Pacific Cartage claims the right to one of them whilst George D. Tite's Furnishing Store has discarded their McLaughlin for this lighter model of car.

On the "Princess Mary," which reached here yesterday afternoon from the South there was a new Ford car consigned to Rood and Frizzell of this city. The car was all ready assembled and when the slings were passed around the axles it was easily raised to the wharf ready to run about on its own power.

Word has been received in town telling of the death of the Rev. A. M. Ross, one of the former ministers of Prince Rupert. Mr. Ross laboured here in the early days, and died at his home in Pipestone, Man. Full details are not available of the circumstances of his death, but those who knew him prior to 1910 will regret to hear of his passing.

The sight of a herd of pigs being driven through the streets from the depot caused some amusement this morning. Some Chinamen had brought them in, and instead of carting the crates to their place, decided to make the animals save the charges by walking. Pigs is pigs, and on being released from their imprisonment, wanted to walk anywhere but where the Chinamen wanted them to.

It was recommended to the City Council last evening by the Board of Works that lumber be supplied to John Dillman, 11th Avenue, for the construction of a stairway from the avenue down to his home. The street level at this point is very considerably higher than the contiguous property. Lumber will also be supplied for the repair of the roadway at the end of Sixth Avenue leading down to the cold storage. This narrow-gauge roadway will not carry automobiles, and it was mentioned that arrangements were in hand for the connection of Sixth and Eighth avenues to permit of easier access.

"Ah! Once Again Wife Is Baking"

Can you wonder at Hubby's smile of pleasure when he sees those gold-en-crusts, high-crowned loaves coming from the oven and inhales the fragrance of their warm freshness—and how proudly wife exhibits the perfect results of her baking? The secret of it all lies in the quality of ROYAL STANDARD FLOUR.

Samples from all wheat coming to our mills are ground, "gluten tested," and bread baked in our laboratory before it is sanctioned by our chemists as being of the standard used for milling into ROYAL STANDARD FLOUR. It is easily handled; "quick rising" has the biggest "oven spring" and is always uniform above all things. Made in B. C.
