General Strike in United States

MILLION DOLLAR FUND TO BE RAISED TO PROMOTE A GENERAL STRIKE TO SECURE A NEW TRIAL FOR MOONEY

(Special to The News via G. T. P. Telegraphs.)

Chicago, January 18.—A general strike of organized labor designed to paralyze every industry in the country, beginning only 4 next, was decided upon today by the National Labor Congress, as a means of obtaining a new trial for Thomas J. Mooney and Warren Billings, if Federal intervention and every other means adopted to procure the desired relief fail.

The convention authorized the raising of a fund of \$1,000,000 to carry on a campaign of education to liberate the labor leaders and to promote the proposed general strike. It is planned to finance the movement by levying an assessment of fifty cents on each member of organized labor in the country.

PRINCE RUPERT OFFICERS WILL SOON ARRIVE

Major Geo. Beckley Hull, Lieut.
R. L. Clothier and Nursing
Sister L. D. Hull at
Halifax.

(Special by G. T. P. Telegraphs.)

Halifax, Jan. 18.—The Olympic arrived yesterday with 5,500 troops from England. Among the officers are Major Geo. Beckley Hull (on duty), Lieut. R. L. Clothier, Nursing Sister L. D. Hull, all of Prince Rupert.

Major George and Mrs. Hull left here about two years ago, the former going with a forestry battalion to get out timber in England for war purposes and the other to volunteer as a nursing sister.

Major Hull was Dominion district engineer here before leaving.

Nursing Sister Hull who is a sister of C. H. Orme, the druggist, has had a varied experience both in England and France. She has been nursing in a casualty clearing station close to the lines and naturally she will have much to tell when she arrives. She met Flight Lieut. Ritchie behind the lines when he was brought down by four German planes not long before the close of the war.

Lieut. R. L. Clothier was in charge of the Indian Mines at Salmon river before leaving. He is a brother of George Clothier, the provincial district mining engineer. He left as a private in the autumn of 1915 with the 102nd Battalion, was promoted on the field and was in line for a captaincy when the armistice was signed.

THE LONG LOST COUSINS.

MARSHAL FOCH SAYS RHINE MUST BE BOUNDARY OF GERMANY AND FRANCE

(Special to The News via G. T. P. Telegraphs.)

Trevis, Jan. 18.—It is the conviction of Marshal Foch that the Rhine must be made the barrier between Germany and France. He expressed this clearly when he received the American newspaper correspondents last evening. The Marshal is here in connection with a meeting concerning the extension of the German armistice.

Foch pointed out the difficulty that has been overcome and said that peace must be commensurate with the price of victory. Germany now was beaten, he added, but with her resources, especially in men, recuperation in a comparatively short time was quite possible. It was now the duty of the Allies to prevent further aggression.

BIG GUN WAS NEARLY READY FOR GERMANS

British Production to Bombard
Rhine to Have Even Greater
Power than "Big Botha."

gun which was expected to be of London, Jan. 18.—The big even greater power than "Big Botha," was among the secret productions of the Sheffield Cannon Works, it became known today. This gun, which was to have been used to bombard the Rhine was about 83 feet long, and its weight, when mounted, is given as 124 tons.

It was stated officially today that the monster cannon would carry to a distance of 50 miles, but men working on it were of the opinion that it probably would be destructive at 90 miles.

BLOCKADE CONTINUES

London, Jan. 18.—The Admiralty has no immediate intention of relaxing its strict blockade against Germany.

COME AND SEE

STRIKE THREATENED TO AVENGE DEATH OF DR. LIEBKNECHT

(Special via G. T. P. Telegraphs.)

London, Jan. 18.—There are apprehensions in Berlin of a general strike and uprising to avenge the deaths of Dr. Karl Liebknecht and Rosa Luxemburg. Spartacan leaders, according to a Copenhagen despatch to the Exchange Telegraph Company.

It is doubtful if the elections to the National Assembly can be held on Sunday because of the tremendous excitement. Several more Spartacan leaders have been arrested but the former chief of police Eichporn is still at large.

GT. BRITAIN WILL SHARE HER FOOD WITH EUROPE

(Special via G. T. P. Telegraphs.)

London, Jan. 17.—George H. Roberts, the new British food controller, states that the continuance of food control in England is to be "governed by the needs of Europe as a whole; just as during the war. Great Britain, of course, takes her share with the United States, France and Italy in the necessary financial arrangements. My duties are thus not limited to this country, and just as England helped to save the allies in war, so she will take her part in helping to save Europe from Starvation and chaos now that peace has come," he said.

Harry Laelle was brought before C. C. Perry this morning and was fined \$30 and costs for trespassing on an Indian Reserve at Metlakatla.

SINN FEIN WILL BE SUPPRESSED IN IRELAND BY ROYAL PROCLAMATION

(Special to The News via G. T. P. Telegraphs.)

Dublin, January 18.—The Government, it is reported here, is about to issue a proclamation tightening the laws against Sinn Feiners. Some months ago a proclamation was issued under the Crimes Act declaring that Sinn Feiners were dangerous. This was a necessary preliminary step to suppression of the organization, but no subsequent steps have been taken. Once the proclamation suppressing the Sinn Fein is issued, it becomes a crime to belong to the organization and the Government can prosecute any member and send him to jail.

ARMISTICE EXTENDED ANOTHER MONTH

Pars, Jan. 18.—The armistice between the Allies and Germany is extended one month, and will be further extended from time to time as the exigencies may warrant. The Germans still complain of the harshness of the terms.

BRITONS LEARN LESSON OF WAR

Sir Eric Geddes Tells What the
Nation Can Do When Pulling
Together.

(Special via G. T. P. Telegraphs.)

London, Jan. 18.—Sir Eric Geddes, Minister without Portfolio in the new cabinet, in an address before the Associated Chambers of Commerce said that the biggest thing that had been learned in the war and the greatest benefit that could be gotten from it was that the British people had discovered as a nation what they could do if they pulled together.

They had improved machinery, also electric power, that great modernizer of industries. They had learned much about the German "Key" industries and German controlled British industry by the war. As an instance Sir Eric mentioned spelter and tungsten, which, though controlled by Germany, came almost entirely from the British Empire, while the whole monopoly of magneto manufacture, indispensable to modern development in steel plants, was held by German firms. The manufacture of many lines of machinery in Great Britain was held back by the dumping of pieces of apparatus, such as crank castings, on the Tyne and Clyde at prices lower than the cost of the raw material.

Making Plans for Building Houses.

Now that the elections are over it will be well for citizens to begin to consider how they are going to house the people who may be expected to come here during the next few months. The demand for houses will be very great and there is talk of knock-down shacks and all sorts of fragile structures to accommodate the workmen at the new plant.

That there are a number of contractors and others already considering the scheme is well known. Already figures are being obtained for lumber and building and it is found that the houses can be built locally much better than by bringing in ready-made houses.

The biggest demand will be for four and five roomed cottages. Besides this, however, it will be necessary to have some of the better class of dwellings for which people will be willing to pay larger rents. Right now there is a demand if the prices are not too high.

Prices of Lots Must Not be High.

Those who own lots and who wish to sell must not expect to get enhanced prices, for workmen cannot afford to pay any fancy figures for houses and lots. The lots on which workmen's cottages are built should not cost much more than two to three hundred dollars or else the rent comes too high. Prince Rupert must be made a place where people can live as cheaply as elsewhere or perhaps a little cheaper. That is the only way to attract workmen. Big prices for everything will only drive people away.

Those who have the interests of the town at heart will try to keep prices down to a reasonable level. The grocers are already doing that. During the Christmas holidays things were cheaper here than they were in Vancouver or Victoria. We still charge high for a few luxuries but the prices will reach a normal level when the influx comes and there is more competition.

Kissing the Book Relic of Barbarism.

Kissing the bible is one of the relics of barbarism which have come down from the days when the people were ignorant and worshiped the bible. Today there is still a little superstition surrounding the book which causes people to cling to the custom of kissing it when taking the oath.

The custom of kissing a book is one of the most silly things that can be done. It brings the courts into ridicule and contempt and makes the lawyers and judges seem anything but dignified, while at the same time it adds nothing to the value of the oath. To swear with the uplifted hand is much more sane. That was done by one of the witnesses at the assizes but he had to be asked in a severe tone if he did it for conscientious reasons.

Not only is the custom of kissing the bible ridiculously superstitious but it is also horribly insanitary. To kiss where some other dirty dips have preceded and perhaps to carry away the germs of disease is hardly in keeping with the needs of justice. It is almost as bad as locking young boys or girls in prison along with hardened criminals. It is not necessary.

Perhaps there will come a time when lawyers will get rid of this relic of the past. It should have gone along with the wig. If they refuse to do it, the public will have to protest and see that the law makers do their duty in regard to it.

HARKLEY ONCE MORE FREE AFTER SPENDING FOUR MONTHS AWAITING TRIAL

AFTER VIGOROUS DEFENCE BY COUNCIL JURY RETIRES
AND IN TEN MINUTES RETURN WITH VERDICT
OF "NOT GUILTY."

After being out only ten minutes yesterday afternoon the jury at the assize court found Jack Harkley not guilty of the charge of murdering Frank Martin at Swamp Point on September 10. Judge Murphy who was conducting the assize at once ordered the prisoner to be given his freedom and the jury to be discharged.

The verdict was received with applause by those present, applause which was at once curbed by the "order, order" of the sheriff, and when Harkley stepped from the dock he was welcomed by a number of his friends and even those who had not known him before congratulated him on his luck.

Vigorous Fight.

L. W. Patmore, the counsel for the defence, put up a vigorous fight and as the evidence in the case for the crown was punctured and the evidence for the defence slowly unfolded during the two days of the trial it became plain to those present that there could be but one verdict. Then came the addresses by counsel and, most important of all, the stating of the law in regard to the case by the judge, all of which confirmed the idea that Harkley had fired his gun in self defence as provided for in the criminal code.

Recalled Jury.

When the jury had retired Judge Murphy remembered two minor points which he had forgotten in summing up and he sent for the jury and mentioned these before the verdict was given.

At the afternoon session a number of witnesses gave evidence as to the good character of Harkley and the quarrelsomeness of Martin, these witnesses were Bert Olson, M. R. Jamieson, John Conway, Fred Ritchie, George A. Clothier, Joe Wheatley and John E. Stark.

Reviewed Evidence.

In reviewing the evidence Mr. Patmore set aside that of the Japanese as of no importance and spoke of the discrepancies in Constable Shiel's evidence, this being an indication that he could not be relied upon. His evidence not only differed from that he had given at the preliminary trial but also it varied when repeated under cross examination.

In regard to the evidence of the doctor in regard to the direction the bullets had taken, Mr. Patmore said his theory was that the man on seeing the gun pointed at him bent forward just as if someone was about to strike him in the stomach and thus one of the bullets entered his heart.

Counsel suggested that they did not suggest that the pro-Germanism of the man was justification for shooting him, even though some people openly advocated an open season for shooting pro-Germans. In spite of this pro-Germanism Harkley had refused to quarrel with him.

Prisoner had refused to run away after the shooting even though he had had every opportunity. He had shot the man in self defence and he felt he was justified in doing so. He was afraid of serious violence to his person, had reasonable ground for his fear and did everything he could to avoid the conflict. What flashed through his mind was that the man was going to beat him up. Little Jack Harkley was afraid of big Frank Martin. He knew Martin was a bully and had roughly handled men. He was also afraid because of the man's pro-Germanism. Here was a man beyond the pale of human sympathy taking money from the government he was seeking to overthrow. Martin had threatened him and this was known to Harkley.

Self Preservation.

Mr. Patmore then spoke of the physical weakness of the prisoner and of the danger to him if he should get into a scuffle. He had no other means of protecting himself. Self preservation is the first law of nature and a man's first instinct is to fight. Had he not owned a gun it is probable the positions of the men would have been reversed. Counsel also spoke of the good nature of Harkley and the ill nature of Martin. A verdict of "not guilty" would gladden the hearts of all right thinking wherever Jack Harkley was known.

R. R. Earle for the crown did not attempt to address the jury in an appealing way but simply

set out some of the salient facts of the case from his viewpoint. The killing was admitted and it was only a question as to whether it was not. For seven years Harkley had seemed to have harbored bad feelings toward his victim. Living alone he had doubtless brooded over it until when the opportunity came he had taken revenge. The letters written clearly showed Harkley had anything but an angelic character.

Mr. Justice Murphy in summing up clearly stated the law in the case showing that a man might be legally assaulted without actually suffering bodily injury. He was very careful to cover every point and as he proceeded it became more clear, every minute that only one verdict was possible.

What is a WAR-SAVINGS STAMP?

It is a stamp for which the Dominion of Canada will pay you \$5.00 on January 1st, 1924.

It enables you to lend small savings to the Government at a rate of interest which accumulates 20 cents a year on each \$4.00 invested.

A War-Savings Stamp costs you \$4.00 if purchased in December, 1918, or January, 1919, and the price increases one cent each month after January.

Canada's Pledge for FIVE DOLLARS

Every man, woman and child in Canada should invest in War-Savings Stamps all the money that he or she can save by STRICT ECONOMY.

With W.-S. S. you can "build a bond" at your own convenience, taking advantage of the unexcelled security and the high interest. You are not tied down to making payments at stated times, though it is desirable to purchase as regularly and as often as you can.

Should you at any time need money, you can cash your W.-S. S. at the Post Office for the indicated surrender value—the amount you paid with fair interest.

By placing your W.-S. S. on the Certificate provided, and registering same, you are protected against loss by fire, theft or other cause. Your registered Certificate is of no value to anyone but yourself.

As an aid to the purchase of W.-S. S., you can buy THRIFT Stamps of the value of 25 cents, 16 of which may be exchanged for one W.-S. S.

W.-S. S. are on sale at Money-Order Post Offices, Banks, and other places displaying the W.-S. S. sign shown at the top of this announcement.

LOOK FOR THE SIGN.

EVERY TIME YOU BREATHE

You inhale cold germs, some of which are bound to lodge in the throat and breathing passages. You cannot prevent this. You can, however, prevent their development which sets up inflammation resulting in coughs, colds, bronchitis, sore throat and laryngitis.

To avoid these troubles, keep the throat, nasal and breathing passages bathed with the medicinal and germ-destroying vapor that is released when Peps is dissolved in the mouth. This vapor mingles with the breath and reaches the remotest parts of the throat, breathing passages and lungs; destroying all germs and preventing infection.

Safeguard yourself by keeping a supply of Peps on hand. 50c box. All dealers or Peps Co., Toronto.

Pure Cream Makes the Richness

There is a pure cream richness about Pacific Milk that is the only secret behind its goodness for cooking.

You see, all we do to the rich, fresh milk as it comes from the farm is to evaporate water out of it.

This leaves the natural butter fat and other cream solids as they were.

Then we seal it up so it remains fresh and sweet.

Try it in the next recipe which calls for milk or cream.

MUCH FRUIT ON MARKET

Practically All Restrictions of the Food Board are Removed on Groceries and Provisions.

The importation of green vegetables is very limited just now, owing to the fact of the cost of telegraphing, getting the permits and paying duty, etc.

The apple market is more than likely to firm up, as the prices are rock bottom at the present time. The Stamen winesap, winesaps and Newtons are the best on the market. The Jonathans and Spitzenbergs are nearly over now.

The orange market is very poor, on account of heavy frosts. The lemons are the same way, and the grape fruit is suffering from a peculiar form of scab. Bananas are advancing steadily.

There is a new kind of butter on the market. It is extra choice creamery, the flavor and appearance is much the same as New Zealand butter and it is selling at 60c. per lb.

The new Hawaiian pineapple (canned) has arrived, and can be had in any size. Sugar restrictions were removed January 1, so that the public can now buy any quantity of sugar without restriction. There soon will be for sale once more a complete line of fancy biscuits and cakes, etc. The market on cheese is very firm and before long it is expected to rise to 40c. per lb. The Swiss brick cheese is again on the market.

War to Peace

Demobilizing Canada's Army

THE actual work of bringing back our soldiers to Canada and getting them out of khaki is in the hands of the Department of Militia and Defence. Complete plans have been made and machinery organized to handle the work. Every detail has been considered. The plan is harmonious and will work smoothly. It is described here. Notice how every contingency has been considered. How the soldier is cared for at every step. How everything is done for his comfort and to inform his waiting relatives and friends.

From France to England.

Peace is not yet signed. The victorious Canadian Corps is still a fighting unit. But as fast as the situation permits the Canadian Corps in France will be returned to Canada by units allotted, as far as possible, to the areas from which they came. These units will be reconstructed so as to include only men desirous of returning to the area to which the unit has been allotted.

The remainder of the Canadian forces overseas will be returned in drafts of 500 men for each area. Married men first, according to length of service. Then single men, according to length of service.

Preparing to Leave England.

Canada has been divided into 22 dispersal areas for demobilization, with a dispersal station for each.

1. The province of Prince Edward Island—Charlottetown.
2. The province of Nova Scotia—Halifax.
3. One half of New Brunswick—Moncton.
4. One half of New Brunswick—St. John.
5. The north country of Quebec down to Three Rivers—Quebec.
6. The remainder of Quebec—Montreal.
7. The Ottawa Valley and Ontario down to the Thousand Islands—Ottawa.
8. The Kingston district west to Oshawa and north to the Madawaska River—Kingston.
9. The Toronto district north to the French River and the north mining country—Toronto.
10. The Niagara Peninsula—Hamilton.
11. Southern Ontario—London.
12. From White River to the Lake of the Woods—Port Arthur.
13. All of Manitoba except the Brandon territory—Winnipeg.
14. The Brandon territory—Brandon.
15. Southern Saskatchewan—Regina.
16. Northern Saskatchewan—Saskatoon.
17. Southern Alberta—Medicine Hat.
18. From Calgary north to Nordegg—Calgary.
19. Northern Alberta—Edmonton.
20. All of British Columbia except 21 and 22—Vancouver.
21. Vancouver Island and the immediate mainland—Victoria.
22. Cariboo, Kootenay and Gale—Revelstoke.

Each soldier overseas chooses the dispersal area in Canada to which he wishes to go.

A report of the number of men for each dispersal area is cabled to Militia Headquarters.

As fast as they can be absorbed by the dispersal areas—a cable is sent to England for drafts.

Prior to sailing, a cable is sent from England stating how many men are coming and giving their occupations.

In this way arrangements are made to handle the men, to care for them, and to find employment for them.

Before a man leaves England he is medically examined, his discharge papers and other documents are made out. All delay in Canada over these details is avoided.

On the Ship.

The transport staff check the medical and pay documents. The Y.M.C.A. provides recreation and entertainment. Twenty-four hours before arrival in Canada a wireless is sent to the port giving details of any men who are sick and in need of hospital care, and general information that will ensure speedy transport from boat to train.

Wounded Men.

Wounded men are brought

back on hospital ships in the care of Army Medical Corps. They are taken on hospital trains to the various military hospitals and are in charge of the military authorities until medical treatment is complete.

In Port.

Halifax and St. John, are the ports of disembarkation in winter. Quebec and Montreal will also be used in summer. Immediately upon arrival of troops, the officer commanding wires a list to the Soldiers' Aid Commission in each province who notify the men's relatives. He also wires the Dispersal Station to prepare to handle a certain number of men. A third wire is sent to the general officer commanding each military district, through whom the dispersal station is again notified. This gives the dispersal station a double check.

Various voluntary organizations and the citizens of Halifax, St. John, Quebec and Montreal all give soldiers every assistance. Canteens and club rooms are open. Coffee and cigarettes are provided. Telegrams are sent for the men.

A permanent transportation committee of railroad experts, representing the C.P.R., the G.T.R., and the Canadian National Railways, arrange for special trains to meet every transport.

On the Train.

Troop trains consist of colonist, tourist, commissariat, standard sleeping and dining cars. A Y.M.C.A. representative is on every train.

Should a stop-over or delay become unavoidable, the men are provided for. Barracks and an ample food supply are available at the following divisional points: Halifax, Amherst, St. John, Mount Joli, Lévis, Megantic, Quebec, Montreal, Cochrane, North Bay, Port Arthur, Winnipeg, Brandon, Regina, Calgary, Edmonton, Revelstoke, Vancouver.

At the Dispersal Station.

The principal city in each area is the dispersal station. When the troop train pulls in, the relatives and friends of the men have been notified and are on hand. Voluntary organizations have motor cars at the station. Municipal reception committees are also on hand.

In each city the military have provided every accommodation for men staying overnight—barracks, rations. Out-of-town men who are given overnight leave and do not wish to remain in barracks can find the best of accommodation at hostels provided by voluntary organizations.

The Discharge.

Men taken sick en route are immediately received by the District Depot for medical treatment and receive pay as part of that unit.

All other men are paraded at the dispersal station. The offices here are so arranged that each man can pass quickly from one to the other and get away in the shortest time.

First comes the ordnance office. Here the men turn in their equipment, except steel helmets and clothing, which they are allowed to keep.

Next is the office of the Department of Soldiers' Civil Re-establishment. Here each man is given advice and information on the many questions relating to his return to civil life—employment, housing, vocational training, medical treatment.

Men who are unfit for their former employment are taken on the strength of the Soldiers' Civil Re-establishment for vocational training. They are paid during this period and their dependents receive separation allowance.

Third is the paymaster's office. Here the men receive their back pay, clothing allowance of \$35.00 and first month's War Service Gratuity.

Finally the officer commanding issues each man his discharge certificate, and in the same office is a railway ticket agent who gives each man a ticket to his home town. The man is now a civilian.

Here also is an information and complaint office. All complaints are dealt with and information given by an officer specially chosen for that purpose.

The dispersal station will supply quarters and meals for men until train time.

The Government's care for the soldier does not end when he passes through the dispersal station. The important work of other departments will be covered in reports immediately following this.

GERMANS ARE VERY ANXIOUS FOR POLAND

Hope to Reconquer the West Through the East—Poland Independent Would be Bar to Extension East.

London, Jan. 17.—The Germans have determined to seize all provisions in the hands of the Poles in Prussia, if the Polish provinces of Germany are to be restored to Poland. All parties in Germany are agreed upon this step, it is said, and it will be easy as all German immigrants in these provinces have been armed by the German government.

Poland is regarded as even more important to Germany than the left bank of the Rhine. If Germany can keep these Polish provinces, Ebert has declared, she can increase her influence to the south and east and one day reconquer in the west what she has now lost. This assertion was made by the Chancellor at a secret meeting of all parties, at which he also stated that Germany will reconquer the west through the east. If on the other hand, Germany should lose the Polish provinces, a rebirth of political power through efforts at expansion to the east would be impossible.

"THE LONG CHANCE" IS AT THE EMPRESS

"It is a first rate picture." That was the verdict of those who were at The Empress Theatre last night to see "The Long Chance," the picture which was at the Empress Theatre last night. Frank Keenan is a first rate actor and his work has come to be looked forward to by many movie fans.

This thrilling drama is a five part film full of exciting scenes and is a good Saturday night feature. There is also a comedy which is very good.

"JUST FOR TONIGHT" STARRING TOM MOORE

All of Tom Moore's efforts in the past are dimmed by his ingenious work in "Just for Tonight," which is to be shown in picture at the Westholme Theatre tonight. It is from the pen of Charles A. Logue, which is in itself a recommendation that it is all that is best in screen drama, considering that Logue is also the author of Madge Kennedy's highly successful patriotic comedy-drama, "The Service Star." The story is a most striking and original one.

OCEAN FREIGHT RATES ARE REDUCED BY HALF

Montreal, January 17.—Ocean freight rates have been reduced nearly one half on commercial traffic and the British government is releasing a certain amount of space for commercial cargoes. These two facts are the first indication of return to normal in transatlantic shipping.

KNIGHTS OF PYTHIAS MASQUERADE BALL MOST EFFECTIVE

Large Crowd of Gaily Costumed Dancers Made Brilliant Scene at St. Andrew's Hall.

St. Andrew's Hall was gay with color and with spectacularly dressed dancers last night, the occasion being a masquerade ball given by the local lodge of the Knights of Pythias. So large was the attendance that at times the capacious ballroom was crowded almost too closely. Until about eleven o'clock the dancers were all masked but after the judging which took place at that time the face coverings were removed and everyone joined in the fun.

The winners of the prizes were: Best Lady's costume, Miss Lillian King as "Spanish Dancer"; best gentleman's costume, as "Romeo" and the best comic, Mrs. Scaife as "Topsy." The prize was donated by E. J. Cobb. The judges were Mrs. A. Franks, Mrs. Kenny Rood, S. F. Newton and H. F. Pullen. They found their task rather difficult on account of the large number of striking makeups.

Supper was served shortly before mid-night G. W. Johnston having charge and it was well into the morning when the dancers dispersed. Some of the striking costumes other than the prize winners were:

Lance Corporal W. Falconer, who has just returned from overseas, made a fine example of "Blighy," looking as if he had just gone over the top; two gentlemen dressed as Dolly Girls acted the ladies' parts very well indeed; "The Baby," in the person of George Alger, created not a little fun; Jack Gavigan made a very effective Irish gentleman; D. Donaldson made a very striking picture of Uncle Sam; Miss Kenny also made a very effective Japanese lady; the "Hindu" costume was excellent. Fred Werthing was floor manager.

DRY MOVEMENT IS SWEEPING STATES

(Special via G. T. P. Telegraphs.)

Washington, Jan. 18.—Thirty-eight States having ratified the National Prohibition Amendment, Dry leaders are hopeful that the final vote would stand 47 for and 1 against. Two dry states are yet to vote and eight wets. Seven of the latter, the dries believe, will act favorably. New Jersey is the only State that the dries concede.

ORDINATION TAKES PLACE AT HAZELTON

An interesting ceremony took place at the Methodist Church at Hazelton a day or two ago when James Evans of Smithers was ordained to the ministry. There was a large attendance, the clergy present being W. S. A. Crux, of Prince Rupert; Dr. H. C. Winch, of Hazelton, and Rev. R. C. Scott. On the following evening Mr. Crux lectured before a large audience on the subject "Tomorrow."

EXTREMISTS CONTROL THE LABOR CONGRESS

Urge Adoption of Most Radical Principles—Denounce Press and Capitalists.

(Special via G. T. P. Telegraphs.)

Chicago, Jan. 17.—The extreme radicals seemed to have assumed control of the sessions at the National Labor Congress called to consider the program for the liberation of Thos. J. Mooney and Warren Billings. Practically every principle of the Socialists and the I. W. W. was urged for adoption in a flood of oratory which occupied the day and evening sessions yesterday. Speakers demanded the organization of an American soviet, the press and the capitalist class were denounced and the American Federation of Labor was bitterly assailed.

The committee on resolutions is expected to make its final report some time today after which the convention will adjourn. This report will recommend the adoption of the programs of the International Workers Defence League for the liberation of Mooney and Billings and is expected to make some kind of a declaration on the numerous radical ideas suggested for the policy of organized labor during the reconstruction period.

Local News Notes

Bishop Du Vernet was among the few passengers going east from here this morning.

Just arrived by the Princess Ena, 800 tons of New Wellington coal—Albert & McCaffery, phone 116.

J. C. Gordon, of the Lakelse Lumber Co., who served on the jury at the assizes, left for Terrace on this morning's train going east.

All customers at the North Coast Cigar Store have a guess on what the halibut catch of the Kelly will be this trip. Three prizes. The winning tickets on the Tom and Al contest were 50051, 50502 and 50516.

The service on Sunday evening in the church of England will make special reference to the starvation condition in Palestine and Asia Minor. A collection will be taken up for the relief of the people of these parts. All Syrians, Armenians and Greeks in the city are urged to be present.

On Monday at 10 a.m. the civil sittings of the Supreme Court will open with a number of cases, among them being the divorce cases: Hansen vs. Hansen, and Kennedy vs. Kennedy. Also in re Alphonse Thorpe an application by the custodian of alien enemy property for vesting certain property of above party in the custodian of enemy property.

The North Coast Cigar Store until January 31st will sell its large stock of pipes, pouches, cigarette cases, walking sticks and umbrellas at a discount of 20 per cent to make room for new goods ordered.

BOLSHEVIKI STILL CONTROL GERMANY

(Special via G. T. P. Telegraphs.)

Berlin, Jan. 18.—While the Spartacan revolt in Berlin has been at least temporarily crushed, the German Bolsheviki appear to be in full control in Berlin. "The Republic of Cuxhaven" and "Dusseldorf," "The Brunswick Republic" is also in the hands of Radicals, who, while ready to protect the results of Sunday's elections, in other respects share Spartacan views.

Red Cross Appeal

The impression seems to have got abroad that the necessity for a continuance of Red Cross work ceased with the signing of the Declaration of the Armistice on November 11th which ended the World War. Such is not the case but on the contrary the responsibilities of the Red Cross have increased under the changed conditions.

Some of the demands which now face the Red Cross may be noted as follows:

1. Care of sick and wounded Canadian soldiers in Field Hospitals, Base Hospitals and Convalescent Homes in England and France as long as any such remain.
2. Care of sick and wounded Canadian soldiers on transport to Canada in hospitals and convalescent homes in Canada.
3. Maintenance of complete Red Cross establishments with personnel and supplies for Canadian forces in Siberia.
4. Maintenance of complete Red Cross establishment with personnel and supplies for the Canadian Army of occupation in Europe for so long a time as any Canadian forces remain in Europe.
5. Care, personal service and comforts for Canadian forces during demobilization and return of officers and men from France and England to Canada.
6. Relief for destitute sufferers of war.

It is the intention of the local branch of the Canadian Red Cross Society to continue its work until all responsibilities mentioned have been discharged in their entirety. The citizens of Prince Rupert have rendered a noble service during the past four years in all matters touching Red Cross work and we solicit a continuance of that support.

This appeal is made so that you may understand that the end of the fighting at the front does not mean the end of the war for the Red Cross. Our Crimson Badge of Mercy should be the last banner to leave the blood-soaked fields of France and every member and supporter of the Red Cross must understand that money and work will be required in the future as in the past.

We want more home-cooking for the Friday sales and I would ask those who will interest themselves in this branch of the work to communicate with Mrs. R. L. McIntosh and those who can assist in the making of sox and all other necessary garments will receive full instructions in this branch of the Society from Mrs. F. G. Dawson.

F. McB. YOUNG,

Chairman, Prince Rupert City and District Branch,
Canadian Red Cross Society.

STOCKTAKING

It pays everyone to take stock of his worldly goods at least once a year.

It is also worth while to take stock of one's self and endeavor to "make improvements."

Even if they are subsequently broken, good resolutions do good for a time.

We Have Resolved

to reduce our stock of Ladies' Ready-to-wear if low prices will do it and so, during the time of stock-taking, all our Ladies' Coats, Dresses, Suits and Sweaters, silk or wool, are to be cleared out at temptingly low prices.
