FRESH RIOTING IN NEWFOUNDLAND
GERMAN AVIATOR REACHES CANADIAN COAST ON FLIGHT

St. John's Quiet Today After Hectic Night Due To Workless Activities

One Policeman in Hospital, Another Recovering From Bruises, and Eighteen Men in Jail—Shop Windows Broken and Stores Looted

ST. JOHN'S, Nfld., July 26.—The streets of St. John's, patrolled by police and deputized volunteers, were quiet today after a night of rioting.

Several shops had windows broken and lost some goods, as a result of the actions of a mob of about two hundred persons which, shortly after midnight, was dispersed by a police charge.

TULSEQUAH ACTIVITY

Alaska-Juneau Gold Co. Engaged in Development of Two Properties With G. Bacon in Charge

Snow Is Late

Prospecting Being Hampered By Tardy Arrival of Summer—Timmins Has Crew Out

TULSEQUAH, July 26.—The Alaska-Juneau Gold Mining Co. has a small crew of men at work developing the W. S. B. group owned by George Bacon and associates.

The N. A. Timmins Corporation is working a small crew on its property on the Whitewater. The crew is at present engaged in stripping. The diamond drill is not working now but is expected to later.

The snow is unusually late in getting off the hills this season and prospecting, as a result, is being hampered. The river here needs snagging badly but it seems impossible to get money out of either the federal or provincial governments for the work.

Brother of Governor of State Passes

SAN FRANCISCO, July 26.—After an illness of nine months which two weeks ago took a more serious stage, George Rolph, brother of Governor James Rolph, jr., of California, is dead. The funeral will take place in San Francisco.

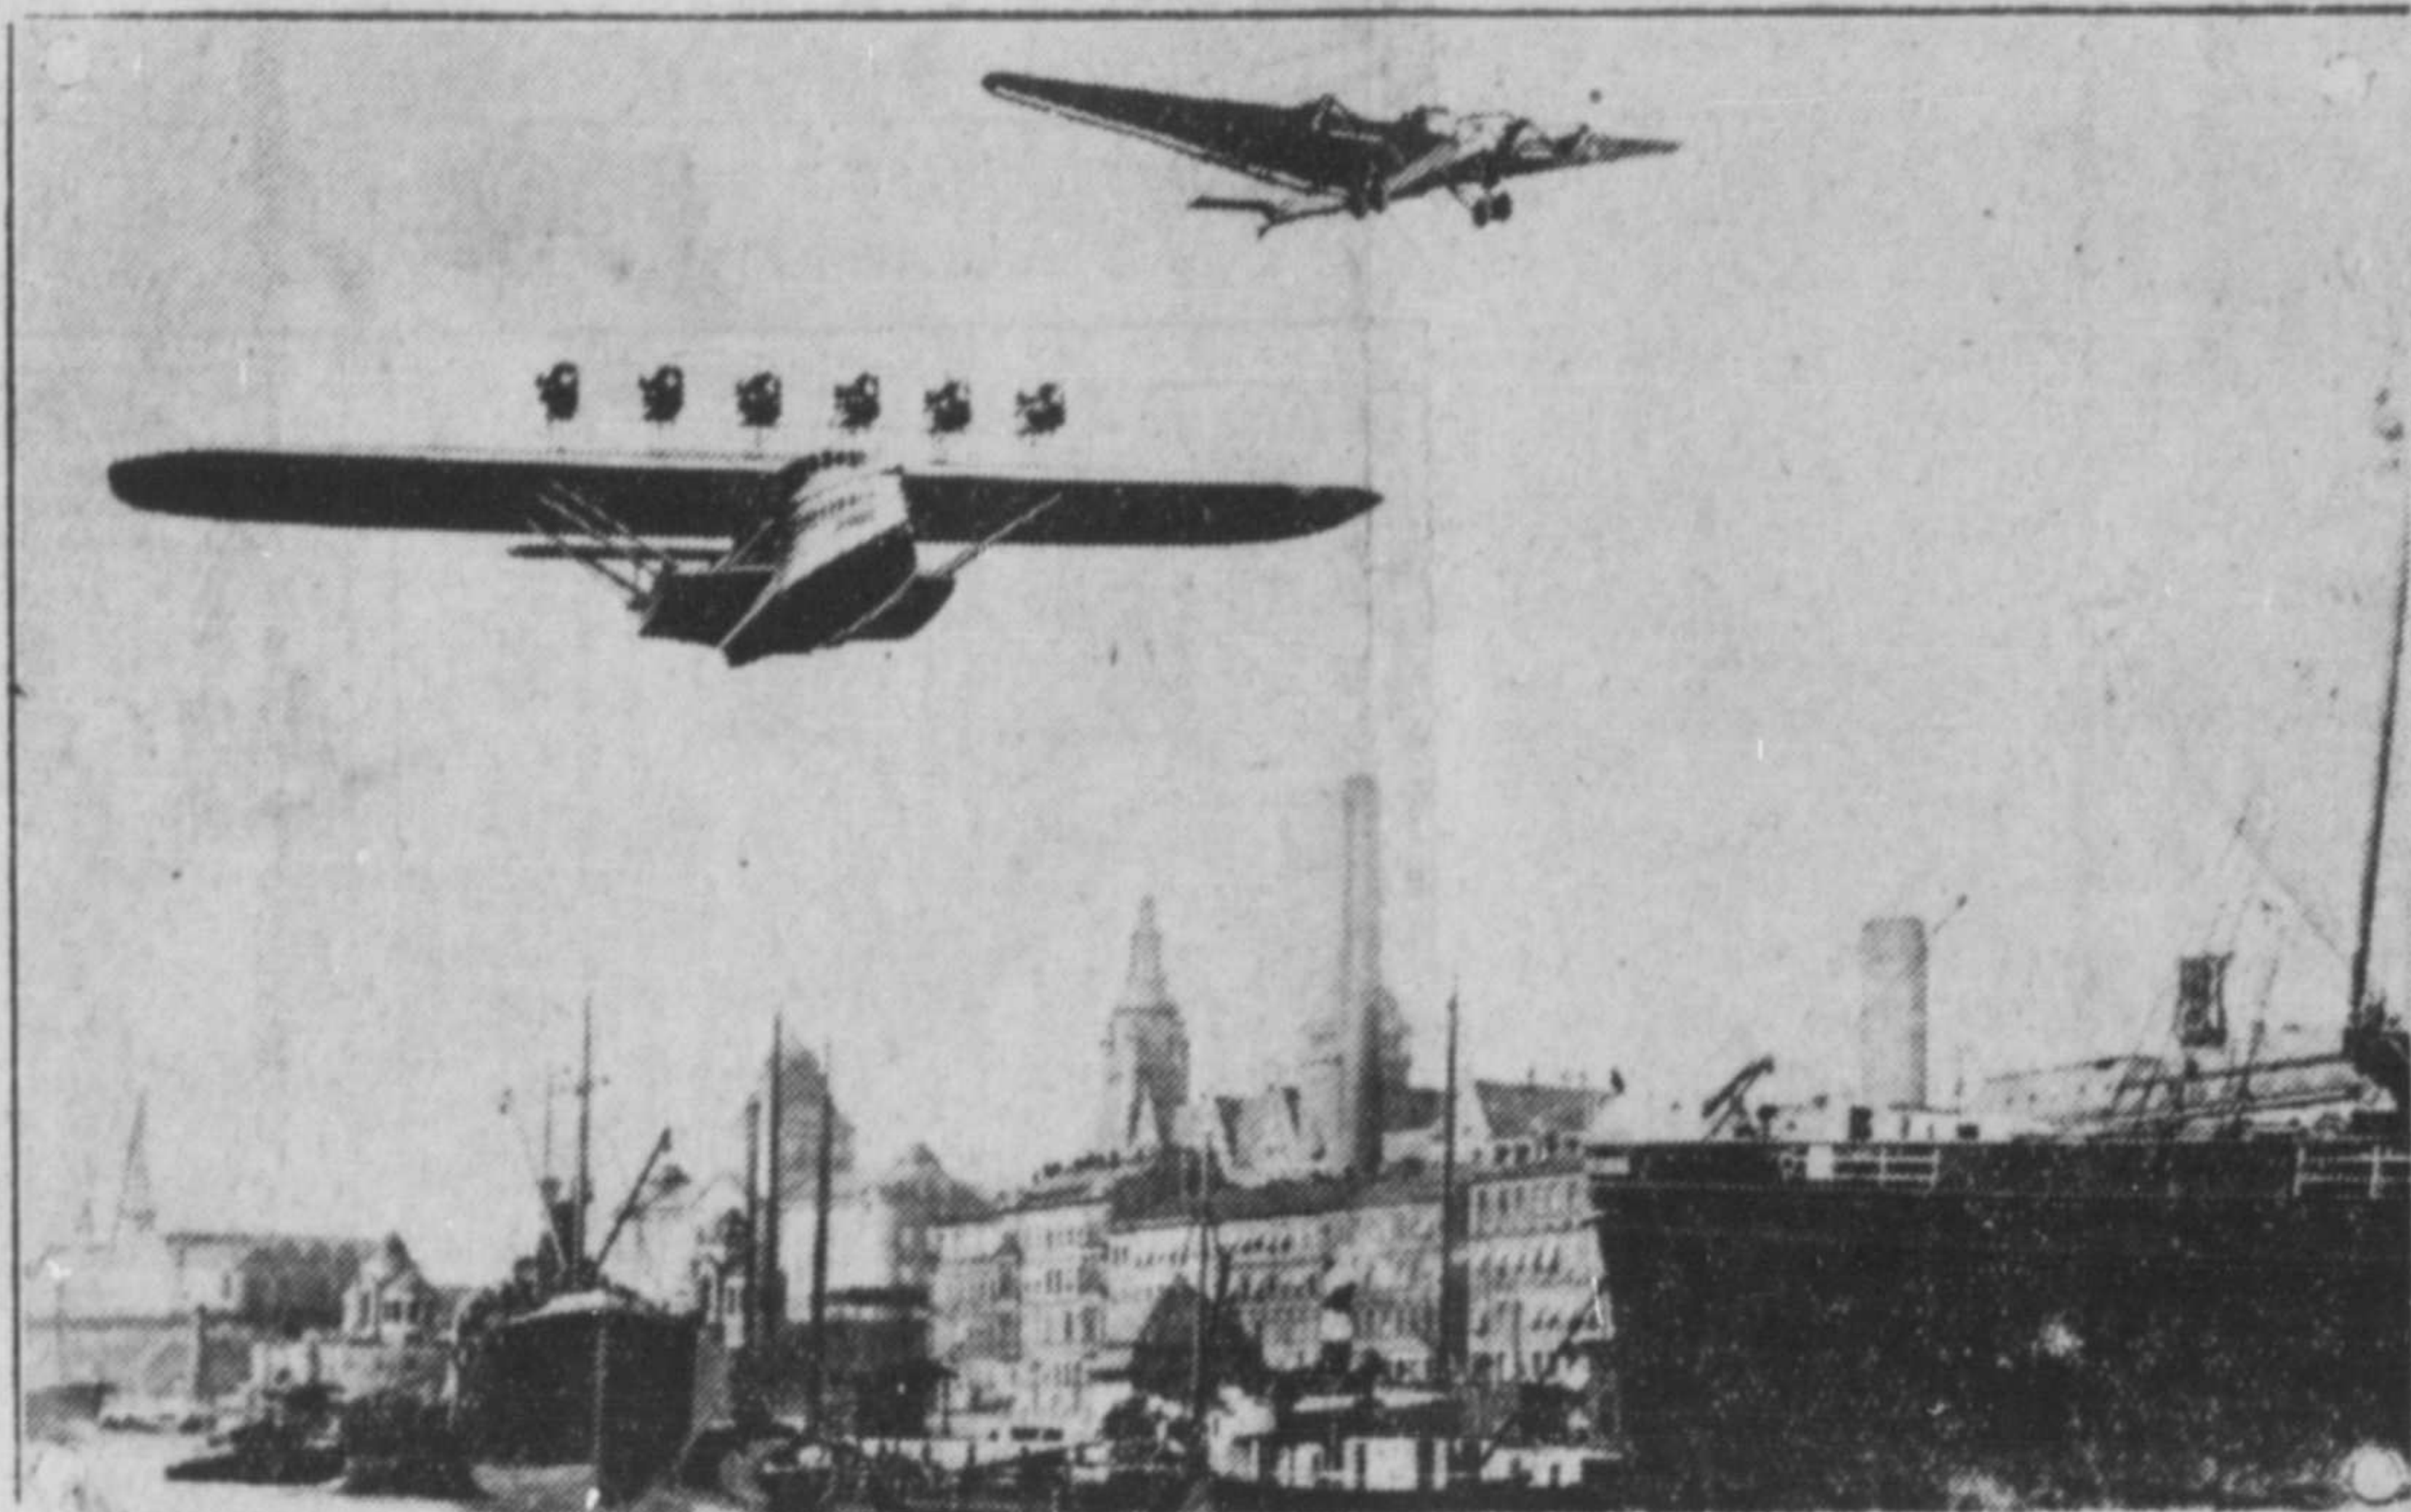

The late Mr. Rolph was president of a sugar refinery until last October when ill-health forced his retirement.

NO FISH SALES

Although three boats were in with catches totalling 55,000 pounds, there was no sale of halibut at the local fish exchange this morning. Boats in were the Martindale and Tatoosh, American, with catches of 30,000 and 21,000 pounds respectively, and the anadrian Gibson, with 4,000 pounds.

Henry Deeth, prominent in pugilistic circles at Anyox, was a passenger aboard the Catala today bound from the smelter town on a trip to Vancouver.

German Flying Craft Over Berlin

Germany's largest flying boat and land plane in the air together. The Dornier DO-X and D-2500 flying over Stettin, a busy port on the Oder river, not very far from Berlin.

German Training Ship Sinks and 69 Persons Are Thought Drowned

KIEL, Germany, July 26.—Sixty-nine persons aboard the German naval training ship Niobe when she sank today off Ehmann Belt were missing tonight and it is feared they were drowned.

The Niobe carried a crew of 100 cadets and junior cadets. The steamer Therese Russ managed to save 40.

It was about 2:30 a.m. when the Niobe keeled over in a storm and sank.

MATRIC RESULTS

Many Students in This District Succeed in Tests

VICTORIA, July 26.—Matriculation examination results announced yesterday include names of the following successful students:

JUNIOR MATRICULATION—GRADE XII

Prince George Centre
Prince George High School—Howard F. Alexander, Grace V. Goodell.

Prince Rupert Centre

Prince Rupert High School—Margaret H. Anderson, Robert E. Boddie, Guido R. Bussanich, Oscar R. Fulton, Olof Hanson, Hisae M. Hirano, May Jones, Satoshi Kanaya, Edith M. Kergin, Annie Lips, Norma D. McCubbin, Roger Obata, Gweneth M. Walker, Ruth C. Wilkinson, Ronald S. Wilson.

Smithers Centre

Smithers High School—Dulcinea Carpenter (A), Dorothy F. Doolittle, Kathleen E. Downey, Polly M. Priest, Frederick Small (A).

Granby Centre

Granby High School—Phyllis Bushfield, Frank Dodsworth, Isabel Gillen, Emily Nelson, Edna Owen.

SENIOR MATRICULATION

Prince George Centre

Private study—Marion W. Terry

Prince Rupert Centre

Prince Rupert High School—Gordon D. Anderson, James M. Clark Evelyn E. Fairbairn, Nick Krook, John Morrison, Rupert Ross, Roy Thomas, James N. Valentine, Alan D. Vance.

Few Were Successful

Of a total of 3092 candidates who wrote the examinations, only 932 passed in all subjects while 43 were granted supplementary examinations and 1790 partial standing.

Frances Thompson of Kamloops led the province in the standing with 89 percent.

MELLON IS STAYING ON

State Department at Washington Denies Report That He is Retiring as Ambassador

WASHINGTON, July 26.—The State Department yesterday denied reports emanating from London, Eng., that Andrew W. Mellon was about to retire as United States ambassador to England. Mr. Mellon has no such intention, it was emphasized.

Steamship Jobs For Foreigners

White Canadians Find West Indians Have Jobs They Would Have Liked

VANCOUVER, July 26.—Some 112 local cooks and stewards have returned here from Halifax where they went with the hope of obtaining employment on the steamer Prince Henry on the Bermuda run only to find that the jobs which they expected to get were being given to West Indians. Protest has been made to the authorities against this denial of work to white Canadians in favor of the southern foreigners.

RADIUM ON THIS COAST

Easily Accessible Property on Quadra Island Attracts Western Interest

Radium-bearing ore, giving very attractive values from laboratory tests, is reported to have been discovered on Quadra Island on this coast. Samples submitted to the ore-dressing and metallurgical division of the Department of Mines, Continued on Page 3.

Selling Today on New York Mart

NEW YORK, July 26.—The stock market recovered after a morning wave of profit-taking today but ran into fresh selling in the last hour and developed a distinctly heavy tone.

WEATHER REPORT

Dead Tree Point—Raining, southeast gale; barometer, 29.74; temperature, 50; sea rough.
Triple Island—Overcast, light easterly wind; sea moderate.
Langara Island—Raining, moderate easterly wind; sea choppy.

NUMBER IN RELIEF CAMPS TO BE CUT IN HALF—BRUHN

VICTORIA, July 26.—The number of men in unemployment relief camps will be reduced to one-half, Hon. R. W. Bruhn, minister of public works, announces. This will bring the total number down to about two thousand men.

ADVANCES IN STOCKS

Activity of Last Week Continues on New York and Montreal Exchanges

NEW YORK, July 26.—The New York stock market surged yesterday up to the best level in two months. The buying was most active since early in June. Advances ranged from one to four points in many of the leaders.

MONTREAL, July 26.—The stock market gave a strong performance yesterday, continuing its advance of last week.

ARE DEAD IN WRECK

Fifteen Trespassers, Supposedly Members of Bonus Army, Lose Their Lives

BELLEFONTE, Indiana, July 26.—Fifteen trespassers, believed to have been members of the soldiers' bonus army returning to their homes from Washington, were killed in a train wreck near here last night.

Warship Report Denied By Italy

No Truth to Rumor of Secret Construction Declares Rome

ROME, July 26.—The Italian government yesterday vigorously denied reports published in London that Italy was secretly building 14 warships.

SEATTLE PROTESTS PROPOSAL TO CLOSE ALASKAN RAILWAY

SEATTLE, July 26.—The Seattle Chamber of Commerce has forwarded a protest to Washington against any move to close down the Alaska Railroad from November 1, 1932, to March 1, 1933, in the interests of economy. Such action would work a serious hardship on numerous Alaskan communities, it is declared.

GRONAU IS IN CANADA

German Flyer Completed Hop From Greenland to This Country

FLYING TO MONTREAL

COPENHAGEN, Denmark, July 26.—It was reported last night that Capt. Wolfgang von Gronau, German long distance flyer, and his three companions had landed on the coast of Canada after a 700-mile hop from Ivigtut, Greenland, in the course of their seaplane flight across the Atlantic Ocean from Germany to Chicago.

Hoover Signs Relief Bill

Garner-Wagner Relief Measure Becomes Law Following Presidential Signature

WASHINGTON, D.C., July 26.—President Herbert Hoover has affixed his signature to the Garner-Wagner \$1,122,000,000 relief bill.

MRS. MARY REID DIES

Resident of City For Eight Years Passes Away After Brief Illness

Mrs. Mary Reid, an esteemed resident of eight years standing in Prince Rupert, passed away at 11 o'clock last night in the Prince Rupert General Hospital after an illness of only a few days' duration. Funeral arrangements are in the hands of the B. C. Undertakers and the funeral will take place on Sunday.

SEARCHING FOR GOLD

Finlayson River is Objective of Mitchell Exploration Co. Expedition—More Men to Go In

TULSEQUAH, July 26.—It is definitely known here that Finlayson River in the Liard River district of Southern Yukon is the centre of activities of the Mitchell Exploration Co. of Detroit which has a flotilla of five planes, under leadership of J. H. Eastman, engaged in prospecting in that area. The last base of the planes was Frances Lake.

Local prospectors who have gone in with the Mitchell expedition are Neil Forbes, H. MacLean, G. Pirnie and Jack MacDonald. There are 12 more men still to go in.

DAILY EDITION Tuesday, July 26, 1932

EXPECTING TOO MUCH

There seem to be some people who think that the Ottawa conference will cure all the ills of the world. That view is not sound. The conference will undoubtedly help but the reflex from the drunken bout of speculation and inflation cannot be stopped by any convention or political action. It must take its natural course.

It must not be inferred from this that we think men have so little brains that they could not head off a movement such as that of the past few years. As we have repeated several times, it would be an insult to the intelligence of the world to think that with too much food on the one hand and many hungry people on the other, no practical scheme can be worked out for an adjustment without the pauperising of a large section of the people.

ON THE ROAD BACK

While we must not expect the conference at Ottawa to bring us everything and neither must we expect quick action, we can expect an improvement in general conditions very soon, conference or no conference. Undoubtedly we are due for a swing toward better times, no matter what is done or left undone. Even if Ottawa should not be successful in extending Canadian markets to any great extent, we shall find markets for our goods and we are now getting to a condition where we must buy. Our prophesy is that in a year from now we shall be wondering what we were all worrying about in 1932, but it will not be a return to 1929 conditions. It will be simply an improvement on today's conditions.

Man in the Moon

The world may owe every man a living but any merchant can tell you that collections are bad these days.

Jake says he'd like to prepare the plan for the platform of the new coalition party if it is formed. He suggests the following:

1. We solemnly pledge ourselves to receive no delegations, to cast all memorials into the waste basket, to please ourselves and ourselves only, and to have those who displease us or who dare to oppose summarily executed.

2. We shall call the Legislature together once every three years and each member will then be allowed to speak for ten minutes only. Each legislator will be paid a maximum salary of \$100 for the session which will not exceed two weeks in length.

3. There will be twenty members of the Legislature, of which one each will sit for the cities of Vancouver and Victoria.

4. Elections will take place when the members of the Government wish, probably one for each generation, so that the young people will not grow up ignorant of what an election is.

5. We are strongly of opinion that liquor stores and beer parlors should be operated by the Government for its own personal benefit and all members of the cabinet shall be allowed free drinks at any time of day or night.

Now that Sir Henry has relinquished his salary and accompanying fees and perquisites, people are wondering who will be next. Please do not all speak at once.

Jake says he's sending in an application for Sir Henry's job. He says he could match the past president easily in the matter of spending money.

In case any person has forgotten, it may be in order to mention that this is July and the taxes are due at the last of the month. I like to keep people happy.

There was a time when people talked about spending the summer holidays. Now they pass the summer holidays.

As we look back and think of the changed conditions it seems that we took ourselves for a ride a few years ago and now we are walking back.

In 1519 Magellan began his three-year trip around the world; in 1929 the German dirigible, "Graf Zeppelin," circled the globe in 26 days, 4 hours.

Canadian Paint Plants Busy on Ford Orders

HUGE quantities of paints and varnishes are required in the manufacture of Ford cars and trucks and orders for these are keeping West Toronto factories busy, since the Ford Motor Company of Canada, Limited, began volume production of the new Ford V8 and new 4-cylinder cars.

The photos show processes in the manufacture of Ford paints and varnishes in the plant of Canadian Industries, Limited, at West Toronto. The upper photo pictures a battery of mixers used for storing base colors which are kept in constant agitation, ready to be drawn off as needed for mixing and blending. In the lower photo, a mill is grinding pigments with oil to form the paint base.

Colors, lacquers and varnishes used by the Ford company are held to exceptionally high standards

and are subjected to severe tests to determine their ability to resist the elements before they are accepted for use.

SONS BEAT EMPRESS 9-8

Doug Stalker Poles Out Homer With Two on in First Inning For Batmen.

Sons of Canada, winners of the first half of the City Senior Baseball League, took their first game in the second half from Empress 9-8 last night to go into the league leadership. It was a hard battle all the way with plenty of slack work and some errors thrown in to make the game interesting all the way.

Doug Stalker contributed the big hit of the evening when he drove out a circuit clinch with two men on in the first inning for Empress. Stiles went the route for Sons of Canada, registering his third victory in as many starts. Tamba started for Empress but his control was poor and after two men had scored and the bases were loaded with two out in the opening inning, Blawie Eckert, a product of the Intermediate League, was sent in to relieve him. He retired the next batter and pitched a good game and had it not been for errors by his teammates, would probably have come out winner.

Jim McNulty, left fielder for Sons, turned his ankle in the first inning and had to be taken out of the game.

Kellogg's guarantee FRESHNESS

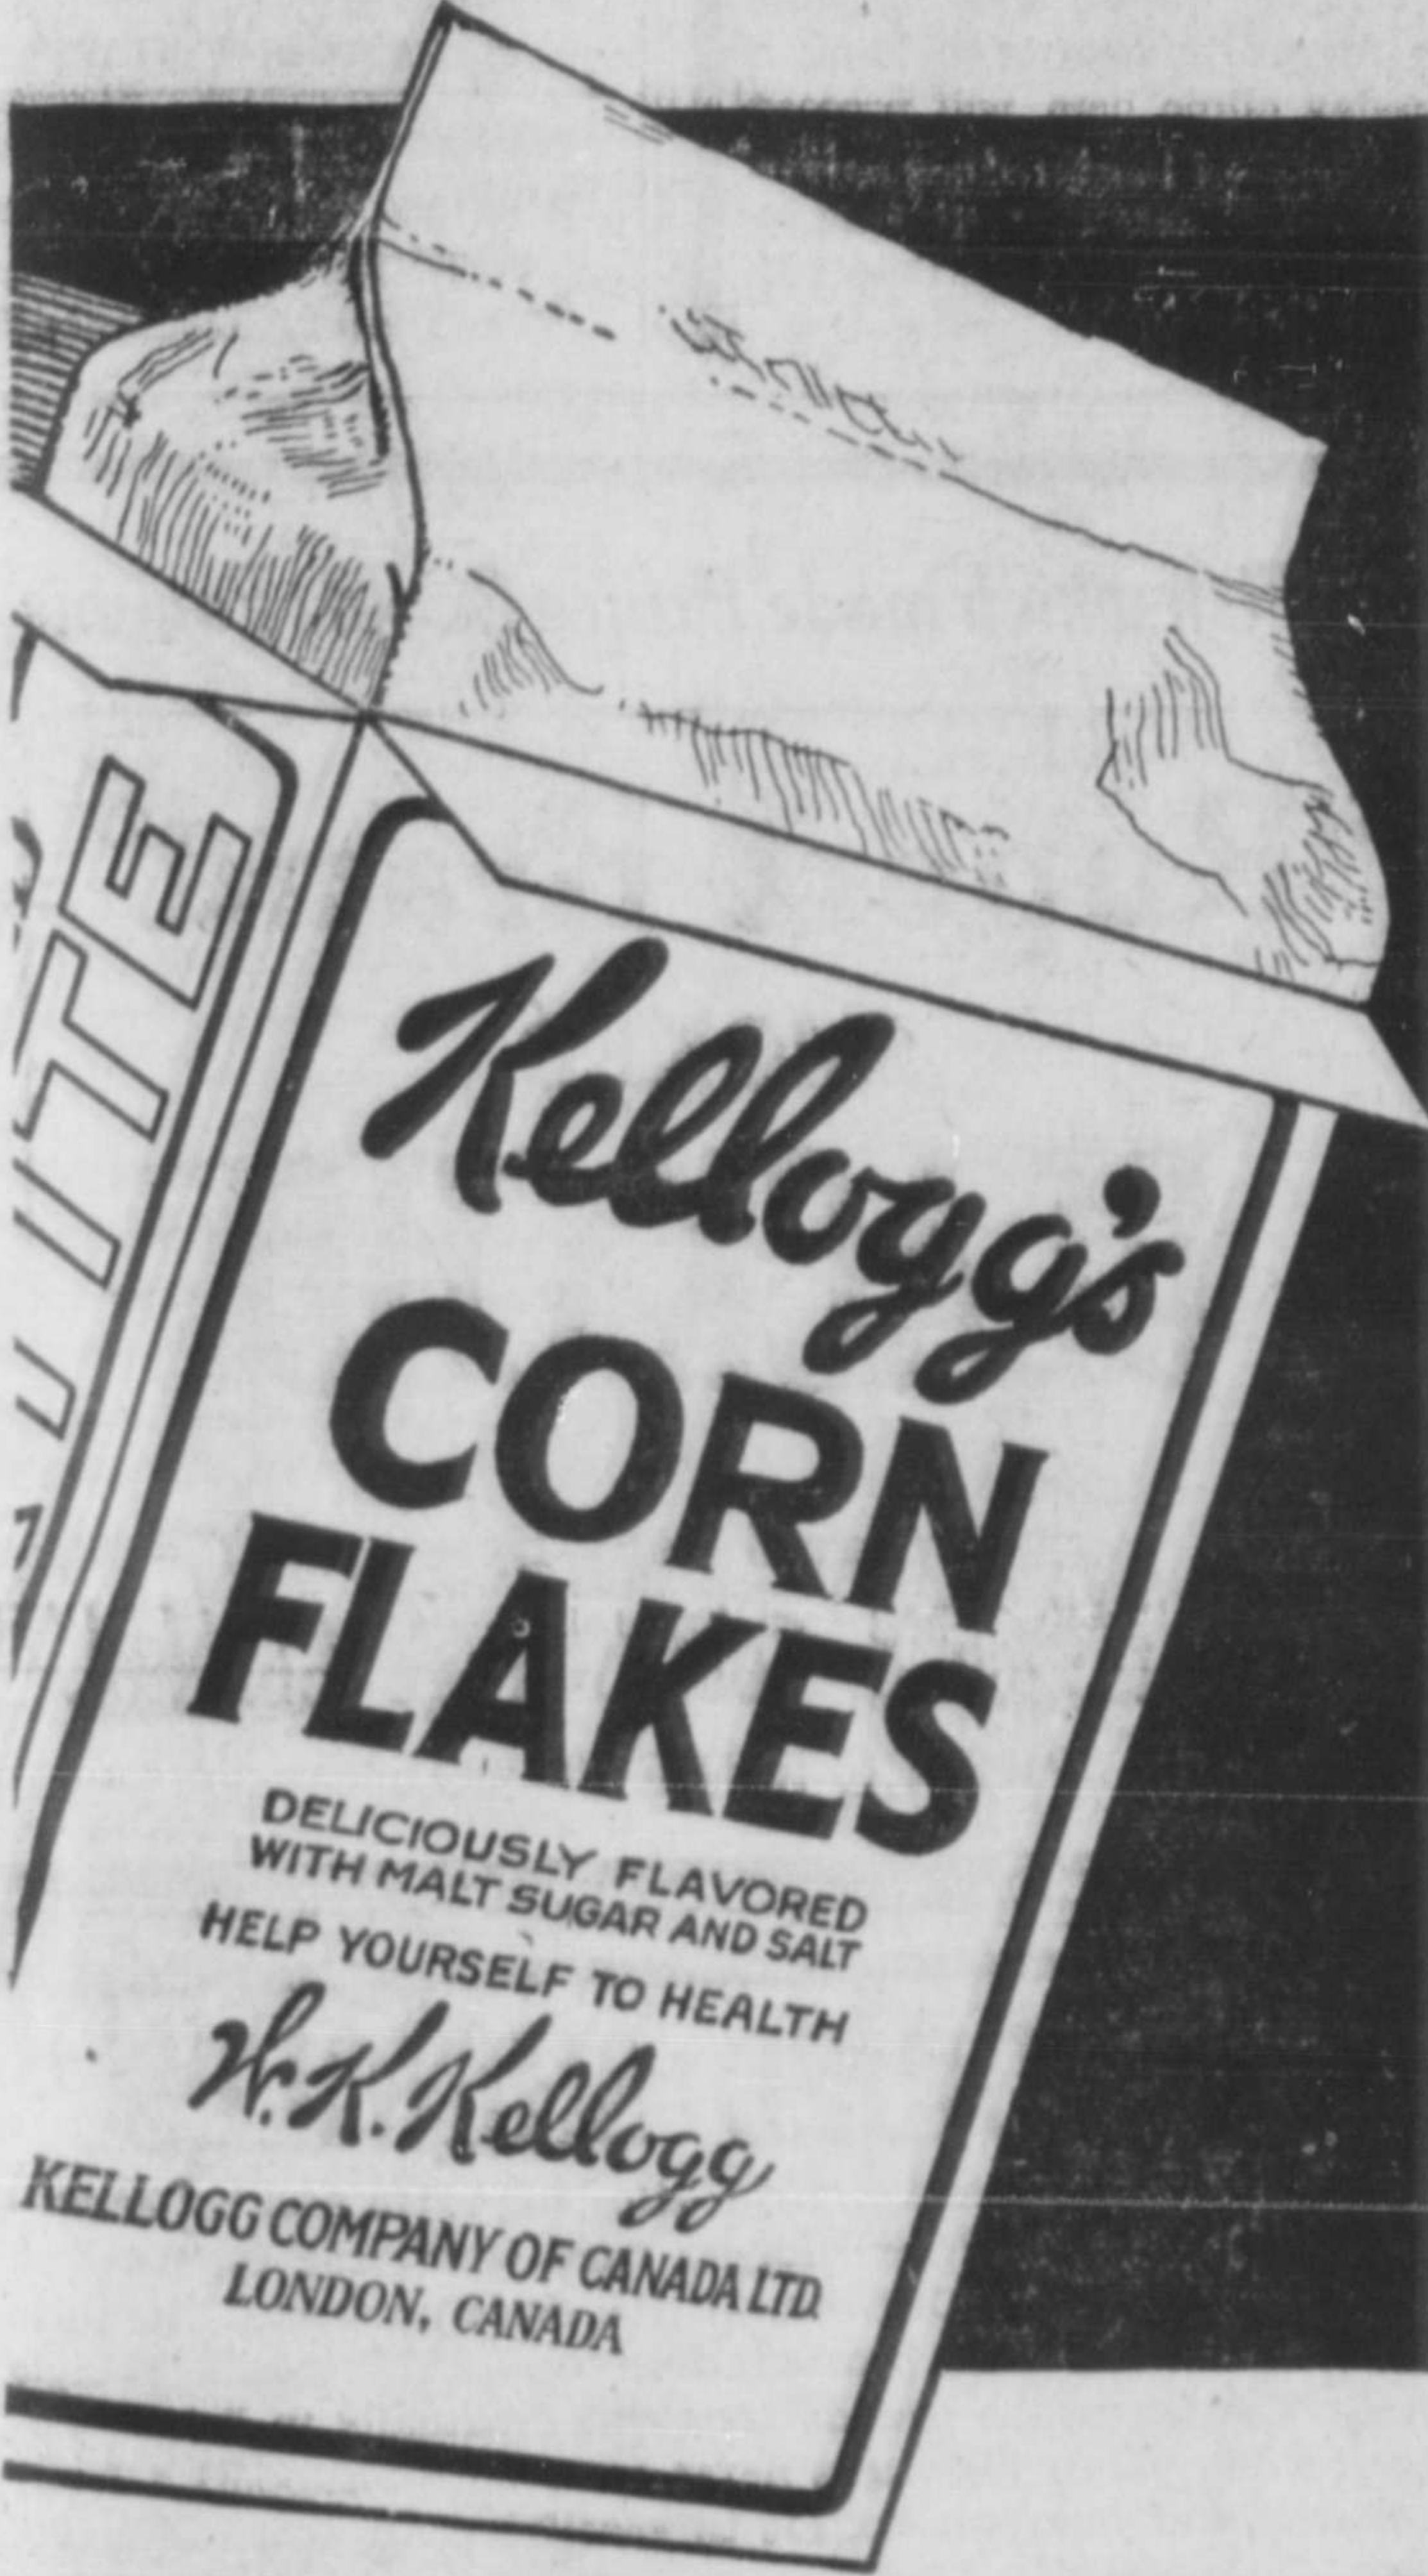

IT PAYS to say "Kellogg's" before you say "corn flakes." That's the way to be sure of delicious, crisp, really fresh flakes. For more than 25 years Kellogg's have been the standard of value in corn flakes.

These twenty-five years' experience, plus modern factories and expert workers, make the Kellogg's you get today the finest corn flakes that have ever been produced.

Each package is sold with the personal guarantee of W. K. Kellogg: "If you do not think Kellogg's Corn Flakes the finest and freshest flakes you ever tasted, return the empty package and we will refund your money."

Kellogg's Corn Flakes always reach you as fresh as when they left the toasting ovens. That's because of the special inside WAXTITE bag which is sealed top and bottom. It's a patented Kellogg feature.

Taste Kellogg's. Compare the flavor, crispness and freshness . . . even the tempting aroma. When substitutes are offered, remember it is seldom in the spirit of service. Insist on the red-and-green package. Made by Kellogg in London, Ontario.

Northland Transportation Co.'s motorship Norco is due in port at 6 o'clock this evening from Ketchikan with one carload of frozen fish for transshipment East over the Canadian National Railways.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 10:40 this morning from Anyox, Stewart and their northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

R. Aiding, dining car steward for the Canadian National Railways, who has been a patient in the Prince Rupert General Hospital here for some time, left on yesterday afternoon's train for his home in Winnipeg.

Curtis Gardner, well known Portland contractor, was a passenger aboard the Catala today returning south after a brief visit to Hyder where some years ago he was engaged in contracting work for the United States government. Mr. Gardner came south last week from Juneau.

Mrs. T. Spencer returned to the city on Sunday night's train from a visit at Lakelse Lake.

Mr. and Mrs. T. Williams left on yesterday afternoon's train for a visit at Lakelse Lake. Mr. Williams who has been in ill-health for some time, is gradually convalescing.

A. Sorensen of Norway, who has been paying a visit with friends here, left on yesterday's train for his return to the Old Country. En route he will visit in Toronto and New York.

H. E. DeWolf, local manager of W. H. Malkin Co. Ltd., returned to the city on the Catala this morning after making the round trip to Anyox and Stewart on company business. He was accompanied on the trip by his daughter, Miss Gloria DeWolf.

G. E. Gulick, local manager of Swift-Canadian Co., returned to the city on the Catala this morning after making the round trip to Anyox and Stewart on company business.

Mrs. F. Dodsworth, wife of the assistant manager of the Granby store at Anyox, and family were passengers aboard the Catala today bound for Vancouver on a vacation trip.

RADIUM ON THIS COAST

(Continued from page one)

Ottawa, are reported to have given a return of 28.9% uranium oxide from which radium is produced and that further samples tested at the laboratories of the University of British Columbia gave a return of 27.9% uranium oxide which at the present price of radium would mean a value of approximately \$6,000 per ton in that content alone. There are however, associated with the uranium appreciable values in both thorium and vanadium. The minerals are found in the form of carnotite which, prior to the advent of the high grade pitchblende of Belgian Congo, formed the chief commercial source of radium from several localities in the United States.

Quadra Island is easy of access as it lies approximately 100 miles north of Vancouver on the inland passage. The strike was made at an elevation of possibly 300 feet above sea level and only a mile or so back. The area is low and rolling and having been severely burned over some six years ago exposes about 50% of its surface to the prospector.

The property was recently visited by Wm. A. Bower of Canadian Financiers Trust Co. and Geo. L. MacInnes a well known Vancouver mining lawyer. The latter reports that they were able with the aid of a stick to dig out about 20 pounds of carnotite from a couple of small fissures. These samples have been freely exhibited about Vancouver and considerable interest has been aroused. More detailed geological data is awaited with interest.

Chest Clinic

Dr. A. S. Lamb, Travelling Provincial Health Officer and Chest Specialist, will hold a chest clinic in the Prince Rupert Hospital July 26th to 29th.

Examinations at this clinic are free; anyone wishing a consultation is asked to make arrangements through the Family Doctor. 173

USING OLD BELL STILL

Relic of Old Steamer Princess Royal Tolls For Ocean Falls Jap Children

The brassy notes of the old hour-bell that tolled the time aboard the old steamer Princess Royal up and down the Pacific Coast for 26 years are not stilled though the stout-hearted old vessel herself no longer rides the waters of Georgia Strait.

Though the veteran of the Canadian Pacific Railway's B. C. Coast steamship fleet went officially into the limbo of departed ships early in the spring when she was scrapped and sold, the voice of her forecastle bell remains on the air at Ocean Falls to remind listeners that the spirit of this grand old ship still lives.

For the bell, proud and gleaming, has been installed in the belfry of the Ocean Falls United Church mission which ministers to the spiritual welfare of Japanese children in that bustling pulp and paper town. For a year or more the missionaries had been making enquiries in many directions to supply the little church with a bell whose voice would call the children to worship. Their prayers were answered when Arthur R. Graves, purser of the Canadian Pacific's Princess Adelaide, which plies the Vancouver-Ocean Falls-Prince Rupert run applied for and secured the Princess Royal's hour-bell when the old coastal liner was being broken up for auction.

Now, every evening, the voice of a departed spirit of the British Columbia-Alaska deeps, will sound on the air not to call bury, wool-lacketed seamen to a new watch but to summon little Japanese children to their prayers.

Dr. A. S. Lamb, travelling provincial health officer and chest specialist, was the speaker today at the regular monthly open luncheon of the Prince Rupert Gyro Club. President William Cruikshank was in the chair and there was a fair attendance of members.

CONCERN AT CONFERENCE

United States Taking Keen Interest in Gathering at Ottawa, Judging From Radio Broadcasts

Judging from the American radio broadcasts, the United States is taking no mean interest in the proceedings of the Imperial economic conference now in session in Ottawa. Considering that it is a foreign event as far as the United States is concerned, the American news broadcasts gave the gathering a great deal of attention.

Considerable trepidation is apparently being felt in the United States that the conference may not work out in the best interests of American trade with Canada and other British nations.

One of the news broadcasters has made the novel suggestion that Denmark, facing the loss of her dairy trade with England, might negotiate to join the British Empire.

Strawberry Social At Remo Drew Big Crowd Recently

REMO, July 26 — The annual strawberry social put on by the Remo Farmers' Institute was held recently in the hall and was very well attended, about a hundred fifty guests being present from Terrace and other points.

The Terrace orchestra supplied the music and dancing was kept up until the early hours. The lunch tables were set in a separate building. About a hundred guests were served at the first sitting. The tables were prettily decorated with bowls of strawberries and flowers.

Dr. Alexander Draws Crowd

Speaks to Large Number, Amusing and Instructing Them

Every seat was filled at Moose Hall last night by an enthusiastic audience that listened, laughed and cheered Dr. Alexander as he depicted different phases of human nature and the comment on the street as the crowd came away was, "A fine lecture."

He continues every night this week with free lectures and all are looking forward for a fine time.

Dugald Campbell, Vancouver, representing the Canadian Linotype Co., arrived in the city on the Catala this morning after making the round trip to Stewart and will proceed on tomorrow's train to Hazelton and other interior points.

UNEMPLOYED IN SESSION

Unfortunate Condition of Single Men Stressed—Families Are Also in Need

The condition of single unemployed men in Prince Rupert, many of whom have not had work for two years, came in for considerable discussion at a meeting of unemployed in the Canadian Labor Defence League Hall on Second Avenue last night. On resolution, a committee was instructed to interview the government, particularly in the matter of clothing.

A report was received that some unemployed residents of the city had received clothing from the authorities but it was explained that, so far, there had been none for families some of which were badly in need. As there was not a large attendance of married men at the meeting, it was decided to hold another meeting on Friday evening to discuss the matter with a view to bringing it to the attention of the city council.

Delegates to the United Front conference presented their report to the meeting. After the aims and objects of the new organization had been revealed, much discussion took place between members of the National Unemployed Workers' Association and the sponsors of the new organization. Several items being objected to, it was decided, on motion, to table the report for further information. Two delegates were named from the meeting to attend the next conference and report back.

The chairman, Charles Chapman, and secretary, T. Murphy, presented a report on conditions at Smithers, Cedarvale and Usk. The unemployed there are determined to resist any attempt to lower the standard of living. Several speakers pointed out that the subsistence allowance for the workless was already 70% lower than laid down in the Labor Gazette, federal government publication.

It was reported that Prince Rupert delegates on the way to the Workers' Economic Conference at Ottawa had passed through Winnipeg and should be at the Capital by the time the conference opens.

TARIFF NOT EFFECTIVE

Canadian Grain and Flour Exporters Are Puzzling How to Dispose of Exportable Surplus

OTTAWA, July 23.—Canadian grain and flour exporters have decided that neither quota or tariff preference would be of assistance in disposing of exportable surplus if the preference is in the form of British duties against foreign wheat and flour.

FIRE SALE SENSATION

Montreal Importers Prove That There is Money in Prince Rupert and Gets it

That there is money in Prince Rupert has been clearly proved by the Montreal Importers in their big fire sale which is still going on at their store in the Meeker Block. The store has been getting the money every day because the people have been attracted by the sensational bargains offered by the firm. The curious thing about this sale is that there are just as good bargains offered today as at the opening and the buying and selling goes merrily on. If you have a dollar and wish to get two dollars worth of value for it, drop in and pick out what you want. The clerks are glad to show the goods.—(Adv.)

Dr. A. S. Lamb, travelling provincial health officer and chest specialist, in the course of a tour of the north for the purpose of conducting tuberculosis clinics, arrived in the city on the Catala this morning from Anyox and, after holding a three-day clinic here, will proceed to Hazelton, Prince George and other points. He is accompanied by Mrs. Lamb and Miss J. B. Peters R. N., clinic nurse.

CONVENTION THIS WEEK

John Dybhavn Will Represent Prince Rupert at Fort Fraser Gathering

John Dybhavn, who has been holidaying at Lake Kathryn, is the Rupert delegate who will attend the convention of the Associated Boards of Trade of Central British Columbia at Fort Fraser this week. Both the president and the vice-president found it impossible to attend this year but Mr. Dybhavn is a member of the executive and is familiar with the problems confronting the north.

Fort Fraser is in the centre of a fine farming country, is a beautiful spot, and is easily accessible to most of the interior people so is, therefore, an ideal place for such a convention.

A much muscled maiden is Miss Madison of Seattle. Helene was snapped at Jones' Beach, L.I., while training for the olympic swimming try-outs.

District News

SKIDEGATE

Tourists from the outside this season have been very pleasantly surprised with their visits to Madame Rajaut's summer resort, "The Dunes," at Tiell. Wonderful fishing and bathing is to be enjoyed in addition to which motor drives and the scenery lend to the general pleasure. Recent guests at "The Dunes" have included Government Agent Norman A. Watt and two children, Prince Rupert; Mrs. J. G. Sherbourne and daughter, Patricia, Ocean Falls; Miss Ethel Debou, Vancouver; S. Muldal and Bruce Inverarity, Vancouver, and J. P. Dover, Queen Charlotte City.

Jack Hansen, superintendent of the Kelley Logging Co. camps at Selwyn Inlet, and Roy McDonald paid a brief visit to Queen Charlotte City recently, coming up on Mr. Hanson's speedboat. Last month the Kelley camp placed 6,000 logs in the water which scaled over 5,000,000 feet. Seventy men are working in the camp.

It is reported here that the Southeast gold mine will operate on a larger scale this week. The Kitsault-Eagle Co. has run into a very rich vein of ore at the 100-foot level.

Prospectors who recently arrived here from Portland, Ore., say that they are very pleased with the outlook for prospecting on the Queen Charlotte Islands. Some prospectors are now out to hunt for gold around Gold Harbor on the west coast of Moresby Island where gold was first discovered in 1852, being the first gold discovery in British Columbia.

Visitors to Queen Charlotte Islands

Bruce Inverarity and S. Muldal of Smithsonian Institute at Present in Skidegate Inlet

SKIDEGATE, July 26.—Bruce Inverarity and S. Muldal of Vancouver, who are visiting the Queen Charlotte Islands on behalf of the Smithsonian Institute and several large papers, were guests recently at Skidegate of Mr. and Mrs. E. C. Stevens. They marvelled that the wonderful Queen Charlotte Islands with their many attractions had not been given more publicity.

Mr. Muldal, who has in the past been in the employ of the Consolidated Mining & Smelting Co. at Trail, expressed himself as being surprised at the wonderful showings of gold claims on the islands and wondered why some of the properties were not already working full blast. Mr. Muldal will examine properties at Collison Bay, Moresby Island, in the interests of Seattle capital.

Mr. Inverarity, who is an experienced cameraman, plans to return to the Queen Charlotte Islands soon and bring a moving picture outfit with him in order to take views of interest. He will also record sound effects of wild life, etc.
