PRINCE RUPERT, B. C., MONDAY, FEBRUARY 3, 1919.

PRICE FIVE CENTS

LEAGUE OF NATIONS TO HAVE CONTROL

Dismemberment of Turkish Empire and Retention of German Colonies Decided

Armenia, Syria, Mesopotamia, Palestine and Arabia to be freed from rule of Mohammedan Sultan and former German Colonies to be held as sacred trust

(Special to The News via G. T. P. Telegraphs.)

Paris, February 3.—The accord reached by the Council of the Great Powers concerning the disposal of the German colonies and occupied regions in Turkey in Asia is much more definite than is generally supposed, and, besides the acceptance in principle of the American plan of mandatories, it embraces the following main features:

The Allied and Associated Powers are agreed that the German colonies shall not be returned to Germany, owing first to mismanagement, cruelty and use of these colonies as submarine bases.

The conquered regions of Armenia, Syria, Mesopotamia, Palestine and Arabia shall be detached from the Turkish Empire.

Provision is made whereby the well being and development of backward colonial regions are regarded as a sacred trust of civilization, over which the League of Nations exercises supervisory care. The administration or tutelage of these regions is entrusted to the more advanced nations, who will act as mandatories in behalf of the League of Nations. These mandatories are not uniform but vary according to the degree of development of the Colonial regions and its approach to the stage of self government.

Canadian Club TO MEET

There will be a General Meeting of the Canadian Club in the Court House, tomorrow, Tuesday, February 4, at 5 p. m., for the purpose of considering a proposal to endorse the "League of Nations."

J. A. McAULEY,
Hon. Secretary.

MANY CLPDE WORKERS ARE OPPOSED TO STRIKE AND HOLD MEETING OF PROTEST

MOVEMENT IN GLASGOW TO FORM ORGANIZATION TO TAKE CONTROL AWAY FROM EXTREMISTS IN LABOR UNIONS—RESOLUTION PASSED

(Special to The News via G. T. P. Telegraphs.)

London, February 3.—A large meeting, called by Clyde workers opposed to the strike, was held in the Govan district of Glasgow yesterday. Councillor Wardley, a well known labor leader, presided. There were a number of interruptions and interjections during the meeting, but finally the following resolution was passed:

"We, the trade unionists and citizens of Govan condemn wholeheartedly the undemocratic and unconstitutional methods

HALIBUT PRICE TAKES A DROP

Goes Down to 14.5 cents a Pound Yesterday—Several Cents Less Than Recently Obtained.

The price of halibut has dropped very considerably, possibly as a result of the increased amount of fish being marketed.

Several boats arrived yesterday, the Tom and Al bringing 70,000 pounds, which sold at 14.5 for the best quality and 10.5 for other grades. The Kodiak had 28,000 lbs., the Lebanon 4,000 lbs., and the Saturn 400. These each got 15.6 cents and 12 cents for their catches.

The Helena and the Volunteer arrived this morning, the former, having 8,000 lbs. and the latter 1,000 lbs.

The Saturn is getting ready to commence operations and the Royal Fish Company's boat Verna made her first trip out on Saturday night. The Advance, Nautilus and the Nelly also sailed for their respective fishing grounds on Saturday.

The fishing boat Thelma which had the misfortune to lose her propeller blade a few days ago, managed to recover it and sailed for her grounds about 2 o'clock Saturday afternoon.

which force us to take part in the strike. We pledge ourselves to support representatives of trade unions in this country, and to use our influence to maintain law and order."

A movement also has been started in Glasgow to form a Patriotic Workers' League on Clydeside, the object being to take the control of trade unions out of the hands of extremists, and to appoint shop stewards to work in harmony with official union leaders. A big demonstration is to be held Tuesday to discuss the matter.

More Troops.

London, Feb. 3.—There were no striking developments in the labor troubles, either on the Clyde or in Belfast. Quiet prevails in both districts. It is hoped that a number of shipyard workers will be induced to resume work during the course of the week. More troops arrived in Glasgow where it is said there are 10,000.

Bombay, Feb. 3.—The big strike which rendered 86 cotton factories

In India.

idle terminated upon the employment of the Government of Bombay, granting increase in wages and a bonus of twenty rupees to each man.

A TWISTING ROAD.

DOMINION PROHIBITION FOR A YEAR AFTER PEACE IS DECLARED IS TO BE FOLLOWED BY A BIG REFERENDUM

(Special to The News via G. T. P. Telegraphs.)

Ottawa, February 3.—The prohibition legislation to be brought before Parliament at the coming session has been practically decided upon. It is understood Parliament will be asked to extend for one year from the declaration of peace the regulations enacted last spring by Order-in-Council under the War Measures Act prohibiting further manufacture and importation of liquor from wet to dry areas within Canada.

A year's further trial of the present prohibition regulations is to be followed, according to legislation as now contemplated, by a national referendum giving the majority of the people of Canada the right to say whether or not the whole Dominion shall wipe out entirely the manufacture and sale of intoxicants.

NEW "STRIKE" BRINGS PROSPECTORS ON JUMP

Alleged Nuggets Got in Mosquito Creek Turn Out to be Brass; Looked Like the Real Thing at First.

There was quite a flurry of excitement at the construction camp at Mosquito creek the other day when one of the crew came up from the creek to the camp bearing with him some lustrous shining pieces of yellow metal.

Mosquito creek lies between Pacific and Kitwanga, and the G. T. P. are putting in a new bridge there. After the first find it was not long until the creek was dotted with the workmen all searching for more nuggets. The news of the "strike" spread with lightning rapidity and the next train brought a bunch of prospectors, old timers all, and each armed with a pick and pan, have been prospectors had they before their arrival, however, it was discovered that the supposed strike, to see for themselves just nuggets of gold were not of the what it amounted to.

FOUR TRAWLERS ARE COMING TO THE COAST

(Special by G. T. P. Telegraphs.)

Victoria, Feb. 3.—The four trawlers Stadacona, Armentiers, Thierval and Givenchy which were engaged in patrol work out of Halifax during the war, are being transferred to the Department of Marine and Fisheries and will be brought to the Pacific Coast for service. They will leave Halifax at the end of March.

precious metal, but consisted of little bits of brass.

It was supposed that during the construction of the railroad some seven or eight years ago, some scrap brass had fallen into the creek and the action of the running water had rounded off the corners and made the scrap brass look like the real thing. The prospectors, however, would not have been prospectors had they not followed up the news of the what it amounted to.

SIXTY MILLION IS NEEDED FOR RAILWAY WORK

Uncompleted Parts of Government Lines to Be Finished to Act as Feeders to System.

(Special via G. T. P. Telegraphs.)

Ottawa, Feb. 3.—Estimates of the Canadian National railway system as prepared by the board of directors will be before the Government this week for review. The total, it is understood, is around \$60,000,000 and provision will be made for a large number of works considered necessary. There will be betterments here and there all over the system, additions to rolling stock and other equipment, replacement of rails and considerable construction work in the west. The extensions projected are not main but branch lines, most of which have been graded but require finishing up. They are designed to act as feeders for the Government system.

"DEMERS"

We have a small assortment of silk, serge and poplin dresses that are wonderful values at \$25.00.

COME AND SEE

COMPANY BOATS ARE TIED UP

Demands of Men for Larger Share in Proceeds of Fishing Operations Causes Cessation.

The Canadian Fish & Cold Storage Company's boats are being tied up as a result of a disagreement over the amount which the men are to receive as their share in the proceeds.

The fishermen work on what is known as the company lay. They receive as their share of each trip three quarters of a cent a pound on flatfish and other prices for codfish on the trawlers and three cents a pound on halibut and other prices for codfish on the halibut boats. They are now asking substantial increases and the company refuses to give it them. As a result the boats are all being tied up as fast as they come in.

The old agreement with the men which lasted for a year expired yesterday and all the boats are home except the Carruthers.

The price for the flatfish is set by the Canada Food Board and also the price to be paid the fishermen is set in the same way. That makes it a dispute between the men and the Canada Food Board and it is understood that in case the men do not fish at the prices set, the boats will be tied up indefinitely.

The freighter British Columbia arrived from the south on Saturday with oil for the Imperial Oil Co. and lumber for Albert & McCaffery, besides other freight.

Revive Interest In Part Singing

The Prince Rupert Musical Society has been trying to revive interest in part singing and in music generally and has done some excellent work. A large choir of mixed voices under the leadership of J. E. Davey has been practising for some time past and tonight is to give its first concert. The sale of tickets is an indication of the general interest taken in the event. The people of Prince Rupert are already showing their appreciation. It would be a compliment to the society if there was not a seat vacant tonight, when the conductor raises his baton for the opening selection.

Strike Epidemic Has Broken Out.

People who are given to the use of alcohol often have to go off on a spree at various intervals, and the longer they abstain the longer the spree they take. The workingmen of the old country have been holding back for a number of years, restrained by the idea of winning the war. Now they are having a strike spree. They have been making money for years, but they want more, or shorter hours for the same money, which is much the same.

It is hoped that wise counsels will prevail in labor ranks and that the strikes will not be of long duration. There is now a great opportunity for the Empire to build up its industries, but if the men are going to strike, the opportunity will be lost. The strike has been of benefit to the workers, but it is a weapon that is often used when it should not be. The present is not a time to encourage industrial strife.

National Future Of Trades Unionism.

Right Hon. J. H. Thomas, M. P., in a recent article in the Glasgow Herald discussing the future of Trades Unionism says: "I believe that we shall never reach a stage when there will not be higher things at which to aim, and that it is inevitable that the next move on the part of labor will involve encroachment in the sphere of management and control. Man has all through the ages been struggling, consciously or unconsciously, for freedom and liberty. The day when the industrial master could command the complete subjection of his servants is past. Men and women today will not allow employers to interfere with their lives outside the workshop, and inside the workshop they are formulating their demands to shape their own conditions of employment. It is natural, therefore, that the idea should now be crystallizing in the minds of the workers that they have a right to a share in management and control."

"In July, 1917, the Whitley Report was issued. It recommended the setting up, by voluntary co-operation, in well-organized trades of Joint Standing Industrial Councils, representative of employers and employed through their respective organizations. These councils are to act as industrial parliaments, and to deal with conditions of employment, methods of fixing, paying, and readjusting wages; methods of negotiation, security of earnings and employment, technical education, research and invention, legislation affecting the industry, and means for securing to the workpeople a greater share in the control of industry."

Pure Cream Makes the Richness

There is a pure cream richness about Pacific Milk that is the only secret behind its goodness for cooking.
You see, all we do to the rich, fresh milk as it comes from the farm is to evaporate water out of it.
This leaves the natural butter fat and other cream solids as they were.
Then we seal it up so it remains fresh and sweet.
Try it in the next recipe which calls for milk or cream.

WHISKEY FRAUD MAN ARRESTED IN VANCOUVER

Police Find Barrel of Water in Swiss Dairy Ready for Repeat Order.

A. Johnson has been arrested in Vancouver for being implicated in a whiskey fraud here. He will be brought north and arraigned in the police court along with Clarence Miller who is held here on a charge of selling liquor.

As far as can be ascertained Miller came here some weeks ago and was met by Johnson who told him that he had four barrels of whiskey left over since pre-prohibition days and if he would introduce him to some customers he could have everything over thirty dollars a gallon that they could get.

Miller introduced Johnson to a party of ladies who were looking for just such a buy and they went together to the Swiss Dairy where the barrels were. One was taken to the house and the girls were given a small portion of the liquor extracted by means of a syphon and on it proving satisfactory the sum of \$1470 was paid to the men as the price of the barrel.

After the men had gone the girls found that there was nothing but water in the barrel and that there had been a small quantity of liquor near the bung hole in a can, sufficient to deceive them as to the contents.

Story Comes Out.

Owing to their own connection with the deal the girls were afraid to say anything about it to the police but the story came out and the police investigated with the result that the men connected with the deal were arrested.

On a search being made of the Swiss Dairy some barrels were found that had been taken there in a packing case. One was filled with water and there was a receptacle for the whiskey ready, but no whiskey there. Apparently the trick was to have been repeated several times, the belief being that the girls would be afraid to inform against the men.

MANY PERFORMERS AT BIG CONCERT TONIGHT

The concert tonight promises to be one of the big affairs of the season. Those who heard the choir yesterday declare that the results obtained by Conductor Davey in the few months during which he has had charge of them are simply wonderful. The following are the members of the choir:

Soprano:

Mrs. A. T. Bailey
Miss F. Byatt
Miss G. Clarke
Mrs. John Conway
Mrs. G. Elkins
Miss J. Garton
Mrs. W. G. Humble
Miss K. Shaw

Word was brought from Juneau by the S. S. Princess Mary on Saturday that Diver Jacobsen reported the upper part of the Princess Sophia badly broken up, the mainmast broken in half, but the hull of the vessel intact. She will probably be raised and will again ply to this port and Alaska.

This Month \$4.00 each
Next Month \$4.01 each

\$5.00 for \$4.00

And every dollar worth more!

Government Security in Small Denominations

If War-Savings Stamps were offered in denominations of \$40 and \$80 only, redeemable in 1924 at \$50 and \$100 respectively, only a limited number of people could profit by the high interest return.

But nearly everyone in Canada can and should invest \$4.00 periodically in these Government securities earning over 4½ per cent. compound interest. W-S-S. are sold at Money-Order Post Offices, Banks, and wherever the sign is displayed.

THRIFT STAMPS

Patriotic storekeepers will sell you Thrift Stamps, at 25 cents each. Affix sixteen of them to a Thrift Card and you can exchange for a W-S-S. this month.

PRISCILLA DEAN IN "THE BRAZEN BEAUTY"

Interesting Drama to be Shown At Empress Tonight Featuring New Favorite.

"The Brazen Beauty," featuring Priscilla Dean, is the big attraction tonight at the Empress Theatre. This is a drama full of tense situations and dramatic interest such as movie fans love.

Priscilla Dean was one of the actresses who took part in Griffith's big productions. She now has her own company and her own brand of pictures. "The Two-Soul Woman" was the first stellar effort and since that she has made a name for herself.

Those who see "The Brazen Beauty" tonight will not be disappointed for the pep which has been shown in the other plays will be apparent there.

E. H. Mortimer, secretary of the Board of Trade, went south to Victoria by the Princess Mary which called here yesterday afternoon en route from Alaskan points.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims. Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant. Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead; title to be obtained after fulfilling residential and improvement conditions. For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

WATER NOTICE

DIVERSION AND USE.
TAKE NOTICE that Thos. J. Kirkpatrick, whose address is Terrace, B.C., will apply for a licence to take and use 1 cubic foot per second of water out of Thornhill Creek which flows north and drains into Skeena River about 100 feet west of Ferry Landing.

The water will be diverted from the stream at a point about 1500 feet south-east of the Skeena River, and will be used for power purposes upon the land described as Lot 839, Range 6, Coast District.

This notice was posted on the ground on the 9th day of January, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

THOS. J. KIRKPATRICK, Applicant.

The date of the first publication of this notice is January 28, 1919.

MANY WATCH ALICE ARM DEVELOPMENT

Working of Dolly Varden Railway Would Mean Opportunity For Eight Mines To Ship.

Miners and prospectors who are interested in the country around Alice Arm and the Kitsault River are looking forward to hearing favorable news from Victoria in regard to the settlement of the Dolly Varden Railway mixup and the renewal of the charter for the line. These men nearly all make Prince Rupert their headquarters and base of supplies and naturally this city is interested.

According to those who have prospects and mines in the district there should be no less than eight shipping mines this summer along the eighteen miles of the Dolly Varden Railway. This, in addition to the working of the Dolly Varden, will cause great activity in the district.

Prospectors are asking that the Government shall construct a trail which later may be converted into a wagon road from the head of the Dolly Varden railway to the head of the Kitsault river.

This would be about six miles long and would serve a number of valuable mining properties which promise to develop into mines. Most of the ores contain large percentages of silver, a metal which is now selling at a high price.

There is no doubt but that the Alice Arm country will prove very rich and in the near future it is expected that the district will be a hive of industry.

News of the Mines

There are but three mines on the Queen Charlotte Islands that are being worked just now. They are the Producer's Mine, just outside Jedway Harbor where a small concentrator has been installed. At present a crosscut is being driven from the beach and very soon it is expected this will be a shipping mine.

Work is still going on at the Southeaster mine under the management of A. S. Holmes and it is understood that diamond drilling may be undertaken there soon.

The Ikeda mine has been shipping regularly and will continue, according to the latest accounts.

At Surf Inlet the output of gold for the year 1918 amounted to over \$1,000,000. This mine is situated on Princess Royal Island. It has a 300-ton concentrator at work and the concentrates are treated at the Tacoma Smelter. The flotation process is used in reducing the ore.

REV. FATHER M'GRATH PREACHES ON MARRIAGE

At the Catholic Church last evening Rev. Father McGrath gave an interesting sermon on the subject of marriage. He dwelt on the importance of home life and of the manner in which God had sanctioned it. With this purpose he had raised matrimony to the position of a sacrament by which mankind secured to itself some of the benefits to be obtained from the life and death of the Saviour.

It was fitting, Father McGrath said, that the function of life should be so blessed, as it was the most important thing in the world. God had blessed the matrimonial state and it was fitting that right at the beginning of life God should have set one of his blessed sacraments.

The series of sermons on the subject, especially dealing with the sacrament of holy matrimony, will be continued next Sunday evening.

Oh say! The News Print Shop does its work about as cheap as most shops and quite as well, gives you the work on time whenever possible and hands it out with a pleasant "Thank you." What do you say to giving them trial on your next job?

War to Peace**Training the Invalided Soldier**

WHEN the first Canadian casualties were announced every heart in Canada thrilled with the thought—"What will the country do to help these men overcome the handicaps they have suffered?"

Since that day Canada has been quietly developing a wonderful organization to help restore the strength and earning capacity of her invalided soldiers.

This work is in the charge of the Department of Soldiers' Civil Re-Establishment. It is divided into three classes.

Ward Occupations.

Soldiers who, on account of their injuries, are confined to wards or to their beds in hospitals are taught handicraft work of various kinds. This work is not meant to train a man in work by which he could earn a living. It is encouraged rather because it diverts the soldier's mind from his disability, and gives him light exercise. In this way it assists wonderfully in the soldier's recovery.

Occupational Therapy.

This work is conducted in hospitals. It is intended mainly to help in the cure of the patient. But it often serves as the ground-work for a course in Industrial Re-training. The following gives some idea of the breadth and scope of the subjects taught in these classes:—Mechanical drawing, woodworking, boot and shoe repairing, machine shop practice, gardening, poultry raising, civil service instruction, book-keeping, stenography, telegraphy.

Industrial Re-Training.

When a man is so injured by war service that he cannot follow the occupation or trade that he worked at before

enlisting, the Department trains him for a new occupation.

For this work, use is made of Technical Schools and Universities at fourteen centres throughout the Dominion. Here primary training is given by specially planned courses. This helps a man begin his actual re-training work intelligently.

Most of the re-training is given in actual factories and shops. Hundreds of large and small concerns have co-operated whole-heartedly in this work—placing at the disposal of the Department, without charge, their equipment and the services of many of their staffs.

Ninety-five per cent of those who have been granted "Industrial Re-training" courses by the Department have been successful in becoming self-supporting in a new trade or occupation.

These benefits are given by the Department to ex-members of the Canadian, British and Allied forces living in Canada, who come within the classes for which these benefits are provided.

During the period a man is being "Re-trained" he and his dependents are granted adequate pay and allowances.

To any one interested in the work of this Department information will be gladly given on application to—

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

BOOTLEGGING IS A FINE ART

Many Clever Tricks Used by Illicit Dealers to Smuggle Liquor Into State.

Spokane, Wash., Jan. 31.—When Montana went "dry" at midnight, December 30, last, by popular vote, the "bootlegger," as the dealer in contraband liquor is popularly called, realized that his day was going, if it had not already gone. Since 1915, when Washington became a prohibition State, the business of bootlegging has been a thriving one and one fraught with little risk to the clever doger of the law.

Officers of the law tell many stories of the ingenuity used in bringing contraband into this state. Baby coffins often served the purpose, the muff and fur-bellows of an actress often concealed a bottle of whiskey or wine; imitation bibles fooled the officers more than once, false bottoms in trunks and traveling cases frequently held bottles. And more than one shipment of rags and junkmen's stuff covered up pints and quarts of the most profitable liquor.

Clever Ruse.

One illicit dealer had a scheme all his own. He telegraphed to the Spokane officers from a town in Western Montana that a shipment of liquor, concealed in a carload of wood, would reach Spokane on a certain freight train. He gave the number of the car. Sure enough the train arrived. A perspiring crew of upholders and enforcers of the law toiled industrially and unloaded every stick of wood, but there was no liquor. It developed later that there was another carload of wood in that train and that it had been unloaded by a stranger who left the wood but carried off the contraband. The wily bootlegger had sent the telegram to keep the officers busy while he unloaded his stuff.

Illicit Dealers.

Anonymous information helps the officers, but often it is given in an effort to mislead. Other informants fail to aid the officers. Quarrels of jealousy between bootleggers often result in the arrest of some.

The illicit dealers use automobiles with double tanks with false bottoms, built expressly for transporting the liquor, said a well known and active member of the city detective force. "Once I opened the top of a piano," he said, "and found ten quarts of the 'best.' They will cache it between walls, over ceilings and under floors or dig a hole in the cellar and bury it. Many a furnished house has been rented just as a cover for storing liquor."

Waterbag.

As the amusing incidents, the detective says, "There's the fellow who went around with a water bag—dishing it out for 50 cents a drink.

"Until recently a well known character of Spokane served his regular customers in his automobile, between five and seven o'clock in the morning. His receptacle was made to look like a bible and it held two quarts."

Mysterious Clinking.

The detective tells one on himself. He observed a woman leaving the lunch room of a certain

REG'LAR FELLARS

railroad station and a mysterious clinking sound accompanying her footsteps, caught his ear.

"This sounded like the real thing," bused the officer.

When the "lady" was brought to the police station to be searched, a bottle of catsup was found in one stocking and Worcestershire sauce in the other; souvenirs of her recent lunch.

Spirella Corsetiere. Black 257.

The latest word on the Chelohsin from the south was 4 p.m.

Jarvis McLeod went to Vancouver by the Princess Mary on Saturday.

Jack Dindsay received a carload of milch cows from Edmonton this morning.

Miss Rorvik, sister of Capt. P. Rorvik, went on this morning's train to Smithers.

A scow load of pulp arrived here on Saturday from Swanson Bay, and is being shipped east.

Just arrived by the Princess Ena, 800 tons of New Wellington coal—Albert & McCaffery, phone 116.

Young man or smart boy wanted to learn the clothing and men's furnishing business. Apply to Martin O'Reilly. 11

At the police court this morning J. Burke was charged with having liquor in his possession, but the case was adjourned till tomorrow.

Mr. and Mrs. P. R. Backus arrived home yesterday from Cedarvale. They found the Daily News in much demand in that place.

The train from the east last night was a few minutes late in arriving, the delay being caused by a boulder on the track at Quinitsa.

A wire was received by G. Logan this morning stating that the Dominion Charter of the North British Columbia branch of the Army and Navy Veterans in Canada was granted. The headquarters for this branch will be in Prince Rupert. The present membership totals sixty.

Alex. Manson, M.P.P., went south Saturday to attend the session of the legislature. He will be there in time for the first business session, the opening being simply a formality. He remained here until late in the hope that the shipbuilding party might have been through in time to allow him to meet them before leaving for his legislative duties.

VETERANS APPRECIATE THE GIFT OF LAND

The following relating to the donation of a building site to the Great War Veterans is from a recent issue of the Veteran's Weekly:

"As we predicted before, the issue was safe enough with the people of Prince Rupert. We remember the occasion when the first company left, under Lt. Col. C. W. Peck, V. C., D. S. O., M. P. A hurried canvas was made of the city and over \$2,000 was subscribed for these boys. The night before their departure, a mass meeting was held in the exhibition building and each man was handed an envelope with \$11.44 in cash in it. Later on a wrist watch was given to each man, another example of the city's feeling toward her representatives in khaki. From time to time parcels of socks and other knitted goods were 'dished out' to us, knitted by the ladies of the northern metropolis, and now, with the grant of a site of generous proportions, we claim that Prince Rupert is one of the leading cities of Canada in the kindly way she has treated her fighting sons. Truly, one is proud to be able to point out this example to all other cities in the Province, nay, in the Dominion.

Young man or smart boy wanted to learn the clothing and men's furnishing business. Apply to Martin O'Reilly. 11

VOCATIONAL TRAINING FOR DOMINION ABOUT TO BE LAUNCHED SOON

(Special via G.T.P. Telegraphs.)

Ottawa, Feb. 3.—A big scheme of vocational training for the whole Dominion, involving Federal assistance to the provinces totalling \$25,000,000 to be expended during the next ten years, is being worked out by the Government and will probably be enacted into legislation during the coming session.

The plan is modelling somewhat along the lines of the recommendations made by the Technical Education Commission appointed in 1910 under the Laurier Government, but so far left in abeyance.

POLICE FIRED AND COMMISSIONERS JOIN WITH RAIDING SQUAD

Clean Up of Prince George Follows Election and Suspension of Chief.

A complete clean-up in the city police department, including the suspension from duty of Chief of Police Dolan, was decided on by the new board of police commissioners at their meeting Friday night, says the Prince George Citizen. Conditions regarding the existence of alleged gambling dives and Chinese premises were discussed and at the close of the meeting a raiding squad, headed by Commissioner Fisher and Louis Vibbard, who had been temporarily appointed chief, visited the Chow Lee establishment where a search revealed complete opium smoking paraphernalia and a seemingly well equipped "hop joint." The equipment was promptly confiscated and the owner and occupants of the place arrested.

Before Magistrate Daniell on Saturday Chow Lee pleaded guilty to conducting a disorderly house and was fined \$100 and costs. Chow Kim and Yum Lee, frequenters, contributed \$20 and costs each.

Gamblers Discovered.

While one of the police squad was endeavoring to capture a fugitive Chin who had escaped from the Chow Lee joint, he was ed into a neighboring shack where a full-sized "game of draw" in which several white men were participating, was discovered. The constable immediately put the entire party under arrest. In the police court the keeper was fined \$100 and costs and the players various sums aggregating another hundred dollars.

Commendation.

The new commissioners are meeting with cordial commendation for the firm stand they have taken in curbing the lawless conditions that were rapidly growing in Prince George. Heretofore the excuse has prevailed that while the authorities were cognizant of such disregard of the laws it was impossible to secure a conviction.

It's rubbing soap on Blankets that shrinks and stiffens them

—And using ordinary soap to wash them

That was the old way of washing, and it was ruinous for woollens.

Wool fibre consists of tiny overlapping scales like the scales of a fish. When you rub or twist woollens, when you use ordinary soaps containing alkali or other strong cleansing agents, these tiny scales shrink and interlock, and your woollens become stiff, matted and shrunken.

With Lux there's no rubbing. Only sousing in the rich, pure lather, and gently pressing the suds through the soiled parts. Lux comes in delicate flakes, which dissolve instantly in hot water and whisk up into a wonderful lather. Lux is so pure, that it won't shrink even the delicate wool fibres.

Wash your blankets this year the Lux way! Have them like new again. Your grocer or department store has Lux.

Atlin Assessment District

NOTICE IS HEREBY GIVEN, in accordance with the Statutes that all assessed taxes, and Income Tax, assessed and levied under the "TAXATION ACT" and amendments thereto, are now due and payable for the year 1919.

All taxes collectable for the Atlin Assessment District are due and payable at my office, situated in the Provincial Government Building in the Town of Atlin.

This notice, in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

J. A. FRASER,
Assessor and Collector, Atlin Assessment District, Atlin, B. C.

Dated at Atlin, B. C., January 2nd, 1919.

NEW SUPERINTENDENT OF G.T.P. TELEGRAPHS

W. C. Porter of Calgary arrived in the city last night to take charge of the local telegraph office in place of Mr. Allen who is going to the Calgary office.

Mr. Porter comes with splendid recommendations. He has had a wide experience in telegraph work and will be welcomed here.

Mr. Allen will not be leaving for a week or more. He has been here since the summer and during that time has made many friends and has become very popular in his circle.

PRINCE GEORGE

Corporal Stewart who left for the front early in the war returned a few days ago and was welcomed by his wife and children and a large circle of friends.

Mrs. Bayne has written from England to Thomas Rush of this town informing the death of Pte. Payne formerly of Prince George.

Charles E. McElroy of Calgary, formerly manager of the Fort George Trading and Lumber Co., is visiting the city.

Mrs. Thos. Sommerville and her sister, Miss Margaret Dale, have gone on a visit to their old home in Quebec.

Mr. and Mrs. George Abbott entertained about thirty of their friends at cards and dancing a few days ago.

Make those 'Trench Pipe-Dreams' The Most Wonderful Realities - - - - -

Reading your letter aloud, and making his companions "go green with envy," was Jack's "little side show" in the trenches. With imagination working "overtime," he read aloud about those fluffy pastries you told you were making—but really couldn't with war-time flour.

But you can now "make good" with "that man of yours." **WILD ROSE PASTRY FLOUR** will make fluffier, crispier pastries than you ever dreamed of. It will save you at least 25 per cent. in shortening, yielding results impossible with bread flour. Get ready now for his home-coming. Try a 10-lb. sack for a start.

Food Licence No. 139; 12-195.
